The Company's Amended and Restated Certificate of Incorporation and amended

RECOMMENDATION OF THE BOARD OF DIRECTORS

Edgar Filing: ONEIDA LTD - Form DEF 14A

The Board of Directors unanimously recommends a vote 'FOR' each of the four nominees.

VOTE REQUIRED

An affirmative vote of a majority of stockholders present in person or by proxy is necessary for the election of these directors.

DIRECTOR INDEPENDENCE

The Board of Directors has determined that each of the current Directors, except Messrs. Kallet, Conseur Fobare and Ms. Suttmeier, are 'independent' under the current independence standards of both the New York Stock Exchange and the Securities and Exchange Commission, and have no material relationships with the Company (either directly or as a partner, shareholder or officer of any entity) which could be inconsistent with a finding of independence. In making these determinations, the Board of Directors has broadly considered all relevant facts and circumstances, recognizing that material relationships can include commercial, banking, consulting, legal, accounting, and familial relationships, among others.

Mr. Allyn serves as a Director of M&T Bank, one of the group of lenders participating in the Company's primary financing vehicle, its Amended and Restated Credit Agreement. The Board of Directors reviewed all facts and circumstances of the association between the Company, Mr. Allyn and M&T Bank, including the nature and volume of services provided to the Company by M&T Bank, and determined that Mr. Allyn has no material relationship with the Company other than as a Director and that he is 'independent'.

Mr. Pidot is a partner in the law firm of Shearman & Sterling, a long-time provider of legal services to the Company. The Board of Directors reviewed all facts and circumstances of the association between the Company, Mr. Pidot and Shearman & Sterling, including the nature and volume of services provided to the Company by Shearman & Sterling, and determined that Mr. Pidot has no material relationship with the Company other than as a Director and that he is 'independent'.

Messrs. Kallet, Conseur and Fobare and Ms. Suttmeier were not deemed 'independent' because they are current executive officers of the Company.

3

MEETINGS OF THE BOARD OF DIRECTORS

During the past fiscal year, the Board of Directors held sixteen meetings. All directors attended more than seventy-five percent of the total number of meetings of the Board of Directors and of the standing committees on which they served, except for Mr. Conseur who attended only seven of the eleven Executive Committee meetings.

COMMITTEES OF THE BOARD OF DIRECTORS

The Company's Board of Directors has four standing committees: an Audit Committee, an Executive Committee, a Management Development and Executive Compensation Committee and a Nominating and Corporate Governance Committee. All members of the Audit, Management Development and Executive Compensation and Nominating and Corporate Governance Committees have been determined by the Board

Edgar Filing: ONEIDA LTD - Form DEF 14A

to be 'independent' under the above-referenced director independence standards. The Audit, Management Development and Executive Compensation and Nominating and Corporate Governance Committees operate under written charters that are available, without cost, on the 'Investor Information' section of the Company's Internet website at www.oneida.com.

Audit Committee. During the past fiscal year, the committee met on six occasions. The Committee's primary responsibility is oversight of the accounting and financial reporting processes of the Company and the audits of the Company's financial statements. In particular, the Committee continually reviews and provides guidance on the organization, quality and integrity of the Company's accounting systems and internal controls, reviews and preapproves all annual and quarterly financial statements and reports, press releases and related disclosures, ensures the Company's compliance with legal and regulatory requirements, tracks important trends and developments in financial reporting practices and provides guidance relative to their effects on the Company's financial statements, discusses with the independent auditors all critical accounting policies and practices to be used by the Company in preparing its financial statements, appoints the independent auditor and periodically reevaluates the independent auditors' qualifications and independence, approves all audit and non-audit work to be performed by the independent auditors, supervises the internal audit function's organization, responsibilities, plans, results, budget and staffing supervises, reviews and makes recommendations to the Board of Directors with respect to the independent auditors' management letter and prepares an annual Committee Report for inclusion in the Company's proxy statement. The Committee's responsibilities are set forth in more detail in the Amended and Restated Audit Committee Charter attached to this Proxy as Exhibit A.

The Board of Directors has determined that each of the five members of the Audit Committee, Messrs. Allyn, Harden, Marshall and Tuck and Ms. Derrico, meets the Securities and Exchange Commission criteria to qualify as an audit committee financial expert, is financially literate and has accounting or related financial management expertise as defined in the New York Stock Exchange Corporate Governance Standards. In making recommendations and determinations regarding audit committee financial experts, the Audit Committee and Board of Directors considered all relevant academic and professional experience of the Committee members.

