PROSPECTUS SUMMARY

This summary highlights information contained elsewhere in this prospectus or the documents incorporated by reference herein. It does not contain all of the information that you should consider before deciding to participate in the exchange offer. You should carefully consider the information set forth under Risk Factors beginning on page 8. References to the notes in this prospectus include both the outstanding and the new notes. References in this prospectus to Holly Energy Partners, we, our, us, or similar terms refer either to Holly Energy Partners, L.P. or to Holly Energy Partners, L.P. and its subsidiaries collectively, including the co-issuer of the notes, Holly Energy Finance Corp., as the context requires.

Overview

Holly Energy Partners, L.P. is a Delaware limited partnership engaged principally in the business of operating a system of refined product pipelines and distribution terminals primarily in West Texas, New Mexico, Utah and Arizona. We generate revenues by charging tariffs for transporting intermediate and refined products through our pipelines and by charging fees for terminalling refined products and other hydrocarbons in, and storing and providing other services at, our terminals. We do not take ownership of products that we transport or terminal and therefore we are not directly exposed to changes in commodity prices. We serve Holly Corporation's refineries in New Mexico and Utah under two pipelines and/or terminals agreements expiring in July 2019 and July 2020 and Alon USA, Inc.'s (Alon) Big Spring Refinery under a separate pipelines and terminals agreement expiring in February 2020. We are dedicated to generating stable cash flows and growing our business. Our assets include:

Refined Product Pipelines:

approximately 949 miles of refined product pipelines, including 340 miles of leased pipelines, that transport gasoline, diesel, and jet fuel from Holly Corporation's Navajo Refinery in New Mexico and Alon's Big Spring Refinery in Texas to their customers in the metropolitan and rural areas of Texas, New Mexico, Oklahoma, Arizona, Colorado, Utah and northern Mexico; and

a 70% interest in Rio Grande Pipeline Company, a joint venture that owns a 249-mile refined product pipeline, that transports liquid petroleum gases, or LPGs, from West Texas to the Texas/ Mexico border near El Paso for further transport into northern Mexico by shippers other than Holly Corporation.

Intermediate Pipelines:

two 65-mile parallel pipelines that originate in Lovington, New Mexico and terminate at Holly Corporation's Artesia refining facility, with an aggregate throughput capacity of 84,000 bpd, which we acquired from Holly Corporation in July 2005.

Refined Product Terminals:

seven refined product terminals (one of which is 50% owned), located in El Paso, Abilene and Wichita Falls, Texas, Moriarty, Bloomfield and Albuquerque, New Mexico, and Tucson, Arizona, with an aggregate capacity of approximately 2.3 million barrels, that are integrated with our refined product pipeline system;

three refined product terminals (two of which are 50% owned), located in Burley and Boise, Idaho, and Spokane, Washington, with an aggregate capacity of approximately 514,000 barrels, that serve third-party common carrier pipelines;

one refined product terminal near Mountain Home, Idaho, with a capacity of 120,000 barrels, that serves a nearby United States Air Force Base; and

two refined product truck loading racks, one located within Holly Corporation's Navajo Refinery, that is permitted to load over 40,000 barrels per day (bpd) of light refined products, and one

located within Holly Corporation's Woods Cross Refinery near Salt Lake City, Utah, that is permitted to load over 25,000 bpd of light refined products.

Tank Farm:

one tank farm in Orla, Texas, with a storage capacity of 135,000 barrels.

Our executive offices are located at 100 Crescent Court, Suite 1600, Dallas, Texas 75201, and our telephone number is (214) 871-3555.

The Exchange Offer

On February 28, 2005 and June 28, 2005, we completed private offerings of the outstanding notes. In connection with the private offerings, we entered into registration rights agreements with the initial purchasers pursuant to which we agreed to deliver to you this prospectus and to use our reasonable best efforts to complete the exchange offer on or prior to October 26, 2005. The following is a summary of the exchange offer:

Outstanding Notes	On February 28, 2005, we issued \$150,000,000 aggregate principal amount of 6 ¹ / ₄ % Senior Notes due 2015 and on June 28, 2005, we issued an additional \$35,000,000 aggregate principal amount of 6 ¹ / ₄ % Senior Notes due 2015.
New Notes	6 ¹ / ₄ % Senior notes due 2015. The terms of the new notes are identical to those of the outstanding notes, except that the transfer restrictions, registration rights and provision for additional interest relating to the outstanding notes do not apply to the new notes.
Exchange Offer	We are offering to exchange new notes for the outstanding notes.
Expiration Date	The exchange offer will expire at 9:00 a.m., New York City time, on October 21, 2005, unless we decide to extend it. We do not currently intend to extend the exchange offer.
Accrued Interest on the New Notes and the Outstanding Notes	The new notes will accrue interest from September 1, 2005, the most recent date to which interest has been paid on the outstanding notes. Holders of outstanding notes that are accepted for exchange will be deemed to have waived the right to receive any further interest payments with respect to such outstanding notes.
Procedures for Tendering Outstanding Notes	To participate in the exchange offer, you must follow procedures established by The Depository Trust Company, or DTC, for tendering outstanding notes held in book-entry form. These procedures require that: the exchange agent receive, prior to the expiration date of the exchange offer, a computer generated message known as an agent's message, which message is transmitted through DTC's automated tender offer program known as ATOP; and DTC confirm (i) that it has received your instructions to exchange your outstanding notes and (ii) that you agree to be bound by the terms of the letter of transmittal attached as

Table of Contents

Annex A to this prospectus, which will be referred to in this prospectus as the Letter of Transmittal.

