- (9) No separate consideration will be received for the guarantees or any back-up undertakings.
- (10) Each share of common stock issued also represents one Series A-1 preferred stock purchase right. Series A-1 preferred stock purchase rights currently cannot trade separately from the underlying common stock and, therefore, do not carry a separate price or necessitate an additional registration fee.

You should also consider the risks, uncertainties and assumptions discussed under the caption "Risk Factors" included in our Annual Report on Form 10-K for the year ended December 31, 2009, which is incorporated by reference into this prospectus. These risk factors may be amended, supplemented or superseded from time to time by other reports we file with the Securities and Exchange Commission, which we refer to as the "SEC," in the future.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we and RGA Capital Trust I, which we refer to as the "Trust," filed with the SEC utilizing a "shelf" registration process. This prospectus provides you with a general description of the securities we, the Trust, or the selling security holder may offer. Each time we, the Trust, or the selling security holder sell securities, we will provide a prospectus supplement containing specific information about the terms of the securities being offered. A prospectus supplement may include a discussion of any risk factors or other specific considerations applicable to those securities or to us. A prospectus supplement may also add, update or change information in this prospectus. If there is any inconsistency between the information in this prospectus and the applicable prospectus supplement, you should rely on the information in the prospectus supplement. You should read both this prospectus and any prospectus supplement, the documents incorporated by reference therein as described under "Incorporation of Certain Documents by Reference" and additional information described under the heading "Where You Can Find More Information."

We have not, and the selling security holders have not, authorized anyone to provide you with different information. You should not assume that the information in this prospectus, any supplement to this prospectus, or any other offering material is accurate at any date other than the date indicated on the cover page of these documents.

INFORMATION ABOUT RGA

We are an insurance holding company that was formed on December 31, 1992. Through our operating subsidiaries, we are primarily engaged in life reinsurance in North America and select international locations. In addition, we provide reinsurance of non-traditional business including asset-intensive products and financial reinsurance. Through a predecessor, we have been engaged in the business of life reinsurance since 1973. As of September 30, 2010, we had approximately \$2.5 trillion of life reinsurance in force and \$28.9 billion in consolidated assets.

Reinsurance is an arrangement under which an insurance company, the reinsurer, agrees to indemnify another insurance company, the ceding company, for all or a portion of the insurance risks underwritten by the ceding company. Reinsurance is designed to:

reduce the net liability on individual risks, thereby enabling the ceding company to increase the volume of business it can underwrite, as well as increase the maximum risk it can underwrite on a single life or risk;

stabilize operating results by leveling fluctuations in the ceding company's loss experience;

assist the ceding company in meeting applicable regulatory requirements; and

enhance the ceding company's financial strength and surplus position.

We are a holding company, the principal assets of which consist of the common stock of our principal operating subsidiaries, RGA Reinsurance Company and RGA Life Reinsurance Company of Canada (RGA Canada), as well as investments in several other subsidiaries.

We have five main operational segments segregated primarily by geographic region: United States, Canada, Europe and South Africa, Asia Pacific, and Corporate and Other. Our United States operations provide traditional life reinsurance, reinsurance of asset-intensive products and financial reinsurance, primarily to large U.S. life insurance companies. Asset-intensive products include reinsurance of annuities and reinsurance of corporate-owned life insurance. We conduct reinsurance business in Canada through RGA Canada, a wholly-owned subsidiary. RGA Canada assists clients with capital management activity and mortality and morbidity risk management, and is primarily engaged in

Table of Contents

traditional individual life reinsurance, as well as creditor, critical illness, and group life and health reinsurance. Creditor insurance covers the outstanding balance on personal, mortgage or commercial loans in the event of death, disability or critical illness and is generally shorter in duration than traditional life insurance. Our Europe and South Africa operations provide primarily reinsurance of traditional life products through yearly renewable term and coinsurance agreements and the reinsurance of critical illness coverage that provides a benefit in the event of the diagnosis of a pre-defined critical illness. Our Asia Pacific operations provide life, critical illness, disability income, superannuation, and non-traditional reinsurance. Superannuation is the Australian government mandated compulsory retirement savings program. Superannuation funds accumulate retirement funds for employees, and in addition, offer life and disability insurance coverage. Corporate and Other operations include investment income from invested assets not allocated to support segment operations and undeployed proceeds from our capital raising efforts, unallocated realized investment gains and losses, and the results of RGA Technology Partners. Additionally, Corporate and Other operations include expenses associated with our collateral finance facility, unallocated overhead and executive costs, capital charges to the operating segments and effective January 1, 2009, due to immateriality, the discontinued accident and health operations.

Our executive office is located at 1370 Timberlake Manor Parkway, Chesterfield, Missouri 63017-6039, and our telephone number is (636) 736-7000.

In this prospectus, we, us, our, the Company and RGA refer to Reinsurance Group of America, Incorporated.

This prospectus provides you with a general description of the securities we or the Trust may offer. Each time we or the Trust sell securities, we will provide a prospectus supplement or other offering material that will contain specific information about the terms of that offering. We will file each prospectus supplement with the SEC. The prospectus supplement or other offering material may also add, update or supplement information contained in this prospectus. You should read both this prospectus, any prospectus supplement and any other offering material, together with additional information described under the heading **Where You Can Find More Information** on page 3.

INFORMATION ABOUT THE TRUST

The Trust is a statutory trust formed in February 2001 under the Delaware Business Trust Act, and is governed by an amended and restated trust agreement, which we refer to as the declaration of trust, executed by RGA, as sponsor, a property trustee and a Delaware trustee, and A. Greig Woodring, Jack B. Lay, and Todd C. Larson, as administrative trustees, and a certificate of trust, dated as of February 8, 2001, filed with the Secretary of State of the State of Delaware. The Trust's business and affairs are conducted by The Bank of New York Mellon Trust Company N.A., as successor to The Bank of New York (the Bank of New York), as property trustee, BNY Mellon Trust of Delaware, as Delaware trustee, and the three individual administrative trustees, who are employees of RGA. A majority of the trustees of the Trust, administrative trustees, are employees of RGA. The property trustee is not affiliated with RGA and has a minimum amount of combined capital and surplus of not less than \$50,000,000, which will act as property trustee and as indenture trustee for the purposes of compliance with the provisions of the Trust Indenture Act of 1939, under the terms of the applicable prospectus supplement.

The Trust exists for the exclusive purpose of issuing the preferred securities and common securities of the Trust, investing the gross proceeds from these sales in the debentures and engaging in only those other activities that are necessary or incidental to the other activities mentioned above. Accordingly, the debentures the sole assets of the Trust, and payments under the debentures will be the sole source of revenue of the Trust. All of the common securities of the Trust will be owned by RGA. The common securities rank equally, and payments are made on them pro rata, with the preferred securities, except that upon the occurrence and continuance of an event of default under the declaration of trust resulting from an event of default under the indenture, which we refer to as an indenture event of default, the rights of RGA as holder of the common securities to payment in respect of distributions and payments upon liquidation, redemption or otherwise will be subordinated to the rights of holders of the preferred securities. RGA will acquire common securities in an aggregate liquidation amount at least equal to 3% of the total capital of the Trust. The preferred securities will represent the remaining 97% of the trust's capital.

The property trustee holds title to the debentures for the benefit of holders of the preferred securities and common securities and, as the holder of the debentures, the property trustee has the power to exercise all rights, powers and privileges of a holder of debentures under the indenture. In addition, the property trustee maintains exclusive control of a segregated non-interest bearing trust account to hold all payments made in respect of the debentures for the benefit of holders of the preferred securities and common securities. The guarantee trustee holds the guarantee for the benefit of holders of the preferred securities and common securities. RGA, as the holder of all the common securities, has the right to appoint, remove or replace any of the trustees and to increase or decrease the number of trustees; provided that the number of trustees will be at least three; and provided further that at least one trustee will be a Delaware trustee, at least one trustee will be the property trustee and at least one trustee will be an administrative trustee. In the event of default under the junior subordinated indenture, only the holders of preferred securities may remove the Delaware trustee or the property trustee.

RGA, as issuer of the debentures, has agreed to pay all fees and expenses related to the organization and operations of the Trust (including (1) any taxes, duties, assessments or governmental charges of whatever nature imposed by the United States or any other taxing authority upon the Trust, or (2) any tax in the nature of a withholding tax imposed by any taxing authority outside of the United States on any payment by the Trust to holders of preferred securities and common securities) upon the offering of the preferred securities and be responsible for all debts and obligations of the Trust (other than with respect to the preferred securities).

The Trust has a term of up to 50 years but may terminate earlier, as provided in its amended and restated trust agreement. For so long as the preferred securities remain outstanding, RGA has covenanted (1) to maintain directly or

indirectly ownership of all of the common securities, (2) to cause the Trust to remain a statutory business trust and not to voluntarily dissolve, wind-up, liquidate or be terminated, except as permitted by the declaration of trust, (3) to use its commercially reasonable efforts to ensure that the Trust will not be an investment company under the Investment Company Act of 1940 and (4) to take no action that would be reasonably likely to cause the Trust to fail to be classified as a grantor trust for United States federal income tax purposes.

RGA will guarantee the preferred securities of the Trust as described later in this prospectus.

Table of Contents

The Trust will not have separate financial statements. The statements would not be material to holders of the preferred securities because the trust will not have any independent operations. The trust exists solely for the reasons provided in the amended and restated trust agreement and summarized above.

The rights of holders of preferred securities, including economic rights, rights to information and voting rights, are set forth in the declaration of trust, the Delaware Statutory Trust Act and the Trust Indenture Act of 1939. The declaration of trust and the guarantee also incorporate by reference the terms of the Trust Indenture Act of 1939.

The office of the Delaware trustee is located at 100 White Clay Center, Suite 102, Newark, Delaware 19711. The principal place of business of the trust is c/o Reinsurance Group of America, Incorporated, 1370 Timberlake Manor Parkway, Chesterfield, Missouri 63017-6039, telephone (636) 736-7000.

USE OF PROCEEDS

Unless otherwise stated in the prospectus supplement or other offering material, we will use the net proceeds from the sale of any securities offered by RGA for general corporate purposes, including the funding of our reinsurance operations. Except as otherwise described in a prospectus supplement or other offering material, the proceeds from the sale by the Trust of any preferred securities, together with any capital contributed in respect of common securities, will be loaned to RGA in exchange for RGA's junior subordinated debt securities. Unless otherwise stated in the prospectus supplement or other offering material, we will use the borrowings from the Trust for general corporate purposes, including the funding of our reinsurance operations. Such general corporate purposes may include, but are not limited to, repayments of our indebtedness or the indebtedness of our subsidiaries. Pending such use, the proceeds may be invested temporarily in short-term, interest-bearing, investment-grade securities or similar assets. The prospectus supplement or other offering material relating to an offering will contain a more detailed description of the use of proceeds of any specific offering of securities. Except as may otherwise be specified in the applicable prospectus supplement, we will not receive any proceeds from any sales of securities by any selling security holder.

