### RISK FACTORS

Before you invest in our common stock, you should read the risks, uncertainties and factors that may adversely affect us that are discussed under the captions "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Risk Factors and Cautionary Statement For Purposes of the "Safe Harbor" Provisions of the Private Securities Litigation Reform Act of 1995" in our Annual Report on Form 10-K for the year ended December 31, 2002, as amended, which is incorporated by reference into this prospectus, as well as the following additional risk factors.

WE MAY HAVE DIFFICULTY ACCESSING CAPITAL ON ATTRACTIVE TERMS OR AT ALL.

In response to the occurrence of several recent events, including the September 11, 2001 terrorist attack on the United States, the ongoing war against terrorism by the United States, the bankruptcy of Enron Corp., one of our major competitors, and the war in Iraq, the financial markets have been disrupted in general, and the availability and cost of capital for our business and that of our competitors has been adversely affected. In addition, the bankruptcy of Enron and the decline in the energy trading industry have caused the credit ratings agencies to review the capital structure and earnings power of energy companies, including ours. Our credit ratings are important to us, and credit downgrades or rating agency actions have an impact on our ability to access capital and the costs of that capital. In December 2001, we announced our balance sheet enhancement plan to strengthen our capital structure and enhance our liquidity. In May 2002, we announced our strategic repositioning plan to limit our investment in and exposure to energy trading and to increase our investment in our core natural gas businesses. These plans were specifically designed to maintain or even improve our credit ratings. Through a series of ratings actions in the third and fourth quarters of 2002, Moody's and Standard and Poor's downgraded our senior unsecured debt to Ba2 and BB-, respectively (both "below investment grade" ratings), and stated that our ratings outlook is negative. Moody's and Standard and Poor's ratings actions required us to post additional cash and other collateral in connection with several of our existing contractual obligations, including obligations related to our commercial trading activities and our financial guarantees and other financing arrangements. On February 5, 2003, we announced our 2003 Operational and Financial Plan pursuant to which we will continue to seek additional asset sales in order to further strengthen our financial position. During February 2003, the ratings assigned to our senior unsecured debt were further downgraded, to Caal by Moody's and B by Standard & Poor's, and we remain on negative outlook at both agencies. Our business is capital intensive, and achievement of our growth targets is dependent, at least in part, upon our ability to access capital at rates and on terms we determine to be attractive. If our ability to access capital becomes significantly constrained, our financial condition and future results of operations could be significantly adversely affected.

WE MAY NOT ACHIEVE ALL OF THE OBJECTIVES SET FORTH IN OUR 2003 OPERATIONAL AND FINANCIAL PLAN IN A TIMELY MANNER OR AT ALL.

Our ability to achieve the stated objectives of our 2003 Operational and Financial Plan, as well as the timing of their achievement, if at all, is subject to factors beyond our control, including our ability to raise cash from asset sales, which may be impacted by our ability to locate potential buyers in a timely fashion and obtain a reasonable price or by competing assets sales

## Edgar Filing: EL PASO CORP/DE - Form S-3

programs by our competitors. If we fail to timely achieve that plan, our liquidity or financial position could be materially affected.

### EL PASO CORPORATION

We are an energy company originally founded in 1928 in El Paso, Texas. Our principal operations include:

- o natural gas transportation, gathering, processing, and storage;
- o natural gas and oil exploration, development and production;
- o power generation;
- o energy and energy-related commodities and product marketing;
- o energy infrastructure facility development and operation;
- o petroleum refining; and
- o chemicals production.

Our operations are segregated into four primary business segments: Pipelines, Production, Field Services and Merchant Energy. These segments are strategic business units that provide a variety of energy products and services. We manage each segment separately, and each segment requires different technology and marketing strategies.

