To our Stockholders:

We are pleased to invite you to attend the 2004 Annual Meeting of Stockholders. The meeting will be held at 11:00 a.m., Eastern Time, on Thursday, May 6, 2004, in the Grand Ballroom, 17th Floor, Omni William Penn Hotel, 530 William Penn Place, Pittsburgh, Pennsylvania. The location is accessible to disabled persons.

This booklet includes the notice of meeting as well as the Company's proxy statement. Enclosed with this booklet are the following:

- Proxy or voting instruction card (including instructions for telephone and Internet voting)
- Proxy or voting instruction card return envelope (postage paid if mailed in the U.S.)

A copy of the Company's Annual Report for the year 2003 is also enclosed.

Your Board of Directors recommends that you vote FOR Item A, the election of the three nominees named in this proxy statement. This proxy statement also outlines many of the corporate governance practices at ATI, discusses our compensation practices and philosophy, and describes the Audit Committee's recommendation to the Board regarding our 2003 financial statements. We encourage you to read these materials carefully.

We urge you to vote promptly, whether or not you expect to attend the meeting.

If you are a stockholder of record and plan to attend the meeting, please mark the appropriate box on the proxy card, or enter the appropriate information by telephone or Internet, so that we can send your admission ticket to you before the meeting.

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form DEF 14A

We look forward to seeing as many of you as possible at the 2004 Annual Meeting.

Sincerely,

/s/ Robert P. Bozzone

YOUR VOTE IS IMPORTANT

PLEASE VOTE AS SOON AS POSSIBLE. YOU CAN HELP THE COMPANY REDUCE EXPENSES BY VOTING YOUR SHARES BY TELEPHONE OR INTERNET; YOUR PROXY CARD CONTAINS THE INSTRUCTIONS. OR, COMPLETE, SIGN AND DATE YOUR PROXY CARD AND RETURN IT AS SOON

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form DEF 14A

AS POSSIBLE IN THE ENCLOSED POSTAGE-PAID ENVELOPE.

PROXY STATEMENT FOR 2004 ANNUAL MEETING OF STOCKHOLDERS

QUESTIONS AND ANSWERS

You can help the Company save money by electing to receive future proxy statements and annual reports over the Internet instead of by mail. See question 10 below.

1. WHO IS ENTITLED TO VOTE?

If you held shares of Allegheny Technologies Incorporated ("ATI" or the "Company") common stock at the close of business on March 12, 2004, you may vote at the annual meeting. On that day, 81,089,277 shares of our Common Stock were outstanding. Each share is entitled to one vote.

In order to vote, you must either designate a proxy to vote on your behalf or attend the meeting and vote your shares in person. The Board of Directors requests your proxy so that your shares will count toward a quorum and be voted at the meeting.

2. HOW DO I CAST MY VOTE?

There are four different ways you may cast your vote this year. You may vote by:

- telephone, using the toll-free number listed on each proxy or voting instruction card;
- the Internet, at the address provided on each proxy or voting instruction card;
- marking, signing, dating and mailing each proxy or voting instruction card and returning it in the envelope provided. If you return your signed proxy card but do not mark the boxes showing how you wish to vote, your shares will be voted FOR the nominees named in this proxy statement; or
- attending the meeting and voting your shares in person, if your shares are registered directly in your name on the Company's books and not held through a broker, bank or other nominee.

If you hold stock in your name on the Company's books, you can vote by telephone or electronically through the Internet by following the instructions provided on the proxy card. You will need to use the individual control number that is printed on your proxy card in order to authenticate your ownership.

The deadline for voting by telephone or the Internet is 11:59 p.m., Eastern time, May 5, 2004.

If your shares are held in "street name" (that is, they are held in the name of broker, bank or other nominee), or your shares are held in one of the Company's savings or retirement plans, you will receive instructions with your materials that you must follow in order to have your shares voted. For voting procedures for shares held in the Company's savings or retirement plans, see the question 6 below.

3. HOW DO I REVOKE OR CHANGE MY VOTE?

You may revoke your proxy or change your vote at any time before it is voted at

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form DEF 14A

the meeting by:

- notifying the Corporate Secretary at the Company's executive office;
- transmitting a proxy dated later than your prior proxy either by mail, telephone or Internet; or
- attending the annual meeting and voting in person or by proxy (except for shares held through a broker, bank or other nominee or in the Company's savings or retirement plans).

The latest-dated, timely, properly completed proxy that you submit, whether by mail, telephone or the Internet, will count as your vote. If a vote has been recorded for your shares and you submit a proxy card that is not properly signed and dated, the previously recorded vote will stand.

4. WHAT SHARES ARE INCLUDED ON THE PROXY OR VOTING INSTRUCTION CARD?

The shares on your proxy or voting instruction card represent those shares registered directly in your name, those held on account in the Company's dividend reinvestment plan and shares held in the Company's savings and retirement plans. If you do not cast your vote, your shares (except those held in the Company's savings and retirement plans) will not be voted. See question 6 for an explanation of the voting procedures for shares in the Company's savings and retirement plans.

5. WHAT DOES IT MEAN IF I GET MORE THAN ONE PROXY OR VOTING INSTRUCTION CARD?

If your shares are registered differently and are in more than one account, you will receive more than one card. Please complete and return all of the proxy or voting instruction cards you receive

1

(or vote by telephone or the Internet all of the shares on all of the proxy or voting instruction cards received) in order to ensure that all of your shares are voted.

6. HOW ARE SHARES I HOLD IN A COMPANY SAVINGS OR RETIREMENT PLAN VOTED?

If you hold ATI Common Stock in one of the Company's savings or retirement plans, you may tell the plan trustee how to vote the shares of Common Stock allocated to your account. You may either sign and return the voting instruction card provided by the plan or transmit your instructions by telephone or the Internet. If you do not transmit instructions, your plan shares will be voted as the plan administrator directs or as otherwise provided in the plan.

7. HOW ARE SHARES HELD BY A BROKER, BANK OR OTHER NOMINEE VOTED?

If you hold your shares of ATI Common Stock in a broker, bank or other nominee account, you are a "beneficial owner" of the shares. In order to vote your shares, you must give voting instructions to your broker, bank or other intermediary who is the "nominee holder" of your shares. The Company asks brokers, banks and other nominee holders to obtain voting instructions from the beneficial owners of shares that are registered in the nominee's name. Proxies that are transmitted by nominee holders on behalf of beneficial owners will count toward a quorum and will be voted as instructed by the nominee holder.

8. WHAT IS A QUORUM?

A majority of the outstanding shares, present or represented by a proxy,

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form DEF 14A

constitutes a quorum. There must be a quorum for the meeting to be held and a proposal must receive more than 50% of the shares voting to be adopted. You are part of the quorum if you have voted by proxy or voting instruction card. Abstentions, broker non-votes and votes withheld from director nominees count as "shares present" at the meeting for purposes of determining a quorum. Abstentions and broker non-votes do not count in the voting results. A broker non-vote occurs when a broker, bank or other nominee holder does not vote on a particular item because the nominee holder does not have discretionary authority to vote on that item and has not received instructions from the beneficial owner of the shares. Broker non-votes will not affect the outcome of any of the matters being voted upon at the meeting, and they are not counted as shares voting with respect to the matter on which the broker has not voted expressly.

9. IS MY VOTE CONFIDENTIAL?

The Company maintains a policy of keeping stockholder votes confidential.

10. CAN I, IN THE FUTURE, RECEIVE MY PROXY STATEMENT AND ANNUAL REPORT OVER THE INTERNET?

Stockholders can elect to view future Company proxy statements and annual reports over the Internet instead of receiving paper copies in the mail and thus can save the Company the cost of producing and mailing these documents. Costs normally associated with electronic access, such as usage and telephonic charges, will be borne by you.

If you are a registered stockholder, you can choose to receive future annual reports and proxy statements electronically by following the prompt if you choose to vote over the Internet. If you hold your Company stock in nominee name (such as through a broker), check the information provided by your nominee for instructions on how to elect to view future proxy statements and annual reports over the Internet.

Stockholders who choose to view future proxy statements and annual reports over the Internet will receive instructions containing the Internet address of those materials, as well as voting instructions, approximately four weeks before future meetings.

If you enroll to view the Company's future annual reports and proxy statements electronically and vote your proxy over the Internet, your enrollment will remain in effect for all future stockholders' meetings unless you cancel it. To cancel, registered stockholders should access www.melloninvestor.com/ISD and follow the instructions to cancel your enrollment. You should retain your control number appearing on your enclosed proxy card. If you hold your Company stock in nominee name, check the information provided by your nominee holder for instructions on how to cancel your enrollment.

If at any time you would like to receive a paper copy of the annual report or proxy statement, please write to Allegheny Technologies Incorporated, Corporate Secretary, 1000 Six PPG Place, Pittsburgh, Pennsylvania 15222-5479.

OUR CORPORATE GOVERNANCE

CORPORATE GOVERNANCE GUIDELINES

During 2003, ATI's Board of Directors reviewed the principal elements of the Company's governance structure, including various governance practices and policies previously adopted by the Board, the Company's guidelines for business

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form DEF 14A

conduct and ethics, and the charters of all Board Committees. The Board's objectives were to ensure that these elements of corporate governance continued to reflect high standards of corporate governance and behavior, and conformed fully to the requirements of the Sarbanes-Oxley Act of 2002, including the listing standards of the New York Stock Exchange (the "NYSE").

After the NYSE finalized its listing standards in November 2003, the Board adopted Corporate Governance Guidelines (the "ATI Corporate Governance Guidelines"), which reflect many practices that had previously guided the Board. The ATI Corporate Governance Guidelines are designed to assist the Board in the exercise of its duties and responsibilities to the Company. They reflect the Board's commitment to monitor the effectiveness of decision making at the Board and management level, with a view to achieving ATI's strategic objectives. They are subject to modification by the Board from time to time.