For more information on tendering your outstanding notes, please refer to the sections in this prospectus entitled Exchange Offer Terms of the Exchange Offer and Procedures for Tendering.

Guaranteed Delivery Procedures None.

Withdrawal of Tenders You may withdraw your tender of outstanding notes at any time prior to 9:00 a.m., New York City time, on the expiration date. To withdraw, you must submit a notice of withdrawal to the exchange agent using the ATOP procedures. Please read Exchange Offer Withdrawal of Tenders.

Acceptance of Outstanding Notes and Delivery of New Notes Subject to the Condition to the Exchange Offer discussed below, if you properly tender outstanding notes to us pursuant to the procedures set forth in Exchange Offer Procedures for Tendering and fulfill all conditions of the exchange offer on or before 9:00 a.m. New York City time on the expiration date, we will accept all of such tendered outstanding notes for exchange in the exchange offer. We will promptly deliver the new notes after the expiration date and acceptance of the outstanding notes for exchange. Please refer to the section in this prospectus entitled Exchange Offer Terms of the Exchange Offer.

Condition to the Exchange Offer The registration rights agreements do not require us to accept outstanding notes for exchange if the exchange offer or the making of any exchange by a holder of the outstanding notes would violate any applicable law or interpretation of the staff of the SEC. A minimum aggregate principal amount of outstanding notes being tendered is not a condition to the exchange offer. We will promptly return to you, without expense after the expiration date, any outstanding notes that we do not accept for exchange.

Fees and Expenses We will bear all expenses related to the exchange offer. Please refer to the section in this prospectus entitled Exchange Offer Fees and Expenses.

In addition, you will not be able to resell, offer to resell or otherwise transfer the outstanding notes unless we have registered the outstanding notes under the Securities Act, or unless you resell, offer to resell or otherwise transfer them under an exemption from the registration requirements of, or in a transaction not subject to, the Securities Act.

DISCLOSURE REGARDING FORWARD-LOOKING INFORMATION

All statements, other than statements of historical fact, included or incorporated by reference in this prospectus are forward-looking statements, including, but not limited to, statements identified by the words anticipate, believe, estimate, expect, plan, intend and forecast, and similar expressions and statements regarding our business strategy, plans and objectives for future operations. These statements reflect our current views with respect to future events, based on what we believe are reasonable assumptions. Certain factors could cause actual results to differ materially from results anticipated in the forward-looking statements. These factors include, but are not limited to:

risks and uncertainties with respect to the actual quantities of petroleum products shipped on our pipelines and/or terminalled in our terminals;

the future performance of the intermediate pipelines acquired from Holly Corporation in July 2005 and of the pipelines and terminals acquired from Alon in February 2005;

the economic viability of Holly Corporation, Alon and our other customers;

the demand for refined petroleum products in markets we serve;

our ability to successfully purchase and integrate any future acquired operations;

the availability and cost of our financing;

the possibility of inefficiencies or shutdowns of refineries utilizing our pipeline and terminal facilities;

the effects of current and future government laws, regulations and policies;

our operational efficiency in carrying out routine operations and capital construction projects;

the possibility of terrorist attacks and the consequences of any such attacks; and

general economic, market or business conditions.

Other factors described herein, or factors that are unknown or unpredictable, could also have a material adverse effect on future results. Please read Risk Factors beginning on page 8 of this prospectus. Except as required by securities laws, we do not intend to update these forward-looking statements and information.

Table of Contents

RISK FACTORS

You should carefully consider the following risk factors together with all of the other information included or incorporated by reference in this prospectus before deciding to participate in the exchange offer. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial may also materially and adversely affect our business operations. If any of the following risks were actually to occur, our business, financial condition or results of operations could be materially and adversely affected.

Risks Related to the Exchange Offer

If you fail to exchange outstanding notes, existing transfer restrictions will remain in effect and the market value of outstanding notes may be adversely affected because they may be more difficult to sell.

If you fail to exchange outstanding notes for new notes under the exchange offer, then you will continue to be subject to the existing transfer restrictions on the outstanding notes. In general, the outstanding notes may not be offered or sold unless they are registered or exempt from registration under the Securities Act and applicable state securities laws. Except in connection with this exchange offer or as required by the registration rights agreements, we do not intend to register resales of the outstanding notes.

The tender of outstanding notes under the exchange offer will reduce the principal amount of the currently outstanding notes. Due to the corresponding reduction in liquidity, this may have an adverse effect upon, and increase the volatility of, the market price of any currently outstanding notes that you continue to hold following completion of the exchange offer.

Risks Inherent in Our Business

We depend upon Holly Corporation and particularly its Navajo Refinery for a majority of our revenues and upon Alon and its Big Spring Refinery for a substantial portion of our other revenues, and if revenues from either of these customers were materially reduced, there would be a material adverse effect on our results of operations and ability to pay interest on, or the principal of, the notes.