Executive Committee. During the past fiscal year, the committee met on 11 occasions. The Committee reviews and approves all capital expenditures of the Company in excess of \$100,000.

Management Development and Executive Compensation Committee. During the past fiscal year, the committee met on two occasions. The committee reviews and establishes the salaries of the officers who are compensated at an annual basic rate of \$150,000 or more. The committee also makes recommendations to the Board of Directors with respect to the organization, management and personnel of the Company and has responsibility for administering the Company's stock option plans, restricted stock awards, deferred compensation and incentive compensation plans. As a result of the November 2003 consolidation of the Pension and Profit Sharing Fund Investment Committee into the Management Development and Executive Compensation Committee, the committee now also makes recommendations to the Board of Directors with respect to the investment of funds held in the pension and profit sharing plans of the Company and its subsidiaries.

Nominating and Corporate Governance Committee. During the past fiscal year, the committee held two meetings. The Committee has responsibility for recommending to the Board of Directors: (i) an annual slate of directors to be elected at the Annual Meeting of Stockholders, (ii) as needed, candidates to fill vacancies on the Board, and (iii) compensation to be paid to non-employee Directors. In addition, the Committee advises the Board periodically with

Edgar Filing: ONEIDA LTD - Form DEF 14A

respect to significant developments in the law and practice of corporate governance as

4

well as the Company's compliance with the Company's Corporate Governance Guidelines and applicable laws and regulations, and makes recommendations to the Board on all matters of corporate governance and on any corrective action to be taken, as the Committee may deem appropriate.

The Nominating and Corporate Governance Committee will consider Director nominations timely made by stockholders pursuant to the requirements of the Company's 'Stockholder Proposals' provision located in the 'Other Matters' section of this Proxy Statement. As with candidates recommended by the Nominating and Corporate Governance Committee, Director candidates nominated by stockholders must be highly qualified and be willing, able and expressly interested in serving on the Company's Board of Directors.

MEETINGS OF INDEPENDENT DIRECTORS

Beginning in fiscal year ended January 2005, the independent members of the Board of Directors will meet without members of management or directors not determined to be independent at least once each Company fiscal quarter. The Board of Directors has determined that a presiding director should chair all such meetings of the independent directors. For the fiscal year ended January 2005, Mr. William F. Allyn has been elected to serve as Chairperson of the meetings of independent directors.

ATTENDANCE AT ANNUAL MEETING

The Company expects all directors to attend the Annual Meeting of Stockholders each year. All of the Company's then-current directors attended the Company's 2003 Annual Meeting of Stockholders.

DIRECTORS' COMPENSATION

Directors who are not employees of the Company receive \$19,000 on an annual basis for serving as directors of the Company. They also receive \$1,250 per Board meeting, \$750 each for the first two committee meetings held on the day of regular Board meetings, \$400 for the third committee meeting held on the day of regular Board meetings and \$750 for special committee meetings not held on the day of regular Board meetings. Committee chairpersons receive an additional \$50 per committee meeting. In lieu of the foregoing committee meeting and chair fees, the Chairperson of the Audit Committee receives \$1,200 for each Audit Committee meeting.

Under the Oneida Ltd. 2000 Non-Employee Directors' Equity Plan, each non-employee director may elect to receive all or a portion of his or her annual retainer in Common Stock of the Company. The total number of shares is determined by dividing the portion of the annual retainer that the director has elected to receive in Common Stock by the average closing price of the stock for the five day period immediately preceding the Board of Directors meeting at which annual retainers are paid. This year three of the six non-employee directors elected to receive a portion of his or her annual retainer in Common Stock. Pursuant to these elections, non-employee directors received the following shares pursuant to the Plan: William F. Allyn -- 3,417; Georgia S. Derrico -- 3,417; and Peter J. Marshall -- 600.

Edgar Filing: ONEIDA LTD - Form DEF 14A

Pursuant to the 2003 Non-Employee Directors Stock Option Plan, as amended, each newly elected and continuing non-employee member of the Board of Directors is granted an annual option to purchase 1,000 shares of the Company's Common Stock. All director options have a per share exercise price equal to the fair market value of the shares on the date of grant. Director options automatically vest and become exercisable twelve months from date of grant. All director options expire ten years from date of grant.

