1. BASIS OF PRESENTATION, DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Business:

Danzer Corporation was reorganized (the "Reorganization") through an Acquisition and Plan of Reorganization with U.S. Rubber Reclaiming, Inc. and Related Entities ("U.S. Rubber Companies"), which was consummated on June 21, 2001 (the "Effective Date"). In addition, Danzer Corporation changed its name to Obsidian Enterprises, Inc. However, the operating company, Danzer Industries, Inc., retained its name. The operating company will continue to be referred to as Danzer Industries, Inc. The Acquisition and Plan of Reorganization of Danzer Corporation with U.S. Rubber Companies was accounted for as a reverse acquisition as the shareholders of the U.S. Rubber Companies owned a majority of the outstanding stock of Danzer subsequent to the Acquisition and Plan of Reorganization. For accounting purposes, U.S. Rubber Reclaiming, Inc. is deemed to have acquired Danzer.

Pursuant to the Plan of Acquisition and Reorganization, United Expressline, Inc. was acquired July 31, 2001.

The accompanying financial data as of April 30, 2002 and for the three and six months ended April 30, 2002 and 2001 has been prepared by the Company, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC"). Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted pursuant to such rules and regulations. The October 31, 2001 consolidated balance sheet was derived from audited financial statements, but does not include all disclosures required by accounting principles generally accepted in the United States of America. However, the Company believes that the disclosures are adequate to make the information presented not misleading. These consolidated financial statements should be read in conjunction with the

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form 10-Q/A

consolidated financial statements and the notes thereto included in the Company's Annual Report on Form 10-K for the period ended October 31, 2001. The Company follows the same accounting policies in preparation of interim reports.

In the opinion of management, all adjustments (which include normal recurring adjustments except as disclosed herein) necessary to present a fair statement of financial position as of April 30, 2002, results of operations for the three and six months ended April 30, 2002 and cash flows and stockholders' equity for the six months ended April 30, 2002 have been made. The results of operations for the three and six months ended April 30, 2002 are not necessarily indicative of the operating results for the full fiscal year or any future periods.

The entities resulting from the merger described above, considered accounting subsidiaries of U.S. Rubber Reclaiming, Inc. (the accounting acquirer) and legal subsidiaries of Obsidian Enterprises, Inc. (formerly Danzer) after the Acquisition and Plan of Reorganization, are as follows:

U.S. Rubber Reclaiming, Inc. ("U.S. Rubber", the accounting acquirer), which is engaged in reclaiming scrap butyl rubber into butyl reclaim for resale to manufacturers of rubber products.

Obsidian Enterprises, Inc. (formerly Danzer, the legal acquirer), a holding company.

Danzer Industries, Inc. ("Danzer Industries"), which is principally engaged in the design, manufacture and sale of truck bodies.

Pyramid Coach, Inc. ("Pyramid"), which is engaged in the leasing of coaches, designed and fitted out for use for travel by country, rock bands and other business enterprises, primarily on weekly to monthly leases. The coach leasing segment also includes the assets, liabilities, equity and results of operations of DW Leasing, LLC ("DW Leasing") and Obsidian Leasing Company, Inc. ("Obsidian Leasing"), formed November 1, 2001. DW Leasing is controlled by individuals who are also controlling shareholders of Obsidian Enterprises, Inc. and, accordingly, Pyramid. DW Leasing and Obsidian Leasing also own the majority of the coaches operated by Pyramid. All intercompany transactions are eliminated in consolidation.

To complete the Plan of Reorganization, Pyramid and DW Leasing were required to obtain lender approval of the transfer of assets subject to liabilities to Obsidian Leasing, a wholly owned subsidiary of the Company. On November 1, 2001, the Company completed the tax-free exchange contemplated by the Acquisition Agreement of June 21, 2001, whereby all but seven coaches and the liabilities thereon were transferred to Obsidian Leasing to operate this segment of business previously under DW Leasing. However, as of April 30, 2002, the entities are combined due to cross-guarantees associated with the debt on the seven coaches.

Champion Trailer, Inc. ("Champion") manufactures and sells transport trailers to

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form 10-Q/A

be used primarily in the auto racing industry.

United Expressline, Inc. ("United") manufactures and sells general use cargo trailers and specialty trailers used in the racing industry and for other special purposes.

Basis of Presentation:

The Company's April 30, 2002 consolidated financial statements have been presented on the basis that it is a going concern which contemplates the realization of assets and satisfaction of liabilities in the normal course of business. The Company incurred a loss from operations for the ten months ended October 31, 2001 of \$2,149,000 and a net loss of \$4,395,000, which included an asset impairment charge of \$2,305,000. In addition, the Company has incurred a net loss of \$2,496,000 for the six months ended April 30, 2002. The losses have weakened the Company's financial condition and contributed to its failure to meet certain financial covenants required by the lenders. As a result of these covenant violations which either were not waived, were waived only through November 2002, or were subject to amendments to credit agreements, \$4,683,000 of long-term debt has been reclassified and included in the current debt caption of current liabilities as of April 30, 2002. A significant portion of the Company's assets is pledged as collateral on these loans and foreclosure by a bank would seriously impair the Company's existence. In addition, these losses and the reclassification of long-term debt have contributed to a total deficit in working capital of \$9,567,000 at April 30, 2002.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)

1. BASIS OF PRESENTATION, DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

In view of these matters, realization of the assets and satisfaction of the liabilities in the ordinary course of business is dependent upon its ability to generate sufficient cash flow to meet its obligations on a timely basis, comply with the terms of its debt financing agreements, obtain refinancing of certain obligations, and continue to receive capital contributions from its majority stockholder.

