ANNUAL REPORT

SHAREHOLDERS' LETTER

Dear Shareholders:

We are pleased to present the annual report for the SunAmerica Focused Alpha Growth Fund for the year ended December 31, 2006 and thank you for including this strategic investment solution in your investment plan.

In the year ended December 31, 2006, the SunAmerica Focused Alpha Growth Fund's Net Asset Value (NAV) returned 17.4%, outperforming its benchmark, the Russell 3000 Growth Index(1), which returned 9.5% for the same period. The Fund's market price returned 23.7% during the same period. As of

Edgar Filing: SunAmerica Focused Alpha Growth Fund, Inc. - Form N-CSR

December 31, 2006, the Fund's NAV was \$21.68 and its market share price was \$19.74.

The past twelve months have been a volatile period for the equity markets. The first half brought sluggish returns due to sharply-rising oil prices, higher interest rates, and a significant slowdown in the U.S. housing markets. Over the summer, in the face of weaker growth, the Federal Open Market Committee (FOMC) paused in its two-year campaign of money tightening. The Federal Reserve decided not to raise interest rates, and left its bell-wether federal funds target rate at 5.25% through year-end. The equity markets began to stage recoveries, and, as the remainder of the year unfolded, interest rates declined, oil prices fell substantially, inflation expectations waned and corporate profits remained at attractive levels.

Around mid-year, the equity markets experienced a change in leadership from small-cap, lower-quality, more cyclical stocks to larger-cap, higher-quality, more predictable securities. Robust gains in the third and fourth quarters propelled large capitalization indexes to strong returns for the 12-month period as a whole. Large-cap value stocks, as measured by the Russell 1000 Value Index(2), outperformed large-cap growth stocks for 2006, as measured by the Russell 1000 Growth Index(3), by more than 13%.

The SunAmerica Focused Alpha Growth Fund invests in a small number of equity securities that its managers believe are well-managed companies with strong fundamentals, established business models and growth potential. The Fund is unique in that it brings together two of Wall Street's best known equity managers, blending large- and small/mid-cap growth investing. Marsico Capital Management LLC and BAMCO, Inc. each contribute their favorite stock picks. Marsico emphasizes large-cap growth investing, while BAMCO's Ron Baron and his team focus on small- to mid-cap growth companies.

We value your ongoing confidence in us and look forward to serving your investment needs in the future.

Sincerely,

/s/ Peter A. Harbeck

FUND REVIEW (UNAUDITED)

BELOW, TOM MARSICO AND TEAM PORTFOLIO MANAGERS AT MARSICO CAPITAL MANAGEMENT, LLC ("MARSICO") DISCUSS THE FUND'S PERFORMANCE OVER THE REPORTING PERIOD. MARSICO MANAGES THE LARGE-CAP GROWTH PORTION OF THE FUND'S PORTFOLIO.

Over the past year, uncertainty surrounding the Federal Reserve's actions appeared to create both a worry that inflation was on the rise and a conflicting worry that the economy was heading into a recession. This uncertainty dampened the stock prices in a few different areas of investment, and was the primary market condition affecting the large-cap growth portion of the Fund's performance.

Overall, stock selection had the largest impact on the large-cap growth portion of the Fund's performance. This is in keeping with our focused investing strategy. A position in Las Vegas Sands was the largest contributor in the period. Other strong performers included Comcast, Cisco Systems and Goldman Sachs Group. We also locked in gains from positions in UBS AG and the Chicago Mercantile Exchange, both of which were sold during the reporting period. On the flip side, holdings in Genentech and UnitedHealth Group limited performance, as did Apple Computer, QUALCOMM and Lowe's Companies, all three prior to being sold.

Although industry and sector allocations are a minor consideration compared to our belief in the stories behind the companies that are owned in the portfolio, the Fund did benefit by a significant overweight in the Consumer Discretionary and Diversified Financials industry groups, both of which were strong-performing areas of investment during the reporting period. Performance was also enhanced by an underweight in the Software & Services group, which proved to be a relatively weak-performing area of investment. On the flip side, performance was tempered by the Fund's lack of exposure to the Telecommunications Services sector.

BELOW, RON BARON AND TEAM PORTFOLIO MANAGERS AT BAMCO, INC. DISCUSS THE FUND'S PERFORMANCE OVER THE REPORTING PERIOD. BAMCO INC. MANAGES THE SMALL/MID-CAP PORTION OF THE FUND'S PORTFOLIO.

We look for companies that have sustainable competitive advantages, strong financial characteristics and great management teams. Among the top performers in the small/mid-cap segment of the Fund's portfolio over the reporting period were shares of Four Seasons Hotel. The latter's stock was up significantly in 2006, mainly due to investor excitement over the opening of the first phase of the company's \$1.2 billion Macau casino. The Fund also benefited from its stock in First Marblehead, which provides services to financial institutions participating in the rapidly growing private student loan market. A position in Encore Acquisition suffered with the drop in natural gas prices and a flattening in the price of oil, however. Another poor performer was ChoicePoint, whose shares fell due to concerns over the long-term profit potential in its marketing and government services segment.

SUNAMERICA FOCUSED ALPHA GROWTH FUND, INC.

NOTES TO FINANCIAL STATEMENTS -- DECEMBER 31, 2006

Note 1. Organization of the Fund

SunAmerica Focused Alpha Growth Fund, Inc. (the "Fund") is a non-diversified closed-end management investment company. The Fund is traded on the New York Stock Exchange ("NYSE") under the ticker symbol FGF. The Fund was organized as a Maryland corporation on May 18, 2005 and is registered under the Investment Company Act of 1940, as amended, (the "1940 Act"). The Fund sold 5,236 of its common stock shares ("Shares") on July 18, 2005 to AIG SunAmerica Asset Management Corp. (the "Adviser" or "AIG SunAmerica"), an indirect wholly-owned subsidiary of America International Group, Inc. ("AIG"). Investment operations commenced on July 29, 2005 upon settlement of the sale of 18,500,000 shares in the amount of \$353,350,000 (net of underwriting fees and expenses of \$16,650,000). In addition, on August 25, 2005 and September 13, 2005, the Fund issued 1,200,000 and 650,000 shares in the amount of \$22,920,000 and \$12,415,000 (net of underwriting fees and expenses of \$1,080,000 and \$585,000) in conjunction with the exercise of the underwriters' over-allotment option. AIG SunAmerica paid certain organizational expenses of the Fund and then offering costs of the Fund to the extent they exceeded \$.04 per share of the Fund's common stock.