Retiring non-employee directors who serve ten years or more on the Board continue to receive their retainer for ten years following their retirement. Non-employee directors who retire with five to ten years of service receive 50% of their annual retainer for the ten-year period after retirement.

COMMUNICATIONS WITH THE BOARD OF DIRECTORS

The Board of Directors has approved a process for stockholders, Company employees and other interested parties to send communications to the Board of Directors, committee chairs and/or individual directors. Stockholders, Company employees and other interested parties may communicate with the full Board of Directors, a specified committee of the Board, the chair of any Board committee, the independent directors and/or a specified individual director by United States mail addressed to P.O. Telephone calls and Internet communications will be handled by The Wackenhut Corporation, a third party service provider, who will summarize the information provided in a report that is promptly provided to the appropriate individual.

AVAILABILITY OF CORPORATE GOVERNANCE DOCUMENTS

The Company's Corporate Governance Guidelines, Code of Business Conduct and Ethics and the charters of the Audit Committee, Management Development and Executive Compensation Committee, and Nominating and Corporate Governance Committee are available, without cost, on the 'Investor Information' section of the Company's Internet website at www.oneida.com. Copies of these materials are also available in print upon receipt of written request addressed to Oneida Ltd., Investor Relations Department, 163-181 Kenwood Avenue, Oneida, New York 13421. The Company intends to promptly disclose all amendments to, and waivers of any of the provisions of, these documents on the Company's website.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Mr. Pidot attends meetings of the Audit Committee and the Management Development and Executive Compensation Committee by invitation, but he is not a voting member of the Committees.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company has, for over 75 years, used the services of the law firm of Shearman & Sterling, in which Mr. Pidot is a partner and member of the Executive Group, for a variety of matters. Compensation covered by the Retirement Plan includes base salary and cash incentives reported in the Summary Compensation Table. The normal retirement benefit at age 65 is based on years of service and the average annual compensation during the three highest paid consecutive calendar years from the ten years of employment preceding retirement. Years of service for the purpose of determining benefits for the named executives are P. Kallet -- 35 years, A. Conseur -- 7 years; J. P. Fobare -- 30 years; and J. Joseph -- 15 years.

The Internal Revenue Code and the Employee Retirement Income Security Act of 1974 limits the amount of benefit that can be paid under the plan to \$165,000 and the maximum compensation that can be taken into account in establishing

Edgar Filing: ONEIDA LTD - Form DEF 14A

benefits to \$205,000.

In addition to the Retirement Plan for Employees of Oneida Ltd., the named executives also participate in the Oneida Ltd. Employee Stock Ownership Plan, a defined contribution plan. Benefits received under the Employee Stock Ownership Plan are offset against the benefits to be received under the Retirement Plan. Allocations to the executives' Employee Stock Ownership Plan accounts for the past fiscal year are reported in the Summary Compensation Table.

In addition to the retirement benefits described above, the Company maintains a Restoration Plan for key employees and officers selected by the Compensation Committee. The Chief Executive Officer and the other named executives are participants. The Restoration Plan guarantees (a) the benefit under the Retirement Plan described above as if the limitations imposed by the Internal Revenue Code did not apply, plus (b) an annual retirement allowance equaling 50% for Mr. Kallet and 40% for other participants of their average annual compensation, actuarially reduced if the participant retires before age 62, and offset by the participating officer's other retirement benefits, including restoration benefits. The benefit is forfeited if the participant retires or otherwise terminates employment before age 55. Amendments to the Company's Retirement Plan provide a mechanism for the payment through the Retirement Plan of all or a portion of the benefits due under the Restoration Plan to Mr. Kallet and certain other executive officers of the Company, of whom only Mr. Conseur is among the Company's four other most highly compensated executive officers for the past fiscal year.

As an employee of the Company's Oneida U.K., Limited subsidiary, Mr. Masson does not participate in the above described Retirement Plan for Employees of Oneida Ltd., Oneida Ltd. Employee Stock Ownership Plan or Restoration Plan. Rather, Mr. Masson participates in the Oneida International Retirement Benefit Scheme, a broad-based, defined contribution group money purchase scheme open to all Oneida U.K., Limited employees who meet specified participation requirements. The benefit contribution formula under this plan is a percentage of each participant's base salary, with executive and managerial employees receiving higher percentages. The plan currently provides Mr. Masson a monthly contribution equal to 15% of his monthly base salary.

