**Issuance of \$675.0 Million Aggregate Principal Amount of 2018 Notes**

On January 25, 2011 (the Closing Date), Exide Technologies (the Company) completed the issuance of \$675.0 million in aggregate principal amount of its 8% Senior Secured Notes due 2018 (the 2018 Notes). The 2018 Notes were issued pursuant to an indenture, dated as of the Closing Date (the 2018 Indenture), by and between the Company and Wells Fargo Bank, National Association, as trustee (the Trustee). The 2018 Notes were offered and sold inside the United States only to qualified institutional buyers in reliance on Rule 144A under the Securities Act of 1933 (the Securities Act) and to persons outside the United States in reliance on Regulation S under the Securities Act.

*Maturity; Interest*

The 2018 Notes mature on February 1, 2018. Interest accrues on the 2018 Notes from the Closing Date, and interest is payable semiannually, on February 1 and August 1 of each year, commencing August 1, 2011. The 2018 Notes are the Company's senior secured obligations, rank equally in right of payment with all of the Company's existing and future senior obligations, and rank senior to all of the Company's existing and future indebtedness that is expressly subordinated to the 2018 Notes.

*Redemption; Repurchase*

The Company may redeem all or part of the 2018 Notes beginning on February 1, 2015 at the redemption prices set forth in the 2018 Indenture. The Company may also redeem all or part of the 2018 Notes at any time prior to February 1, 2015 at a price equal to 100% of the aggregate principal amount of the 2018 Notes to be redeemed plus a make-whole premium and accrued and unpaid interest. In addition, prior to February 1, 2015, the Company may redeem, no more than once in any twelve-month period, up to 10% of the original aggregate principal amount of the 2018 Notes at a price equal to 103% of the principal amount thereof, together with accrued and unpaid interest, if any, to the redemption date. At any time prior to February 1, 2014, the Company may also redeem up to 35% of the aggregate principal amount of the 2018 Notes with the net cash proceeds of certain equity offerings at a redemption price equal to 108.625% of the principal amount of the 2018 Notes to be redeemed, together with accrued and unpaid interest, if any, to the redemption date. If the Company sells certain of its assets, experiences certain events of loss or experiences specific kinds of changes of control, the Company must offer to repurchase the 2018 Notes.

*Guarantee; Security*

As of the Closing Date, the 2018 Notes were not guaranteed by any of the Company's subsidiaries. In certain circumstances, the 2018 Notes may be guaranteed in the future by certain of the Company's material domestic subsidiaries. The 2018 Notes are secured, subject to certain exceptions and permitted collateral liens, by (i) a first-priority lien on the Company's and any such guarantors' existing and after-acquired equipment, stock of direct subsidiaries, certain intercompany loans, trust monies accounts and certain real property, and certain other related assets and proceeds thereof (the Notes Priority Collateral), and (ii) a second-priority lien on the Company's and any such guarantors' existing and after-acquired assets that secure the ABL Facility (as defined below), on a first-priority basis, including the Company's and any such guarantors' receivables, inventory, intellectual property rights, certain deposit accounts, tax refunds, certain intercompany loans, and certain other related assets and proceeds thereof.

*Restrictions*

The 2018 Indenture restricts the Company's and its restricted subsidiaries' ability to, among other things, (i) incur or guarantee additional indebtedness or issue preferred stock; (ii) pay dividends on, or make other distributions in respect of, their capital stock; (iii) purchase or redeem capital stock or subordinated indebtedness; (iv) make investments; (v) create liens or use assets as security; (vi) enter into agreements restricting the ability of any restricted subsidiary to pay dividends, make loans, or transfer assets to the Company or other restricted subsidiaries; (vii) sell assets, including capital stock of subsidiaries; (viii) engage in transactions with affiliates; and (ix) consolidate or merge with or into other companies or transfer all or substantially all of their assets.

*Registration Rights Agreement*

In connection with the issuance of the 2018 Notes, the Company entered into a Registration Rights Agreement (the Registration Rights Agreement ), dated as of the Closing Date. Among other things, the Registration Rights Agreement requires the Company to use its commercially reasonable efforts to have an exchange offer registration statement declared effective by the Securities and Exchange Commission (the SEC ) within 240 days after the date the 2018 Notes were issued, and to use its commercially reasonable efforts to consummate an offer to exchange the 2018 Notes for a new issue of debt securities registered under the Securities Act with terms substantially identical to those of the 2018 Notes (except for provisions relating to transfer restrictions and payment of additional interest) within 270 days after the date of the initial issuance of the 2018 Notes. If the Company fails to satisfy its registration obligations under the Registration Rights Agreement, it will be required to pay additional interest to the holders of the 2018 Notes.