The Board also approved and adopted revised charters for the Audit Committee (included in Appendix A), the Nominating and Governance Committee, and the Personnel and Compensation Committee and Stock Incentive Award Subcommittee. You can find the Company's Corporate Governance Guidelines, the Corporate Guidelines for Business Conduct and Ethics, and the charters of all Board Committees on our web site at www.alleghenytechnologies.com.

NUMBER AND INDEPENDENCE OF DIRECTORS

The Board of Directors determines the number of directors. The Board currently consists of 11 members.

Paul S. Brentlinger, C. Fred Fetterolf and William G. Ouchi are retiring as members of the Board at the 2004 Annual Meeting. George J. Kourpias also resigned from the Board effective December 31, 2003, due to health reasons. The Company wishes to thank each of these individuals for the contributions they have made to the Board of Directors.

In accordance with the ATI Corporate Governance Guidelines, a substantial majority of ATI's directors are, and at least a majority of ATI's directors will be, "independent" under the NYSE definition of independence and the Company's categorical board independence standards, which are set forth in the ATI Corporate Governance Guidelines. A director is "independent" only if the director is a non-management director and, in the Board's judgment, does not have a material relationship with the Company or its management. Following a review of relevant information and a recommendation of the Nominating and Governance Committee, the Board has determined that nine of the Company's 11 current directors meet the categorical independence standards set forth in the ATI Corporate Governance Guidelines and are independent and that, upon the election of the three nominees named below, eight of the Company's ten directors will meet the categorical independence standards set forth in the ATI Corporate Governance Guidelines and will be independent.

In addition to the independence and other general criteria set forth in the ATI Corporate Governance Guidelines, nominees for director are generally selected on the basis of the following criteria: their business or professional experience, recognized achievement in their respective fields, their integrity and judgment, their ability to devote sufficient time to the affairs of the Company, the diversity of their backgrounds and the skills and experience that their membership adds to the overall competencies of the Board, and the needs of the Company from time to time. Nominees should also represent the interests of all stockholders. In accordance with the retirement policy for directors set forth in the ATI Corporate Governance Guidelines, a person who is 72 years or older cannot be elected to serve on the Board.

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form DEF 14A

DIRECTOR TERMS

The directors are divided into three classes and the directors in each class generally serve for a three-year term unless the director is unable to serve due to death, retirement or disability. The term of one class of directors expires each year at the annual meeting of stockholders. The Board may fill a vacancy by electing a new director to the same class as the director being replaced. The Board may also create a new director position in any class and elect a director to hold the newly created position until the term of the class expires.

DIRECTOR ATTENDANCE AT ANNUAL MEETINGS

We typically schedule a Board meeting in conjunction with our Annual Meeting of Stockholders and expect that our Directors will attend, absent a valid reason, such as a schedule conflict. Last year, 12 of the 13 individuals then serving as Directors attended our annual meeting.

COMMITTEES OF THE BOARD OF DIRECTORS

STANDING COMMITTEES

The Board of Directors has the following standing committees: Audit Committee, Finance Committee, Nominating and Governance Committee, Personnel and Compensation Committee and Stock Incentive Award Subcommittee of the Personnel and Compensation Committee (sometimes called the "Compensation Committees"), Executive Committee and Technology Committee.

Only independent directors are permitted to serve on the Audit Committee, the Compensation Committees, and the Nominating and Governance Committee. In addition, all current members of the Finance Committee are independent. Audit Committee members must meet an additional independence standard under the NYSE rules. Specifically, Audit Committee members may not receive any compensation from the Company other than their directors' compensation.

Each committee has a written charter that describes its responsibilities. Each of the Audit Committee, the Compensation Committees, and the Nominating and Governance Committee has the authority, as it deems appropriate, to independently engage outside legal, accounting or other advisors or consultants. In addition, each committee annually conducts a review and evaluation of its performance. The current charters of each committee are published on our web site at www.alleghenytechnologies.com and will be mailed to stockholders upon written request.

AUDIT COMMITTEE

The current members of the Audit Committee are Frank V. Cahouet (Chairman), Paul S. Brentlinger (Vice Chairman), Diane C. Creel, James C. Diggs, and William G. Ouchi. The Board of Directors has determined that these committee members have no financial or personal ties to the Company (other than director compensation and equity ownership as described in this proxy statement) and meet the NYSE standards for independence. In addition, the Board of Directors has determined that at least one member of the Audit Committee meets the NYSE standard of having accounting or related financial management expertise.

The Board of Directors has also determined that Frank V. Cahouet meets the SEC criteria of an "audit committee financial expert." Mr. Cahouet's extensive background and experience includes serving as the chief executive officer of two publicly traded banking companies, where he actively supervised the chief financial officer and participated extensively in dealing with accounting, auditing, internal control, and risk management issues. He also served as chief

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form DEF 14A

financial officer of a publicly traded banking company. The Board of Directors has also determined that Paul S. Brentlinger, who is retiring from the Board of Directors at the Annual Meeting, meets the SEC criteria of an "audit committee financial expert."

The Audit Committee assists the Board's oversight of the integrity of ATI's financial statements, ATI's compliance with legal and regulatory requirements, the qualifications and independence of ATI's independent auditors, and

4

the performance of ATI's internal audit function and independent auditors. The Committee has the authority and responsibility for the appointment, retention, compensation and oversight of ATI's independent auditors, including pre-approval of all audit and non-audit services to be performed by the independent auditors.

The independent auditors and the internal auditors have full access to the Committee and meet with the Committee, with, and on a routine basis without, management being present, to discuss all appropriate matters.

The Audit Committee report is at page 15. The charter of the Audit Committee is attached as Appendix A.

FINANCE COMMITTEE

The Finance Committee makes recommendations and provides guidance to the Board regarding major financial policies of the Company. It also serves as named fiduciary of the employee benefit plans maintained by the Company.

NOMINATING AND GOVERNANCE COMMITTEE

The Nominating and Governance Committee is responsible for overseeing corporate governance matters. It oversees the annual evaluation of the Company's Board and its committees. It also recommends to the Board individuals to be nominated as directors. This includes evaluation of new candidates as well as evaluation of current directors who are being considered for re-election. This Committee is also responsible for administering ATI's director compensation programs. The Committee also performs other duties as are described in the ATI Corporate Governance Guidelines.

PERSONNEL AND COMPENSATION COMMITTEE

The Personnel and Compensation Committee, together with the Stock Incentive Award Subcommittee, establishes and annually reassesses the executive compensation program. Their Report on Executive Compensation begins on page 16.

The Personnel and Compensation Committee reviews and approves corporate goals and objectives relevant to CEO compensation, evaluates the CEO's performance in light of those goals and objectives and, together with the Stock Incentive Award Subcommittee, determines and approves the CEO's compensation level (either as a committee or together with the other independent directors, as directed by the Board) based on this evaluation. The Personnel and Compensation Committee, together with the Stock Incentive Award Subcommittee, also makes recommendations to the Board with respect to non-CEO compensation, incentive compensation plans and equity-based plans. The Personnel and Compensation Committee also administers ATI's incentive compensation plans, except to the extent the Stock Incentive Award Subcommittee administers them.

None of the members of the Personnel and Compensation Committee is an employee of the Company and each member is an "outside director" for the purposes of the corporate compensation provisions contained in Section 162(m) of the Internal

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form DEF 14A

Revenue Code.

STOCK INCENTIVE AWARD SUBCOMMITTEE

The Stock Incentive Award Subcommittee is responsible for administering and making awards under ATI's stock-based incentive compensation programs for the Company's officers.

None of the members of the Subcommittee is an employee of the Company. Each member is a "non-employee director" for the purposes of Rule 16b-3 of the Securities and Exchange Commission and an "outside director" for the purposes of the compensation provisions of the Internal Revenue Code.

EXECUTIVE COMMITTEE

The Executive Committee acts on behalf of the Board when an emergency arises or scheduling makes it otherwise difficult for the full Board to convene or on specific actions that the Board refers to this committee.

TECHNOLOGY COMMITTEE

The Technology Committee reviews changing technologies and evaluates how they affect the Company and its technical capabilities.

5

BOARD AND COMMITTEE MEMBERSHIP

During 2003, the Board of Directors held seven meetings. The Board's committees consisted of the seven standing committees described above. In 2003, all directors attended at least 75% of the Board meetings and committee meetings of which they were members, and average attendance at Board and committee meetings was approximately 96%.

The non-management directors meet separately from the other directors in regularly scheduled executive sessions without members of management (except to the extent the non-management directors request the attendance of a member of management). The Chairman of the Board, if non-management, serves as Chair of these meetings. If the Chairman is not non-management or the Chairman so chooses, the position of Chair rotates on a per meeting basis, in the order specified in the ATI Corporate Governance Guidelines, among the non-management Chairs of the Board's committees.

The table below identifies the directors that the Board has determined to be independent and provides Board committee membership as of March 12, 2004. The table also indicates the number of meetings held by each of the Board committees in 2003.

DIRECTOR COMPENSATION

Directors who are not employees of the Company are paid an annual retainer fee of \$28,000. Directors also are paid \$1,500 for each Board meeting and \$1,000 for each committee meeting attended. Each non-employee chairman of a committee is paid an annual fee of \$5,000. Directors who are employees of the Company do not receive any compensation for their services on the Board or its committees. Mr. Bozzone's compensation as Chairman of the Board is a monthly cash retainer of \$11,600 in lieu of Board retainer and meeting fees.

The non-employee directors also participate in the 1996 Non-Employee Director Stock Compensation Plan ("Director Stock Plan"). The purpose of the Director Stock Plan is to provide non-employee directors with an increased personal interest in the Company's performance.

