PROXY STATEMENT
FOR THE
2011 ANNUAL MEETING OF SHAREHOLDERS

GENERAL

This Proxy Statement is being furnished to the shareholders of Kearny Financial Corp. (the "Company") in connection with the solicitation by the Board of Directors of proxies for use at the 2011 Annual Meeting of Shareholders, to be held at the Company's offices located at 120 Passaic Avenue, Fairfield, New Jersey on Thursday, November 3, 2011 at 10:00 a.m., Eastern Time (the "Annual Meeting"). This Proxy Statement and the accompanying form of proxy are first being mailed to shareholders on or about September 30, 2011.

VOTING AND PROXY PROCEDURES

Who Can Vote at the Annual Meeting

You are only entitled to vote at the Annual Meeting if our records show that you held shares of our common stock, \$.10 par value (the "Common Stock"), as of the close of business on September 6, 2011 (the "Record Date"). If your shares are held by a broker or other intermediary, you can only vote your shares in person at the Annual Meeting if you have a properly executed proxy from the record holder of your shares (or their designee). As of the Record Date, a total of 67,748,671 shares of Common Stock were outstanding.

Voting by Proxy

The Board of Directors is sending you this Proxy Statement for the purpose of requesting that you allow your shares of Common Stock to be represented at the Annual Meeting by the persons named in the enclosed Proxy Card. All shares of Common Stock represented at the Annual Meeting by properly executed and dated proxies will be voted according to the instructions indicated on the Proxy Card. If you sign, date and return the Proxy Card without giving voting instructions, your shares will be voted as recommended by the Company's Board of Directors. The Board of Directors recommends a vote "FOR" each of its nominees for director, a vote "FOR" approval of the non-binding resolution on executive compensation, a vote for having advisory votes on executive compensation every "THREE YEARS" and a vote "FOR" ratification of the appointment of ParenteBeard LLC as the Company's independent auditor for the 2012 fiscal year.

If any matters not described in this Proxy Statement are properly presented at the Annual Meeting, the persons named in the Proxy Card will vote your shares as determined by a majority of the Board of Directors. If the Annual Meeting is postponed or adjourned, your Common Stock may be voted by the persons named in the Proxy Card on the new Annual Meeting dates as well, unless you have revoked your proxy. The Company does not know of any other matters

to be presented at the Annual Meeting.

You may revoke your proxy at any time before the vote is taken at the Annual Meeting. To revoke your proxy you must either advise the Company's Secretary in writing before your Common Stock has been voted at the Annual Meeting, deliver a later-dated proxy, or attend the Annual Meeting and vote your shares in person. Attendance at the Annual Meeting will not in itself revoke your proxy.

If you hold your Common Stock in "street name," you will receive instructions from your broker, bank or other nominee that you must follow in order to have your shares voted. Your broker, bank or other nominee may allow you to deliver your voting instructions via the telephone or the Internet. Please see the instruction form provided by your broker, bank or other nominee that accompanies this Proxy Statement. If you wish to change your voting instructions after you have returned a voting instruction form to your broker, bank or other nominee, you must contact your broker, bank or other nominee.

Internet Access to Proxy Materials

Copies of this Proxy Statement and the 2011 Annual Report to Shareholders are available on the internet at <http://www.sn1.com/IRWebLinkX/GenPage.aspx?IID=4072225&gkp=203675>. Stockholders can elect to receive future proxy statements and annual reports over the Internet rather than in printed form. Stockholders of record can make this election by calling toll free to 1-800-273-3406 or sending an e-mail to sjones@kearnyfederalsavings.net. If you hold your shares in street name, please refer to the information provided by your broker, bank or other nominee for instructions on how to elect to access future proxy materials over the Internet.

Participants in the Kearny Federal Savings Bank Employee Stock Ownership Plan and Employees' Savings and Profit Sharing Plan

If you are a participant in the Kearny Federal Savings Bank Employee Stock Ownership Plan (the "ESOP") or hold Common Stock through the Kearny Federal Savings Bank Employees' Savings and Profit Sharing Plan (the "401(k) Plan"), you will receive a voting instruction form from each plan that reflects all shares you may vote under these plans. Under the terms of the ESOP, all shares held by the ESOP are voted by the ESOP trustees, but each participant in the ESOP may direct the trustees on how to vote the shares of Common Stock allocated to his or her account. Unallocated shares and allocated shares for which no timely voting instructions are received will be voted by the ESOP trustees as directed by the ESOP Committee consisting of the outside directors of the Board. Under the terms of the 401(k) Plan, you are entitled to direct the trustee how to vote the shares of Common Stock credited to your account in the 401(k) Plan. The 401(k) Plan trustee will vote all shares for which it does not receive timely instructions from participants at the direction of the Company's Board of Directors or the Plan Committee of the Board. The deadline for returning your voting instruction form to the trustees of the ESOP and 401(k) Plan is October 28, 2011.

Vote Required

The Annual Meeting can only transact business if a majority of the outstanding shares of Common Stock entitled to vote is represented at the Annual Meeting. If you return a valid proxy or attend the Annual Meeting in person, your shares will be counted for purposes of determining whether there is a quorum even if you abstain or withhold your vote or do not vote your shares at the Annual Meeting. Broker non-votes will be counted for purposes of determining the existence of a quorum. A broker non-vote occurs when a broker, bank or other nominee holding shares for a beneficial owner does not have discretionary voting power with respect to the agenda item and has not received voting instructions from the beneficial owner.

In voting on the election of directors, you may vote in favor of all nominees, withhold votes as to all nominees, or vote in favor of all nominees except nominees you specify as to which you withhold your

vote. There is no cumulative voting in the election of directors. Directors must be elected by a plurality of the votes cast at the Annual Meeting. This means that the nominees receiving the greatest number of votes will be elected. Votes that are withheld and broker non-votes will have no effect on the outcome of the election.

