## **Item 2.02 Results of Operations and Financial Conditions**

The following information is furnished and shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

On February 3, 2005, Power-One, Inc. (the Company) issued a press release announcing the Company's financial and operating results for the fourth fiscal quarter and full year of 2004. A copy of the press release is furnished as Exhibit 99.1 hereto and is incorporated into Item 2.02 of this Form 8-K by reference.

## **Item 2.05 Costs Associated with Exit or Disposal Activities**

On February 1, 2005, the Company committed to a restructuring plan for which it expects to record \$20 to \$25 million in restructuring and impairment charges during the first quarter of 2005. Approximately \$5 to \$10 million of these charges relate to non-cash asset impairments, primarily property and equipment and other assets. The balance relates to cash expenditures for severance for terminated employees and continuing lease obligations on closed facilities, the longest of which extends through 2008. The expected charges result from a plan to significantly downsize the Company's telecom systems operations in Norway, as certain functions move to other existing Power-One facilities in low-cost locations, and to reduce operations and overhead in other locations. The Company expects that the restructuring actions will be substantially complete by June 30, 2005.

## **Item 2.06 Material Impairments**

See Item 2.05.

## **Item 7.01 Regulation FD Disclosure**

Concurrent with the press release, on February 3, 2005, the Company announced a restructuring plan for which it expects to record \$20 to \$25 million in restructuring and impairment charges during the first quarter of 2005. The expected restructuring charge results from a plan to significantly downsize the Company's telecom systems operations in Norway, as certain functions move to other existing Power-One facilities in low-cost locations, and to reduce operations and overhead in other locations.
