Questions and Answers about Voting and the Annual Meeting

What matters will be voted on at the annual meeting?

As a holder of Class A common stock, you are being asked to vote, on the following:

Proposal 1: To elect eleven Class A directors, nominated by our board of directors and named in this proxy statement;

Proposal 2: To approve the Company's Executive Bonus Plan;

Proposal 3: To approve the Company's Executive Incentive Performance Plan;

Proposal 4: To hold an advisory vote on executive compensation;

Proposal 5: To hold an advisory vote on the frequency of holding an advisory vote on executive compensation;

Proposal 6: To ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm for the year ended December 31, 2011; and

Proposal 7: To vote on any other matters properly brought before the stockholders at the meeting.

How does the board of directors recommend that I vote?

The board of directors recommends that you vote:

FOR the election of the eleven Class A directors, nominated by our board of directors and named in this proxy statement;

FOR the approval of the Company's Executive Bonus Plan;

FOR the approval of the Company's Executive Incentive Performance Plan;

FOR the approval, on an advisory basis, of the compensation of our named executive officers;

FOR the approval, on an advisory basis, of a triennial advisory vote on executive compensation; and

FOR the ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the year ended December 31, 2011.

What if other matters come up at the annual meeting?

The items listed on the Notice of Annual Meeting of Stockholders are the only matters that we know will be voted on at the annual meeting. Your proxy gives discretionary authority to the persons named on the proxy card to vote on other matters. On such other business as may properly come before the meeting, your shares will be voted in the discretion and judgment of the proxy holder.

Table of Contents

Who has been nominated for election as directors at the annual meeting?

The board of directors has nominated the eleven current directors for re-election. The eleven directors who have been nominated by the board of directors and agreed to serve as directors are: Messrs. Cohn, Conn, Glatt, Jacobson, Karsh, Lee, Lovett, Markley, Merritt, Parker and Zinterhofer.

Who can vote at the annual meeting?

Holders of a total of 114,489,841 shares of Class A common stock, as of the close of business on February 25, 2011 (the Record Date), are entitled to vote at the annual meeting. Each holder of Class A common stock is entitled to one vote per share. The enclosed proxy card indicates the number of Class A shares that our records show you are entitled to vote.

What is the difference between being a stockholder of record and a beneficial owner?

You are a stockholder of record if at the close of business on the Record Date; your shares were registered in your name with BNY Mellon Shareholder Services, our transfer agent and registrar.

You are a beneficial owner if at the close of business on the Record Date, your shares were held by a brokerage firm or other nominee and not directly in your name, but are held in street name. As the beneficial owner of your shares, you have the right to direct your broker or other nominee how to vote your shares, i.e., for or against the proposals to be considered at the annual meeting. If you do not provide your broker or nominee with instructions on how to vote your shares, your broker or nominee will be able to vote your shares with respect to some of the proposals, but not all. See, *What if I do not provide instructions on how to vote my shares*, below.

What do I do if my shares are held in street name ?

If your shares are held in the name of your broker, or other nominee, you should return your proxy in the envelope provided by such broker, or nominee or instruct the person responsible for holding your shares to execute a proxy on your behalf. In either case, your shares will be voted according to your instructions.

What if I do not provide instructions on how to vote my shares?

If you are a stockholder of record and you submit a proxy, but do not provide voting instructions, your shares will be voted for the election of the Company's director nominees and **FOR** the proposals as described above.

If you are a beneficial owner and you do not provide the broker or other nominee which holds your shares with voting instructions, the broker or other nominee has discretionary authority to vote for certain proposals, but not others pursuant to the rules of NASDAQ and the Securities and Exchange Commission (SEC). Brokers and other nominees have the discretion to vote on routine matters such as Proposal 6, but not on non-routine matters such as Proposals 1, 2, 3, 4 and 5. Therefore, if you do not provide voting instructions to the broker or other nominee that holds your shares, the broker or other nominee may only vote for Proposal 6 and any other routine matters properly presented for a vote at the annual meeting.

What is the quorum required for the meeting?

We will hold the annual meeting if holders of shares having a majority of the record and beneficial holders of the Class A common stock as of the Record Date either sign and return their proxy cards, vote via the Internet or attend the meeting. If you sign and return your proxy card or vote via the Internet, your shares will be counted to determine

whether we have a quorum, even if you fail to indicate your vote.

Abstentions and broker non-votes will be counted as present for purposes of determining whether a quorum exists at the annual meeting.

Table of Contents

What is a broker non-vote ?

A broker non-vote occurs when a broker or nominee holding shares for a beneficial owner votes on one proposal but does not vote on another proposal because the nominee does not have discretionary voting power for that particular proposal and has not received voting instructions from the beneficial owner.

What is the vote required for the proposals on the agenda?

The affirmative vote of the holders of a majority of Class A shares cast is required for (i) the election of the Class A directors, (ii) approval of the Company's Executive Bonus Plan, (iii) approval of the Company's Executive Incentive Performance Plan, (iv) approval, on an advisory basis, of the compensation of our named executive officers, (v) approval, on an advisory basis, of a triennial advisory vote on executive compensation, and (vi) the ratification of the appointment of KPMG as our independent registered public accounting firm, Proposals 1 through 6, respectively. Under our Certificate of Incorporation and Bylaws, for purposes of determining whether votes have been cast, abstentions and broker non-votes will not be counted.

A stockholder may vote to abstain on any of the proposals. If you vote to abstain, your shares will be counted as present at the meeting for purposes of determining a quorum on all matters, but will not be considered to be votes cast with respect to such matters. Abstentions will not be voted and will have the effect of a vote against the proposals. If an executed proxy is returned by a broker holding shares in street name that indicates that the broker does not have discretionary authority as to certain shares to vote on one or more matters (a broker non-vote), such shares will be considered present at the meeting for purposes of determining a quorum on all matters, but will not be considered to be votes cast with respect to such matters. Therefore, broker non-votes will have the effect of a vote against the proposals. In addition, in the election of directors, a stockholder may withhold such stockholder's vote.

What are my choices in the proposals on the agenda?

On Proposal 1, you can vote your shares FOR, or you can withhold your vote for the Class A director nominees. On Proposals 2, 3, 4 and 6, you can (1) vote for a proposal, (2) vote against a proposal, or (3) abstain from voting. On Proposal 5, you can vote for an advisory vote on when to review executive compensation every (1) one year, (2) two years, or (3) years or (4) you may abstain from voting.

How do I vote by proxy?

Follow the instructions on the enclosed proxy card. Sign and date the proxy card and mail it back to us in the enclosed envelope. If you receive more than one proxy card it may mean that you hold shares in more than one account. Sign and return all proxy cards to ensure that all of your shares are voted. The proxy holder named on the proxy card will vote your shares as you instruct. If you sign and return the proxy card but do not indicate your vote, the proxy holder will vote on your behalf **FOR** each of the Proposals as noted above.

Can I vote via the Internet?

Stockholders with shares registered in their names with BNY Mellon Shareowner Services, our transfer agent, may authorize a proxy via the Internet at the following address: <http://www.proxyvote.com>. A number of brokerage firms and banks participate in a program that permits Internet voting. If your shares are held in an account at a brokerage firm or bank that participates in such a program, you may direct the vote of those shares by following the instructions on the voting form enclosed with the proxy from the brokerage firm or bank.

Proxies submitted via the Internet must be received by 11:59 p.m. (EDT) on April 25, 2011. Please refer to your voting instruction form and/or your proxy card for specific voting instructions. If you vote this year's proxy via the Internet, you may also elect to receive future proxy and other materials electronically by following the instructions when you vote. Making this election will save the Company the cost of producing and mailing these documents.

Table of Contents

Can I change my vote after I return my proxy card?

Yes. At any time before the vote at the annual meeting, you can change your vote either by giving our Corporate Secretary a written notice revoking your proxy card, or by signing, dating and submitting a new proxy card. We will honor the latest dated proxy card which has been received prior to the closing of the voting. You may also attend the meeting and vote in person.

Can I vote in person at the annual meeting rather than by completing the proxy card?

Although we encourage you to complete and return the proxy card to ensure that your vote is counted, you can attend the annual meeting and vote your shares in person. If you wish to attend the annual meeting and vote your shares in person and you are the beneficial owner of your shares, you must obtain the documents required to vote your shares in person at the annual meeting from your broker, or other nominee.

Who will count the votes?

Broadridge Financial Solutions, Inc. has been appointed to receive and tabulate stockholder votes and to act as the inspector of election and certify to the election results.

Who is soliciting my vote?

The board of directors is soliciting your vote.

Who pays for this proxy solicitation?

The Company pays for the proxy solicitation. We will ask banks, brokers and other nominees and fiduciaries to forward the proxy material to the beneficial owners of the Class A common stock and to obtain the authority of executed proxies. We will reimburse them for their reasonable expenses.

Board of Directors and Committees of the Board of Directors

Our board of directors meets regularly throughout the year on an established schedule. The board also holds special meetings and acts by written consent from time to time as necessary. The Company has not held an annual meeting for the past two years, but members of the board of directors are encouraged to attend the annual meeting each year. In 2010, the full board of directors held eleven meetings and acted two times by written consent. No incumbent director attended fewer than 75% of the total number of meetings of the board and of committees on which he or she served.

The board of directors delegates authority to act with respect to certain matters to board committees whose members are appointed by the board. The committees of the board of directors include the following: Audit Committee, Compensation and Benefits Committee, Nominating and Corporate Governance Committee, Section 162(m) and Finance Committee. The Audit, Compensation and Benefits and Nominating and Governance Committees each has a charter which is available on our website, www.charter.com.