Management, as a part of its plan towards resolving these issues and generating revenue and cash flow, has taken the actions described below during and subsequent to the quarter ended April 30, 2002. Although management believes these actions will improve operations and liquidity, there can be no assurance that such actions will sufficiently improve operations or liquidity, or occur on terms acceptable to the Company. See "Management's Discussion and Analysis of Financial Condition and Results of Operations" elsewhere in this filing for further discussions of the liquidity issues facing the Company and the risk factors associated with these issues as well as management's plans for addressing them.

- o On March 7, 2002, the Company completed a series of transactions with the subordinated lender at U.S. Rubber resulting in an increase in equity and a decrease in liabilities of \$1,463,000. The subordinated lender received

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form 10-Q/A

30,000 shares of Series C convertible preferred stock in this transaction.

- o On March 20, 2002, DC Investments, LLC ("DC Investments"), an entity controlled by the Company's Chairman, acquired all outstanding debt due to the senior lender of Champion in the amount of \$602,000 in a nonrecourse assignment. Under the terms of the Company's agreement with DC Investments, this amount has been reclassified as a long-term liability.
- o On April 30, 2002, the Company converted \$1,289,000 of debt and accrued interest due to Obsidian Capital Partners, LP ("OCP"), majority owner of the Company, to equity in exchange for 402,906 shares of Series C convertible preferred stock.
- o On April 30, 2002, the Company converted \$596,000 of debt and accrued interest due to Fair Holdings, Inc. ("Fair"), an entity controlled by the Company's Chairman, to equity in exchange for 186,324 shares of Series C convertible preferred stock.

The above transactions are estimated to reduce interest costs by approximately \$345,000 on an annual basis.

- o The Board of Directors has authorized the Chairman of the Board to explore various options regarding the operations at Champion. Options include divestiture, restructuring of operations or closing the facility. As these options are considered, management has taken steps to further reduce overhead through cost reductions and reduction in the space currently under lease.
- o The Company is undertaking to refinance the coaches transferred from DW Leasing to Obsidian Leasing with existing lenders and DC Investments. Management anticipates that this will be concluded by the fourth fiscal quarter of 2002.
- o The Company is also pursuing refinancing of the outstanding bank debt at U.S. Rubber that is due November 1, 2002. Management anticipates the refinancing will be concluded by the third fiscal quarter of 2002.

OBSIDIAN ENTERPRISES, INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)

1. BASIS OF PRESENTATION, DESCRIPTION OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED
 - o OCP has entered into agreements related to the debt of U.S. Rubber and United. Specifically, in the event of a default and in accordance with the default provisions, Obsidian is obligated to make capital contributions to these subsidiaries of \$1,620,000 and \$1,000,000, respectively. In addition, OCP has committed to fund through the purchase of additional preferred stock the costs of legal, accounting and related costs to complete the Plan of Reorganization and the costs to meet regulatory requirements to allow continued trading of Company stock by shareholders. Funding from OCP is anticipated to occur during the third fiscal quarter and result in additional cash of approximately \$440,000 and conversion of approximately

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form 10-Q/A

\$860,000 of advances from OCP to equity.

Significant Accounting Policies:

Property, Plant and Equipment

Property, plant and equipment are recorded at cost. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets. Effective February 1, 2002, the Company changed its estimate with regard to depreciation of coaches owned by Obsidian Leasing and DW Leasing by establishing a salvage value for the coaches of approximately 38% of original cost. The depreciable lives of the coaches of fifteen years was not changed. This change in estimate resulted in a reduction of depreciation for the quarter of approximately \$78,000.

Goodwill and Intangible Assets

The Company adopted the new rules on accounting for goodwill and other intangible assets beginning in the first quarter of fiscal 2002. Accordingly, effective with the November 1, 2001 adoption of Financial Accounting Standard (FAS) No. 142, goodwill is no longer amortized but is instead subject to an annual impairment test. The Company has not yet completed its transitional impairment test in conjunction with the adoption of FAS 142. However, because the vast majority of the goodwill recorded relates to recently completed acquisitions, management does not believe that such goodwill is impaired. However, until the transitional impairment test is completed, there can be no assurance that such goodwill is not impaired. The Company expects to complete the transitional impairment test in the third quarter of fiscal 2002.

Earnings Per Share, as restated, see Note 9:

Basic per-share amounts are computed, generally, by dividing net income or loss by the weighted-average number of common shares outstanding. Basic and diluted weighted average common shares outstanding for 2002 are the same because the Company incurred losses for all periods presented. Therefore, the inclusion of options, warrants and other common stock equivalents in the calculation of diluted loss per share would have an antidilutive effect.

No common shares of the legal acquirer were issued in connection with the acquisition which was accounted for as a reverse merger. Accordingly, there were no common shares outstanding for the period ended April 30, 2001.

