PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON TUESDAY, APRIL 27, 2004

The Board of Directors of First Community Bancshares, Inc. (the "Corporation") solicits the enclosed proxy for use at the Annual Meeting of Stockholders of the Corporation (the "Annual Meeting"), which will be held on Tuesday, April 27, 2004 at 3:00 p.m. local time at Fincastle Country Club, Bluefield, Virginia, and at any adjournment thereof.

The expenses of the solicitation of the proxies for the Annual Meeting, including the cost of preparing, assembling and mailing the notice, proxy statement and return envelopes, the handling and tabulation of proxies received, and charges of brokerage houses and other institutions, nominees or fiduciaries for forwarding such documents to beneficial owners, will be paid by the Corporation. In addition to the mailing of the proxy material, solicitation may be made in person, by telephone or by other means by officers, directors or regular employees of the Corporation.

This Proxy Statement and the proxies solicited hereby are being first sent or delivered to stockholders of the Corporation on or about March 20, 2004.

VOTING

Shares of common stock (par value \$1 per share) ("Common Stock") represented by proxies in the accompanying form, which are properly executed and returned to the Corporation, will be voted at the Annual Meeting in accordance with the stockholder's instructions contained therein. In the absence of contrary instructions, shares represented by such proxies will be voted FOR the election of the nominees as described herein under "Election of Directors," FOR the 2004 Omnibus Stock Option Plan and FOR ratification of the selection of Ernst & Young LLP as independent public auditors for the year ended December 31, 2004.

Any stockholder has the power to revoke his proxy at any time before it is voted. A proxy may be revoked at any time prior to its exercise by the filing of written notice of revocation with the secretary of the Corporation, by delivering to the Corporation a duly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person. However, if you are a stockholder whose shares are not registered in your own name, you will need additional documentation from your recordholder to vote personally at the Annual Meeting.

The Board of Directors has fixed March 9, 2004 as the record date for stockholders entitled to notice of and to vote at the Annual Meeting. Shares of Common Stock outstanding on the record date are entitled to be voted at the Annual Meeting and the holders of record will have one vote for each share so held in the matters to be voted upon by the stockholders. Shareholders of the Corporation do not have cumulative voting rights.

The presence in person or by proxy of a majority of the shares of the Common Stock entitled to vote is necessary to constitute a quorum at the Annual Meeting. Directors are elected by a plurality of the votes cast with a quorum present. The three persons who receive the greatest number of votes of the holders of Common Stock represented in person or by proxy at the Annual Meeting will be elected directors of the Corporation. The proposal to ratify the 2004 Omnibus Stock Option Plan requires that the number of votes cast in favor of the proposal exceed the number of votes cast against it. The proposal to ratify the appointment of the independent auditors requires that the number of votes cast in favor of the proposal exceed the number of votes cast against it. Abstentions are considered in determining the presence of a quorum but will not affect the

Edgar Filing: FIRST COMMUNITY BANCSHARES INC /NV/ - Form DEF 14A

vote required for the election of directors or the ratification of the independent auditors. All of the proposals for consideration at the Annual Meeting are considered "discretionary" items upon which brokerage firms may vote in their discretion on behalf of their clients if such clients have not furnished voting instructions; however, under New York Stock Exchange Rule 452 which applies to members of a national securities exchange broker non-votes with respect to an equity compensation plan, such as the 2004 Omnibus Stock Plan, are prohibited. Therefore, brokers will not be able to vote for any stockholders on the proposal to adopt our 2004 Omnibus Stock Plan in the absence of specific instructions from the beneficial owner.

As of the close of business on March 9, 2004, the outstanding shares of the Corporation consisted of 11,242,396 shares of Common Stock.

During 2003, non-employee members of the Board of Directors received a retainer fee of \$700 per month. During 2003, Audit Committee members received a retainer fee of \$1,000 per quarter. Members of the Corporation's Executive Committee also receive a fee of \$250 per meeting unless held in conjunction with monthly board meetings in which case no committee fee is paid. Directors who are employees of the Corporation receive no compensation for service on the Board or its committees.

In addition, non-employee directors of the Corporation participate in the 2001 Directors' Stock Option Plan (the "Directors' Option Plan"). The Directors' Option Plan was implemented to facilitate and encourage investment in the

Edgar Filing: FIRST COMMUNITY BANCSHARES INC /NV/ - Form DEF 14A

Corporation's future growth and continued success. No grants were made under the Director's Option Plan in fiscal 2003. In fiscal 2001, non-employee directors were granted options to purchase 45,000 shares of Common Stock. Considering 10% stock dividends distributed in both 2002 and 2003, as well as certain option exercises, the outstanding options exercisable at December 31, 2003 by non-employee directors were 35,140 shares. The exercise price of each option was the market value of a share of Common Stock on the date of grant adjusted for the aforementioned stock dividends. The options are fully vested and must be exercised within 10 years of grant or two years following the director's retirement, whichever occurs first.

MEETING ATTENDANCE

The Board of Directors held thirteen meetings during 2003. All directors and those nominees, who are currently directors, attended at least 75% of all meetings of the Board and any committee of which they were members. Directors are encouraged to attend annual meetings of the Corporation's stockholders. All of the members of the Board of Directors attended last year's Annual Meeting.

NOMINATING COMMITTEE

The Board of Directors established a Nominating Committee in 2003. The Nominating Committee assumed certain responsibilities formerly delegated to the Executive Committee. The Nominating Committee is comprised of Directors Harvey, Hamner and Modena, all independent directors. The committee operates under a Board approved charter which outlines responsibilities including the review of the composition and qualifications of the Board of Directors, periodic evaluation of the Board and its effectiveness, review of Board membership needs, search, screening and evaluation of director nominees and the evaluation of and response to shareholder proposals regarding board composition and membership when and if presented to the Corporation. A copy of the Nominating Committee Charter is set forth as Annex A hereto.

Nominations to the Board of Directors by stockholders to be considered at the 2005 annual meeting of stockholders shall be made in writing and shall be delivered or mailed to the Corporate Secretary not less than thirty days prior to the 2005 annual meeting. However, in the event that less than thirty days notice of the 2005 annual meeting is given to stockholders, such notice of nomination shall be mailed or delivered to the Corporate Secretary no later than the close of business on the seventh day following the day on which the notice of the meeting was mailed. The notice must set forth the candidate's name, age, business address, residence address, principal occupation or employment, the number of shares beneficially owned by the candidate, qualifications for Board membership and information that would be required to solicit a proxy under federal securities law. In addition, the notice must include the nominating shareholder's name, address, and the number of shares beneficially owned (and the period they have been held).