SELLING SECURITY HOLDERS

We may register securities covered by this prospectus for re-offers and resales by any selling security holders to be named in a prospectus supplement. Because we are a well-known seasoned issuer, as defined in Rule 405 of the Securities Act of 1933, which we refer to as the Securities Act, we may add secondary sales of securities by any selling security holders by filing a prospectus supplement with the SEC. We may register these securities to permit selling security holders to resell their securities when they deem appropriate. A selling security holder may resell all, a portion or none of such security holder's securities at any time and from time to time. Selling security holders may also sell, transfer or otherwise dispose of some or all of their securities in transactions exempt from the registration requirements of the Securities Act. We do not know when or in what amounts any selling security holders may offer securities for sale under this prospectus and any prospectus supplement. We may pay some or all expenses incurred with respect to the registration of the securities owned by the selling security holders. We will provide a prospectus supplement naming any selling security holders, the amount of securities to be registered and sold and any other terms of securities being sold by each selling security holder.

RATIO OF EARNINGS TO FIXED CHARGES AND RATIO OF COMBINED FIXED CHARGES AND PREFERENCE DIVIDENDS TO EARNINGS

The following table sets forth RGA's ratios of earnings to fixed charges and earnings to fixed charges, excluding interest credited under reinsurance contracts, for the periods indicated.

For purposes of computing the consolidated ratio of earnings to fixed charges, earnings consist of net earnings from continuing operations adjusted for the provision for income taxes, minority interest and fixed charges. Fixed charges consist of interest and discount on all indebtedness, distribution requirements of wholly-owned subsidiary trust preferred securities and one-third of annual rentals, which we believe is a reasonable approximation of the interest factor of such rentals. We have not paid a preference security dividend for any of the periods presented, and accordingly have not separately shown the ratio of combined fixed charges and preference dividends to earnings for these periods.

Table of Contents

The information below regarding RGA's ratio of earnings to fixed charges excluding interest credited under reinsurance contracts is not required; however, we believe it provides useful information on the coverage of fixed charges that are not related to our products.

DESCRIPTION OF THE SECURITIES WE MAY OFFER

We or the Trust, or any selling security holder, may offer or sell from time to time, in one or more offerings, the following securities:

- junior subordinated debt securities;
- shares of common stock;
- warrants;
- units; or
- preferred securities of the Trust that are guaranteed by RGA.

This prospectus contains a summary of the material general terms of the various securities that we, the Trust or any selling security holder may offer. The specific terms of the securities will be described in a prospectus supplement or other offering material, which may be in addition to or different from the general terms summarized in this prospectus. Where applicable, the prospectus supplement or other offering material will also describe any material United States federal income tax considerations relating to the securities offered and indicate whether the securities offered are or will be listed on any securities exchange. The summaries contained in this prospectus and in any prospectus supplements or other offering material do not contain all of the information or restate the agreements under which the securities may be issued and do not contain all of the information that you may find useful. We urge you to read the actual agreements relating to any securities because they, and not the summaries, define your rights as a holder of the securities. If you would like to read the agreements, they will be on file with the SEC, as described under "Where You Can Find More Information" and "Incorporation of Certain Documents by Reference" on pages 3 and 4, respectively.

The terms of any offering, the initial offering price, the net proceeds to us and any other relevant provisions will be contained in the prospectus supplement or other offering material relating to such offering.

DESCRIPTION OF JUNIOR SUBORDINATED DEBT SECURITIES OF RGA

The following description of the terms of the junior subordinated debt securities sets forth the material terms and provisions of the debt securities to which any prospectus supplement or other offering material may relate. The particular terms of the debt securities offered by any prospectus supplement and the extent, if any, to which such

general provisions may apply to the debt securities so offered and any changes to or differences from those general terms will be described in the prospectus supplement or other offering material relating to such debt securities. The debt securities will be our junior subordinated debt securities, which may be issued in connection with the issuance by the Trust of its trust preferred securities.

The Indenture

The junior subordinated debt securities will be issued in one or more series under a Junior Subordinated Indenture, dated as of December 18, 2001, between us and The Bank of New York Mellon Trust Company, N.A., as successor to The Bank of New York, as trustee. The statements herein relating to the debt securities and the indenture are summaries and are subject to the detailed provisions of the indenture. The indenture is subject to and governed by the Trust Indenture Act of 1939. We may execute a junior subordinated indenture when and if we issue additional junior

subordinated debt securities in connection with the issuance by the Trust of its preferred securities. See Description of Preferred Securities of the Trust below.

General

The indenture does not limit the aggregate amount of debt securities which we may issue. We may issue debt securities under the indenture up to the aggregate principal amount authorized by our board of directors from time to time. Except as may be described in a prospectus supplement or other offering material, the indenture will not limit the amount of other secured or unsecured debt that we may incur or issue.

The debt securities will be our unsecured general obligations. Unless otherwise specified in the applicable prospectus supplement or other offering material, the junior subordinated debt securities that we may issue to the Trust will be subordinated and junior in right of payment to all our present and future indebtedness, including any senior and subordinated debt securities to the extent and in the manner set forth in the junior subordinated indenture. See

Subordination under the Indenture, beginning on page 17. The indenture will provide that the debt securities may be issued from time to time in one or more series. We may authorize the issuance and provide for the terms of a series of debt securities pursuant to a supplemental indenture.

We are a holding company. As a result, we may rely primarily on dividends or other payments from our operating subsidiaries to pay principal and interest on our outstanding debt obligations, and to make dividend distributions on our capital stock. The principal source of funds for these operating subsidiaries comes from their current operations. We can also utilize investment securities maintained in our portfolio for these payments.

Applicable insurance regulatory and other legal restrictions limit the amount of dividends and other payments our subsidiaries can make to us. Our subsidiaries have no obligation to guarantee or otherwise pay amounts due under the debt securities. Therefore, the debt securities will be effectively subordinated to all indebtedness and other liabilities and commitments of our subsidiaries, including claims under reinsurance contracts, debt obligations and other liabilities incurred in the ordinary course of business. As of September 30, 2010, our consolidated senior unsecured indebtedness aggregated approximately \$897.6 million, all of which will rank equally with any future senior debt securities, and our subsidiaries had approximately \$22.2 billion of outstanding liabilities, including \$850.0 million of liabilities associated with the floating rate insured notes issued by our subsidiary, Timberlake Financial, L.L.C. At that time, we also had a face amount of approximately \$225.0 million of junior subordinated indebtedness that we had issued to RGA Capital Trust I in connection with its issuance of our Trust PIERS[®] units in December 2001, which will rank at least equally with any other junior subordinated debt that we might issue in the future, but which is subordinated and junior in right of payment to our current and future senior and subordinated debt securities. On December 8, 2005, we completed an offering of \$400 million of junior subordinated debentures due 2065, which are junior to the junior subordinated indebtedness that we had issued in connection with the Trust PIERS[®] units. During 2009, we repurchased \$80.2 million face amount of the junior subordinated debentures for \$38.9 million. We will disclose material changes to these amounts in any prospectus supplement or other offering material relating to an offering of our debt securities. In the event of a default on any debt securities, the holders of the debt securities will have no right to proceed against the assets of any insurance subsidiary. If the subsidiary were to be liquidated, the liquidation would be conducted under the laws of the applicable jurisdiction. Our right to receive distributions of assets in any liquidation of a subsidiary would be subordinated to the claims of the subsidiary's creditors, except to the extent any claims of ours as a creditor would be recognized. Any recognized claims of ours would be subordinated to any prior security interest held by any other creditors of the subsidiary and obligations of the subsidiary that are senior to those owing to us.

The applicable prospectus supplement or other offering material relating to the particular series of debt securities will describe specific terms of the debt securities offered thereby, including any terms that are additional or different from

those described in this prospectus (Section 3.1 of the indenture).

Unless otherwise specified in the applicable prospectus supplement or other offering material, the debt securities will not be listed on any securities exchange.

None of our shareholders, officers or directors, past, present or future, will have any personal liability with respect to our obligations under the indenture or the debt securities on account of that status. (Section 1.14 of the indenture).

PIERS Units

We may use this prospectus in connection with any transaction relating to the Trust Preferred Income Equity Redeemable Securities (PIERS) Units of RGA and the Trust, including any remarketing of the preferred securities of the Trust. The units, issued on December 18, 2001 in a public offering, consist of:

a preferred security issued by the Trust, having a stated liquidation amount of \$50, representing an undivided beneficial ownership interest in the assets of the Trust, which consists solely of junior subordinated debentures issued by us each of which has a principal amount at maturity of \$50, a stated maturity of March 18, 2051 and, at any time, an accreted value as described in this prospectus supplement; and

a warrant to purchase, at any time prior to the close of business on December 15, 2050, 1.2508 shares of our common stock at an exercise price of \$50, unless we redeem the warrants as described below, in which case the exercise price will be an amount initially equal to \$35.13, which price has accreted, and will accrete, on a daily basis from original issuance as described in this prospectus supplement to a maximum of \$50 on the expiration date.

The preferred securities have a distribution rate of 5.75% per annum of their stated liquidation amount, subject to reset upon a remarketing of the preferred securities and deferral as described in this prospectus supplement. The preferred security and warrant components of each PIERS Unit may be separated by the holder and transferred separately. Thereafter, a separated preferred security and warrant may be recombined to form a unit. For a description of the junior subordinated debentures issued in connection with the PIERS Units, see our Current Report on Form 8-K filed with the SEC on February 15, 2011, which is incorporated by reference herein.

Form and Denominations

Unless otherwise specified in the applicable prospectus supplement or other offering material, debt securities will be issued only in fully registered form, without coupons, and will be denominated in U.S. dollars issued only in denominations of U.S. \$1,000 and any integral multiple thereof. (Section 3.2 of the indenture).

Global Debt Securities

Unless otherwise specified in a prospectus supplement or other offering material for a particular series of debt securities, each series of debt securities will be issued in whole or in part in global form that will be deposited with, or on behalf of, a depositary identified in the prospectus supplement or other offering material relating to that series. Global securities will be registered in the name of the depositary, which will be the sole direct holder of the global securities. Any person wishing to own a debt security must do so indirectly through an account with a broker, bank or other financial institution that, in turn, has an account with the depositary.

Special Investor Considerations for Global Securities. Under the terms of the indenture, our obligations with respect to the debt securities, as well as the obligations of the trustee, run only to persons who are registered holders of debt securities. For example, once we make payment to the registered holder, we have no further responsibility for that payment even if the recipient is legally required to pass the payment along to an individual investor but fails to do so. As an indirect holder, an investor's rights relating to a global security will be governed by the account rules of the investor's financial institution and of the depositary, as well as general laws relating to transfers of debt securities.