The Company's Series C Preferred Stock, which has all the rights and privileges of the Company's common stock, is convertible at a rate of 20 to 1. The inclusion of these potential common shares in the calculation of loss per share would have an antidilutive effect. However, pursuant to the Acquisition Agreement and Plan of Reorganization entered into in connection with the Reorganization, these shares will be converted to common stock immediately upon approval by the stockholders. Accordingly, we are presenting the following pro forma information to indicate the effect on earnings per share had such shares been converted to common shares for the periods presented.

Pro forma basic and diluted loss per share have been computed below as if the Series C Preferred Stock was converted to common stock. For the three and six months ended April 30, 2003, the Series C Preferred Stock has been reflected on a weighted average basis outstanding as common shares of 74,783,380 and 74,908,132, respectively. 4. FINANCING ARRANGEMENTS AND STOCKHOLDERS' EQUITY

U.S. Rubber

On March 7, 2002, the Company completed a series of transactions with U.S. Rubber, SerVaas, Inc. ("SerVaas"), the former owner of U.S. Rubber, and DC Investments, an entity controlled by the Company's Chairman, whereby certain existing debt of U.S. Rubber was acquired from SerVaas. DC Investments acquired the SerVaas interest in the debt agreement with a remaining balance of \$730,000, plus accrued interest of \$123,000, for \$700,000. U.S. Rubber then acquired this agreement in exchange for a new note payable to DC Investments with a face amount of \$700,000. The note requires monthly interest payments at 15% per annum with the principal payable March 2007. The note is subordinate to debt outstanding with the senior lender of U.S. Rubber.

The Company also acquired the SerVaas interest in the U.S. Rubber \$1,750,000 subordinated note payable, plus accrued interest of \$255,000, in exchange for \$700,000 and 30,000 shares of Series C convertible preferred stock. The cash portion of the transaction was from the proceeds of a note payable in the amount of \$700,000 issued to DC Investments. The note requires monthly interest payments at 15% per annum with the principal payable March 2007.

No gain or loss was recognized in the transactions because of the involvement of related parties. The transaction resulted in an increase in equity of the Company of \$1,463,000 and an annual interest savings of approximately \$145,000.

During February 2002, U.S. Rubber entered into a "Second Amendment to Credit Agreement" with its primary lender. The terms of the amendment require scheduled debt service payments under substantially the same terms through November 1, 2002 when all debt outstanding with the primary lender will become due. The agreement also modifies the terms of an operating lease with the lender requiring payment in full of the remaining lease obligation as of November 1, 2002 of approximately \$738,000.

Obsidian Enterprises

On April 30, 2002, the Company converted \$1,289,000 of debt and accrued interest owed to OCP and \$596,000 of debt and accrued interest owed to Fair Holdings, Inc. ("Fair"), an entity controlled by the Company's Chairman, to equity through the issuance to OCP and Fair of a total of 589,230 shares of Series C Convertible Preferred Stock which are convertible into an aggregate of 11,784,600 shares of common stock of the Company. The transaction resulted in an increase in equity of the Company of \$1,885,000 and an annual interest savings of approximately \$200,000.

The Company and DW Leasing converted amounts owed to DC Investments to notes payable. The notes bear interest at 10% payable quarterly, with principal due in one installment in March 2005. The total advances converted to notes payable to DC Investments were \$1,085,000 and \$210,000 for Obsidian Enterprises and DW Leasing, respectively.

4. FINANCING ARRANGEMENTS AND STOCKHOLDERS' EQUITY, CONTINUED

Champion

Champion was in technical default of its debt due its subordinated lender as of April 30, 2002 and in technical default of debt due its senior and subordinated lender at October 31, 2001. The Company has not been able to obtain a waiver from the subordinated lender. Accordingly, debt in the amount of \$1,250,000 has been classified as current as of April 30, 2002. At October 31, 2001, \$2,612,000 of debt was classified as current. On March 20, 2002, DC Investments acquired the senior lender's loan to Champion in the amount of \$602,000 in a nonrecourse assignment of the debt.

DW Leasing

DW Leasing was in technical default of certain loan covenants with two of its primary lenders. The Company has obtained bank waivers from one of these lenders through November 2002 for a portion of this amount. Amounts classified as current as of April 30, 2002 and October 31, 2001 due to defaults that have not been waived are \$600,000 and \$639,000, respectively.

Danzer Industries

Danzer Industries was in technical default of certain loan covenants in its credit agreement. As a result of these violations, long-term debt in the amount of \$883,000 is classified as current as of April 30, 2002.

The Company was in violation of three negative covenants with Renaissance US Growth & Income Trust PLC and FBSUS Special Opportunities Trust PLC, the holders of debentures that completed the financing of United. The Company has received a waiver of these violations through November 1, 2002.

The Company has an agreement with OCP that gives it the right to mandate a capital contribution from OCP if the lenders to U.S. Rubber and United were to declare a default. In that event, the Company has the right to enforce a capital contribution agreement with OCP up to \$1,620,000 on U.S. Rubber and \$1,000,000 on United to fund the respective subsidiary's shortfall. Those payments, if any, would be applied directly to reduce the respective subsidiary's debt obligations to the lender.

5. BUSINESS SEGMENT DATA AND GEOGRAPHIC DATA, CONTINUED

Obsidian Enterprises, Inc. (legal parent) allocates selling, general and administrative expenses to the respective companies primarily based on a percentage of sales. For the three months and six months ended April 30, 2002, allocated corporate expenses by segment were as follows:

	Three Months Ended April 30, 2002	Six Months Ended April 30, 2002
Trailer manufacturing	\$ 476	\$ 694
Coach leasing	56	81
Butyl rubber reclaiming	95	146

Included in the above expenses are professional fees related to regulatory filings and historical audits and other related expenses which will be nonrecurring costs. Total nonrecurring costs for the three months and six months ended April 30, 2002 were approximately \$400,000 and \$600,000, respectively.