The Nominating Committee will consider shareholder recommendations for board candidates when the recommendations are properly submitted. Any shareholder recommendations for candidates to be nominated for board service, which are submitted under the criteria summarized above should be addressed to:

Corporate Secretary
First Community Bancshares, Inc.
P.O. Box 989
Bluefield, Virginia 24605-0989

In evaluating and determining whether to recommend a candidate for nomination to a position on the Corporation's Board, the Nominating Committee will consider criteria as established by the Nominating Committee and used to determine a candidate's suitability for board service, which criteria include at a minimum, high professional ethics and values, relevant experience and a commitment to enhancing shareholder value. In evaluating candidates for nomination, the Nominating Committee utilizes a variety of methods. The Corporation regularly assesses the size of the Board, whether any vacancies are expected due to retirement or otherwise, and the need for particular expertise on the Board. Candidates may come to the attention of the Nominating Committee from current Board members, shareholders, professional search firms, officers or other persons. The Nominating Committee will review all candidates in the same manner regardless of the source of the recommendation.

TRANSACTIONS WITH DIRECTORS AND OFFICERS

Edgar Filing: FIRST COMMUNITY BANCSHARES INC /NV/ - Form DEF 14A

Some of the directors and officers of the Corporation and members of their immediate families are at present, as in the past, customers of the Corporation's subsidiary bank, and have had and expect to have transactions with the bank. In addition, some of the directors and officers of the Corporation are, as in the past, also officers of or partners in entities that are customers of the bank and have had and expect to have transactions with the bank. Such transactions were made in the ordinary course of business, were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and did not involve more than normal risk of collectibility or present other unfavorable features.

One of the directors, Mr. Stafford, II, is a practicing attorney with Brewster, Morhous, Cameron, Mullins, Caruth, Moore, Kersey & Stafford, PLLC, a Bluefield, West Virginia law firm which provides general legal services to the Corporation. The Corporation paid that firm \$57,948 for these professional services in 2003.

The Corporation is currently in the process of building a bank facility in Princeton, WV at an estimated cost of \$1.8 million and the general contractor for this project is Fredeking Stafford Construction Company, Inc. The majority owner of Fredeking Stafford Construction Company, Inc. is the son of Mr. Stafford and the brother of Mr. Stafford, II. Fredeking Stafford Construction Company, Inc. provided other general contracting services to the Corporation during 2003, for which the Corporation paid \$62,414. Contracts for the largest of these services were awarded through a competitive bidding process.

The Reporting Persons are required by regulation to furnish the Corporation with copies of all forms they file pursuant to Section 16(a) of the Exchange Act.

Based solely on review of the copies of such forms furnished to the Corporation, or written representations from its officers and directors, the Corporation believes that during, and with respect to, fiscal 2003, the Corporation's officers and directors complied in all respects with the reporting requirements promulgated under Section 16(a) of the Exchange Act except for Mr. Harold V. Groome, Jr. who filed a late Form 3 in connection with his appointment to the Board in June of 2003.

REPORT ON EXECUTIVE COMPENSATION

The Board of Directors maintains a Compensation Committee (the "Committee") whose role is the establishment and management of employment terms and the form and levels of compensation paid to the President and Chief Executive Officer ("CEO"). The Committee also periodically reviews the compensation of other executive officers named in the Summary Compensation Table subject to primary salary administration for these officers by the CEO.

Other responsibilities of the Compensation Committee include the development of proposed contractual terms of employment and establishment of a framework for a competitive compensation package for the CEO and long-term compensation programs for all executive officers that adequately reward performance and provide incentives for retention. In carrying out its responsibilities, the Compensation Committee considers: i) the need to retain competent and effective management personnel; ii) competitive terms and levels of compensation relative to other companies of comparable size and operation within the commercial banking industry; iii) past performance of the CEO as measured against predetermined goals and objectives; iv) comparative performance of the CEO as benchmarked against peer groups of comparable commercial banks; and v) the achievement of overall corporate goals.

The Committee establishes current compensation based primarily on review of competitive salary practices by similarly sized banking organizations locally and nationally giving appropriate weight to regional differences in cost of living and contrasting relative performance of the Corporation and the designated peer group. In performing this analysis, the Committee utilized the Sheshunoff Executive Compensation Survey and the 2003 SNL Executive Compensation Review as well as compensation data from other specifically identified banking peers.

In review of cash compensation of the CEO for the 2003 fiscal year, the committee awarded a merit increase which resulted in a total increase in base compensation from \$244,800 to \$274,800 annually. This salary adjustment was effective January 1, 2003.

In 2003 there were no recommended changes in the employment contract of the CEO. The CEO employment contract is for a three year term and renews annually. The contract provides for salary continuation for a period of 35 months in the event of termination within three years of a change in control of ownership. The contract also provides for salary continuation for a period of 30 months in the event of termination without cause, absent a change in control of ownership

For 2003 the Committee recommended to the Board of Directors a tiered incentive compensation strategy for the CEO based upon the Corporation's ability to meet specific financial benchmarks. The actual bonus payment to the CEO in the first quarter of 2003 was \$125,000.

This report shall not be deemed to be incorporated by reference into any filing under the Securities Act of 1933 (the "Securities Act") or the Exchange Act, unless the Corporation specifically incorporates this report by reference and shall not otherwise be deemed filed under the Securities Act or the Exchange Act.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No member of the Compensation Committee of the Board of Directors is an officer or employee of the Corporation. No member of the Committee or executive officer of the Corporation has a relationship that would constitute an interlocking relationship with executive officers or directors of another entity.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board is responsible for providing independent, objective oversight of the Corporation's accounting functions, financial reporting process and internal controls. The Audit Committee operates under a written charter, which has been revised and approved by the Corporation's Board of Directors to comply with the Sarbanes-Oxley Act of 2002.

