Cambrex Corporation announced that it will consolidate its United States research and development activities and small scale active pharmaceutical ingredient production to its facility in Charles City, Iowa. As the result of the consolidation, the Company's Technical Center in North Brunswick, New Jersey will be substantially closed by December 31, 2007.

Cambrex estimates that it will recognize total restructuring charges of approximately \$2 million, of which amount approximately half will be in cash. Of the cash amount approximately \$500,000 represents employee severance payments and the remainder relates to transporting retained equipment to Charles City and refurbishing the vacated space. Lease payments of approximately \$1.4 million per year will continue through November 2010. The Company is currently exploring its options to mitigate the lease expense.