*Notes Security Agreement*

Concurrently with the execution of the 2018 Indenture, the Company entered into a security agreement (the Notes Security Agreement ) in favor of Wells Fargo Bank, National Association, as collateral agent under the 2018 Indenture, to secure the payment of the 2018 Notes and any additional pari passu obligations permitted under the 2018 Indenture. Under the Notes Security Agreement, the Company granted a security interest in the collateral described therein and the proceeds thereof now owned or thereafter acquired by the Company.

The above description of the 2018 Indenture, the 2018 Notes, the Registration Rights Agreement and the Notes Security Agreement is qualified in its entirety by reference to the terms of those documents, which are attached to this current report on Form 8-K as exhibits 4.1, 4.2, 4.3, and 4.4, respectively, and incorporated herein by reference.

On the Closing Date, the Company and U.S. Bank National Association (as successor to SunTrust Bank), as trustee for the 2013 Notes (as defined below), entered into the First Supplemental Indenture (the 2013 Supplemental Indenture ), amending the indenture, dated as of March 18, 2005 (the 2013 Indenture ), relating to the Company's outstanding 10.5% senior secured notes due 2013 (the 2013 Notes ).

The 2013 Supplemental Indenture eliminated substantially all of the restrictive covenants (other than, among other covenants, the covenant to pay interest and premium, if any, on, and principal of, the 2013 Notes when due) and certain events of default and related provisions contained in the 2013 Indenture and the 2013 Notes, released all collateral securing the 2013 Notes and eliminated provisions contained in the 2013 Indenture and the 2013 Notes relating to collateral.

Asset-Based Loan Facility

Concurrently with the issuance of the 2018 Notes, on the Closing Date, the Company and Exide Global Holding Netherlands C.V. ( Exide C.V. ), a wholly-owned European subsidiary of the Company, entered into a credit agreement (the Credit Agreement ) with Wells Fargo Capital Finance, LLC, as administrative agent, and a syndicate of lenders (the ABL Lenders ). The Credit Agreement is a senior secured asset-based revolving credit facility with commitments in an aggregate principal amount of \$200.0 million (the ABL Facility ). The ABL Facility includes a letter of credit sub-facility of \$75.0 million, a swingline sub-facility of \$25.0 million and an accordion feature that permits the Company to increase the revolving credit commitments under the ABL Facility by an amount up to \$50.0 million (for an aggregate revolving credit commitment under the ABL Facility of up to \$250.0 million) if the Company obtains commitments from existing or new lenders for such increase.

**Table of Contents***Availability*

The Company's and Exide C.V.'s ability to obtain revolving loans and letters of credit under the ABL Facility is subject to a borrowing base comprising the following: (1) a domestic borrowing base comprising a specified percentage of the combined eligible accounts receivable of the Company and those of the Company's domestic subsidiaries which are or become guarantors or borrowers under the ABL Facility, plus a specified percentage of the net orderly liquidation value of the eligible inventory of the Company and such domestic subsidiaries less, in each case, certain reserves established from time to time by the administrative agent and subject to certain limitations, and (2) a foreign borrowing base comprising a specified percentage of the combined eligible accounts receivable of the Company's foreign subsidiaries which are or become guarantors under the ABL Facility, plus a specified percentage of the net orderly liquidation value of eligible inventory of the Company's Canadian subsidiaries less, in each case, certain reserves established from time to time by the administrative agent and subject to certain limitations. The maximum amount of credit that is available under the foreign borrowing base is limited to the U.S. Dollar equivalent of \$40,000,000 plus the availability generated by the eligible accounts and eligible inventory of the Company's Canadian subsidiaries. Exide C.V. may obtain revolving loans and letters of credit based on both the domestic borrowing base and the foreign borrowing base, but the Company may obtain revolving loans and letters of credit based only on the domestic borrowing base. All extensions of credit under the ABL Facility are subject to the satisfaction of customary conditions, including the absence of a default and accuracy of customary representations and warranties.