Charter's Audit Committee consisted of Messrs. Merritt, Jacobson and Christopher M. Temple in 2010. Mr. Temple resigned from the board of directors in January 2011 and Mr. Markley was appointed to succeed him on the Audit Committee. Mr. Merritt is Chairman of the Audit Committee. Charter's board of directors has determined that, in its judgment, Mr. Merritt is an audit committee financial expert within the meaning of the applicable federal regulations. All members of the Audit Committee were determined by the board in 2010 to be independent in accordance with the listing standards of the NASDAQ Global Select Market. The Audit Committee met eight times in 2010.

The Compensation and Benefits Committee, which has a written charter approved by the board, reviews and approves the Company's compensation of the senior management of the Company and its subsidiaries. The Committee is comprised of Messrs. Conn, Cohn and Zinterhofer. Mr. Conn is Chairman of the Committee. All members of the

Compensation and Benefits Committee were determined by the board in 2010 to be independent in accordance with the listing standards of the NASDAQ Global Select Market. The Compensation and Benefits Committee met nine times in 2010 and executed three unanimous consents in lieu of meetings.

Table of Contents

The Nominating and Corporate Governance Committee members in 2010 were Messrs. Karsh, Markley and William L. McGrath. Mr. McGrath resigned from the board of directors in January 2011 and Mr. Parker was appointed to succeed him on the Nominating and Governance Committee. In addition, when Mr. Markley was appointed to the Audit Committee, he was replaced on the Nominating and Corporate Governance Committee by Mr. Lee. Mr. Karsh is Chairman of the Committee. All members of the Nominating and Governance Committee were determined by the board in 2010 to be independent in accordance with the listing standards of the NASDAQ Global Select Market. The Nominating and Corporate Governance Committee met four times in 2010.

The Section 162(m) Committee reviews the Company's compensation for purposes of qualifying as performance-related compensation and thus meeting the provisions under Internal Revenue Code 162(m) for deductibility. The Committee is comprised of Messrs. Cohn and Markley and it met three times in 2010.

From time to time, the board may create ad hoc committees for specific projects or transactions. In 2010, the board appointed an ad hoc Finance Committee to review the Company's financing activities and approve the terms and conditions of certain financing transactions referred to it by the board, in consultation with the Company's legal and financial advisors. The Finance Committee in 2010 consisted of Messrs. Karsh, Merritt and Zinterhofer and met five times during the year.

The Company's Nominating and Corporate Governance Committee of the board of directors has determined that Messrs. Cohn, Conn, Jacobson, Markley and Merritt are independent directors under NASDAQ rules as was Mr. Temple. Messrs. Glatt, Karsh, Lee, Parker and Zinterhofer are independent under the NASDAQ rules as was Mr. McGrath; however, their status or relationship with an affiliate of the Company prohibits an independence finding under SEC rules for Audit Committee membership purposes. Mr. Lovett is Chief Executive Officer of the Company and is thus not independent.

Nomination and Qualifications of Directors

Candidates for director are nominated by the board of directors, based on the recommendation of the Nominating and Corporate Governance Committee. Charter's Corporate Governance Guidelines provide that, among other things, that candidates for new board members to be considered by the Charter's board of directors should be individuals from diverse business and professional backgrounds with unquestioned high ethical standards and professional achievement, knowledge and experience. Candidates should include diversity of gender, race and national origin, education, professional experience and differences in viewpoints and skills. The Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity; however, the board of directors and the Nominating and Corporate Governance Committee believe that it is essential that board members represent diverse viewpoints. In considering candidates for the Board, the Nominating and Corporate Governance Committee considers the entirety of each candidate's credentials in the context of these standards. In addition, director candidates must be individuals with the time and commitment necessary to perform the duties of a board member and other special skills that complement or supplement the skill sets of current directors.

Stockholders may nominate persons to be directors by following the procedures set forth in our Bylaws. These procedures require the stockholder to deliver timely notice to the Corporate Secretary at our principal executive offices. That notice must contain the information required by the Bylaws about the stockholder proposing the nominee and about the nominee. No stockholder nominees have been proposed for this year's meeting.

Stockholders also are free to suggest persons for the board of directors to consider as nominees. The board of directors will consider those individuals if adequate information is submitted in a timely manner (see Stockholders Proposal for 2012 Annual Meeting below for deadline requirements) in writing to the board of directors at the Company's principal executive offices, in care of the General Counsel. The board of directors may, however, give less serious consideration

to individuals not personally known by the current board members.

Board Leadership Structure and Risk Oversight

We separate the roles of CEO and Chairman of the board in recognition of the differences between the two roles. The CEO is responsible for setting the strategic direction for the Company and the day to day leadership and

performance of the Company, while the Chairman of the board provides guidance to the CEO and presides over meetings of the full Board. We could decide to combine these positions in the future.

The full board of directors oversees the various risks to the Company, delegating to the various committees specific responsibilities. The Audit Committee reviews our Enterprise Risk Management (ERM) Program on a regular basis. The Audit Committee meets regularly with members of management in executive session, as well as with the Chief Compliance Officer, the Vice President of Internal Audit Services and representatives of our independent outside accounting firm. The Compensation and Benefits Committee oversees our compensation policies and practices, including reviewing our incentive and equity-based compensation plans and benefits plans. The Nominating and Corporate Governance Committee oversees corporate governance, including recommending board and committee nominations, the corporate guidelines and director independence.

2010 Director Compensation

As stated previously, upon Charter's emergence from its Chapter 11 proceedings on November 30, 2009, a new board of directors was appointed pursuant to the Plan consisting of W. Lance Conn, Robert Cohn, Bruce Karsh, Darren Glatt, John D. Markley, Jr., William McGrath, Neil Smit, Christopher Temple and Eric Zinterhofer. David C. Merritt was subsequently elected to the board of directors in December 2009. Mr. Smit resigned in February 2010 and Mr. Lovett was appointed to fill that vacancy. Craig Jacobson was elected to the board of directors in July 2010. Messrs. McGrath and Temple resigned as directors in January 2011 and Edgar Lee and Stan Parker were elected to fill those vacancies.

On January 21, 2010, the board of directors approved a director compensation package. The package includes an annual retainer of \$80,000 in cash and an annual award of \$80,000 in restricted stock. In addition, the Audit Committee chair receives \$20,000 per year, the Compensation and Benefits Committee chair receives \$10,000 per year, and the chair of each other committee receives \$7,500 per year. Each Audit Committee member receives \$15,000 per year, each Compensation and Benefits Committee member receives \$10,000 per year and all other committee members receive \$7,500 per year.

Mr. Glatt (as to Apollo Management, L.P.), Mr. Karsh (as to Oaktree Capital Management, L.P.) and Mr. McGrath (as to Vulcan Inc.) each requested that all cash compensation they received for their participation on Charter's board of directors or committees of the board be paid directly to their respective employers in accordance with their internal policies. Further, Mr. Glatt has declined the equity portion of his compensation for participation on Charter's board of

directors. Mr. Karsh accepted and retained the equity portion of his board compensation.

Directors who are employees do not receive additional compensation for board of directors participation. Mr. Lovett was the only director who was also an employee during 2010. Non-employee directors are not eligible for non-equity incentive compensation within the 2010 Executive Bonus Plan.

Compensation Discussion and Analysis

The following discussion and analysis of compensation arrangements of our Named Executive Officers (including our Chief Executive Officer, Chief Financial Officer, and other executive officers appearing in the Summary Compensation Table) should be read together with the compensation tables and related disclosures set forth elsewhere in this proxy statement.

Role of the Compensation and Benefits Committee

The Compensation and Benefits Committee of our board of directors is responsible for overseeing our overall compensation structure, policies and programs and assessing whether our compensation structure results in appropriate compensation levels and incentives for executive management and employees.

Our CEO annually reviews the performance of each of the other Named Executive Officers. He recommends to the Compensation and Benefits Committee salary adjustments, annual cash bonuses and equity incentive compensation applying specific performance metrics that have been approved by the Compensation and Benefits Committee at the beginning of each year for the other Named Executive Officers. The Compensation and Benefits Committee has, on occasion, requested the CEO to be present at Compensation and Benefits Committee meetings where executive compensation and Charter and individual performance are discussed and evaluated. The CEO is invited for the purpose of providing insight or suggestions regarding executive performance objectives and/or achievements, and the overall competitiveness and effectiveness of our executive compensation program. Although the Compensation and Benefits Committee considers the CEO's recommendations along with analysis provided by the Compensation and Benefits Committee's compensation consultants, it retains full discretion to set all compensation for our Named Executive Officers, except that the Compensation and Benefits Committee's recommendations for the CEO's compensation goes before Charter's full board of directors, with non-employee directors voting on the approval of any recommendations, subject to any employment agreements.

The Compensation and Benefits Committee has the discretion to directly engage the services of a compensation consultant(s) or other advisors. Semler Brossy Consulting Group, LLC (Semler Brossy) was retained directly by the Compensation and Benefits Committee and has conducted a comprehensive assessment of our annual executive compensation program relative to competitive markets, as well as conducted an analysis on certain retention strategies for our senior management team. In carrying out its assignments, Semler Brossy also interacted with management when necessary and appropriate. Semler Brossy may, in its discretion, seek input and feedback from management regarding its consulting work product prior to presentation to the Compensation and Benefits Committee in order to confirm alignment with our business strategy, and identify data questions or other similar issues, if any. During 2010, Semler Brossy provided no services to the Company other than its advice to the Compensation and Benefits Committee on executive compensation issues.