Under the Director Stock Plan, options to purchase 1,000 shares of Common Stock are granted to non-employee directors at the conclusion of each annual meeting of stockholders. The purchase price of the Common Stock covered by these annual options is the fair market value of the Common Stock on the date the option is granted.

6

The Director Stock Plan also provides that each non-employee director is to receive at least 25% of the annual retainer fee in the form of Common Stock and/or options to acquire Common Stock. Each director may elect a greater percentage. The directors also may elect to receive all or a percentage of their meeting fees in the form of Common Stock and/or options to acquire Common Stock. Options granted under this part of the Director Stock Plan are intended to provide each electing director with options having an exercise value on the date of grant equal to the foregone fees; that is, the difference between the exercise price and the market price of the underlying shares of Common Stock on the date of grant is intended to be equal to the foregone fees.

In order to continue to attract and retain non-employee directors of exceptional ability and experience, the Company also maintains a Fee Continuation Plan for Non-Employee Directors. Under the Plan, benefits are payable to a person who serves as a non-employee director for at least five years. The annual benefit equals the retainer fee in effect when the director retires from the Board. Benefits are paid for each year of the participant's credited service as a director (as defined in the Plan) up to a maximum of ten years.

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form DEF 14A

CORPORATE GUIDELINES FOR BUSINESS CONDUCT AND ETHICS

ATI has a code of ethics and business conduct, which we refer to as the Corporate Guidelines for Business Conduct and Ethics, that applies to all directors, officers and employees, including our principal executive officer, our principal financial officer, and our controller and chief accounting officer. ATI has had a code of conduct for many years. We require all directors, officers and employees to adhere to these Corporate Guidelines in addressing legal and ethical issues encountered in their work. The Corporate Guidelines require that our directors, officers and employees avoid conflicts of interest, comply with all laws, conduct business in an honest and ethical manner and otherwise act with integrity in all of their actions by or on behalf of the Company. Our Corporate Guidelines include a code of ethics specifically for our Chief Executive Officer, our Chief Financial Officer and all other financial officers and executives (the "Code of Ethics"), which supplements the general principles set forth in the Corporate Guidelines and is intended to promote honest and ethical conduct, full and accurate reporting, and compliance with laws as well as other matters.

During 2003, our employees were required to certify that they reviewed and understood the Corporate Guidelines. In addition, all officers and managers are required to certify as to their compliance with the standards set forth in the Corporate Guidelines.

The Company encourages employees to communicate concerns before they become problems. We believe that building and maintaining trust, respect and communications between employees and management and between fellow employees is critical to the overriding goal of efficiently producing high quality products, providing the maximum level of customer satisfaction, and ultimately fueling profitability and growth. Only the Audit Committee of the Board of Directors can amend or grant waivers from the provisions of the Guidelines relating to the Company's executive officers and directors and any such amendments or waivers will be promptly posted on our web site at www.alleghenytechnologies.com.

A copy of the Corporate Guidelines for Business Conduct and Ethics, which includes the Code of Ethics, is posted on our web site at www.alleghenytechnologies.com/isd and will be mailed to stockholders upon written request.

NOMINATION OF DIRECTORS

The Board is responsible for recommending director nominees to the stockholders and for selecting directors to fill vacancies between stockholder meetings. The Nominating and Governance Committee recommends candidates to the Board. Stockholders may nominate candidates for election to the Board by following the procedures described in ATI's certificate of incorporation. Stockholder-recommended candidates will not be evaluated on a different basis from other candidates. The provisions of ATI's certificate of incorporation generally require that notice be received by the Corporate Secretary, who will forward the information to the Nominating and Governance Committee of the

Board of Directors for the Committee's consideration, not less than 75 days and not more than 90 days before the first anniversary of the date of the preceding year's annual meeting. For our annual meeting in the year 2005, we must receive this notice on or after February 5, 2005 and on or before February 20, 2005. The notice must contain certain information about the nominee, including his or her age, address, occupation and share ownership, as well as the name, address and share ownership of the stockholder giving notice.

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form DEF 14A

Stockholders may obtain a copy of the full text of the provisions of our certificate of incorporation by writing to the Corporate Secretary, Allegheny Technologies Incorporated, 1000 Six PPG Place, Pittsburgh, PA 15222-5479. A copy of our certificate of incorporation has been filed with the Securities and Exchange Commission. A copy of our certificate of incorporation can also be viewed on our web site at www.alleghenytechnologies.com.

Your letter should indicate that you are an ATI stockholder. Depending on the subject matter, the Corporate Secretary will:

- forward the communication to the Director or Directors to whom it is addressed;
- attempt to handle the inquiry directly as, for example, where it is a request for information about the Company or it is a stock-related matter; or
- not forward the communication if it is primarily commercial in nature or it relates to an improper or irrelevant topic.

At each Board meeting, the Corporate Secretary will present a summary of all communications received since the last meeting that were not forwarded and make those communications available to the Directors on request.

2005 ANNUAL MEETING AND STOCKHOLDER PROPOSALS

Under Rule 14a-8 of the Securities and Exchange Commission, proposals of stockholders intended to be presented at the 2005 Annual Meeting of Stockholders must be received no later than November 23, 2004 for inclusion in the proxy statement and proxy card for that meeting. In addition, the Company's certificate of incorporation provides that in order for nominations or other business to be properly brought before an annual meeting by a stockholder, the stockholder must give timely notice thereof in writing to the Corporate Secretary. To be timely, the provisions of ATI's certificate of incorporation generally require that notice be received by the Corporate Secretary not less than 75 days and not more than 90 days before the first anniversary of the date of the preceding year's annual meeting. For our annual meeting in the year 2005, we must receive this notice on or after February 5, 2005 and on or before February 20, 2005. The notice must contain certain information, including information about the proposal and the interest, if any, of the stockholder who is making the proposal, as well as the name, address and share ownership of the stockholder giving notice.

Stockholders may obtain a copy of the full text of the provisions of our certificate of incorporation by writing to the Corporate Secretary, Allegheny Technologies Incorporated, 1000 Six PPG Place, Pittsburgh, PA 15222-5479. A copy of our certificate of incorporation has been filed with the Securities and Exchange Commission. A copy of our certificate of incorporation can also be viewed on our web site at www.alleghenytechnologies.com.

ELECTION OF DIRECTORS -- ITEM A ON PROXY CARD

The Board of Directors has nominated for election this year three directors, including one incumbent director whose term expires at the 2004 Annual Meeting. H. Kent Bowen was recommended for nomination to the Board by the President and Chief Executive Officer. John D. Turner was recommended for nomination to the Board by a non-management director.

The three nominees who receive the highest number of votes cast will be elected. If you sign and return your proxy card, the individuals named as proxies on the card will vote your shares for the election of the three nominees named below, unless you provide other instructions. You may withhold authority for the proxies to vote your shares on any or all of the nominees by following the instructions on your proxy card. If a nominee becomes unable to serve, the proxies will vote for a Board-designated substitute or the Board may reduce the number of directors.

Background information about the nominees and continuing directors, including their business experience during the past five years, follows.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR
THE ELECTION OF THE THREE NOMINEES.

STOCK OWNERSHIP INFORMATION

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The rules of the Securities and Exchange Commission require the Company to disclose late filings of reports of stock ownership (and changes in stock ownership) by its directors and statutory insiders. To the best of the Company's knowledge, all filings by these individuals were made on a timely basis in 2003.

FIVE PERCENT OWNERS OF COMMON STOCK

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form DEF 14A

As of February 16, 2004, the Company had received notice that the individuals and entities listed in the following table are beneficial owners of five percent or more of Company Common Stock. In general, "beneficial ownership" includes those shares a person has the power to vote or transfer, and options to acquire Common Stock that are exercisable currently or within 60 days.

Name and Address of Beneficial Owner	Amount and Nature of Beneficial Ownership	Percent Class
Citigroup, Inc. 399 Park Avenue New York, NY 10043	7,766,304 (a)	9.6%

RELATIONSHIP WITH INDEPENDENT PUBLIC ACCOUNTANTS

The Audit Committee of the Board of Directors has reappointed Ernst & Young LLP as the independent public accounting firm to audit our financial statements for the fiscal year 2004. In making this appointment, the Audit Committee considered whether the audit and non-audit services Ernst & Young LLP provides are compatible with maintaining the independence of our outside auditors.

Ernst & Young LLP has served as independent auditors for the Company since August 15, 1996 and served as independent auditors for Allegheny Ludlum Corporation since 1980. They have unrestricted access to the Audit Committee to discuss audit findings and other financial matters. The Audit Committee believes that Ernst & Young LLP is knowledgeable about the Company's operations and accounting practices and is well qualified to act in the capacity of independent auditors.

The Audit Committee has adopted a policy that sets forth the manner in which the Audit Committee will review and approve all services to be provided by Ernst & Young LLP before the firm is retained. Under this policy, the engagement terms and fees of all audit services and all audit-related services are subject to the specific pre-approval of the Audit Committee. In addition, while the Committee believes that the independent auditor may be able to provide tax services to the Company without impairing the auditor's independence, going forward, absent unusual circumstances, the Audit Committee does not expect to retain the

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form DEF 14A

independent auditor to provide tax services. Under the policy, the Committee has delegated limited pre-approval authority to the Chairman of the Committee with respect to permitted, non-tax related services; the Chairman is required to report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The Audit Committee pre-approved all non-audit services provided by Ernst & Young LLP in 2003 and 2002.

The fees billed by Ernst & Young LLP for the indicated services performed during 2003 and 2002 were as follows:

SERVICE	2003	2002
Audit fees	\$1,538,000	\$1,309,000
Audit-related fees	206,000	294,000
Tax fees	470,000	312,000
All other fees	--	--
Total	\$2,214,000	\$1,915,000

"Audit fees" consisted of fees related to the annual audit of the Company's consolidated financial statements and review of the financial statements in our Quarterly Reports on Form 10-Q, consultations regarding generally accepted accounting principles, and audit and attestation services related to statutory or regulatory filings.