For the six months ended June 30, 2005, Holly Corporation accounted for approximately 49.5% of the revenues of our refined products pipelines and approximately 70.5% of the revenues of our terminals and truck loading racks. For the six months ended June 30, 2005, which includes four months for which our pipelines and terminals agreement with Alon was in effect, Alon accounted for approximately 34.4% of the revenues of our refined products pipelines and approximately 9.4% of the revenues of our terminals and truck loading racks. We expect to continue to derive a substantial portion of our revenues from Holly Corporation and Alon for the foreseeable future. If either Holly Corporation or Alon satisfy only their minimum obligations under our respective pipelines and/or terminals agreements with them or are unable to meet their minimum revenue commitment or minimum volume commitment for any reason, including due to prolonged downtime or a shutdown at the Navajo Refinery, the Woods Cross Refinery or the Big Spring Refinery, our revenues would decline and our ability to pay interest on, or the principal of, the notes would be adversely affected.

Any significant curtailing of production at either the Navajo Refinery or the Big Spring Refinery could, by reducing throughput in our pipelines, result in our realizing materially lower levels of revenues and cash flow for the duration of the shutdown. Operations at the Navajo Refinery or the Big Spring Refinery could be partially or completely shut down, temporarily or permanently, as the result of:

competition from other refineries and pipelines that may be able to supply the end-user markets of either Holly Corporation or Alon on a more cost-effective basis;

operational problems such as catastrophic events at the refinery, labor difficulties or environmental proceedings or other litigation that compel the cessation of all or a portion of the operations at the refinery;

Table of Contents

increasingly stringent environmental laws and regulations, such as the Environmental Protection Agency's gasoline and diesel sulfur control requirements that limit the concentration of sulfur in motor gasoline and diesel fuel for both on-road and non-road usage as well as various state and federal emission requirements that may affect the refinery itself;

an inability to obtain crude oil for the refinery at competitive prices; or

a general reduction in demand for refined products in the area due to:

a local or national recession or other adverse economic condition that results in lower spending by businesses and consumers on gasoline and diesel fuel;

higher gasoline prices due to higher crude oil prices, higher taxes or stricter environmental laws or regulations; or

a shift by consumers to more fuel-efficient or alternative fuel vehicles or an increase in fuel economy, whether as a result of technological advances by manufacturers, legislation either mandating or encouraging higher fuel economy or the use of alternative fuel or otherwise.

The magnitude of the effect on us of any shutdown will depend on the length of the shutdown and the extent of the refinery operations affected by the shutdown. We have no control over the factors that may lead to a shutdown or the measures either Holly Corporation or Alon may take in response to a shutdown. Holly Corporation and Alon make all decisions at the Navajo Refinery and the Big Spring Refinery, respectively, concerning levels of production, regulatory compliance, planned shutdowns of individual process units within the refinery to perform major maintenance activities, also referred to as refinery turnarounds, labor relations, environmental remediation and capital expenditures, and are responsible for all related costs, and are under no contractual obligation to us to maintain operations at these refineries.

Holly Corporation's obligations under our pipelines and/or terminals agreements with it would be temporarily suspended during the occurrence of a force majeure that renders performance impossible with respect to an asset for at least 30 days. If such an event were to continue for a year, we or Holly Corporation could terminate the applicable pipelines and/or terminals agreement. Our pipelines and terminals agreement with Alon provides that if we are unable to transport our terminal refined products that Alon is prepared to ship, then Alon has the right to reduce its minimum volume commitment to us during the period of interruption. If a force majeure event occurs beyond the control of either of us, we or Alon could terminate the Alon pipelines and terminals agreement after the expiration of certain time periods. The occurrence of any of these events could reduce our revenues and cash flows, and our ability to pay interest on, or principal of, the notes.

We are exposed to the credit risks of our key customers, and any material nonpayment or nonperformance by our key customers could reduce our ability to pay interest on, or the principal of, the notes.

We are subject to risks of loss resulting from nonpayment or nonperformance by our customers. Any material nonpayment or nonperformance by our key customers, including Holly Corporation and Alon, could reduce our ability to pay interest on, or the principal of, the notes. In addition to revenues that we receive from Holly Corporation and Alon, a subsidiary of BP p.l.c. (BP) is the only shipper on the Rio Grande Pipeline, a joint venture in which we own a 70% interest and from which we derived approximately 12.8% of our revenues for the six months ended June 30, 2005.

If any of our key customers default on their obligations to us, our financial results could be adversely affected. Furthermore, some of our customers may be highly leveraged and subject to their own operating and regulatory risks. Any loss of our key customers, including Holly Corporation, Alon or the BP subsidiary, could reduce our ability to pay interest on, or the principal of, the notes.

Table of Contents

We may be unable to make future acquisitions on attractive terms, and potential future acquisitions, if any, may affect our business by substantially increasing the level of our indebtedness and contingent liabilities and increasing our risks of being unable to effectively integrate these new operations.

We expect to continue to evaluate and, where appropriate, pursue acquisitions of assets and businesses that we believe complement our existing assets and businesses. We cannot assure you that we will be able to identify suitable acquisitions in the future, or that we will be able to purchase or finance any acquisitions on terms that we find acceptable. Additionally, we compete against other companies for acquisitions, and we cannot assure you that we will be successful in the acquisition of any assets or businesses appropriate for our growth strategy.

Acquisitions may require substantial capital or the incurrence of substantial indebtedness. If we consummate any future acquisitions, our capitalization and results of operations may change significantly, and you will not have the opportunity to evaluate the economic, financial and other relevant information that we will consider in determining the application of our funds and other resources.