In voting to approve the non-binding advisory vote on executive compensation, you may vote in favor of the proposal, against the proposal or abstain from voting. To be approved, this proposal requires the affirmative vote of a majority of the votes cast at the Annual Meeting. Broker non-votes and abstentions will not be counted as votes cast and will have no effect on the voting on this proposal.

In the advisory vote on the frequency of advisory votes on executive compensation, you may vote to have a non-binding advisory vote on executive compensation every one, two or three years or abstain from voting. The number of years which receives a plurality of the vote cast will be considered the option approved by stockholders. Broker non-votes and abstentions will not be counted as votes cast and will have no effect on the outcome of the voting on this proposal.

In voting to ratify the appointment of ParenteBeard LLC as independent auditors for the 2012 fiscal year, you may vote in favor of the proposal, against the proposal or abstain from voting. To be approved, this proposal requires the affirmative vote of a majority of the votes cast at the Annual Meeting. Broker non-votes and abstentions will not be counted as votes cast on the proposal and therefore will have no effect on the outcome of the voting on this proposal.

The following table sets forth, as of the Record Date, certain information as to those persons who were known to be the beneficial owners of more than five percent (5%) of the Company's outstanding shares of Common Stock and as to the shares of Common Stock beneficially owned by all executive officers and directors of the Company as a group.

PROPOSAL I – ELECTION OF DIRECTORS

The Company's Bylaws provide that the Board of Directors shall be divided into three classes, as nearly equal in number as possible. Each class serves for a three-year period, with approximately one-third of the directors standing for election each year. The Board of Directors currently consists of nine members. Three directors will be elected at the Annual Meeting to serve for a three-year term and until their successors have been elected and qualified. In addition, Mr. Craig L. Montanaro, who was appointed to fill a vacancy on the Board after the last Annual Meeting, will stand for election to the class to which he was appointed.

Craig L. Montanaro has been nominated by the Board of Directors for election to a one-year term to expire in 2012, and Theodore J. Aanensen, Joseph P. Mazza and John F. Regan have been nominated by the Board of Directors for election to a three-year term to expire in 2014. Each of the nominees has consented to be named in the proxy statement and agreed to serve, if elected. It is intended that proxies solicited by the Board of Directors will, unless otherwise specified, be voted for the election of Messrs. Aanensen, Mazza, Regan and Montanaro. If any of the nominees are unable to serve, the shares represented by all valid proxies will be voted for the election of such substitute as the Board of Directors may recommend. At this time, the Board of Directors knows of no reason why any of the nominees might be unavailable to serve.

Business Experience and Qualifications of Directors

The Board believes that the many years of service that our directors have had with the Company and the Bank or with other financial institutions is one of the directors' most important qualifications for service on the Board. This service has given them extensive knowledge of the banking business and the Company. Furthermore, their service on Board committees, especially in areas of audit, compliance and compensation is critical to their ability to oversee the management of the Bank by our executive officers. Service on the Board by the Chief Executive Officer (the "CEO") is critical to aiding the outside directors to understand the crucial and complicated issues that are common in the banking business. Each outside director brings special skills, experience and expertise to the Board as a result of their other business activities and associations.

The biographies of each of the nominees and continuing directors below contains information regarding the person's service as a director, business experience, director positions held currently or at any time during the last five years, information regarding involvement in certain legal or administrative proceedings, if applicable, and the experiences, qualifications, attributes or skills that caused the Nominating Committee and the Board to determine that the person should serve as a director for the Company beginning in 2011.

 John J. Mazur, Jr., Joseph P. Mazza, John F. Regan

Nominating Committee. This committee consists of Directors McGovern, McClane and Mazur and is responsible for the annual selection of nominees for election as directors. Each member of the Nominating Committee is independent in accordance with the listing standards of The Nasdaq Stock Market. This committee operates under a written charter, which governs its composition, responsibilities and operations. A copy of this charter is available in the Governance Documents section of the “Investor Relations” page of our website at www.kearnyfederalsavings.com. The committee meets as needed and met one time during the year ended June 30, 2011.

The Company does not pay fees to any third party to identify or evaluate or assist in identifying or evaluating potential nominees. The process for identifying and evaluating potential nominees of the Board includes soliciting recommendations from directors and officers of the Company and the Bank.

Additionally, the Board may consider persons recommended by shareholders of the Company in selecting nominees of the Board for election as directors. The manner of evaluation for all potential nominees is the same.

The charter states that the Committee will seek nominees with excellent decision-making ability, business experience, personal integrity and a favorable reputation, who are knowledgeable about the business activities and market areas in which the Company and its subsidiaries engage. The Committee may consider diversity in market knowledge, background, experience, qualifications, and other factors as part of its evaluation of each candidate.

The Committee's process for identifying and evaluating potential nominees will include soliciting recommendations from directors and officers of the Company and the Bank. Additionally, the Committee will consider persons recommended by shareholders of the Company in selecting the individuals the Committee recommends to the Board for selection as the Board's nominees. The Committee will evaluate persons recommended by directors or officers of the Company or the Bank and persons recommended by shareholders in the same manner.

To be considered in the Committee's selection of individuals the Committee recommends to the Board for selection as the Board's nominees, recommendations from shareholders must be received by the Company in writing by at least 120 days prior to the date the proxy statement for the previous year's annual meeting was first distributed to shareholders. Recommendations should identify the submitting shareholder, the person recommended for consideration and the reasons the submitting shareholder believes such person should be considered.