The Fund's investment objective is to provide growth of capital. The Fund

Edgar Filing: SunAmerica Focused Alpha Growth Fund, Inc. - Form N-CSR

seeks to pursue this objective by employing a concentrated stock picking strategy in which the Fund, through subadvisers selected by the Adviser, actively invests primarily in a small number of equity securities (i.e., common stocks) and to a lesser extent equity-related securities (i.e., preferred stocks, convertible securities, warrants and rights) primarily in the U.S. markets.

INDEMNIFICATIONS: Under the Fund's organizational documents, its officers and directors are indemnified against certain liability arising out of the performance of their duties to the Fund. In addition, in the normal course of business the Fund enters into contracts that may contain the obligation to indemnify others. The Fund's maximum exposure under these arrangements is unknown. Currently, however, the Fund expects the risk of loss to be remote.

Note 2. Significant Accounting Policies

The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from these estimates. The following is a summary of the significant accounting policies followed by the Fund in the preparation of its financial statements:

SECURITY VALUATION: Stocks are generally valued based upon closing sales prices reported on recognized securities exchanges. Stocks listed on the NASDAQ are valued using the NASDAQ Official Closing Price ("NOCP"). Generally, the NOCP will be the last sale price unless the reported trade for the stock is outside the range of the bid/ask price. In such cases, the NOCP will be normalized to the nearer of the bid or ask price. For listed securities having no sales reported and for unlisted securities, such securities will be valued based upon the last reported bid price.

As of the close of regular trading on the NYSE, securities traded primarily on security exchanges outside the U.S. are valued at the last sale price on such exchanges on the day of valuation, or if there is no sale on the day of valuation, at the last-reported bid price. If a security's price is available from more than one exchange, the Fund uses the exchange that is the primary market for the security. However, depending on the foreign market, closing prices may be up to 15 hours old when they are used to price the Fund's shares, and the Fund may determine that certain closing prices are unreliable. This determination will be based on review of a number of factors, including developments in foreign markets, the performance of U.S. securities markets, and the performance of instruments trading in U.S. markets that represent foreign securities and baskets of foreign securities. If the Fund determines that closing prices do not reflect the fair value of the securities, the Fund will adjust the previous closing prices in accordance with pricing procedures approved by the Board of Directors (the "Board" or the "Directors") to reflect what it believes to be the fair value of the securities as of the close of regular trading on the NYSE. The Fund may also fair value securities in other situations, for example, when a particular foreign market is closed but the Fund is open. For foreign equity securities, the Fund uses an outside pricing service to provide it with closing market prices and information used for adjusting those prices.

Short-term securities with 60 days or less to maturity are amortized to maturity based on their cost to the Fund if acquired within 60 days of maturity or, if already held by the Fund on the 60th day, are amortized to maturity based on the value determined on the 61st day.

Securities for which market quotations are not readily available or where a development/significant event occurs that may significantly impact the value of the security, are fair valued, as determined pursuant to procedures adopted in good faith by the Board of Directors.

REPURCHASE AGREEMENTS: For repurchase agreements, the Fund's custodian takes possession of the collateral pledged for investments in repurchase agreements. The underlying collateral is valued daily on a mark to market basis to ensure that the value, including accrued interest, is at least 102% of the repurchase price. In the event of default of the obligation to repurchase, a Fund has the right to liquidate the collateral and apply the proceeds in satisfaction of the obligation. If the seller defaults and the value of the collateral declines or if bankruptcy proceedings are commenced with respect to the seller of the security, realization of the collateral by the Fund may be delayed or limited. At December 31, 2006, the Fund did not enter into any repurchase agreements.

SECURITIES TRANSACTIONS, INVESTMENT INCOME, EXPENSES, DIVIDENDS AND DISTRIBUTIONS TO SHAREHOLDERS: Security transactions are recorded on a trade date basis. Realized gains and losses on sales of investments are calculated on the identified cost basis. Interest income is accrued daily except when collection is not expected. Dividend income is recorded on the ex-dividend date except for certain dividends from foreign securities, which are recorded as soon as the Fund is informed after the ex-dividend date. Foreign income and capital gains may be subject to foreign withholding taxes and capital gains taxes at various rates. Under applicable foreign law, a withholding of tax may be imposed on interest, dividends, and capital gains at various rates. Interest earned on cash balances held at the custodian are shown as custody credits on the Statement of Operations.

The Fund has adopted a distribution policy (the "Distribution Policy") under which the Fund will pay level quarterly dividend distributions, subject to an adjusting dividend distribution in the fourth quarter as described below. The Distribution Policy and the dividend distribution rate may be terminated or modified at any time. The Fund intends to pay a level quarterly amount in each of the first three quarters of the calendar year and increase, if necessary, the amount payable for the fourth quarter to an amount expected to satisfy the minimum distribution requirements of the Internal Revenue Code of 1986, as amended (the "Code"), or as necessary to distribute long-term capital gains in a manner consistent with the requirements of the 1940 Act, as amended, whichever is greater. Each quarter the Board of Directors will review the amount of any potential dividend distribution and the income, capital gains and capital available. A portion of the dividend distribution may be treated as ordinary income (derived from short-term capital gains) and qualifying dividend income for individuals. If the Fund does not generate earnings from dividends, interest and net realized capital gains equal to or in excess of the aggregate dividend distributions paid by the Fund for the year, then the amount distributed in excess of the Fund's investment income and net realized capital gains may be deemed a tax return of capital. The final determination of the source of all dividend distributions will be made after year-end. The Distribution Policy may, under certain circumstances, have certain adverse consequences to the Fund and its shareholder because it may result in a return of capital resulting in less of a shareholder's assets being invested in the Fund and, over time, increase the Fund's expense ratio. The Distribution Policy also may cause the Fund to sell a security at a time it would not otherwise do so in order to manage the distribution of income and/or gains.

Edgar Filing: SunAmerica Focused Alpha Growth Fund, Inc. - Form N-CSR

The Fund intends to comply with the requirements of the Code, applicable to regulated investment companies and distribute all of their taxable income, including any net realized gain on investments, to its shareholders. Therefore, no federal tax provisions are required.

