PROPOSAL 1: ELECTION OF DIRECTORS

GENERAL

The Certificate of Incorporation of the Company provides that the

Edgar Filing: CELSION CORP - Form DEF 14A

number of Directors that constitutes the whole Board of Directors is to be fixed by, or in the manner provided in, the Company's Bylaws. The Certificate of Incorporation also provides that the Board of Directors is to be divided into three classes, designated as Class I, Class II and Class III. The Bylaws of the Company provide that the Board of Directors is to consist of between three and nine Directors, with the exact number to be fixed by action of the Board. The Board has fixed the current number of directors at six.

Dr. Gary W. Pace was appointed by the Board of Directors to fill the remainder of the term of Dr. LaSalle Leffall, the Class II Director who resigned in September 2002. Dr. Pace's term expires in 2003 and he has been nominated to stand for election to a full three-year term at the Meeting. The terms of the Class I Directors (Mr. John Mon and Dr. Claude Tihon) and the Class III Directors (Drs. Augustine Y. Cheung, Max E. Link and Kris Venkat) will expire with the election and qualification of Directors at the annual meetings of stockholders in 2005 and 2004, respectively. At each annual meeting of stockholders, the Directors elected to succeed those whose terms are expiring succeed to the same class as the Directors they replace and such new Directors are elected for a term to expire at the third annual meeting of stockholders after their election and when their successors are duly elected and qualified. A Director of any class who is elected to fill a vacancy resulting from an increase in the number of Directors would hold office for the remaining term of the class to which he or she is elected and a Director who is elected to fill a vacancy arising in any other manner would hold office for the remaining term of his or her predecessor.

The Board of Directors has nominated Dr. Gary W. Pace to stand for election to the Board of Directors as the Class II Director, with a term expiring at the 2006 annual meeting of stockholders. The proxies named in the Proxy provided with this Proxy Statement intend to vote for the election of Dr. Pace unless otherwise instructed. If a stockholder does not wish his or her shares to be voted for Dr. Pace, the stockholder must identify the exception in the appropriate space provided on the Proxy, in which event the shares will not be voted for him. In the event that Dr. Pace becomes unavailable, which is not expected, the designated proxies will vote in their discretion for a substitute nominee, or the Board may reduce the number of Directors.

RECOMMENDATION

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE NOMINEE LISTED ABOVE.

AGGREGATED OPTION EXERCISES AND YEAR-END OPTION VALUES IN FISCAL YEAR 2002

The following table summarizes, for each of the Named Executive Officers, the number of stock options held at September 30, 2002 and the aggregate dollar value of in-the-money unexercised options. The value of unexercised, in-the-money options at September 30, 2002 is the difference between (a) the exercise price and (b) the fair market value of the underlying stock on September 30, 2002, which was \$0.40 per share, based on the closing price of the Company's common stock on that date. The options described have not been and may never be exercised, and actual gains, if any, on exercise would depend on the value of the common stock on the actual date of exercise.

TEN-YEAR OPTION/SAR REPRICINGS

On March 25, 2002, in order to provide meaningful continuing stock-based incentives for members of management, and in recognition of the decline in the market price of the Company's common stock, the Compensation Committee of the Board of Directors approved the cancellation of options to purchase a total of 3,250,000 shares of common stock held by the Named Executive Officers and the issuance of new options to purchase a total of 2,850,000 shares. The cancellation of options and issuance of new options to the Named Executive Officers was part of a larger repricing plan. Overall, the Company cancelled options to purchase a total of 3,625,000 shares of common stock held by the Named Executive Officers and other members of management and issued new options to purchase a total of 3,150,000 shares, resulting in a net decrease of options to purchase a total of 475,000 shares. The cancelled options had been issued to members of management pursuant to their respective employment contracts at exercise prices in excess of the current market price of the Company's Common Stock. These options consisted of options vested at the time of cancellation, as well as options with vesting dates through April 2003, and with expiration dates through April 2011. The new options consist of currently vested compensatory options, bonus options, one-third of which are currently vested and the remainder of which vest on March 31, 2003 and 2004, and performance-based awards that vest, if at all, upon achievement, by the Company, of certain specified milestones, all of which expire in May 2012. All of the new options were issued pursuant to the Company's 2001 Stock Option Plan, at exercise prices at or in excess of the market price for the Common Stock on the date of grant. The Company accounted for the repriced options using variable accounting under FASB Interpretation No. 44, Accounting for Certain Transactions Involving Stock