Compensation Philosophy and Objectives

The Compensation and Benefits Committee believes that attracting and retaining well-qualified executives is a top priority. The Compensation and Benefits Committee's approach is to compensate executives commensurate with their experience, expertise and performance and to ensure that our compensation programs are competitive with executive pay levels within the cable, telecommunications, and other related industries that define our competitive labor markets. We seek to uphold this philosophy through attainment of the following objectives:

Pay-for-Performance. We seek to ensure that the amount of compensation for each Named Executive Officer is reflective of the executive's performance and service to us for the time period under consideration. Our primary

measures of performance used to gauge appropriate levels of performance-based compensation have included revenue, Adjusted EBITDA, Adjusted EBITDA less capital expenditures, operating cash flow, operational improvements, customer satisfaction, and/or such other metrics as the Compensation and Benefits Committee shall determine is then critical to our long-term success at that time. While we believe that our executives are best motivated when they believe that their performance objectives are attainable, we also believe that these metrics should be challenging and represent important improvements over performance in prior years. Compensation payable pursuant to our annual Executive Bonus Plan and our Long-Term Incentive Program is dependent on our performance.

Table of Contents

Alignment. We seek to align the interests of the Named Executive Officers with those of our investors by evaluating executive performance on the basis of the financial measurements noted above, which we believe closely correlate to long-term stakeholder value creation. The annual cash bonus and long-term incentives are intended to align executive compensation with our business strategies, values and management initiatives, both short- and long-term. Through this incentive compensation, we place a substantial portion of executive compensation at risk, specifically dependent upon our financial performance over the relevant periods. This rewards executives for performance that enhances our financial strength and stakeholder value.

Retention. We recognize that a key element to our success is our ability to retain a team of highly-qualified executives who can provide the leadership necessary to successfully execute our short- and long-term business strategies. We also recognize that, because of their qualifications, our senior executives are often presented with other professional opportunities, potentially ones at higher compensation levels. It is often difficult to retain talented management. Our retention strategy faces additional challenges in that the skills of our current management team are attractive to many companies inside and outside of the cable industry and several members of our management team do not have long-standing ties to the St. Louis area where our headquarters is located. The following programs underscore our focus on retention. First, the Executive Cash Award Plan and Top Talent Retention Plan provided for cash awards to be paid at the end of pre-determined periods, but the Executive Cash Award Plan was modified and cancelled in the first quarter of 2009 and payments to certain recipients under the Top Talent Retention Plan were accelerated and paid out in the first quarter of 2009; all as discussed in detail below. Second, a revised Long-Term Incentive Program was approved in March 2008 and modified in February 2009, and is also discussed below. In addition, the Value Creation Plan was approved by the board of directors in 2009. These plans are described below.

Pay Levels and Competitive Analysis

Pay levels for executives are determined based on a number of factors, including the individual's roles and responsibilities within Charter, the individual's experience and expertise, pay levels for peers within Charter, pay levels in the marketplace for similar positions, and performance of the individual and Charter as a whole. In determining these pay levels, the Compensation and Benefits Committee considers all forms of compensation and benefits. When establishing the amounts of such compensation, the Compensation and Benefits Committee considers publicly available information, such as proxy statements, as well as third-party administered benchmark surveys concerning executive compensation levels paid by other competitors and in the industry generally.

With the assistance of Semler Brossy, the Compensation and Benefits Committee approved a peer group of the following 21 publicly-traded companies for benchmarking executive compensation effective for 2010: BCE Inc., Cablevision Systems Corp., CenturyLink Inc., Comcast Corporation, The DIRECTV Group, Inc., Dish Network group, Frontier Communications Corp., Global Crossing Ltd., Leap Wireless International Inc., Level 3 Communications, Inc., Mediacom Communications Corp., MetroPCS Communications Inc., Qwest Communications International Inc., Rogers Communications Inc., Shaw Communications Inc., Sirius XM Radio, Inc., Telephone and Data Systems Inc., TELUS Corp., Time Warner Cable Inc., United States Cellular Corp. and Windstream Corp. These companies include companies in cable, telecommunications or other related industries of similar size and business strategy. Consistent with our practice, and in light of recent transactions within the peer group, the Committee plans to revisit peer group composition again when benchmarking pay later this year.

In addition to these specific peer companies, the Compensation and Benefits Committee also reviews data from a number of published compensation surveys that provide broader market data for specific functional responsibilities for companies of similar revenue size to us.

After consideration of the data collected on external competitive levels of compensation and internal relationships within the executive group, the Compensation and Benefits Committee makes decisions regarding individual

executives target total compensation opportunities based on the need to attract, motivate and retain an experienced and effective management team.

In light of our practice of making a relatively high portion of each executive officer's compensation based on performance (*i.e.*, at risk), the Compensation and Benefits Committee generally examines peer company data at the 50th percentile (*i.e.*, the median) and the 75th percentile, for performance at target and in excess of target, respectively, or for specialization of a skill set. The Compensation and Benefits Committee generally sets target

Table of Contents

compensation for our executive group at the median of the market data with the opportunity to reach the 75th percentile based on superior performance relative to the criteria above.

As noted above, notwithstanding our overall pay positioning objectives, pay opportunities for specific individuals vary based on a number of factors such as scope of duties, tenure, experience and expertise, institutional knowledge and/or difficulty in recruiting a new executive. Actual total compensation in a given year will vary above or below the target compensation levels based primarily on the attainment of operating goals and the preservation of stakeholder value. Based on data provided by our outside advisor, target total direct compensation (i.e. salary, bonus and long-term incentive) for 2010 was, on average, between median and 75th percentile levels for the Named Executive Officer group, set forth in the Summary Compensation Table below.

Pay Mix

We utilize the particular elements of compensation because we believe that it provides a well-proportioned mix of total opportunity, retention value and at-risk compensation which produces short-term and long-term performance incentives and rewards. By following this portfolio approach, we provide the executive a measure of stability in the minimum level of compensation the executive is eligible to receive, while motivating the executive to focus on the business metrics and actions that will produce a high level of performance for Charter, as well as reducing the risk of recruitment of top executive talent by competitors.

For key executives, the mix of compensation is weighted toward at-risk pay (annual incentives and long-term incentives). We believe that maintaining this pay mix results in a fundamental pay-for-performance orientation for our executives. We also believe that long-term incentives, and particularly equity compensation, provide a very important motivational and retentive aspect to the compensation package of our key executives. All equity awarded as compensation prior to 2009 was cancelled as part of our reorganization plan consummated upon our exit from Chapter 11 bankruptcy. We adopted a new stock incentive plan after emergence from bankruptcy in November 2009 and awards were made to executives under this new plan in December 2009 and in July 2010.

Implementing Our Objectives

The Compensation and Benefits Committee makes compensation decisions after reviewing our performance and carefully evaluating an executive's performance during the year against pre-established goals, leadership qualities, operational performance, business responsibilities, career with Charter, current compensation arrangements and long-term potential to enhance stakeholder value. Specific factors affecting compensation decisions for the Named Executive Officers include:

Assessment of Company Performance criteria may include revenue, adjusted EBITDA, free cash flow, adjusted EBITDA less capital expenditures, average revenue per unit, operating cash flow, operational improvements, customer satisfaction and/or such other metrics as the Compensation and Benefits Committee determine is critical to our long-term success. Application of this factor is more specifically discussed under Elements Used to Achieve Compensation Objectives as applicable;

Assessment of Individual Performance criteria may include individual leadership abilities, management expertise, productivity and effectiveness. Application of this factor is more specifically discussed under Elements Used to Achieve Compensation Objectives as applicable; and

Competitive Analysis and Total Compensation Level Review Our Compensation and Benefits Committee works with our compensation consultant to assess compensation levels and mix as compared to the market, and is more fully discussed below under Pay Levels and Competitive Analysis.

Elements Used to Achieve Compensation Objectives

The main components of our compensation program include:

Base Salary fixed pay that takes into account an individual's role and responsibilities, experience, expertise and individual performance designed to provide a base level of compensation stability on an annual basis;

Table of Contents

Executive Bonus Plan variable performance-based pay designed to reward attainment of annual business goals, with target award opportunities generally expressed as a percentage of base salary;

Long-Term Incentives awards historically included stock options, performance units/shares and restricted shares designed to motivate long-term performance and align executive interests with those of our shareholders; and

Special Compensation Programs cash and equity programs targeted at executives in critical positions designed to incentivize performance and encourage long-term retention.

Details of Each Compensation Element

(1) Base salary

Base Salaries are set with regard to the level of the position within Charter and the individual's current and sustained performance results. The Base Salary levels for executives, and any changes in those salary levels, are reviewed each year by the Compensation and Benefits Committee, and such adjustments may be based on factors such as new roles and/or responsibilities assumed by the executive and the executive's significant impact on our then current goals. Salary adjustments may also be based on changes in market pay levels for comparable positions in our competitive markets. Base Salaries are reviewed and adjusted with regard to (a) market competitive Base Salary levels and increases, (b) the employee's impact on and contributions to the business performance, and (c) company-wide total salary increase budgets. On his appointment to the position of President and Chief Executive Officer, Mr. Lovett received a base salary increase of \$542,821. During 2010, Mr. Howard received a base salary increase of \$8,000 as part of a management-level pay alignment for certain individuals. During his time as Interim Chief Financial Officer, Mr. Howard received a base salary increase of \$144,000 for taking on the additional duties and responsibilities. On his appointment to the position of Executive Vice President - Operations and Chief Technology Officer, Mr. Fawaz received a base salary increase of \$163,242. During 2010, Mr. Schremp received base salary increases of \$170,000 in the aggregate as part of a management-level pay alignment for certain individuals and for his appointment to the position of Executive Vice President, Operations and Marketing. During 2010, Mr. Doody's base salary was adjusted to \$500,000 from his prior annual base salary of \$720,000 upon execution of his employment agreement dated July 27, 2010. On his appointment to the position of Executive Vice President, Programming and Legal Affairs, effective December 19, 2010, Mr. Doody received a base salary increase equal to \$50,000.