On July 13, 2006, the Financial Accounting Standards Board ("FASB") released FASB Interpretation No. 48 "Accounting for Uncertainty in Income Taxes" ("FIN 48"). FIN 48 provides guidance for how uncertain tax positions should be

10

SUNAMERICA FOCUSED ALPHA GROWTH FUND, INC.

NOTES TO FINANCIAL STATEMENTS -- DECEMBER 31, 2006 -- (CONTINUED)

recognized, measured, presented and disclosed in the financial statements. FIN 48 requires the evaluation of tax positions taken or expected to be taken in the course of preparing the fund's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Adoption of FIN 48 is required for fiscal years beginning after December 15, 2006 and is to be applied to all open tax years as of the effective date. However, Registered Investment Companies are not required to implement FIN 48 until their last net asset value calculation in the first required financial statement reporting period for fiscal years beginning after December 15, 2006. At this time, management is evaluating the implications of FIN 48 and its impact in the financial statements, if any, has not yet been determined.

In September 2006, the FASB issued Statement on Financial Accounting Standards No. 157, "Fair Value Measurements" ("FAS 157"). This standard clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value and requires additional disclosures about the use of fair value measurements. FAS 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007 and interim periods within those fiscal years. As of December 31, 2006, the Fund does not believe the adoption of FAS 157 will impact the amounts reported in the financial statements, however, additional disclosures will be required about the inputs used to develop the measurements of fair value.

FOREIGN CURRENCY TRANSLATION: The books and records of the Fund are maintained in U.S. dollars. Assets and liabilities denominated in foreign currencies and commitments under forward foreign currency contracts are translated into U.S. dollars based on the exchange rate of such currencies against U.S. dollars on the date of the valuation. The Fund does not isolate that portion of the results of operations arising as a result of changes in the foreign exchange rates from the changes in the market prices of securities held at the end of the year. Similarly, the Fund does not isolate the effect of changes in foreign exchange rates from the changes in the market prices of Fund securities sold during the year.

Change in unrealized foreign exchange gains and losses on other assets and liabilities located in the Statement of Operations include foreign exchange gains and losses from currency gains or losses between the trade and settlement dates of securities transactions, the difference between the amounts of interest, dividends and foreign withholding taxes recorded on a Fund's books and the U.S. dollar equivalent amounts actually received or paid and changes in the unrealized foreign exchange gains and losses relating to other assets and liabilities arising as a result of changes in

Edgar Filing: SunAmerica Focused Alpha Growth Fund, Inc. - Form N-CSR

the exchange rate.

Note 3. Investment Advisory and Management Agreement

Pursuant to its Investment Advisory and Management Agreement ("Advisory Agreement") with the Fund, AIG SunAmerica manages the affairs of the Fund, and selects, supervises and compensates the Subadvisers to manage the Fund's assets. AIG SunAmerica monitors the compliance of the Subadvisers with the investment objective and related policies of the Fund, reviews the performance of the Subadvisers, and reports periodically on such performance to the Directors. Pursuant to the Advisory Agreement, the Fund will pay AIG SunAmerica a monthly fee at the annual rate of 1.00% of the average daily total assets of the Fund.

AIG SunAmerica has engaged Marsico Capital Management, LLC ("Marsico"), a wholly-owned subsidiary of Bank of America, and BAMCO, Inc. ("Baron"), a wholly-owned subsidiary of Baron Capital Group, Inc., as Subadvisers to the Fund to manage the investment and reinvestment of the Fund's assets. Pursuant to the subadvisory agreements ("Subadvisory Agreements") among AIG SunAmerica, the Fund and Marsico and Baron, respectively, Marsico and Baron select the investments made by the Fund. Marsico will manage the large-cap portion of the Fund and is entitled to receive a fee at the annual rate of 0.40% of the Fund's average daily total assets allocated to Marsico. Baron will manage the small- and mid-cap portion of the Fund and is entitled to receive a fee at the annual rate of 0.60% of the Fund's average daily total assets allocated to Baron. Each Subadviser is paid by AIG SunAmerica and not the Fund.

AIG SunAmerica will provide the Fund with administrative services, regulatory reporting, all necessary office space, equipment, personnel and facilities for handling the affairs of the Fund. AIG SunAmerica's administrative services include recordkeeping, supervising the activities of the Fund's custodian and transfer agent, providing assistance in connection with the Directors' and shareholders' meetings and other administrative services necessary to conduct the Fund's affairs. For its services as administrator, AIG SunAmerica is paid a monthly fee at the annual rate of 0.04% of the Fund's average daily total assets.

Note 9. Other Information

On February 9, 2006, AIG, the parent company and an affiliated person of AIG SunAmerica, announced that it had consented to the settlement of an injunctive action instituted by the Securities and Exchange Commission ("SEC"). In its complaint, the SEC alleged that AIG violated Section 17(a) of the Securities Act of 1933, as amended, Sections 10(b), 13(a), 13(b)(2) and 13(b)(5) of the Securities Exchange Act of 1934, as amended, and Rules 10b-5, 12b-20, 13a-1 and 13b2-1 promulgated thereunder, in connection with AIG's accounting and public reporting practices. The conduct described in the complaint did not involve any conduct of AIG or its subsidiaries related to their investment advisory or distribution activities with respect to the assets of the Fund.

AIG, without admitting or denying the allegations in the complaint (except as to jurisdiction), consented to the entry of an injunction against further violations of the statutes referred to above. Absent exemptive relief granted by the SEC, the entry of such an injunction would prohibit AIG and its affiliated persons from, among other things, serving as an investment adviser of any registered investment management company or principal underwriter for any registered open-end investment company pursuant to Section 9(a) of the 1940 Act. Certain affiliated persons of AIG, including the Adviser, received a temporary order from the SEC pursuant to Section 9(c) of the 1940 Act with respect to the entry of the injunction, granting exemptive relief from the provisions of Section 9(a) of the 1940 Act. The temporary order permits AIG and its affiliated persons, including AIG's

Edgar Filing: SunAmerica Focused Alpha Growth Fund, Inc. - Form N-CSR

investment management subsidiaries, to serve as investment adviser or sponsor of the Fund. The Adviser expects that a permanent exemptive order will be granted, although there is no assurance the SEC will issue the order.

