In Cimarex's separate financial statements, Cimarex uses the full cost method of accounting for its oil and gas producing activities, and therefore such balances are not comparable to those of the Oil and Gas Division presented below. Also, general corporate overhead costs previously absorbed by the Oil and Gas Division are not reflected in the Oil and Gas Division pro forma financial information below, but such costs are presented as part of the pro forma Helmerich & Payne financial information.

The pro forma information is presented for illustrative purposes only and is not necessarily indicative of the operating results or financial position that would have occurred if the spinoff had been consummated on the dates and in accordance with the assumptions described herein, nor is it necessarily indicative of future operating results or financial position.

You are urged to read the financial information below, along with Helmerich & Payne's publicly available historical consolidated financial statements and accompanying notes.