There is no specific weighting applied to any one factor in setting the level of salary, and the process ultimately relies on the subjective exercise of the Compensation and Benefits Committee's judgment. Although salaries are generally targeted at market median compared to an industry peer group and other compensation survey data for experienced professionals, the Compensation and Benefits Committee may also take into account historical compensation, potential as a key contributor as well as special recruiting/retention situations in setting salaries for individual executives above or below the market median. Based upon data provided by Semler Brossy, Base Salaries for our Named Executive Officers are generally at median competitive levels.

(2) Executive Bonus Plan

2010 Executive Bonus Plan

For 2010, bonuses for eligible employees were determined based on Charter's (or, if applicable, an employee's particular operating group's or Key Market Area's (KMA)) performance during 2010 measured against four performance goals or measures. These measures, and the percentage of an employee's bonus allocated to each

measure, are revenue (20%), adjusted EBITDA for corporate employees or operating cash flow for operating group and KMA employees (30%), adjusted EBITDA less capital expenditures (30%) and Customer Excellence Index Plus (CEI+) (20%). Target bonuses for executive officers ranged from 65% to 165% of base salary in 2010, subject to applicable employment agreements (see Employment Agreements). The range of potential payouts relative to target range from 10% to 150% of target bonus amounts. (Adjusted EBITDA is defined as consolidated net income (loss) plus net interest expense, income taxes, depreciation and amortization, reorganization items, stock compensation expense, loss on extinguishment of debt and other operating expenses, such as special charges and

Table of Contents

loss on sale or retirement of assets; and operating cash flow is defined as Adjusted EBITDA plus management fee expenses.)

On February 22, 2011, the Compensation and Benefits Committee determined that achievement toward performance goals for 2010 resulted in bonuses under the 2010 Executive Bonus Plan at the corporate level in the amount of 126.4% of targeted bonuses, as detailed in the following chart and as set forth in the Non-Equity Incentive Plan column of the Summary Compensation Table.

Bonus Metrics for 2010	Weight	Performance Goal (\$ in millions)	Pro Forma Results (\$ in millions)	Attainment of Performance Goal	Payout Percentage	Bonus Matrixes Attainments
Revenue	20%	\$ 7007	\$ 7,003	99.9%	98.0%	19.6%

(3) Long-Term Incentives

Our long-term incentive award compensation program is designed to recognize scope of responsibilities, reward demonstrated performance and leadership, motivate future superior performance, align the interests of the executive with that of our stakeholders, and incent and retain the executives through the term of the awards. We believe that performance-based incentives help to drive our performance through their direct linkage to controllable business results while, at the same time, rewarding executives for the value created through share price appreciation. While the size of the award is ultimately left to the Compensation and Benefits Committee discretion, grant levels are generally targeted at the median to top quartile of competitive levels.

Stock Incentive Plan

The 2001 Stock Incentive Plan, under which grants of equity were made to employees prior to 2009, was terminated upon our emergence from bankruptcy and all outstanding awards were cancelled. The 2009 Stock Incentive Plan provides for the potential grant of non-qualified stock options, stock appreciation rights, dividend equivalent rights, performance units and performance shares, share awards, phantom stock and shares of restricted stock as each term is defined in the 2009 Stock Incentive Plan and in the discretion of the Compensation and Benefits Committee. Unless terminated sooner, the 2009 Stock Incentive Plan will terminate on April 28, 2019, and no option or award can be granted thereafter under that plan. Pursuant to our plan of reorganization, upon emergence from bankruptcy, we included an allocation to the 2009 Stock Incentive Plan of a number of shares of new Charter Class A common stock equaling up to approximately 3% of the Class A common stock outstanding and grants of 50% of the amount were to be made to participants within 30 days of emergence from bankruptcy. Immediately upon emergence, the 2009 Stock

Incentive Plan included 3,848,393 shares. On December 16, 2009, the board of directors approved the inclusion of another 3,848,393 shares in the 2009 Stock Incentive Plan and made initial grants of awards under the 2009 Stock Incentive Plan.

As of December 31, 2010, 4,817,818 shares remained available for future grants under the plan. As of December 31, 2010, there were 1,254 participants in the 2009 plan. See the Summary Compensation Table below for the awards received by our Named Executive Officers in 2010.

The 2009 Stock Incentive Plan authorizes the repricing of options, which could include reducing the exercise price per share of any outstanding option, permitting the cancellation, forfeiture or tender of outstanding options in exchange for other awards or for new options with a lower exercise price per share, or repricing or replacing any outstanding options by any other method.

Long-Term Incentive Program

Grants of equity compensation in the form of stock options, restricted shares and performance units were previously made to participants including the Named Executive Officers through our Long-Term Incentive Program (LTIP), which was originally administered under the 2001 Stock Incentive Plan.

As noted above, the 2001 Stock Incentive Plan was terminated upon our emergence from bankruptcy and all awards prior to 2009, including those to the Named Executive Officers, were forfeited. In addition, because of the participation by the Named Executive Officers in the Value Creation Plan, described below, none of the Named Executive Officers, except for Mr. Howard, received an LTIP award in 2009. In 2010, grants of stock options were made to eligible participants in the LTIP, including the Named Executive Officers, with an exercise price at fair market value and a vesting schedule of 25% on March 1st of each of the 4 years following the year of the grant.

The amount and type of incentive compensation granted in 2010 (stock options) was based upon our overall strategic, operational and financial performance and reflects the participant s expected contributions to our future success. In 2008, the Compensation and Benefits Committee had changed the mix of awards made to individuals under the LTIP, to include a performance cash component as well as equity, and in 2009, we further changed the nature of the awards to include both a performance cash component, subject to adjustment in 2010, and a restricted cash component, but no equity due to our status in Chapter 11.

In 2010, the Compensation and Benefits Committee approved the adjustment of the performance cash awards, at the level of attainment of 150.1% of the 2009 cash awards as a result of the achievement of the financial performance measures. The level of award attainment was based on revenue growth of 4.5% versus a target of 7.0% and adjusted EBITDA less capital expenditures of 22.2% versus a target of 15.4%. One-third of these performance cash awards, along with the restricted cash awards are scheduled to vest in each of 2010, 2011 and 2012, respectively. In February 2010, the board of directors also approved the winding down of the performance cash program. Charter has paid or will pay out one-third of the remaining performance cash award balances in each of 2010, 2011 and 2012 to the participants, thus ending this component of the program.

Timing of Equity Grants

Grants of equity-based awards are determined by the Compensation and Benefits Committee and are typically made each calendar year following review by the Compensation and Benefits Committee of our prior year s performance. Grants may also be made at other times of the year upon execution of a new employment agreement, or in a new hire or promotion situation. Grants of options, if made, have an exercise price equal to the average of the high and low stock price on the date of grant.

(4) *Retention Programs*

Value Creation Plan

In March 2009, we, after discussion with certain of our bondholders and upon the recommendation of our compensation consultant at the time, Towers Perrin, adopted the Value Creation Plan (the VCP) comprised of two components, the Restructuring Value Program (the RVP), and the Cash Incentive Program (the CIP).

The VCP provided incentives to encourage and reward the thirteen participants in the VCP critical to our restructuring, for the successful conclusion of the process. Participants who continued to be employed by us or our subsidiaries until payment of RVP awards earn payments under the RVP upon our emergence from our Chapter 11 restructuring proceeding (the Proceeding). The RVP payments were made in December 2009 to the participants. The

amounts paid to the Named Executive Officers were as follows: Mr. Lovett \$2.38 million; Mr. Smit \$6 million; Mr. Howard \$125,000; Ms. Schmitz \$765,000; Mr. Fawaz \$765,000 and Mr. Schremp \$765,000.

The CIP provides annual incentives for participants to achieve specified individual performance goals during each of the three years following our emergence from bankruptcy. Reasonably attainable individual performance goals for each of the first three years following our emergence from bankruptcy were established by the CEO, and approved by the Compensation and Benefits Committee, within thirty days following our emergence from bankruptcy. Participants will earn all or a portion of their target award based on the degree to which these goals

Table of Contents

are achieved in a particular year; provided that any amount not paid in a year other than the third year will be added to the amounts potentially payable upon the participant's achievement of the performance goals in future years. The CEO may decrease (including to zero) any participant's CIP awards at any time prior to their Vesting Date (as defined in the VCP). Any such reduction shall be used to increase the amounts otherwise payable under the CIP component, as applicable, to one or more other participants, as selected by the CEO, it being understood that the CEO may not increase his own award without the consent of the board of directors. Amounts that are not earned by a participant in a particular year may be earned by that participant in a subsequent year if the participant's performance goals applicable to that subsequent year are achieved. Participants also fully vest in CIP payments upon an earlier of, or due to (i) a termination of their employment on or after our emergence from bankruptcy due to death, disability, by us for a reason other than cause, or voluntarily due to a good reason (as each such term is defined in the Plan) and (ii) a change in control of Charter if they are then employed by Charter. The first year's performance goals were deemed to have been met by the Compensation and Benefits Committee and the first year's awards were paid in November 2010 to our Named Executive Officers as follows: Mr. Lovett \$1 million; Mr. Howard \$350,000; Mr. Fawaz \$650,000 and Mr. Schremp \$480,000.