An investor should be aware that when debt securities are issued in the form of global securities:

the investor cannot have debt securities registered in his or her own name;

the investor cannot receive physical certificates for his or her debt securities;

the investor must look to his or her bank or brokerage firm for payments on the debt securities and protection of his or her legal rights relating to the debt securities;

the investor may not be able to sell interests in the debt securities to some insurance or other institutions that are required by law to hold the physical certificates of debt that they own;

the depositary's policies will govern payments, transfers, exchanges and other matters relating to the investor's interest in the global security; and

Table of Contents

the depositary will usually require that interests in a global security be purchased or sold within its system using same-day funds.

Neither we nor the trustees have any responsibility for any aspect of the depositary's actions or for its records of ownership interests in the global security, and neither we nor the trustees supervise the depositary in any way.

Special Situations When the Global Security Will Be Terminated. In a few special situations described below, the global security will terminate, and interests in the global security will be exchanged for physical certificates representing debt securities. After that exchange, the investor may choose whether to hold debt securities directly or indirectly through an account at the investor's bank or brokerage firm. In that event, investors must consult their banks or brokers to find out how to have their interests in debt securities transferred to their own names so that they may become direct holders.

The special situations where a global security is terminated are:

when the depositary notifies us that it is unwilling, unable or no longer qualified to continue as depositary, unless a replacement is named;

when an event of default on the debt securities has occurred and has not been cured; or

when and if we decide to terminate a global security. (Section 3.4 of the indenture).

A prospectus supplement or other offering material may list situations for terminating a global security that would apply only to a particular series of debt securities. When a global security terminates, the depositary, and not us or one of the trustees, is responsible for deciding the names of the institutions that will be the initial direct holders.

Original Issue Discount Securities

Debt securities may be sold at a substantial discount below their stated principal amount and may bear no interest or interest at a rate which at the time of issuance is below market rates. Important federal income tax consequences and special considerations applicable to any such debt securities will be described in the applicable prospectus supplement.

Indexed Securities

If the amount of payments of principal of, and premium, if any, or any interest on, debt securities of any series is determined with reference to any type of index or formula or changes in prices of particular securities or commodities, the federal income tax consequences, specific terms and other information with respect to such debt securities and such index or formula and securities or commodities will be described in the applicable prospectus supplement or other offering material.

Foreign Currencies

If the principal of, and premium, if any, or any interest on, debt securities of any series are payable in a foreign or composite currency, the restrictions, elections, federal income tax consequences, specific terms and other information with respect to such debt securities and such currency will be described in the applicable prospectus supplement or other offering material.

Payment

Unless otherwise indicated in the applicable prospectus supplement or other offering material, payments in respect of the debt securities will be made in the designated currency at the office or agency of RGA maintained for that purpose as RGA may designate from time to time, except that, at the option of RGA, interest payments, if any, on debt securities in registered form may be made by checks mailed to the holders of debt securities entitled thereto at their registered addresses. (Section 3.7 of the indenture).

Payment of Interest With Respect to Registered Debt Securities

Unless otherwise indicated in an applicable prospectus supplement or other offering material, payment of any installment of interest on debt securities in registered form will be made to the person in whose name such debt security is registered at the close of business on the regular record date for such interest. (Section 3.7 of the indenture).

Table of Contents

Transfer and Exchange

Unless otherwise indicated in the applicable prospectus supplement or other offering material, debt securities in registered form will be transferable or exchangeable at the agency of RGA maintained for such purpose as designated by RGA from time to time. Debt securities may be transferred or exchanged without service charge, other than any tax or other governmental charge imposed in connection with such transfer or exchange. (Section 3.5 of the indenture).

Consolidation, Merger, Conveyance, Sale of Assets and Other Transfers

We may not consolidate with or merge with or into or wind up into, whether or not we are the surviving corporation, or sell, assign, convey, transfer or lease our properties and assets substantially as an entirety to any person, unless:

the surviving corporation or other person is organized and existing under the laws of the United States or one of the 50 states, any U.S. territory or the District of Columbia, and assumes the obligation to pay the principal of, and premium, if any, and interest on all the debt securities and coupons, if any, and to perform or observe all covenants of the indenture; and

immediately after the transaction, there is no event of default under the indenture. (Section 10.1 of the indenture).

Upon the consolidation, merger or sale, the successor corporation formed by the consolidation, or into which we are merged or to which the sale is made, will succeed to, and be substituted for us under the indenture. (Section 10.2 of the indenture).

Unless a prospectus supplement or other offering material relating to a particular series of debt securities provides otherwise, the indenture and the terms of the debt securities will not contain any covenants designed to afford holders of any debt securities protection in a highly leveraged or other transaction involving us, whether or not resulting in a change of control, which may adversely affect holders of the debt securities.

Option to Extend Interest Payment Period

If indicated in the applicable prospectus supplement or other offering material, we will have the right, as long as no event of default under the applicable series of debt securities has occurred and is continuing, at any time and from time to time during the term of the series of debt securities to defer the payment of interest on one or more series of debt securities for the number of consecutive interest payment periods specified in the applicable prospectus supplement or other offering material, subject to the terms, conditions and covenants, if any, specified in the prospectus supplement or other offering material, provided that no extension period may extend beyond the stated maturity of the debt securities. Material United States federal income tax consequences and special considerations applicable to these debt securities will be described in the applicable prospectus supplement or other offering material. Unless otherwise indicated in the applicable prospectus supplement or other offering material, at the end of the extension period, we will pay all interest then accrued and unpaid together with interest on accrued and unpaid interest compounded semiannually at the rate specified for the debt securities to the extent permitted by applicable law. However, unless otherwise indicated in the applicable prospectus supplement or other offering material, during the extension period neither we nor any of our subsidiaries may:

declare or pay dividends on, make distributions regarding, or redeem, purchase, acquire or make a liquidation payment with respect to, any of our capital stock, other than:

Edgar Filing: RGA CAPITAL TRUST I - Form S-3ASR

- (1) purchases of our capital stock in connection with any employee or agent benefit plans or the satisfaction of our obligations under any contract or security outstanding on the date of the event requiring us to purchase capital stock,
- (2) in connection with the reclassifications of any class or series of our capital stock, or the exchange or conversion of one class or series of our capital stock for or into another class or series of our capital stock,
- (3) the purchase of fractional interests in shares of our capital stock in connection with the conversion or exchange provisions of that capital stock or the security being converted or exchanged,
- (4) dividends or distributions in our capital stock, or rights to acquire capital stock, or repurchases or redemptions of capital stock solely from the issuance or exchange of capital stock, or
- (5) any non-cash dividends declared in connection with the implementation of a shareholder rights plan by us;

make any payment of interest, principal or premium, if any, on or repay, repurchase or redeem any debt securities issued by us that rank equally with or junior to the debt securities;

make any guarantee payments regarding the foregoing, other than payments under our guarantee of the preferred securities of any Trust; or

redeem, purchase or acquire less than all of the junior subordinated debt securities or any preferred securities of an Trust.

Prior to the termination of any extension period, as long as no event of default under the indenture has occurred and is continuing, we may further defer payments of interest, subject to the above limitations set forth in this section, by extending the interest payment period; provided, however, that, the extension period, including all previous and further extensions, may not extend beyond the maturity of the debt securities.

Upon the termination of any extension period and the payment of all amounts then due, we may commence a new extension period, subject to the terms set forth in this section. No interest during an extension period, except at the end of the extension period, will be due and payable, but we may prepay at any time all or any portion of the interest accrued during an extension period. We do not currently intend to exercise our right to defer payments of interest by extending the interest payment period on the debt securities. In the case of our junior subordinated debt securities, if the property trustee is the sole holder of such debt securities, we will give the administrative trustees and the property trustee notice of our selection of an extension period two business days before the earlier of (1) the next succeeding date on which distributions on the preferred securities are payable or (2) the date the administrative trustees are required to give notice to the New York Stock Exchange, or other applicable self-regulatory organization, or to holders of the preferred securities of the record or payment date of the distribution, but in any event, at least one business day before such record date. The administrative trustees will give notice of our selection of the extension period to the holders of the preferred securities. If the property trustee is not the sole holder of such debt securities, we will give the holders of these debt securities notice of our selection of an extension period at least two business days before the earlier of (1) the next succeeding interest payment date or (2) the date upon which we are required to give notice to the New York Stock Exchange, or other applicable self-regulatory organization, or to holders of such debt securities of the record or payment date of the related interest payment. (Article XVIII of the indenture).

Modification or Amendment of the Indenture

Supplemental Indentures Without Consent of Holders. Without the consent of any holders, we and the trustee may enter into one or supplemental indentures for certain purposes, including:

- (1) to evidence the succession of another corporation to our rights and the assumption by such successor of the covenants contained in the indenture;
- (2) to add to our covenants for the benefit of all or any series of debt securities, or to surrender any of our rights or powers;
- (3) to add any additional events of default;
- (4) to change or eliminate any provisions, as long as any such change or elimination is effective only when there are no outstanding debt securities of any series created before the execution of such supplemental indenture which is entitled to the benefit of the provisions being changed or eliminated;
- (5) to provide security for or guarantee of the debt securities;

(6) to establish the form or terms of debt securities in accordance with the indenture;

(7) to supplement any of the provisions to permit or facilitate the defeasance and discharge of any series of debt securities in accordance with such indenture as long as such action does not adversely affect the interests of the holders of the debt securities in any material respect;

(8) to provide for the acceptance of the appointment of a successor trustee for any series of debt securities or to provide for or facilitate the administration of the trust under the indenture by more than one trustee;

Table of Contents

(9) to cure any ambiguity, to correct or supplement any provision of any indenture which may be defective or inconsistent with any other provision, to eliminate any conflict with the Trust Indenture Act or to make any other provisions with respect to matters or questions arising under such indenture which are not inconsistent with any provision of the indenture, as long as the additional provisions do not adversely affect the interests of the holders in any material respect; or

(10) to modify the subordination provisions thereof, except in a manner which would be adverse to the holders of junior subordinated debt securities of any series then outstanding. (Section 11.1 of the indenture).

Supplemental Indentures with Consent of Holders. If we receive the consent of the holders of at least a majority in principal amount of the outstanding debt securities of each series affected, we may enter into supplemental indentures with the trustee for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the indenture or of modifying in any manner the rights of the holders under the indenture of such debt securities and coupons, if any. As long as any of the preferred securities of an Trust remain outstanding, no modification of the related junior subordinated indenture may be made that requires the consent of the holders of the related junior subordinated debt securities, no termination of the related junior subordinated indenture may occur, and no waiver of any event of default under the related junior subordinated indenture may be effective, without the prior consent of the holders of a majority of the aggregate liquidation amount of the preferred securities of such Trust.

