**Item 2.02 Results of Operations and Financial Condition.**

A copy of the press release issued by UST Inc. (the Company ) on Thursday, July 27, 2006 describing its results of operations for, and its financial condition as of, the quarter ended June 30, 2006, is attached hereto as Exhibit 99.1 and incorporated herein by reference.

**Item 2.05 Costs Associated with Exit or Disposal Activities.**

On July 27, 2006, the Company announced that it would be pursuing a cost-reduction initiative called Project Momentum, with targeted savings of at least \$100 million over the next three years. This initiative is designed to create additional resources for growth via productivity and efficiency enhancements. The Company also believes that such an effort is prudent as it will provide additional flexibility in the increasingly competitive smokeless tobacco category.

The Company expects that it may incur costs in connection with Project Momentum, including restructuring charges, beginning as early as the third quarter of 2006. Specific costs and charges will depend on the actions taken and may include employee termination costs and charges related to professional fees incurred to implement the initiative.

However, as the Company has not finalized the courses of action to be taken in connection with Project Momentum, it is not able, in good faith, to make a determination of the estimated amounts, or range of amounts, to be incurred in connection therewith, nor the associated future cash expenditures.

As particular actions are finalized and costs or charges are determined, the Company will file an amendment to this Form 8-K under Item 2.05 or report such costs or charges in its periodic reports, as appropriate.