The responsibilities of the Audit Committee include the appointment of an accounting firm to be engaged as the Corporation's independent auditors for the purpose of performing an audit of the Corporation's financial statements and expressing an opinion as to the conformity of such financial statements with accounting principles generally accepted within the United States. Additionally, and as appropriate, the Audit Committee reviews, evaluates, discusses, and consults with management, internal audit personnel and the independent auditors regarding the following:

- the plan for, and independent auditors' report on, each audit of the Corporation's financial statements
- the Corporation's financial disclosure documents, including all financial statements and reports sent to shareholders
- changes in the Corporation's accounting practices, principles, controls or methodologies, or in its financial statements
- significant developments in accounting rules
- the adequacy of the Corporation's internal accounting controls, and accounting, financial and auditing personnel
- the establishment and maintenance of an environment at the Corporation that promotes ethical behavior

The Audit Committee Charter incorporates standards set forth in Securities and Exchange Commission regulations and the listing standards of the National Association of Securities Dealers. After appropriate review and discussion, the Audit Committee determined that the Committee fulfilled its responsibilities under the Audit Committee Charter in 2003.

Edgar Filing: FIRST COMMUNITY BANCSHARES INC /NV/ - Form DEF 14A

The Audit Committee is responsible for recommending to the Board that the Corporation's financial statements be included in its annual report. The Committee held ten meetings during the fiscal year 2003 and took a number of steps in making the independent auditor recommendation. First, the Audit Committee discussed with its independent auditors those matters the independent auditor communicated to and discussed with the Audit Committee under applicable auditing standards, including information regarding the scope and results of the audit. These communications and discussions are intended to assist the Audit Committee in overseeing the financial reporting and disclosure process. Second, the Audit Committee discussed the external auditor's independence with that firm and received a letter from the external auditor concerning independence as required under applicable independence standards for auditors of public companies. This discussion and disclosure informed the Audit Committee of the external auditors' independence, and assisted the Audit Committee in evaluating such independence. Finally, the Audit Committee reviewed and discussed, with the Corporation

management and the accounting firm, the Corporation's audited consolidated balance sheet at December 31, 2003 and consolidated statement of income, cash flows and stockholders' equity for the year then ended. Based on discussions with the external auditors concerning the audit, the independence discussions, and the financial statement review, and such other matters deemed relevant and appropriate by the Audit Committee, the Audit Committee recommended to the Board (and the Board approved) that these financial statements be included in the Corporation's 2003 Annual Report to Shareholders and incorporated by reference in its Annual Report on Form 10-K filed with the Securities and Exchange Commission.

This report shall not be deemed to be incorporated by reference into any filing under the Securities Act or the Exchange Act, unless the Corporation specifically incorporates this report by reference, and shall not otherwise be deemed filed under the Securities Act or the Exchange Act.

STOCK OPTIONS

In 1999, the Corporation instituted a Stock Option Plan (the "Plan") to encourage and facilitate investment in the Common Stock of the Corporation by key executives and to assist in the long-term retention of service by those executives. The Plan covers key executives as determined by the Corporation's Board of Directors from time to time. Options under the Plan were granted in the form of non-statutory stock options with the aggregate number of shares of

Edgar Filing: FIRST COMMUNITY BANCSHARES INC /NV/ - Form DEF 14A

common stock available for grant under the Plan set at 332,750 shares. Total options granted under the Plan at December 31, 2003 represent the right to acquire an aggregate of 309,349 shares. Under the Plan, an optionee is deemed to have been granted options in five annual installments on January 1 of each year beginning January 1, 1999 and continued through 2003. All stock options granted pursuant to the Plan vest ratably on the first through the seventh anniversary dates of the deemed grant date. The option price of each stock option is equal to the fair market value of the Corporation's Common Stock on the date of each deemed grant during the five-year grant period. Vested stock options granted pursuant to the Plan are exercisable for a period of five years after the date of the grantee's retirement (provided retirement occurs at or after age 62), disability, or death. If employment is terminated other than by retirement at or after age 62, disability, or death, vested options must be exercised within 90 days after the effective date of termination. Any option not exercised within such period will be deemed cancelled.

In the event of a change of control or upon dissolution of the Corporation, the stock options granted under the Plan continue to vest and are exercisable in accordance with the terms of the original grant. Change of control provisions further provide that any optionee who is terminated without cause by the Corporation, its successor or affiliate during the 12 months preceding, or at any time following a change of control, and any participant who remains employed by the Corporation or any affiliate during the 90-day period following a change of control and thereafter resigns, shall continue to receive grants on the deemed grant dates and vest as if the optionee continued to be employed, and optionee, or his estate, shall be entitled to exercise such options within five years after death or attainment of age 62, whichever first occurs.

In addition, the 2003 acquisition of The Commonwealth Bank added additional stock options on 120,155 shares (124,380 shares adjusted by the merger conversion factor of .9015 and the 10% stock dividend in 2003). These options included awards to employees and directors and were issued by The Commonwealth Bank in 12 grants beginning in 1994 and ending in 2002 with adjusted exercise prices ranging from \$4.75 to \$17.40. These options are fully vested and are exercisable for up to ten years following the grant date. At December 31, 2003, 70,320 options shares were outstanding and exercisable under the former Commonwealth Plan.

- (1) Plan participants may use previously owned shares to pay for an option's exercise price. Additionally, plan participants may have the Corporation withhold their shares due upon exercise of an option to satisfy their required tax withholding obligations.
- (2) Options expire 5 years after the executive's retirement date, death or disability. In the event of termination other than retirement, death or disability, options must be exercised within 90 days of effective date of termination. If not exercised within that period, options are deemed cancelled. For purposes of this table, retirement age is assumed to be age 62. All executive options vest ratably over the seven year period following the date of deemed grant as described above.
- (3) The grant date present value of options was determined using the Black-Scholes model with the following assumptions: risk-free interest rate of 4.03%, dividend yield of 2.96%, expected volatility of the market price of the Corporation's common stock of 22.8%, and average anticipated time to exercise of 11.97 years.

OPTION EXERCISES IN LAST FISCAL YEAR

The following table sets forth certain information concerning exercises of stock options by the executive officers listed in the Summary Compensation Table during the fiscal year ended December 31, 2003 and options held at December 31, 2003.

WRAP PLAN

The Corporation maintains a non-qualified Supplemental 401(k) Plan ("Wrap Plan") for the purpose of providing deferred compensation which cannot be accumulated under the Qualified ESOP/401(k) Combined Plan provisions above because of deferral and covered compensation limitations on tax-qualified pension plan benefits.

Edgar Filing: FIRST COMMUNITY BANCSHARES INC /NV/ - Form DEF 14A

The Corporation makes a non-qualified matching credit on employee contributions at the rate established in the 401(k) Plan (100% in 2003) of up to 6% of compensation deferred and also makes contributions in lieu of Qualified ESOP contributions for compensation in excess of the \$200,000 compensation limit. Contributions under the Wrap Plan in 2003 for the covered persons are included in the Summary Compensation Table and are as follows: Mendez -- \$19,550; Buzzo -- \$4,005; Lilly -- \$4,718; and Schumacher -- \$3,300.

