Item 2.02 Results of Operations and Financial Condition.

On November 9, 2007, FormFactor, Inc. (the “Company”) issued a press release announcing its preliminary financial results for the third quarter of fiscal year 2007, ended September 29, 2007. A copy of the press release is furnished as Exhibit 99.1 to this report and is incorporated by reference herein.

Item 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

On November 9, 2007, the Company also announced that it has substantially completed its review of its historical practices with respect to inventory valuation. That review indicates that during fiscal 2006 and the first half of fiscal 2007 the Company did not consistently follow its accounting policies for determining inventory valuation. As a result, the Board of Directors determined on November 8, 2007 that the Company will restate its financial statements for the fiscal year ended December 30, 2006, for each of the fiscal quarters for that year, and for the fiscal quarters ended March 31 and June 30, 2007.

As a result of the restatement, the Board of Directors also determined on November 8, 2007 that the Company’s financial statements for the fiscal year ended December 30, 2006, for each of the fiscal quarters for that year, and for the fiscal quarters ended March 31 and June 30, 2007, should no longer be relied upon.

Additionally, the Company is evaluating management’s report on internal controls over financial reporting contained in the Company’s 2006 Form 10-K, and has determined that it is likely that it had a material weakness in internal controls over financial reporting as of December 30, 2006. A material weakness is a control deficiency, or a combination of control deficiencies, that results in more than a remote likelihood that a material misstatement of the annual or interim financials will not be prevented or detected. If the Company were to conclude that a material weakness existed as of December 30, 2006, it would expect to receive an adverse opinion on internal control over financial reporting from its independent registered public accounting firm.

The Audit Committee of the Board of Directors of the Company has reviewed this determination and has discussed the matters disclosed in this Item 4.02(a) with its independent registered public accounting firm, PricewaterhouseCoopers LLP.