"Audit-related fees" consisted of fees related to the audits of employee benefit plans and Sarbanes-Oxley planning.

"Tax fees" consisted of fees related to international tax compliance, international tax advice and federal and state tax advice.

Representatives of Ernst & Young LLP will be present at the Annual Meeting. They will be given the opportunity to make a statement if they desire to do so, and they will be available to respond to appropriate questions following the Meeting.

14

REPORT OF AUDIT COMMITTEE

The following is the report of the Audit Committee with respect to the Company's audited financial statements for the year ended December 31, 2003, which include the consolidated balance sheets of the Company as of December 31, 2003 and 2002, and the related consolidated statements of operations, stockholders' equity and cash flows for each of the three years in the period ended December 31, 2003, and the notes thereto (collectively, the "Financial Statements").

Management is responsible for the Company's internal controls and financial reporting process. Ernst & Young LLP ("Ernst & Young"), the Company's independent auditors, are responsible for performing an independent audit of the Company's Financial Statements in accordance with generally accepted auditing standards and for issuing a report. One of the Audit Committee's responsibilities is to monitor and oversee these processes.

The Audit Committee has reviewed, met and held discussions with the Company's

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form DEF 14A

management, internal auditors, and the independent auditors regarding the Financial Statements, including a discussion of quality, not just acceptability, of the Company's accounting principles, and Ernst & Young's judgment regarding these matters.

The Audit Committee discussed with the Company's internal auditors and independent auditors the overall scope and plans for their respective audits. The Audit Committee met with the internal auditors and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Audit Committee has also discussed with Ernst & Young matters required to be discussed by applicable auditing standards.

The Audit Committee has received the written disclosures and the letter from Ernst & Young required by the Independence Standards Board and has also considered the compatibility of non-audit services with Ernst & Young's independence. This information was also discussed with Ernst & Young.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the Financial Statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003 as filed with the Securities and Exchange Commission.

REPORT ON EXECUTIVE COMPENSATION

The Personnel and Compensation Committee and Stock Incentive Award Subcommittee (together referred to as the "Committee") furnish this report on executive compensation. In discussions of stock awards to the named officers in the Summary Compensation Table and other statutory insiders, the term "Committee" refers to the Stock Incentive Award Subcommittee.

EXECUTIVE COMPENSATION CHARACTERISTICS

The Committee believes that total executive compensation at the Company should have the following characteristics:

- It is to be competitive in the aggregate, using a set of business and labor market competitors, including data supplied by Hewitt Associates, a nationally recognized executive compensation consulting firm, to gauge the competitive marketplace. Competitive for these purposes is a target base compensation at the 50th percentile (median) for comparable positions.
- It is to be performance oriented, with a substantial portion of total compensation tied to internal and external measures of Company performance. Superior performance should increase total compensation opportunities to well above the 50th percentile level.
- It is to link compensation to the interests of stockholders by promoting

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form DEF 14A

performance that will enhance stockholder value and providing stock-based incentives.

- It is to promote long-term careers with the Company.

COMPENSATION POLICIES AND PROGRAMS

Consistent with the characteristics outlined above, the Committee has adopted the following policies and programs:

Base salary for all management positions will be at the industry or market median for comparable positions unless there are sound reasons for significant variations. The Committee's judgment is the guiding factor in determinations of base salary, as well as other compensation issues.

Short-term incentives under the Annual Incentive Plan ("AIP") are designed to provide the opportunity to earn a competitive (50th percentile) award, based on the achievement of predefined performance measures. Under the general provisions of the AIP, no compensation is earned if performance falls below preset thresholds but up to 200% of the target award is paid in the case of significant overachievement. The performance measures are based on financial performance achievement and have included achievement of individual performance goals, with a majority of the award based on financial performance. Discretionary adjustments of plus or minus 20% are allowed in cases of individual achievement, so long as aggregate adjustments do not exceed plus 5%.

Long-term incentives: 2003 was a transition year for the Company's long-term incentive compensation programs, in large part due to the effects of the Sarbanes-Oxley Act of 2002 ("Sarbanes-Oxley") on the Company's Stock Acquisition and Retention Program as discussed below.

In 2002, long-term incentives at the Company consisted of three components:

(1) Stock options -- Historically, stock options had been awarded to key employees approved by the Committee, based on the participant's salary grade. An annual number of options to be granted during the year were set at levels generally perceived to be competitive. By the end of 2002, options to purchase 7.9 million shares were outstanding. Over 3.6 million of the options had an exercise price of \$20.00 or more and none of the options outstanding were "in-the-money."

(2) Total Shareholder Return Incentive Compensation Program -- Under the Total Shareholder Return Incentive Compensation Program ("TSRP"), participants receive an award of an opportunity to earn a target number of shares that are earned based on a comparison of the Company's total shareholder return ("TSR") for a three-year performance period with the TSR during such period of a peer group of companies approved by the Board of Directors. The peer group, which consists of publicly held companies that engage in metals or metals-related businesses, is not the same as the peer

16

group indexes used in the performance graph on page 28.

Participants in the TSRP can earn from 50% (at threshold) to a maximum of 200% of the targeted number of shares, depending on the percentile rank of the Company's TSR for the performance period as compared to the TSR of the peer group of companies for the same period. Performance below threshold will earn 0%. Certificates for the earned number of shares of Common Stock, if any, are issued to the participants after the end of the performance period.

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form DEF 14A

(3) Stock Acquisition and Retention Program -- The Stock Acquisition and Retention Program ("SARP"), which was initially implemented in 1994 following stockholder approval of the plan, was designed to encourage key executives to acquire and retain Common Stock. Under the SARP, certain executives could purchase shares of Common Stock in exchange for a fully amortizable, interest-bearing promissory note payable to the Company and the Company would match the purchase with a grant of a certain number of shares of restricted Common Stock. Dividends paid on the purchased and restricted shares were applied to make payments on the notes.

After the enactment of Sarbanes-Oxley in July 2002, the Committee effectively terminated the SARP for all participants so that no further loans or purchases could be made. The Committee also decided that loans outstanding at the effective date of Sarbanes-Oxley would remain in effect on the same terms and conditions as in effect prior to the effective date of Sarbanes-Oxley, and the executives would continue to make monthly payments on the notes in accordance with their terms, until the Committee could determine an appropriate long-term incentive plan to cause the Company's program to be competitive.

The enactment of Sarbanes-Oxley effectively frustrated the purposes of the SARP. The immediate effect of Sarbanes-Oxley was to prevent new loans to senior executives. The termination of the SARP in light of Sarbanes-Oxley prevented formerly SARP-eligible executives from continuing participation in a program with a long-term orientation and, therefore, from participating in the subsequent recovery of the price of the Company's Common Stock. In addition, having the SARP in place significantly limited the ability of the Committee to design and implement an appropriate long-term incentive program.

In 2002, the Committee was advised by its consultant that, due to the suspension of SARP, the long-term compensation portion of the Company's compensation program was no longer competitive. Through 2002 and 2003, the Committee continued to evaluate appropriate replacement long-term incentive compensation programs.

Stock ownership guidelines: In January 2000, the Company adopted stock ownership guidelines for its key executives. The guidelines, which call for a minimum level of stock ownership based on the executive's base salary, are designed to further link these executives' interests to increased stockholder value. The guidelines were adopted in contemplation of the continuation of the SARP. In light of the termination of the SARP as described below, these guidelines were under review.

COMPENSATION IN 2003

In 2003, the Company continued to face difficult business conditions. The Company's long-term incentive compensation programs continued to be in transition. These events had the following effects on the compensation of the Company's executives, including the executives named in the Summary Compensation Table (the "named officers"), other than L. Patrick Hassey who became the President and Chief Executive Officer of the Company on October 1, 2003:

AIP for 2003: In its consideration of performance targets for the 2003 AIP, the Committee took into account the challenging economic conditions facing the Company as well as the Company's cost reduction and expense containment programs and management's action plan. The Committee also considered the adverse effects on employee morale should the Committee not establish an AIP for 2003. The Committee established goals that, individually and in the aggregate, represented substantial challenges to management. For 2003, 50% of the award for AIP participants was based on the achievement of predetermined levels of operating income, 20% was based on cost reductions, 20% was based on managed working capital

achievements, and 10% was tied to the achievement of specific individual objectives. No payments would be made to corporate officers and other corporate executives under the 2003 AIP if operating profit, as defined by the Committee, was less than \$115 million.

After the 2003 fiscal year ended, the Committee determined that, in the aggregate, management had achieved 98% of the cost reduction goals and 95% of the managed working capital targets under the 2003 AIP. Some individual operating companies achieved targeted operating income. However, since the minimum level of operating profit was not achieved, the Committee determined that no awards would be paid to the corporate officers and the other corporate executives under the AIP. Payments were made to participants at individual operating companies that earned their targeted operating profit in 2003 on the terms described in the plan.

Stock option program: In connection with the design of a long-term incentive plan in light of the suspension of the SARP as well as the broad and on-going discussion about stock options as a compensation device, the Committee considered various ways to design a competitive stock-based long-term incentive program. In late 2002, the Committee determined that options would form a part of the ATI long-term compensation program for 2003 and determined a level of annual grants for eligible employees at competitive levels. These options were granted in January and February 2003 at annual grant levels deemed competitive.

TSRP: The Committee determined that there would be a new TSRP performance period starting on January 1, 2003 and ending on December 31, 2005. Under the terms of the TSRP, the Committee selected the eligible participants, established a target number of performance shares for each participant and constructed the peer group of companies for that performance period.