## Edgar Filing: EL PASO CORP/DE - Form S-3

Our Pipelines segment owns or has interests in approximately 60,000 miles of interstate natural gas pipelines in the U.S. and internationally. In the U.S., our systems connect the nation's principal natural gas supply regions to the five largest consuming regions in the U.S.: the Gulf Coast, California, the Northeast, the Midwest and the Southeast. These pipelines represent one of the largest integrated coast-to-coast mainline natural gas transmission systems in the U.S. Our U.S. pipeline systems also own or have interests in approximately 440 Bcf of storage capacity used to provide a variety of services to our customers and own and operate a liquefied natural gas (LNG) terminal at Elba Island, Georgia. Our international pipeline operations include access between our U.S. based systems and Canada and Mexico as well as interests in three operating natural gas transmission systems in Australia.

Our Production segment conducts our natural gas and oil exploration and production activities. Domestically, we lease approximately 4 million net acres in 16 states, including Louisiana, Oklahoma, Texas and Utah, and in the Gulf of Mexico. We also have exploration and production rights in Australia, Bolivia, Brazil, Canada, Hungary, Indonesia and Turkey. During 2002, daily equivalent natural gas production exceeded 1.6 Bcfe/d, and our reserves at December 31, 2002, were approximately 5.2 Tcfe.

Our Field Services segment conducts our midstream activities. Our primary asset in this segment is our investment in GulfTerra Energy Partners L.P. (GulfTerra), formerly El Paso Energy Partners. GulfTerra is a publicly traded master limited partnership for which our subsidiary serves as general partner. We also own 21 processing plants and related gathering facilities located in the south Texas, south Louisiana and Rocky Mountain regions.

Our Merchant Energy segment consists of three primary divisions: global power, petroleum and energy trading. We are a significant owner of electric generating capacity and own or have interests in 88 power plants in 18 countries. We operate three refineries that have the capacity to process approximately 438 MBbls of crude oil per day and produce a variety of petroleum products. We also produce

5

agricultural and industrial chemicals at four facilities in the U.S. and one in Canada. On November 8, 2002, we announced our plan to exit the energy trading business and pursue an orderly liquidation of our trading portfolio as a result of diminishing business opportunities and higher capital costs for this activity. On February 5, 2003, we announced our intent to sell our remaining petroleum and chemicals assets, except for our Aruba refinery, as well as reduce our involvement in the LNG business. On April 23, 2003, we announced that we would pursue the sale of our Aruba refinery in addition to our previously announced petroleum asset sales.

Our principal executive offices are located in the El Paso Building, located at 1001 Louisiana Street, Houston, Texas 77002, and our telephone number at that address is (713) 420-2600.

### USE OF PROCEEDS

We will not receive any of the proceeds from the sale of the contributed shares offered by this prospectus. The selling stockholder will receive all of the proceeds. We will bear the costs of registering the contributed shares under the Securities Act

### SELLING STOCKHOLDER

## Edgar Filing: EL PASO CORP/DE - Form S-3

We maintain the El Paso Corporation Benefits Protection Trust for the purpose of securing payment of liabilities under certain of our employee benefit plans. The trust consists of a trustee expense account, which is used to pay the fees and expenses of the trustee, and a benefit account, which is used to make payments to participants and beneficiaries in the participating plans. After a change in control (as defined in the Trust Agreement), the selling stockholder may, at its discretion, sell any or all of the contributed shares held in the benefit account. The net proceeds from all such sales will be used to discharge and pay the obligations described above.

The trust is revocable by us at any time before a "threatened change in control" (which is generally defined to include the commencement of actions that would lead to a "change in control") as to assets held in the trustee expense account, but is not revocable as to assets held in the benefit account at any time. The trust generally becomes fully irrevocable as to assets held in the trust upon a threatened change in control. The trust is a grantor trust for federal tax purposes, and assets of the trust are subject to claims by our general creditors in preference to the claims of plan participants and beneficiaries.

The trust generally may be amended or terminated at any time, provided that no amendment or termination may result, directly or indirectly, in the return of any assets of the benefit account to us prior to the satisfaction of all liabilities under the participating plans, and no amendment may be made unless we, in our reasonable discretion, believe that such amendment would have no material adverse effect on the amount of benefits payable under the trust to participants. In addition, no amendment may be made after the occurrence of a change in control which would (i) permit us to withdraw any assets from the trustee expense account, (ii) directly or indirectly reduce or restrict the trustee's rights and duties under the trust, or (iii) permit us to remove the trustee following the date of the change in control.