EXECUTIVE RETENTION PLAN

In 1999, the Corporation established an Executive Retention Plan for key members of senior management, including the individuals named in the Summary Compensation Table. This Plan provides for a benefit at normal retirement (age 62) targeted at 15% of final compensation projected at an assumed 3% salary progression rate. Benefits under the Executive Retention Plan become payable at Normal Retirement age 62 or at Early Retirement age 60. Actual benefits payable under the Executive Retention Plan are dependent on an indexed retirement benefit formula that accrues benefits equal to the aggregate after-tax income of associated life insurance contracts less the Corporation's tax-effected cost of funds for that plan year. Benefits under the Executive Retention Plan are dependent on the performance of the insurance contracts and are not guaranteed by the Corporation.

In connection with the Executive Retention Plan, the Corporation has also entered into Life Insurance Endorsement Method Split Dollar Agreements (the "Agreements") with the executives covered under the Retention Plan. Under the Agreements, the Corporation shares 80% of death benefits (after recovery of cash surrender value) with the designated beneficiaries of the executives under life insurance contracts referenced in the Executive Retention Plan. The Corporation as owner of the policies retains a 20% interest in life proceeds and a 100% interest in the cash surrender value of the policies.

The Executive Retention Plan also contains provisions for change of control, as defined, which allow the executives to retain benefits under the Plan in the event of a termination of service, other than for cause, during the twelve months prior to a change in control or anytime thereafter, unless the executive voluntarily terminates his employment within 90 days following the change in control.

During 2003 the vesting schedule under the plan was amended to provide for graded vesting of benefits. Benefits under the Executive Retention Plan, which begin to accrue with respect to years of service under the Plan, vest 25% after five years, 50% after ten years, 75% after 15 years, and an additional 5% per year thereafter, with vesting accelerated to 100% at age 62. Prior to the amendment, the Plan provided no benefits if termination of employment occurred prior to age 62.

DIRECTORS' SUPPLEMENTAL RETIREMENT PLAN

In 2001, the Corporation established a Directors' Supplemental Retirement Plan for its non-employee Directors. This Plan provides for a benefit upon retirement from service on the Board at specified ages depending upon length of service or death. Benefits under the Supplemental Retirement Plan become payable at age 70, 75 and 78 depending upon the individual director's age and original date of election to the Board. Actual benefits payable under the Supplemental Retirement Plan are dependent on an indexed retirement benefit formula that accrues benefits equal to the aggregate after-tax income of associated life insurance contracts less the Corporation's tax-effected cost of funds for that plan year. Benefits under the Supplemental Retirement Plan are dependent on the performance of the insurance contracts and are not guaranteed by the

Edgar Filing: FIRST COMMUNITY BANCSHARES INC /NV/ - Form DEF 14A

Corporation.

In connection with the Directors' Supplemental Retirement Plan, the Corporation has also entered into Life Insurance Endorsement Method Split Dollar Agreements (the "Agreements") with certain directors covered under the Plan. Under the Agreements, the Corporation shares 80% of death benefits (after recovery of cash surrender value) with the designated beneficiaries of the executives under life insurance contracts referenced in the Supplemental Retirement Plan. The Corporation as owner of the policies retains a 20% interest in life proceeds and a 100% interest in the cash surrender value of the policies.

The Supplemental Retirement Plan also contains provisions for change of control, as defined, which allow the Directors to retain benefits under the Plan in the event of a termination of service, other than for cause, during

13

the twelve months prior to a change in control or anytime thereafter, unless the Director voluntarily terminates his service within 90 days following the change in control.

Because the Supplemental Retirement Plan was designed to retain the future services of Directors, no benefits are payable under the Plan in the event of voluntary or involuntary termination prior to retirement age as defined in the Plan document.

INDEMNIFICATION OF DIRECTORS AND CERTAIN OFFICERS

During 2003 the Corporation and its subsidiary bank adopted Indemnification Agreements for all Directors and Certain Officers, which provide a process for the request and grant of indemnification under circumstances provided for under the Corporation Articles of Association and By-laws. The agreements spell out notice provisions, rights and responsibilities of the Corporation and the indemnitee. The full text of one of these agreements for the Corporation and one for its banking subsidiary are included as Exhibits 10.10 and 10.11 of the Company's Annual Report on Form 10-K for 2003.

2. RATIFICATION OF 2004 OMNIBUS STOCK PLAN

At its regularly scheduled meeting in January, 2004 the Board of Directors adopted the 2004 Omnibus Stock Option Plan ("2004 Plan") of the Corporation subject to approval by the stockholders of the Corporation at the Annual Meeting. The following general description of certain features of the 2004 Plan is qualified in its entirety by reference to the governing 2004 Plan document, a copy of which is attached hereto as Annex B.

PURPOSE OF THE 2004 OMNIBUS STOCK PLAN

The purposes of the 2004 Plan are to enable the Corporation to promote the long-term success of the Corporation and create shareholder value by (a) encouraging officers, employees, directors and individuals performing services for the Corporation as consultants or independent contractors to focus on critical long-range objectives, (b) encouraging the attraction and retention of officers, employees, directors, consultants and independent contractors with exceptional qualifications, and (c) linking officers, employees, directors, consultants and independent contractors directly to shareholder interests through ownership of the Corporation. The 2004 Plan seeks to achieve these purposes by providing for Awards in the form of options to purchase shares of the Corporation and outright grants of shares to designated individuals. The 2004 Plan has been prepared to comply with all applicable tax and securities laws, including Section 16(b) of the Exchange Act and state and Federal tax laws.

