Report of Independent Accountants

To the Participants and Plan Administrator of
Mettler Toledo Retirement Savings Plan

We have audited the accompanying statements of net assets available for benefits (modified cash basis) of Mettler Toledo Retirement Savings Plan (the Plan) as of December 31, 2001, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2001. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Edgar Filing: METTLER TOLEDO INTERNATIONAL INC/ - Form 11-K

As described in Note 2, these financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits and the accumulated plan benefits of Mettler Toledo Retirement Savings Plan as of December 31, 2001, and the changes in net assets available for benefits for the year ended December 31, 2001, on a basis of accounting described in Note 2.

Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedule (modified cash basis) of assets held for investment purposes is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Independent Auditors' Report

Plan Administrator
Mettler Toledo Retirement Savings Plan:

We have audited the accompanying statement of net assets available for benefits of the Mettler Toledo Retirement Savings Plan (the Plan) as of December 31, 2000, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in note 2, these financial statements were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in

Edgar Filing: METTLER TOLEDO INTERNATIONAL INC/ - Form 11-K

all material respects, the net assets available for benefits of the Plan as of December 31, 2000, and the changes in net assets available for benefits for the year then ended in conformity with a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Mettler Toledo Retirement Savings Plan

Notes to Financial Statements
December 31, 2001 and 2000

1. Description of Plan

The following description of the Mettler Toledo Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a qualified defined contribution plan covering substantially all full-time employees of Mettler-Toledo, Inc. (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Employees become eligible to participate in the Plan on the first day of the calendar month following the date the employee meets the eligibility requirements, as defined.

Contributions

Each year, participants may contribute up to 16% of pretax annual compensation, as defined by the Plan. The Company contributes 50% of each participant's contribution that does not exceed 6% of compensation. Forfeitures may be used by the Company to reduce future contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings, and is charged with an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. A yearly loan maintenance fee is deducted from the respective accounts of those participants with outstanding loans. The investment funds net investment earnings and changes in fair value are allocated to each participant's account on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after three years of credited service, as defined.

Investment Options

Upon enrollment in the Plan, a participant can direct employee and employer contributions in 5% increments among the various investment options offered through Vanguard Fiduciary Trust Company (VFTC), the plan trustee. A participant may transfer amounts between investment options as of any business day.

Payment of Benefits

A participant's vested account will be distributed upon retirement, termination, disability or death. Distributions are made in lump-sum or in equal annual installments not to exceed five years. Forfeitures, if any, are used to reduce employer contributions. Participants may make a withdrawal due to hardship. Such withdrawals are subject to approval by the Pension Committee and must meet the criteria for hardship under Section 401(k) of the Internal Revenue Code (IRC).

Mettler Toledo Retirement Savings Plan

Notes to Financial Statements
December 31, 2001 and 2000

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan.

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The differences between this modified cash basis and accounting principles generally accepted in the United States of America are that contributions and interest and dividend income are recognized when received, and distributions are recognized when paid.

Investment Valuation and Income Recognition

Under the terms of a trust agreement between the Company and VFTC, the trustee invests trust assets at the direction of the plan administrator. The trustee has reported to the Company the trust fund investments and the trust transactions at both cost and fair value. Fair value is based on quoted market prices obtained by the trustee. The investment contracts underlying the Vanguard Investment Contract Trust are carried at contract value as reported by the trustee. Remaining investments, other than loans to participants, are stated at fair value, as determined by the trustee. Loans to participants are stated at unpaid principal, which approximates fair value. Realized and unrealized gains and losses are reflected as net appreciation (depreciation) in fair value of investments in the statement of changes in net assets available for benefits.

Edgar Filing: METTLER TOLEDO INTERNATIONAL INC/ - Form 11-K

Interest charged to participants for participant loans is reviewed quarterly by the Plan administrator and is to be comparable to commercial lending rates on bank loans collateralized by certificates of deposit in the area at the time the loan is made. Loans may not exceed 50% of a participant's vested account balance or \$50,000. The repayment period may not exceed five years. Each loan is secured by the remaining balance in the participant's account.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recognized when received.

Contributions

Participant and employer contributions are recognized when received by the trustee.

Payment of Benefits

Benefits are recognized when paid.

Forfeitures

The portion of a participant's account which is forfeited due to termination of employment for reasons other than retirement, disability or death is used to reduce the Company's future contributions. Forfeitures were used to reduce company contributions by \$56,372 and \$35,990 in 2001 and 2000, respectively.

-6-

Mettler Toledo Retirement Savings Plan

Notes to financial Statements

December 31, 2001 and 2000

Administrative Expenses

Fees for portfolio management of VFTC funds are paid directly from fund earnings. Fees charged by VFTC as recordkeeper of the Plan and other fees, such as audit fees, are charged to and paid directly by the Company. Should the Company elect not to pay all or part of such expenses, the trustee then pays these expense from the Plan assets.

Use of Estimates

The preparation of the Plan's financial statements in conformity with a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, requires the plan administrator to make certain estimates and assumptions that affect the reported amounts of net assets available for benefits and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements and the amounts of changes in net assets available for benefits during the reporting period. Actual results could differ significantly from those estimates.

Risk and Uncertainties

The Plan provides for various investment options in any combination of stocks, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values

Edgar Filing: METTLER TOLEDO INTERNATIONAL INC/ - Form 11-K

of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

3. Investments

The following investments represent 5% or more of net assets available for benefits at December 31, 2001 and 2000:

	2001	2000
Investments at fair value		
Vanguard Index Trust-500 Portfolio	\$18,302,849	\$22,435,789
Vanguard PRIMECAP Fund	8,135,436	10,245,426
Windsor II Fund	6,368,068	6,859,874
Wellington Fund	4,787,690	--
Investments at contract value		
Vanguard Investment contract Trust	23,034,659	22,869,029

-7-

Mettler Toledo Retirement Savings Plan

Notes to financial Statements
December 31, 2001 and 2000

4. Transactions with Parties-in-Interest

Certain plan investments are shares of mutual funds managed by VFTC. VFTC is the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will immediately become 100% vested in their accounts.

6. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated May 8, 1996, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since then; however, the plan administrator believes the Plan is designed and is currently being operated in compliance with applicable provisions of the IRC.

Mettler Toledo Retirement Savings Plan

Notes to Financial Statements
December 31, 2001 and 2000

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying financial statements to the Form 5500 as of December 31, 2001 and 2000:

	2001	2000
Net assets available for benefits per the financial statements	\$91,275,768	\$97,641,663
Less amounts allocated to withdrawing participants	(670,666)	(780,917)
	-----	-----
Net assets available for benefits per the Form 5500	\$90,605,102	\$96,860,746
	-----	-----

The following is a reconciliation of benefits paid to participants per the accompanying financial statements to the Form 5500 for the year ended December 31, 2001.

Benefits paid to participants per the financial statements	\$ 8,461,331
Add amounts allocated to withdrawing participants at December 31, 2001	670,666
Less amounts allocated to withdrawing participants at December 31, 2000	(780,917)

Benefits paid to participants per the Form 5500	\$ 8,351,080

Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to December 31st but are not yet paid as of that date.
