NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2002

(1) Basis of Presentation

Edgar Filing: STAR STRUCK LTD - Form 10QSB

The consolidated financial statements heretofore presented have been prepared by Star Struck, Ltd., ("the Company" or "SSL"), without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. SSL is a holding company whose 100% owned operating subsidiary Star Struck, Inc. ("SSI") is primarily engaged in the distribution of watch batteries and related products. In 2001, SSI formed a subsidiary, Star Struck/ProTeam, Inc. ("SSPT"), for the purpose of operating SSI's sports apparel segment and acquiring certain assets of ProTeam.com, Inc. (ProTeam) (see Note 2).

Certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. generally accepted accounting principles have been omitted pursuant to such rules and regulations. Although the Company believes that the disclosures are adequate to make the information presented not misleading, it is suggested that these consolidated financial statements be read in conjunction with the consolidated financial statements and the notes thereto included in the Company's latest annual report on Form 10-KSB for the year ended December 31, 2001. The interim figures presented are unaudited and are subject to any adjustments which may result from the year-end audit of the Company's consolidated financial statements. However, in the opinion of management, the information furnished reflects all adjustments necessary to fairly state the consolidated financial statements for the interim periods presented.

Net income (loss) per common share is computed based on the weighted average number of shares outstanding during each period. The weighted average number of shares used in the computation of earnings per share was 2,026,000 for 2002 and 2001.

The profit and loss information for the interim periods presented are not necessarily indicative of results to be expected for the entire fiscal year.

(2) Acquisition

On January 7, 2002, SSI transferred its sports apparel business, including its sports apparel inventory, to its newly formed subsidiary, SSPT for eighty percent of the shares of SSPT. On that same date, SSPT acquired from ProTeam, its sports apparel business, including its sports apparel inventory and a related customer list. In consideration of the acquisition, ProTeam received twenty-percent of the shares of SSPT, a payment of \$300,000 and a \$50,000 promissory note. SSPT intends to continue using the assets acquired in the sports apparel distribution business. The acquisition was accounted for using the purchase method of accounting and, accordingly, the purchase price has been allocated to the assets purchased based upon their fair values at the date of acquisition.

The purchase price was allocated to the assets acquired (no liabilities were assumed) based upon their estimated fair values as follows:

Inventory	\$ 489,000
Mailing list	250,000

Total assets purchased	739,000
Accrued liabilities assumed	--

Total purchase price	\$ 739,000
	=====

(3) Inventories

Inventories, with the exception of gold, are stated at the lower of cost

Edgar Filing: STAR STRUCK LTD - Form 10QSB

(first-in, first-out) or market. Gold inventory (approximately \$65,000 at March 31, 2002) is valued at market. Inventories consist principally of finished goods.

(4) Business Segments

The Company's operations by business segment for the periods ended March 31, 2002 and 2001 were as follows:

2002 ----	Battery & Watch Strap Distribution -----	Sports Apparel Distribution -----	Total -----
Net Sales	\$ 1,773,000	\$ 399,000	\$ 2,172,000
Operating Profit/(Loss)	\$ 376,000	\$ (230,000)	\$ 146,000
2001 ----	Battery & Watch Strap Distribution -----	Sports Apparel Distribution -----	Total -----
Net Sales	\$ 2,095,000	\$ 399,000	\$ 2,494,000
Operating Profit/(Loss)	\$ 155,000	\$ (104,000)	\$ 51,000

(5) Bank Debt

The Company has a \$1,500,000 line of credit agreement with one of its banks, as amended. Availability under this line is based on the Borrowing Base, as defined in the agreement with the bank. The remaining amount available under the Borrowing Base was approximately \$212,000 at March 31, 2002. This agreement extends through June 2002 and bears interest at the prime rate plus one percent (5.5% at March 31, 2002). The Company's accounts receivable and a portion of its inventory have been pledged as collateral for this line of credit. The agreement contains certain financial covenants, including the requirement for the Company

Edgar Filing: STAR STRUCK LTD - Form 10QSB

to maintain a minimum tangible net worth. The Company did not comply with this covenant at March 31, 2002 and was in default of the line of credit agreement. The Company is currently negotiating the extension of the current agreement, as well as a new agreement. As of March 31, 2002, the Company had \$1,101,000 outstanding under this line of credit, all of which is included in current liabilities on the accompanying consolidated balance sheets.

