respective exercise prices, multiplied by the number of shares underlying the respective options. An option is "in-the-money" if the market value of the common stock underlying the option exceeds the option's exercise price.

Compensation of Directors

Non-employee directors are currently paid \$6,000 per year and \$1,000 per Board or committee meeting attended, and are reimbursed for their expenses in attending such meetings. Directors who are

also employees of P.A.M. are not additionally compensated for their services as members of the Board of Directors.

Pursuant to automatic grant provisions under our Non-Qualified Stock Option Plan, on March 2 of each year, each non-employee director is granted an option to purchase 2,000 shares of our common stock at an exercise price equal to the fair market value of our stock on the date of grant. During 2001, options were granted to our four non-employee directors, covering an aggregate of 8,000 shares of common stock at a per share exercise price of \$20.79.

The number of shares of our common stock beneficially owned by a person includes shares of common stock issuable with respect to presently exercisable options held by the person. The percentage of our common stock beneficially owned by a person has been calculated assuming that the person has exercised all presently exercisable options the person holds and that no other persons exercised any options.