The first three-year performance period under the TSRP, for 2001 through 2003, expired on December 31, 2003. At that time, the Company's percentile ranking was 31.03% compared to the total shareholder return (as defined in the TSRP) of the peer group of companies identified under the TSRP for that performance period. Since the percentile ranking was below the minimum 35% percentile, no amount was paid under the TSRP for the 2001-2003 performance period.

Restricted share award: In March 2003, the Committee made awards of restricted shares of Common Stock relating to calendar year 2002 to certain executives of the Company who would have been eligible to make elections under the SARP in 2002 had the SARP not been suspended in August 2002. These awards were calibrated to equal the opportunities lost in the third and fourth quarters of 2002 by former SARP participants who could not continue in the SARP because of its suspension. The restrictions on the stock lapse on the earliest of (1) March 13, 2008, if the executive is then an employee of ATI, (2) the end of the fiscal year for which ATI first reports positive earnings on an earnings per share basis, or (3) the executive's death, disability or retirement or resignation for good reason (as defined in the restricted stock agreement). Until the SARP was terminated, dividends paid on the restricted shares were applied to pay any outstanding SARP loans.

SARP termination: In August 2003, the Committee elected to complete the termination of the SARP. Participants were permitted to sell shares purchased with SARP loan proceeds in the open market on the condition that the proceeds of the sales would be used to repay the then outstanding SARP loans. The proceeds were insufficient in all cases to fully pay the outstanding SARP loan balances. The Committee directed that the SARP participants be paid a cash termination payment (the "SARP Termination Payment") equal in the respective amounts to the sum of (1) the shortfall of the sales proceeds over loan amounts and (2)

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form DEF 14A

federal, state and local income tax effects of the income described in (1). In connection with the winding up of the SARP, on September 11, 2003, an aggregate of 691,339 shares, previously purchased under the SARP between 1995 and the effective date of Sarbanes-Oxley, were sold by participants to a financial institution in a market transaction; all net proceeds from the sales of these shares were received by the Company and used to reduce balances due under SARP promissory notes. In addition, an aggregate of 501,970 restricted shares granted to the participants under the SARP in prior years

18

as well as options to purchase an aggregate of 836,466 shares of Common Stock previously granted were forfeited by SARP participants. The Company paid the participants the cash SARP Termination Payment, which was then used by each participant, net of individual tax consequences, to repay to the Company all remaining balances owing on the SARP loans. The Committee also determined that no equity compensation would be granted to SARP participants for at least six months. The amount of the SARP Termination Payment used to pay the outstanding loan balances is shown as "All Other Compensation" and the amount of the tax gross-up is included in "Other Annual Compensation" in the Summary Compensation Table below.

Increase in shares available for long-term incentive compensation programs: As the Committee evaluated appropriate long-term compensation programs for the Company's executives, it was concerned about the number of outstanding stock options that were significantly "out-of-the-money." In February 2003, the Committee directed management to develop a plan for Committee review to reduce the option overhang by surrendering options. In September 2003, the Committee approved an offer to permit individuals who held options to purchase Common Stock with exercise prices of \$20.00 or more to voluntarily surrender their options in exchange for a cash payment of \$0.10 per option; since the named officers had forfeited their stock options in connection with the termination of the SARP, they were not eligible to participate in this program. Options to purchase approximately 1.8 million option shares were surrendered to the Company under this program. As a result of these actions, together with the forfeiture of shares of restricted stock and stock options that occurred as a result of the termination of the SARP, the Committee believes that a sufficient number of shares are available to establish an effective, forward looking long-term incentive program.

The long-term incentive plan for 2004 does not include grants of additional options but does include a continuation of the TSRP program and a grant of performance- and time-based restricted shares, in all cases at levels deemed competitive after a review of industry levels. In addition, the Committee has revised the stock ownership guides for the Company's key executives, as follows:

CEO	3 times salary
Executive Officers	2 times salary
Other Key Executives	1 times salary

The executives have until September 2008 to reach the targeted ownership levels.

COMPENSATION OF CHIEF EXECUTIVE OFFICER -- L. PATRICK HASSEY

L. Patrick Hassey became the Company's President and Chief Executive Officer on October 1, 2003. Under the terms of his employment agreement, Mr. Hassey is paid an annual base salary of at least \$850,000, which, according to the Committee's consulting firm, is within the competitive range. Under the agreement, Mr.

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form DEF 14A

Hassey received (a) a target level bonus for the October 1, 2003 to December 31, 2003 time period, and participation in the Company's Annual Incentive Program ("AIP") thereafter; (b) a sign on and retention bonus in the aggregate, after-tax amount of \$500,000 designed to cover the costs of his relocation to Pittsburgh, Pennsylvania; and (c) an initial grant of 120,000 stock options, which was the target award under the Company's stock option program and which vested on the date he became the Company's President and Chief Executive Officer. In addition, Mr. Hassey participates in the TSRP and will participate in any successor to the SARP, when and if adopted, and participates in the Supplemental Pension Plan on the terms outlined below.

COMPENSATION OF FORMER CHIEF EXECUTIVE OFFICER -- JAMES L. MURDY

James L. Murdy retired as the Company's President and Chief Executive Officer effective September 30, 2003.

The amount of the base salary payable to Mr. Murdy in 2003 and the other terms of his compensation (other than amounts relating to the SARP termination) were established in July 2001, when Mr. Murdy became the Company's President and Chief Executive Officer. In April 2003, Mr. Murdy's base salary was reduced by 10%, in view of the difficult

19

business and economic conditions impacting the Company.

For reasons discussed above, no amount was paid to Mr. Murdy or any other corporate executive under the AIP for 2003 and no amounts were paid to Mr. Murdy or any other participant under the TSRP for the 2001-2003 performance period.

In December 2002, Mr. Murdy received an award of an opportunity to earn shares under the TSRP for the 2003-2005 performance period. In January and February 2003, Mr. Murdy received a target level award of options to purchase a total of 120,000 shares of Common Stock under the Company's stock option program, which become exercisable in three annual installments. In March 2003, Mr. Murdy received a grant of 126,882 restricted shares of Common Stock relating to calendar year 2002 under the grants to Company executives who would have been eligible to make elections under the SARP in 2002 had the SARP not been suspended in August 2002.

In September 2003, Mr. Murdy's participation in the SARP was terminated on the terms described above. As a result of this termination, 107,592 shares of Common Stock Mr. Murdy had purchased under the SARP were sold in a market transaction; the net proceeds of this sale were paid to the Company and reduced the balances due under Mr. Murdy's SARP promissory notes. In addition, Mr. Murdy forfeited 71,031 shares of restricted stock previously awarded to him under the SARP and options to purchase 97,819 shares. As a result of the SARP termination, Mr. Murdy was deemed to have received the \$927,280 used to repay the Company all remaining balances owing on his SARP loans, which is included in "All Other Compensation," and \$631,698 for the associated tax gross-up, which is included in "Other Annual Compensation" in the Summary Compensation Table below.

DEDUCTIBILITY OF EXECUTIVE COMPENSATION

Section 162(a) of the Internal Revenue Code imposes limits on tax deductions for annual compensation paid to a chief executive officer and other highly compensated officers unless the compensation qualifies as "performance-based" or is otherwise exempt under the law. The Company's Incentive Plan is intended to meet the deductibility requirements of the regulations promulgated under Section 162(m). The Committee, however, may determine in any year, as it did in 2003 in connection with the one-time sign on and retention bonus and the SARP

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form DEF 14A

Termination Payment, that it would be in the best interests of the Company for certain awards to be paid to the named officers that would not satisfy the requirements of Section 162(m) for deductibility.

EXECUTIVE COMPENSATION

SUMMARY COMPENSATION TABLE

The following Summary Compensation Table sets forth information about the compensation paid by the Company to the Chief Executive Officer and to each of the other four most highly compensated officers required to file reports under Section 16 of the Securities Exchange Act of 1934, as of December 31, 2003, and to James L. Murdy who served as President and Chief Executive Officer prior to his retirement on September 30, 2003 (the "named officers").

Amounts for 2003 include the following one-time payments made on the termination of the SARP (see Report on Executive Compensation above): (1) amounts used to pay taxes the executives incurred on the termination of the SARP are included in Other Annual Compensation, and (2) amounts used to pay the Company outstanding loan balances under the SARP are included in All Other Compensation. The Table does not reflect the forfeitures of shares of restricted stock and stock options that occurred in the SARP termination, as described more fully in the Report on Executive Compensation above and in note (6) below. Most of the remaining amounts in All Other Compensation represent accruals on the Company's financial statements for possible future payments to the named officers under the Supplemental Pension Plan.

The named officers received the following cash compensation for their employment in 2003: Mr. Hassey, \$882,500; Mr. Murdy, \$455,000; Mr. Harshman, \$305,000; Mr. Kittenbrink, \$336,872; Dr. Shilling, \$385,003; and Mr. Walton, \$327,253. In addition, effective April 1, 2003, the Company cancelled various benefits previously provided to Company executives, including financial planning assistance, business-related health and country club memberships, and use of a Company-supplied car.

- (1) Mr. Hassey became President and Chief Executive Officer on October 1, 2003. Prior to October 1, 2003, Mr. Hassey was an outside consultant to ATI executive management. He also served as a non-employee director of the Company from July 1 through September 30, 2003. Mr. Murdy retired as President and Chief Executive Officer on September 30, 2003. The other named officers were named to their respective offices in October 2003.

21

- (2) Includes cash compensation deferred pursuant to the savings portion of the Company's Retirement Savings Plan, a qualified defined contribution plan under Section 401(a) of the Internal Revenue Code. In April 2003, in view of the difficult business and economic conditions impacting the Company, Mr. Murdy's base salary was reduced by 10% and the base salaries of the other named officers who were then employed by the Company were reduced by 5%.
- (3) Includes payments under the Company's Annual Incentive Plan and, for Mr. Hassey, the amount of the sign on and retention bonus payable to him under

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form DEF 14A

his employment agreement. See Employment Agreement and Change in Control Agreements below.