However, unless we receive the consent of all of the affected holders, we may not enter into supplemental indentures that would, with respect to the debt securities of such holders:

(1) conflict with the required provisions of the Trust Indenture Act;

(2) except as described in any prospectus supplement or other offering material:

change the stated maturity of the principal of, or installment of interest, if any, on, any debt security,

reduce the principal amount thereof or the interest thereon or any premium payable upon redemption thereof; provided, however, that a requirement to offer to repurchase debt securities will not be deemed a redemption for this purpose,

change the stated maturity of or reduce the amount of any payment to be made with respect to any coupon,

change the currency or currencies in which the principal of, and premium, if any, or interest on such debt security is denominated or payable,

reduce the amount of the principal of a discount security that would be due and payable upon a declaration of acceleration of the maturity thereof or reduce the amount of, or postpone the date fixed for, any payment under any sinking fund or analogous provisions for any debt security,

impair the right to institute suit for the enforcement of any payment on or after the stated maturity thereof, or, in the case of redemption, on or after the redemption date,

limit our obligation to maintain a paying agency outside the United States for payment on bearer securities, or

adversely affect the right to convert any debt security into shares of our common stock if so provided;

(3) reduce the requirement for majority approval of supplemental indentures, or for waiver of compliance with certain provisions of the indenture or certain defaults; or

(4) modify any provisions of the indenture relating to waiver of past defaults with respect to that series, except to increase any such percentage or to provide that certain other provisions of such indenture cannot be modified or waived without the consent of the holders of each such debt security of each series affected thereby. (Section 11.2 of the indenture).

Table of Contents

It is not necessary for holders of the debt securities to approve the particular form of any proposed supplemental indenture, but it is sufficient if the holders approve the substance thereof. (Section 11.2 of the indenture).

A supplemental indenture which changes or eliminates any covenant or other provision of the indenture to which it relates with respect to one or more particular series of debt securities and coupons, if any, or which modifies the rights of the holders of debt securities or any coupons of such series with respect to such covenant or other provision, will be deemed not to affect the rights under such indenture of the holders of debt securities and coupons, if any, of any other series. (Section 11.2 of the indenture).

Subordination under the Indenture

In the junior subordinated indenture, RGA has covenanted and agreed that any junior subordinated debt securities issued thereunder are subordinated and junior in right of payment to all present and future senior indebtedness to the extent provided in the indenture. (Section 17.1 of the indenture). Unless otherwise indicated in the applicable prospectus supplement or other offering material, the indenture defines the term senior indebtedness with respect to each respective series of junior subordinated debt securities, to mean the principal, premium, if any, and interest on:

all indebtedness of RGA, whether outstanding on the date of the issuance of subordinated debt securities or thereafter created, incurred or assumed, which is for money borrowed, or which is evidenced by a note or similar instrument given in connection with the acquisition of any business, properties or assets, including securities;

any indebtedness of others of the kinds described in the preceding clause for the payment of which RGA is responsible or liable as guarantor or otherwise; and

amendments, modifications, renewals, extensions, deferrals and refundings of any such indebtedness.

In the case of the junior subordinated indenture, unless otherwise indicated in the applicable prospectus supplement or other offering material, senior indebtedness also includes all subordinated debt securities issued under the subordinated indenture. The senior indebtedness will continue to be senior indebtedness and entitled to the benefits of the subordination provisions irrespective of any amendment, modification or waiver of any term of the senior indebtedness or extension or renewal of the senior indebtedness. Unless otherwise indicated in the applicable prospectus supplement or other offering material, notwithstanding anything to the contrary in the foregoing, senior indebtedness will not include (A) indebtedness incurred for the purchase of goods or materials or for services obtained in the ordinary course of business and (B) any indebtedness which by its terms is expressly made pari passu, or equal in rank and payment, with or subordinated to the applicable debt securities. (Section 17.2 of the indenture).

Unless otherwise indicated in the applicable prospectus supplement or other offering material, no direct or indirect payment, in cash, property or securities, by set-off or otherwise, shall be made or agreed to be made on account of the subordinated or junior subordinated debt securities or interest thereon or in respect of any repayment, redemption, retirement, purchase or other acquisition of subordinated debt securities, if:

RGA defaults in the payment of any principal, or premium, if any, or interest on any senior indebtedness, whether at maturity or at a date fixed for prepayment or declaration or otherwise; or

an event of default occurs with respect to any senior indebtedness permitting the holders to accelerate the maturity and written notice of such event of default, requesting that payments on subordinated or junior subordinated debt securities cease, is given to RGA by the holders of senior indebtedness,

unless and until such default in payment or event of default has been cured or waived or ceases to exist. Unless otherwise indicated in the applicable prospectus supplement or other offering material, the foregoing limitations will also apply to payments in respect of the junior subordinated debt securities in the case of an event of default under the subordinated indebtedness (Section 17.4 of the indenture).

Unless otherwise indicated in the applicable prospectus supplement or other offering material, all present and future senior indebtedness, which shall include subordinated indebtedness in the case of our junior subordinated debt securities, including, without limitation, interest accruing after the commencement of any proceeding described below, assignment or marshaling of assets, shall first be paid in full before any payment or distribution, whether in cash,

Table of Contents

securities or other property, shall be made by RGA on account of subordinated or junior subordinated debt securities in the event of:

any insolvency, bankruptcy, receivership, liquidation, reorganization, readjustment, composition or other similar proceeding relating to RGA, its creditors or its property;

any proceeding for the liquidation, dissolution or other winding-up of RGA, voluntary or involuntary, whether or not involving insolvency or bankruptcy proceedings;

any assignment by RGA for the benefit of creditors; or

any other marshaling of the assets of RGA.

Unless otherwise indicated in the applicable prospectus supplement or other offering materials, in any such event, payments or distributions which would otherwise be made on subordinated or junior subordinated debt securities will generally be paid to the holders of senior indebtedness, or their representatives, in accordance with the priorities existing among these creditors at that time until the senior indebtedness is paid in full. Unless otherwise indicated in the applicable prospectus supplement or other offering materials, if the payments or distributions on subordinated or junior subordinated debt securities are in the form of RGA's securities or those of any other corporation under a plan of reorganization or readjustment and are subordinated to outstanding senior indebtedness and to any securities issued with respect to such senior indebtedness under a plan of reorganization or readjustment, they will be made to the holders of the subordinated debt securities and then, if any amounts remain, to the holders of the junior subordinated debt securities. (Section 17.3 of the indenture). No present or future holder of any senior indebtedness will be prejudiced in the right to enforce the subordination of subordinated or junior subordinated debt securities by any act or failure to act on the part of RGA. (Section 17.9 of the indenture).

Senior indebtedness will only be deemed to have been paid in full if the holders of such indebtedness have received cash, securities or other property which is equal to the amount of the outstanding senior indebtedness. After payment in full of all present and future senior indebtedness, holders of subordinated debt securities will be subrogated to the rights of any holders of senior indebtedness to receive any further payments or distributions that are applicable to the senior indebtedness until all the subordinated debt securities are paid in full. In matters between holders of subordinated debt securities and any other type of RGA's creditors, any payments or distributions that would otherwise be paid to holders of senior debt securities and that are made to holders of subordinated debt securities because of this subrogation will be deemed a payment by RGA on account of senior indebtedness and not on account of subordinated debt securities. (Section 17.7 of the indenture).

Subordinated indebtedness will only be deemed to have been paid in full if the holders of such indebtedness have received cash, securities or other property which is equal to the amount of the outstanding subordinated indebtedness. After payment in full of all present and future subordinated indebtedness, holders of junior subordinated debt securities will be subrogated to the rights of any holders of subordinated indebtedness to receive any further payments or distributions that are applicable to the subordinated indebtedness until all the junior subordinated debt securities are paid in full. In matters between holders of junior subordinated debt securities and any other type of RGA's creditors, any payments or distributions that would otherwise be paid to holders of subordinated debt securities and that are made to holders of junior subordinated debt securities because of this subrogation will be deemed a payment by RGA on account of subordinated indebtedness and not on account of junior subordinated debt securities. (Section 17.7 of the indenture).

The indenture provides that the foregoing subordination provisions may be changed, except in a manner which would be adverse to the holders of junior subordinated debt securities of any series then outstanding. (Sections 11.1 and 11.2

of the indenture). The prospectus supplement or other offering materials relating to such subordinated or junior subordinated debt securities would describe any such change.

The prospectus supplement or other offering materials delivered in connection with the offering of a series of subordinated or junior subordinated debt securities will set forth a more detailed description of the subordination provisions applicable to any such debt securities.

The accompanying prospectus supplement or other offering materials or information incorporated by reference will set forth the approximate amount of indebtedness senior to such junior subordinated indebtedness to be offered under this prospectus outstanding as of a recent date. The indenture places no limitation on the amount of additional senior

indebtedness that may be incurred by RGA. RGA expects from time to time to incur additional indebtedness constituting senior indebtedness. See General on page 11 for a summary of our indebtedness at September 30, 2010.

Events of Default

Unless otherwise indicated in the applicable prospectus supplement or other offering material, an event of default with respect to any series of debt securities issued under the indenture means:

default for 30 days in the payment of any interest upon any debt security or any payment with respect to the coupons, if any, of such series when it becomes due and payable, except where we have properly deferred the interest, if applicable;

default in the payment of the principal of, and premium, if any, on, any debt security of such series when due;

default in the deposit of any sinking fund payment when due by the terms of a debt security of such series;

default for 90 days after we receive notice as provided in the indenture in the performance of any covenant or breach of any warranty in the indenture;

certain events of bankruptcy, insolvency or receivership, or the dissolution of the Trust; or

any other events which we specify for that series, which will be indicated in the prospectus supplement or other offering material for that series. (Section 5.1 of the indenture).

Within 90 days after a default in respect of any series of debt securities, the trustee, or property trustee, if applicable, must give to the holders of such series notice of all uncured and unwaived defaults by us known to it. However, except in the case of default in payment, the trustee may withhold such notice if it determines that such withholding is in the interest of such holders. (Section 6.2 of the indenture).