EMPLOYMENT AGREEMENTS

The Company has entered into Change in Control Agreements with Messrs. Kallet, Conseur and Fobare dated November 15, 1999. These agreements, in general, provide that in the event the officer's employment is

11

terminated as a result of a Change in Control, the officer will be entitled to a severance payment equal to 2.99 times his or her average annual compensation (as defined), health insurance for three years following termination and a supplemental pension benefit.

These agreements define a 'Change in Control' as an event where (a) any individual, partnership, firm, corporation, association, trust, unincorporated organization or other entity or person, or any syndicate or group deemed to be a person under Section 14(d)(2) of the Exchange Act is or becomes the 'beneficial owner' (as defined in Rule 13d-3 of the General Rules and Regulations under the Exchange Act), directly or indirectly, of securities of the Company representing 20% or more of the combined voting power of the Company's then outstanding

Edgar Filing: ONEIDA LTD - Form DEF 14A

securities entitled to vote in the election of directors of the Company; (b) during any period of two consecutive years (not including any period prior to the effective date of this Agreement), individuals who at the beginning of such periods constituted the Board and any new directors, whose election by the Board or nomination for election by the Company's stockholders was approved by a vote of at least three-fourths of the directors then still in office who either were directors at the beginning of the period or whose election or nomination for election was previously so approved, cease for any reason to constitute a majority thereof; (c) there occurs a reorganization, merger, consolidation or other corporate transaction involving the Company (a 'Business Combination'), in each case with respect to which stockholders of the Company immediately prior to such transaction do not, immediately after such transaction, own directly or indirectly more than 50% of the combined voting power of the Company or other corporation resulting from such Business Combination in substantially the same proportions as their ownership, immediately prior to such Business Combination, of the voting securities of the Company; (d) all or substantially all of the assets of the Company are sold, liquidated or distributed; or (e) there occurs a transaction that constitutes a change in the (i) ownership of the Company, (ii) effective control of the Company or (iii) effective ownership of a substantial portion of the assets of the Company, as determined pursuant to Internal Revenue Code Section 280G and the regulations promulgated thereunder.

The agreements provide for a full tax gross up for all excise taxes incurred under the 'golden parachute' rules of the Internal Revenue Code.

The Company's Oneida U.K. Limited subsidiary maintains an Employment Agreement with Mr. Masson dated May 11, 2000. This Agreement establishes the basic terms and conditions of Mr. Masson's employment, including salary, duties and benefits and places specified confidentiality and non-compete obligations on Mr. Masson. Other than in the event of certain specified bad acts, the Company cannot terminate the Agreement except on 6 months prior notice. The Agreement automatically expires when Mr. Masson reaches 65 years of age.

In 1989 the Board of Directors also approved an Employee Security Plan which provides severance benefits for all eligible employees of the Company who lose their jobs in the event of a Change in Control. Employees are eligible for these benefits if they have one year or more of service. Executive officers who are parties to the agreements described above are not eligible for Employee Security Plan benefits.

REPORT OF THE MANAGEMENT DEVELOPMENT &
EXECUTIVE COMPENSATION COMMITTEE

Decisions on compensation of the Company's executives generally are made by the Management Development and Executive Compensation Committee of the Board of Directors ('Compensation Committee'). This committee currently consists of five non-employee directors of the Company.

This Compensation Committee report provides the policies and philosophy underlying decisions regarding executive compensation for fiscal year ended 2004 and how they affected Mr. Kallet, in particular, and in general Messrs. Conseur, Fobare, Joseph and Masson -- the four executive officers other than Mr. Kallet who for fiscal year ended 2004 were the Company's most highly paid executive officers.

ONEIDA'S EXECUTIVE COMPENSATION POLICIES

The Company's executive compensation programs are designed to retain and reward executives who are capable of leading the Company to achieve its business objectives in an industrial and market environment characterized by growth,

Edgar Filing: ONEIDA LTD - Form DEF 14A

complexity, competition and change.

Increasingly, compensation is provided in the form of cash or stock-based incentive plans intended to integrate pay with the Company's annual and long-term performance goals, recognizing both individual initiative and achievements as well as contributions toward overall divisional and corporate performance.

Executives other than the named executive officers are eligible for selection as participants in the Company's executive incentive plans. Moreover, all employees of the Company's Oneida Silversmiths Division participate in an annual profit sharing plan based on the performance of that business unit. However, these employees typically receive a larger percentage of their compensation in wages or salary than do senior executives.