Additionally, AIG and its subsidiaries reached a resolution of claims and matters under investigation with the United States Department of Justice ("DOJ"), the Attorney General of the State of New York ("NYAG") and the New York State Department of Insurance ("DOI"), regarding accounting, financial reporting and insurance brokerage practices of AIG and its subsidiaries, as well as claims relating to the underpayment of certain workers compensation premium taxes and other assessments.

SUNAMERICA FOCUSED ALPHA GROWTH FUND, INC.

NOTES TO FINANCIAL STATEMENTS -- DECEMBER 31, 2006 -- (CONTINUED)

As a result of the settlements with the SEC, the DOJ, the NYAG and the DOI, AIG will make payments totaling approximately \$1.64 billion. In addition, as part of its settlements, AIG has agreed to retain for a period of three years an Independent Consultant who will conduct a review that will include the adequacy of AIG's internal controls over financial reporting and the remediation plan that AIG has implemented as a result of its own internal review.

Subject to receipt of permanent relief, the Adviser believes that the settlements are not likely to have a material adverse effect on its ability to perform investment advisory services relating to the Fund.

APPROVAL OF ADVISORY AGREEMENT -- DECEMBER 31, 2006 -- (UNAUDITED)

APPROVAL OF THE INVESTMENT ADVISORY AND MANAGEMENT AGREEMENT AND SUBADVISORY AGREEMENTS

The Directors, including the Directors that are not interested persons of the Fund or AIG SunAmerica and the subadvisers listed below, within the meaning of the 1940 Act (the "Disinterested Directors"), approved the continuation of the Advisory Agreement between the Fund and AIG SunAmerica for a one-year period ending August 31, 2007, at a meeting held on August 29, 2006. At this same meeting, the Board also approved the continuation of the Subadvisory Agreements among the Fund, AIG SunAmerica and Marsico and among the Fund, AIG SunAmerica and Baron, (Marsico and Baron are referred to herein each as a "Subadviser" and collectively, the "Subadvisers"), for a one-year period ending August 31, 2007.

In accordance with Section 15(c) of the 1940 Act, the Board requested and the Adviser provided materials relating to the Board's consideration of whether to approve the continuation of the Advisory Agreement and Subadvisory Agreements. In determining whether to approve the continuation of the Advisory Agreement and Subadvisory Agreements, the Board, including the Disinterested Directors, considered the following information:

NATURE, EXTENT AND QUALITY OF SERVICES PROVIDED BY THE ADVISER AND SUBADVISERS

The Board, including the Disinterested Directors, considered the nature, quality and extent of services to be provided by AIG SunAmerica and the Subadvisers. The Board noted that the services include acting as investment manager and adviser to the Fund, managing the daily business affairs of the Fund, and obtaining and evaluating economic, statistical and financial information to formulate and implement investment policies. Additionally, the Board observed that AIG SunAmerica provides office space, accounting, legal, compliance, clerical and administrative services (exclusive of, and in addition to, overseeing any such service provided by any others retained by the Fund, including the Subadviser), and has authorized any of its officers and employees, if elected, to serve as officers or directors of the Fund without compensation. Finally, the Board noted that AIG SunAmerica is responsible for monitoring and reviewing the activities of affiliated and unaffiliated third-party service providers, including the Subadviser.

In connection with the services provided by AIG SunAmerica, the Board analyzed the structure and duties of AIG SunAmerica's fund administration, accounting, legal and compliance departments and concluded that they were adequate to meet the needs of the Fund. The Board further noted that AIG SunAmerica provides and compensates a Chief Compliance Officer for the Fund and reviewed information concerning AIG SunAmerica's compliance staff. The Board also reviewed the

Edgar Filing: SunAmerica Focused Alpha Growth Fund, Inc. - Form N-CSR

personnel responsible for providing advisory services to the Fund, and the level and process of monitoring the portfolio managers, and concluded, based on their experience and interaction with the Adviser, that (i) the Adviser was able to retain quality portfolio managers and other personnel; (ii) the Adviser exhibited a high level of diligence and attention to detail in carrying out its advisory responsibilities under the Advisory Agreement; (iii) the Adviser was responsive to requests of the Board; and (iv) the Adviser had kept the Board apprised of developments relating to the Fund and the industry in general. The Board concluded that the nature and extent of services provided under the Advisory Agreement were reasonable and appropriate in relation to the management fee and that the quality of services continues to be high.

The Board also considered AIG SunAmerica's reputation and long-standing relationship with the Fund and considered the benefit to shareholders of investing in a fund that is part of a family of funds offering a variety of types of mutual fund and shareholder services. The Board considered AIG SunAmerica's experience in providing management and investment advisory and administrative services to advisory clients, including approximately 154 registered mutual funds and the fact that as of June 30, 2006 AIG SunAmerica managed, advised an/or administered approximately \$44.7 billion of assets.

With respect to the subadvisory services provided by Marsico and Baron, the Board also considered the nature, quality and extent of services. The Board observed that each Subadviser is responsible for providing investment management services, including investment research, advice and supervision, and determining which securities will be purchased or sold by the Fund. The Board reviewed each Subadviser's history, structure, size, visibility and resources, which are needed

16

SUNAMERICA FOCUSED ALPHA GROWTH FUND, INC.

APPROVAL OF ADVISORY AGREEMENT -- DECEMBER 31,
2006 -- (UNAUDITED) -- (CONTINUED)

to attract and retain highly qualified investment professionals. The Board reviewed the personnel responsible for providing subadvisory services to the Fund and concluded, based on their experience with each Subadviser, that Marisco and Baron (i) were able to retain high quality portfolio managers and other investment personnel; (ii) exhibited a high level of diligence and attention to detail in carrying out its responsibilities under the Subadvisory Agreement; and (iii) were responsive to requests of the Board and of AIG SunAmerica. With respect to the administrative services provided by the Subadvisers, the Board considered that each provides general marketing assistance and has developed internal policies and procedures for monitoring compliance with the investment objectives, policies and restrictions of the Fund as set forth in the Fund's prospectus. The Board concluded that the nature and extent of services provided by the Subadvisers under the Subadvisory Agreement were reasonable and appropriate in relation to the subadvisory fee and that the quality of services continues to be high.