The Company's Bylaws provide that any shareholder wishing to make a nomination for the election of directors or a proposal for new business at a meeting of shareholders must send written notice to the Secretary of the Company at least five days before the date of the annual meeting. The bylaws further provide that if a shareholder wishing to make a nomination or a proposal for new business does not follow the prescribed procedures, the proposal will not be considered until an adjourned, special, or annual meeting of the shareholders taking place thirty days or more thereafter. Management believes that it is in the best interests of the Company and its shareholders to provide enough time for management to disclose to shareholders information about any competing slate of director nominations. This advance notice requirement may also give management time to solicit its own proxies in an attempt to defeat any dissident slate of nominations if management thinks it is in the best interest of shareholders generally. Similarly, adequate advance notice of shareholder proposals will give management time to study such proposals and to determine whether to recommend to the shareholders that such proposals be adopted.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

During the fiscal year ended June 30, 2011, the Company made a transition in its senior management ranks in accordance with the succession plans previously announced. John N. Hopkins retired as our Chief Executive Officer as of April 1, 2011 after a 36-year career with the Company and Kearny Federal Savings Bank. As of April 1, 2011, Craig L. Montanaro serves the Company as our CEO and continues as its President and as a Director. In addition, Eric B. Heyer was appointed as Senior Vice President and Chief Financial Officer, and William C. Ledgerwood has been promoted to Chief Operating Officer. The other named executive officers are Albert E. Gossweiler, Senior Vice President, Chief Investment Officer and Treasurer and Patrick M. Joyce, Senior Vice President and Chief Lending Officer. In recognition of Mr. Heyer's promotion as of April 1, 2011, we awarded him a salary increase, stock

options and restricted stock awards. The compensation of the other named executive officers was last reviewed in December 2010.

During 2010, the Compensation Committee was also involved in reviewing the compensation and benefits programs of Central Jersey Bank, NA and establishing a transition program for the officers and employees of Central Jersey Bank who are as a result of the merger with the Company employees of Kearny Federal Savings Bank.

General Policy

The objective of the Company's executive compensation program is to offer competitive short-term and long-term compensation opportunities that will attract, motivate and retain qualified and talented executives who will help facilitate improved financial performance and earnings growth with a focus on enhancing long-term value for the Company's shareholders. The Company's executive compensation program is intended to align the interests of its executive officers with shareholders by rewarding performance measured against the approved annual corporate budget, and by rewarding strong executive leadership and superior individual performance. Compensation levels for executives are established after considering factors that include, but are not limited to, the financial performance of the Company and competitive labor market conditions. Furthermore, qualitative factors such as overall job performance, individual leadership, teamwork, and community involvement are considered in compensation deliberations.

Components of Compensation

In establishing and evaluating executive compensation, the Compensation Committee concentrates on several fundamental pay components: base salary, bonus compensation, retirement income opportunity and long-term wealth accumulation through equity based compensation.

Base Salary: Salary levels for senior executives and other officers are reviewed by the Compensation Committee on an annual basis. Salary levels reflect an individual's job responsibilities, career experience and job performance and the Compensation Committee's analysis of competitive marketplace conditions for similar positions.

Bonus Compensation: We seek to reward the achievement of the Company's and the Bank's business objectives by providing bonus compensation to those individuals who play an instrumental role in defining and then achieving or exceeding specific previously determined organizational business objectives of the Company. Although the Compensation Committee's decisions are discretionary, the general factors that are used to determine bonuses are: (1) the actual Company performance achieved as detailed in the annual operating budget; (2) an individual's contribution to the Company's and the Bank's achievement of its goals as detailed in its business plan and the annual operating budget since the executive's last evaluation; and (3) the individual's demonstrated capacity to adapt to changing business needs. No specific weightings of these factors were used to calculate bonuses. The Committee reviews the corporate performance following the end of the planning year as measured against the corporate budget approved by the Board for such year. The aggregate bonus pool accrued during the 2011 fiscal year was equal to 5% of total employee base compensation. While the Committee considers actual corporate performance compared against its corporate budget, aggregate bonus compensation and individual bonus awards are not directly tied to that measure.

Retirement Income Opportunity: Another component of the executive compensation strategy of the Company and the Bank is retirement income opportunity. Presently, such retirement income opportunity involves the Bank's defined benefit pension plan, the Benefits Equalization Plan related to the defined benefit plan (each of which have been frozen as of July 1, 2007 so that future service or salary

changes will not increase retirement benefits), the Bank's 401(k) plan and the Bank's Employee Stock Ownership Plan ("ESOP") and related ESOP Benefits Equalization Plan. Such retirement income programs provide a significant inducement for long-term retention of high-performing executives.

Equity Based Compensation: The Company's shareholders approved the Company's Stock Compensation and Incentive Plan in 2005. Through this plan, senior executives and other officers may be awarded stock options and restricted stock awards that will offer them the possibility of future compensation opportunity depending on the executive's continued employment with the Company and the Bank and the long-term price appreciation of the Company's common stock. During the fiscal year, ended June 30, 2006, awards were made to the Company's chief executive officer and other executive officers. A determination related to such award of stock options and stock awards was made by the Committee after reviewing the Company's other compensation programs for its executive officers and the stock compensation awards made by other financial institutions having completed a stock offering of at least \$50 million within the prior three years. Additional awards have been made from time to time to reflect job promotions or recruitment of newly hired executives.

The long-term value of these equity awards is reviewed annually by the Compensation Committee in conjunction with the value of the other components of compensation in order to evaluate the overall value of each compensation component to senior executive and other officers. Although the stock options previously awarded to the executive officers do not currently represent a significant component of the overall compensation program, it is anticipated that such options will provide a meaningful compensation opportunity in the longer term in conjunction with long-term increases in shareholder value as measured by anticipated future appreciation in the market value of the Company's stock. Therefore, it is anticipated that such equity awards will provide the senior executive and other officers with long term performance and retention incentives consistent with the Company's objective of enhancing long-term value for the Company's shareholders.

Other Important Components of the Compensation Program: In addition to these components of the compensation program, the Company also maintains employment agreements, including change in control severance protection for the executive officers, insurance programs and other benefit programs, and perquisites and other personal benefits, all consistent with industry practices in our market areas. All of these components of the compensation program are intended to maintain a competitive compensation program necessary to reward our executive officers for achieving our corporate goals and objectives and to provide the necessary job security and protections so that they may focus on achieving improved financial performance for the Company and its shareholders and to permit us to recruit new professional staff from time to time as necessary. Compensation payable to the executive officers related to any change in control transaction of the Company is anticipated to be tax-deductible payments in accordance with Section 280G of the Internal Revenue Code.

