PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON TUESDAY, APRIL 22, 2003

The Board of Directors of First Community Bancshares, Inc. (the "Corporation") solicits the enclosed proxy for use at the Annual Meeting of Stockholders of the Corporation (the "Annual Meeting"), which will be held on Tuesday, April 22, 2003 at 3:00 p.m. local time at Fincastle Country Club, Bluefield, Virginia, and at any adjournment thereof.

The expenses of the solicitation of the proxies for the meeting, including the cost of preparing, assembling and mailing the notice, proxy statement and return envelopes, the handling and tabulation of proxies received, and charges of brokerage houses and other institutions, nominees or fiduciaries for forwarding such documents to beneficial owners, will be paid by the Corporation. In addition to the mailing of the proxy material, solicitation may be made in person, by telephone or by other means by officers, directors or regular employees of the Corporation.

This Proxy Statement and the proxies solicited hereby are being first sent or delivered to stockholders of the Corporation on or about March 21, 2003.

VOTING

Shares of common stock (par value \$1 per share) ("Common Stock") represented by proxies in the accompanying form, which are properly executed and returned to the Corporation, will be voted at the Annual Meeting in accordance with the stockholder's instructions contained therein. In the absence of contrary instructions, shares represented by such proxies will be voted FOR the election of the nominees as described herein under "Election of Directors" and FOR ratification of the selection of Ernst & Young LLP as independent public auditors for the year ended December 31, 2003. Any stockholder has the power to revoke his proxy at any time before it is voted.

The Board of Directors has fixed March 5, 2003 as the record date for stockholders entitled to notice of and to vote at the Annual Meeting. Shares of Common Stock outstanding on the record date are entitled to be voted at the Annual Meeting and the holders of record will have one vote for each share so

Edgar Filing: FIRST COMMUNITY BANCSHARES INC /NV/ - Form DEF 14A

held in the matters to be voted upon by the stockholders. Shareholders of the Corporation do not have cumulative voting rights.

The presence in person or by proxy of a majority of the shares of the Common Stock entitled to vote is necessary to constitute a quorum at the Annual Meeting. Directors are elected by a plurality of the votes cast with a quorum present. The three persons who receive the greatest number of votes of the holders of Common Stock represented in person or by proxy at the Annual Meeting will be elected directors of the Company. The proposal to ratify the appointment of the independent auditors requires that the number of votes cast in favor of the proposal exceed the number of votes cast against it. Abstentions are considered in determining the presence of a quorum but will not affect the vote required for the election of directors or the ratification of the independent auditors. Under rules of the New York Stock Exchange, all of the proposals for consideration at the Annual Meeting are considered "discretionary" items upon which brokerage firms may vote in their discretion on behalf of their clients if such clients have not furnished voting instructions. Thus, there are no proposals to be considered at the Annual Meeting which are considered "non-discretionary" and for which there will be "broker non-votes."

As of the close of business on March 5, 2003, the outstanding shares of the Corporation consisted of 9,852,891 shares of Common Stock.

The Reporting Persons are required by regulation to furnish the Corporation with copies of all forms they file pursuant to Section 16(a) of the Exchange Act.

Based solely on review of the copies of such forms furnished to the Corporation, or written representations from its officers and directors, the Company believes that during, and with respect to, fiscal 2002, the Company's officers and directors complied in all respects with the reporting requirements promulgated under Section 16(a) of the Exchange Act except for Mr. Modena who filed a late Form 4 in connection with a sale of shares of Common Stock.

REPORT ON EXECUTIVE COMPENSATION

The Board of Directors maintains a Compensation Committee (the "Committee") whose role is the establishment and management of employment terms and the form and levels of compensation paid to the President and Chief Executive Officer ("CEO"). The Committee also periodically reviews the compensation of other executive officers named in the Summary Compensation Table subject to primary salary administration for these officers by the CEO.

Other responsibilities of the Compensation Committee include the development of proposed contractual terms of employment and establishment of a framework for a competitive compensation package for the CEO and long-term compensation programs for all executive officers that adequately reward performance and provide incentives for retention. In carrying out its responsibilities, the Compensation Committee considers: i) the need to retain competent and effective management personnel; ii) competitive terms and levels of compensation relative to other companies of comparable size and operation within the commercial banking industry; iii) past performance of the CEO as measured against predetermined goals and objectives; iv) comparative performance of the CEO as benchmarked against peer groups of comparable commercial banks; and v) the achievement of overall corporate goals.

The Committee establishes current compensation based primarily on review of competitive salary practices by similarly sized banking organizations locally and nationally giving appropriate weight to regional differences in cost of living and contrasting relative performance of the Company and the designated peer group. In performing this analysis, the Committee utilized the Sheshunoff Executive Compensation Survey as well as compensation data from other specifically identified banking peers.

