FORWARD-LOOKING STATEMENTS

Certain statements in this Annual Report on Form 10-K/A constitute forward-looking statements within the meaning of the Federal Private Securities Litigation Reform Act of 1995. While forward-looking statements sometimes are presented with numerical specificity, they are based on various assumptions made by management regarding future events over which we have little or no control. Forward-looking statements may be identified by words including anticipate, believe, estimate, expect and similar expressions. We caution readers that forward-looking statements, including without limitation, those relating to future business prospects, revenues, working capital, liquidity, and income, are subject to certain risks and uncertainties that would cause actual results to differ materially from those indicated in the forward-looking statements.

Factors that could cause actual results to differ from forward-looking statements include, but are not limited to, our failure to comply with the financial and other covenants contained in our loan agreement, losses from continuing operations, the concentration of our revenues, a decline in our cash flow from operations, the availability of capital to finance operations and planned growth and ability to make payments on outstanding indebtedness, risks related to competition and our ability to continue to perform efficiently on our contracts, fluctuations in quarterly and annual revenues and results of operations, weakened economic conditions, acts of terrorism, pricing pressures, excess and obsolete inventory, increases in prices of components used to support our enterprise maintenance solutions, the loss of material contracts, the success of our business strategy, our ability to generate new business, difficulties we may have in attracting and retaining management, professional and administrative staff, fluctuations in interest rates, risks involved in contracting with our customers, including the difficulty to accurately estimate costs when bidding on a contract and the occurrence of start-up costs prior to receiving revenues and contracts with fixed price provisions, our ability to effectively and efficiently manage costs, our ability to maintain an effective system of internal control over financial reporting, our ability to comply with the American Stock Exchange's continued listing criteria, and other risks and factors identified from time to time in the reports we file with the Securities and Exchange Commission, referred to as the SEC in this document. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those anticipated, estimated or projected.

Forward-looking statements are intended to apply only at the time they are made. Moreover, whether or not stated in connection with a forward-looking statement, we undertake no obligation to correct or update a forward-looking statement should we later become aware that it is not likely to be achieved. If we were to update or correct a forward-looking statement, investors and others should not conclude that we will make additional updates or corrections thereafter.

Officers, directors and greater than 10% shareholders are required by SEC regulation to furnish us with copies of all Section 16(a) reports they file. We believe that all of the filing requirements were complied with by our officers and directors and by the beneficial owners of more than 10% of our common stock. On making the foregoing statements, we relied upon copies of the reporting forms that we received and certain written representations.

ITEM 11. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following discussion and analysis of the compensation arrangements of our Chief Executive Officer, Chief Financial Officer and each of our two other most highly compensated officers whose total compensation exceeded \$100,000 in the fiscal year ended March 31, 2008, referred to as the named executive officers in this document, should be read together with the compensation tables and related disclosures set forth elsewhere in this document. This discussion contains forward looking statements that are based on our current plans and expectations regarding future compensation programs. Actual compensation programs that we adopt may differ materially from currently planned programs as summarized in this discussion.

Overview of Our Compensation Philosophy. Our overall compensation philosophy is to provide executive compensation packages that enable us to attract, retain and motivate executive officers to achieve our short-term and long-term business goals. Consistent with this philosophy, the following elements provide a framework for our executive compensation program: (i) competitive salary; (ii) bonus and award programs designed to reinforce desired performance metrics; and (iii) use of non-cash compensation to align the interests of our executives with those of our

shareholders. The payment of cash compensation serves to reward our named executive officers for attaining short term corporate goals and grants of options to purchase our common stock provide our named executive officers with long term incentive to continue achieving value added results for our shareholders.

Role of Our Compensation Committee. Our executive compensation program is approved and monitored by the Compensation Committee of our Board of Directors. The members of the Compensation Committee are John Grover (chairman), John Toups and Thomas Hewitt, each of whom is an independent, non-employee director. The Compensation Committee maintains a practice of meeting prior to each regular Board of Directors meeting and generally holds a session to discuss the compensation of executive officers (without management present) at each regular board meeting.