Administration of Compensation Program

The Compensation Committee of the Company is responsible for the administration of the compensation program for the Chief Executive Officer and the other executive officers. The Compensation Committee meets periodically throughout the fiscal year, including November of each year to determine annual salary adjustments, cash bonus and any equity awards for senior executive and other officers. The Company does not have a formal policy addressing each specific type of compensation. The Committee does consider a variety of factors as it evaluates compensation for each officer, including:

- * Overall company financial performance as compared to budget and prior year's performance;

- * Bank regulatory compliance and examination results;
- * Bank performance metrics compared to other financial services companies in our market area, including return on assets, return on equity, level of non-performing loans and efficiency ratio;
- * The individual achievements of each officer in their respective areas of responsibility; and
- * The market competitiveness of the Company's compensation and benefits programs applicable to its executive management.

The Compensation Committee does not assign a specific weight to any given factor, and no factor has more specific weight than another factor considered. Annual salary increases are generally made in amounts deemed necessary to maintain the competitiveness of the salary structure. Absent a material increase in duties performed by an executive or a significant change in the economic or competitive environment, salaries are not increased materially from year to year.

Mr. Hopkins, serving as the CEO, met with the Compensation Committee to discuss the performance evaluations of each of the executive officers, excluding himself, and presented his recommendations. Mr. Hopkins is not present for any discussion involving his personal compensation.

The Compensation Committee awards specific bonus amounts for each executive officer after reviewing the Company's most recently completed fiscal year results and individual performance. The Company has never been required to materially adjust or restate its reported earnings, and it does not have a policy regarding the adjustment or recovery of bonuses in such an event. Under the Dodd-Frank Act, a policy of recoupment of incentive compensation will be required for institutions above \$1 billion in asset size. The Company will be implementing such a recoupment policy in the future to comply with such requirements following issuance of final regulations by our Federal banking regulators.

The Board of Directors believes that equity-based compensation is important in aligning the interests of management with those of shareholders and has established the Kearny Federal Savings Bank ESOP and the Company's 2005 Stock Compensation and Incentive Plan to help facilitate this objective. Although each of the executive officers has a substantial personal investment in the Company's Common Stock, the Board of Directors does not have any formal equity ownership requirements or guidelines for its executive officers or directors.

Committee Review of Executive Compensation

In making its recommendations regarding executive compensation at calendar year-end 2010, the Compensation Committee considered various factors, including the financial condition and performance of the Company compared to the Company's operating budget, the current economic conditions and interest rate environment, and the executive officer's efforts to generate revenues and implement cost reduction strategies. The Compensation Committee also considers the individual performance of the executive officers, attainment of strategic business initiatives and regulatory compliance. The Compensation Committee has considered the potential risks that the incentive compensation programs may expose the Company to, and the established policies, controls and procedures of the Company and the Bank that exist to protect against such risks to the Company (See Compensation Risk Assessment).

The Committee utilizes publicly available information to gather information related to compensation practices for executive officers of financial services companies in order to determine market competitive levels of compensation as well as reviewing internal pay levels within the executive

group. The Committee's review of such information includes an analysis of the compensation practices for executive officers of financial services companies with assets of between \$1.2 billion and \$4.1 billion located in New Jersey and in the adjacent states of New York and Pennsylvania within approximately 100 miles of Fairfield, New Jersey. In November 2010, these companies consisted of Abington Bancorp, Inc., Bryn Mawr Bank Corporation, Dime Community Bancshares, Inc., First of Long Island Corporation, First National Community Bancorp, Inc., Flushing Financial Corporation, Hudson Valley Holding Corp., Intervest Bancshares Corporation, Lakeland Bancorp, Incorporated, Northfield Bancorp, Inc., OceanFirst Financial Corp., Oritani Financial Corp, Peapack-Gladstone Financial Corp, Provident New York Bancorp, Roma Financial Corporation, Royal Bancshares of PA, Inc., Smithtown Bancorp, Inc., State Bancorp, Inc., Sterling Bancorp, Suffolk Bancorp, Sun Bancorp, Inc. and Univest Corporation of PA. In November 2010, the Committee reviewed the total salary plus cash bonus payments received by the Chief Executive Officer, the Chief Financial Officer and the Chief Lending Officer for the companies in this comparative group as reported in the summary compensation table of such companies as set forth in the most recent annual meeting proxy statements as filed with the Securities and Exchange Commission. The Committee reviewed the reported compensation for the comparable group's 25th percentile, median and 75th percentile with respect to total salary and total salary plus cash bonus paid by this group of companies for each executive position reviewed. The Committee reviewed such data prior to making its salary and cash bonus decisions in late 2010 with respect to the executive officers included in the Summary Compensation Table. The Company does not engage in any specific benchmarking of total compensation or specific elements of compensation to a predetermined peer group of companies when determining compensation levels for its executive officers. The comparison companies and the elements of compensation that are compared are reviewed annually and may change from year-to-year. The Compensation Committee makes decisions regarding each individual executive's target total compensation opportunity with consideration of the goal of motivating and retaining an experienced and effective management team.

In June 2011, the Committee reviewed updated total salary and total salary plus cash bonus compensation received by the Chief Executive Officers, the Chief Operating Officers, the Chief Financial Officers and the Chief Lending Officers for the companies in this comparative group as reported in the summary compensation table of such companies. The Committee reviewed updated compensation information with respect to the comparable group's 25th percentile, median and 75th percentile with respect to total salary and total salary plus cash bonus paid by this group of companies for each executive position reviewed. The Committee determined that the compensation decisions made in December 2010 were consistent with the updated market data available.

The Committee has not, in the past several years, retained any compensation experts or consultants to specifically advise the committee or formulate recommendations. The Committee has access to the public disclosures of comparable companies and available trade compensation surveys through the Company's internal resources and its business and legal advisors. However, the Committee formulates its own compensation decisions based upon its review and analysis of such data, rather than relying on the analysis and recommendations of third-party consultants.