If an event of default occurs in respect of any outstanding series of debt securities and is continuing, the property trustee under the indenture or the holders of at least 25% in principal amount of the outstanding debt securities of that series may declare the principal amount, or, if the debt securities of that series are original issue discount securities or indexed securities, such portion of the principal amount as may be specified in the terms of those securities, of all of the debt securities of that series to be due and payable immediately by written notice thereof to us, and to the property trustee, if applicable, if given by the holders of the debt securities. Upon any such declaration, such principal or specified amount plus accrued and unpaid interest, and premium, if payable, will become immediately due and payable. However, with respect to any debt securities issued under indenture, the payment of principal and interest on such debt securities shall remain subordinated to the extent provided in Article XVII of the indenture. In addition, at any time after such a declaration of acceleration but before a judgment or decree for payment of the money due has been obtained, the holders of a majority in principal amount of outstanding debt securities of that series may, subject to specified conditions, rescind and annul such acceleration if all events of default, other than the non-payment of accelerated principal, or premium, if any, or interest on debt securities of such series have been cured or waived as provided in the indenture. (Section 5.2 of the indenture).

The holders of a majority in principal amount of the outstanding debt securities of a series, on behalf of the holders of all debt securities of that series, may waive any past default and its consequences, except that they may not waive an uncured default in payment or a default which cannot be waived without the consent of the holders of all outstanding securities of that series. (Section 5.13 of the indenture).

Edgar Filing: RGA CAPITAL TRUST I - Form S-3ASR

Within four months after the close of each fiscal year, we must file with the trustee a statement, signed by specified officers, stating whether or not such officers have knowledge of any default under the indenture and, if so, specifying each such default and the nature and status of each such default. (Section 12.2 of the indenture).

Subject to provisions in the applicable indenture relating to its duties in case of default, the trustee, or property trustee, if applicable, is not required to take action at the request of any holders of debt securities, unless such holders have offered to the trustee reasonable security or indemnity. (Section 6.3 of the indenture).

Table of Contents

Subject to such indemnification requirements and other limitations set forth in the indenture, if any event of default has occurred, the holders of a majority in principal amount of the outstanding debt securities of any series may direct the time, method and place of conducting proceedings for remedies available to the trustee, or exercising any trust or power conferred on the trustee, in respect of such series. (Section 5.12 of the indenture).

Defeasance; Satisfaction and Discharge

Legal or Covenant Defeasance. The indenture provides that we may be discharged from our obligations in respect of the debt securities of any series, as described below. These provisions will apply to any registered securities that are denominated and payable only in U.S. dollars, unless otherwise specified in a prospectus supplement or other offering material. The prospectus supplement or other offering material will describe any defeasance provisions that apply to other types of debt securities. (Section 15.1 of the indenture).

At our option, we may choose either one of the following alternatives:

We may elect to be discharged from any and all of our obligations in respect of the debt securities of any series, except for, among other things, certain obligations to register the transfer or exchange of debt securities of such series, to replace stolen, lost or mutilated debt securities of such series, and to maintain paying agencies and certain provisions relating to the treatment of funds held by the trustee for defeasance. We refer to this as legal defeasance.

Alternatively, we may omit to comply with the covenants described under the heading Consolidation, Merger, Conveyance, Sale of Assets and Other Transfers and any additional covenants which may be set forth in the applicable prospectus supplement, and any omission to comply with those covenants will not constitute a default or an event of default with respect to the debt securities of that series. We refer to this as covenant defeasance.

In either case, we will be so discharged upon the deposit with the trustee, in trust, of money and/or U.S. Government Obligations that, through the payment of interest and principal in accordance with their terms, will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent public accountants to pay and discharge each installment of principal, including any mandatory sinking fund payments, premium, if any, and interest on the debt securities of that series on the stated maturity of those payments in accordance with the terms of the indenture and those debt securities. This discharge may occur only if, among other things, we have delivered to the trustee an opinion of counsel or an Internal Revenue Service ruling to the effect that the holders of the debt securities of that series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the defeasance. (Section 15.2 of the indenture).

In addition, in order to be discharged, no event or condition shall exist that, pursuant to certain provisions described under Subordination under the Indenture above, would prevent us from making payments of principal of, and premium, if any, and interest on junior subordinated debt securities and coupons at the date of the irrevocable deposit referred to above. (Section 15.2 of the indenture).

Covenant Defeasance and Events of Default. In the event we exercise our option to effect covenant defeasance with respect to any series of debt securities and the debt securities of that series are declared due and payable because of the occurrence of any event of default, the amount of money and/or U.S. Government Obligations on deposit with the trustee will be sufficient to pay amounts due on the debt securities of that series at the time of their stated maturity but may not be sufficient to pay amounts due on the debt securities of that series at the time of the acceleration resulting from the event of default. However, we will remain liable for those payments.

U.S. Government Obligations means securities which are (1) direct obligations of the United States for the payment of which its full faith and credit is pledged, or (2) obligations of a person controlled or supervised by and acting as an agency or instrumentality of the United States, the payment of which is unconditionally guaranteed as a full faith and credit obligation by the United States, which, in either case, are not callable or redeemable at the option of the issuer thereof, and will also include a depository receipt issued by a bank or trust company as custodian with respect to any such U.S. Government Obligation or a specific payment of interest on or principal of any such U.S. Government Obligation held by such custodian for the account of the holder of a depository receipt, provided that, except as required by law, such custodian is not authorized to make any deduction from the amount payable to the holder of such depository receipt from any amount received by the custodian in respect of the U.S. Government Obligation or the specific payment of

Table of Contents

interest on or principal of the U.S. Government Obligation evidenced by such depository receipt. (Section 15.2 of the indenture).

We may exercise our legal defeasance option even if we have already exercised our covenant defeasance option.

There may be additional provisions relating to defeasance which we will describe in the prospectus supplement or other offering material. (Section 15.1 of the indenture).

Conversion or Exchange

Any series of the debt securities may be convertible or exchangeable into common or preferred stock or other debt securities registered under the registration statement relating to this prospectus. The specific terms and conditions on which such debt securities may be so converted or exchanged will be set forth in the applicable prospectus supplement or other offering material. Those terms may include the conversion or exchange price, provisions for conversion or exchange, either mandatory, at the option of the holder, or at our option, whether we have an option to convert debt securities into cash, rather than common stock, and provisions under which the number of shares of common or preferred stock or other securities to be received by the holders of debt securities would be calculated as of a time and in the manner stated in the applicable prospectus supplement. (Section 16.1 of the indenture).

Governing Law

The indenture and the debt securities will be governed by, and construed in accordance with, the internal laws of the State of New York. (Section 1.11 of the indenture).

Regarding the Trustee

Unless otherwise specified in the applicable prospectus supplement or other offering material, The Bank of New York Mellon Trust Company, N.A. will be the successor trustee under the indenture relating to the junior subordinated debt securities which may be offered to the Trust. We have entered, and from time to time may continue to enter, into banking or other relationships with such trustees or their affiliates, including The Bank of New York and Mellon Investor Services LLC. For example, The Bank of New York Mellon Trust Company, N.A. is successor trustee of the indenture relating to our 6.75% notes due 2011, our 5.625% Senior Notes due 2017, our 6.75% junior subordinated debentures due 2065, and the trust and underlying junior subordinated debentures relating to our PIERS units, a lender under our principal credit agreement, and provides other banking and financial services to us. Mellon Investor Services LLC is the transfer agent and registrar for our common stock, and also serves as the rights agent under our Section 382 shareholder rights plan.

If the trustee is or becomes one of our creditors, the indenture limits the right of the trustee to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claims as security or otherwise. The trustee will be permitted to engage in other transactions. However, if after a specified default has occurred and is continuing, it acquires or has a conflicting interest (such as continuing to serve as trustee with respect to outstanding notes, debentures or PIERS units or continuing to be a creditor of RGA in certain circumstances), it must eliminate such conflict within 90 days or receive permission from the SEC to continue as a trustee or resign.

There may be more than one trustee under the indenture, each with respect to one or more series of debt securities. (Section 1.1 of the indenture). Any trustee may resign or be removed with respect to one or more series of debt securities, and a successor trustee may be appointed to act with respect to such series. (Section 6.10 of the indenture).

If two or more persons are acting as trustee with respect to different series of debt securities, each trustee will be a trustee of a trust under the indenture separate from the trust administered by any other such trustee. Except as otherwise indicated in this prospectus, any action to be taken by the trustee may be taken by each such trustee with respect to, and only with respect to, the one or more series of debt securities for which it is trustee under the indenture. (Section 6.1 of the indenture).

Book-Entry Debt Securities

Unless otherwise indicated in the prospectus supplement or other offering material, The Depository Trust Company, or DTC, will act as securities depository for the debt securities. The debt securities will be issued as fully-registered securities in the name of Cede & Co. or such other name as may be requested by an authorized representative of DTC. This means that certificates will not be issued to each holder of debt securities. One fully-registered security certificate will be issued for each debt security, each in the aggregate principal amount of such security and will be deposited with DTC.

Purchases of debt securities under the DTC system must be made by or through participants (for example, your broker) who will receive credit for the securities on DTC's records. The ownership interest of each actual purchaser of each debt security will be recorded on the records of the participant. Beneficial owners of the debt securities will not receive written confirmation from DTC of their purchase. Beneficial owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the participant through which the beneficial owner entered into the transaction. Transfers of ownership interests in the debt securities are to be accomplished by entries made on the books of participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates representing their ownership interests in the debt securities except in the event that use of the book-entry system for the debt securities is discontinued.

To facilitate subsequent transfers, all debt securities deposited by participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of debt securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual beneficial owners of the debt securities; DTC's records reflect only the identity of the participants to whose accounts the debt securities are credited, which may or may not be the beneficial owners. The participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to participants and by participants to beneficial owners will be governed by arrangements among them, subject to statutory or regulatory requirements as may be in effect from time to time.

Proceeds, distributions or other payments on the debt securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit participants' accounts upon DTC's receipt of funds in accordance with their respective holdings shown on DTC's records. Payments by participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in street name, and will be the responsibility of such participant and not DTC, RGA or the Trust, subject to any statutory or regulatory requirements as may be in effect from time to time.

DTC may discontinue providing its services as depository with respect to the debt securities at any time by giving reasonable notice to us or the Trust. Under such circumstances, in the event that a successor depository is not obtained, certificates representing the debt securities are required to be printed and delivered. We may decide to discontinue use of the system of book-entry transfers through DTC, or successor depository. In that event, certificates representing the debt securities will be printed and delivered.

DTC is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 2 million

issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues and money market instruments from over 85 countries that DTC's participants deposit with DTC.

DTC also facilitates the post-trade settlement among participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between participants' accounts. This eliminates the need for physical movement of securities certificates. Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation, or DTCC. DTCC is owned by a

number of participants of DTC and members of the national Securities Clearing Corporation, Government Securities Clearing Corporation, MBS Clearing Corporation and Emerging Markets Clearing Corporation, as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC and the Financial Industry Regulatory Authority. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a participant, either directly or indirectly.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that we believe to be reliable.