Any acquisition involves potential risks, including, among other things:
mistaken assumptions about revenues and costs, including synergies;

the assumption of unknown liabilities or known liabilities for which we underestimate the risk;

limitations on rights to indemnity from the seller;

the diversion of management's attention from other business concerns;

unforeseen difficulties operating in new product areas or new geographic areas; and

customer or key employee losses at the acquired businesses.

Competition from other pipelines, including the Longhorn Pipeline, that may be able to supply our shippers customers with refined products at a lower price could cause us to reduce our rates or could reduce our revenues.

We and our shippers face competition from other pipelines that may be able to supply our shippers' end-user markets with refined products on a more competitive basis. One particular pipeline, the Longhorn Pipeline, could provide significant competition. The Longhorn Pipeline is a common carrier pipeline that is capable of delivering refined products utilizing a direct route from the Texas Gulf Coast to El Paso and, through interconnections with third-party common carrier pipelines, into the Arizona market. If the Longhorn Pipeline operates as currently proposed, it could result in significant downward pressure on wholesale refined product prices and refined product margins in El Paso and related markets. Additionally, the increased supply of refined products from Gulf Coast refiners entering the El Paso and Arizona markets on this pipeline and the likely increase in the demand for shipping product on the interconnecting common carrier pipelines, which are currently capacity constrained, could cause a decline in the demand for refined product from Holly Corporation or Alon. For Holly Corporation, this could ultimately result in a reduction in Holly Corporation's minimum revenue commitment to us, and while our pipelines and terminals agreement with Alon does not provide for a reduction in its minimum volume commitment obligation in these circumstances, it could reduce our opportunity to earn revenue from Alon in excess of Alon's minimum volume commitment obligation and our ability to pay interest on, or the principal of, the notes.

An additional factor that could affect some of Holly Corporation's and Alon's markets is excess pipeline capacity from the West Coast into our shippers' Arizona markets on the pipeline from the West Coast to Phoenix. If refined products become available on the West Coast in excess of demand in that market, additional products could be shipped into our shippers' Arizona markets with resulting possible downward pressure on refined products prices in these markets.

Table of Contents

A material decrease in the supply, or a material increase in the price, of crude oil available to Holly Corporation's and Alon's refineries, could materially reduce our ability to pay interest on, or the principal of, the notes.

The volume of refined products we transport in our refined product pipelines depends on the level of production of refined products from Holly Corporation's and Alon's refineries, which, in turn, depends on the availability of attractively-priced crude oil produced in the areas accessible to those refineries. In order to maintain or increase production levels at their refineries, our shippers must continually contract for new crude oil supplies. A material decrease in crude oil production from the fields that supply their refineries, as a result of depressed commodity prices, lack of drilling activity, natural production declines or otherwise, could result in a decline in the volume of crude oil our shippers refine. Such an event would result in an overall decline in volumes of refined products transported through our pipelines and therefore a corresponding reduction in our cash flow. In addition, the future growth of our shippers' operations will depend in part upon whether they can contract for additional supplies of crude oil at a greater rate than the rate of natural decline in their currently connected supplies.

Fluctuations in crude oil prices can greatly affect production rates and investments by third parties in the development of new oil reserves. Drilling activity generally decreases as crude oil prices decrease. We and our shippers have no control over the level of drilling activity in the areas of operations, the amount of reserves underlying the wells and the rate at which production from a well will decline or producers or their production decisions, which are affected by, among other things, prevailing and projected energy prices, demand for hydrocarbons, geological considerations, governmental regulation and the availability and cost of capital. Similarly, if there were a material increase in the price of crude oil supplied to our shippers' refineries without an increase in the value of the products produced by the refineries, either temporary or permanent, which caused a reduction in the production of refined products at the refineries, this would cause a reduction in the volumes of refined products we transport and our cash flow and could adversely affect our ability to pay interest on, or the principal of, the notes.

We may not be able to retain existing customers or acquire new customers, which could reduce our ability to pay interest on, or the principal of, the notes.

The renewal or replacement of existing contracts with our customers at rates sufficient to maintain current revenues and cash flows depends on a number of factors outside our control, including competition from other pipelines and the demand for refined products in the markets that we serve. Alon's obligations to lease capacity on the Artesia-Orla-El Paso pipeline have remaining terms ranging from three to six years. BP's agreement to ship on the Rio Grande Pipeline expires in 2007. If we are unable to renew or replace our current contracts as they expire, our ability to pay interest on, or the principal of, the notes could be adversely affected.

Our operations are subject to federal, state and local laws and regulations relating to environmental protection and operational safety that could require us to make substantial expenditures.

Our pipelines and terminal operations are subject to increasingly strict environmental and safety laws and regulations. The transportation and storage of refined products produces a risk that refined products and other hydrocarbons may be suddenly or gradually released into the environment, potentially causing substantial expenditures for a response action, significant government penalties, liability to government agencies for natural resources damages, personal injury or property damages to private parties and significant business interruption. We own or lease a number of properties that have been used to store or distribute refined products for many years. Many of these properties, such as recently acquired assets from Holly Corporation and Alon, have also been operated by third parties whose handling, disposal, or release of hydrocarbons and other wastes were not under our control. If we were to incur a significant liability pursuant to environmental laws or regulations, it could have a material adverse effect on our financial position and our ability to pay interest on, or the principal of, the notes.

Table of Contents

Our operations are subject to operational hazards and unforeseen interruptions for which we may not be adequately insured.