Edgar Filing: CELSION CORP - Form DEF 14A

Compensation--An Interpretation of APB Opinion No. 25. Consequently, during each reporting period the Company will record compensation expense relating to the vested portion of the repriced options to the extent that the fair market value of the Company's Common Stock exceeds the exercise price of such options.

The following table sets forth the option cancellations and awards for the Company's executive officers:

Name	Date	Number of Securities Underlying Options/SARs Repriced or Amended (#)	Market Price of Stock at Time of Repricing or Amendment (\$)	Exercise Price at Time of Repricing (\$)	New Exercise Price (\$)	Length of Original Option Remaining Date of Repricing Amendment (years)

EXECUTIVE EMPLOYMENT AGREEMENTS

The Company is party to employment agreements with four of its senior executive officers. Certain material terms of each agreement are described in the sections under the executives' respective names. In addition, all of the employment agreements contain certain common provisions. First, they provide for a severance payment of 2.99 times the executive's base salary in the event that there is a "change of control" of the Company and (i) the executive's employment is terminated without cause or (ii) there is a material adverse change, without the executive's consent, in his working conditions or status and he terminates his employment by notice to the Company. Second, they provide that the executive's base salary will increase on an annual basis based on the greatest of 105% of the base salary for the prior year, the annual Consumer Price Index (CPI) Adjustment or the sum offered by the Company's Board of Directors after taking into account corporate and individual performance, the Company's prospects and general business conditions. Third, they provide that all unvested options under the agreements vest and become immediately exercisable upon the occurrence of a "change of control" of the Company. A "change of control" is defined as a merger, asset sale, tender offer or other substantial change in voting control, or the election of a new majority of the Board of Directors or of three or more Directors whose election is opposed by a majority of the Board. Fourth, they provide that, upon death, disability or termination of employment of the executive, such executive and/or his heirs and legal representatives have the option to exercise all stock options vested at the time of death, disability or termination of employment, for a one-year period thereafter, or until the expiration of the stated term of such option, whichever period is shorter. Any stock option not exercisable upon death or disability or the effective date of termination of employment would be forfeited. Finally, the agreements provide for CPI adjustments, restrictive covenants and confidentiality and other protections of the type generally included in employment agreements for members of senior management.

AUGUSTINE Y. CHEUNG

Under its agreement with the placement agent that conducted the Company's private placement consummated on January 31, 2000, Celsion was required to enter into a three-year employment agreement with Augustine Y. Cheung, the Company's President, Chief Executive Officer and Chief Scientific

Edgar Filing: CELSION CORP - Form DEF 14A

Officer, in order to encourage continuity of management.

The executive employment agreement between the Company and Dr. Cheung, effective January 1, 2000, provides for an annual salary of \$240,000 per year, renewable annually. In addition, the agreement granted Dr. Cheung a bonus option (not subject to performance conditions) to purchase up to 300,000 shares of common stock, at an exercise price of \$1.20, which is equal to the average closing price of the Company's common stock during the Company's fiscal quarter ended December 31, 1999. These options became fully vested on October 1, 2002.

Dr. Cheung's employment agreement also granted him performance-based options to purchase up to a maximum of 700,000 shares of common stock, at exercise prices ranging from \$0.80 to \$1.60 per share, upon achievement of five specified corporate milestones, and subject to restrictions comparable to those imposed on annual bonus compensation shares. Those performance objectives included obtaining final FDA approval for Company products, consummating alliances with strategic marketing and distribution partners, and attaining annual pre-tax earnings of at least \$1,000,000 for the Company.