DESCRIPTION OF THE 2004 OMNIBUS STOCK PLAN

GENERAL

The following general description of certain features of the 2004 Plan is qualified in its entirety by reference to the 2004 Plan which will be made available upon request. Officers, directors, employees and other persons who are designated by the Compensation Committee will be eligible to receive, at no cost to them, awards under the 2004 Plan (the "2004 Optionees"). Each award granted pursuant to the 2004 Option Plan shall be evidenced by an instrument in such form as the Compensation Committee shall from time to time approve. It is anticipated that awards granted under the 2004 Option Plan would constitute

Edgar Filing: FIRST COMMUNITY BANCSHARES INC /NV/ - Form DEF 14A

either Incentive Stock Options (options meeting the requirements under Section 422 of the Internal Revenue Code of 1986, as amended ("Code"), Non-Qualified Stock Options, Restricted Stock Awards or Performance Awards. Option shares may be paid for in cash, shares of Common Stock, or a combination of both. Restricted Stock Award shares would, upon the lapse of any applicable restrictions imposed under the instrument, be made available to the grantee. The Corporation will receive no monetary consideration for the granting of awards under the 2004 Option Plan. Further, the Corporation will receive no consideration other than the option exercise price per share for Common Stock issued to 2004 Optionees upon the exercise of their options.

Shares issuable under the 2004 Option Plan may be from authorized but unissued shares, treasury shares or shares purchased in the open market. An award which expires, becomes unexercisable, or is forfeited for any reason prior to its exercise or the lapse of any applicable restrictions will again be available for issuance under the 2004 Option Plan. No award or any right or interest therein is assignable or transferable except by will or the laws of descent and distribution. The 2004 Option Plan shall continue in effect for a term of ten years from the 2004 Option Plan effective date.

TYPES OF OPTIONS AND AWARDS

The Compensation Committee may grant Incentive Stock Options, Non-Qualified Stock Options, Restricted Stock Awards or Performance Awards. In general, if a 2004 Optionee ceases to serve as an employee of the Corporation for any reason other than death, retirement or termination of employment due to disability, an exercisable Incentive Stock Option may continue to be exercisable for three months but in no event after the expiration date of the option, except as may otherwise be determined by the Compensation Committee at the time of the award. In the event of the death of a 2004 Optionee during employment or termination of employment due to retirement or disability, an exercisable Incentive Stock Option or Non-Qualified Stock Option will continue to be exercisable for twelve months, to the extent exercisable by the 2004 Optionee immediately prior to the 2004

16

Optionee's death or termination of employment due to retirement or disability but only if, and to the extent that, a 2004 Optionee was entitled to exercise such Incentive Stock Options or Non-Qualified Stock Options on the date of death or termination of employment due to retirement or disability. Under no circumstances, however, shall the options of a 2004 Optionee remain exercisable beyond the remaining term of such options.

The exercise price for the purchase of Common Stock subject to an Incentive Stock Option may not be less than one hundred percent (100%) of the Fair Market Value of the Common Stock covered by the option on the date of grant of such option. No more than \$100,000 of Incentive Stock Options can become exercisable for the first time in any one year for any one person. The Compensation Committee may impose additional conditions upon the right of a 2004 Optionee to exercise any option granted hereunder which are not inconsistent with the terms of the 2004 Option Plan or the requirements for qualification as an Incentive Stock Option, if such option is intended to qualify as an Incentive Stock Option. The exercise price for the purchase of Common Stock subject to a Non-Qualified Stock Option may be equal to, below or above the Fair Market Value of the Common Stock covered by the option on the date of grant of such option and shall be set forth in the individual award agreement governing the terms of the award. No shares of Common Stock shall be issued upon the exercise of an option until full payment therefore has been received by the Corporation, and no 2004 Optionee shall have any of the rights of a stockholder of the Corporation until shares of Common Stock are issued to such 2004.

Edgar Filing: FIRST COMMUNITY BANCSHARES INC /NV/ - Form DEF 14A

The 2004 Option Plan provides that the Board of Directors of the Corporation may authorize the Compensation Committee to direct the execution of an instrument providing for the modification, extension or renewal of any outstanding option, provided that no such modification, extension or renewal shall confer on the 2004 Optionee any right or benefit which could not be conferred on the 2004 Optionee by the grant of a new option at such time, and shall not materially decrease the 2004 Optionee's benefits under the option without the 2004 Optionee's consent, except as otherwise provided under the 2004 Option Plan.

NUMBER OF SHARES COVERED BY THE 2004 OMNIBUS STOCK PLAN

A total of 200,000 shares of Common Stock, which is equal to 1.78% of the outstanding stock is reserved for future issuance pursuant to the 2004 Plan. If any recapitalization, reclassification, stock dividend, stock split, reverse stock split, or other distribution with respect to the Common Stock or other change in corporate structure affecting the Common Stock occurs, the Board of Directors may, in the manner and to the extent it deems appropriate and equitable and consistent with the terms of the 2004 Plan, cause an adjustment to be made in (i) the maximum number of shares available under the 2004 Plan; (ii) the number of shares or other rights subject to outstanding Awards; (iii) the price for each share or other right subject to an outstanding Award; or (4) any of the terms affected by the event.

AWARD GRANTS UNDER THE 2004 OMNIBUS STOCK PLAN

The Board or the Compensation Committee shall from time to time determine the officers, directors, employees and other persons who shall be granted options, Restricted Stock Awards or Performance Awards under the 2004 Option Plan, the number of options or restricted or performance shares to be granted to any individual, and with respect to options, whether the options granted will be Incentive Stock Options and/or Non-Qualified Stock Options. In selecting 2004 Optionees and in determining the number of options to be granted, the Board or the Compensation Committee may consider the nature of the services rendered by each such individual, each individual's current and potential contribution to the Corporation and such other factors as may be deemed relevant. The 2004 Optionees may, if otherwise eligible, be granted additional options subject to any applicable statutory limitations on such grants.

Option awards shall become vested so that 25% of an option award shall vest as of the date of the grant and 25% of the option award shall vest on each one year anniversary thereafter so that 100% of the option award shall be vested as of the third anniversary of the grant, unless otherwise determined in the discretion of the Board and memorialized in the governing stock award agreement. No vesting shall occur on or after the date that an optionee's employment or personal services contract with the Corporation terminates for any reason other than his death, retirement or termination of employment due to disability. Notwithstanding the foregoing, in the event of an optionee's death during employment or termination of employment due to disability, any awards granted to

17

him not yet vested on that date shall become 100% vested as of such date and shall be exercisable by the optionee or his personal representative in accordance with the terms of the 2004 Option Plan. In the event of a 2004 Optionee's retirement, any awards granted to him not yet vested on that date shall become 100% vested and exercisable only if the grant date of such awards precedes the optionee's date of retirement by two or more years.