As a result of the emphasis on tying executive compensation to business performance, compensation may fluctuate from year to year. Historically, in successful years, a substantial portion of executives' total compensation was earned through incentives. In less profitable years, less or no incentive compensation is paid.

Annual compensation for Oneida's executive management consists of three elements:

1. Salary -- In general, salaries are influenced by compensation paid to executives of corporations with similar revenues and scopes of operation. Within that framework, individual salaries reflect personal contribution and performance as well as experience and years of service. In evaluating an executive's personal contribution and performance, the Company considers the individual's contribution to the overall performance of the Company or division; effectiveness in budget management; performance in assigned special projects; and managerial ability.

2. Annual Cash Incentive -- These annual cash incentive payments are tied directly to corporate or business unit performance:

- a. Corporate -- For executives with corporate responsibilities, their incentive measurements for fiscal year ended 2004 were Return on Equity and Income before Taxes. These two factors reflect the Company's relative emphasis on return and growth; and
- b. Other -- For executives whose responsibilities are limited to a division or subsidiary, incentives are based on their business unit's operating income and cash flow.

3. Stock Awards and Options -- The Company believes its senior executives should have a greater equity interest in the Company as a way of aligning their interests with those of stockholders. Long-term stock incentive programs have been designed with this interest in mind:

- a. 2002 Stock Option Plan -- This Plan provides an incentive that focuses executives' attention on managing the Company from the perspective of an owner with an equity stake in the business. Because the option price is the fair market value of a share at the time of the grant, stock options are tied to the future performance of stock and will provide value to the recipient only when the price of the stock rises above the option grant price; and
- b. Amended and Restated Restricted Stock Award Plan -- This Plan is intended to promote the growth and profitability of the Company by providing long-term equity rewards to key employees who are

Edgar Filing: ONEIDA LTD - Form DEF 14A

expected to have a significant impact on the performance of the Company.

14

These awards provide a long-term focus since, in general, the stock is restricted from being sold, transferred or assigned and is forfeitable until it vests.

THE CHIEF EXECUTIVE'S FISCAL YEAR ENDED 2004 COMPENSATION

SEC regulations require the Compensation Committee to discuss its basis for decisions affecting the chief executive's compensation for the fiscal year ended 2004 in relation to the Company's performance during that fiscal year.

The Compensation Committee's general approach in setting the chief executive's annual compensation seeks to reflect compensation levels of other corporations with similar revenues and scopes of operation, but to provide a large percentage of his target compensation based on objective long-term performance criteria. This provides an incentive to work toward clearly defined long-term goals while providing stability by giving the chief executive some certainty in the level of his compensation through the non-performance based elements.

The chief executive's compensation package includes two performance-based incentive programs -- one based on the long-term performance of the Company's stock and the other based on corporate performance during the previous year. These incentive programs have had the effect of more directly tying compensation to the Company's performance.

In the stock performance-based program, payouts are determined by the average annual growth in earnings per share of the Company's Common Stock over the prior three-year period. In years when the performance goals are met, the chief executive officer may elect to receive his award in cash, restricted stock through the Company's Amended and Restated Restricted Stock Award Plan, or a combination of both. A stock selection is encouraged by setting the election price at 80 percent of the average Common Stock prices on the last day of each of the preceding four fiscal quarters.

Mr. Kallet earned no incentive under this program during the past fiscal year because its performance goals were not met.

The remainder of Mr. Kallet's performance-based compensation for fiscal year ended 2004 derived from the program for the chief executive officer which provides for annual cash incentives as well as restricted stock awards based on corporate performance during the preceding fiscal year. The features of this program are:

1. Payouts are based on a formula of 50 percent Return on Equity and 50 percent Income before Taxes, reflecting the Company's present relative emphasis on return and growth;
2. The program incorporates base or platform performance objectives which must be met before any payments are made. These performance objectives are set for a two-year period. They are based on goals for good performance, rather than levels which happen to be attainable in a given year; and

Edgar Filing: ONEIDA LTD - Form DEF 14A

3. In years when performance goals are met, in addition to his cash incentive, the Chief Executive Officer will be considered for a restricted stock award under the Company's Amended and Restated Restricted Stock Award Plan. The value of the stock award will be one-third of the profit sharing payout, with the number of shares determined by market price.

Mr. Kallet earned no incentives under this program during the past fiscal year because its performance goals were not met.

Mr. Kallet, with other Company executives, participates in the stock option plan discussed above.

