REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and Administrator of
Burlington Resources Inc. Retirement Savings Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of Burlington Resources Inc. Retirement Savings Plan (the "Plan") at December 31, 2003 and 2002, and the changes in its net assets available for benefits for the year ended December 31, 2003, in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2003, is presented for the purpose of additional analysis and is not a required part of the basic financial statements

Edgar Filing: BURLINGTON RESOURCES INC - Form 11-K

but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

BURLINGTON RESOURCES INC. RETIREMENT SAVINGS PLAN
 NOTES TO FINANCIAL STATEMENTS
 DECEMBER 31, 2003

1. PLAN DESCRIPTION

The following description of the Burlington Resources Inc. ("BR" or the "Company") Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

Edgar Filing: BURLINGTON RESOURCES INC - Form 11-K

GENERAL

The Plan is a trustee, defined contribution plan, administered by a committee of BR corporate executives, for participants of the employer companies BR and Burlington Resources Oil & Gas Company LP (a wholly owned subsidiary of BR). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan's assets are held by Charles Schwab Trust Company and individual participant accounts are maintained by Charles Schwab Retirement Plan Services.

INVESTMENTS

A participant may direct his or her contributions and account balances among the following investment funds.

COMPANY STOCK FUND

Invested in common stock of BR.

S&P 500 INSTITUTIONAL INDEX FUND

Invested in a portfolio of common stock and other equity securities. This fund is managed to achieve results similar to those of the overall stock market as measured by the Standard & Poor's 500 Index.

INTERNATIONAL EQUITY FUND

Invested primarily in the equity securities of companies based outside the United States of America.

BALANCED FUND

Invested in equity securities, which attempt to mirror the Willshire 5000 Equity Index and in high-quality bonds, which attempt to mirror the Lehman Brothers Aggregate Bond Index.

SMALL-CAP EQUITY FUND

Invested in common stocks, or other equity securities including preferred stocks, rights and warrants of the second 1,000 largest U.S. corporations.

GROWTH EQUITY FUND

Invested primarily in common stocks of corporations that the trust advisor believes are undervalued and capable of generating strong earnings growth in the near term.

LARGE CAPITAL VALUE FUND

Invested primarily in common stocks and other instruments convertible into common stock issued by large corporations.

GLOBAL EQUITY FUND

Invested primarily in equity instruments issued by corporations from the U.S. and abroad.

4

BURLINGTON RESOURCES INC. RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2003

STABLE VALUE FUND

Invested primarily in a diversified portfolio of investment contracts offered by major insurance companies and financial institutions.

Edgar Filing: BURLINGTON RESOURCES INC - Form 11-K

SMALL CAP GROWTH FUND

Invested primarily in common stocks of U.S. and foreign companies within the range of capitalizations of companies included in the Lipper, Inc. Small Cap category.

PASSIVE BOND MARKET INDEX FUND

Invested primarily in government, corporate, mortgage-backed and asset-backed securities representative of the broad domestic bond market, which attempt to mirror the Lehman Brothers Aggregate Bond Index.

ELIGIBILITY

All employees are eligible to participate in the Plan beginning the first day of the month following full time employment, or upon completion of 1,000 hours of service.

PARTICIPANT ACCOUNTS

A separate account is maintained for each participant that reflects the participant's contributions and the participant's share of Company contributions and Plan investment income (loss) net of (or in addition to) withdrawals. Each participant can authorize the transfer of account balances among funds or change investment options for future contributions.

Appreciation (depreciation) is allocated to participants based upon their proportionate share of assets in each investment fund.

PARTICIPANTS' NOTES RECEIVABLE

The Plan may make loans to actively employed participants of up to 50% of their account balance (excluding any remaining Individual Retirement Account balance that was entered into prior to 1998), subject to a minimum loan of \$1,000 and a maximum loan of \$50,000. The \$50,000 limit is reduced by the participant's highest outstanding loan balance during the prior one-year period. Interest on loans accrues at 1% above the Wall Street Journal published prime rate, which is determined at the time the loan is taken, and remains fixed for the term of the loan. Interest rates ranged from 5.00% to 10.50% for loans outstanding as of December 31, 2003. The repayment period may be from 12 to 60 months. Repayments are made through payroll deductions and are reinvested in Plan funds according to the borrowing participant's current investment elections. Loan balances due from terminated participants are deemed distributed to the participants during the quarter following the quarter in which the last loan payment was made unless the participant elects full loan repayment. During 2003, \$165,798 of such distributions are included in participant withdrawals and distributions in the accompanying financial statements.