Executive Cash Award Plan

Charter previously adopted the Executive Cash Award Plan (ECAP) to provide additional incentive to, and retain the services of, certain officers of Charter and its subsidiaries, to achieve the highest level of individual performance and contribute to the success of Charter. Eligible participants were employees of Charter or any of its subsidiaries who have been recommended by the CEO and designated and approved as ECAP participants by the Compensation and Benefits Committee.

The ECAP provided that each participant be granted an award which represented an opportunity to receive cash payments in accordance with the ECAP. An award was credited in book entry format to a participant's notional account in an amount equal to 100% of a participant's base salary on the date of plan approval in 2005 and 20% of participant's base salary in each year 2006 through 2009, based on that participant's base salary as of May 1 of the applicable year. The ECAP awards vested at the rate of 50% of the ECAP award balance at the end of 2007 and 100% of the ECAP award balance was to vest at the end of 2009. Participants were entitled to receive payment of the vested portion of the award if the participant remained employed by Charter continuously from the date of the participant's initial participation through the end of the calendar year in which his or her award became vested.

The ECAP was revised to allow the participation of new senior executives who became eligible for the plan beginning in 2006. In 2007, the plan was amended and restated to make it consistent with the 2001 Stock Incentive Plan to include the acceleration and payment of awards in the event of a change in control of Charter. Messrs. Smit, Lovett and Fawaz and Ms. Schmitz participated in this plan.

In December 2008, we announced that we were in discussions with certain of our bondholders about a potential financial restructuring of our balance sheet and as part of that process, the Compensation and Benefits Committee hired Towers Perrin as consultants to consider changes to senior management compensation. Based on recommendations of Towers Perrin, we determined that prepayment of amounts under the ECAP, subject to repayment obligation if the participants' employment were terminated voluntarily or for cause prior to December 31, 2009 would provide a valuable retention incentive to ECAP participants. Therefore, the prepayment of all awards under the ECAP to all participants, including the Named Executive Officers, was made in January 2009. The prepayment was made at a discounted rate equal to 6% to account for the present value of such awards so prepaid. See the Summary Compensation Table below.

Top Talent Retention Plan

Charter previously adopted the Amended and Restated Top Talent Retention Plan (TTRP) to provide additional incentive to, and retain the services of, certain employees of Charter and its subsidiaries, to achieve the highest level of individual performance and contribute to the success of Charter. Eligible participants were employees of Charter or any of its subsidiaries who have been recommended by executive management and approved by the CEO.

The TTRP provided that each participant be granted an award which represented an opportunity to receive cash payments in accordance with the TTRP. An award was credited in book entry format to a participant s notional account in an amount equal to 100% of a participant s base salary on the date of plan approval or effective date of participation.
Plan

Table of Contents

awards did not increase subsequent to any salary increases after the effective date of the award or participation. For 2006 participants, the TTRP awards vested at the rate of 40% of the TTRP award on April 1, 2008 and 60% of the TTRP award on April 1, 2010. For 2007 participants, the TTRP awards vested at a rate of 40% of the TTRP award on April 1, 2009 and 60% of the TTRP award on April 1, 2011. Participants were entitled to receive payment of the vested portion of the award if the participant remained employed by Charter continuously from the date of the participant's initial participation through the vesting date and provided that such participant has not been demoted prior to the vesting date.

Two of the Named Executive Officers, Kevin D. Howard and Ted W. Schremp, participated in this plan.

As noted previously, in December 2008, we announced that we were in discussions with certain of our bondholders about a potential financial restructuring of our balance sheet. In connection with Towers Perrin's recommendation to accelerate payment under the ECAP, it was also recommended that prepayment of TTRP awards be made to insider-participants under the TTRP subject to the same repayment obligation for voluntary terminations by the employee or for cause terminations by the Company prior to December 31, 2009. Therefore, the prepayment of certain of the TTRP awards, including Messrs. Howard and Schremp, were made in January 2009. The prepayment was made at a discounted rate equal to 6% to account for the present value of such awards so prepaid. See the Summary Compensation Table below.

Other Compensation Elements

The Named Executive Officers participate in all other benefit programs offered to all employees generally.

An independent consultant was engaged to perform a risk assessment of the Company's compensation programs and did not identify any risks that might adversely impact the financial health or performance of the Company.

Impact of Tax and Accounting

Section 162(m) of the Internal Revenue Code generally provides that certain kinds of compensation in excess of \$1 million in any single year paid to the chief executive officer and the three other most highly compensated executive officers other than the chief financial officer of a public company are not deductible for federal income tax purposes. However, pursuant to regulations issued by the U.S. Treasury Department, certain limited exemptions to Section 162(m) apply with respect to qualified performance-based compensation. While the tax effect of any compensation arrangement is one factor to be considered, such effect is evaluated in light of our overall compensation philosophy. To maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the Compensation and Benefits Committee has not adopted a policy that all compensation must be deductible. Stock options and performance shares granted under our 2009 Stock Incentive Plan are subject to the approval of the Compensation and Benefits Committee. The grants qualify as performance-based compensation and, as such, are exempt from the limitation on deductions. Outright grants of restricted stock and certain cash payments (such as base salary and cash bonuses) are not structured to qualify as performance-based compensation and are, therefore, subject to the Section 162(m) limitation on deductions and will count against the \$1 million cap.

When determining amounts and forms of compensation grants to executives and employees, the Compensation and Benefits Committee considers the accounting cost associated with the grants. We account for stock-based compensation in accordance with accounting standards regarding stock compensation which addresses the accounting for share-based payment transactions in which a company receives employee services in exchange for (a) equity instruments of that company or (b) liabilities that are based on the fair value of the company's equity instruments or that may be settled by the issuance of such equity instruments. Under this accounting guidance, grants of stock options, restricted stock, performance shares and other share-based payments result in an accounting charge. The

accounting charge is equal to the fair value of the instruments being issued on the date of the grant and is amortized over the requisite service period, or vesting period of the instruments. For restricted stock and performance shares, the cost is equal to the fair value of the stock on the date of grant times the number of shares or units granted. For stock options, the cost is equal to the fair value of the option on the date of the grant, estimated using the Black-Scholes option-pricing model, times the number of options granted. The following weighted average assumptions were used for grants during the years ended December 31, 2010 and 2008, respectively: risk-free interest rates of 2.5% and 3.5%; expected volatility of 47.7% based on historical volatility of a peer group and 88.1% based on historical volatility; and expected lives of 6.3 years and 6.3 years, respectively.

The valuations assume no dividends are paid. We did not grant stock options in 2009. Dollar values included in the Non-Employee Director Compensation Table and the Summary Compensation Table represent the aggregate fair value of all awards granted in 2010 and prior.

Events Relating to Equity Awards

In early 2009, due in part to the low stock trading price and our restructuring in bankruptcy, we offered employees who participated in the 2001 Stock Incentive Plan the option of forfeiting their grants of restricted stock and performance shares scheduled to vest in 2009. Messrs. Smit, Lovett, Fawaz, Howard and Schremp and Ms. Schmitz forfeited their shares and, therefore, there were no vesting events as to equity for them in 2009. All equity held by our named executive officers for the year 2008 was cancelled in connection with our emergence from bankruptcy. The compensation tables were prepared regarding compensation earned during the fiscal year ending December 31, 2010, 2009, and 2008.

Summary Compensation Table

The following table sets forth information as of December 31, 2010, 2009, and 2008 regarding the compensation to those executive officers listed below for services rendered for the fiscal years ended December 31, 2010, 2009, and 2008. Mr. Karsh expressly disclaims beneficial ownership of such shares or warrants, except to the extent of his direct pecuniary interest therein.

- (4) Based on the most recently available Schedule 13G dated December 31, 2010 and filed with the SEC on February 10, 2011, includes 16,753,347 shares of Class A common stock and warrants exercisable for 2,610,619 shares of Class A common stock. The business address for Franklin Advisers, Inc. and other entities described in this footnote is One Franklin Parkway, San Mateo, California 94403. These securities are beneficially owned by one or more open- or closed-end investment companies or other managed accounts that are clients of investment managers that are direct and indirect subsidiaries of Franklin Resources, Inc. Investment management contracts grant to those subsidiaries all investment and/or voting power over such securities, except as otherwise disclosed below. Therefore, such subsidiaries may be deemed to be the beneficial owners of such securities. Beneficial ownership by such subsidiaries and other affiliates of Franklin Resources, Inc. is reported in conformity with the guidelines articulated by the SEC staff in Release No. 34-39538 (January 12, 1998) relating to organizations, such as Franklin Resources, Inc. where related entities exercise voting and investment powers over securities independently from each other. The voting and investment powers held by Franklin Mutual Advisers, LLC, an indirect wholly owned investment management subsidiary of Franklin Resources, Inc., are exercised independently from Franklin Resources, Inc. and from all of its other investment management subsidiaries. Furthermore, internal policies and procedures of Franklin Mutual Advisers, LLC and Franklin Resources, Inc. establish informational barriers that prevent the flow between Franklin Mutual Advisers, LLC and the other affiliates of Franklin Resources, Inc. of information that relates to the voting and investment powers over the securities owned by their respective investment management clients. Consequently, Franklin Mutual Advisers, LLC and the other affiliates of Franklin Resources, Inc. report the securities over which they hold investment and voting power separately from each other for purposes of Section 13 of the Exchange Act. Charles B. and Rupert H. Johnson each owns more than 10% of the outstanding common stock of Franklin Resources, Inc. and are its principal stockholders. They and Franklin Resources, Inc. may be deemed to be the beneficial owners of securities held by persons and entities for whom or for which subsidiaries of Franklin Resources, Inc. provide investment management services. Franklin Resources, Inc., the Johnsons and such subsidiaries disclaim any pecuniary interest in, and any beneficial ownership as defined in Rule 13d-3 of the Exchange Act of, any of these securities. Franklin Resources, Inc., the Johnsons and each subsidiary of Franklin Resources, Inc. believe that they are not a group within the meaning of Rule 13d-5 under the Exchange Act and that they are not otherwise required to attribute to each other the beneficial ownership of the Securities held by any of them or by any persons or entities for whom or for which such subsidiaries provide investment management services. Pursuant to Charter's plan of reorganization, funds advised by Franklin Advisers, Inc. had the ability to elect one member to Charter's board and elected Robert Cohn, who has been serving on the board since November 30, 2009. Notwithstanding the election of Mr. Cohn to the board, Mr. Cohn does not represent or otherwise have any duty to advance the interests of Franklin Advisers, Inc. or any of its direct or indirect affiliates, and Franklin Advisers, Inc. does not believe that it is an affiliate of Charter as a result of Mr. Cohn serving as a director of

Charter.