In review of cash compensation of the CEO for the 2002 fiscal year, the committee awarded a 2% cost of living increase which resulted in an increase in base compensation from \$240,000 to \$244,800 annually. This salary adjustment was effective January 1, 2002 and was based on the change in the Consumer Price Index published by the Bureau of Labor Statistics.

In 2002 there were no recommended changes in the employment contract of the CEO. The CEO employment contract is for a three year term and renews annually. The contract provides for salary continuation for a period of 35 months in the event of termination within three years of a change in control of ownership. The contract also provides for salary continuation for a period of 30 months in the event of termination without cause, absent a change in control of ownership.

For 2002 the Committee recommended to the Board of Directors a two-tiered incentive compensation strategy for the CEO based upon the Company meeting specific financial benchmarks and an additional discretionary incentive based upon both the financial and non-financial performance of the Company. The

Edgar Filing: FIRST COMMUNITY BANCSHARES INC /NV/ - Form DEF 14A

actual bonus payment to the CEO in the first quarter of 2002 was \$36,000.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No member of the Compensation Committee of the Board of Directors is a current or former officer or employee of the Corporation. No member of the Committee or executive officer of the Company has a relationship that would constitute an interlocking relationship with executive officers or directors of another entity.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board is responsible for providing independent, objective oversight of the Corporation's accounting functions, financial reporting process and internal controls. The Audit Committee operates under a written charter, which has been revised and approved by the Corporation's Board of Directors to comply with the Sarbanes-Oxley Act of 2002. A copy of the charter is included as Appendix A to this Proxy Statement.

The responsibilities of the Audit Committee include the appointment of an accounting firm to be engaged as the Corporation's independent auditors for the purpose of performing an audit of the Corporation's financial statements and expressing an opinion as to the conformity of such financial statements with accounting principles generally accepted within the United States. Additionally, and as appropriate, the Audit Committee reviews, evaluates, discusses, and consults with management, internal audit personnel and the independent auditors regarding the following:

- o the plan for, and independent auditors' report on, each audit of the Corporation's financial statements
- o the Corporation's financial disclosure documents, including all financial statements and reports sent to shareholders
- o changes in the Corporation's accounting practices, principles, controls or methodologies, or in its financial statements
- o significant developments in accounting rules
- o the adequacy of the Corporation's internal accounting controls, and accounting, financial and auditing personnel
- o the establishment and maintenance of an environment at the

Edgar Filing: FIRST COMMUNITY BANCSHARES INC /NV/ - Form DEF 14A

Corporation that promotes ethical behavior

The Audit Committee Charter incorporates standards set forth in Securities and Exchange Commission regulations and the listing standards of the National Association of Securities Dealers. After appropriate review and discussion, the Audit Committee determined that the Committee fulfilled its responsibilities under the Audit Committee Charter in 2002.

The Audit Committee is responsible for recommending to the Board that the Corporation's financial statements be included in its annual report. The Committee held seven meetings during the fiscal year 2002 and took a number of steps in making the independent auditor recommendation. First, the Audit Committee discussed with its independent auditors those matters the accountant communicated to and discussed with the Audit Committee under applicable auditing standards, including information regarding the scope and results of the audit. These communications and discussions are intended to assist the Audit Committee in overseeing the financial reporting and disclosure process. Second, the Audit Committee discussed the accountant's independence with that firm and received a letter from the accountant concerning independence as required under applicable independence standards for auditors of public companies. This discussion and disclosure informed the Audit Committee of the auditors' independence, and assisted the Audit Committee in evaluating such independence.

10

Finally, the Audit Committee reviewed and discussed, with the Corporation management and the accounting firm, the Corporation's audited consolidated balance sheet at December 31, 2002 and consolidated statement of income, cash flows and stockholders' equity for the year then ended. Based on discussions with the auditors concerning the audit, the independence discussions, and the financial statement review, and such other matters deemed relevant and appropriate by the Audit Committee, the Audit Committee recommended to the Board (and the Board approved) that these financial statements be included in the Corporation's 2002 Annual Report to Shareholders and incorporated by reference to its Annual Report on Form 10-K filed with the Securities and Exchange Commission.

This report shall not be deemed to be incorporated by reference into any filing under the Securities Act or the Exchange Act, unless the Corporation specifically incorporates this report by reference, and shall not otherwise be deemed filed under the Securities Act or the Exchange Act.