Our operations are subject to operational hazards and unforeseen interruptions such as natural disasters, adverse weather, accidents, fires, explosions, hazardous materials releases, mechanical failures and other events beyond our control. These events might result in a loss of equipment or life, injury or extensive property damage, as well as an interruption in our operations. We may not be able to maintain or obtain insurance of the type and amount we desire at reasonable rates. As a result of market conditions, premiums and deductibles for certain of our insurance policies have increased substantially, and could escalate further. In some instances, certain insurance could become unavailable or available only for reduced amounts of coverage. For example, our insurance carriers require broad exclusions for losses due to terrorist acts. If we were to incur a significant liability for which we were not fully insured, it could have a material adverse effect on our financial position.

Any reduction in the capacity of, or the allocations to, our shippers in interconnecting, third-party pipelines could cause a reduction of volumes transported in our pipelines and through our terminals, which could reduce our ability to pay interest on, or the principal of, the notes.

Holly Corporation, Alon and the other users of our pipelines and terminals are dependent upon connections to third-party pipelines to receive and deliver crude oil and refined products. Any reduction of capacities of these interconnecting pipelines due to testing, line repair, reduced operating pressures, or other causes could result in reduced volumes transported in our pipelines or through our terminals. Similarly, if additional shippers begin transporting volumes of refined products over interconnecting pipelines, the allocations to existing shippers in these pipelines would be reduced, which could also reduce volumes transported in our pipelines or through our terminals. For example, the common carrier pipelines used by Holly Corporation to serve the Arizona and Albuquerque markets are currently operated at or near capacity and are subject to proration. As a result, the volumes of refined product Holly Corporation and other shippers have been able to deliver to these markets have been limited. The flow of additional products into El Paso for shipment to Arizona, either as a result of the operation of the Longhorn Pipeline or otherwise, could further exacerbate such constraints on deliveries to Arizona. Any reduction in volumes transported in our pipelines or through our terminals would adversely affect our revenues and could adversely affect our ability to pay interest on, or the principal of, the notes.

If our assumptions concerning population growth are inaccurate or if Holly Corporation's growth strategy is not successful, our ability to grow may be adversely affected.

Our growth strategy is dependent upon:

the accuracy of our assumption that many of the markets that we serve in the Southwestern and Rocky Mountain regions of the United States will experience population growth that is higher than the national average; and

the willingness and ability of Holly Corporation to capture a share of this additional demand in its existing markets and to identify and penetrate new markets in the Southwestern and Rocky Mountain regions of the United States.

If our assumptions about growth in market demand prove incorrect, Holly Corporation may not have any incentive to increase refinery capacity and production or shift additional throughput to our pipelines, which would adversely affect our growth strategy. Furthermore, Holly Corporation is under no obligation to pursue a growth strategy. If Holly Corporation chooses not to, or is unable to, gain additional customers in new or existing markets in the Southwestern and Rocky Mountain regions of the United States, our growth strategy would be adversely affected. Moreover, Holly Corporation may not make acquisitions that would provide acquisition opportunities to us, or if those opportunities arose, they may not be on terms attractive to us. Finally, Holly Corporation also will be subject to integration risks with respect to any new acquisitions it chooses to make.

Table of Contents***Growing our business by constructing new pipelines and terminals, or expanding existing ones, subjects us to construction risks.***

One of the ways we may grow our business is through the construction of new pipelines and terminals or the expansion of existing ones. The construction of a new pipeline or the expansion of an existing pipeline, by adding horsepower or pump stations or by adding a second pipeline along an existing pipeline, involves numerous regulatory, environmental, political and legal uncertainties, most of which are beyond our control. These projects may not be completed on schedule or at all or at the budgeted cost. In addition, our revenues may not increase immediately upon the expenditure of funds on a particular project. For instance, if we build a new pipeline, the construction will occur over an extended period of time and we will not receive any material increases in revenues until after completion of the project. Moreover, we may construct facilities to capture anticipated future growth in demand for refined products in a region in which such growth does not materialize. As a result, new facilities may not be able to attract enough throughput to achieve our expected investment return, which could adversely affect our results of operations and financial condition and could affect our ability to pay interest on, or the principal of, the notes.

Rate regulation may not allow us to recover the full amount of increases in our costs.

The primary rate-making methodology of the Federal Energy Regulatory Commission, or FERC, is price indexing. We use this methodology in all of our interstate markets. The indexing method allows a pipeline to increase its rates by a percentage equal to the change in the producer price index for finished goods. If the index falls, we will be required to reduce our rates that are based on the FERC's price indexing methodology if they exceed the new maximum allowable rate. In addition, changes in the index might not be large enough to fully reflect actual increases in our costs. The FERC's rate-making methodologies may limit our ability to set rates based on our true costs or may delay the use of rates that reflect increased costs. Any of the foregoing would adversely affect our revenues and cash flow and could affect our ability to pay interest on, or the principal of, the notes.

If our interstate or intrastate tariff rates are successfully challenged, we could be required to reduce our tariff rates, which would reduce our revenues and our ability to pay interest on, or the principal of, the notes.