The Board also considered AIG SunAmerica's and the Subadvisers' compliance and regulatory history, and noted that neither AIG SunAmerica, Marsico nor Baron had been the target of any regulatory actions or investigations that could potentially affect its ability to provide investment management and advisory services to the Fund.

INVESTMENT PERFORMANCE OF THE FUNDS AND THE ADVISER AND SUBADVISERS

Edgar Filing: SunAmerica Focused Alpha Growth Fund, Inc. - Form N-CSR

The Board also reviewed and considered the performance of the Fund. In preparation for the August 29, 2006 meeting, the Board was provided with reports independently prepared by Lipper, Inc. ("Lipper"). In connection with its review, the Board received and reviewed information regarding the investment performance of the Fund as compared to the Fund's peer group ("Peer Group") and peer universe ("Peer Universe"), as determined by Lipper, and to an appropriate index or combination of indices. The Board also noted that it regularly reviews the performance of the Fund periodically throughout the year.

Based on the Lipper reports, the Board reviewed the Fund's annualized total return, since the Fund's inception in July 2005. The Board considered that the Fund ranked in the first quintile of its peer group since its inception. The Board further considered that Marsico's performance had recently improved and had ranked in the first quartile of its category as determined by Morningstar, Inc. ("Morningstar") for the fiscal quarter ended June 30, 2006. The Board also considered that Baron's performance had ranked in the first quartile of its category as determined by Morningstar for each of the three fiscal-quarters ended June 30, 2006.

In considering AIG SunAmerica's performance as investment adviser, the Board was provided with a presentation that compared the present and historical staffing levels and annual budget of the Investments Department. In considering the performance of AIG SunAmerica and the Subadvisers, the Board did not rely upon comparisons of AIG SunAmerica's the Subadvisers' performance with respect to its other advisory clients.

CONSIDERATION OF THE MANAGEMENT FEE AND SUBADVISORY FEE AND THE COST OF THE SERVICES AND PROFITS REALIZED BY THE INVESTMENT ADVISER, SUBADVISER AND THEIR AFFILIATES FROM THE RELATIONSHIP WITH THE FUND

The Board, including the Disinterested Directors, received and reviewed information regarding the fees paid by the Fund to AIG SunAmerica for investment advisory and management services and the fees paid by AIG SunAmerica to the Subadvisers pursuant to the Subadvisory Agreements. The Board examined this information in order to determine the reasonableness of the fees in light of the nature and quality of services provided and any potential additional benefits received by AIG SunAmerica, the Subadvisers or their affiliates in connection with providing such services to the Fund.

To assist in analyzing the reasonableness of the fees, the Board received reports prepared independently by Lipper. The reports showed comparative fee information of the Fund's Peer Group and Peer Universe, including rankings within the

17

SUNAMERICA FOCUSED ALPHA GROWTH FUND, INC.

APPROVAL OF ADVISORY AGREEMENT -- DECEMBER 31,
2006 -- (UNAUDITED) -- (CONTINUED)

categories. In considering the reasonableness of the management fee, the Board reviewed a number of expense comparisons, including: (i) contractual advisory and subadvisory fees; and (ii) actual total operating expenses. The Board also received information on fees charged by the Subadvisers for management of funds similar to the Fund. This information assisted the Board in considering what other clients pay the Subadvisers for similar services. The Board did not rely upon comparisons of the fees earned by AIG SunAmerica with respect to other investment advisory contracts. In considering the Fund's total operating expenses, the Board compared the Fund's net expense ratios to those of other

Edgar Filing: SunAmerica Focused Alpha Growth Fund, Inc. - Form N-CSR

funds within the Fund's Peer Group and Peer Universe as a guide to help assess the reasonableness of the Fund's management fee. The Board acknowledged that it was difficult to make precise comparisons with other funds in the Peer Group since the exact nature of services provided under the Peer Group's fund agreements is often not apparent. The Board noted that the Peer Group fee information as a whole was useful in assessing whether the Adviser was providing services at a cost that was competitive with other, similar funds.

In considering the subadvisory fees, the Board, including the Disinterested Directors, considered that the Fund pays a fee to AIG SunAmerica pursuant to the Advisory Agreement, and that, in turn, AIG SunAmerica and not the Fund, pays a fee to each Subadviser. Therefore, the Board considered the amount of the advisory fee retained by AIG SunAmerica and the fee paid to each Subadviser in connection with the services provided.

The Board also considered AIG SunAmerica's profitability and the benefits AIG SunAmerica and its affiliates received from its relationship with the Fund. The Board reviewed financial statements relating to AIG SunAmerica's profitability and financial condition with respect to the services it provided the Fund and considered how profit margins could affect AIG SunAmerica's ability to attract and retain high quality investment professionals. The Board was also provided with a profitability analysis that detailed the revenues earned and the expenses incurred on a fund by fund basis by AIG SunAmerica and its affiliates in providing services to the Fund. Based on this information, the Board considered the revenues received by AIG SunAmerica under the Advisory Agreement and the Administrative Services Agreement. Additionally, the Board reviewed each Subadviser's financial statements and considered whether each Subadviser had the financial resources necessary to attract and retain high quality investment management personnel, continue to perform its obligations under the respective Subadvisory Agreement and to continue to provide the high quality of services that it had provided the Fund to date.

With respect to indirect costs and benefits, the Board considered that (1) any indirect costs incurred by AIG SunAmerica in connection with rendering investment advisory services to the Fund are inconsequential based on management's judgment on the analysis of the adequacy of the advisory fees, and (2) any collateral benefits derived as a result of providing advisory services to the Fund are de minimis according to management and do not impact upon the reasonableness of the advisory fee. The Board did, however, consider the reputational value to AIG SunAmerica from serving as investment adviser.

The Board concluded that AIG SunAmerica had the financial resources necessary to perform its obligations under the Advisory Agreement and to continue to provide the high quality of services that it had provided the Fund to date and that the profitability of the Adviser and its affiliates as a result of their relationships with the Fund was reasonable. The Board also concluded that the level of the management fee was reasonable in light of the factors discussed above.