In May 2002, the Company and Dr. Cheung amended his employment agreement and, as part of that amendment, agreed to cancel all the options to purchase common stock originally granted to him pursuant to the employment agreement. In exchange, the Company granted Dr. Cheung (1) a bonus option to purchase 800,000 shares of common stock at an exercise price of \$0.64 per share, which vests at intervals until March 31, 2004, and (2) a performance-based option to purchase 50,000 shares of common stock at an exercise price of \$0.76 per share, exercisable only if certain corporate milestones are reached during his employment.

ANTHONY P. DEASEY

In November 2000, Celsion entered into a three-year employment agreement with Anthony P. Deasey, currently the Executive Vice President - Finance and Chief Financial Officer of the Company. Mr. Deasey's agreement provides for an annual salary of \$200,000. The agreement also provided for performance-based incentive options to purchase up to 400,000 shares of common stock, exercisable only if certain corporate milestones are reached during his employment, at exercise prices ranging from \$1.4375 to \$2.0125. In addition, the agreement granted Mr. Deasey a bonus option (not subject to performance conditions) for the purchase of 500,000 shares of common stock at a purchase price of \$1.4375 per share, which vested at intervals until November 27, 2002.

12

In May 2002, the Company and Mr. Deasey amended his employment agreement and, as part of that amendment, agreed to cancel all the options to purchase common stock originally granted to him pursuant to the employment agreement. In exchange, the Company granted Mr. Deasey (1) a bonus option to purchase 665,000 shares of common stock at an exercise price of \$0.64 per share, which vests at intervals until March 31, 2004, and (2) a performance-based option to purchase 135,000 shares of common stock at an exercise price of \$0.76 per share, exercisable only if certain corporate milestones are reached during his employment.

JOHN MON

In June 2000, Celsion entered into a three-year employment agreement with John Mon, a Director and Vice President - New Business Development, Secretary, Treasurer and General Manager of the Company. Mr. Mon's agreement

Edgar Filing: CELSION CORP - Form DEF 14A

provides for an annual salary of \$100,000, renewable annually. Mr. Mon's agreement also provided for performance-based incentive options to purchase up to 250,000 shares of common stock, exercisable only if certain corporate milestones are reached during his employment, on terms similar to those governing the incentive options provided to Dr. Cheung. In addition, the agreement granted Mr. Mon a bonus option (not subject to performance conditions) for the purchase of 50,000 shares of common stock at a price of \$2.75 per share.

In May 2002, the Company and Mr. Mon amended his employment agreement and, as part of that amendment, agreed to cancel all the options to purchase common stock originally granted to him pursuant to the employment agreement. In exchange, the Company granted Mr. Mon (1) a bonus option to purchase 185,000 shares of common stock at an exercise price of \$0.64 per share, which vests at intervals until March 31, 2004, and (2) a performance-based option to purchase 65,000 shares of common stock at an exercise price of \$0.76 per share, exercisable only if certain corporate milestones are reached during his employment.

DANIEL S. REALE

In April 2001, Celsion entered into a three-year employment agreement with Daniel S. Reale, currently Executive Vice President and President - BPH Division. Mr. Reale's agreement provides for an annual salary of \$200,000. The agreement also provided for performance-based incentive options to purchase up to 400,000 shares of common stock, exercisable only if certain corporate milestones were reached during his employment, at exercise prices ranging from \$1.12 to \$1.52. In addition, the agreement granted Mr. Reale a bonus option (not subject to performance conditions) for the purchase of 500,000 shares of common stock at a purchase price of \$1.03 per share, subject to vesting at intervals until April 9, 2003.