Under the Energy Policy Act adopted in 1992, our interstate pipeline rates were deemed just and reasonable or grandfathered. As that Act applies to our rates, a person challenging a grandfathered rate must, as a threshold matter, establish that a substantial change has occurred since the date of enactment of the Act, in either the economic circumstances or the nature of the service that formed the basis for the rate. If the FERC were to find a substantial change in circumstances, then our existing rates could be subject to detailed review. If our rates were found to be in excess of levels justified by our cost of service the FERC could order us to reduce our rates. In addition, a state commission could also investigate our intrastate rates or our terms and conditions of service on its own initiative or at the urging of a shipper or other interested party. If a state commission found that our rates exceeded levels justified by our cost of service, the state commission could order us to reduce our rates. Any such reductions would result in lower revenues and cash flows and would reduce our ability to pay interest on, or the principal of, the notes.

Holly Corporation and Alon have agreed not to challenge, or to cause others to challenge or assist others in challenging, our tariff rates in effect during the terms of their respective pipelines and terminals agreements. These agreements do not prevent other current or future shippers from challenging our tariff rates. If any party successfully challenges our tariff rates, the effect would be to reduce our ability to pay interest on, or the principal of, the notes.

Potential changes to current petroleum pipeline rate-making methods and procedures may impact the federal and state regulations under which we will operate in the future.

If the FERC's petroleum pipeline rate-making methodology changes, the new methodology could result in tariffs that generate lower revenues and cash flow and adversely affect our ability to pay interest on, or the principal of, the notes.

Table of Contents

Our pipeline operations are subject to FERC rate-making principles that could have an adverse impact on our ability to recover the full cost of operating our pipeline facilities and our ability to pay interest on, or the principal of, the notes.

In a decision last year involving an oil pipeline limited partnership, *BP West Coast Products, LLC v. FERC*, the United States Court of Appeals for the District of Columbia Circuit vacated FERC's *Lakehead* policy. Under that policy, the FERC allowed an oil pipeline limited partnership to include in its cost of service an income tax allowance only to the extent that its unitholders were corporations subject to income tax. In May 2005, the FERC issued a statement of general policy regarding income tax allowances, stating that a pipeline organized as a tax pass-through entity may include in its cost of service-based rates an income tax allowance to reflect actual or potential tax liability on its public utility income attributable to all entities or individuals owning public utility assets, if the pipeline proves that the ultimate owner of the interest has an actual or potential income tax liability on such income. The FERC also stated that whether a pipeline's owners have such actual or potential income tax liability will be reviewed by the FERC on a case-by-case basis. In June 2005, the FERC issued an order on remand of *BP West Coast*, which, in part, applied its new policy on income tax allowance. Although the new policy affords pipelines that are organized as pass-through entities an opportunity to recover a tax allowance, the FERC has not indicated what evidence is required to establish such actual or legal income tax liability for all owners. In August 2005, the FERC dismissed requests for rehearing of its new tax allowance policy. In addition, multiple petitions for review of the FERC's application of its new tax allowance policy on remand of the *BP West Coast* decision have been filed at the United States Court of Appeals for the District of Columbia Circuit. Further, application of the FERC's policy statement in individual cases may be subject to further FERC action or review in the appropriate Court of Appeals. Therefore, the ultimate outcome of these proceedings is not certain and could result in changes to the FERC's treatment of income tax allowances in cost of service. If we were to file for a cost of service-based rate increase above the applicable indexing level for a given year, we would be permitted to include an income tax allowance in such rates only to the extent we could show, pursuant to the new policy's standard, that the ultimate owners of our units have actual or potential income tax liability on our income. If the FERC were to disallow a substantial portion of our income tax allowance, it is likely that the maximum rates that could be charged could decrease from current levels.

Terrorist attacks, and the threat of terrorist attacks, have resulted in increased costs to our business.

Continued hostilities in the Middle East or other sustained military campaigns may adversely impact our results of operations and could affect our ability to pay interest on, or the principal of, the notes.

The long-term impact of terrorist attacks, such as the attacks that occurred on September 11, 2001, and the threat of future terrorist attacks, on the energy transportation industry in general, and on us in particular, is not known at this time. Increased security measures taken by us as a precaution against possible terrorist attacks have resulted in increased costs to our business. Uncertainty surrounding continued hostilities in the Middle East or other sustained military campaigns may affect our operations in unpredictable ways, including disruptions of crude oil supplies and markets for refined products, and the possibility that infrastructure facilities could be direct targets of, or indirect casualties of, an act of terror.

Changes in the insurance markets attributable to terrorist attacks may make certain types of insurance more difficult for us to obtain. Moreover, the insurance that may be available to us may be significantly more expensive than our existing insurance coverage. Instability in the financial markets as a result of terrorism or war could also affect our ability to raise capital including our ability to repay or refinance the notes at maturity.

Risks Related to our Ownership Structure

Holly Corporation and its affiliates have conflicts of interest and limited fiduciary duties, which may permit them to favor their own interests.

Holly Corporation indirectly owns the 2% general partner interest and a 43% limited partner interest in us and owns and controls our general partner. Conflicts of interest may arise between Holly Corporation and its affiliates, including our general partner, on the one hand, and us, on the other hand. As a result of these conflicts, the general partner may favor its own interests and the interests of its affiliates over our interests. These conflicts include, among others, the following situations:

Holly Corporation, as a shipper on our pipelines, has an economic incentive not to cause us to seek higher tariff rates or terminalling fees, even if such higher rates or terminalling fees would reflect rates that could be obtained in arm s-length, third-party transactions;

neither our partnership agreement nor any other agreement requires Holly Corporation to pursue a business strategy that favors us or utilizes our assets, including whether to increase or decrease refinery production, whether to shut down or reconfigure a refinery, or what markets to pursue or grow. Holly Corporation s directors and officers have a fiduciary duty to make these decisions in the best interests of the stockholders of Holly Corporation;

our general partner is allowed to take into account the interests of parties other than us, such as Holly Corporation, in resolving conflicts of interest;

our general partner determines which costs incurred by Holly Corporation and its affiliates are reimbursable by us;

our partnership agreement does not restrict our general partner from causing us to pay it or its affiliates for any services rendered to us or entering into additional contractual arrangements with any of these entities on our behalf;

our general partner determines the amount and timing of our asset purchases and sales, capital expenditures and borrowings, each of which can affect the amount of cash available to pay interest on, and the principal of, the notes; and

our general partner controls the enforcement of obligations owed to us by our general partner and its affiliates, including the pipelines and terminals agreement with Holly Corporation.