DESCRIPTION OF CAPITAL STOCK OF RGA

The following is a summary of the material terms of our capital stock and the provisions of our amended and restated Articles of Incorporation and bylaws. It also summarizes some relevant provisions of the Missouri General and Business Corporation Law, which we refer to as Missouri law. Since the terms of our articles of incorporation, and bylaws, and Missouri law, are more detailed than the general information provided below, you should only rely on the actual provisions of those documents and Missouri law. If you would like to read those documents, they are on file with the SEC, as described under the heading "Where You Can Find More Information" on page 3.

General

RGA's authorized capital stock consists of 150 million shares of capital stock, of which:

140 million shares are designated as common stock, par value \$0.01 per share; and

10 million shares are designated as preferred stock, par value \$0.01 per share.

As of January 31, 2011, RGA had 73,379,726 shares of common stock issued and outstanding, and approximately 9.7 million shares issuable upon exercise or settlement of outstanding options or other awards and warrants.

The outstanding shares of common stock are validly issued, fully paid and nonassessable.

Common Stock

Subject to the prior rights of the holders of any shares of preferred stock which later may be issued and outstanding, holders of common stock are entitled to receive dividends as and when declared by us out of legally available funds, and, if we liquidate, dissolve, or wind up RGA, to share ratably in all remaining assets after we pay liabilities. We are prohibited from paying dividends under our credit agreement unless, at the time of declaration and payment, certain defaults would not exist under such agreement. Each holder of common stock is entitled to one vote for each share held of record on all matters presented to a vote of shareholders, including the election of directors. Holders of common stock have no cumulative voting rights or preemptive rights to purchase or subscribe for any stock or other securities and there are no conversion rights or redemption or sinking fund provisions for the common stock.

We may issue additional shares of authorized common stock without shareholder approval, subject to applicable rules of the New York Stock Exchange.

BNY Mellon Investor Services LLC, 911 Washington Ave., 3rd Floor, St. Louis, Missouri 63101, is the registrar and transfer agent for our common stock. Our common stock is listed on the New York Stock Exchange under the symbol RGA .

Acquisition Restrictions

Our articles of incorporation generally restrict the accumulation of 5% or more (by value) of RGA stock until September 13, 2011, or such shorter period as may be determined by our board of directors (which is referred to as the restriction period). The acquisition restrictions impose restrictions on the acquisition of our common stock (and any other equity securities that RGA issues in the future) by designated persons. Without these restrictions, it is possible that certain changes in ownership of our stock could result in the imposition of limitations on the ability of RGA and its subsidiaries to fully utilize the net operating losses and other tax attributes currently available for U.S. federal and state

Table of Contents

income tax purposes to RGA and its subsidiaries. Our board of directors believes it is in our best interests to attempt to prevent the imposition of such limitations.

During the restriction period, no RGA shareholder may be or become a 5-percent shareholder of RGA as defined in the Internal Revenue Code (applying certain attribution and constructive ownership rules). However, this restriction will not apply to:

- any stock acquired in connection with the divestiture of our class B common stock by MetLife, Inc. (MetLife);
- any transaction directly with RGA, including pursuant to the exercise of outstanding options or warrants;
- any tender or exchange offers for all of the common stock meeting certain fairness criteria; or
- any transaction approved in advance by the RGA board of directors.

Any person permitted to acquire or own RGA stock representing 5% or more (by value) of RGA stock pursuant to any of the preceding bullet points will not be permitted to acquire any additional RGA stock at any time during the restriction period without the approval of our board of directors, unless and until such person owns less than 5% (by value) of RGA stock, at which point such person may acquire RGA stock only to the extent that, after such acquisition, such person owns less than 5% (by value) of RGA stock.

Preferred Stock

Our articles of incorporation vest our board of directors with authority to issue up to 10,000,000 shares of preferred stock from time to time in one or more series, with such voting powers, full or limited, or no voting powers, and such designations, preferences and relative, participating, optional or other special rights, and qualifications, limitations or restrictions thereof, as may be stated in the resolution or resolutions providing for the issuance of such stock adopted from time to time by the board of directors. Our board of directors is expressly authorized to fix or determine:

- the specific designation of the shares of the series;
- the consideration for which the shares of the series are to be issued;
- the rate and times at which, and the conditions under which, dividends will be payable on shares of that series, and the status of those dividends as cumulative or non-cumulative and, if cumulative, the date or dates from which dividends shall be cumulative;
- the price or prices, times, terms and conditions, if any, upon which the shares of the series may be redeemed;
- the rights, if any, which the holders of shares of the series have in the event of our dissolution or upon distribution of our assets;
- from time to time, whether to include the additional shares of preferred stock which we are authorized to issue in the series;
- whether or not the shares of the series are convertible into or exchangeable for other securities of RGA, including shares of our common stock or shares of any other series of our preferred stock, the price or prices or the rate or rates at which conversion or exchange may be made, and the terms and conditions upon which the conversion or exchange right may be exercised;

if a sinking fund will be provided for the purchase or redemption of shares of the series and, if so, to fix the terms and the amount or amounts of the sinking fund; and

any other preferences and rights, privileges and restrictions applicable to the series as may be permitted by law.

All shares of the same series of preferred stock will be identical and of equal rank except as to the times from which cumulative dividends, if any, on those shares will be cumulative. The shares of different series may differ, including as to rank, as may be provided in our articles of incorporation, or as may be fixed by our board of directors as described above. We may from time to time amend our articles of incorporation to increase or decrease the number of authorized shares of preferred stock.

Table of Contents

A total of 1,400,000 of these authorized preferred shares have been designated as Series A-1 Junior Participating Preferred Stock.

Depending upon the rights of holders of the preferred stock, an issuance of preferred stock could adversely affect holders of common stock by delaying or preventing a change of control of RGA, making removal of the management of RGA difficult, or restricting the payment of dividends and other distributions to the holders of common stock.

Certain Effects of Authorized but Unissued Stock

We may issue additional shares of common stock or preferred stock without shareholder approval, subject to applicable rules of the New York Stock Exchange, for a variety of corporate purposes, including raising additional capital, corporate acquisitions, and employee benefit plans. The existence of unissued and unreserved common and preferred stock may enable us to issue shares to persons who are friendly to current management, which could discourage an attempt to obtain control of RGA through a merger, tender offer, proxy contest, or otherwise, and protect the continuity of management and possibly deprive you of opportunities to sell your shares at prices higher than the prevailing market prices. We could also use additional shares to dilute the stock ownership of persons seeking to obtain control of RGA pursuant to the operation of the rights plan or otherwise. See also Anti-Takeover Provisions in the RGA Articles of Incorporation and Bylaws below.

Section 382 Shareholder Rights Plan

On September 12, 2008, RGA entered into an Amended and Restated Section 382 Rights Agreement (the Amended Rights Agreement) with Mellon Investor Services LLC as Rights Agent (the Rights Agent). The Amended Rights Agreement, among other things, (i) clarified that one preferred share purchase right is outstanding for each share of class A common stock outstanding and that each such right entitles the registered holder to purchase from RGA, under certain circumstances, one one-hundredth of a share of Series A-1 Junior Participating Preferred Stock, par value \$0.01 per share (which is referred to as the series A-1 junior participating preferred stock), of RGA at a price of \$200 per one one-hundredth of a share of series A-1 junior participating preferred stock, subject to adjustment, and (ii) provided holders of class B common stock with a preferred share purchase right that entitles the registered holder to purchase from RGA, under certain circumstances, one one-hundredth of a share of Series B-1 Junior Participating Preferred Stock, par value \$0.01 per share (which is referred to as the series B-1 junior participating preferred stock), of RGA at a price of \$200 per one one-hundredth of a share of series B-1 junior participating preferred stock, subject to adjustment.

On November 25, 2008, the shareholders of RGA held a special meeting where the shareholders approved, among other things: (i) the conversion (the conversion) of RGA's dual class common stock structure into a single class common stock structure, whereby RGA's class B common stock, par value \$0.01 per share (the class B common stock), converted into RGA's class A common stock, par value \$0.01 per share (the class A common stock), on a one-for-one basis (with such class A common stock being automatically redesignated as common stock) and (ii) a proposal to amend and restate RGA's amended and restated articles of incorporation to eliminate provisions relating to class B common stock and RGA's dual class common stock structure.

Also on November 25, 2008, in connection with the conversion, RGA and the Rights Agent entered into a Second Amended and Restated Section 382 Rights Agreement (the Section 382 shareholder rights plan) which amended and restated the Amended Rights Agreement and, among other things, clarified that one preferred share purchase right is outstanding for each share of common stock outstanding and that each such right entitles the registered holder to purchase from RGA, under certain circumstances, one one-hundredth of a share of series A-1 junior participating preferred stock at a price of \$200 per one one-hundredth of a share of series A-1 junior participating preferred stock, subject to adjustment.

The Section 382 shareholder rights plan is intended to act as a deterrent to any person being or becoming a 5-percent shareholder (as defined in Section 382 of the Internal Revenue Code and the related Treasury regulations) without the

Table of Contents

approval of our board of directors (such person is referred to as an acquiring person). The meaning of the term acquiring person does not include:

RGA, any subsidiary of RGA, any employee benefit plan or compensation arrangement of RGA or any subsidiary of RGA, or any entity holding securities of RGA to the extent organized, appointed or established by RGA or any subsidiary of RGA for or pursuant to the terms of any such employee benefit plan or compensation arrangement;

any grandfathered person (as defined below);

any exempted person (as defined below); or

any person who or which inadvertently may become a 5-percent shareholder or otherwise becomes such a 5-percent shareholder, so long as such person promptly enters into, and delivers to RGA, an irrevocable commitment promptly to divest, and thereafter promptly divests (without exercising or retaining any power, including voting, with respect to such securities), sufficient securities of RGA so that such person ceases to be a 5-percent shareholder of RGA.

Shareholders who owned 5% or more (by value) of common stock outstanding on June 2, 2008, the time of adoption of the original Section 382 shareholder rights plan, will not trigger the Section 382 shareholder rights plan so long as they do not acquire any additional shares of RGA stock (except for any such shares that are acquired in a transaction that also results in such person being an exempted person). These shareholders, which include MetLife and its subsidiaries, are referred to as grandfathered persons.

For purposes of the Section 382 shareholder rights plan, RGA stock means: (i) common stock, (ii) preferred stock (other than preferred stock described in Section 1504(a)(4) of the Internal Revenue Code), (iii) warrants, rights, or options (including options within the meaning of Treasury Regulation § 1.382-2T(h)(4)(v)) to purchase stock (other than preferred stock described in Section 1504(a)(4) of the Internal Revenue Code), and (iv) any other interest that would be treated as stock of RGA pursuant to Treasury Regulation § 1.382-2T(f)(18).