In May 2002, the Company and Mr. Reale amended his employment agreement and, as part of that amendment, agreed to cancel all the options to purchase common stock originally granted to him pursuant to the employment agreement. In exchange, the Company granted Mr. Reale (1) a bonus option to purchase 665,000 shares of common stock at an exercise price of \$0.64 per share, which vests at intervals until March 31, 2004, and (2) a performance-based option to purchase 135,000 shares of common stock at an exercise price of \$0.76 per share, exercisable only if certain corporate milestones are reached during his employment.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The following Report of the Compensation Committee does not constitute soliciting material and should not be deemed to be filed or incorporated by reference into any other Company filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates this Report or the performance graph by reference therein.

The Compensation Committee is responsible for establishing and administering the compensation policies applicable to the Company's officers and key personnel, for recommending compensation arrangements to the Board of Directors and for evaluating the performance of senior management.

The Compensation Committee and the Board have adopted the following executive compensation approaches:

Edgar Filing: CELSION CORP - Form DEF 14A

EXECUTIVE COMPENSATION PHILOSOPHY

The Company attempts to design executive compensation to achieve two principal objectives. First, the program is intended to be fully competitive so that the Company may attract, motivate and retain talented executives. Second, the program is intended to create an alignment of interests between the Company's executives and stockholders such that a significant portion of each executive's compensation varies with business performance.

The Committee's philosophy is to pay competitive annual salaries, coupled with an incentive system which, through stock compensation, provides more than competitive total compensation for superior performance reflected in increases in the Company's stock price. Based on assessments by the Board and the Committee, the Committee believes that the Company's compensation program for its senior executive officers has the following characteristics that serve to align executive interests with long-term stockholder interests:

- Emphasizes "at risk" pay such as options and grants of restricted stock;
- Emphasizes long-term compensation through options and restricted stock awards; and
- Rewards financial results and promotion of Company objectives rather than individual performance against individual objectives.

ANNUAL SALARIES

Salary ranges and increases for executives are established annually based on competitive data. Within those ranges, individual salaries vary based upon the individual's work experience, performance, level of responsibility, impact on the business, tenure and potential for advancement within the organization. Annual salaries for newly hired executives will be determined at the time of hire, taking into account the above factors other than tenure.

LONG-TERM INCENTIVES

The grant of restricted stock or options to key employees encourages equity ownership and closely aligns management interests with the interests of stockholders. The amount and nature of any option or restricted stock award is determined by the Committee on a case by case basis, depending upon the individual's perceived future benefit to the Company and the perceived need to provide additional incentive to align performance with the objectives of the stockholders.

Claude Tihon
Kris Venkat

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Until the resignation of Spencer J. Volk as a Director of the Company on October 4, 2001, Mr. Volk, together with Dr. Max E. Link and Dr. Claude Tihon constituted the Compensation Committee. Mr. Volk has been replaced as a member of the Compensation Committee by Dr. Kris Venkat.

Edgar Filing: CELSION CORP - Form DEF 14A

No interlocking relationships exist between the members of the Compensation Committee or the Board of Directors and the members of any other company's board of directors or compensation committee. Prior to his resignation on October 4, 2001, Mr. Volk, who had served as President and Chief Executive Officer, was party to an employment agreement with the Company. Mr. Volk previously had made loans and advances to the Company, which were repaid through conversion into common stock. New employment agreements with Dr. Cheung and Mr. Volk, entered into in January 2000 and amended in March 2001 and, in the case of Dr. Cheung, May 2002, were reviewed by the Compensation Committee and approved by the full Board, with neither Dr. Cheung nor Mr. Volk participating in the deliberations concerning his agreement. The Compensation Committee believes that the compensation arrangements for Dr. Cheung serve and, while in effect the compensation arrangements with Mr. Volk served, to align their respective interests with those of the stockholders.

14

CERTAIN TRANSACTIONS

In August 2001, the Company entered into an Advisory Agreement with Dr. Kris Venkat, one of its Directors, pursuant to which Dr. Venkat is to provide at least 60 days of consulting services per year to the Company for an initial term of two years. Such consulting services are in addition to Dr. Venkat's services as a Director and include providing (i) strategic business and tactical advice to the Company regarding its development, management and personnel, (ii) assistance with the Company's heat-activated liposome business, (iii) assistance with developing a financial strategy and securing additional capital and/or financing, and (iv) identifying potential investors that meet the Company's objectives.