ECONOMIES OF SCALE

The Board, including the Disinterested Directors, considered whether the Fund has benefited from economies of scale and whether there is potential for future realization of economies with respect to the Fund. The Board considered that the funds in the AIG SunAmerica complex share common resources and as a result, an increase in the overall size of the complex could permit each fund to incur lower expenses than they otherwise would achieve as stand-alone entities. The Board also considered the anticipated efficiencies in the processes of AIG SunAmerica as it adds labor and capital to expand the scale of operations. The Board also discussed with AIG SunAmerica whether economies of scale would be realized by it in its management of the Fund at higher asset levels. The Board determined that they were unable to assess at this time whether

SUNAMERICA FOCUSED ALPHA GROWTH FUND, INC.

APPROVAL OF ADVISORY AGREEMENT -- DECEMBER 31,
2006 -- (UNAUDITED) -- (CONTINUED)

economies of scale would be realized if the Fund was to experience significant asset growth (i.e., by virtue of an increase in net asset value and not new subscriptions), however, the Board concluded that the management fee structure was reasonable and that no changes were currently necessary to further reflect economies of scale. The Board noted that it will continue to review fees in connection with contract renewals, including whether the imposition of breakpoints and expense caps would be appropriate in the future due to an increase in asset size or otherwise.

OTHER FACTORS

The Board also reviewed the reports from the past year on soft dollar commissions. These reports included information on brokers and total commissions paid for the Fund. The reports also detailed the types of research and services the Subadvisers obtained in connection with soft dollar commissions. The Board also considered the potential benefits the Subadvisers derived from the Fund's soft dollar arrangements whereby brokers provide research to the Subadvisers in return for allocating fund brokerage.

CONCLUSION

After a full and complete discussion, the Board approved the continuation of the Advisory Agreement and Subadvisory Agreements for the Fund, for a one-year period ending August 31, 2007. Based upon their evaluation of all these factors in their totality, the Board, including the Disinterested Directors, was satisfied that the terms of the Advisory Agreement and Subadvisory Agreements were fair and reasonable and in the best interests of the Fund and the Fund's shareholders. In arriving at a decision to approve the continuation of the Advisory Agreement and Subadvisory Agreement, the Board did not identify any single factor or group of factors as all-important or controlling, but considered all factors together. The Disinterested Directors were also assisted by the advice of independent counsel in making this determination.

SUNAMERICA FOCUSED ALPHA GROWTH FUND, INC.

DIVIDEND REINVESTMENT AND CASH PURCHASE PLAN -- DECEMBER 31, 2006 -- (UNAUDITED)

The Fund has adopted a Dividend Reinvestment and Cash Purchase Plan (the "Plan"), through which all net investment income dividends and capital gains distributions are paid to Common Stock Shareholders in the form of additional shares of the Fund's Common Stock (plus cash in lieu of any fractional shares which otherwise would have been issuable), unless a Common Stock Shareholder elects to receive cash as provided below. In this way, a Common Stock Shareholder can maintain an undiluted investment in the Fund and still allow the Fund to pay out the required distributable income.

No action is required on the part of a registered Common Stock Shareholder to receive a distribution in shares of Common Stock of the Fund. A registered

Edgar Filing: SunAmerica Focused Alpha Growth Fund, Inc. - Form N-CSR

Common Stock Shareholder may elect to receive an entire distribution in cash by notifying Computershare Trust Co., N.A. ("Computershare"), P.O. Box 43010 Providence, RI 02940-3010, the Plan Agent and the Fund's transfer agent and registrar, in writing so that such notice is received by Computershare no later than 10 days prior to the record date for distributions to Common Stock Shareholders. Computershare will set up an account for shares acquired through the Plan for each Common Stock Shareholder who has not elected to receive distributions in cash ("Participant") and hold such shares in non-certificated form.

Those Common Stock Shareholders whose shares are held by a broker or other financial intermediary may receive distributions in cash by notifying their broker or other financial intermediary.

Computershare will set up an account for shares acquired pursuant to the Plan for Participants who have not so elected to receive dividends and distributions in cash. The shares of Common Stock will be acquired by the Plan Agent for the Participants' accounts, depending upon the circumstances described below, either (i) through receipt of additional unissued but authorized shares of Common Stock from the Fund ("Additional Common Stock") or (ii) by purchase of outstanding shares of Common Stock on the open market on the New York Stock Exchange or elsewhere. If on the payment date for a dividend or distribution, the net asset value per share of Common Stock is equal to or less than the market price per share of Common Stock plus estimated brokerage commissions, Computershare shall receive Additional Common Stock, including fractions, from the Fund for each Participant's account. The number of shares of Additional Common Stock to be credited shall be determined by dividing the dollar amount of the dividend or distribution by the greater of (i) the net asset value per share of Common Stock on the payment date, or (ii) 95% of the market price per share of the Common Stock on the payment date. If the net asset value per share of Common Stock exceeds the market price plus estimated brokerage commissions on the payment date for a dividend or distribution, Computershare (or a broker-dealer selected by Computershare) shall endeavor to apply the amount of such dividend or distribution on each Participant's shares of Common Stock to purchase shares of Common Stock on the open market. Such purchases will be made on or shortly after the payment date for such dividend or distribution but in no event will purchases be made on or after the ex-dividend date for the next dividend or distribution. The weighted average price (including brokerage commissions) of all shares of Common Stock purchased by Computershare shall be the price per share of Common Stock allocable to each Participant. If, before Computershare has completed its purchases, the market price plus estimated brokerage commissions exceeds the net asset value of the shares of Common Stock as of the payment date, the purchase price paid by Computershare may exceed the net asset value of the Common Stock, resulting in the acquisition of fewer shares of Common Stock than if such dividend or distribution had been paid in shares of Common Stock issued by the Fund. Participants should note that they will not be able to instruct Computershare to purchase shares of Common Stock at a specific time or at a specific price.

2006 -- (UNAUDITED) -- (CONTINUED)

Fund as a result of distributions payable in stock. If a Participant elects by written notice to Computershare to have Computershare sell part or all of the shares held by Computershare in the Participant's account and remit the proceeds to the Participant, Computershare is authorized to deduct a \$2.50 transaction fee plus brokerage commissions from the proceeds.

Common Stock Shareholders who receive distributions in the form of stock are subject to the same Federal, state and local tax consequences as are Common Stock Shareholders who elect to receive their distributions in cash. Item 6. Schedule of Investments.

Included in Item 1 to the Form.

Item 7. Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies.