Certain Relationships and Related Transactions

We maintain written policies and procedures covering related party transactions. The Audit Committee reviews the material facts of related party transactions. Management has various procedures in place, e.g., Charter's Code of Conduct which requires annual certifications from employees that are designed to identify potential related party transactions. Management brings those to the Audit Committee for review as appropriate. Our Related Party Transaction Policy provides that a Related Party Transaction is any transaction, arrangement or relationship or series of similar transactions, arrangements or relationships (including any indebtedness or guarantee of indebtedness) in which: (1) the aggregate amount involved will or may be expected to exceed \$120,000 in any calendar year; (2) the Company is a participant; and (3) any Related Party has or will have a direct or indirect interest (other than solely as a result of being a director or a less than 10 percent beneficial owner of another entity). A Related Party is any: (a) person who is or was (since the beginning of the last fiscal year for which the Company has filed a Form 10-K and proxy statement, even if they do not presently serve in that role) an executive officer, director or nominee for election as a director; (b) greater than 5 percent beneficial owner of the Company's common stock; or (c) immediate family member of any of the foregoing. Immediate family member includes a person's spouse, parents, stepparents, children, stepchildren, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, and brothers- and sisters-in-law and anyone residing in such person's home (other than a tenant or employee). Open market purchases or privately-negotiated transactions, excluding any distributions by the Company, involving any securities of the Company or its subsidiaries, are not deemed to be a Related Party Transaction under our Related Party Transaction Policy.

The following sets forth certain transactions in which we are involved and in which the directors, executive officers and affiliates of Charter have or may have a material interest. A number of our debt instruments and those of our subsidiaries require delivery of fairness opinions for transactions with affiliates involving more than \$50 million. Such fairness opinions have been obtained whenever required. All of our transactions with affiliates have been deemed by Charter's board of directors or a committee of the board of directors to be in our best interest. Related party transactions are approved by the Audit Committee or another independent body of Charter's board of directors.

Transactions arising out of our Restructuring

Paul Allen

In connection with Charter's plan of reorganization (the Plan), on November 30, 2009, Charter, Charter Holdco, CII and Mr. Allen entered into the Exchange Agreement, pursuant to which Mr. Allen and certain persons and entities affiliated with Mr. Allen (together, the Allen Entities) were given the right and option, to require Charter to exchange all or any portion of their membership units in Charter Holdco (the Holdco Units) for Class A common stock. In February 2010, the remaining Holdco Unit was exchanged by the Allen Entities for Class A common stock. As a result, Charter and its subsidiaries hold all of the outstanding and issued Holdco Units.

In addition, as a result of the Plan and his previously issued and outstanding Class B common stock, Mr. Allen held the ability to appoint up to four members of Charter's board. On January 18, 2011, Mr. Allen's Class B shares were converted to Class A shares and, as a result, Mr. Allen no longer has the ability to appoint members of Charter's board.

Noteholders

In connection with the Plan, certain holders of certain of our subsidiaries' notes appointed members to Charter's board upon emergence from Chapter 11, including Mr. Glatt who is an employee of Apollo Management, L.P.; Mr. Karsh who is president of Oaktree Capital Management, L.P.; and Mr. Cohn who was appointed by Funds advised by

Franklin Advisers, Inc., although Mr. Cohn is not affiliated with Franklin Advisers, Inc. As set forth in Security Ownership of Certain Beneficial Owners and Management, funds affiliated with AP Charter Holdings, L.P. beneficially hold approximately 31% of the Class A common stock. Oaktree Opportunities Investments, L.P. and certain affiliated funds beneficially hold approximately 18% of the Class A common stock. Funds advised by Franklin Advisers, Inc. beneficially hold approximately 17% of the Class A common stock.

Charter is a party to management arrangements with Charter Holdco and certain of its subsidiaries. Under these agreements, Charter provides management services for the cable systems owned or operated by its subsidiaries and Charter receives reimbursement for all costs and expenses incurred by it for activities relating to the ownership and operation of the managed cable systems, including corporate overhead, administration and salary expense. Payment of management fees by Charter's operating subsidiaries is subject to certain restrictions under the credit facilities and indentures of such subsidiaries. If any portion of the management fee due and payable is not paid, it is deferred by Charter and accrued as a liability of such subsidiaries. For the year ended December 31, 2010, the subsidiaries of Charter Holdings paid a total of \$246 million in management fees to Charter.

Table of Contents**Proposal No. 2: Approval of the Executive Bonus Plan
(Item 2 on Proxy Card)**

The Company's annual Executive Bonus Plan (a copy is attached as Appendix A) provides rewards to eligible participants based on Company performance as part of the Company's overall compensation program. See the Compensation Discussion and Analysis above for a description of the 2010 Executive Bonus Plan. As discussed above, the Executive Bonus Plan is a cash-based incentive plan that is designed to reward annual performance and achievement of strategic goals and align employee interests with those of our stockholders. In the past, the board and Compensation and Benefits Committee have approved the Executive Bonus Plan as well as the annual performance metrics on an annual basis (e.g, the 2010 Executive Bonus Plan). The board of directors in December 2010 approved an amended Executive Bonus Plan, which is substantially similar to our past Executive Bonus Plans, and, which was filed with the Securities and Exchange Commission pursuant to its rules. The board of directors and the Compensation and Benefits Committee will continue to set the metrics on an annual basis and the those metrics and percentage of attainment will subsequently be reported in a proxy statement or Form 10-K, but the Executive Bonus Plan itself will no longer be filed annually.

The following table sets forth the 2011 target bonus amounts payable to the participants and groups listed below in accordance with the Executive Bonus Plan assuming 100% performance attainment with information regarding participants, base salaries and target percentages applicable as of February 25, 2011.

Executive Bonus Plan

Plan Participant Name and Title	Target Dollar Amount (\$)
Michael J. Lovett President and Chief Executive Officer	2,145,000
Christopher L. Winfrey Executive Vice President and Chief Financial Officer	393,750
Kevin D. Howard Senior Vice President Finance, Controller and Chief Accounting Officer	198,250
Marwan Fawaz Executive Vice President, Strategy and Chief Technology Officer	546,199
Gregory L. Doody Executive Vice President Programming and Legal Affairs	412,500
All Executive Officers as a Group	4,324,449
All Non-Executive Officer Directors as a Group	
All Plan Participants (other than Executive Officers) as a Group	20,625,805

As noted, the board of directors and the Compensation and Benefits Committee have approved the amended Executive Bonus Plan. However, in order to avail itself of the provisions of Section 162(m) of the Internal Revenue Code regarding deductibility of performance-based bonus plans (see the Impact of Tax and Accounting above), the Company is required to obtain shareholder approval of the plan. This amended Executive Bonus Plan is virtually identical to the Company's executive bonus plans of the past, pays awards on definitive and measurable performance goals, while incentivizing the plan's participants.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE EXECUTIVE BONUS PLAN.

**Proposal No. 3: Approval of the Executive Incentive Performance Plan
(Item 3 on Proxy Card)**

The board of directors adopted the Executive Incentive Performance Plan (EIPP) effective January 2, 2011, subject to approval by the Company s stockholders. The EIPP is intended to provide for the payment of qualified, performance-based compensation in the form of bonuses that is not subject to the deduction limitation of Section 162(m) of the Internal Revenue Code. Section 162(m) limits to \$1,000,000 the amount of an employer s deduction for a fiscal year relating to compensation for certain executive officers, with exception for specific types of compensation such as performance-based compensation.

Participation. Participation in the EIPP will be determined annually by the Section 162(m) Committee of the board of directors. The participants in the EIPP for any Performance Period (as determined by the Section 162(m) Committee) shall be comprised of each employee of the Company who is a covered employee for purposes of Section 162(m), or who may be such a covered employee as of the end of a tax year for which the Company would claim a tax deduction in connection with payment of compensation to such employee, during such Performance Period and who is designated individually or by class to be a participant for such Performance Period by the Section 162(m) Committee at the time a Target Award is established for such employee.

Target Awards and Bonus Payment. The Section 162(m) Committee shall establish objective performance criteria for the Target Award of each participant for each Performance Period in writing. Such formula shall be based upon one or more of the following criteria, individually or in combination, as determined by the Section 162(m) Committee in its discretion shall determine: (a) adjusted EBITDA; (b) adjusted EBITDA less capital expenditures; (c) revenue; (d) pre-tax or after-tax return on equity; (e) earnings per share; (f) pre-tax or after-tax net income, as defined by the Committee; (g) business unit or departmental pre-tax or after-tax income; (h) book value per share; (i) market price per share; (j) relative performance to peer group companies; (k) expense management; and (l) total return to stockholders. Such formula shall be sufficiently detailed and objective so that a third party having knowledge of the relevant performance results could calculate the bonus amount to be paid to the participant pursuant to such Target Award formula.