Related-party amounts classified as current reflect those portions of the total receivable or payable that were currently due in accordance with the terms, or were collected or paid subsequent to April 30, 2002 or October 31, 2001, respectively. Amounts classified as long term represent amounts not currently due, amounts that are expected to be converted to equity subsequent to April 30, 2002 and October 31, 2001, respectively, or amounts converted to long-term debt subsequent to April 30, 2002.

The Company was obligated to the stockholders and certain employees (that were formerly stockholders of subsidiary companies) under note payable agreements acquired as part of the acquisitions. Also see Note 4 for details regarding related-party transactions converting debt to equity.

7. COMMITMENTS AND CONTINGENCIES

The Company has a purchase commitment to purchase or lease three (3) coaches within 60 days of completion. The cost of these coaches will approximate \$1.35 million. This transaction was initially expected to close in the second quarter of calendar 2002 and has been extended until financing for these coaches has been obtained.

On April 29, 2002, the Company received notice of a lawsuit filed by the subordinated lender of Champion seeking payment of a \$1,250,000 note payable plus accrued interest from Champion or Obsidian Enterprises under a guarantee agreement. An answer of general denial on behalf of Champion has been filed with the court. In addition, a special appearance with respect to jurisdiction has been filed with the court on behalf of Obsidian Enterprises.

In the normal course of business, the Company is liable for contract completion

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form 10-Q/A

and product performance. In the opinion of management, such obligations will not significantly affect the Company's financial position or results of operations.

8. SUBSEQUENT EVENTS

On May 16, 2002, one of the production facilities of U.S. Rubber was damaged by a fire at an adjacent property. The primary production facility was not damaged, and the Company is able to produce and ship product although at a reduced rate. The Company is currently having discussions with its insurance carrier regarding potential claims for damaged equipment and facilities and business interruption. Total losses and any potential recovery are not currently known.

9. RESTATEMENT OF PREVIOUSLY ISSUED FINANCIAL STATEMENTS

In December 2002, the Company became aware of an error related to the accounting for the redeemable preferred stock issued in connection with subordinated debt pertaining to the United acquisition on July 31, 2001. The Company is restating its previously issued financial statements for the three months and six months ended April 30, 2002 for this error. In addition, we have also determined the weighted average common and common equivalent shares outstanding as previously reported should not have included Series C preferred stock as it has not yet been converted to common shares and thus is antidilutive. The Company has also restated the consolidated balance sheet and statement of operations for the year ended October 31, 2001 for the redeemable preferred stock and the weighted average common and common equivalent shares, as further discussed in Form 10-K/A for the year ended October 31, 2001.

ITEM 2 MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

IMPORTANT NOTE ABOUT FORWARD-LOOKING STATEMENTS.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements. The Company and its representatives may from time to time make written or oral forward-looking statements, including statements included in or incorporated by reference into this Quarterly Report on Form 10-Q and the Company's other filings made with the Securities and Exchange Commission. These forward-looking statements are based on management's views and assumptions and involve risks, uncertainties and other important factors, some of which may be beyond the control of the Company, that could cause actual results to differ materially from those expressed or implied in the forward-looking statements. Factors that might cause or contribute to such differences include, but are not limited to, those discussed in this Item 2., Management's Discussion and Analysis of Financial Condition and Results of Operations, in this Form 10-Q. Readers should carefully review the risks described in this and other documents that the Company files from time to time with the Securities and Exchange Commission. The forward-looking statements speak only as of the date that they are made and the Company undertakes no obligation to update or revise any of the forward-looking statements.

OVERVIEW

The reverse merger transactions, completed in June and July 2001, have been treated for accounting purposes as an acquisition by U.S. Rubber. For this reason, the results for the six-month period April 30, 2001 represent only the financial results of U.S. Rubber for six months, Champion Trailer for four months, and the Pyramid Group for four months based on the January 1, 2001 acquisition date. Danzer Corporation and its wholly owned subsidiary, Danzer Industries, and United Expressline were acquired June 21, 2001 and July 31, 2001, respectively, and, accordingly, are not included in the results of operations for the three and six months ended April 30, 2001. Since the Company acquired a substantial portion of its operations on or after January 1, 2001 and was not previously a registrant, management's discussion and analysis does not

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form 10-Q/A

include a comparison of 2001 operating results with the three-month and six-month periods ended April 30, 2000.

The financial condition at April 30, 2002 and the results of operations for the three and six months ended April 30, 2002, include the operations of Obsidian Enterprises, U.S. Rubber, Champion Trailer, Pyramid Coach, Obsidian Leasing, DW Leasing, United Expressline, and Danzer Industries.