There were no loans in default as of December 31, 2003 and 2002.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2003

CONTRIBUTIONS

A participant may elect to make regular semi-monthly pre-tax and/or after-tax contributions from 1% to 13% of his or her total eligible compensation via regular payroll deduction. Pre-tax contributions are subject to an Internal Revenue Service ("IRS") limitation of \$12,000 for the 2003 plan year (\$11,000 for 2002). Under the IRS' Catch-up

Edgar Filing: BURLINGTON RESOURCES INC - Form 11-K

Contribution provision, participants who are at least age 50 by the plan year-end may contribute each year on a pre-tax basis an additional amount, which was limited to \$2,000 for the 2003 plan year. The Company matches 100% of employee contributions up to 6% of total eligible compensation for a participant with less than 10 years of service and up to 8% of total eligible compensation for a participant with 10 or more years of service. In addition, a participant may make an approved rollover contribution from another qualified employer benefit plan, subject to IRS rules. All regular Company and participant contributions are paid to the Plan's trustee semi-monthly, and allocated among the investment options consistent with the participants' investment elections.

EXCESS CONTRIBUTIONS PAYABLE

After-tax contributions for certain participants were refunded in order to comply with Section 401(m) of the Internal Revenue Code (the "Code") or the actual contribution percentage test. These amounts were refunded subsequent to December 31, 2003 but prior to March 15, 2004.

VESTING

Participant accounts are 100% vested and nonforfeitable at all times.

PARTICIPANT WITHDRAWALS AND DISTRIBUTIONS

Withdrawals are permitted in the event of termination of employment, retirement, permanent disability, and death, as defined by the Plan. The Plan provides for limited in-service withdrawals by participants from certain funds depending on their source. Upon separation from service, a participant's account balance is either distributed as a lump sum or deferred until age 70-1/2, at which time funds are to be distributed in a lump sum. A participant whose account balance exceeds \$5,000 may elect to defer distribution until age 70-1/2 but no later.

TERMINATION OF THE PLAN

While the Board of Directors of BR has not expressed any intention to do so, it may at any time terminate the Plan. Upon termination, the Plan's assets will be distributed to the participants on the basis of their account balances existing at the date of termination.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The Plan's financial statements are presented on the accrual basis of accounting. Withdrawal from the Plan and distributions to participants or their beneficiaries are recorded when paid. Amounts for benefit claims that have been processed and approved for payment prior to December 31, but not paid as of that date, are reported on Form 5500 as withdrawals. Unpaid claims in the amount of \$36,368 exist at December 31, 2003. No such unpaid claims exist at December 31, 2002.

USE OF ESTIMATES

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets

Edgar Filing: BURLINGTON RESOURCES INC - Form 11-K

available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

RISKS AND UNCERTAINTIES

Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in their value, it is at least reasonably possible that changes in the near term could materially affect the amounts reported in the statement of net assets available for benefits.

INCOME TAXES

The Plan is intended to be a qualified plan pursuant to Section 401(a) of the Code. The Plan received a favorable tax determination letter dated October 25, 2002, from the IRS advising that the Plan, as designed, was in compliance with the applicable requirements of the Code, and is therefore exempt from income taxes. There have been no amendments to the Plan since that date. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

VALUATION OF INVESTMENTS

The Plan's investments, except for its investment contracts, are stated at fair value. Investment contracts, which are fully benefit-responsive, are stated at contract value. Fair values for investments other than participants' notes receivable and cash are determined by quoted market prices. Participants' notes receivable are carried at original loan principal balance, less principal repayments, which approximates fair value. Cash is stated at account value. Investment transactions are recorded on a trade date basis.

CASH AND CASH EQUIVALENTS

All short-term investments purchased with an original maturity of three months or less are considered cash equivalents. Cash equivalents are stated at fair value.

INVESTMENT INCOME

Investment income includes the net appreciation or depreciation in the fair value of the Plan's fair value investments, consisting of realized and unrealized gains and losses. Investment income also includes interest income related to the Plan's guaranteed investment contracts, which is included in the net appreciation in the contract value of investment. Dividend and interest income from investments are recorded as earned and allocated to participants based upon their proportionate share of assets in each investment fund.

ADMINISTRATIVE EXPENSES

Certain administrative expenses and professional fees incurred by the Plan are paid by BR. BR paid approximately \$131,000 and \$242,000 for the years ended December 31, 2003 and 2002, respectively.

5. INVESTMENT CONTRACTS

The fair value of investment contracts as of December 31, 2003 and 2002, was approximately \$95,500,000 and \$88,700,000, respectively. Fair value was determined using a discounted cash flow analysis assuming market rates for similar contracts. The average yield for these investment contracts during 2003 and 2002 was 4.31% and 5.22%, respectively. The crediting interest rates ranged from 1.01% to 7.80% and 1.43% to 7.65% at December 31, 2003 and 2002, respectively. Crediting rate resets are applied to specific investment contracts as determined at the date of purchase. There are no minimum crediting interest rates applicable to the investment contracts as of December 31, 2003.