The Company refinanced its mortgage note payable in March 2002. The mortgage note has a balance of \$550,000 at March 31, 2002, a maturity date of March 2017 and interest at a fixed rate of 7.95% for the first five years which is subject to restatement on the fifth and tenth year anniversary dates based on the most recent published Federal Home Bank of Boston Classic Credit Five-Year Loan Advance Rate plus two and one-half percent. The Company's building has been pledged as collateral.

(6) Related Party Notes Payable

In August 2000, the Company entered into promissory notes, (the "Notes") with three of the Company's shareholders, two of which are members of the Company's management, for an aggregate of \$1,000,000. Each note bears interest at 10%, due quarterly, and the principal amount matures in August 2003. In connection with these notes, the Company issued warrants for the purchase of 500,000 shares of the Company's common stock at an exercise price of \$1.50 per share exercisable through July 31, 2005. The fair value of these warrants of \$240,000 has been recorded as original issue discount, resulting in a reduction in the carrying value of this debt. The original issue discount will be amortized into interest expense over the period of the notes. For each of the quarters ended March 31, 2002 and 2001, \$20,000, has been accreted and is included in interest expense in the accompanying consolidated statements of operations. These notes are subordinate to the Company's borrowings under the line of credit.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

MARCH 31, 2002

(7) Recent Accounting Pronouncements

In August 2001, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" ("SFAS 144"), which replaces SFAS No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-lived Assets to Be Disposed Of ". The accounting model for long-lived assets to be disposed of by sale applies to all long-lived assets, including discontinued operations, and replaces the provisions of APB Opinion No. 30, "Reporting Results of Operations - Reporting the Effects of Disposal of a Segment of a Business", for the disposal of segments of a business. SFAS 144 establishes a single accounting model for long-lived assets to be disposed of by sale and resolves significant implementation issues relating to impairment of long-lived assets to be held and used or disposed of other than by sale. SFAS 144 requires that those long-lived assets to be disposed of by sale be measured at the lower of

Edgar Filing: STAR STRUCK LTD - Form 10QSB

carrying amount or fair value less cost to sell, whether reported in continuing operations or in discontinued operations. Therefore, discontinued operations will no longer be measured at net realizable value or include amounts for operating losses that have not yet occurred. SFAS 144 is effective for fiscal years beginning after December 15, 2001 and, generally, is to be applied prospectively. The adoption of this standard did not have a material impact on the Company's consolidated financial statements.

In June 2001, the FASB issued Statement of Financial Accounting Standards No. 143, "Accounting for Asset Retirement Obligations" ("SFAS 143"). SFAS 143 requires entities to recognize the fair value of a liability for an asset retirement obligation in the period in which it is incurred. The associated asset retirement costs are capitalized as part of the carrying amount of the long-lived asset at the discounted value of the asset retirement obligation. SFAS 143 is effective for fiscal years beginning after June 15, 2002, with earlier application encouraged. The Company does not believe that adoption of SFAS 143 will have a material impact on its consolidated financial statements.

In June 2001, the FASB issued Statement of Financial Accounting Standards No. 142, "Goodwill and Other Intangible Assets" ("SFAS 142"). SFAS 142 requires goodwill and certain intangible assets with indefinite useful lives to be subject to an annual review for impairment, and written off when impaired, rather than being amortized as previous standards required. SFAS 142 is effective for fiscal years beginning after December 15, 2001. The adoption of SFAS 142 eliminates the Company's amortization expense relating to goodwill of approximately \$3,100 for the quarter ended March 31, 2002.

In June 2001, the FASB issued Statement of Financial Accounting Standards No. 141, "Business Combinations" ("SFAS 141"). SFAS 141 changes the accounting for business combinations by, among other things, prohibiting the prospective use of pooling-of-interests accounting. SFAS 141 is effective for all business combinations consummated after June 30, 2001. The adoption of SFAS 141 did not have a material effect on the Company's operating results or financial condition.