RESULTS OF OPERATIONS

The Company's overall operating results and financial condition improved during the second quarter of 2002 compared to the first quarter of 2002 and can be characterized by revenue increases in each segment of its business, the shift to positive EBITDA in each business segment, reduced operating losses and positive stockholders' equity. These results are indicative of business seasonality in the trailer and related transportation equipment manufacturing and coach leasing segments, and increasing demand in the butyl rubber segment, as well as management's efforts to concentrate on generating revenue and earnings, managing cash, and steadily addressing the debt/equity structure while completing the integration of acquired subsidiaries (mostly nonaudited privately held entities) into an effective publicly traded operating company with consistent reporting systems. Management has no prior history in effecting such an integration of subsidiaries under a holding company, and its ability to successfully accomplish this task will have a substantial impact on long-term Company revenues and profits. During this quarter, the Company hired a new Chief Financial Officer to direct many of these functions including cash management, debt consolidation, more timely reporting, and development of personnel incentive programs, and to help integrate the acquired subsidiaries into an effective operating company.

OBSIDIAN ENTERPRISES, INC. AND SUBSIDIARIES

The Company operates in three industry segments, comprised of trailer and related transportation equipment manufacturing, butyl rubber reclaiming, and coach leasing. Trailer and related transportation equipment manufacturing includes the operations of United, Danzer Industries, and Champion. Butyl rubber reclaiming includes the operations of U.S. Rubber and coach leasing includes the operations of Pyramid, DW Leasing, and Obsidian Leasing.

The following is a discussion of the major elements impacting the Company's operating results by segment for the three-month and six-month periods ended April 30, 2002 compared to the three-month and six-month periods ended April 30, 2001. The comments that follow should be read in conjunction with the Company's condensed consolidated financial statements and related notes contained in this Form 10-Q.

Three Months Ended April 30, 2002 Compared to The Three Months Ended April 30, 2001 And Six Months Ended April 30, 2002 Compared to The Six Months Ended April 30, 2001

Operating results between these periods are not comparable due to the acquisition of Danzer and United in June and July of 2001, respectively, and the acquisition of Champion in January 2001. During the three months and six months ended April 30, 2002, this segment has seen increasing sales in cargo trailers, primarily in the three months ended April 30, 2002, due to additional demand driven by marketing efforts, as well as the seasonal nature of the product. These increases have been partially offset by a continued reduction in the demand for truck bodies and slow sales volume in the transport specialty trailer product line.

The primary reason for truck body sales at levels below historic amounts is the continued depressed condition of the telecommunications industry that historically purchased a significant volume of this product line. Management anticipates that the overall general economic conditions and the economic state of the telecommunications industry will continue to adversely impact sales of truck bodies during 2002. Management is investigating the possibility of integrating the production of cargo trailers into its truck body production facility as a means to increase production capacity of the cargo trailer product and absorb excess capacity at this facility.

OBSIDIAN ENTERPRISES, INC. AND SUBSIDIARIES

Gross profit for the three months and six months ended April 30, 2002 was impacted negatively due to reduced volume in the truck body and specialty transport trailer lines partially offset by reductions in personnel at these facilities and increased volume in the cargo trailer product line.

BUTYL RUBBER RECLAIMING

The following table shows sales, cost of sales and gross profit for this segment for the periods indicated (in thousands):

Gross Profit %	8.9%	11.9%	7.9%	7.9%

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form 10-Q/A

Three Months Ended April 30, 2002 Compared to The Three Months Ended April 30, 2001

Net sales in this segment for the three months ended April 30, 2002 as compared to the comparable three-month period ended April 30, 2001 decreased 17.0% in the amount of \$530. While a negative trend, sales did improve over the first fiscal quarter 2002 as demand has begun to increase. The reduction in sales is due primarily to reduced sales to tire manufacturers and pipeline mastic manufacturers.

The Company's tire manufacturing customers built up large inventories during the widespread tire recalls in 2001 in anticipation of huge demand under such recalls. The number of tire orders submitted by consumers to be replaced was substantially lower than anticipated, and as a result, tire manufacturer orders were lower than the previous year, producing a substantial decrease in reclaimed butyl demand. The Company has seen an increase in sales beginning in January 2002 which may indicate a return to historic inventory levels at its tire manufacturer customers, but does not anticipate a return to historic levels of demand for reclaimed butyl rubber by tire manufacturers prior to the fourth fiscal quarter of 2002.

The demand for pipeline mastic wraps produced with reclaimed butyl rubber supplied by the Company also fell dramatically beginning in October 2001 as a result of the decline in the price of crude oil in late 2001 which caused a decline in new oil exploration. If the price of crude oil begins to climb again, the Company believes the demand for those uses will also return to historic levels.

Gross profit percentage fell from 11.9% in the three months ended April 30, 2001 to 8.9% for the three months ended April 30, 2002 as a result of the decreased volume. The reduction was partially offset by the refurbishment of the 12" extruder, a primary piece of operating equipment, and the use of butyl rubber pad scrap in the production process that have reduced operating costs.

Six Months Ended April 30, 2002 Compared to The Six Months Ended April 30, 2001

Net sales in this segment for the six months ended April 30, 2002 as compared to the comparable six-month period ended April 30, 2001 decreased 26.1% in the amount of \$1,686. The reduction in sales is due primarily to reduced sales to tire manufacturers and pipeline mastic manufacturers as described above.

OBSIDIAN ENTERPRISES, INC. AND SUBSIDIARIES

Gross profit percentage for the six months ended April 30, 2002 was 7.9% compared to 9.1% for the six months ended April 30, 2001 as a result of the decreased volume. Gross profit in the six months ended April 30, 2001 was also below historical levels as the result of an inventory obsolescence charge recorded in December 2001. The reduction in gross profit for 2002 was partially offset by the refurbishment of the 12" extruder, a primary piece of operating equipment, and the use of butyl rubber pad scrap in the production process that have reduced operating costs.