ADJUSTMENTS

Edgar Filing: FIRST COMMUNITY BANCSHARES INC /NV/ - Form DEF 14A

Subject to any required action by the stockholders of the Corporation, within the sole discretion of the Compensation Committee, the aggregate number of shares of Common Stock for which options may be granted hereunder or the number of shares of Common Stock represented by each outstanding option will be proportionately adjusted for any increase or decrease in the number of issued and outstanding shares of Common Stock resulting from a subdivision or consolidation of shares or the payment of a stock dividend or any other increase or decrease in the number of shares of Common Stock effected without the receipt or payment of consideration by the Corporation. However, no action may be taken by the Compensation Committee which would cause Incentive Stock Options granted pursuant to the 2004 Option Plan to fail to meet the

AMENDMENT AND TERMINATION OF THE 2004 OMNIBUS STOCK PLAN

The Board of Directors may alter, suspend or discontinue the 2004 Option Plan, except that no action of the Board shall increase the maximum number of shares of Common Stock issuable under the 2004 Option Plan, materially increase the benefits accruing to 2004 Optionees under the 2004 Option Plan or materially modify the requirements for eligibility for participation in the 2004 Option Plan unless such action of the Board shall be subject to approval or ratification by the stockholders of the Corporation.

POSSIBLE DILUTIVE EFFECTS OF THE 2004 OMNIBUS STOCK PLAN

The Common Stock to be issued upon the exercise of options awarded under the 2004 Option Plan may either be authorized but unissued shares of Common Stock or shares purchased in the open market. Because the stockholders of the Corporation do not have preemptive rights, to the extent that the Corporation funds the 2004 Option Plan, in whole or in part, with authorized but unissued shares, the interests of current stockholders may be diluted. The Corporation can avoid dilution resulting from awards under the 2004 Option Plan by delivering shares repurchased in the open market upon the exercise of options.

FEDERAL INCOME TAX CONSEQUENCES TO PARTICIPANTS IN 2004 OMNIBUS STOCK PLAN

The following is a brief summary of certain of the Federal income tax consequences of certain transactions under the 2004 Option Plan. This summary is not intended to be exhaustive and does not describe state or local tax consequences.

Non-qualified stock options. Non-qualified stock options granted under the 2004 Option Plan do not qualify as "incentive stock options" and will not qualify for any special tax benefits to the 2004 Optionee. A 2004 Optionee generally will not recognize any taxable income at the time he or she is granted a Non-qualified option. However, upon its exercise, the 2004 Optionee will recognize ordinary income for Federal income tax purposes measured by the excess of the then fair market value of the shares over the exercise price. The income realized by the 2004 Optionee will be subject to income and other employee withholding taxes. The 2004 Optionee's basis for determination of gain or loss upon the subsequent disposition of shares acquired upon the exercise of a Non-qualified stock option will be the amount paid for such shares plus any ordinary income recognized as a result of the exercise of such option. Upon disposition of any shares acquired pursuant to the exercise of a Non-qualified stock option, the difference between the sale price and the 2004 Optionee's basis in the shares will be treated as a capital gain or loss and generally will be characterized as long-term capital gain or loss if the shares have been held for more than one year at their disposition. In general, there will be no Federal income tax deduction allowed to the Corporation upon the grant or termination of a Non-qualified stock option or a sale or disposition of the shares acquired upon the exercise of a Non-qualified stock option. However, upon the exercise of a Non-qualified stock option, the Corporation will be entitled to a deduction for Federal income tax

purposes equal to the amount of ordinary income that an 2004 Optionee is required to recognize as a result of the exercise, provided that the deduction is not otherwise disallowed under the Code.

Incentive Stock Options. If an option granted under the 2004 Option Plan is treated as an incentive stock option, the 2004 Optionee will not recognize any income upon either the grant or the exercise of the option, and the Corporation will not be allowed a deduction for Federal tax purposes. Upon a sale of the shares, the tax treatment to the 2004 Optionee and the Corporation will depend primarily upon whether the 2004 Optionee has met certain holding period requirements at the time he or she sells the shares. In addition, as discussed below, the exercise of an incentive stock option may subject the 2004 Optionee to alternative minimum tax liability. If a 2004 Optionee exercises an incentive stock option and does not dispose of the shares received within two years after the date of such option or within one year after the transfer of the shares to him or her, any gain realized upon the disposition will be characterized as long-term capital gain and, in such case, the Corporation will not be entitled to a Federal tax deduction.

If the 2004 Optionee disposes of the shares either within two years after the date the option is granted or within one year after the transfer of the shares to him or her, such disposition will be treated as a disqualifying disposition and an amount equal to the lesser of (1) the fair market value of the shares on the date of exercise minus the purchase price, or (2) the amount realized on the disposition minus the purchase price, will be taxed as ordinary income to the 2004 Optionee in the taxable year in which the disposition occurs. However, in the case of gifts, sales to related parties, and certain other transactions, the full difference between the fair market value of the stock and the purchase price will be treated as compensation income. The excess, if any, of the amount realized upon disposition over the fair market value at the time of the exercise of the option will be treated as long-term capital gain if the shares have been held for more than one year following the exercise of the option.

The exercise of an incentive stock option may subject an 2004 Optionee to alternative minimum tax liability because the excess of the fair market value of the shares at the time an incentive stock option is exercised over the purchase price of the shares is included in income for purposes of the alternative minimum tax even though it is not included in taxable income for purposes of determining the regular tax liability of an employee. Consequently, an 2004 Optionee may be obligated to pay alternative minimum tax in the year he or she exercises an incentive stock option.

In general, there will be no Federal income tax deductions allowed to the Corporation upon the grant, exercise or termination of an incentive stock option. However, in the event an 2004 Optionee sells or disposes of stock received on the exercise of an incentive stock option in a disqualifying disposition, the Corporation will be entitled to a deduction for Federal income tax purposes in an amount equal to the ordinary income, if any, recognized by the 2004 Optionee upon disposition of the shares, provided that the deduction is not otherwise disallowed under the Code.

Restricted Shares. A recipient of a Restricted Share Award generally will be subject to tax at ordinary income rates on the fair market value of the Restricted Shares reduced by any amount paid by the recipient at such time as the shares are no longer subject to a substantial risk of forfeiture or restrictions on transfer for purposes of Section 83 of the Code. However, a recipient who so elects under Section 83(b) of the Code within 30 days of the

Edgar Filing: FIRST COMMUNITY BANCSHARES INC /NV/ - Form DEF 14A

date of transfer of the shares will recognize ordinary income on the date of transfer of the shares equal to the excess of the fair market value of the share (determined without regard to the risk of forfeiture or restrictions on transfer) over any purchase price paid for the shares. If a Section 83(b) election has not been made, any non-restricted dividends received with respect to Restricted Shares that are subject at that time to a risk of forfeiture or restrictions on transfer generally will be treated as compensation that is taxable as ordinary income to the recipient.