Cost reimbursements, which will be determined by our general partner, and fees due our general partner and its affiliates for services provided are substantial.

For three years commencing July 13, 2004, the closing date of our initial public offering, we are obligated to pay Holly Corporation an administrative fee of \$2.0 million per year for the provision by Holly Corporation or its affiliates of various general and administrative services for our benefit. The administrative fee may increase on the second and third anniversaries of the closing date of our initial public offering by the greater of 5% or the percentage increase in the consumer price index and may also increase if we make an acquisition that requires an increase in the level of general and administrative services that we receive from Holly Corporation or its affiliates. In addition, our general partner and its affiliates are entitled to reimbursement for all other expenses they incur on our behalf, including the salaries of and the cost of employee benefits for employees of Holly Logistic Services, L.L.C. who provide services to us. Our general partner has sole discretion to determine the amount of these expenses. Our general partner and its affiliates also may provide us other services for which we are charged fees as determined by our general partner.

Holly Corporation and its affiliates may engage in limited competition with us.

Holly Corporation and its affiliates may engage in limited competition with us. Pursuant to the omnibus agreement, Holly Corporation and its affiliates agreed not to engage in the business of operating

Table of Contents

intermediate or refined product pipelines or terminals, crude oil pipelines or terminals, truck racks or crude oil gathering systems in the continental United States. The omnibus agreement, however, does not apply to:

any business operated by Holly Corporation or any of its subsidiaries at the closing of our initial public offering;

any crude oil pipeline or gathering system acquired or constructed by Holly Corporation or any of its subsidiaries that is physically interconnected to Holly Corporation's refining facilities;

any business or asset that Holly Corporation or any of its subsidiaries acquires or constructs that has a fair market value or construction cost of less than \$5.0 million; and

any business or asset that Holly Corporation or any of its subsidiaries acquires or constructs that has a fair market value or construction cost of \$5.0 million or more if we have been offered the opportunity to purchase the business or asset at fair market value, and we decline to do so with the concurrence of our conflicts committee.

In the event that Holly Corporation or its affiliates no longer control our partnership or there is a change of control of Holly Corporation, the non-competition provisions of the omnibus agreement will terminate.

If the IRS were to treat us as a corporation or if we were to become subject to entity-level taxation for state tax purposes, then our cash available to service the notes or repay them at maturity could be substantially reduced.

For federal income tax purposes, we take the position that we are a partnership that is not subject to federal income tax. If we were treated as a corporation, we would pay federal income tax on our income at the corporate tax rate, which is currently a maximum of 35%. In that case, our cash available to service the notes or repay them at maturity would be substantially reduced. We have not requested any ruling from the IRS with respect to our treatment as a partnership for federal income tax purposes. The IRS may adopt a position that differs from our tax reporting and it may be necessary to resort to court or administrative proceedings to resolve the issue.

Current law may change, causing us to be treated as a corporation for federal income tax purposes or otherwise subjecting us to entity-level taxation. For example, because of widespread state budget deficits, several states are evaluating ways to subject partnerships to entity-level taxation through the imposition of state income, franchise or other forms of taxation. If any state were to impose a tax upon us as an entity, the cash available to service the notes or repay them at maturity could be substantially reduced.

Risks Relating to the Notes

Our partnership agreement limits our ability to accumulate cash, which may limit cash available to service the notes or to repay them at maturity.

Our partnership agreement requires us to distribute on a quarterly basis, 100% of our available cash to our unitholders of record and our general partner. Available cash is generally all of our cash on hand at the end of each quarter, after payment of fees and expenses and the establishment of cash reserves by our general partner. Our general partner determines the amount and timing of cash distributions and has broad discretion to establish and make additions to our reserves or the reserves of our operating subsidiaries in amounts our general partner determines to be necessary or appropriate:

to provide for the proper conduct of our business and the businesses of our operating subsidiaries (including reserves for future capital expenditures and for our anticipated future credit needs);

to provide funds for distributions to our unitholders and our general partner for any one or more of the next four calendar quarters; or

to comply with applicable law or any of our loan or other agreements.

Table of Contents

Depending on the timing and amount of our cash distributions to unitholders and because we are not required to accumulate cash for the purpose of meeting obligations to holders of any notes, such distributions could significantly reduce the cash available to us in subsequent periods to make payments on the notes.

Your right to receive payments on the notes is effectively subordinated to the rights of our existing and future secured creditors. Further, the guarantees of these notes are effectively subordinated to all our guarantors existing and future secured indebtedness.