Management believes that the use of butyl rubber pad scrap will help control the cost of raw materials during the remainder of 2002 and the Company is also exploring the ability to raise prices in late 2002.

On March 7, 2002, the Company completed a series of transactions with U.S. Rubber, SerVaas, the former owner of U.S. Rubber, and DC Investments whereby certain existing debt of U.S. Rubber was acquired from SerVaas. DC Investments acquired the SerVaas interest in the debt agreement with a remaining balance of

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form 10-Q/A

\$730,000, plus accrued interest of \$123,000, for \$700,000. U.S. Rubber then acquired the debt agreement from DC Investments in exchange for a new \$700,000 note payable to DC Investments. The note requires monthly interest payments at 15% per annum with the principal payable March 2007. The note is subordinate to debt outstanding with the senior lender of U.S. Rubber.

The Company also acquired the SerVaas interest in the U.S. Rubber \$1,750,000 subordinated note payable, plus accrued interest of \$255,000, in exchange for \$700,000 and 30,000 shares of Series C convertible preferred stock. The cash portion of the transaction was from the proceeds of a \$700,000 loan to the Company by DC Investments. The loan requires monthly interest payments at 15% with the principal payable March 2007.

No gain or loss was recognized in the transactions due to involvement of related parties. The transaction resulted in an increase in equity of the Company of \$1,463,548 and an net annual interest savings of approximately \$145,000.

COACH LEASING

The following table shows sales, cost of sales and gross profit for this segment for the periods indicated (in thousands):

	Three Months Ended		Six Months Ended	
	April 30, 2002	April 30, 2001	April 30, 2002	April
Net Sales	\$ 1,511	\$ 900	\$ 2,554	\$
Cost of Sales	766	358	1,339	
Gross Profit	\$ 745	\$ 542	\$ 1,215	\$
Gross Profit %	49.3%	60.2%	47.5%	

Three Months Ended April 30, 2002 Compared to The Three Months Ended April 30, 2001

Sales for the three months ended April 30, 2002 increased 67.9% in the amount of \$611 over the comparable three-month period ended April 30, 2001. The increase in sales is attributable to an increase in the size of the coach fleet, additional revenue from the increased use of employer coach drivers versus independent contractors paid directly by the customer and due to increased utilization of the fleet in 2002. Management believes the increased utilization is a result of its marketing efforts to rock and roll, pop, touring Broadway shows and corporate customers. These customers are in addition to the traditional country and western performers who have historically been this segment's primary customer base. In addition, this business is seasonal in nature and historically is stronger in the spring, summer and fall months.

OBSIDIAN ENTERPRISES, INC. AND SUBSIDIARIES

Gross profit for this segment was 49.3% for the three months ended April 30, 2002 compared to 60.2% for the comparable three-month period ended April 30, 2001. The reduction is attributable to several factors. During the three-month period ended April 30, 2002, additional coaches have been leased from unrelated

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form 10-Q/A

third parties to meet current demand. The additional lease cost has been recorded as a component of cost of sales and represents an increase of approximately 5% as a percentage of sales. This segment had no lease cost for outside coaches in the comparable period of 2001. In addition, additional drivers have been added as employees during 2002 adding approximately 7% as a percentage of sales to the costs of direct wages and benefits for the quarter. In the three month period ended April 30, 2001, a larger percentage of coach drivers were independent contractors paid directly by the customer.

Six Months Ended April 30, 2002 Compared to The Six Months Ended April 30, 2001

Results for the six months ended April 30, 2002 are not comparable to the six-month period ended April 30, 2001, as this segment was acquired as of January 1, 2001 and, therefore, includes only four months of operations for the period ended April 30, 2001. Gross profit percentage is also not comparable for the reasons stated above and also 2001 does not include the months of November and December that are historically a slow period for this segment.

SELLING, GENERAL AND ADMINISTRATIVE (SG&A) EXPENSES

Selling, general and administrative expenses are higher for the three months ended April 30, 2002 versus the three-month period ended April 30, 2001 due to the operations added in 2002, as previously discussed.

In addition, selling, general and administrative expenses are higher for the three month period ended April 30, 2002 than would be expected on an ongoing basis. This is due primarily to increased administrative costs that were necessary to continue the process of creating better subsidiary reporting, the use of outside professionals for services in assisting in post acquisition activities, the cost to obtain prior year audits to meet regulatory filing requirements, and the cost of providing accounting and related services to management, that will normally be performed by Company personnel on a going forward basis. As a part of the postacquisition process, OCP has agreed to provide capital to fund certain of the administrative expenses and convert the amount to equity prior to the end of this fiscal year. As of April 30, 2002, OCP has provided funding of approximately \$860,000 of such expenses. Management anticipates this amount will be converted to equity during the third fiscal quarter of 2002 in exchange for issuance of Series C convertible preferred stock. In addition, under the terms of the agreement with OCP, the Company anticipates receiving an additional amount of approximately \$440,000 during the third fiscal quarter of 2002. This will also be converted to equity in exchange for Series C convertible preferred stock.