Performance Shares. A recipient of a Performance Share Award generally will be subject to tax at ordinary income rates on the fair market value of the Performance Shares reduced by any amount paid by the recipient at such time as the shares are awarded.

responsibility for the day-to-day operation of the Plan. The Board shall make all determinations with respect to participation in the Plan by Employees, Officers, directors, consultants or independent contractors of the Company or any of its subsidiaries, and with respect to the extent of that participation. The interpretation and construction of any provision of the Plan by the Board or the Committee shall be final. No member of the Board shall be liable for any action or determination made by him or her in good faith

3.02 Revocation for Misconduct. Any Award, or portion thereof, under this Plan, whether or not vested, made to a Participant who is discharged from the employ of the Company or any of its subsidiaries (or whose personal services contract is terminated in the case of a consultant or independent contractor) shall automatically terminate, rescind and be revoked.

B-2

3.03 Limitation on Liability. No Board or Committee member shall be liable for any action or determination made in good faith with respect to the Plan. 3.06 Market Stand-Off. In connection with any underwritten public offering by the Company of its equity securities pursuant to an effective registration statement filed under the Securities Act, Participants shall not directly or indirectly sell, make any short sale of, loan, hypothecate, pledge, offer, grant or sell any option or other contract for the purchase of, purchase any option or other contract for the sale of, or otherwise dispose of or transfer, or agree to engage in any of the foregoing transactions with respect to, any common stock received pursuant to the Plan without the prior written consent of the Company. Such restriction (the "Market Stand-Off") shall be in effect for a period of time following the date of the final prospectus for the offering as may be requested by the Company or its underwriters. In the event of the declaration of a stock dividend, a spin-off, a stock split, an adjustment in conversion ratio, a recapitalization or a similar transaction affecting the Company's outstanding securities without receipt of consideration, any new, substituted or additional securities which are by reason of such transaction distributed with respect to any common stock subject to the Market Stand-Off, or into which such common stock thereby become convertible, shall immediately be subject to the Market Stand-Off. Edgar Filing: FIRST COMMUNITY BANCSHARES INC /NV/ - Form DEF 14A

Awards may be granted to such Employees, Officers, directors, consultants or independent contractors as may be designated from time to time by the Board, pursuant to guidelines, if any, which may be adopted by the Committee from time to time.

ARTICLE V

COMMON STOCK AVAILABLE FOR THE PLAN

The aggregate number of shares of Common Stock which may be issued pursuant to this Plan shall be two hundred thousand (200,000). If and to the extent that the number of issued shares of Common Stock shall be increased or reduced by change in par value, split up, reclassification, distribution of a dividend payable in Common Stock, merger, consolidation, reorganization, recapitalization, reincorporation, or the like, the Board may make appropriate adjustment in the number of shares of Common Stock authorized by the Plan and in the number and exercise price of shares covered by outstanding Awards under the Plan. In the event of any adjustment in the number of shares covered by any Award, any fractional shares resulting from such adjustment shall be disregarded and each such Award shall cover only the number of full shares resulting from such adjustment. The Board may make such adjustments, and its determination shall be final, binding and conclusive.

The Board also may adjust the number of shares subject to outstanding Awards and the exercise price and the terms of outstanding Awards to take into consideration material changes in accounting practices or principles, extraordinary dividends, acquisitions or dispositions of stock or property or any other event if it is determined by

B-3

the Board that such adjustment is appropriate in order to prevent dilution or expansion of the rights of Participants, provided that no such adjustment shall be made in the case of an Incentive Stock Option, without the consent of the participant, if such adjustment would constitute a modification, extension or renewal of the Option within the meaning of Section 424(h) of the Code.

No shares shall be the subject of more than one Award at any time, but if an Award as to any shares is surrendered before exercise, or expires or terminates for any reason without having been exercised in full, or for any other reason ceases to be exercisable, the number of shares covered thereby shall again become available for grant under the Plan as if no Awards had been previously granted with respect to such shares.

ARTICLE VI

PARTICIPATION; STOCK AWARD AGREEMENT

The Board shall, in its discretion, determine from time to time which Employees, Officers, directors, consultants or independent contractors will participate in the Plan and receive Awards under the Plan. Performance awards may be paid by the delivery of Common Stock or cash, or any combination thereof, as determined in the sole discretion of the Board.

ARTICLE VIII

OPTIONS AWARDS

8.01 Vesting of Options

(a) General Rules. Incentive Stock Options and Non-Qualified Stock Options granted to Participants shall become vested so that 25% of the Option Award shall vest as of the date of the grant and 25% of the Option Award shall vest on each one year anniversary thereafter, so that 100% of such Option Award shall be vested as

B-4

of the third anniversary of the date of grant, unless otherwise determined in the discretion of the Board and memorialized in the Stock Award Agreement. Notwithstanding the foregoing, no vesting shall occur on or after the date that an Employee's employment or personal services contract with the Company or any of its subsidiaries terminates for any reason other than his Death, Disability or Retirement. In determining the number of shares of Common Stock with respect to which such Awards are vested and/or exercisable, fractional shares will be rounded up to the nearest whole number if the fraction is 0.5 or higher, and down if it is less.

(b) Acceleration of Vesting Upon Death, Disability or Retirement. In the event a Participant dies while in the employ of the Company or any of its subsidiaries or terminates employment with the Company or any of its subsidiaries as a result of Disability, any Award(s) granted to such Participant under this Plan not yet vested on such date shall become 100% vested as of such date and be exercisable either by the Participant or the Participant's representative subject to Section 8.03. In the event of a Participant's

Edgar Filing: FIRST COMMUNITY BANCSHARES INC /NV/ - Form DEF 14A

Retirement, any Award(s) granted to such Participant under this Plan not yet vested on such date shall become 100% vested as of such date and become exercisable only if the grant date of such Award(s) precedes the Participant's date of Retirement by two (2) or more years.

8.02 Duration of Options.

(a) General Rule. Except as provided in Section 8.05, each Award granted to a Participant shall be exercisable at any time on or after it vests until the earlier of (i) ten (10) years after its date of grant or (ii) the date that is six (6) months (ninety (90) days in the case of Incentive Stock Options granted to Employees) following the last day on which the Participant is employed or renders services for the benefit of the Company or its subsidiaries.