STOCK OPTIONS

In 1999, the Company instituted a Stock Option Plan to encourage and facilitate investment in the Common Stock of the Company by key executives and to assist in the long-term retention of service by those executives. The Plan covers key executives as determined by the Company's Board of Directors from time to time. Options under the Plan were granted in the form of non-statutory stock options with the aggregate number of shares of common stock available for grant under the Plan set at 302,500 shares. Total options granted under the Plan at December 31, 2002 represent the right to acquire an aggregate of 289,502 shares. Under the Plan, an optionee is deemed to have been granted options in five annual installments on January 1 of each year beginning January 1, 1999 and continuing through 2003. All stock options granted pursuant to the Plan vest ratably on the first through the seventh anniversary dates of the deemed grant date. The option price of each stock option is equal to the fair market value of the Company's Common Stock on the date of each deemed grant during the five-year grant period. Vested stock options granted pursuant to the Plan are exercisable for a period of five years after the date of the grantee's retirement (provided retirement occurs at or after age 62), disability, or death. If employment is terminated other than by retirement at or after age 62, disability, or death, vested options must be exercised within 90 days after the effective date of termination. Any option not exercised within such period will be deemed cancelled.

In the event of a change of control or upon dissolution of the Corporation, the stock options granted under the Plan continue to vest and are exercisable in accordance with the terms of the original grant. Change of control provisions further provide that any optionee who is terminated without cause by the Corporation, its successor or affiliate during the 12 months preceding, or at any time following a change of control, and any participant who remains employed by the Corporation or any affiliate during the 90-day period following a change of control and thereafter resigns, shall continue to receive grants on the deemed grant dates and vest as if the optionee continued to be employed, and optionee, or his estate, shall be entitled to exercise such options within five years after death or attainment of age 62, whichever first occurs.

Individual Grants in 2002

(1) Plan participants may use previously owned shares to pay for an option's exercise price. Additionally, plan participants may have the Company withhold their shares due upon exercise of an option to satisfy their required tax withholding obligations.

(2) Options expire 5 years after the executive's retirement date, death or disability. In the event of termination other than retirement, death or disability, options must be exercised within 90 days of effective date of termination. If not exercised within that period, options are deemed cancelled. For purposes of this table, retirement age is assumed to

13

be age 62. All executive options vest ratably over the seven year period following the date of deemed grant as described above.

(3) The grant date present value of options was determined using the Black-Scholes model with the following assumptions: risk-free interest rate of 5.15%, dividend yield of 3.20%, expected volatility of the market price of the Company's common stock of 24.5%, and average anticipated time to exercise of 13.77 years.

OPTION EXERCISES IN LAST FISCAL YEAR

The following table sets forth certain information concerning exercises of stock options by the executive officers listed in the Summary Compensation Table during the fiscal year ended December 31, 2002 and options held at December 31, 2002.

- (1) Represents the market value per share of Common Stock at fiscal year-end based on its closing price of \$30.76 at December 31, 2002, minus the exercise price per share of the options outstanding times the number of shares of Common Stock represented by such options.

WRAP PLAN

The Corporation maintains a non-qualified Supplemental 401(k) Plan ("Plan") for the purpose of providing deferred compensation which cannot be accumulated under the Basic Plan provisions above because of deferral and covered compensation limitations on tax-qualified pension plan benefits. The Company makes a non-qualified matching credit on employee contributions at the rate established in the 401(k) Plan (100% in 2002) of up to 6% of compensation deferred and also makes contributions in lieu of basic plan ESOP contributions for compensation in excess of the \$200,000 compensation limit. Contributions under this Plan in 2002 for the covered persons are included in the Summary Compensation Table and are as follows: Mendez -- \$13,800; Buzzo -- \$4,000; Lilly -- \$4,043; and Schumacher -- \$3,078.

EXECUTIVE RETENTION PLAN

In 1999, the Company established an Executive Retention Plan for key members of senior management, including the individuals named in the Summary Compensation Table. This Plan provides for a benefit at normal retirement (age 65) targeted at 15% of final compensation projected at an assumed 3% salary progression rate. Benefits under the Plan become payable at age 62. Actual benefits payable under the Retention Plan are dependent on an indexed retirement benefit formula

14

that accrues benefits equal to the aggregate after-tax income of associated life insurance contracts less the Company's tax-effected cost of funds for that plan year. Benefits under the Plan are dependent on the performance of the insurance contracts and are not guaranteed by the Company.

In connection with the Executive Retention Plan, the Company has also entered into Life Insurance Endorsement Method Split Dollar Agreements (the "Agreements") with the executives covered under the Retention Plan. Under the Agreements, the Company shares 80% of death benefits (after recovery of cash surrender value) with the designated beneficiaries of the executives under life insurance contracts referenced in the Retention Plan. The Company as owner of the policies retains a 20% interest in life proceeds and a 100% interest in the cash surrender value of the policies.

The Retention Plan also contains provisions for change of control, as defined, which allow the executives to retain benefits under the Plan in the event of a termination of service, other than for cause, during the twelve months prior to a change in control or anytime thereafter, unless the executive voluntarily terminates his employment within 90 days following the change in control.