INTEREST EXPENSE, as restated

The Company's interest expense remains a high percentage when calculated as a percentage of net sales, as all acquisitions were made on a highly leveraged basis. For the three-month period ended April 30, 2002, the percentage of interest expense to net sales of 6% was higher than the 5.7% for the Pro Forma period ended April 30, 2001, reflecting lower sales in the quarter ended April 30, 2002.

OBSIDIAN ENTERPRISES, INC. AND SUBSIDIARIES

INCOME TAX PROVISION

The income tax benefit for the six-month period ended April 30, 2002 increased by \$142,000 as compared to the six-month period ended April 30, 2001. The income tax benefit is created primarily through operating loss carryforwards recognized in the quarter to the extent they are available to offset the Company's net

Edgar Filing: OBSIDIAN ENTERPRISES INC - Form 10-Q/A

deferred tax liability. Quarterly tax benefits are based on the estimated effective tax rate for the full year.

LIQUIDITY AND CAPITAL RESOURCES

Each of the subsidiaries of the Company have separate revolving credit agreements and term loan borrowings through which the subsidiary finances its operations together with cash generated from operations. The principal balances of some of these loans reflect the fact that OCP, from whom four of the five subsidiaries were purchased, entered into highly leveraged acquisitions of Champion, U.S. Rubber, Pyramid, and United.

This high level of debt has created liquidity issues for the Company and the stringent financial covenants that are common for this type of debt increase the probability that the Company's subsidiaries may from time to time be in technical default under these loans. These risks are mitigated, in part, for the Company's United and U.S. Rubber subsidiaries by the right described below under "Guarantees of OCP." They are also mitigated by the actions taken with Champion, U.S. Rubber and the refinancing efforts underway with U.S. Rubber and Pyramid.

The Company and certain of its subsidiaries have violated certain requirements and covenants in their debt agreements relating to maintenance of certain minimum ratios and levels of earnings to funded debt and fixed charge coverage rate. Management has brought these violations to the attention of its lenders and, except for the Champion subordinated debt, Danzer Line of Credit and Term Note and one DW Leasing note agreement, the lenders have waived these violations as described below under "Financial Covenant Waivers."

The Company's working capital position (current assets over current liabilities) was negative at April 30, 2002 by \$9,567,000 in part because approximately 43% of the Company's debt is classified as a current liability.

The Company has been addressing these liquidity and working capital issues in a number of ways. Management anticipates that the following steps started in early 2002 and currently in process will improve the Company's working capital, strengthen its equity and place the Company in a position to successfully address its liquidity issues. These steps include:

- o The transactions described below under "Partners Equity Transactions" which converts approximately \$2,689,000 of long-term liabilities to equity. Of this amount, \$1,289,000 was converted to Series C convertible preferred stock during the second fiscal quarter of 2002.
- o The actions taken with respect to Champion described below under "Champion Transaction" which would improve the Company's overall equity and working capital position.
- o The transactions described below under "Refinancing Activities" which management anticipates will reduce the Company's interest costs and decrease the proportion of debt which has been reclassified as a current liability.

While there can be no assurance that these transactions will continue to occur as projected, the transactions that have taken place are consistent with the plans delineated in previously issued reports. It should be noted that even if these transactions do occur, there can be no assurance that they will sufficiently address the Company's liquidity issues. Management will continue to address the liquidity concerns as well as consider any additional actions if the contemplated transactions either do not occur or are insufficient.

FINANCIAL COVENANT WAIVERS

The Company has reached agreements with certain of its lenders to waive financial covenant defaults under the following loans:

- o Management has completed discussions with Bank One in respect of the violations by U.S. Rubber of the negative covenants of (i) fixed charge coverage ratio and (ii) funded debt to EBITDA ratio. Management has received a waiver of these violations and an amendment of the Credit Agreement which extends it through November 1, 2002 when the entire debt is due. The Company is currently pursuing refinancing of this debt.
- o Pyramid is a guarantor of DW Leasing's debt to Regions Bank, Nashville, Tennessee. DW Leasing and Pyramid have been in violation of the Funded Debt to EBITDA ratio in the Regions Bank Credit Facility since the inception of the loan. This is due to the fact that DW Leasing acquired eight additional new luxury coaches, in highly leveraged transactions. At the time of the Acquisition, Regions Bank granted a waiver of this violation. To date, the covenant has not been rewritten. Regions Bank has waived the violation as of October 31, 2001. However, since the Company continues to be in violation of this covenant, \$600,000 of long-term debt due Regions Bank has been reclassified as a current liability.
- o The Company was in violation of three negative covenants with Renaissance US Growth & Income Trust PLC and FBSUS Special Opportunities Trust PLC, the holders of debentures that completed the financing of United. The Company has received a waiver of these violations through November 1, 2002.
- o Danzer Industries was notified by letter dated May 28, 2002 that it was in technical default of its revolving note and term note due to nonreceipt of certain documentation and noncompliance with the debt service ratio. The Company is endeavoring to provide the appropriate documentation and resolve the compliance requirement. In addition, the Company's line of credit with an outstanding balance of \$725,000 expired March 31, 2002. The line of credit has been extended based on a verbal agreement with the bank while the covenant violations are addressed. As of April 30, 2002, \$883,000 of long-term debt related to these obligations has been reclassified as a current liability due to these violations.
- o Champion remains in default of its subordinated debt agreement in the amount of \$1,250,000, which has been classified as a current liability due to the default. On April 29, 2002, the Company received notice of a lawsuit filed by the subordinated lender seeking payment of the \$1,250,000 note payable plus accrued interest from Champion or Obsidian Enterprises under a guarantee agreement. An answer of general denial on behalf of Champion has been filed with the court. In addition, a special appearance with respect to jurisdiction has been filed with the court on behalf of Obsidian Enterprises. DC Investments, in a nonrecourse assignment, has purchased the outstanding senior debt from Bank One on March 20, 2002. (See Champion Transactions below.)