PROXY VOTING POLICIES AND PROCEDURES

Proxy Voting Responsibility. The Fund and the Underlying Funds have adopted policies and procedures for the voting of proxies relating to portfolio securities. The policies and procedures were drafted according to recommendations by a proxy voting committee composed of senior management of the Fund and the Fund's investment adviser. (i.e., representatives from the investment, legal and compliance departments). The policies and procedures enable the Fund to vote proxies in a manner consistent with the best interests of the Fund's shareholders.

The Fund has retained a proxy voting service, Institutional Shareholder Services ("ISS"), to effect votes on behalf of the Fund according to the Fund's policies and procedures, and to assist the Fund with certain responsibilities including record keeping of proxy votes.

Company Management Recommendations. When determining whether to invest in the securities of a particular company, one of the key factors a portfolio manager considers is the quality and depth of the company's management. In holding portfolio securities, the Fund and/or Underlying Funds are seeking to maximize the investment value for shareholders, but not necessarily exercise control over the issuers of portfolio securities or otherwise advance a particular social agenda. The Fund's policies and procedures therefore provide that the Fund will generally vote in support of management recommendations on

Edgar Filing: SunAmerica Focused Alpha Growth Fund, Inc. - Form N-CSR

most corporate matters. When a Corporation's portfolio manager is dissatisfied with a company's management, the Fund typically will sell the holding.

Case-By-Case Voting Matters. The policies and procedures identify certain voting matters that will be decided on a case-by-case basis. In these circumstances, the proxy voting committee generally will rely on the guidance or a recommendation from ISS, but may also rely on other appropriate personnel of the investment adviser (or "AIG SunAmerica" or the "Adviser") and/or the subadviser of a Portfolio and/or Underlying Fund, or other sources. In these instances, such person(s) will recommend the vote that will maximize value for, and is in the best interests of, the Fund's shareholders.

Examples of the Fund's Positions on Voting Matters. Consistent with the approaches described above, the following are examples of the Fund's voting positions on specific matters:

- Vote with management recommendations on most corporate matters;
- Vote on a case-by-case basis on proposals to increase authorized common stock;
- Vote on a case-by-case basis on most mutual fund matters;
- Vote against the authorization of preferred stock with unspecified voting, conversion, dividend distribution and other rights ("blank check" preferred stock);
- Vote on a case-by-case basis regarding finance, merger and acquisition matters;
- Abstain from voting on social responsibility or environmental matters, unless the fund's objective is directly related to the social or environmental matter in question;(1)
- Not vote proxies for index funds/portfolios and passively managed funds/portfolios;(2)
- Not vote proxies for securities that are out on loan(3) Vote on a case-by-case basis on equity compensation plans.

Conflicts of Interest. Members of the proxy voting committee will resolve conflicts of interest presented by a proxy vote. In practice, application of the Fund's proxy voting policies guidelines will in most instances adequately address any possible conflicts of interest, as votes generally are effected according to the guidelines or recommendations of the independent proxy voting agent. Also, the proxy committee consists of members who are not involved in marketing or other business units that may be likely to present conflicts.

However, if a situation arises where a vote presents a conflict between the interests of the Trust's shareholders and the interests of AIG SunAmerica, the Trust's principal underwriter, or one of AIG SunAmerica's or the underwriter's affiliates, and the conflict is known to the Trust, senior management of the Trust and AIG SunAmerica, including the proxy voting committee, and possibly one or more Trustee(s) who are not interested persons, as the term is defined in the 1940 Act will be consulted. Any individual with a known conflict may be required by the proxy voting committee to recuse himself or herself from being involved in the proxy voting decision. Senior management, including the proxy voting committee, will evaluate the situation and ensure that the Trust selects the vote that is in the best interests of the Trust's shareholders.

Edgar Filing: SunAmerica Focused Alpha Growth Fund, Inc. - Form N-CSR

Proxy Voting Records. The independent Proxy Voting agent will be responsible for documenting its basis for any determination to vote in a non-uniform or contrary manner, as well as, for ensuring the maintenance of records for each proxy vote cast on behalf of the Trust. Pursuant to SEC requirements, beginning in August of 2004, on an annual basis the Trust makes available on its website its proxy voting record for the one-year period ending on June 30th. The proxy voting record will also be available on the SEC's website at <http://www.sec.gov>.

- (1) In these circumstances, the Fund will consider the effect that the vote's outcome may have on the issuing company and the value of its securities as part of the Fund's overall investment evaluation of whether to retain or sell the company's securities. The Fund will either retain or sell the securities according to the best interests of the Fund's shareholders.
- (2) The Board of the Trustees has determined that the costs of voting proxies for index and passively managed funds will generally outweigh any benefits that may be achieved by voting such proxies because the outcome will not directly affect whether the fund retains a particular security. That is, the fund will retain or sell a particular security based on objective, rather than subjective, criteria. For example, in the case of an index fund, the fund will make a determination to retain or sell a security based on whether the index retains or deletes the security.
- (3) Similarly, the Board has determined that the costs of voting proxies with respect to securities that are out on loan generally outweigh any benefits that may be achieved by the voting of such proxies. The costs of voting such proxies include the opportunity cost of lost securities lending income when securities are recalled from a loan. However, under certain circumstances, including where the investment adviser and/or subadviser to a Fund determines that a proxy vote is materially important to the Fund's interest and where it is feasible to recall the security on a timely basis, the investment adviser will use its reasonable efforts to recall the security.

Item 8. Portfolio Managers of Closed-End Management Investment Companies.

BAMCO, Inc. ("BAMCO") and Marsico Capital Management, LLC ("Marsico") are the subadvisers to the registrant. Thomas F. Marsico is the portfolio manager for Marsico and is primarily responsible for the day-to-day management of the large-cap portion of the registrant's assets. Ronald Baron is the portfolio manager for BAMCO and is primarily responsible for the day-to-day management of the small-cap and mid-cap portion of the registrant's assets.

Mr. Marsico is the Chief Investment Officer of Marsico. Mr. Marsico has over 20 years of experience as a securities analyst and a portfolio manager. Prior to forming Marsico, Mr. Marsico served as the portfolio manager of the Janus Twenty Fund from January 31, 1988 through August 11, 1997 and served in the same capacity for the Janus Growth and Income Fund from May 31, 1991 (the Fund's inception date through August 11, 1997).