The Committee is responsible for conducting periodic reviews of the executive compensation of senior executives, including the Chief Executive Officer. The Committee determines salary levels for senior executives and other officers and amounts of cash bonuses to be distributed to those individuals, if and as appropriate. Awards to senior management and key employees under the Company's 2005 Stock Compensation and Incentive Plan are determined by the Compensation Committee.

The Compensation Committee met during November and December 2010 and determined to make salary changes for the named executive officers effective January 1, 2011 of approximately 5.0% of base salary for each such named executive officer, and increases in salary for Mr. Montanaro of \$40,000

(15%) to a salary of \$300,000 and Mr. Ledgerwood of \$24,600 (10%) to a salary of \$270,600, reflecting their promotions as part of the Company's succession plans. The Compensation Committee also approved a cash bonus of 5% for certain named executive officers, Hopkins, Montanaro, Ledgerwood, Gossweiler, Joyce and Heyer, paid in December 2010. Such cash bonuses awarded in December 2010 related to performance for the fiscal year ended June 30, 2010.

Compensation of the Chief Executive Officer

In assessing appropriate types and amounts of compensation for the CEO, the Board evaluates both corporate and individual performance. Individual factors include the CEO's initiation and implementation of successful business strategies; maintenance of an effective management team and management succession planning; and various personal qualities, including leadership, commitment, and professional and community standing.

In November 2010, the Compensation Committee reviewed the Company's fiscal year 2010 operating results, as well as the job performance of CEO, John N. Hopkins. The Compensation Committee believes that Mr. Hopkins has made significant contributions to the ongoing success of the Company and the Bank, including his efforts in managing the Company's executive team, corporate succession planning for senior executive officers, negotiating and completing the Central Jersey Bank, NA merger and implementing cost-control initiatives. The Compensation Committee approved an increase in salary of \$35,000 and a bonus award of \$34,500 for the CEO for the fiscal year 2010 performance.

Tax Deductibility of Executive Compensation

Under Section 162(m) of the Internal Revenue Code, companies are subject to limits on the deductibility of executive compensation. Deductible compensation is limited to \$1 million per year for the CEO and the three most highly paid executive officers listed in the summary compensation table. Compensation that is "performance-based" under the Internal Revenue Code's definition is exempt from this limit. Stock option grants by the Company are intended to qualify as performance-based compensation.

The Compensation Committee does not have a formal policy with respect to the payment of compensation in excess of the deduction limit. The Compensation Committee's practice is to structure compensation programs offered to the executive officers with a view to providing incentives necessary to attract, retain and reward its executive officers. In most instances, such compensation satisfies the requirements for tax-deductibility. The Committee may determine to authorize payments, all or part of which would be nondeductible for federal tax purposes. Approximately \$212,472 of compensation earned by the CEO Hopkins for the fiscal year ended June 30, 2011 will be a non-deductible expense for tax purposes in accordance with Section 162(m) of the Internal Revenue Code. It is not anticipated that similar amounts will exceed the deductibility limits for fiscal year 2012.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee consists of Directors Aanensen, Mazur, Mazza and McClane. Members of the Compensation Committee are non-employee directors of the Company and the Bank. No member of the Committee or any other director is, or was during fiscal year 2011, an executive officer of another company whose board of directors has a comparable committee on which one of the Company's executive officers serves. None of the executive officers of the Company is, or was during fiscal year 2011, a member of the board of directors or a comparable compensation committee of a company of which any of the directors of the Company is an executive officer.

COMPENSATION RISK ASSESSMENT

During the 2011 fiscal year, senior management has conducted a Compensation Risk Assessment which was presented to and reviewed by the Compensation Committee. This Compensation Risk Assessment concluded the Company's compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company.

Pension Benefits. The Bank is a participating employer in a multiple-employer pension plan sponsored by the Financial Institutions Retirement Fund (the “Pension Plan”). All full-time employees of the Bank are eligible to participate after one year of service and attainment of age 21. A qualifying employee becomes fully vested in the Pension Plan upon the earlier of completion of five years service or attainment of the normal retirement age of 65. The Pension Plan is intended to comply with the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Pension Plan provides for monthly payments to each participating employee at normal retirement age. A participant who is vested in the Pension Plan may take an early retirement and elect to receive a reduced monthly benefit beginning as early as age 45. The Pension Plan also provides for payments in the event of disability or death. The annual benefit amount upon retirement at age 65 equals 2% of the participant’s highest five-year average salary times years of service. Benefits are payable in the form of a monthly retirement benefit and a death benefit or an alternative form that is actuarially equivalent. Effective July 1, 2007, the Bank “froze” all future enrollments and benefit accruals under its non-contributory defined benefit pension plan and related benefits equalization plan.

The Bank has adopted a Benefit Equalization Plan related to the Pension Plan. The purpose of this plan is to provide a pension benefit based upon the actual earnings of senior officers of the Bank in the event that their average annual earnings exceeds the permissible pensionable earnings level under the Pension Plan as required by the limitations of Sections 401(a)(17) and 415 of the Internal Revenue Code. The supplemental pension for such officers will reflect years in which earnings exceed the limits of Sections 401(a)(17) and 415 of the Internal Revenue Code with the supplemental benefit based upon the difference between their average earnings taking into effect this maximum pensionable earnings limitation and their average earnings without regard to such limitation, multiplied by 2% times their years of service at retirement. The benefits payment under the Benefit Equalization Plan for the Pension Plan will be in the form of an annual benefit payable for life and a death benefit. Effective July 1, 2007, the Bank “froze” all future enrollments and benefit accruals under its non-contributory defined benefit pension plan and related benefits equalization plan.

The following table provides information with respect to each defined benefit pension plan in which the named officers may receive payments or other benefits at, following, or in connection with retirement.