- (4) In accordance with applicable regulations, for 2001 and 2003, the amounts do not include perquisites and other personal benefits received individually by the named officers because the aggregate value of such benefits did not exceed the lesser of \$50,000 or 10% of the total annual salary and bonus for the named officers. For 2003, includes amounts reimbursed for the payment of taxes substantially all of which, for Mr. Hassey, related to the sign on and retention bonus designed to cover the costs of his relocation to Pittsburgh, Pennsylvania, and for the other named officers, related to amounts received in the SARP termination which were then used to repay to the Company balances outstanding on the SARP loans. See Report on Executive Compensation above.
- (5) Represents the market price on the award date of shares of restricted Common Stock awarded to the named officers. For 2002 and 2001, represented restricted shares issued under the SARP, which was effectively terminated in 2002 and wound up in 2003 due to the enactment of Sarbanes-Oxley. Dividends are paid on the restricted shares. Until the SARP was terminated, dividends paid on the restricted shares were applied to the principal balance of any outstanding SARP loans. The total number of restricted shares held by the named officers on December 31, 2003 and the closing market price of such shares (if unrestricted) on the last business day of 2003 were Mr. Harshman, 25,806 shares (\$341,155); Mr. Kittenbrink, 30,108 shares, (\$398,028); Dr. Shilling, 34,409 shares (\$454,887); and Mr. Walton, 29,247 shares (\$386,645). The restrictions on the stock awarded to Mr. Murdy terminated on his retirement as President and Chief Executive Office on September 30, 2003. See Report on Executive Compensation above for a discussion of the SARP termination.
- (6) The restricted shares reported for 2002 and 2001 were included in the restricted shares the named officers forfeited in connection with the SARP termination. See Report on Executive Compensation above. In connection with the SARP termination, the number of restricted shares and stock options forfeited were as follows: Mr. Murdy, 71,031 shares and 97,819 options; Mr. Harshman, 43,998 shares and 33,634 options; Mr. Kittenbrink, 46,438 shares and 55,997 options; Dr. Shilling, 62,329 shares and 62,554 options; and Mr. Walton, 54,481 shares and 89,316 options.
- (7) Reflects options granted under the Company's Incentive Plan. The amount shown represents the number of shares the named officer could purchase by exercising the options. Does not include options to purchase 1,000 shares of Common Stock that Mr. Hassey received as compensation for his service as a non-employee director prior to October 1, 2003.
- (8) For 2001 and 2002, the amounts shown include cash and the closing market price of Common Stock distributed under the Performance Share Plan for the 1999 - 2000 award period. This plan was discontinued and replaced by the Total Shareholder Return Incentive Compensation Plan (the "TSRP") in 2001. No amount was paid under the TSRP for the 2001-2003 performance period.
- (9) For 2003, the principal amount of All Other Compensation consists of amounts the named officers received on the termination of the SARP, the long-term incentive plan terminated in light of Sarbanes-Oxley, which were then used to repay to the Company balances outstanding on the SARP loans, which amounts were: Mr. Murdy, \$927,280; Mr. Harshman, \$457,658; Mr. Kittenbrink, \$546,676; Dr. Shilling, \$752,928 and Mr. Walton, \$737,562. Also includes annual accruals by the Company for possible future payments to the named officers under the Supplemental Pension Plan described under "Pension Plans" on page 25. For 2003, the amounts accrued were: Mr. Hassey, \$103,250; Mr. Murdy, \$629,266; Mr. Harshman, \$25,311; Mr. Kittenbrink, \$34,211; Dr.

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form DEF 14A

Shilling, \$164,331 and Mr. Walton, \$128,118. Following his retirement, in 2003, Mr. Murdy received payments of \$108,333 under the Supplemental Pension Plan. Includes 2003 Company contributions pursuant to the retirement portion of the Company's Retirement Savings Plan to the named officers in the amount of \$13,520 each and the Company's matching contributions pursuant to the savings portion of that Plan in the amount of \$3,542 for Mr. Hassey and in the amount of \$6,000 for the each of other named officers. Includes 2003 Company contributions to the Benefit Restoration Plan, as follows: Mr. Hassey, \$2,583; Mr. Murdy, \$27,475; Mr. Harshman, \$13,025; Mr. Kittenbrink, \$14,687; Dr. Shilling, \$21,425; and Mr. Walton, \$15,361. Under the Benefit Restoration Plan, the Company supplements the payments received by participants under the pension provisions described under "Pension Plans" on page 25 and the Retirement Savings Plan by making payments to or accruing benefits on behalf of the participants in amounts that are equivalent to the portion of the payments or benefits that cannot be paid or accrued under such plans due to limitations imposed by the Internal Revenue Code. Includes the premium cost of group insurance coverage in excess of \$50,000 as follows: Mr. Hassey, \$1,419; Mr. Murdy, \$6,996; Mr. Harshman, \$973; Mr. Kittenbrink, \$1,128; Dr. Shilling, \$3,732; and Mr. Walton, \$4,810. Also includes the Company cash contribution under the employee stock purchase plan, as follows: Mr. Murdy, \$700; Mr. Harshman, \$1,200; and Mr. Walton, \$300. Does not include consulting fees of \$119,000 or directors fees of \$15,004 earned by Mr. Hassey prior to his employment by the Company.

- (1) Stock options generally become exercisable in three annual installments beginning one year after the date of grant. Options include the right to pay the exercise price in cash, Common Stock or a combination, and the right to have shares withheld by the Company to pay withholding tax obligations due on the exercise.
- (2) Options were granted on January 24, 2003, and February 12, 2003, to the named officers except for Mr. Hassey who was granted options effective October 1, 2003, when he became President and Chief Executive Officer. Does not include options to purchase 1,000 shares of Common Stock that Mr. Hassey received as compensation for his service as a non-employee director prior to October 1, 2003.
- (3) These assumed "potential realizable values" are mathematically derived from certain prescribed rates of stock price appreciation. The actual value of these option grants depends on the future performance of the Common Stock and overall stock market conditions. The values reflected in this table may not be achieved.
- (4) No gain to the optionees is possible without stock price appreciation, which will benefit all stockholders commensurately.

- (1) The "value" of unexercised options is calculated by subtracting the exercise price per share from \$13.335, which was the average of the high and low sales prices of a share of Company Common Stock on the New York Stock Exchange on the last business day of 2003.
- (2) Includes options to purchase 1,000 shares of Common Stock that Mr. Hassey received as compensation for his service as a non-employee director prior to October 1, 2003.

In connection with the termination of the SARP, named officer participants forfeited 339,320 options previously granted to them.

LONG-TERM INCENTIVE PROGRAM

The following table sets forth information about awards for the 2003-2005 performance period established in 2003 under the Total Shareholder Return Incentive Compensation Program ("the TSRP").

The amounts included in the Estimated Future Payouts columns represent the potential issuance of Common Stock to the named officers depending on the level of achievement (i.e., threshold, target or maximum) of the performance goals for the three-year performance period. Participants will not receive any shares of Common Stock under the program if the Company does not achieve the threshold level of performance objectives during the performance period.

Total Shareholder Return Incentive Compensation Program -- Awards In 2003

NAME	NUMBER OF SHARES, UNITS OR OTHER RIGHTS	PERFORMANCE OR OTHER PERIOD UNTIL MATURATION OR PAYOUT (1)	ESTIMATED UNDER NON-STO THRESHOLD (#)
L. P. Hassey.....	61,893 (2)	2003-2005	30,947 (2)

J. W. Shilling.....	32,362	2003-2005	16,181
J. D. Walton.....	27,508	2003-2005	13,754

(1) The amount of the award is based on base salary at the beginning of the performance period. At the time the award opportunity was set, the awards were denominated in shares of Common Stock (with the number of shares based on average price of a share of Common Stock on the New York Stock Exchange for a fixed period immediately prior to the beginning of the performance period).

(2) Amounts were pro-rated because Mr. Hassey's employment began on October 1, 2003.

(3) Following his retirement on September 30, 2003, the award payable to Mr. Murdy was reduced by 75% to a threshold award of 7,889 shares, a target award of 15,777 shares and a maximum award of 31,554 shares.

PENSION PLANS

The Company maintains a qualified defined benefit pension plan, called the Allegheny Technologies Incorporated Pension Plan ("ATI Pension Plan"), which has a number of benefit formulas that apply separately to various groups of employees and retirees. In general, the variances among formulas are determined by work location and job classification. Major differences include whether the employee was employed by Allegheny Ludlum Corporation ("Allegheny Ludlum") or Teledyne, Inc. ("TDY") at the time those corporations engaged in a business combination to form the Company in 1996 and whether the employee is an executive officer of the Company. Mr. Hassey does not participate in the ATI Pension Plan.

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form DEF 14A

The benefits payable from a qualified defined benefit plan are limited by the Internal Revenue Code. The Company has established non-qualified plans to restore benefits to employees affected by those limitations. Messrs. Hassey, Kittenbrink and Walton do not participate, and Mr. Murdy did not participate, in the defined benefit portion of the restoration plans.

The following table shows the estimated annual benefits calculated on a straight life annuity basis payable under the provisions of the ATI Pension Plan generally applicable to Allegheny Ludlum employees with the corresponding defined benefit portion of the benefit restoration plan for salaried participants in specified compensation and years of service classifications upon attainment of age 65:

* The set of formulas used to determine retirement benefits under the pension provisions applicable to employees of Allegheny Ludlum considers the participant's annual eligible earnings in the highest five consecutive years of the last ten years prior to retirement at an accrual rate per year of service not to exceed limitations under applicable law multiplied by years of service recognized under the ATI Pension Plan. Eligible earnings include base salary, including tax-deferred contributions by the employee under the Company's savings plans, and awards, when received, under the Company's short-term incentive plans. Benefits are integrated with social security.

