expectations of our management and are inherently subject to significant business, economic and competitive uncertainties and contingencies, many of which are beyond our control. In addition, these forward-looking statements are subject to assumptions with respect to strategic objectives, anticipated financial results, future business prospects and decisions that are subject to change.

- o changes in laws or government regulations or policies affecting financial institutions, including changes in regulatory fees and capital requirements;
- o competition among depository and other financial institutions;
- o inflation and changes in the interest rate environment that reduce our margins or reduce the fair value of financial instruments;
- o adverse changes in the securities markets; and

Because of these and other uncertainties, our actual future results may be materially different from the results indicated by these forward-looking statements.