Name	Plan Name	Number of Years Credited Service	Present Value of Accumulated Benefit (1)	Payments During Last Fiscal Year
John N. Hopkins	Pension	32	\$ 1,689,000	\$ 0

Patrick M. Joyce	Pension	8	\$ 131,000	\$ 0
Eric B. Heyer	Pension	0	\$ 0	\$ 0

(1) Assumes retirement at normal retirement age as defined in the Plan. Present value is calculated using assumptions set forth in Note 15 of Notes to Consolidated Financial Statements in the 2011 Annual Report to Shareholders.

Nonqualified Deferred Compensation. The Bank has implemented for its senior officers a Benefits Equalization Plan related to the Employee Stock Ownership Plan. This plan constitutes a defined contribution plan providing for deferral of compensation on a non tax-qualified basis. The purpose of this plan is to provide a benefit to senior officers of the Bank whose benefits under the Employee Stock

Ownership Plan are limited by Sections 401(a)(17) and 415 of the Internal Revenue Code. For example, this plan provides participants with a benefit for any compensation that they may earn in excess of \$245,000 (as indexed) comparable to the benefits earned by all participants under the employee stock ownership plan for compensation earned below that level. The Bank may utilize a grantor trust in connection with this plan in order to set aside funds that ultimately may be used to pay benefits under the plan. The assets of the grantor trust will remain subject to the claims of the Bank's general creditors in the event of insolvency, until paid to a participant following termination of employment according to the terms of the plan. Benefits under the plan will be paid in a lump sum in the form of shares of common stock of the Company to the extent permissible under applicable regulations, or in the alternative, benefits will be paid in cash based upon the value of such shares at the time that such benefit payments are made. The actual value of benefits under this plan and the annual financial reporting expense associated with this plan are calculated annually based upon a variety of factors, including the actual value of benefits for participants determined under the Employee Stock Ownership Plan each year, the applicable limitations under the Internal Revenue Code that are subject to adjustment annually and the compensation of each participant at such time. Generally, benefits under the plan are taxable to each participant at the time of receipt of such payment, and the Bank will recognize a tax-deductible compensation expense at such time.

The following table sets forth information with respect to the Benefits Equalization Plan related to the Employee Stock Ownership Plan. Mr. Hopkins and Mr. Montanaro are the only officers at present with an accumulated benefit under the Benefits Equalization Plan for the Employee Stock Ownership Plan.

Employment Agreements. Effective June 30, 2011, the Bank entered into amended and restated employment agreements with President Montanaro providing for a minimum base salary of \$300,000 Executive Vice President Ledgerwood providing for a minimum base salary of \$270,600 and Senior Vice Presidents Gossweiler and Joyce providing for a minimum base salary of \$258,300. Effective June 30, 2011, the Bank entered into an employment agreement with Senior Vice President and Chief Financial Officer Eric B. Heyer providing for a base salary of \$230,000. These agreements each have a term of two years, and each provides for extension of the term on or before each anniversary of the effective date upon determination of the Board of Directors of the Bank that the officer's performance has met its requirements and standards. Pursuant to the terms of the employment agreements, each officer is generally entitled to participate in all discretionary bonuses, pension and other retirement benefit plans, welfare benefit plans and other equity, incentive and benefit plans and perquisites applicable to senior management of the Bank. Upon termination of employment at any time on or after attainment of age 62, each of the officers and his or her dependent family is also permitted to continue to participate, at the Bank's expense, in the group medical plan sponsored by the Bank until such time that the officer and his or her spouse become eligible for Medicare coverage. If terminated without cause, each of these officers will be entitled to (i) a continuation of his or her salary through the remaining term of the agreement, and (ii) during the same period, the cost of obtaining health, life, disability and other benefits at levels substantially equal to those provided on the date of termination of employment. As of June 30, 2011, the remaining term of the agreement for President Montanaro was three years and each of the other officers was

approximately two years, so a continuation of salary through the end of the term would equal \$900,000 for President Montanaro, \$541,200 for Executive Vice President Ledgerwood, \$516,600 for

Senior Vice Presidents Gossweiler and Joyce, and \$460,000 for Senior Vice President Heyer if the officer were terminated without cause as of that date. The value of the continuation of health, life disability and other benefits through the end of the term for each officer would equal approximately \$60,000 based on the Bank's current cost of providing those benefits.

If terminated involuntarily during the term of the agreement following a "change in control" of the Company or the Bank, as defined in the agreement, or without cause within twenty-four months following a change in control, each of these officers will be paid an amount equal to 2.0 times his or her most recent total annual compensation paid to the Executive or accrued by the Bank (including amounts attributable to salary, bonus, deferred compensation and retirement plans) with respect to the Executive for the most recently completed calendar year ending on or prior to such date of termination of employment of such Executive. The sum shall be paid in one (1) lump sum not later than the date of such termination of service. The executive and his or her dependents shall remain eligible to participate in the medical and dental insurance programs offered by the Bank to its employees for a period of not less than 18 months following the date of the termination; provided that the Employee shall pay to the Bank not less than monthly the corresponding COBRA continuation premiums in effect at such time for the Company or Bank. Each of the officers will also be entitled to the foregoing change in control severance payment and benefits upon a voluntary termination of employment within 120 days following certain events during the term of the agreement following a change in control of the Company or the Bank. All amounts payable to any of the officers as severance in respect of a change in control will be reduced to the extent necessary such that neither the payments under the employment agreement, nor any other payments, constitute "excess parachute payments" under Section 280G of the Internal Revenue Code. If change in control payments had been made under these agreements as of June 30, 2011, President Montanaro would have received a payment of approximately \$1,320,033, Executive Vice President Ledgerwood would have received a payment of \$553,500, Senior Vice Presidents Gossweiler and Joyce would each have received a payment of approximately \$528,900 and Senior Vice President Heyer would have received a payment of approximately \$607,000.

