**Item 2.05. Costs Associated with Exit or Disposal Activities.**

On October 5, 2005, Transaction Systems Architects, Inc. (the "Company") issued a press release announcing a restructuring of its organization, effective immediately, combining its three business units into one operating unit under the ACI Worldwide name. In examining the Company's market, opportunities and organization, it was decided that creating a single operating unit provides the Company with the best opportunities for focus, operating efficiency and strategic acquisition integration. The Company anticipates that the restructuring will be substantially completed by the end of fiscal 2006. As a result of this restructuring, the Company currently expects restructuring charges of approximately \$1.2 million during the fourth quarter of fiscal 2005, with an additional \$2.1 million to \$2.8 million during fiscal 2006. These estimated restructuring charges consist of termination benefits of \$1.6 to \$1.7 million; office establishment and/or relocation, along with employee hiring and/or relocation, charges of \$1.4 million to \$1.8 million; and other charges of \$0.3 million to \$0.5 million. Substantially all of the aforementioned restructuring charges would result in future cash expenditures. The Company also announced that Dennis D. Jorgensen, President of the IntraNet Worldwide business unit, will be retiring coincident with the restructuring.

A copy of this press release is attached hereto as Exhibit 99.1.