Under the terms of its charter, the Compensation Committee is responsible for reviewing and approving compensation granted to our named executive officers, including our Chief Executive Officer; however, the independent directors of the Board of Directors make the final determination as to the compensation paid to the Chief Executive Officer. In particular, the Compensation Committee reviews and approves the following components of compensation for the named executive officers:

annual base salary;

cash bonuses, including specific goals and amounts;

equity compensation;

employment agreements, severance arrangements and change of control agreements/provisions, as applicable;

signing bonus or payment of relocation costs for new hires; and

any other material benefits or compensation or arrangements.

The Compensation Committee serves as the administrator for our 2005 Stock Option and Stock Incentive Plan. All option grants, including grants to named executive officers, are approved by the Compensation Committee.

In addition, the Compensation Committee has the authority to retain its own compensation consultant, review and assess the annual incentive plans for our executives, provide feedback regarding proposed employment agreements with our named executive officers and obtain advice and assistance from internal or external legal, accounting or other advisors, as needed.

Executive Compensation Program. Our performance-oriented compensation program consists of a base salary, annual cash bonuses, long-term equity incentives (including stock and option awards), benefits (including health and dental plans, life insurance, disability benefits and a 401(k) plan) and severance and termination protection. We believe that appropriately balancing the total compensation package and ensuring the viability of each component of the package is necessary in order to provide market-competitive compensation and to attract and retain talent. As a small public company, we also try to optimize the mix of components to make such compensation programs cost effective.

The Compensation Committee evaluates each executive officer annually, focusing on the individual's ability to meet performance objectives and his ability to achieve certain company goals. Following this analysis, the Compensation Committee establishes a basis for the pay levels of the executive officers for the new fiscal year. Our Chief Executive Officer assists in this process by offering salary recommendations to the Compensation Committee for executive officers, other than himself. Total compensation for our named executive officers may vary significantly from year-to-year based on company and individual performance. Further, the value of equity-based awards to our executives will vary in value based on our stock price performance over time.

The following is a more detailed explanation of the primary components of our executive compensation program.

Base Salary. Base salary is primarily determined by competitive benchmarking and individual job performance. Base salaries for executive officers are reviewed at least annually. In each case, we take into account the results achieved by the executive, his or her future potential, scope of responsibilities, business experience and competitive salary practices. We do not apply specific formulas to determine annual pay increases, if any, and attempt to make decisions regarding changes in base salary in the context of other short-term and long-term compensation components. Approved increases in base salary are generally effective on the first of the month following our annual shareholders

meeting each year.

During the fiscal year ended March 31, 2008, our named executive officers agreed to a series of salary reductions ranging from 10% to 15% of the officer's base salary. As of the date hereof, such reductions had not been restored. Based on profitability, we anticipate restoring these salary reductions in fiscal 2009. We anticipate any increase in the base salary of our named executive officers will be based on our profitability, excluding Mr. Reece, for the 2009 fiscal year. Mr. Reece will continue to receive previous base salary and other incentivized compensation based on our ability to reach established revenue targets.

Cash Bonuses. Our named executive officers are eligible for our Senior Management Cash Bonus Plan. In general, this plan provides cash bonuses to executive officers upon the attainment of objectives directly related to our performance against the budget, which are parallel with the interests of our shareholders.

At the start of each fiscal year, the Compensation Committee works directly with our Chief Executive Officer to define specific performance goals for each executive officer, which constitute the basis for each executive's performance objectives under the plan. This process is an integral part of our culture and is intended to reinforce our collaborative, team-oriented and performance-driven environment. In addition, the cash bonuses are designed to reward our named executive officers for the attainment of short term corporate goals.

During our fiscal year ended March 31, 2008, we did not attain our budgeted goals and, as a result, the named executive officers did not receive any cash bonus compensation. In fiscal year 2009, annual bonus opportunities for our named executive officers may range from 15% to 25% of base salary. In addition, the Compensation Committee may add qualitative components to the Senior Management Cash Bonus Plan. In such case, the weight given to each quantitative and qualitative component used to evaluate the named executive officers will be determined by the Compensation Committee. The Compensation Committee may also decide to make any qualitative performance-based bonus contingent on the achievement of certain quantitative goals. This measure would prevent executives from receiving cash bonuses based on qualitative performance in the event that we did not achieve preestablished revenue and earnings targets.