Because the Retention Plan was designed to retain the future services of key executives, no benefits are payable under the Plan in the event of voluntary or involuntary termination prior to retirement age of 62.

DIRECTORS' SUPPLEMENTAL RETIREMENT PLAN

In 2001, the Company established a Directors' Supplemental Retirement Plan for its non-employee Directors. This Plan provides for a benefit upon retirement from service on the Board at specified ages depending upon length of service or death. Benefits under the Plan become payable at age 70, 75 and 78 depending upon the individual director's age and original date of election to the Board. Actual benefits payable under the Plan are dependent on an indexed retirement benefit formula that accrues benefits equal to the aggregate after-tax income of associated life insurance contracts less the Company's tax-effected cost of funds for that plan year. Benefits under the Plan are dependent on the performance of the insurance contracts and are not guaranteed by the Company.

In connection with the Directors' Supplemental Retirement Plan, the Company has also entered into Life Insurance Endorsement Method Split Dollar Agreements (the "Agreements") with certain directors covered under the Plan. Under the Agreements, the Company shares 80% of death benefits (after recovery of cash surrender value) with the designated beneficiaries of the executives under life insurance contracts referenced in the Retention Plan. The Company as owner of the policies retains a 20% interest in life proceeds and a 100% interest in the cash surrender value of the policies.

The Plan also contains provisions for change of control, as defined, which allow the Directors to retain benefits under the Plan in the event of a termination of service, other than for cause, during the twelve months prior to a change in control or anytime thereafter, unless the Director voluntarily terminates his service within 90 days following the change in control.

Because the Plan was designed to retain the future services of Directors, no benefits are payable under the Plan in the event of voluntary or involuntary termination prior to retirement age as defined in the Plan document.

Each director shall be free from any relationship that, in the opinion of the Board of Directors, as evidenced by its annual selection of such Committee members, would interfere with the exercise of independent judgment as a Committee member. Each Committee member shall be able to read and understand financial statements (including the company's balance sheet, income statement and cash flow statement).

B. MISSION STATEMENT AND PRINCIPAL FUNCTIONS

The Committee shall have access to all records of the Company and shall have and may exercise such powers as are appropriate to its purpose. The Committee shall perform the following functions:

- (3) Review the Company's unaudited financial statements and related footnotes and the "Management Discussion and Analysis" portion of the Company's Form 10-Q for each interim quarter and ensure that the independent public accounting firm also reviews the Company's interim financial statements before the Company files its quarterly report on Form 10-Q with the Securities and Exchange Commission (the "SEC".)
- (4) Study the format and timeliness of financial reports presented to the public or used internally and, when indicated, recommend changes for appropriate consideration by management.
- (5) Meet with the Company's legal counsel to review legal matters that may have a significant impact on the Company or its financial reports.

- (6) Ensure that management has been diligent and prudent in establishing accounting provisions for probable losses or doubtful values and in making appropriate disclosures of significant financial conditions or events.

- (8) Review and reassess the adequacy of this Charter annually.

INDEPENDENT ACCOUNTANTS:

- (9) Be directly responsible for the appointment and approval, compensation and oversight of the audit work of an independent public accounting firm employed for the purpose of preparing or issuing an audit report with respect to the Company; such independent public accounting firm shall be duly registered with the Public Accounting Oversight Board following its establishment (all references herein to a registered public accounting firm shall mean an independent public accounting firm prior to the establishment of the Public Accounting Oversight Board and a registered public accounting firm following the establishment of the Public Accounting Oversight Board); and such registered public accounting firm shall be instructed to report directly to the Committee.
- (10) Approve in advance any non-audit service permitted by the Act, including tax services, that its registered public accounting firm renders to the Company, unless such prior approval may be waived because of permitted exceptions under the Act.
- (11) To the extent required by applicable regulations, disclose in periodic reports filed by the Company approval by the Committee of allowable non-audit services to be performed for the Company by the registered public accounting firm performing the Company's audit.
- (12) Delegate to one or more members of the Committee the authority to grant pre-approvals for auditing and allowable non-auditing services, which decision shall be presented to the full Committee at its next scheduled meeting for ratification.
- (13) Receive a timely report from its registered public accounting firm performing the audit of the Company, which details: (1) all critical accounting policies and practices to be used in the audit; (2) all alternate treatment of financial information within generally accepted accounting principles that have been discussed with management officials of the Company, ramifications of the use of such alternative disclosure and the treatment preferred by the registered public accounting firm; and (3) other material written communications between the registered public accounting firm and the management of the Company, including, but not limited to, any management letter or scheduled or unadjusted differences.
- (14) Ensure that the registered public accounting firm submits to