REPORT OF THE AUDIT COMMITTEE

To the Board of Directors

The Audit Committee is currently comprised of the five directors named below. Each member of the Audit Committee is an independent director as defined by the current New York Stock Exchange rules. The Audit Committee has adopted a written charter, attached hereto as Exhibit A, which has been approved by the Board of Directors.

We have reviewed and discussed with management the Company's audited financial statements as of and for the fiscal year ended January 31, 2004.

We have discussed with PricewaterhouseCoopers LLP ('PWC') the matters required to be discussed by Statement on Auditing Standards No 61, 'Communication with Audit Committees', as amended, by the Auditing Standards Board of the American Institute of Certified Public Accountants.

We have received and reviewed the written disclosures and the letter from PWC required by Independence Standard No. 1, 'Independence Discussions with Audit Committees', as amended, by the Independence Standards Board, and have discussed with the auditors the auditors' independence.

We have also considered whether the provision of services by PWC not related to the audit of the financial statements referred to above and to the reviews of the interim financial statements included in the Company's Forms 10-Q for the quarters ended April 26, 2003, July 26, 2003 and October 25, 2003 is compatible with maintaining PWC's independence and have concluded that PWC's independence has not been impaired by their engagement to perform these unrelated services.

The Audit Committee pre-approves all audit and permissible non-audit services to be provided by the independent auditor. As part of this approval process, the Audit Committee considers whether such services are consistent with the Securities and Exchange Commission rules on auditor independence, as well as

Edgar Filing: ONEIDA LTD - Form DEF 14A

whether the independent auditor is best suited to provide the most effective and efficient services, for reasons such as familiarity with the Company's business, operations, staff, accounting systems and the like.

Based on the reviews and discussions referred to above, we recommend to the Board of Directors that the financial statements referred to above be included in the Company's Annual Report on Form 10-K for the fiscal year ended January 31, 2004.

PWC was paid fees for services provided to the Company for the fiscal years ended January 31, 2004 and January 25, 2003 as follows:

Representatives from PricewaterhouseCoopers LLP are expected to be present at the 2004 Annual Meeting with the opportunity to make a statement and to answer questions from stockholders.

PROPOSAL TO RATIFY APPROVAL OF INDEPENDENT AUDITORS

The Audit Committee of the Board of Directors has recommended, and the Board of Directors has affirmed, the reappointment of PricewaterhouseCoopers LLP ('PWC') as independent certified public accountants for the Corporation's fiscal year ended January 29, 2005, subject to ratification by the Corporation's Stockholders. In the event the Stockholders fail to ratify the reappointment of PWC, the selection of alternate independent auditors will be considered by the Audit Committee and the Board of Directors. Since the Corporation's Certificate of Incorporation and By-Laws do not require Stockholder approval or ratification of the Board's appointment of independent auditors, the Audit Committee and the Board of Directors may, in their discretion, appoint alternate independent auditors at any time during the current or any subsequent fiscal year for any reasons they deem in the best interests of the Company, notwithstanding Stockholder ratification of the reappointment of PWC.

1999-2004 STOCKHOLDERS' RETURN GRAPH

The following line graph compares the cumulative total stockholder return of the Company's Common Stock with returns for the Russell 2000 Index and a 'Housewares Peer Group' for the period covering the Company's past five fiscal years. Proxy statement disclosure rules adopted by the Securities and Exchange Commission require such a total stockholder return comparison using both a broad-based stock price index and a line-of-business comparator group. The composition of the Russell 2000 Index meets the broad-based stock price index requirement, which permits market capitalization to be a factor. The median market capitalization of the Russell 2000 Index companies was approximately \$497 million as of January 31, 2004. The Company's average start-of-year market capitalization for the five-year performance period was \$222.5 million.

Edgar Filing: ONEIDA LTD - Form DEF 14A

The 'Housewares Peer Group' is comprised of those companies, included in the Fall 2003 Investors Business Daily 'Household-Housewares' stock price index, which had market capitalizations of less than \$750 million at the start of each of the fiscal years covered by the graph. These companies are: Home Products International, Inc., Libbey Inc. and Lifetime Hoan Corp.

The return values set forth below and plotted on the graph are based on an initial investment of \$100 on January 31, 1999, in the Company's Common Stock, and each of the two comparator investment groups, with all dividends treated as reinvested, and each component company within an investment group weighted by its start-of-year market capitalization.