Long Term Equity Incentives - Stock Options. Consistent with our compensation philosophy, a portion of our compensation program is based on our long-term performance and the price of our common stock. This component consists of options to purchase our common stock. Similar to base salary increases, stock options are also granted to address promotions and significant changes in responsibility. The Compensation Committee does not utilize a specific formula as the basis for granting awards under our stock incentive plans.

Stock options are granted at exercise prices equal to the fair market value (i.e., the closing price) of our stock on the date of grant. Accordingly, stock options will only result in compensation to the named executive officers to the extent our stock price increases during the applicable term of the option. Employee stock options previously granted under our 2005 Stock Option and Stock Incentive Plan typically vested over five annual installments, 20% each year on the anniversary of the date of grant. During our fiscal year ended March 31, 2008, we did not grant any equity awards to our executive officers.

Although stock options are expensed on and negatively impact our net operating results, we believe that long-term equity-based compensation is a critical element of our overall compensation program because it helps focus our executives on our long-term financial goals and operational performance and also aligns the interests of our executives with those of our shareholders. The potential financial value offered through such options is also an important retention tool.

We attempt to award stock options in a manner that we believe is competitive in the industry and in relation to the particular job function of the named executive officer. The Compensation Committee, however, has the ability to award a significantly greater number of stock options if it deems such award to be in the best interests of the company and our shareholders.

The Compensation Committee seeks to avoid granting stock options under the 2005 Stock Option and Stock Incentive Plan when our directors and executive officers are aware of material non-public information that reasonably may be perceived to impact the market price of our common stock or around the time that such information is released. With that said, grants of stock options for employees and directors, including named executive officers, are generally awarded at the first regular meeting of the Compensation Committee following the annual shareholder meeting. All other option awards are made at regularly scheduled Compensation Committee meetings. The

Compensation Committee's meetings are scheduled to coincide with established Board of Directors meetings. Thus, the proximity of any stock option issuance to an earnings announcement or other market event is coincidental.

Benefits. In general, our practice is to provide commensurate benefits to employees at all levels of our organization. Consistent with this practice, the following is a list of the primary benefits provided to our employees, including our named executive officers:

Health and dental plans, including, at the employee's option, Flexible Spending Accounts and/or a Health Savings Account. In the event that an employee elects to participate in a Health Savings Account, the employee may contribute up to \$2,500 to the employee's Health Savings Account annually;

Term life insurance and optional supplemental life insurance;

Optional supplemental health coverage;

Short and long-term disability benefits;

401(k) plan, which up to April 21, 2008 included a company match of 50% of employee contributions up to 1% of the employee's total cash compensation; and

Paid time off and holidays.

We believe that these benefits are consistent with those offered by other companies and specifically with those companies with which we compete for employees.

Additionally, we provide our Chief Executive Officer with an automobile and compensate him for related operating expenses.

Termination and Severance Benefits. We have entered into termination/separation agreements with all of our named executive officers other than our Chief Executive Officer, Mr. McNew. The agreements are intended to provide the executives with compensation when their jobs are eliminated for business or economic reasons. For a more detailed discussion of the agreements, see Potential Payments Upon Termination or Change-in-Control Termination/Separation Agreements with Mr. Sciacca, Mr. Foley and Mr. Reece.

We have agreed to provide Mr. McNew with severance benefits upon certain separations of his employment in accordance with an Executive Severance Agreement. Mr. McNew is entitled to severance benefits if (i) his employment is terminated by us for any reason other than cause or in connection with his death, disability, resignation or retirement, or (ii), under certain circumstances, his employment is terminated in connection with a change of control disposition.

With regard to the change of control provision, the benefits that may be paid in case of a change of control disposition are based on a double trigger, that is, a defined change of control plus a termination of the executive's employment. We believe that the double trigger is appropriate because it limits the ability of the executive to receive a payment upon a change of control to those situations involving a hostile change of control event that results in the termination of the executive's employment.

In all, the severance benefits were designed to provide Mr. McNew with a certain measure of job security and protection against termination without cause and termination or loss of employment through no fault of Mr. McNew. For a further discussion regarding the termination situations entitling Mr. McNew to severance benefits, see Potential Payments Upon Termination or Change-in-Control Severance Agreement with Mr. McNew.