Potential Payments Upon Resignation, Retirement or Termination. The table below reflects the amount of compensation payable to each of the named officers in accordance with each individual's employment agreement and other benefit plans and agreements as discussed in the preceding sections in the event of termination of such executive's employment. The amounts shown assume that such termination was effective as of June 30, 2011, and thus includes amounts earned through such time and are estimates of the amounts which would be paid out to the executives upon their termination. The amounts shown relating to unvested stock options and stock awards are based on the fair market value of the Common Stock on June 30, 2011 of \$9.11. The actual amounts to be paid out can only be determined at the time of such executive's termination of employment.

Directors Consultation and Retirement Plan. Kearny Financial Corp. maintains a Directors Consultation and Retirement Plan (the "DCRP"). The DCRP provides retirement benefits to the directors of Kearny Financial Corp., Kearny MHC and Kearny Federal Savings Bank based upon the number of years of service as a director. To be eligible to receive benefits under the DCRP, a director generally must have completed at least five years of service and must not retire from the board prior to reaching 60 years of age. If a director agrees to become a consulting director upon retirement, he will receive a monthly payment equal to 2.5% of the total retainer plus fees paid for attendance at regular and special meetings and meetings of the executive committee paid to him by Kearny Financial Corp., Kearny MHC and Kearny Federal Savings Bank during the 12-month period prior to the date of retirement multiplied by the number of years of service as a director, not to exceed 80% of board compensation. Benefits under the

DCRP begin upon a director's retirement and are paid for life; provided, however, that in the event of a director's death prior to the receipt of 120 monthly payments, payments shall continue to the director's surviving spouse or estate until 120 payments have been made. In the event there is a change in control (as defined in the DCRP), all directors will be presumed to be eligible to receive benefits under the DCRP and each director will receive a lump sum payment equal to the present value of future benefits payable. Benefits under the DCRP are unvested and forfeitable until retirement at or after age 60 with at least five years of service, termination of service following a change in control, disability following at least five years of service or death.

**PROPOSAL II – APPROVAL OF A NON-BINDING ADVISORY
VOTE ON EXECUTIVE COMPENSATION**

Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”) and the implementing regulations proposed by the Securities and Exchange Commission thereunder provide that for the first annual meeting of shareholders on or after January 21, 2011 and not less than once every three years thereafter the Company must include a separate resolution subject to shareholder vote to approve the compensation of the Company's named executive officers, as disclosed in its proxy statement pursuant to Item 402 of Regulation S-K of the Securities and Exchange Commission.

This proposal, commonly known as a “say-on-pay” proposal, gives the Company's shareholders the opportunity to endorse or not endorse the Company's executive pay program and policies, as disclosed in this Proxy Statement, through the following resolution:

“Resolved, that the shareholders approve the compensation of the Company's Named Executive Officers as disclosed in this Proxy Statement.”

As provided in the Dodd-Frank Act, this vote will not be binding on the Board of Directors and may not be construed as overruling a decision by the Board, creating or implying any change to the fiduciary duties of the Board or any additional fiduciary duty by the Board or restricting or limiting the ability of shareholders to make proposals for inclusion in proxy materials related to executive compensation. The Compensation Committee, however, may take into account the outcome of the vote when considering future executive compensation arrangements.

In voting to approve the above resolution, shareholders may vote for the resolution, against the resolution or abstain from voting. This matter will be decided by the affirmative vote of a majority of the votes cast at the Annual Meeting. On this matter, abstentions will have no effect on the voting.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” APPROVAL OF THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.

**PROPOSAL III – ADVISORY VOTE ON THE FREQUENCY
OF ADVISORY VOTES ON EXECUTIVE COMPENSATION**

Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”) and the

implementing regulations proposed by the Securities and Exchange Commission thereunder require that at the first annual meeting of shareholders held on or after January 21, 2011 and not less frequently than once every six years thereafter the Company must include a separate resolution subject to shareholder vote to determine whether the non-binding shareholder vote on executive compensation that is the subject of Proposal II should occur every one, two or three years.

The Board of Directors welcomes the views of shareholders on executive compensation matters. The Board of Directors, however, does not believe that it is necessary to have the non-binding vote on executive compensation occur every year. The Board of Directors believes that a triennial vote will allow stockholders the time needed to properly assess the impact of changes made in the Company's executive compensation program in response to shareholder votes on executive compensation. Triennial votes will also reduce the Company's costs of proxy solicitations. Accordingly, the Board recommends that the non-binding vote on executive compensation occur only once every three years.

As provided in the Dodd-Frank Act, this vote will not be binding on the Board of Directors and may not be construed as overruling a decision by the Board, creating or implying any change to the fiduciary duties of the Board or any additional fiduciary duty by the Board or restricting or limiting the ability of shareholders to make proposals for inclusion in proxy materials related to executive compensation.

In voting on the frequency of the non-binding say-on-pay resolution, shareholders may vote to have the vote occur every one, two or three years or abstain from voting. The option which receives the most votes from shareholders will be deemed to be the option selected by shareholders. On this matter, abstentions and broker non-votes will have no effect on the outcome.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE TO HAVE THE NON-BINDING VOTE ON EXECUTIVE COMPENSATION OCCUR EVERY "THREE YEARS."

PROPOSAL IV - RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITOR

The Audit Committee of Board of Directors of the Company has appointed ParenteBeard LLC as the Company's independent auditor for the fiscal year ending June 30, 2012. This appointment is being submitted to the Company's shareholders for ratification. ParenteBeard was the Company's independent auditor for the fiscal year ended June 30, 2011. A representative of ParenteBeard is expected to be present at the Annual Meeting, will have the opportunity to make a statement if he or she so desires, and is expected to be available to respond to appropriate questions.

The Company's financial statements for the fiscal year ended June 30, 2009 were audited by Beard Miller Company, LLP ("Beard"). On October 1, 2009, the Company was notified that the audit practice of Beard had been combined with Parente Randolph, LLC to form ParenteBeard LLC. On October 1, 2009, Beard resigned as the Company's auditors and with the approval of the Audit Committee of the Company's Board of Directors on October 5, 2009, ParenteBeard was engaged as its independent registered public accounting firm.