As compensation for his consulting services, the Company is obligated to pay Dr. Venkat a fee of \$60,000 per year during the term of the agreement. Upon prior approval by the Company, he will be paid an additional \$1,000 per day for any time expended beyond 60 days. In addition to the fees, the agreement provides for performance-based incentive options to purchase up to 400,000 shares of common stock, exercisable only if certain corporate milestones are reached during the term of Dr. Venkat's consulting arrangement with the Company. The exercise price of such options ranges from \$0.85 to \$1.36 per share. The agreement also grants Dr. Venkat an option, not subject to performance conditions, for the purchase of 300,000 shares of common stock at a price of \$0.68 per share, which became fully vested on August 1, 2002.

All of Dr Venkat's unvested options (other than the performance-based options) would immediately vest and become exercisable if the Company terminates the agreement for any reason other than his breach of the agreement or his substantial failure to perform his duties under the agreement due to disability or his death. All of his unvested options (including the performance-based options) would also immediately vest upon a change of control of the Company. For purposes of Dr. Venkat's agreement, a change of control is defined as the change in beneficial ownership of 25% or more of the outstanding common stock of the Company, the change in a majority of the members of the Board, with none of the new members being approved by at least 75% of the members of the Board as of August 2000, the sale of substantially all of the assets of the Company, a transfer of all or substantially all of the Company's liposome business to a person that is not a subsidiary of the Company, or the Company's entry into a joint venture with regard to the liposome business in which the Company does not retain voting control.

PERFORMANCE GRAPH

The information provided in the performance graph below does not constitute soliciting material and should not be deemed to be filed or incorporated by reference into any other Company filing under the Securities Act of 1933, as amended or the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates such information by reference therein.

The rules and regulations of the Securities and Exchange Commission require inclusion in this Proxy Statement of a line graph comparing the cumulative total stockholder return on the Company's common stock with the cumulative total return of (1) a broad equity market index that includes companies whose equity securities are traded on the same exchange as the Company's stock and (2) a published industry or line-of-business index.

Since May 31, 2000, the Company's common stock has been listed on the American Stock Exchange (the "Amex"). Prior to that time it had traded on the Electronic Bulletin Board operated by The Nasdaq Stock Market, Inc. In light of this change, the performance graph compares the cumulative stockholder return on the Company's common stock, assuming an investment of \$100 on September 30, 1997 and reinvestment of any dividends or other distributions, to cumulative returns, on a comparable basis, for the Amex Major Market Index and the Amex Healthcare Index.

The Board of Directors recognizes that the market price of shares is influenced by many factors, only one of which is Company performance. The stock performance shown on the graph is not necessarily indicative of future price performance.

PROPOSAL 2: RATIFICATION OF INDEPENDENT PUBLIC ACCOUNTANTS

The Audit Committee has appointed, and the Board of Directors has ratified the appointment of, Stegman & Company ("Stegman") as the independent public accountants of the Company to audit its financial statements for the

Edgar Filing: CELSION CORP - Form DEF 14A

fiscal year ending September 30, 2003, and requests stockholder ratification of such selection. Stegman served as the Company's independent accountants for the 2002 fiscal year, and has advised the Company that neither Stegman nor any of its members has, or has had in the past three years, any financial interest in the Company or any relation to the Company other than as auditors and accountants.

Stockholder ratification of the selection of Stegman as the Company's independent public accountants is not mandated by the Company's Bylaws or other applicable legal requirements. However, the Board is submitting the selection of Stegman to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection of Stegman, the Audit Committee and the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee and the Board, in their discretion, may direct the appointment of a different independent accounting firm at any time during the year upon a determination that such a change would be in the best interests of the Company and its stockholders.