(b) Exception for Termination Due to Death, Disability or Retirement. If a Participant dies while in the employ of the Company or any of its subsidiaries or terminates employment with the Company or any of its subsidiaries as a result of death, Disability or Retirement without having fully exercised his Awards, the Participant or his legal representative or guardian, or the executors, administrators, legatees or distributees of his estate shall have the right, during the twelve (12) month period following the earlier of his death Disability or Retirement, to exercise such Awards to the extent vested on the date of such death, Disability or Retirement. In no event, however, shall any Award be exercisable more than ten (10) years from the date it was granted.

(c) Notice of Disposition; Withholding; Escrow. A Grantee shall immediately notify the Company in writing of any sale, transfer, assignment or other disposition (or action constituting a disqualifying disposition within the meaning of Section 421 of the Code) of any shares of Common Stock acquired through exercise of an Incentive Stock Option, within two (2) years after the grant of such Incentive Stock Option or within one (1) year after the acquisition of such shares, setting forth the date and manner of disposition, the number of shares disposed of and the price at which such shares were disposed. The Company shall be entitled to withhold from any compensation or other payments then or thereafter due to the Grantee such amounts as may be necessary to satisfy any withholding requirements of Federal or state law or regulation and, further, to collect from the Grantee any additional amounts which may be required for such purpose. The Board may, in its discretion, require shares of Common Stock acquired by a Grantee upon exercise of an Incentive Stock Option to be held in an escrow arrangement for the purpose of enabling compliance with the provisions of this Section 8.02(c).

8.03 Nonassignability. Awards shall not be transferable by a Grantee except by will or the laws of descent or distribution, and during a Grantee's lifetime shall be exercisable only by such Grantee or the Grantee's guardian or legal representative. Notwithstanding the foregoing, or any other provision of this Plan, a Grantee who holds Non-Qualified Stock Options may transfer such Awards to his or her spouse, lineal ascendants, lineal descendants, or to a duly established trust for the benefit of one or more of these individuals. Awards so transferred may thereafter be transferred only to the Grantee who originally received the grant or to an individual or trust to whom the Grantee would have initially transferred the Award pursuant to this Section 8.03. Awards which are transferred pursuant to this Section 8.03 shall be exercisable by the transferee according to the same terms and conditions as applied to the Grantee.

8.04 Manner of Exercise. To the extent vested and exercisable, awards may be exercised in part or in whole from time to time by execution of a written notice directed to the Company, at the Company's principal place of

Edgar Filing: FIRST COMMUNITY BANCSHARES INC /NV/ - Form DEF 14A

business, accompanied by cash or a check in payment of the exercise price for the number of shares specified and paid for. The Board, may in its discretion, permit a Grantee to exercise vested and exercisable options awarded under this Plan by surrendering an amount of Common Stock already owned by the Grantee equal to the options' exercise price, but only in instances where the shares to be surrendered have been held by the Grantee for a period of at least six (6) months. Subject to the limitations set forth in the Stock Award Agreement, in the event of, and after such time as the Common Stock is listed or admitted to trading on a national securities exchange or included for quotation on the Nasdaq market, the Board may, in its discretion, allow the Grantee may make payment by arranging with a third party broker to sell a number of shares otherwise deliverable to the Grantee and attributable to the exercise of the Award in order to pay the exercise price of the Award.

8.05 \$100,000 Limitation. Notwithstanding any contrary provisions contained elsewhere in this Plan and as long as required by Section 422 of the Code, the aggregate Fair Market Value, determined as of the time an Incentive Stock Option is granted, of the Common Stock with respect to which Incentive Stock Options are exercisable for the first time by the Grantee during any calendar year, under this Plan and stock options that satisfy the requirements of Section 422 of the Code under any other stock option plan or plans maintained by the Company, shall not exceed \$100,000. To the extent that the aggregate value of shares of common stock to be received by the Grantee for the first time in any one year pursuant to the exercise of an Incentive Stock Option ("ISO Stock") exceeds \$100,000 based on the fair market value of the Common Stock as of the date of the Incentive Stock Option's grant, such excess shall be treated as Common Stock received pursuant to the exercise of a Nonqualified Stock Option ("NQSO Stock"). The Company shall designate which shares of Common Stock to be received by the Grantee will be treated as ISO Stock and which shares of Common Stock, if any, will be treated as NQSO Stock by issuing separate share certificates identifying in the Company's share transfer records which shares are ISO Stock.

8.06 Limitation on Ten Percent Stockholders. The price at which shares of Common Stock may be purchased upon exercise of an Incentive Stock Option granted to an individual who, at the time such Incentive Stock Option is granted, owns, directly or indirectly, more than ten percent (10%) of the total combined voting power of all classes of stock issued to stockholders of the Company, shall be no less than one hundred and ten percent (110%) of the Fair Market Value of a share of the Common Stock of the Company at the time of grant, and such Incentive Stock Option shall by its terms not be exercisable after the expiration of five (5) years from the date such Incentive Stock Option is granted.

ARTICLE IX

AMENDMENT AND TERMINATION OF THE PLAN

The Board may, by resolution, at any time terminate or amend the Plan with respect to any shares of Common Stock or Awards which have not been granted, but no such action shall adversely affect the rights under any outstanding Award without the holder's consent. If and to the extent necessary to ensure that Incentive Stock Options granted under the Plan remain qualified under Section 422 of the Code, Plan amendments shall be subject to approval by the Company's stockholders who are eligible to vote at a meeting of stockholders.

ARTICLE X

Company may require the Grantee to pay to the Company the amount required to be withheld as a condition to delivering the shares acquired pursuant to an Award. The Company also may withhold or collect amounts with respect to a disqualifying disposition of shares of Common Stock acquired pursuant to exercise of an Incentive Stock Option, as provided in Section 8.02(c).

The Board is authorized to adopt rules, regulations or procedures which provide for the satisfaction of a Participant's tax withholding obligation by the retention of shares of Common Stock to which he otherwise would be entitled pursuant to an Award or by the Participant's delivery of previously-owned shares of Common Stock or other property. However, if the Company adopts rules, regulations or procedures which permit withholding obligations to be met by the retention of Common Stock to which a Grantee otherwise would be entitled pursuant to an Award, the fair market value of the Common Stock retained for such purpose shall not exceed the minimum required Federal, state and local tax withholding due upon exercise of the Award.