Competitive Market Review and Future Trends. We attempt to align our overall executive compensation with other publicly-traded peer companies who share similar characteristics. Due to our product and service offerings, our peer group includes a broad range of technology and growth companies with whom we compete for executive talent. In general, we consider peer companies based on industry focus, market capitalization, revenue, net income/loss and geographic proximity. Data on compensation practices at such companies has historically been gathered through searches of publicly-available information, including subscription databases and SEC filings. We use such information primarily to help guide decisions on base salary, target bonuses and equity-based awards.

In general, we believe that base salary should be targeted at the median (or 50th percentile) of base salary of comparable positions at comparable companies in our peer group. We attempt to set total cash compensation at approximately the 60th percentile of total cash compensation of comparable positions at comparable companies in our peer group. In determining base salary and total cash compensation we also consider other factors such as job performance, skill set, prior experience, seniority, pay levels of similarly situated positions within the company, retention and market conditions generally.

We intend to continue our strategy of paying competitive short-term cash compensation and offering long-term incentives through equity-based compensation programs that align individual compensation with corporate financial performance. We believe that our total compensation package is consistent with the market in the aggregate. We also believe that, in light of our compensation philosophy, total compensation for our executives should continue to consist of base salary, annual cash bonus awards, long-term equity based compensation and certain other benefits.

We anticipate that the competitive posture of our total compensation will vary year-to-year as a result of our performance, as well as the performance of our peer group companies and the market as a whole. Accordingly, the magnitude and weighting of different compensation components will likely evolve as we grow and continue closer to achieving profitability.

Accounting and Tax Considerations. Our issuance of stock options is impacted by the implementation of Statement of Financial Accounting Standards No. 123 (revised 2004), Share-Based Payment, referred to as SFAS No. 123R in this document, which we adopted April 1, 2006. Under this accounting standard, we are required to value unvested stock options, from both prior and current years, under the fair value method and expense those amounts in the income statement over the stock option's remaining vesting period. During fiscal year 2008, we recorded \$28,000 in stock compensation expense under SFAS No. 123R.

We have structured our compensation program to comply with Section 162(m) of the Internal Revenue Code of 1986, as amended. Under Section 162(m), our tax deduction for compensation paid to certain executive officers is limited to \$1.0 million in any tax year, unless the compensation is performance based. We do not have any named executive officers who earned non-performance based compensation that would limit our tax deduction under Section 162(m).

The following table sets forth information concerning the compensation awarded to, earned by, or paid to our named executive officers for all services rendered in all capacities to us and our subsidiaries during our fiscal years ended March 31, 2008 and 2007, respectively.

Potential Payments Upon Termination or Change-in-Control

Severance Agreement with Mr. McNew

On March 31, 2003, we entered into an amended and restated Executive Severance Agreement with Mr. McNew, our President and Chief Executive Officer. This agreement provides severance benefits to Mr. McNew under certain circumstances and remains in effect so long as we continue to employ Mr. McNew. The agreement confirms that Mr. McNew's employment is at will and provides for termination without additional compensation in the event of death, disability, resignation, retirement or termination for cause, referred to as the excluded circumstances in this document. Cause is defined as gross negligence, willful misconduct, fraud, willful disregard of the Board of Directors direction or breach of a published company policy.

Termination for Any Reason Other Than in Connection with an Excluded Circumstance. Under the terms of the agreement, except in connection with a change of control disposition, in the event that Mr. McNew's employment is terminated other than in connection with an excluded circumstance, Mr. McNew would be entitled to receive his then current salary for a period of twelve months. Based on the foregoing, if Mr. McNew's employment was terminated on March 31, 2008, Mr. McNew would be entitled to receive a severance payment of \$253,078.

Termination in Connection with a Change of Control Disposition. Under the terms of the agreement, a change of control disposition is generally deemed to occur if (i) 25% or more of the voting power of our stock is acquired by another entity or (ii) there is a sale of substantially all of our assets to another entity. In the event that Mr. McNew's employment is terminated within one year of a change of control disposition, other than in connection with an excluded circumstance, Mr. McNew would be entitled to receive his then current salary for a period of twenty-four months. In the event that Mr. McNew's employment is terminated for any reason within ninety days following a change of control disposition, Mr. McNew would be entitled to receive an amount equal to two times his then current salary. Based on either of the foregoing, if Mr. McNew's employment was terminated on March 31, 2008, Mr. McNew would be entitled to receive a severance payment of \$506,156.