Mr. Baron is the founder, Chief Executive Officer and Chairman of Baron Capital Group, Inc. and its subsidiaries. BAMCO, Inc., established in 1987 is one of its subsidiaries. He began to manage money for others on a discretionary basis in 1975. In 1982 he established Baron Capital Inc. He has been portfolio

Edgar Filing: SunAmerica Focused Alpha Growth Fund, Inc. - Form N-CSR

manager of the Baron flagship fund, Baron Asset Fund and of Baron Growth Fund since their inception. Mr. Baron also manages the SunAmerica Focused Small-Cap Growth Portfolio.

OTHER ACCOUNTS MANAGED BY THE PORTFOLIO MANAGERS

The following table indicates the number of other accounts managed by each Portfolio Manager and the total assets in the accounts in each of the following categories as of December 31, 2006: Registered Investment Company ("RIC"), Other Pooled Investment ("OPI"), and Other Accounts ("OA"). For each category, the table also shows the number of accounts and the total assets in the accounts with respect to which the advisory fee is based on account performance.

Name of Investment Adviser	Name of Portfolio Manager	Number of Other Accounts Managed and Total Assets by Account (\$ in millions)			Number of Accounts Which

Marsico Capital Management	Thomas F. Marsico	6 \$34,993.69	4 \$2,261.20	189 \$28,219.01	— —
BAMCO Inc.	Ronald Baron	9 \$12,847	5 \$198	48 \$531	— —

POTENTIAL CONFLICTS OF INTEREST

As shown in the tables above, the portfolio managers are responsible for managing other accounts for other clients, ("Other Client Accounts") in addition to the Fund. In certain instances, conflicts may arise in their management of the Fund and such Other Client Accounts. The portfolio managers aim to conduct their activities in such a manner that permits them to deal fairly with each of their clients on an overall basis in accordance with applicable securities laws and fiduciary obligations. Notwithstanding, transactions, holdings and performance, among others, may vary among the Fund and such Other Client Accounts.

- Trade Allocations. Conflicts may arise between the Fund and Other Client Accounts in the allocation of trades among the Fund and the Other Client Accounts, as the case may be. For example, the Adviser and/or Portfolio Managers may determine that there is a security that is suitable for the Fund as well as for Other Client Accounts that have a similar investment objective. Likewise, a particular security may be bought for one or more clients when one or more other clients are selling that same security, or the Adviser and/or Portfolio Managers may take "short" positions in Other Client Accounts with respect to securities held "long" within the Fund, or vice-versa, which may adversely affect the value of securities held by the Fund. Such ownership or different interests may cause a conflict of interest. The Fund, the Adviser and/or subadvisers have adopted policies,

procedures and/or practices regarding the allocation of trades and brokerage, which address the conflicts associated with managing multiple accounts for multiple clients (including affiliated clients). Subject to cash and security availability and lot size, among other factors, the policies, procedures and/or practices generally require that securities be allocated among the Fund and Other Client Accounts with a similar investment objective in a manner that is fair, equitable and consistent with their fiduciary obligations to each.

- Allocation of Portfolio Managers' Time. The Portfolio Managers' management of the Fund and Other Client Accounts may result in the Portfolio Managers devoting a disproportionate amount of time and attention to the management of the Fund and Other Client Accounts if the Fund and Other Client Accounts have different objectives, benchmarks, time horizons, and fees. Generally, such competing interests for the time and attention of the Portfolio Managers are managed. Although the Adviser does not track the time the Portfolio Managers spends on the Fund or a single Other Client Account, the Adviser and/or subadvisers do periodically assess whether the Portfolio Managers have adequate time and resources to effectively manage all of such Portfolio Managers' accounts. In certain instances, Portfolio Managers may be employed by two or more employers. Where the Portfolio Manager receives greater

compensation, benefits or incentives from one employer over another, the Portfolio Managers may favor one employer over the other (or Other Client Accounts) causing a conflict of interest.

- Personal Trading by Portfolio Managers. The management of personal accounts by a Portfolio Manager may give rise to potential conflicts of interest. While generally, each sub-adviser's Code of Ethics will impose limits on the ability of a Portfolio Manager to trade for his or her personal account, especially where such trading might give rise to a potential conflict of interest, there is no assurance that the Codes of Ethics will eliminate such conflicts.

PORTFOLIO MANAGER COMPENSATION

MARSICO

Marsico's portfolio managers are generally subject to the compensation structure applicable to all Marsico employees. As such, Mr. Marsico's compensation consists of a base salary (reevaluated at least annually), and periodic cash bonuses. Bonuses are typically based on two primary factors: (1) Marsico's overall profitability for the period, and (2) individual achievement and contribution.

Portfolio manager compensation takes into account, among other factors, the overall performance of all accounts for which the manager provides investment advisory services. Portfolio managers do not receive special consideration based on the performance of particular accounts. Exceptional individual efforts are rewarded through greater participation in the bonus pool. Portfolio manager compensation comes solely from Marsico.

Although Marsico may compare account performance with relevant benchmark indices, portfolio manager compensation is not directly tied to achieving any pre-determined or specified level of performance. In order to encourage a

long-term time horizon for managing portfolios, Marsico seeks to evaluate the portfolio manager's individual performance over periods longer than the immediate compensation period. In addition, portfolio managers are compensated based on other criteria, including effectiveness of leadership within Marsico's Investment Team, contributions to Marsico's overall investment performance, discrete securities analysis, and other factors. In addition to his salary and bonus, Mr. Marsico may participate in other Marsico benefits to the same extent and on the same basis as other Marsico employees.

Mr. Baron has an employment agreement in principal. His base compensation includes a fixed salary and a bonus that approximates 42% of his base salary. The bonus could increase if assets managed by Mr. Baron are higher than predetermined levels. The contract is for five years, with automatic one year extensions thereafter. Mr. Baron also has a line of credit from the Firm that must be repaid annually if drawn, and loans for insurance premiums where interest is paid by Mr. Baron annually. The Firm has also agreed to post collateral up to a fixed amount for personal bank loans by Mr. Baron for which the Firm is paid a fee for any amounts guaranteed. The terms of his contract are based on Mr. Baron's role as the Firm's founder, chief executive officer, chief investment officer, and his position as portfolio manager for the majority of the Firm's assets under management. Consideration is given to Mr. Baron's reputation, the long-term performance records of the funds under his management and the profitability of the Firm.
