ITEM 2. MANAGEMENT S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

General

The Company was founded in September 1998 as a limited liability company and reorganized into a Georgia corporation in February 1999. The Company is not an insurance provider, but is a provider of an innovative membership organization that receives discounts on cash purchases of healthcare-related products and services from networks of providers. Alliance offers its programs to consumers who are underinsured, uninsured and to individuals who participate in employer sponsored health plans that provide primary health insurance, but do not provide insurance coverage for certain other healthcare-related services and products. The Company began sales of its membership cards in November 1999.

Results of Operations

Three Months Ended December 31, 2002 Compared to Three Months Ended December 31, 2001

Net revenues for the Company increased from \$71,942 for the three months ended December 31, 2001 to \$1,060,371 for the three months ended December 31, 2002. The increase in co-branded cards issued under the contract with CVS Pharmacy, Inc. accounted for 55% of the increase. State Farm Mutual Automobile Insurance Company signed a three-year contract in April 2002 and accounted for 37% of the increase. Bankers Fidelity Life Insurance Company signed a five-year contract in July 2002 and accounted for the remaining 8% increase for the quarter.

Gross profit increased \$660,246 to \$556,454 for the three months ended December 31, 2002 from a loss of \$103,792 for the quarter ending December 31, 2001. The increase in gross profit was primarily attributable to an increase in net revenues from the CVS contract. The State Farm and Bankers Fidelity contracts accounted for 16% of the gross profit increase.

Marketing and sales expenses increased to \$401,109 for the three months ended December 31, 2002 from \$58,289 in the same prior year period primarily due to additional cards issued under the CVS Pharmacy, Inc. contract. The additional cards resulted in increased royalty expenses pursuant to the CVS contract.

General and administrative expenses increased to \$384,937 for the three months ended December 31, 2002 from \$229,394 in the same prior year period. The increase of \$155,543 was attributable to the following: (a) an increase in compensation expense of \$123,920 for additional personnel and additional compensation for other employees, and (b) an increase of \$31,623 for general office expenses including rent, telephone and other office expenses associated with an increase of additional personnel.

Interest expense increased to \$7,208 for the three months ended December 31, 2002 from \$5,432 for the same prior year quarter due to an increase in the principal balance on the line of credit since December 2001.

The Company reported a net loss of \$236,800 for the three months ended December 31, 2002 compared to a loss of \$396,907 for the same prior year period. The decrease of \$160,107 resulted from the increase in gross profits related to the CVS, State Farm and Bankers contracts that were offset by the increase in marketing and sales, and general administrative expenses as discussed above.

7

Liquidity and Capital Resources

The Company s operations used cash of \$758,238 for the three months ended December 31, 2002 as a result of the following: a) a net loss of 236,800; b) an increase in accounts receivable of 263,472 with the State Farm and Bankers Fidelity contracts accounting for 52% of the increase and the CVS contract accounting for the remaining 48%; c) a decrease in other liabilities of \$342,263 which was primarily a result of a decrease in deferred revenue of \$353,263 with the State Farm contract accounting for 79% of the decrease and CVS accounting for the remaining 31%. Membership fees are generally paid to the Company on a monthly or annual basis. Membership fees paid in advance on an annual basis are recognized monthly over the applicable twelve-month membership term.

The Company s net working capital decreased \$231,407 to \$(1,492,645) during the three months ended December 31, 2002 from \$(1,261,238) at September 30, 2002. The decrease in working capital was primarily caused by a net loss of \$236,800 for the quarter.

The Company s financing activities for the three months ended December 31, 2002 used cash of \$22,585 primarily for the repayment of a promissory note issued on September 30, 2002.

On October 22, 2002 the Company extended its credit agreement with SunTrust Bank in Atlanta, Georgia. The agreement provides the Company with a \$500,000 working capital facility secured by personal guaranties from certain officers and directors of the Company in exchange for common stock options. The credit agreement matures on April 22, 2003 and bears an interest rate of 5.25% per annum. A final payment of the unpaid principal balance plus accrued interest is due and payable on April 22, 2003. The Company has \$15,528 available on its credit agreement as of December 31, 2002. The working capital facility is being used to continue to provide on-going capital to fund the implementation of new contracts and general corporate operations.