The Section 162 (m) Committee shall have the right to reduce the amount payable pursuant to a Target Award of a participant in its sole discretion at any time and for any reason before the bonus is payable to the participant, based on such criteria as it shall determine. Notwithstanding any contrary provision of the EIPP, the Section 162(m) Committee may not adjust upwards the amount payable pursuant to a Target Award subject to the EIPP, nor may it waive the achievement of the performance criteria established pursuant to the EIPP for the applicable Performance Period.

The bonus payable under this Plan shall be the sole bonus payable to each participant with respect to a Performance Period. The amount payable pursuant to a Target Award may be paid in the form of cash, an award of restricted stock or other benefit under the Company s Amended and Restated 2009 Stock Incentive Plan, or any other form of payment approved by the Section 162(m) Committee; provided that the value of such payments at the time the payment, credit or award is made, does not exceed the dollar amount of the Target Award.

The maximum bonus amount payable to each participant for any calendar year Performance Period shall be \$10,000,000. The Section 162(m) Committee shall have the power to impose such other restrictions on Target Awards and bonuses subject to the EIPP as it may deem necessary or appropriate to ensure that such bonuses satisfy all requirements for performance-based compensation within the meaning of Section 162(m) of the Code, the regulations promulgated thereunder, and any successors thereto.

The proposed Executive Bonus Plan, described in Proposal No. 2 above, is the Company's only current plan which has been approved by the Company's Section 162(m) Committee as an incentive performance plan. Therefore, the target awards payable under the EIPP assuming attainment of 100% any established performance criteria for certain participants and groups, are the same awards as shown in the table for Proposal No. 2.

The board of directors recommends the approval of the EIPP in order to comply with the requirements of Section 162(m) and provide performance-based compensation to our executives. A copy of the EIPP is attached as Appendix B.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE EXECUTIVE INCENTIVE PERFORMANCE PLAN.

**Proposal No. 4: Approval, on an Advisory Basis, of the
Compensation of Named Executive Officers
(Item 4 on Proxy Card)**

As required by Section 14A of the Exchange Act, we are providing our shareholders with the opportunity to cause a non-binding advisory vote on the compensation of the Company's named executive officers, as disclosed in the Compensation Discussion and Analysis section (above), the Compensation Tables (above), and any related information contained in this proxy statement under Executive Compensation.

Please review the Compensation Discussion and Analysis included in this proxy statement for a description and discussion of the Company's compensation process and programs. We believe our compensation program provides the appropriate current compensation and incentivizes our executives to create value creation for our stockholders.

We provide a significant part of executive compensation in performance based incentives, including options;

We have four-year award and vesting cycle for stock options; and,

We do not provide tax gross-ups to our named executive officers.

Your vote is requested. We believe that the information regarding named executive officer compensation as disclosed within the Executive Compensation section of this proxy statement demonstrates that the Company's executive compensation program was designed appropriately and structured to ensure the retention of talented executives and a strong alignment with the long-term interests of the Company's stockholders. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the Company's named executive officers, as described in this proxy statement. Accordingly, the Company will ask the Company's shareholders to vote **FOR** the following resolution:

RESOLVED, that the compensation paid to the Company's named executive officers as disclosed under Executive Compensation pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, Compensation Tables and narrative disclosure contained in this proxy statement, is hereby **APPROVED**.

Because the vote is advisory, it will not be binding on the Company, the board or the Compensation and Benefits Committee, nor will it overrule any prior decision or require the board or the Compensation and Benefits Committee to take any action. However, the Compensation and Benefits Committee and the board value the opinions of the Company's stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, the Compensation and Benefits Committee and the board will consider stockholders' concerns and the Compensation and Benefits Committee will evaluate whether any actions are necessary to address those concerns.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE COMPANY'S EXECUTIVE COMPENSATION.

**Proposal No. 5: Approval, on an Advisory Basis, of a Triennial
Advisory Vote on Executive Compensation
(Item 5 on Proxy Card)**

Pursuant to SEC rules, we are providing our stockholders a separate vote to recommend whether an advisory vote on named executive officer compensation should occur once every one, two or three years.

After careful consideration of this proposal, the Board has determined that an advisory vote on executive compensation that occurs once every three years, or a triennial vote, is the most appropriate alternative for the Company at this time, and therefore the board recommends a triennial advisory vote on executive compensation. We believe that a triennial advisory vote is the best approach for the Company based on a number of considerations, including the following:

As described in the Compensation Discussion and Analysis section above, one of the principles of our executive compensation program is to ensure management's interests are aligned with our investors' interests to support long-term value creation. Accordingly, we grant awards with multi-year service periods to encourage our Named Executive Officers to focus on long-term performance, and recommend a triennial vote which would allow our executive compensation programs to be evaluated over a similar time-frame and in relation to our long-term performance;

A three-year vote cycle gives the board sufficient time to thoughtfully consider the results of the advisory vote and to implement any desired changes to our executive compensation policies and procedures; and

A three-year cycle will provide investors sufficient time to evaluate the effectiveness of our short- and long-term compensation strategies and the related business outcomes of the Company.

We carefully review changes to our program to maintain the consistency and credibility of the program which is important in motivating and retaining our employees. We therefore believe that a triennial vote is an appropriate frequency to provide our people and Compensation and Benefits Committee sufficient time to thoughtfully consider and to implement any appropriate changes to our executive compensation program, in light of the timing that would be required to implement any decisions related to such changes. In the future, we may determine that a more frequent advisory vote is appropriate, either in response to the vote of the Company's stockholders on this proposal or for other reasons.

Although the vote is non-binding, our board of directors will take into account the outcome of the vote when making future decisions about the Company's executive compensation policies and procedures. The Company's stockholders also have the opportunity to provide additional feedback on important matters involving executive compensation even in years when Say-on-Pay votes do not occur.

Stockholders may cast their vote on the preferred voting frequency by choosing the option of one year, two years, three years or abstain from voting when voting on this proposal. The option of one year, two years or three years that receives a majority of votes cast by stockholders will be the frequency for the advisory vote on executive compensation that has been recommended by stockholders. However, because this vote is advisory and not binding on the board or the Company in any way, the board may decide that it is in the best interests of the Company's stockholders and the Company to hold an advisory vote on executive compensation more or less frequently than the option approved by the Company's stockholders.

THE BOARD OF DIRECTORS RECOMMENDS SHAREOWNERS SELECT THREE YEARS ON THE PROPOSAL RECOMMENDING THE FREQUENCY OF ADVISORY VOTES ON EXECUTIVE COMPENSATION

**Proposal No. 6: Ratification of the Appointment of
Independent Registered Public Accounting Firm
(Item 6 on Proxy Card)**

The Audit Committee of the board of directors has appointed KPMG LLP (KPMG) as the Company s independent registered public accounting firm for 2011. Stockholder ratification of the selection of KPMG as the Company s independent registered public accounting firm is not required by the Company s Bylaws or other applicable requirement. However, as a matter of corporate responsibility, the Audit Committee decided to solicit stockholder ratification of this appointment. Ratification of the appointment of KPMG as the Company s independent registered public accounting firm is not required for KPMG s retention; however, if the appointment is not ratified, the Audit Committee may consider re-evaluating the appointment.

KPMG has been serving as the Company s independent registered public accounting firm since 2002. The Company has been advised that no member of KPMG had any direct financial interest or material indirect financial interest in the Company or any of its subsidiaries or, during the past three years, has had any connection with the Company or any of its subsidiaries in the capacity of promoter, underwriter, voting trustee, director, officer or employee. The Company has been advised that no other relationship exists between KPMG and the Company that impairs KPMG s status as the independent registered public accounting firm with respect to the Company within the meaning of the Federal securities laws and the requirements of the Independence Standards Board.

Representatives of KPMG will be in attendance at the Annual Meeting and will have an opportunity to make a statement if they so desire. The representatives will also be available to respond to appropriate questions.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE COMPANY S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

Accounting Matters

Principal Accounting Firm

KPMG acted as the Company's principal accountant in 2010 and 2009, and, subject to ratification by stockholders at the Annual Meeting, KPMG is expected to serve as the Company's independent registered public accounting firm for 2011. Representatives of KPMG will be in attendance at the Annual Meeting and will have an opportunity to make a statement if they so desire. The representatives will also be available to respond to appropriate questions.

Services of Independent Registered Public Accounting Firm

The Audit Committee has adopted policies and procedures requiring the pre-approval of non-audit services that may be provided by our independent registered public accounting firm. We have also complied and will continue to comply with the provisions of the Sarbanes-Oxley Act of 2002 and the related SEC rules pertaining to auditor independence and audit committee pre-approval of audit and non-audit services.

Audit Fees

During the years ended December 31, 2010 and 2009, we incurred fees and related expenses for professional services rendered by KPMG for the audits of our and our subsidiaries' financial statements, for the review of our and our subsidiaries' interim financial statements, registration statement filings and offering memoranda filings totaling approximately \$4.0 million and \$5.5 million, respectively.

Audit-Related Fees

We did not incur any audit-related fees during the year ended December 31, 2010. We incurred fees to KPMG of approximately \$0.1 million during the year ended December 31, 2009. These services were primarily related to certain agreed-upon procedures.

Tax Fees

None.

All Other Fees

We incurred other fees to KPMG of approximately \$0.1 million during the year ended December 31, 2010. These services were primarily related to due diligence related to acquisitions. None were incurred for the year ended December 31, 2009.