MetLife security holders who received our class B common stock (which was subsequently converted into common stock) directly from MetLife in the split-off (the Split-Off) that occurred in September 2008 in connection with the Recapitalization and Distribution Agreement, dated June 1, 2008, between RGA and MetLife (the Recapitalization and Distribution Agreement), which caused them to hold 5% or more (by value) of RGA stock, did not trigger the rights plan. However, the rights plan does not exempt any future acquisitions of RGA stock by such persons. In addition, RGA may, in its sole discretion, exempt any person or group from being deemed an acquiring person for purposes of the rights plan at any time prior to the time the rights are no longer redeemable. The persons described in this paragraph are exempted persons.

Under certain circumstances, our board of directors may determine it is in the best interest of RGA and its shareholders to exempt 5-percent shareholders from the operation of the Section 382 shareholder rights plan, in light of the provisions of the Recapitalization and Distribution Agreement. RGA may, in certain circumstances, incur significant indemnification obligations under the Recapitalization and Distribution Agreement in the event that the Section 382 shareholder rights plan is triggered following the Split-Off in a manner that would result in the Split-Off failing to qualify as tax-free. Accordingly, our board of directors may determine that the consequences of enforcing the Section 382 shareholder rights plan and enhancing its deterrent effect by not exempting a 5-percent shareholder in order to provide protection to RGA's and its subsidiaries' net operating losses and other tax attributes, are more adverse to RGA and its shareholders.

The Rights. RGA has issued one preferred share purchase right (which is referred to as a right) for each outstanding share of common stock. Shares of common stock issued while the Section 382 rights plan is in effect will be issued with rights attached. Each right, when exercisable, will entitle the registered holder to purchase from RGA one one-hundredth of a share of Series A-1 Junior Participating Preferred Stock, par value \$0.01 per share (which is referred to as the junior participating preferred stock), of RGA at a price of \$200 per one one-hundredth of a share of junior participating preferred stock (which is referred to as the purchase price), subject to adjustment.

No right is exercisable until the earliest to occur of (1) the close of business on the tenth business day following the date of the earlier of either public announcement that a person has become, or RGA first has notice or otherwise determines that a person has become, an acquiring person without the prior express written consent of RGA; or (2) the close of

Table of Contents

business on the tenth business day following the commencement of a tender offer or exchange offer, without the prior written consent of RGA, by a person which, upon consummation, would result in such person becoming an acquiring person (the earlier of the dates in clause (1) or (2) above being referred to in this document as the distribution date).

Until the distribution date, the rights will be transferred with and only with the common stock. Until the distribution date, new common stock certificates or ownership statements issued upon transfer or new issuances of common stock will contain a notation incorporating the Section 382 shareholder rights plan by reference. As soon as practicable following the distribution date, separate certificates evidencing the rights (right certificates) will be mailed to holders of record of the common stock as of the close of business on the distribution date and such separate certificates alone will then evidence the rights.

Expiration. The rights will expire, if not previously exercised, on the earlier to occur of (1) the final expiration date (as defined below) or (2) the time at which the rights are redeemed or exchanged pursuant to the Section 382 shareholder rights plan. The final expiration date is the earlier of (a) the date that is 36 months and one day following the completion of the Split-Off, or September 13, 2011, or (b) such other date as our board of directors may determine in good faith in accordance with the Section 382 shareholder rights plan.

Junior Participating Preferred Stock. Shares of junior participating preferred stock purchasable upon exercise of the rights will not be redeemable and will be junior to any other series of preferred stock RGA may issue (unless otherwise provided in the terms of such stock). Each share of junior participating preferred stock will have a preferential dividend in an amount equal to the greater of \$1.00 and 100 times any dividend declared on each share of common stock. In the event of liquidation, the holders of the junior participating preferred stock will receive a preferred liquidation payment per share of series junior participating preferred stock equal to the greater of \$100 and 100 times the payment made per share of the common stock. Each share of junior participating preferred stock will have 100 votes, voting together with the common stock. In the event of any merger, consolidation, combination or other transaction in which shares of common stock are converted or exchanged, each share of junior participating preferred stock will be entitled to receive 100 times the amount and type of consideration received per share of the common stock. The rights of the junior participating preferred stock as to dividends, liquidation and voting, and in the event of mergers and consolidations, are protected by customary anti-dilution provisions. Because of the nature of the junior participating preferred stock's dividend, liquidation and voting rights, the value of the one one-hundredth interest in a share of junior participating preferred stock purchasable upon exercise of each right should approximate the value of one share of the common stock.

Effects of Triggering Events. If any person or group becomes an acquiring person without the prior written consent of our board of directors (and such person or group is not an exempted person or a grandfathered person), each right, except those held by such persons, would entitle its holder to acquire such number of shares of common stock as will equal the result obtained by multiplying the then current purchase price by the number of one one-hundredths of a share of junior participating preferred stock for which a right is then exercisable and dividing that product by 50% of the then current per-share market price of the common stock.

If any person or group becomes an acquiring person without prior written consent of our board of directors, but beneficially owns less than 50% of the outstanding common stock, each right, except those held by such persons, may be exchanged by our board of directors for one share of common stock.

Redemption. At any time prior to the earlier of the 10th business day after the time an acquiring person becomes such or the date that is 36 months and one day following the completion of the Split-Off, or September 13, 2011, our board of directors may redeem the rights in whole, but not in part, at a price of \$0.001 per right (which is referred to as the redemption price). Immediately upon any redemption of the rights, the right to exercise the rights will terminate and the only right of the holders of rights will be to receive the redemption price.

Adjustments. The purchase price payable, and the number of shares of junior participating preferred stock or other securities or property issuable, upon exercise of the rights are subject to adjustment from time to time to prevent dilution (1) in the event of a stock dividend on, or a subdivision, combination or reclassification of, the junior participating preferred stock, (2) upon the grant to holders of junior participating preferred stock of certain rights or warrants to subscribe for or purchase preferred stock at a price, or securities convertible into junior participating preferred stock with a conversion price, less than the then-current market price of junior participating preferred stock or (3) upon the distribution to holders of junior participating preferred stock of evidences of indebtedness or assets (excluding regular

Table of Contents

periodic cash dividends or dividends payable in junior participating preferred stock) or of subscription rights or warrants (other than those referred to above).

The number of outstanding rights and the number of one one-hundredths of a share of junior participating preferred stock issuable upon exercise of each right are also subject to adjustment in the event of a stock split of the common stock or a stock dividend on the common stock payable in shares of common stock or subdivisions, consolidations or combinations of the common stock (other than the conversion related to the Split-Off) occurring, in any such case, prior to the distribution date.

The terms of the rights may be amended by RGA without the consent of the holders of the rights, except that from and after such time as any person becomes an acquiring person, no such amendment may adversely affect the interests of the holders of the rights.

Until a right is exercised, the holder thereof, as such, will have no rights as a shareholder of RGA, including, without limitation, the right to vote or to receive dividends.

Anti-Takeover Effect. The Section 382 shareholder rights plan may have an anti-takeover effect because it will restrict the ability of a person or entity, or group of persons or entities, from accumulating in the aggregate 5% or more (by value) of our stock and the ability of persons, entities or groups now owning 5% or more (by value) of our stock from acquiring additional RGA stock. Like the acquisition restrictions in our articles of incorporation, the Section 382 shareholder rights plan could discourage or prohibit a merger, tender offer, proxy contest or accumulations of substantial blocks of shares for which some shareholders might receive a premium above market value. In addition, the Section 382 shareholder rights plan may delay the assumption of control by a holder of a large block of our stock and the removal of incumbent directors and management, even if such removal may be beneficial to some or all RGA shareholders.

Possible Effect on Liquidity. The Section 382 shareholder rights plan will restrict an RGA shareholder's ability to acquire, directly or indirectly, additional RGA stock in excess of the specified limitations. Further, a shareholder's ownership of our stock may become subject to the effects of the Section 382 shareholder rights plan upon the actions taken by related persons. A legend reflecting the existence of the Section 382 shareholder rights plan is and will be placed on certificates or ownership statements representing newly issued or transferred shares of RGA stock. These restrictions may also result in a decreased valuation of our stock due to the resulting restrictions on transfers to persons directly or indirectly owning or seeking to acquire a significant block of our stock.

Limitation on Liability of Directors; Indemnification

Our articles of incorporation limit the liability of our directors to RGA and its shareholders to the fullest extent permitted by Missouri law. Our articles of incorporation provide that RGA will indemnify each person (other than a party plaintiff suing on his own behalf or in the right of RGA) who at any time is serving or has served as a director or officer of RGA against any claim, liability or expense incurred as a result of this service, or as a result of any other service on behalf of RGA, or service at the request of RGA as a director, officer, employee, member or agent of another corporation, partnership, joint venture, trust, trade or industry association or other enterprise (whether incorporated or unincorporated, for-profit or not-for-profit), to the maximum extent permitted by law. Without limiting the generality of the foregoing, RGA will indemnify any such person who was or is a party (other than a party plaintiff suing on his own behalf or in the right of RGA), or is threatened to be made a party, to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (including, but not limited to, an action by or in the right of RGA) by reason of such service against expenses (including, without limitation, attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding. We have entered into indemnification agreements with our officers

and directors providing for indemnification to the fullest extent permitted by law.

The inclusion of these provisions in our articles of incorporation may have the effect of reducing the likelihood of derivative litigation against our directors and may discourage or deter RGA or its shareholders from bringing a lawsuit against our directors for breach of their duty of care, even though such an action, if successful, might otherwise have benefited RGA and its shareholders.

Anti-Takeover Provisions in the RGA Articles of Incorporation and Bylaws

Some of the provisions in our articles of incorporation and bylaws and Section 351.459 of the Missouri corporation statute could have the following effects, among others:

delaying, deferring or preventing a change in control of RGA;

delaying, deferring or preventing the removal of our existing management or directors;

deterring potential acquirors from making an offer to our shareholders; and

limiting our shareholders' opportunity to realize premiums over prevailing market prices of our common stock in connection with offers by potential acquirors.

The following is a summary of some of the provisions in our articles of incorporation and bylaws that could have the effects described above.

Classified Board of Directors. Our articles of incorporation and bylaws provide that our board of directors will be divided into three classes of directors serving staggered three-year terms. Each class, to the extent possible, will be equal in number. The size of our board of directors will not be less than three and our board of directors can amend the number of directors by majority vote. Each class holds office until the third annual shareholders' meeting for election of directors following the most recent election of such class.

Directors, and Not Shareholders, Fix the Size of the Board of Directors of RGA. Our articles of incorporation and bylaws provide that the number of directors will be fixed from time to time exclusively pursuant to a resolution adopted by a majority of our board of directors, but in no event will it consist of less than three directors. In accordance with our bylaws, our board of directors has fixed the number of directors at nine.