The agreement provides that Mr. McNew may elect to receive his severance payments in a lump sum or in equal payments at intervals of no more often than semimonthly over a period of his choice that is not to exceed the number of months of compensation due to him.

General Requirements. Pursuant to the terms of the agreement, Mr. McNew may not disclose, publish or use, or permit anyone else to disclose, publish or use, any of our proprietary or confidential information or trade secrets for any purpose unrelated to his employment at any time during or after his employment. Mr. McNew must also return to us all proprietary material that he possesses on the date his employment is terminated. In addition, should Mr. McNew's employment be terminated for any reason other than Cause, Mr. McNew may not (i) directly or indirectly, sell, market, or otherwise provide any client or previously identified prospective client, products or services similar to or in competition with those sold or distributed by us, in any geographic area in which we offer any such products or services, or (ii) participate directly or indirectly in the hiring or soliciting for employment of any person we employ.

Termination/Separation Agreements with Mr. Sciacca, Mr. Foley and Mr. Reece

We entered into a termination/separation agreement with Mr. Sciacca on May 10, 2000, Mr. Foley on January 17, 2003 and Mr. Reece on April 19, 2006. Mr. Sciacca's termination/separation agreement was subsequently modified on March 20, 2003.

As per Mr. Sciacca's modified termination/separation agreement, in the event that Mr. Sciacca's employment is terminated without cause, Mr. Sciacca would be entitled to receive his then current salary for a period of nine months. As per their respective termination/separation agreements, in the event that the employment of Mr. Foley or Mr. Reece is terminated without cause, each individual would be entitled to receive his then current salary for a period of six months. In each of the aforementioned termination/separation agreements, Cause is defined to mean: A good faith finding by us of your failure to perform the duties reasonably assigned to you; dishonesty, gross negligence or misconduct, or your conviction, or your entry of a pleading of guilty or nolo contendere, to any crime involving more turpitude or any felony.

If the employment of Mr. Sciacca was terminated without cause on March 31, 2008, Mr. Sciacca would be entitled to receive a payment of \$124,137 over a nine month period. If the employment of Mr. Foley or Mr. Reece was terminated without cause on March 31, 2008, each would be entitled to receive a payment of \$76,635 and \$75,195, respectively, over a six month period.

2005 Stock Option and Stock Incentive Plan

Restricted shares awarded to a participant in the 2005 Stock Option and Stock Incentive Plan will be forfeited and returned to us in the event of a termination of continuous service by the participant for any reason other than death or disability. In the event of death or disability, such shares will not be forfeited and will no longer be subject to restrictions. With respect to unexercised options granted under the 2005 Stock Option and Stock Incentive Plan, in the event of termination of employment for any reason other than death or disability, such options, will terminate three months after the date of termination of employment. In the event of death or disability, the participant's executor,

administrator, legal guardian or custodian, as applicable, may exercise the participant's vested options within one year of termination of employment.

If the continuous service of a participant is involuntarily terminated for any reason, other than for cause, within 18 months of a change in control, any restricted period with respect to restricted stock awarded will lapse and such shares will become fully vested. A change in control, as defined in the 2005 Stock Option and Stock Incentive Plan, includes a change in holders of more than 50% of our outstanding voting stock within a 12 month period or any other event deemed to be a change in control by the Compensation Committee.

In the event of a change in control, options to purchase shares of our common stock awarded under the 2005 Stock Option and Stock Incentive Plan may be exercised for up to 100% of the total number of shares then subject to the option minus the number of shares previously purchased upon exercise of the option and the vesting date may accelerate accordingly. In addition, in the event of a sale or a proposed sale of the majority of our stock or assets or a proposed change in control, the Compensation Committee has the right to terminate options granted under the 2005 Stock Option and Stock Incentive Plan upon thirty days prior written notice, subject to the participant's right to exercise such option to the extent vested prior to such termination.

If the change of control had occurred on March 31, 2008, our named executive officers would not have received the value of the potential benefit that each such executive might be entitled to receive upon a change of control under our 2005 Stock Option and Stock Incentive Plan because the \$3.00 per share exercise price of unvested options exceeded the \$1.55 closing price per share of our common stock on March 31, 2008.