The Audit Committee appoints, retains, compensates and oversees the independent registered public accounting firm (subject, if applicable, to board of director and/or stockholder ratification), and approves in advance all fees and terms for the audit engagement and non-audit engagements where non-audit services are not prohibited by Section 10A of the Securities Exchange Act of 1934, as amended with respect to independent registered public accounting firms. Pre-approvals of non-audit services are sometimes delegated to a single member of the Audit Committee. However, any pre-approvals made by the Audit Committee's designee are presented at the Audit Committee's next regularly scheduled meeting. The Audit Committee has an obligation to consult with management on these matters. The Audit Committee approved 100% of the KPMG fees for the years ended December 31, 2010 and 2009. Each year, including 2010, with respect to the proposed audit engagement, the Audit Committee reviews the proposed risk assessment

process in establishing the scope of examination and the reports to be rendered.

In its capacity as a committee of the board, the Audit Committee oversees the work of the independent registered public accounting firm (including resolution of disagreements between management and the public accounting firm regarding financial reporting) for the purpose of preparing or issuing an audit report or performing other audit, review or attest services. The independent registered public accounting firm reports directly to the Audit Committee. In performing its functions, the Audit Committee undertakes those tasks and responsibilities that, in its judgment, most effectively contribute to and implement the purposes of the Audit Committee charter. For more detail of the Audit Committee's authority and responsibilities, see the Company's Audit Committee charter on the Company's website, www.charter.com.

In 2010 the Audit Committee consisted of Messrs. Jacobson, Merritt, and Temple. All members were determined by the board to be independent in accordance with the applicable corporate governance listing standards of the NASDAQ Global Select Market. The Company's board of directors has determined that, in its judgment, Mr. Merritt is an audit committee financial expert within the meaning of the applicable federal regulations. Mr. Temple resigned as a director and Audit Committee member in January 2011 and Mr. Markley was appointed to fill the vacancy.

The Audit Committee's functions are detailed in a written amended and restated Audit Committee charter adopted by the board of directors in December 2009, a copy of which is available on the Company's website at www.charter.com. As more fully described in its charter, the Audit Committee reviews the Company's financial reporting process on behalf of the board. Company management has the primary responsibility for the Company's financial statements and the reporting process. The Company's independent registered public accounting firm is responsible for performing an audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and expressing an opinion on the conformity of the financial statements to generally accepted accounting principles. The internal auditors are responsible to the Audit Committee and the board for testing the integrity of the financial accounting and reporting control systems and such other matters as the Audit Committee and board determine. The Audit Committee held eight meetings in 2010.

The Audit Committee has reviewed and discussed with management the Company's audited financial statements for the year ended December 31, 2010. The Audit Committee has discussed the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees) with KPMG, the independent registered public accounting firm for the Company's audited financial statements for the year ended December 31, 2010.

The Audit Committee has also received the written disclosures and the letter from KPMG required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees), and the Audit Committee has discussed the independence of KPMG with that firm and has considered the compatibility of non-audit services with KPMG's independence.

Based on the Audit Committee's review and discussions noted above, the Audit Committee recommended to the board of directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2010 for filing with the SEC.

Section 16(a) Beneficial Ownership Reporting Requirement

Section 16 of the Exchange Act requires our directors and certain of our officers, and persons who own more than 10% of our common stock, to file initial reports of ownership and reports of changes in ownership of our common stock and other of our equity securities with the SEC. Such persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such forms furnished to us and written representations that no other reports were required, we believe that all Section 16(a) filing requirements applicable to our officers, directors and greater than 10% beneficial owners were complied with during the 2010 fiscal year.

Code of Ethics

We have adopted a Financial Code of Ethics within the meaning of federal securities regulations for our employees, including all executive officers and directors. We also established a hotline and website for reporting alleged violations of the Financial Code of Ethics, established procedures for processing complaints and implemented educational programs to inform our employees regarding the Financial Code of Ethics. Stockholder Proposals for 2012 Annual Meeting

If you want to include a stockholder proposal in the proxy statement for the 2012 annual meeting, it must be delivered to the Corporate Secretary at the Company's executive offices no later than November 18, 2011. The federal proxy rules specify what constitutes timely submission and whether a stockholder proposal is eligible to be included in the proxy statement.

If a stockholder desires to bring business before the meeting that is not the subject of a proposal timely and properly submitted for inclusion in the proxy statement or to make a nomination of a person for election to the board, the stockholder must follow procedures outlined in the Company's Bylaws. One of the procedural requirements in the Bylaws is timely notice in writing of the business the stockholder proposes to bring before the meeting. To be timely with respect to the 2012 annual meeting, such a notice must be delivered to the Company's Corporate Secretary at the Company's executive offices no earlier than January 7, 2012 and no later than February 1, 2012. However, in the event that the Company elects to hold its next annual meeting more than 30 days before or after the anniversary of this Annual Meeting, such stockholder proposals would have to be received by the Company not earlier than 120 days prior to the next annual meeting date and not later than 90 days prior to the next annual meeting date.

Such notice must include: (1) for a nomination for director, all information relating to such person that is required to be disclosed in a proxy for election of directors; (2) as to any other business, a description of the proposed business, the text of the proposal, the reasons therefore, and any material interest the stockholder may have in that business; and (3) certain information regarding the stockholder making the proposal. These requirements are separate from the requirements a stockholder must meet to have a proposal included in the Company's proxy statement. The foregoing time limits also apply in determining whether notice is timely for purposes of rules adopted by the SEC relating to the exercise of discretionary voting authority.

Any stockholder desiring a copy of the Company's Bylaws will be furnished one without charge upon written request to the Corporate Secretary. A copy of the amended and restated Bylaws was filed as an exhibit to the Company's Current Report on Form 8-K filed on December 4, 2009, and is available at the SEC Internet site (<http://www.sec.gov>).

In addition, certain financial and other related information, which is required to be furnished to our stockholders, is provided to stockholders concurrently with this Proxy Statement in our 2010 Annual Report. The SEC has enacted a rule that allows the Company to deliver only one copy of our Proxy Statement and 2010 Annual Report to multiple security holders sharing an address if they so consent. We will remove you from the householding program within 30 days of receipt of your response, following which you will receive an individual copy of our disclosure statement. Even if your household receives only one Annual Report and one Proxy Statement, a separate proxy card will be provided for each stockholder. If you vote using the proxy card, please sign and return it in the enclosed postage-paid envelope. If you vote by Internet, there is no need to mail the proxy card.

Executive Bonus Plan

OVERVIEW

The Executive Bonus Plan (Plan) of Charter Communications, Inc. (the Company) is an annual plan that provides eligible employees an incentive to align goals and performance with the Company s strategic objectives. As with all compensation plans, this Plan is created based on the Company s current business position, and may be examined and changed in accordance with any changes in business position.

OBJECTIVE

Provide a strong corporate identity and provide awards commensurate with the achievement of aggressive financial performance measures and customer satisfaction goals.

Foster teamwork throughout the company, operating groups, KMAs, systems and functional areas.

Evaluate effort and contribution based on a combination of specific objectives and performance that correlate with the Company s long-term business plan and compensation strategy.

ELIGIBILITY

Executive Officers of the Company and certain other managerial and professional employees of the Company and its subsidiaries are eligible to participate in the Company s Executive Bonus Plan. Eligibility for participation in the Plan is based on the employee s position level and salary grade in the organization. A bonus target (i.e., percentage of base pay) will be assigned annually to strategic positions in the Company based on market competitiveness as well as overall impact. Actual bonus eligibility is determined by Senior Management.

AWARDS

Senior Management will develop annual performance measures under the Plan, including establishing target awards. The measures and awards will be subject to the approval of the Board of Directors, or the Board s Compensation and Benefits Committee. Once approved, management will communicate the performance measures, target awards and other details to employees who are eligible for bonuses. All such measures, awards and other details shall be subject to the terms of the Plan.

ADMINISTRATION

All bonus payments made pursuant to this Plan are subject to the approval of the Board of Directors, or the Board s Compensation and Benefits Committee. Bonuses for eligible employees for any plan year will be determined based on the extent to which the Company s (or, if applicable, an employee s particular operating group or key market area s) performance during that year meets or exceeds budgeted goals with respect to performance measures as set forth in the Bonus Plan. It is the intention of the Company to pay bonuses pursuant to the Plan, no later than March 15th of the following year, but the payment date may vary based on management discretion.

Unless otherwise provided by law, bonuses are not considered earned until paid. If an individual s employment is terminated (either voluntarily or involuntarily) prior to the date on which any bonus is paid, payment of the bonus (in

whole or in part) shall be at the sole and exclusive discretion of management; provided that, an individual shall be considered an active employee, eligible for the prior year's bonus, similar to other active employees in the Plan, if

an individual has separated from the Company between December 31 and the date on which the bonus is paid due to position elimination, death, disability or retirement. Any decision by management to pay any portion of the bonus to an individual whose employment has been terminated must be approved by the SVP of Human Resources and included as a provision in a separation agreement and full release executed by the individual. Participants on a leave of absence when the bonuses are paid will receive their bonus upon returning to an active status.

As with all compensation programs, this Plan or an individual's Target Award may be reviewed periodically and changed, supplemented or eliminated if deemed appropriate by the Company, within its discretion. Employees are eligible for only one bonus plan and any variance to this limitation requires the approval of both Senior Management and the SVP Human Resources. Employees who are eligible to participate in a commission plan are not eligible for the Executive Bonus Plan.

This document is only intended to describe the terms of the bonus structure, and no employee should interpret it as an employment contract or a contract of any other kind.