FUNDS AVAILABILITY

On a consolidated basis, as of April 30, 2002, the Company had approximately \$267,000 of cash and cash equivalents. Danzer Industries, U.S. Rubber and United each have revolving credit lines available for working capital at each

individual entity. Borrowings under the credit facilities are available to the lesser of the maximum amount or the borrowing base as defined in the credit agreement. At April 30, 2002, Danzer Industries, U.S. Rubber, and United had additional current availability of \$233,000, \$140,000, and \$560,000, respectively. Maximum additional amounts available under these credit lines if supported by their individual borrowing base are approximately \$42,000, \$817,000, and \$177,000 for Danzer Industries, U.S. Rubber, and United, respectively.

The Company generated net cash flow of \$18,000 from operations during the quarter ended April 30, 2002. While cash flow generated from operations remains negative for the six months ended April 30, 2002, the Company expects operating cash flow to be positive during the last half of the fiscal year.

REFINANCING ACTIVITIES

Management is in the process of refinancing certain of the currently outstanding debt:

- o Negotiations have been ongoing with a new lender to refinance the primary lender of U.S. Rubber at more favorable terms than the current terms. Management anticipates the refinancing will be concluded during the third fiscal quarter.
- o The Company expects in the ordinary course of business to obtain an extension or annual renewal of the term note on the United revolving line of credit with First Indiana Bank.
- o The Company is undertaking to refinance the coaches transferred from DW Leasing to Obsidian Leasing with DC Investments and its various existing lenders. Management anticipates that this will be concluded during the fourth fiscal quarter.

PARTNERS EQUITY TRANSACTIONS

OCP, the major shareholder of the Company, is required under the Plan of Reorganization to fund through the purchase of additional preferred stock certain ongoing administrative expenses of the Company to complete the Plan of Reorganization, complete all required current and prior year audits to meet the regulatory filing requirements, and ensure all annual and quarterly SEC filings are completed to enable the registration of the preferred stock issued to OCP. Such amounts expended through April 30, 2002 approximated \$1,300,000. As of April 30, 2002, OCP has advanced approximately \$860,000 to the Company for these expenses. Management anticipates receiving an additional amount of approximately \$440,000 during the third fiscal quarter of 2002. Upon receipt, the Company and OCP plan to convert these amounts to equity in exchange for issuance to OCP of Series C convertible preferred stock.

OCP converted \$1,289,000 of notes payable and accrued interest from OCP to the Company to 402,906 shares of Series C convertible preferred stock of the Company.

GUARANTEES OF OCP

The Company has an agreement with OCP that gives it the right to mandate a capital contribution from OCP if the lenders to U.S. Rubber or United were to declare a default. In either of those events, the Company has the right to enforce a capital contribution agreement with OCP up to \$1,620,000 on U.S. Rubber and \$1,000,000 on United to fund the respective subsidiary's shortfall. These payments, if any, would be applied directly to reduce the respective subsidiary's debt obligations to the lender.

CHAMPION TRANSACTIONS

The Board of Directors has authorized the Chairman of the Board of the Company to explore various options to divest Champion Trailer or, at a minimum, restructure this component of the business. As a result, DC Investments negotiated the purchase of the loans of Bank One to Champion.

OBSIDIAN ENTERPRISES, INC. AND SUBSIDIARIES

Champion is also indebted to Markpoint Equity Fund IV under a subordinated credit facility in the amount of \$1,250,000. Champion has been in violation of the funded debt to EBITDA negative covenant of the Markpoint Credit Agreement since the inception of the loan. Management brought this violation to Markpoint's attention prior to the close of the Acquisition and has obtained a waiver of the violation each quarter through January 31, 2002. Markpoint has informed Champion that it would not grant waiver of this violation in the future. The Markpoint debt has been classified as a current liability due to this violation. Subsequent to DC Investments purchasing the Bank One debt in a nonrecourse assignment, Markpoint filed a lawsuit in Texas state court seeking payment in full for their subordinated debt.

CRITICAL ACCOUNTING POLICIES

Our significant accounting policies are summarized in the footnotes to our financial statements. Some of the most critical policies are also discussed below.

As a matter of policy, we review our major assets for impairment. Our major operating assets are accounts receivable, inventory, intangible assets and property and equipment. We have not experienced significant bad debts expense and our reserve for doubtful accounts of \$70,000 should be adequate for any exposure to loss in our April 30, 2002 accounts receivable. We have also established reserves for slow-moving and obsolete inventories and believe the reserve of \$566,000 is adequate. We depreciate our property and equipment and amortize intangible assets (except for goodwill) over their estimated useful lives. We have identified items that are impaired and the operating results for the ten-month period ended October 31, 2001 included a goodwill impairment charge of \$2,305,000. There are no impairment charges in the six-month period ended April 30, 2002.