*Maturity; Interest and Fees*

The maturity date of the ABL Facility is January 25, 2016. There is no scheduled amortization under the ABL Facility. Absent any earlier termination of the ABL Facility (whether voluntarily by the Company or by the administrative agent and the lenders in the exercise of their remedies), all outstanding loans and other obligations under the ABL Facility shall be due and payable in full on the maturity date. At the Company's option, revolving loans (other than swingline loans) under the ABL Facility bear interest at a rate equal to (1) the base rate plus an interest margin or (2) LIBOR (for U.S. Dollar or Euro denominated revolving loans, as applicable) plus an interest margin. The base rate under the ABL Facility per annum is equal to the greatest of (a) the Federal Funds Rate plus 0.50%, (b) the prime commercial lending rate of the administrative agent, and (c) a rate equal to LIBOR for a one-month interest period plus 1.00%. Swingline loans bear interest at a rate per annum equal to the applicable floating rate (base rate or LIBOR for a one-month interest period) plus an interest margin. The interest margin will be adjusted quarterly based on the average amount available for drawing under the ABL Facility and ranges between 2.25% and 2.75% per annum for LIBOR borrowings and 1.25% and 1.75% per annum for base rate borrowings. In certain cases where the Company is in default under the ABL Facility, the interest rate will increase by 2.00% per annum above the rate otherwise applicable.

*Guarantee; Security*

Concurrently with the execution of the Credit Agreement, the Company entered into a security agreement (the "ABL Security Agreement") in favor of Wells Fargo Capital Finance, LLC, as administrative agent, to secure the payment of the ABL Facility and other obligations. Under the ABL Security Agreement, the Company granted a security interest in the collateral described therein and the proceeds thereof now owned or thereafter acquired by the Company. The Company also executed a US General Continuing Guaranty (the "Guaranty Agreement") in favor of Wells Fargo Capital Finance, LLC to secured certain obligations of the Company's foreign subsidiaries.

The obligations of the Company under the ABL Facility may be guaranteed by certain of the Company's domestic subsidiaries that are formed or organized after the Closing Date ("Domestic Subsidiary Guarantors"). The obligations of Exide C.V. under the ABL Facility are guaranteed by the Company, Domestic Subsidiary Guarantors, if any, certain of the Company's existing foreign subsidiaries and certain of the Company's foreign subsidiaries that are formed or acquired after the Closing Date ("Foreign Subsidiary Guarantors"). The obligations of Exide Technologies and the Domestic Subsidiary Guarantors, if any, under the ABL Facility are secured by a lien on substantially all of the assets of the Company and such Domestic Subsidiary Guarantors, if any, and the obligations of Exide C.V. and the Foreign Subsidiary Guarantors under the ABL Facility are secured by a lien on substantially all of the assets of the Company and the Domestic Subsidiary Guarantors, if any, on certain assets of certain domestic subsidiaries that pledge such assets solely to secure the obligations of Exide C.V. and any other Foreign Subsidiary

Guarantors, and on substantially all of the personal property of Exide C.V. and the Foreign Subsidiary Guarantors. Subject to certain permitted liens, the liens securing the obligations under the ABL Facility are first priority liens on all of the assets described in this paragraph other than Notes Priority Collateral and will be second priority liens on all Notes Priority Collateral.

The above description of the ABL Security Agreement and the Guaranty Agreement is qualified in its entirety by reference to the terms of the ABL Security Agreement and the Guaranty Agreement, which is attached to this current report on Form 8-K as exhibits 10.2 and 10.3, respectively, and incorporated herein by reference.

Concurrently with the execution of the Credit Agreement and the 2018 Indenture, the Company entered into an Intercreditor Agreement (the Intercreditor Agreement ) with the administrative agent under the ABL Facility and the trustee and collateral agent under the 2018 Indenture. The Intercreditor Agreement sets forth the relative priority of the liens under the ABL Facility and the liens of the 2018 Notes, as well as certain other rights, priorities and interests of the collateral agent under the 2018 Notes, the trustee under the 2018 Notes, the holders of the 2018 Notes and the holders of any permitted additional pari passu obligations, on the one hand, and the administrative agent under the ABL Facility and the holders of the ABL Facility obligations, on the other hand.