Directors are Removed for Cause Only. Missouri law provides that, unless a corporation's articles of incorporation provide otherwise, the holders of a majority of the corporation's voting stock may remove any director from office. Our articles of incorporation provide that shareholders may remove a director only for cause and with the approval of the holders of 85% of RGA's voting stock. Our board of directors may remove a director, with or without cause, only in the event the director fails to meet the qualifications stated in the bylaws for election as a director or in the event the director is in breach of any agreement between such director and RGA relating to such director's service as RGA's director or employee.

Board Vacancies to Be Filled by Remaining Directors and Not Shareholders. Any vacancy created by any reason prior to the expiration of the class in which the vacancy occurs will be filled by a majority of the remaining directors, even if less than a quorum. A director elected to fill a vacancy will be elected for the unexpired term of his predecessor. Any directorship to be filled by reason of an increase in the number of directors may be filled by the board of directors and will be added to such class of directors so that all classes of directors will be as nearly equal in number as possible.

Ownership Limitations. Our articles of incorporation will provide that shareholders are subject to stock ownership limitations, which would generally limit shareholders from owning or acquiring 5% or more (by value) of the aggregate outstanding shares of our stock prior to September 13, 2011 (it being understood that such limitation, among other things, would not prohibit a person from acquiring or owning 5% or more (by value) of the aggregate outstanding shares of RGA stock in connection with the Split-Off by MetLife. Any person permitted to acquire or own 5% or more (by value) of the RGA stock pursuant to the preceding sentence will not be permitted to acquire any

additional RGA stock at any time prior to September 13, 2011, unless and until such person owns less than 5% (by value) of the aggregate outstanding shares of our stock, at which point such person may acquire RGA stock only to the extent that, after such acquisition, such person owns less than 5% (by value) of the aggregate outstanding shares of our stock. See Acquisition Restrictions above.

Shareholders May Only Act by Written Consent Upon Unanimous Written Consent. As required by Missouri law, our articles of incorporation and bylaws provide for shareholder action by unanimous written consent only.

No Special Meetings Called by Shareholders. Our articles of incorporation provide that special meetings may only be called by the chairman of our board of directors, our president, or a majority of our board of directors. Only such business will be conducted, and only such proposals acted upon, as are specified in the notice of the special meeting.

Table of Contents

Advance Notice for Shareholder Proposals. Our articles of incorporation contain provisions requiring that advance notice be delivered to RGA of any business to be brought by a shareholder before an annual meeting and providing for procedures to be followed by shareholders in nominating persons for election to our board of directors. Ordinarily, the shareholder must give notice at least 60 days but not more than 90 days before the meeting, but if we give less than 70 days' notice of the meeting, then the shareholder must give notice within ten days after we mail notice of the meeting or make other public disclosure of the meeting. The notice must include a description of the proposal, the reasons for the proposal, and other specified matters. Our board may reject any proposals that have not followed these procedures or that are not a proper subject for shareholder action in accordance with the provisions of applicable law.

Supermajority Vote Required to Amend Specified Provisions. Our articles of incorporation provide that amendment of the following provisions requires an affirmative vote of at least 85% of the outstanding capital stock entitled to vote generally in the election of directors, voting together as a single class:

- provisions regarding certain shareholder rights;
- provisions relating to directors;
- provisions related to shareholders' meetings;
- provisions specifying the procedure for amendment of bylaws;
- provisions relating to indemnification and related matters; and
- provisions relating to the amendment of the articles of incorporation.

Missouri Statutory Provisions

Missouri law also contains certain provisions which may have an anti-takeover effect and otherwise discourage third parties from effecting transactions with us, including control share acquisition and business combination statutes.

Business Combination Statute. Missouri law contains a business combination statute which restricts certain business combinations between us and an interested shareholder, or affiliates of the interested shareholder, for a period of five years after the date of the transaction in which the person becomes an interested shareholder, unless either such transaction or the interested shareholder's acquisition of stock is approved by our board on or before the date the interested shareholder obtains such status.

The statute also prohibits business combinations after the five-year period following the transaction in which the person becomes an interested shareholder unless the business combination or purchase of stock prior to becoming an interested shareholder is approved by our board prior to the date the interested shareholder obtains such status.

The statute also provides that, after the expiration of such five-year period, business combinations are prohibited unless:

- the holders of a majority of the outstanding voting stock, other than the stock owned by the interested shareholder, or any affiliate or associate of such interested shareholder, approve the business combination; or
- the business combination satisfies certain detailed fairness and procedural requirements.

A business combination for this purpose includes a merger or consolidation, some sales, leases, exchanges, pledges and similar dispositions of corporate assets or stock and any reclassifications or recapitalizations that generally increase the proportionate voting power of the interested shareholder. An interested shareholder for this purpose generally means any person who, together with his or her affiliates and associates, owns or controls 20% or more of the outstanding shares of the corporation's voting stock.

A Missouri corporation may opt out of coverage by the business combination statute by including a provision to that effect in its governing corporate documents. We have not done so.

The business combination statute may make it more difficult for a 20% beneficial owner to effect other transactions with us and may encourage persons that seek to acquire us to negotiate with our board prior to acquiring a 20% interest. It is possible that such a provision could make it more difficult to accomplish a transaction which shareholders may otherwise deem to be in their best interest.

Table of Contents

Control Share Acquisition Statute. Missouri also has a control share acquisition statute that would limit the rights of a shareholder to vote some or all of the shares that it holds, in case of a shareholder whose acquisition of shares results in that shareholder having voting power, when added to the shares previously held by such shareholder, to exercise or direct the exercise of more than a specified percentage of RGA's outstanding stock (beginning at 20%). The statute exempts some types of acquisitions and provides a procedure for an acquiring shareholder to obtain shareholder approval to permit such shareholder to vote these shares. However, as permitted by the statute, RGA previously amended its bylaws to provide that the control share acquisition statute will not apply to control share acquisitions of RGA's stock.

Takeover Bid Disclosure Statute. Missouri's takeover bid disclosure statute requires that, under some circumstances, before making a tender offer that would result in the offeror acquiring control of us, the offeror must file certain disclosure materials with the Commissioner of the Missouri Department of Securities.

Insurance Holding Companies Act. We are regulated in Missouri as an insurance holding company. Under the Missouri Insurance Holding Companies Act and related regulations, the acquisition of control of a domestic insurer must receive prior approval by the Missouri Department of Insurance, Financial Institutions and Professional Registration, which we refer to as the Department. Missouri law provides that a transaction will be approved if the Department finds that the transaction would, among other things, not violate the law or be contrary to the interests of the insureds of any participating domestic insurance corporations. The Department may approve any proposed change of control subject to conditions.

We may issue warrants independently or as part of a unit with other securities, including, without limitation, preferred securities issued by the Trust. Item 15. *Indemnification of Officers and Directors.*

Section 351.355(1) of the Revised Statutes of Missouri provides that a corporation may indemnify a director, officer, employee or agent of the corporation in any action, suit or proceeding other than an action by or in the right of the corporation, against expenses (including attorneys' fees), judgments, fines and settlement amounts actually and reasonably incurred by him in connection with such action, suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action, had no reasonable cause to believe his conduct was unlawful. Section 351.355(2) provides that the corporation may indemnify any such person in any action or suit by or in the right of the corporation against expenses (including attorneys' fees) and settlement amounts actually and reasonably incurred by him in connection with the defense or settlement of the action or suit if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, except that he may not be indemnified in respect of any matter in which he has been adjudged liable for negligence or misconduct in the performance of his duty to the corporation, unless authorized by the court. Section 351.355(3) provides that a corporation may indemnify any such person against expenses (including attorneys' fees) actually and reasonably incurred by him in connection with the action, suit or proceeding if he has been successful in defense of such action, suit or proceeding and if such action, suit or proceeding is one for which the corporation may indemnify him under Section 351.355(1) or (2). Section 351.355(7) provides that a corporation shall have the power to give any further indemnity to any such person, in addition to the indemnity otherwise authorized under Section 351.355, provided such further indemnity is either (i) authorized, directed or provided for in the articles of incorporation of the corporation or any duly adopted amendment thereof or (ii) is authorized, directed or provided for in any by-law or agreement of the corporation which has been adopted by a vote of the stockholders of the corporation, provided that no such indemnity shall indemnify any person from or on account of such person's conduct which was finally adjudged to have been knowingly fraudulent, deliberately dishonest or willful misconduct.

Edgar Filing: RGA CAPITAL TRUST I - Form S-3ASR

The Amended and Restated Articles of Incorporation of RGA filed as Exhibit 3.1 to this Registration Statement contain provisions indemnifying its directors, officers, employees and agents to the extent authorized specifically by Sections 351.355(1), (2), (3) and (7). RGA has entered into indemnification contracts with the officers and directors of RGA. The contracts provide that RGA under certain circumstances may self-insure against directors and officers liabilities now insured under the policy of insurance referred to below and will provide indemnity to the fullest extent permitted by law against all expenses (including attorneys fees), judgments, fines and settlement amounts, paid or incurred in any action or proceeding, including any act on behalf of RGA, on account of their service as directors or officers of RGA, any subsidiary of RGA or any other company or enterprise when they are serving in such capacities at the request of RGA, excepting only cases where the conduct of such person is adjudged to be knowingly fraudulent, deliberately dishonest or willful misconduct.

Our articles of incorporation limit the liability of our directors to us or any of our shareholders for monetary damages for breach of fiduciary duty as a director to the fullest extent permitted under Missouri law.

The forms of Underwriting Agreement to be filed as Exhibits 1.1 to 1.6 to this Registration Statement will provide for the mutual indemnification of RGA and any Underwriters, their respective controlling persons, directors and certain of their officers, against certain liabilities, including liabilities under the Securities Act of 1933, as amended.

RGA maintains a policy of insurance under which the directors and officers are insured, subject to the limits of the policy, against certain losses, as defined in the policy, arising from claims made against such directors and officers by reason of any wrongful acts, as defined in the policy, in their respective capacities as directors or officers.

Under the amended and restated trust agreement of the trust, RGA will agree to indemnify each of the administrative trustees of such trust (or any predecessor trustee for such trust), and to hold harmless such administrative trustee against any loss, damage, claims, liability or expense incurred without negligence or bad faith on its part arising out of or in connection with the acceptance or administration of such trust agreement, including the costs and expenses of defending itself against any claim or liability in connection with the exercise or performance of any of its powers or duties under such trust agreement.

Item 16. Exhibits.

See Exhibit Index.

Item 17. Undertakings.

The undersigned registrants hereby undertake:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided, however, that: paragraphs (1)(i), (1)(ii) and (1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrants pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrants under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, each undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(6) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(7) Insofar as indemnification of liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrants pursuant to the foregoing provisions, or otherwise, each of the registrants has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a

claim for indemnification against such liabilities (other than the payment by a registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