* The formula considers the participant's annual eligible earnings in the highest five consecutive years of the last ten years prior to retirement, and the participant's years of service, except for employee participants in the corporate headquarters, which uses years of service to 1998. Eligible earnings include base salary, including tax-deferred contributions by the employee under the Company's savings plans, and awards, when received, under the Company's short-term incentive plans. Benefits are integrated with social security.

Certain executive officers of the Company, excluding Mr. Hassey, participate in the ATI Pension Plan at specified, actuarially determined accrual rates per year that do not exceed annual accrual rates permitted under the Internal Revenue Code. The monthly straight life annuity value is determined by multiplying (1) the highest rate of monthly compensation in the five years prior to retirement after giving effect to applicable limitations on compensation imposed by Section 401(a)(17) of the Internal Revenue Code by (2) the specified accrual rate and then by (3) years of service not in excess of 30. Benefits are not subject to offset for Social Security or other third party benefits. These benefits are subject to further reduction to comply with any applicable limitation under the Internal Revenue Code. Mr. Murdy retired on September 30, 2003 with 15.33 years of credited service under the ATI Pension Plan. As of December 31, 2003, credited years of service recognized under the ATI Pension Plan were 30.92 for Dr. Shilling, 11.67 for Mr. Kittenbrink, 17.83 for Mr. Walton and 25.67 for Mr. Harshman.

In addition, the Company has established a Supplemental Pension Plan that provides certain key employees of the Company and its subsidiaries, including the named officers (or their beneficiaries in the event of death), with monthly payments in the event of retirement, disability or death, equal to 50% of monthly base salary as of the date of retirement, disability or death. Monthly retirement benefits start following the end of the two-month period after the later of (1) age 62, if actual retirement occurs prior to age 62 but after age 58 with the approval of the Board of Directors, or (2) the date actual retirement occurs and generally continue for a 118-month period. With respect to Mr. Hassey, one year of payments is accrued for each year of service, to a maximum of 10 years. The plan describes the events that will terminate an employee's participation in the plan. In 2003, following his retirement as President and Chief Executive Officer, Mr. Murdy received payments of \$108,333 under the Supplemental Pension Plan. Since the payment of benefits to the employee participants is contingent on future events, the amount to be paid in the future with respect to such officers cannot be determined at this time.

EMPLOYMENT AND CHANGE IN CONTROL AGREEMENTS

In August 2003, the Company entered into an employment agreement with L. Patrick Hassey in connection with his employment as President and Chief Executive Officer, effective October 1, 2003. Under the terms of his employment agreement, Mr. Hassey is paid an annual base salary of at least \$850,000. Under the agreement, for 2003, Mr. Hassey received (a) a target level bonus for the

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form DEF 14A

October 1, 2003 to December 31, 2003 time period, and participation in the Company's Annual Incentive Program thereafter; (b) a sign on and retention bonus in the aggregate, after-tax amount of \$500,000 designed to cover the costs of his relocation to Pittsburgh, Pennsylvania; and (c) an initial grant of 120,000 stock options, which was the target award amount under the Company's stock option program and which vested on the date he became the Company's President and Chief Executive Officer. In addition, Mr. Hassey is entitled to participate in the Company's other executive compensation programs, including the TSRP and the Supplemental Pension Plan on the terms outlined above, and will participate in any successor to SARP, when and if adopted. The agreement provides that if the Company terminates Mr. Hassey's employment for reasons other than cause or he resigns for good reason (as such terms are defined in the employment agreement), Mr. Hassey will receive a cash severance payment equal to three times the sum of his annual base salary plus the amount of AIP payable for the year at the greater of actual-to-date performance or target; all accrued benefits; acceleration of the vesting of stock options and stock-based rights; earned but not yet paid TSRP or other equity-based awards; unless such termination or resignation occurs after a change of control. If such termination or resignation occurs within one year after a change of control, Mr. Hassey will receive payments with respect to the TSRP for the completed and uncompleted performance periods, equity-based awards will vest at the target level of performance, and he will be reimbursed for taxes, including excise taxes, assessed.

The Company entered an employment agreement with Mr. Walton in connection with the combination of Allegheny Ludlum and Teledyne in 1996. The agreement provides for the payment of base salary as well as for eligibility to participate in incentive compensation, equity, employee and fringe benefit plans offered to senior executives of the Company. By its terms, the agreement renews automatically each month absent notice from one party to the other, so that the then remaining term is one year. The agreement generally terminates prior to the expiration date without breach by any party in the event of Mr. Walton's death, disability or voluntary resignation. The Company may also terminate the agreement for cause without breach by it. Mr. Walton may resign for good reason (which is defined to include demotion, reduction in base pay or movement of corporate headquarters) and receive severance payments equal to the base pay and bonus, determined based on actual financial results, as well as continued participation in certain compensation and employee benefit plans, for one year, including certain supplemental pension benefits.

In 2000, the Company entered into change in control severance agreements, as amended, with the named officers other than Mr. Hassey and other key employees to assure the Company that it will have the continued support of the executive and the availability of the executive's advice and counsel notwithstanding the possibility, threat or occurrence of a change in control (as defined in the agreement). In general, the agreements provide for the payment of severance benefits if a change in control occurs and within 24 months after the change in control either the Company terminates the executive's employment with the Company without cause (as defined) or the executive terminates employment with the Company for good reason (as defined). Severance compensation includes a multiple of base salary (three for Messrs., Harshman, Kittenbrink, Shilling, and Walton), certain accrued benefits, a prorated payment of an incentive bonus equal to that which would have been paid had the Company achieved 120% of target, a lump-sum payment under the long-term incentive program based on the Company's performance for completed years and for future years assuming that the Company would have achieved 120% of target, the continuation of welfare benefits for 36 months and reimbursement for outplacement services. The agreements also provide for the vesting of outstanding options and provided for the lifting of restrictions on stock awarded under the SARP. The agreements have a term of three years, which three-year term will continue to be extended until either party gives written notice

that it no longer wants to continue to extend the term. If a change of control occurs during the term, the agreements will remain in effect for the longer of three years or until all obligations of the Company under the agreements have been fulfilled. In 2003, the Change of Control Agreement between the Company and Mr. Murdy, which would otherwise expire on the date of his retirement, was amended to continue into retirement the provision that, in the event of a change of control, Mr. Murdy's then balance under the Supplemental Pension Plan would be paid in a single, lump sum cash payment.

CUMULATIVE TOTAL STOCKHOLDER RETURN

The graph set forth below shows the cumulative total stockholder return (i.e., price change plus reinvestment of dividends) on the Common Stock from December 31, 1998 through December 31, 2003 as compared to the S&P 500 Index and the S&P Iron & Steel Index. The graph assumes that \$100 was invested on December 31, 1998.

On November 29, 1999, the Company completed the transformation, which included the spin-offs of Teledyne Technologies Incorporated (NYSE: TDY) and Water Pik Technologies, Inc. (NYSE: PIK). In the spin-offs, holders of record on November 22, 1999 received one Teledyne Technologies share for each seven shares of Company Common Stock and one Water Pik share for each twenty shares of Company Common Stock, based on the number of shares of Company Common Stock they held prior to the one-for-two reverse stock split. Therefore, the value illustrated above from the period December 1999 through December 2003, does not include Teledyne Technologies and Water Pik Technologies.

CERTAIN TRANSACTIONS

Certain Relationships. The Company does business with entities on whose boards certain of the Company's directors serve. The Board, through the Nominating and Governance Committee, has reviewed each of these relationships and has concluded that each are done in the normal course of business, that none interferes with the exercise of independent judgment by any of the Company's independent directors, and none requires any additional disclosure.

Family Relationship. Terry L. Dunlap, President of Allegheny Ludlum Corporation, is a member of the immediate family of Robert P. Bozzone, Chairman. During 2003, Mr. Dunlap received cash compensation of \$221,375 and participated in various

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form DEF 14A

compensation programs described in this proxy statement.

Kirkpatrick & Lockhart LLP. The Company retained the law firm of Kirkpatrick & Lockhart LLP to perform services for the Company during 2003 and 2004. Charles J. Queenan, Jr., a member of the Company's Board of Directors, is senior counsel to that law firm. See "Compensation Committee Interlocks and Insider Participation" on page 20.

Loans under Stock Acquisition and Retention Program. Under the terms of the Company's Stock Acquisition And Retention Program ("SARP"), prior to the effective date of Sarbanes-Oxley, eligible participants were entitled to deliver a fully amortizable, interest-bearing promissory note, payable to the Company, as payment for the purchase price of shares of Common Stock purchased under the program. Each note had a term of not more than 10 years and was secured by the shares of Common Stock being purchased with the note. Interest accrued on the notes at a rate, as determined on the applicable purchase date, equal to the lesser of the average borrowing rate of the Company or the prime lending rate of PNC Bank, but not lower than the minimum rate necessary to avoid imputed interest under applicable federal income tax laws. The SARP was terminated in 2003 and all notes were fully repaid on termination of the SARP. The largest amount of indebtedness outstanding under the programs during the 2003 fiscal year were \$1,755,691 for Mr. Murdy, \$833,581 for Mr. Harshman, \$969,479 for Mr. Kittenbrink, \$1,373,347 for Dr. Shilling, \$1,311,779 for Mr. Walton, and \$93,077 for Mr. Dunlap, President of Allegheny Ludlum Corporation, and a member of Mr. Bozzone's immediate family. No amounts of indebtedness were outstanding as of December 31, 2003.

AUDIT COMMITTEE CHARTER

The Board of Directors shall appoint annually the Audit Committee (the "Committee") and appoint its Chairman. Members of the Committee shall serve at the will of the Board of Directors.

