ADR - American Depositary Receipt

(1) Non-income producing security.

Edgar Filing: Eaton Vance Tax-Managed Buy-Write Opportunities Fund - Form N-Q

The cost and unrealized appreciation (depreciation) of investments of the Fund at March 31, 2011, as determined on a federal income tax basis, were as follows:

<b>Aggregate cost</b>	<b>\$ 643,091,169</b>
Gross unrealized appreciation	\$ 294,350,784
Gross unrealized depreciation	(15,385,482)
<b>Net unrealized appreciation</b>	<b>\$ 278,965,302</b>

Written call options activity for the fiscal year to date ended March 31, 2011 was as follows:

	<b>Number of Contracts</b>	<b>Premiums Received</b>
Outstanding, beginning of period	5,865	\$ 13,595,873
Options written	16,745	34,352,243
Options terminated in closing purchase transactions	(16,670)	(36,918,905)
Options expired	(590)	(787,444)
<b>Outstanding, end of period</b>	<b>5,350</b>	<b>\$ 10,241,767</b>

All of the assets of the Fund are subject to segregation to satisfy the requirements of the escrow agent. At March 31, 2011, the Fund had sufficient cash and/or securities to cover commitments under these contracts.

The Fund is subject to equity price risk in the normal course of pursuing its investment objectives. The Fund generally intends to write index call options above the current value of the index to generate premium income. In writing index call options, the Fund in effect, sells potential appreciation in the value of the applicable index above the exercise price in exchange for the option premium received. The Fund retains the risk of loss, minus the premium received, should the price of the underlying index decline.

At March 31, 2011, the aggregate fair value of derivative instruments (not considered to be hedging instruments for accounting disclosure purposes) in a liability position and whose primary underlying risk exposure is equity price risk was \$19,471,900.

Under generally accepted accounting principles for fair value measurements, a three-tier hierarchy to prioritize the assumptions, referred to as inputs, is used in valuation techniques to measure fair value. The three-tier hierarchy of inputs is summarized in the three broad levels listed below.

Level 1 quoted prices in active markets for identical investments

Level 2 other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)

Level 3 significant unobservable inputs (including a fund's own assumptions in determining the fair value of investments)

Edgar Filing: Eaton Vance Tax-Managed Buy-Write Opportunities Fund - Form N-Q

In cases where the inputs used to measure fair value fall in different levels of the fair value hierarchy, the level disclosed is determined based on the lowest level input that is significant to the fair value measurement in its entirety. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

At March 31, 2011, the hierarchy of inputs used in valuing the Fund's investments, which are carried at value, were as follows:

<b>Asset Description</b>	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Common Stocks	\$ 922,056,471	\$	\$	\$ 922,056,471
<b>Total Investments</b>	<b>\$ 922,056,471</b>	<b>\$</b>	<b>\$</b>	<b>\$ 922,056,471</b>
<b>Liability Description</b>				
Call Options Written	\$ (19,471,900)	\$	\$	\$ (19,471,900)
<b>Total</b>	<b>\$ (19,471,900)</b>	<b>\$</b>	<b>\$</b>	<b>\$ (19,471,900)</b>

The level classification by major category of investments is the same as the category presentation in the Portfolio of Investments.

The Fund held no investments or other financial instruments as of December 31, 2010 whose fair value was determined using Level 3 inputs. At March 31, 2011, the value of investments transferred between Level 1 and Level 2, if any, during the fiscal year to date then ended was not significant.

For information on the Fund's policy regarding the valuation of investments and other significant accounting policies, please refer to the Fund's most recent financial statements included in its semiannual or annual report to shareholders.

**Item 2. Controls and Procedures**

(a) It is the conclusion of the registrant's principal executive officer and principal financial officer that the effectiveness of the registrant's current disclosure controls and procedures (such disclosure controls and procedures having been evaluated within 90 days of the date of this filing) provide reasonable assurance that the information required to be disclosed by the registrant on this Form N-Q has been recorded, processed, summarized and reported within the time period specified in the Commission's rules and forms and that the information required to be disclosed by the registrant on this Form N-Q has been accumulated and communicated to the registrant's principal executive officer and principal financial officer in order to allow timely decisions regarding required disclosure.

(b) There have been no changes in the registrant's internal controls over financial reporting during the fiscal quarter for which the report is being filed that have materially affected, or are reasonably likely to materially affect the registrant's internal control over financial reporting.