1994 Key Employee Stock Option Plan

Upon termination of a participant's employment for reason other than death, disability or retirement (defined as termination of employment by a participant on or after attainment of age 65), the participant may, within three months from the date of such termination, exercise all or any part of the participant's vested options, provided such termination was not for cause. If such termination was for cause, the right of the participant to exercise such options will terminate immediately.

Upon termination of a participant's employment by reason of disability or retirement, the participant may, within two years after the date of retirement or the date which is six months after the participant is first absent from active employment due to disability exercise all or a part of the participant's vested options. In the event of the death of a participant, the participant's beneficiary shall have the right to exercise vested options until the expiration of the earlier of two years from the date of the participant's death or the date of expiration of the options pursuant to the termination provisions of the 1994 Key Employee Stock Option Plan.

All unvested options expire at the date of the termination of employment. Notwithstanding the foregoing, the Compensation Committee may permit a participant, who terminates employment by retirement (prior to or after the attainment of age 65) and who will continue to render significant services to us or one of our subsidiaries after his or her retirement, to continue to accrue service with respect to the right to exercise his or her options during the period in which the individual continues to render such services.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

Transactions with Related Persons

On June 29, 2007, we amended our 8% promissory note in the aggregate principal amount of \$500,000 dated November 2, 1998, as amended June 29, 2005, and 8% promissory note in the aggregate principal amount of \$500,000 dated November 5, 1998, as amended June 29, 2005, to extend the maturity date of each promissory note to July 1, 2009. All other terms and conditions of the promissory notes remain the same. The holders of the 8% promissory notes are The Arch C. Scurlock Children's Trust and Nancy M. Scurlock. Each holder owns more than 10% of our common stock. Arch C. Scurlock, Jr., a beneficiary and trustee of The Arch C. Scurlock Children's Trust, and John H. Grover, a trustee of The Arch C. Scurlock Children's Trust, are members of our Board of Directors. During our 2007 fiscal year, we paid \$50,000 of accrued interest on the promissory notes. During our 2008 fiscal year, we did not make any interest payment on the promissory notes. At September 30, 2008, the aggregate balance of the promissory notes was \$1.0 million.

On May 24, 2007, the Audit Committee adopted written policies and procedures regarding related party transactions. Our related party transactions policy covers any transaction, arrangement or relationship or any series of similar transactions, arrangements or relationships in which we or any of our subsidiaries was, is or will be a participant and the amount involved exceeds \$1,000, and in which any related party had, has or will have a direct or indirect interest. Under this policy, the Audit Committee must approve all related party transactions between us or one of our subsidiaries and a director, nominee for director, executive officer, five percent shareholder, certain related entities or immediate family members of a director, executive officer or five percent shareholder that would be required to be disclosed in our proxy statements. The policy also authorizes the Chairperson of the Audit Committee to approve, or reject, proposed related party transactions in those instances in which it is not practicable or desirable for us to wait until the next Audit Committee meeting. Pursuant to the policy, the Audit Committee or the Chairperson of the Audit Committee, as applicable, is authorized to approve only those related party transactions that are reasonably necessary to our business and fair to us, as the Audit Committee or its Chairperson determines in good faith.

All interested parties who wish to communicate with our Audit Committee may do so by addressing their written correspondence to the Audit Committee at Halifax Corporation of Virginia, 5250 Cherokee Avenue, Alexandria, VA 22312.

Director Independence

Our Board of Directors has determined that Messrs. Grover, Toups, Hewitt and Young are independent as defined by the applicable rules of the AMEX Company Guide. In addition, our Board of Directors has determined that a majority of its members are independent as defined by the applicable rules of the AMEX Company Guide. In making this determination, our Board of Directors considered the relationship of Mr. Grover as a trustee of The Arch C. Scurlock Children's Trust, one of our 10% shareholders.

ITEM 14. PRINCIPAL ACCOUNTING FEES AND SERVICES

Grant Thornton LLP, referred to as Grant Thornton in this document, served as our independent public accountant and our subsidiaries from July 2004 to January 7, 2008. The audit fees billed by Reznick for the fiscal year ended March 31, 2008 and Grant Thornton for the fiscal years ended March 31, 2008 and 2007 were for professional services rendered for the audits of our financial statements, quarterly reviews, issuance of consents, and assistance with the review of documents filed with the SEC.