Prior to engaging ParenteBeard, the Company did not consult with ParenteBeard regarding the application of accounting principles to a specific completed or contemplated transaction or regarding the type of audit opinions that might be rendered by ParenteBeard on the Company's financial statements, and ParenteBeard did not provide any written or oral advice that was an important factor considered by the Company in reaching a decision as to any such accounting, auditing or financial reporting issue.

Beard's report regarding the Company's consolidated financial statements for the fiscal years ended June 30, 2009 did not contain any adverse opinion or disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope or accounting principles.

During the year ended June 30, 2009 and during the interim period from the end of the most recently completed fiscal year through the date of their resignation, there were no disagreements with

Beard on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of Beard would have caused it to make reference to such disagreement in its report.

Ratification of the appointment of the independent auditor requires the affirmative vote of a majority of the votes cast, in person or by proxy, by the shareholders of the Company at the Annual Meeting. The Board of Directors recommends that shareholders vote "FOR" the ratification of the appointment of ParenteBeard LLC as the Company's independent auditor for the 2012 fiscal year.

INFORMATION REGARDING INDEPENDENT AUDITOR

Principal Accounting Fees and Services. Under the Sarbanes-Oxley Act of 2002, all auditing services and non-audit services provided by an issuer's independent auditor must be approved by the issuer's audit committee prior to such services being rendered or be approved pursuant to pre-approval policies and procedures established by the issuer's audit committee. The Company's Audit Committee approves each service prior to the engagement of the auditor for all audit and non-audit services. All of the services listed below were approved by the Audit Committee prior to the service being rendered. There were no non-audit services described below that were not recognized as non-audit services at the time of engagement that were approved after the fact pursuant to the de minimus exception under the Sarbanes-Oxley Act.

Audit Fees. Audit fees consist of fees for professional services rendered for the audit of the Company's annual consolidated financial statements and for the review of the quarterly consolidated financial statements. The aggregate audit fees billed by ParenteBeard for the year ended June 30, 2011 and 2010 were \$353,516 and \$274,167, respectively.

Audit-Related Fees. Audit-related fees consist principally of assurance and related services normally provided by the independent auditor in connection with statutory and regulatory filings. The aggregate audit related fees billed by ParenteBeard for the year ended June 30, 2011 and 2010 were \$69,000 and \$52,865, respectively.

Tax Fees. The aggregate fees billed by ParenteBeard for professional services rendered for tax compliance, tax advice and tax planning totaled \$25,000 and \$27,000 for the years ended June 30, 2011 and 2010, respectively. Tax-related services consisted of tax return preparation and consultation.

All Other Fees. The aggregate fees billed by ParenteBeard for professional services rendered for services or products other than those listed under the captions "Audit Fees," "Audit-Related Fees," and "Tax Fees" totaled \$-0- and \$24,000 for the years ended June 30, 2011 and 2010, respectively.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's officers and directors, and persons who own more than ten percent of the Common Stock, to file reports of ownership and changes in ownership of the Common Stock with the Securities and Exchange Commission and to provide copies of those reports to the Company. The Company is not aware of any beneficial owner, as defined under Section 16(a), of more than ten percent of the outstanding common stock, other than Kearny MHC. Based solely on its review of these reports or

representations from the reporting persons that no filings are due, the Company believes that all Section 16(a) filing requirements applicable to its officers and directors were complied with during the 2011 fiscal year.

SHAREHOLDER COMMUNICATIONS TO THE BOARD
AND SHAREHOLDER PROPOSALS

The Board of Directors does not have a formal process for shareholders to send communications to the Board. In view of the infrequency of shareholder communications to the Board of Directors, the Board does not believe that a formal process is necessary. Written communications received by the Company from shareholders are shared with the full Board no later than the next regularly scheduled Board meeting.

In order to be considered for inclusion in the Company's proxy materials for the 2012 annual meeting of shareholders, all shareholder proposals must be received at the Company's executive office at 120 Passaic Avenue, Fairfield, New Jersey 07004 no later than June 4, 2012.

Under the Company's bylaws, any new business to be taken up at the annual meeting shall be stated in writing and filed with the secretary of the Company at least five days before the date of the annual meeting, and all business so stated, proposed and filed shall be considered at the annual meeting; but no other proposal shall be acted upon at the annual meeting.

Unless unable to attend due to illness or other unforeseen circumstances; each member of the Board of Directors is present at annual meetings. Eight directors attended the 2010 Annual Meeting of Shareholders.

SHAREHOLDERS SHARING A SINGLE ADDRESS

Only one copy of this proxy statement and the accompanying annual report to shareholders is being delivered to multiple shareholders sharing an address unless the Company has previously received contrary instructions from one or more of such shareholders. On written or oral request to the Secretary of Kearny Financial Corp., 120 Passaic Avenue, Fairfield, New Jersey 07004 (973) 244-4500, the Company will deliver promptly a separate copy of this proxy statement and the Annual Report to a shareholder at a shared address to which a single copy of the documents was delivered. Shareholders sharing an address who wish, in the future, to receive separate copies or a single copy of our proxy statements and annual reports should provide written or oral notice to the Secretary at the address and telephone number set forth above.

OTHER MATTERS

The Board of Directors is not aware of any other matters to come before the Annual Meeting. However, if any other matters should properly come before the Annual Meeting or any adjournments, it is intended that proxies in the accompanying form will be voted in respect thereof in accordance with the judgment of the persons named in the accompanying proxy.

MISCELLANEOUS

The Company will bear the cost of soliciting proxies. The Company will reimburse brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses that they incur in forwarding proxy materials to the beneficial owners of Common Stock. In addition to soliciting proxies by mail, directors, officers, and regular employees of the Company may solicit proxies personally or by telephone without additional compensation.

The Company's 2011 Annual Report to Shareholders, which includes a copy of the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2011, accompanies this proxy statement. Except in the extent specifically incorporated by reference, the Annual Report is not to be treated as part of the proxy solicitation material nor as having been incorporated by reference herein.