As of the date of this prospectus, the trust beneficially owned 1,739,264 shares of our common stock. The selling stockholder may sell up to 1,739,264 shares of our common stock pursuant to this offering, and assuming that all such contributed shares are sold, the trust will beneficially own none of the outstanding shares of our common stock after this offering. However, the selling stockholder may sell all, some or none of the contributed shares. Accordingly, we cannot provide an estimate of the number of shares of our common stock that the selling stockholder will hold in the future. The address for the trustee is Deutsche Bank, Attention: Jaclyn Winter, 280 Park Avenue, 9 West, New York, NY 10017.

6

##### ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS.

Section 145 of the Delaware General Corporation Law (the "DGCL") provides that a corporation may indemnify directors and officers as well as other employees and individuals against expenses (including attorneys' fees), judgments, fines, and amounts paid in settlement in connection with specified actions, suits, proceedings whether civil, criminal, administrative, or

## Edgar Filing: EL PASO CORP/DE - Form S-3

investigative (other than action by or in the right of the corporation - a "derivative action"), if they acted in good faith and in a manner they reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe their conduct was unlawful. A similar standard is applicable in the case of derivative actions, except that indemnification only extends to expenses (including attorneys' fees) incurred in connection with the defense or settlement of such action, and the statute requires court approval before there can be any indemnification where the person seeking indemnification has been found liable to the corporation. The statute provides that it is not exclusive of other indemnification that may be granted by a corporation's charter, by-laws, disinterested director vote, stockholder vote, agreement, or otherwise.

Article X of the by-laws of El Paso requires indemnification to the full extent permitted under Delaware law as from time to time in effect. Subject to any restrictions imposed by Delaware law, the by-laws of El Paso provide an unconditional right to indemnification for all expense, liability, and loss (including attorneys' fees, judgments, fines, ERISA excise taxes, or penalties and amounts paid in settlement) actually and reasonably incurred or suffered by any person in connection with any actual or threatened proceeding (including, to the extent permitted by law, any derivative action) by reason of the fact that such person is or was serving as a director or officer or employee of El Paso, such person is or was serving at the request of El Paso as a director, officer, employee or agent of another corporation or of a partnership, joint venture, trust, or other enterprise, including service with respect to an employee benefit plan. The by-laws of El Paso also provide that El Paso may, by action of its board of directors, provide indemnification to its agents with the same scope and effect as the foregoing indemnification of directors and officers. El Paso has entered into indemnification agreements with each of its directors to provide contractual rights to indemnification and advancement of expenses as provided under Delaware law and the by-laws of El Paso.

Section 102(b)(7) of the DGCL permits a corporation to provide in its certificate of incorporation that a director of the corporation shall not be personally liable to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability for (i) any breach of the director's duty of loyalty to the corporation or its stockholders, (ii) acts of omissions not in good faith or

II-1

which involve intentional misconduct or a knowing violation of law, (iii) payment of unlawful dividends or unlawful stock purchases or redemptions, or (iv) any transaction from which the director derived an improper personal benefit.

Article 10 of El Paso's restated certificate of incorporation, as amended, provides that to the full extent that the DGCL, as it now exists or may hereafter be amended, permits the limitation or elimination of the liability of directors, a director of El Paso shall not be liable to El Paso or its stockholders for monetary damages for breach of fiduciary duty as a director. Any amendment to or repeal of such Article 10 shall not adversely affect any right or protection of a director of El Paso for or with respect to any acts or omissions of such director occurring prior to such amendment or repeal.

El Paso maintains directors' and officers' liability insurance which provides for payment, on behalf of the directors and officers of El Paso and its subsidiaries, of certain losses of such persons (other than matters uninsurable under law) arising from claims, including claims arising under the Securities Act of 1933, as amended ("Securities Act") for acts or omissions by such persons

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement to include any material information with respect to the plan of distribution not previously disclosed in this registration statement or any material change to such information in this registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

The registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference into this

Registration Statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

### II-3

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question of whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

The undersigned registrant hereby undertakes that:

(1) For purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