AUDIT FEES

The aggregate fees billed for professional services rendered by Stegman for the audit of the Company's annual financial statements and for reviews of the quarterly financial statements included in the Company's Forms 10-Q during the Company's fiscal year ended September 30, 2002 were \$38,750.

16

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES

There were no fees billed to the Company for financial information systems design and implementation services by Stegman for the Company's fiscal year ended September 30, 2002 because no such services were rendered by Stegman for the Company.

ALL OTHER FEES

The aggregate fees billed by Stegman for services to the Company, other than the audit and review services described above for the Company's fiscal year ended September 30, 2002, were \$6,075, which includes the preparation of the Company's federal and state tax returns.

AUDIT COMMITTEE DETERMINATION

Because the services other than audit services rendered by Stegman were not material in nature or amount of fees, the Audit Committee believes that the provision of these services is compatible with maintenance of Stegman's independence from the Company.

SERVICES BY EMPLOYEES OF STEGMAN & COMPANY

No part of Stegman's engagement to audit the Company's financial statements for the fiscal year ended September 30, 2002 was attributable to work performed by persons other than Stegman's full-time permanent employees.

Representatives of Stegman are expected to be present at the Meeting, will be given the opportunity to make a statement if they so desire and are

Edgar Filing: CELSION CORP - Form DEF 14A

expected to be available to respond to appropriate questions.

RECOMMENDATION

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE PROPOSAL TO RATIFY THE SELECTION OF STEGMAN & COMPANY AS INDEPENDENT PUBLIC ACCOUNTANTS OF THE COMPANY FOR THE FISCAL YEAR ENDING SEPTEMBER 30, 2003.

STOCKHOLDER PROPOSALS FOR THE 2003 ANNUAL MEETING

Stockholders may submit proposals appropriate for stockholder action at the Company's annual meeting to be held in 2004, consistent with the regulations of the Securities and Exchange Commission and the Company's Bylaws. For proposals to be considered for inclusion in the Proxy Statement for the 2004 annual meeting, stockholder proposals must be received by the Company no later than September 13, 2003. Such proposals should be directed to Celsion Corporation, 10220-I Old Columbia Road, Columbia, Maryland, 21046-1705, Attention: Mr. John Mon, Secretary.

OTHER BUSINESS

The Directors of the Company are not aware of any business to be acted upon at the Meeting, other than described herein. It is not anticipated that other matters will be brought before the Meeting. If, however, other matters are duly brought before the Meeting, or any adjournments or postponements thereof, the persons appointed as proxies will have discretion to vote or act thereon according to their best judgment.

CHARTER
OF THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS
OF
CELSION CORPORATION

The Board of Directors (the "Board") of Celsion Corporation (the "Corporation") has determined that the Audit Committee of the Board shall assist the Board in fulfilling certain of the Board's oversight responsibilities. The Board hereby adopts this charter to establish the governing principles of the Audit Committee.

I. ROLE OF THE AUDIT COMMITTEE

The role of the Audit Committee is to act on behalf of the Board in fulfilling the following responsibilities of the Board:

- A. To oversee all material aspects of the Corporation's reporting, control and audit functions, except those that are specifically related to the responsibilities of another committee of the Board;
- B. To monitor the independence and performance of the Corporation's independent accountants; and
- C. To provide a means for open communication among the Corporation's independent accountants, financial and senior management, the internal audit department and the Board.

II. COMPOSITION OF THE AUDIT COMMITTEE

- A. The Board shall designate the members of the Audit Committee at the Board's annual organizational meeting and the members shall serve until the next such meeting or until their successors are designated by the Board.
- B. The Audit Committee shall consist of at least three members but no more than six members who are free of any relationship that, in the opinion of the Board, would interfere with their exercise of independent judgment as committee members. Committee members shall have basic understanding of finance and accounting and shall be able to read and understand financial statements. One member of the Committee shall have accounting or related financial management experience.