COMPOSITION

The Committee shall be comprised of three or more directors, and shall meet the size, independence and financial literacy and expertise requirements of the New York Stock Exchange ("NYSE"), of Section 10A(m)(3) of the Securities and Exchange Act of 1934 (the "Exchange Act") and the rules and regulations promulgated by the Securities and Exchange Commission ("SEC"), as may be in effect from time to time. The Board of Directors shall endeavor to appoint at least one member to the Committee who is an "audit committee financial expert" as defined by the SEC.

Committee members shall not simultaneously serve on the audit committees of more than two other companies without first obtaining approval from the Company's Board of Directors.

PURPOSE

The Committee's primary purpose shall be to assist the Board of Directors' oversight of (i) the integrity of the financial statements of the Company, (ii) the Company's compliance with legal and regulatory requirements, (iii) the qualifications and independence of the Company's independent accountants engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company ("independent accountants") and (iv) the performance of the Company's internal audit function and independent accountants. The Committee shall also prepare the audit committee report required by the SEC to be included in the Company's annual proxy statement. The Committee shall also perform such other duties and responsibilities set forth in and consistent with this Charter.

AUTHORITY

The Committee shall have the authority to review and investigate any matter or activity involving financial accounting, reporting, conflict of interest, or internal controls of the Company. The Committee shall have the authority to obtain advice and assistance from outside legal, accounting or other advisors without seeking approval from the Board of Directors. The Company shall provide appropriate funding to the Committee for payment of (i) the compensation of any registered accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company, (ii) compensation to any advisors employed by the Committee and (iii) the Committee's ordinary administrative expenses that are necessary or appropriate in carrying out its duties.

DUTIES AND RESPONSIBILITIES

The Committee shall:

1. Lead the Board of Directors in fulfilling its statutory and fiduciary responsibilities for fiscal examinations of the Company and in monitoring management's and the independent accountants' participation in the Company's accounting and financial reporting process.
2. Review the Company's administrative, operational and internal accounting controls and its prescribed fiscal procedures, financial controls and codes of conduct with the independent accountants and the Company's financial management.

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form DEF 14A

3. Exercise sole authority to appoint, retain, compensate, oversee, evaluate and terminate the Company's independent accountants considering, among other things, the independence and effectiveness of the independent accountants. The Committee shall resolve all disagreements between the Company's management and the independent accountants regarding financial accounting. The independent accountants shall report directly to the Committee. The Committee shall exercise sole authority to pre-approve all auditing services and permitted non-audit services

A-1

(including the fees and terms thereof) to be performed for the Company by its independent accountants, subject to the de minimis exception for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act which are approved by the Committee prior to the completion of the audit. The Committee shall not engage the independent accountants to perform non-audit services prohibited by law or regulation. The Committee shall consult with management but shall not delegate these responsibilities to management, and shall be directly responsible for the resolution of disputes between management and the independent accountants regarding financial reporting. The Committee may form and delegate authority to subcommittees consisting of one or more members when appropriate, including the authority to grant pre-approvals of audit and permitted non-audit services, provided that decisions of such subcommittees to grant pre-approvals shall be presented to the full Committee at its next scheduled meeting.

4. At least annually, obtain and review a report from the Company's independent accountants describing (a) the accountants' internal quality-control procedures, (b) any material issues raised by the most recent quality-control review, or peer review, of the accountants, or by any inquiry or investigation by governmental or professional authorities within the preceding five years respecting one or more independent audits carried out by the accountants, and any steps taken to deal with these issues, and (c) all relationships between the independent accountants and the Company (to be used as an aid in assessing the accountants' independence). Obtain the written statement from the independent accountants that the accountants are required to furnish to the Committee under Independence Standards Board Standard No. 1. At least annually, present its conclusions with respect to the independent accountants to the Board of Directors.
5. Obtain from the independent accountants assurance that Section 10A of the Exchange Act has been adhered to.
6. Review the report from the independent accountants required by Section 10A of the Exchange Act describing, as to any audit it performs:
 - (a) all critical accounting policies and practices to be used;
 - (b) all alternative treatments of financial information within GAAP that have been discussed with management, ramifications of the use of such alternatives, and the treatment preferred by the independent accountants; and
 - (c) other material written communications between the independent accountants and management, such as any management letter or schedule of unadjusted differences.
7. Set clear Company policies as to the hiring of employees or former employees of the Company's independent accountants.

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form DEF 14A

8. Discuss the Company's earnings press releases (paying particular attention to any use of "pro forma" or "adjusted" non-GAAP information), as well as financial information and earnings guidance provided to analysts and rating agencies, in the manner required by the NYSE. This discussion may be done generally, such as discussing the types of information to be disclosed and the types of presentations to be made. Prior to the issuance of the Company's release of quarterly and annual earnings, the Committee shall review with the independent accountants, the senior internal audit executive and management of the Company the results of each quarterly review and annual audit and any other matters required to be communicated to the Committee by the independent accountants under generally accepted auditing standards.
9. Review and discuss with management, the senior internal audit executive and the independent accountants the Company's annual audited financial statements and quarterly financial statements, as well as related SEC reports, including the Company's disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations," for their adequacy and compliance with generally accepted accounting, reporting and disclosure principles. Discuss with the independent accountants its independent judgment about the quality and acceptability of accounting principles that were used, the reasonableness of significant judgments that were used, and the clarity of the disclosure in the financial statements. Recommend to the Board of Directors

A-2

whether, based on discussions with management, the senior internal audit executive and the independent accountants, the financial statements shall be included in the Company's Annual Report on Form 10-K.

10. Provide annually to the Board of Directors (a) the report of the Committee, for inclusion in the Company's annual meeting proxy statement, which includes the written statement required to be made by the Committee in order to comply with proxy reporting obligations and (b) such written affirmation regarding the Committee as is required currently by the NYSE.
11. Review the scope and staffing of the annual audit plan and other activities and proposed fees of the independent accountants.
12. Review the scope and staffing of the annual internal audit plan and other activities of the Company's internal audit function.
13. Evaluate the effectiveness of the Company's internal and external audit efforts, accounting and financial controls, policies and procedures, and compliance with business ethics policies and practices through a review of reports by, and at regular meetings with, the internal auditors, the independent accountants and management, as appropriate. Periodically meet separately with management, the internal auditors and the independent accountants.
14. Discuss with the independent accountants matters relating to the scope and results of the independent accountants' audit that the independent accountants are required to provide to the Committee under Statement on Auditing Standards No. 61 as amended by Statement on Auditing Standards No. 90, and applicable professional standards.
15. Regularly review with the independent accountants any audit problems or difficulties and management's response, including any restrictions on the scope of the independent accountants' activities, restrictions on access to requested information and any significant disagreements with management. Review with the independent accountants: (a) any accounting adjustments that

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form DEF 14A

were noted or proposed by the independent accountants but were "passed," (b) any communications between the audit team and the accounting firm's national office respecting auditing or accounting issues presented by the engagement, (c) any "management" or "internal control" letter issued, or proposed to be issued, by the accountants to the Company and (d) the responsibilities, budget and staffing of the Company's internal audit function.

16. Discuss with management the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures, including the Company's risk assessment and risk management guidelines and policies.
17. Review: (a) major issues regarding accounting principles and financial statement presentations, including any significant changes in the Company's selection or application of accounting principles, and major issues as to the adequacy of the Company's internal controls and any specific audit steps adopted in light of material control deficiencies; (b) analyses prepared by management and/or the independent accountants setting forth significant financial reporting issues and judgments made in connection with the preparation of financial statements, including analyses of the effects of alternative GAAP methods on the financial statements; (c) the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, if any, on the financial statements of the Company; and (d) disclosures made to the Committee and independent accountants by the Company's CEO and CFO during their certification process for the Form 10-K and Form 10-Q about any significant deficiencies in the design or operation of internal controls or material weaknesses therein and any fraud, whether or not material, involving management or other employees who have a significant role in the Company's internal controls.
18. Review the appointment and replacement of the senior internal auditing executive of the Company.
19. Establish procedures for (a) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls, or auditing matters, and (b) the

A-3

confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.

20. Discuss with the Company's General Counsel (a) legal matters that may have a material impact on the financial statements, (b) the Company's compliance policies, (c) any material reports or inquiries received from regulators or governmental agencies and (d) any reports of material violations of securities laws or breaches of fiduciary duty.
21. Review reports and disclosures of insider and affiliated party transactions.
22. Annually, review and reassess the adequacy of the Committee Charter and submit it and recommend any proposed changes to the Board of Directors for approval.
23. Annually review the performance of the Committee.

LIMITATION OF COMMITTEE'S ROLE

Notwithstanding that the Committee has the duties and responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form DEF 14A

principles and applicable rules and regulations. Management is responsible for preparing the Company's financial statements and the independent accountants are responsible for auditing those financial statements.

MEETINGS

The Committee shall hold at least four meetings each year and others as deemed necessary by its chairman. The Committee shall report regularly to the Board of Directors.

As a Plan participant, you have the right to direct Mellon Bank, N.A., the Plan Trustee, how to vote the shares of Allegheny Technologies Common Stock that are allocated to your Plan account and shown on the attached voting instruction card. The Trustee will hold your instructions in complete confidence except as may be necessary to meet legal requirements.

You may vote by telephone, Internet or by completing, signing and returning the voting instruction card (above). A postage-paid return envelope is enclosed.

The Trustee must receive your voting instructions by May 3, 2004. If the Trustee does not receive your instructions by May 3, 2004, the plan administrator may instruct the Trustee to vote your shares as the administrator directs.

You will receive a separate set of proxy solicitation materials for any shares of Common Stock you own other than your Plan shares. Your non-plan shares must be voted separately from your Plan shares.
