REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Trustees of
Crescent Real Estate Equities, Ltd. 401(k) Plan

We have audited the accompanying statements of net assets available for benefits of the Crescent Real Estate Equities, Ltd. 401(k) Plan as of December 31, 2004 and 2003 and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Crescent Real Estate Equities, Ltd. 401(k) Plan as of December 31, 2004 and 2003, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of Form 5500, Schedule H, Line 4i Schedule of Assets Held for Investment Purposes at Year End is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS (continued)

December 31, 2004 and 2003. All Company contributions are invested based upon participant elections.

Participant Accounts

Each participant account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts

Forfeiture balances attributed to the Company's matching contributions shall be first applied to pay expenses under the Plan. Forfeitures not used to pay expenses shall be applied to reduce future Company contributions. Forfeitures for the years ended December 31, 2004 and 2003, were \$32,062 and \$13,720, respectively. Company forfeitures used to pay plan administrative expenses for the years ended December 31, 2004 and 2003, were \$14,251 and \$6,771, respectively.

Vesting

The participants' voluntary contributions to the Plan plus actual earnings or losses thereon are fully vested at all times. The participants' share of the Company's matching contributions and earnings or losses thereon vest in accordance with the following schedule:

Number of Completed Years of Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Company contributions become fully vested in the event of retirement at age 65, disability, or death of a participant.

Investment Options

Upon enrollment in the Plan, a participant may direct employer and employee contributions of any percentage in a variety of investment options, which vary in degree of risk. Participants may change their investment options daily. Participant Loans

Participants may borrow from their fund accounts, a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are available to all participants only after Principal has evaluated the applicant's credit worthiness and purpose and the terms of the loan. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms range from one to five years or a reasonable period of time greater than five years for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate listed in the *Wall Street Journal* plus 2%. The interest rate must be one that a bank or other professional lender would charge for making a loan in a similar circumstance. The interest rates at December 31, 2004 and 2003 were 7.00% and 6.00%, respectively. Principal and interest have a defined repayment period, which provides for payments to be made not less frequently than quarterly.

Payment of Benefits

On termination of service due to death, disability, retirement, or termination of employment, a participant or designated beneficiary is entitled to receive in a lump sum the value of the participant's vested interest in his or her account as defined by the Plan. Payment shall be made as soon as practicable following the participant's normal retirement date, disability, termination of employment or death, as the case may be.

Payment of benefits to participants with balances less than \$5,000 will be made in a lump-sum distribution.

As of December 31, 2004 and 2003, there were no unpaid benefit payment requests.