The notes are effectively subordinated to claims of our secured creditors and the guarantees are effectively subordinated to the claims of our secured creditors as well as the secured creditors of our subsidiary guarantors. Additionally, in connection with the Alon transaction and the intermediate pipelines transaction with Holly Corporation, we granted each of Alon and Holly Corporation a mortgage on the pipelines and/or terminals we acquired from them that secures certain of their rights under the applicable pipelines and/or terminals agreement and gives each of them the ability, in the event of our default under the applicable pipelines and terminals agreement, to enter our property and operate the pipelines and terminals that we acquired from them. In the event of any distribution or sale of our assets in any foreclosure, dissolution, winding-up, liquidation, reorganization or other bankruptcy proceeding, holders of secured indebtedness will have prior claim to those of our assets that constitute their collateral. Holders of the notes will participate ratably with all holders of our unsecured indebtedness that is deemed to be of the same class as the notes, and potentially with all of our other general creditors, based upon the respective amounts owed to each holder or creditor, in our remaining assets. In any of the foregoing events, we cannot assure you that there will be sufficient assets to pay amounts due on the notes. As a result, holders of notes may receive less, ratably, than holders of secured indebtedness.

Although all of our wholly-owned subsidiaries, other than Holly Energy Finance Corp., the co-issuer of the notes, initially guaranteed the notes, in the future, under certain circumstances, the guarantees are subject to release and we may have subsidiaries that are not guarantors. In the event of a bankruptcy, liquidation or reorganization of any of our non-guarantor subsidiaries, holders of their indebtedness and their trade creditors will generally be entitled to payment of their claims from the assets of those subsidiaries before any assets are made available for distribution to us.

Not all of our subsidiaries guarantee the notes. Your right to receive payments on the notes could be adversely affected if any of our non-guarantor subsidiaries declare bankruptcy, liquidate or reorganize.

All of our subsidiaries that guarantee indebtedness under our revolving credit agreement guarantee the notes. Initially, all of our subsidiaries other than Rio Grande Pipeline Company have guaranteed the indebtedness under our revolving credit agreement. In the event of a bankruptcy, liquidation or reorganization of Rio Grande Pipeline Company, holders of its indebtedness and its trade creditors will generally be entitled to payment of their claims from the assets of Rio Grande Pipeline Company before any assets are made available for distribution to us.

As of June 30, 2005, the notes are effectively junior to \$0.7 million of indebtedness and other liabilities (including trade payables) of Rio Grande Pipeline Company. Rio Grande Pipeline Company generated 13% of our revenues for the six months ended June 30, 2005 and held 14% of our consolidated assets as of June 30, 2005.

To service our indebtedness, we will require a significant amount of cash. Our ability to generate cash depends on many factors beyond our control.

Our ability to make payments on and to refinance our indebtedness, including the notes, and to fund planned capital expenditures will depend on our ability to generate cash in the future. This, to a certain extent, is subject to general economic, financial, competitive, legislative, regulatory and other factors that are beyond our control.

Table of Contents

We cannot assure you that our business will generate sufficient cash flow from operations or that future borrowings will be available to us under our revolving credit agreement or otherwise in an amount sufficient to enable us to pay our indebtedness, including these notes, or to fund our other liquidity needs. We may need to refinance all or a portion of our indebtedness, including these notes on or before maturity. We cannot assure you that we will be able to refinance any of our indebtedness, including our revolving credit agreement and these notes, on commercially reasonable terms or at all.

Our leverage may limit our ability to borrow additional funds, comply with the terms of our indebtedness or capitalize on business opportunities.

As of June 30, 2005, our total principal amount of outstanding long-term debt, including current maturities, was \$185 million. Various limitations in our revolving credit agreement and the indenture for the notes may reduce our ability to incur additional debt, to engage in some transactions and to capitalize on business opportunities. Any subsequent refinancing of our current indebtedness or any new indebtedness could have similar or greater restrictions.

Our leverage could have important consequences to investors in the notes. We will require substantial cash flow to meet our payment obligations with respect to the notes and our other indebtedness. Our ability to make scheduled payments, to refinance our obligations with respect to our indebtedness or our ability to obtain additional financing in the future will depend on our financial and operating performance, which, in turn, is subject to prevailing economic conditions and to financial, business and other factors. We believe that we will have sufficient cash flow from operations and available borrowings under our revolving credit agreement to service our indebtedness. However, a significant downturn in our business or other development adversely affecting our cash flow could materially impair our ability to service our indebtedness. If our cash flow and capital resources are insufficient to fund our debt service obligations, we may be forced to refinance all or a portion of our debt or sell assets. We cannot assure you that we would be able to refinance our existing indebtedness or sell assets on terms that are commercially reasonable.

The instruments governing our debt contain restrictive covenants that may prevent us from engaging in certain beneficial transactions. The agreements governing our debt generally require us to comply with various affirmative and negative covenants including the maintenance of certain financial ratios and restrictions on incurring additional debt, entering into mergers, consolidations and sales of assets, making investments and granting liens. Additionally, (1) our contribution agreement with Alon restricts us from selling the pipelines and terminals we acquired from Alon and from prepaying more than \$30 million of the \$150 million principal amount of the outstanding notes issued on February 28, 2005 for ten years, subject to certain limited exceptions, and (2) our purchase agreement with Holly Corporation for the intermediate pipelines restricts us from selling the intermediate pipelines and from prepaying any of the \$35 million principal amount of the outstanding notes issued on June 28, 2005 for ten years, subject to certain limited exceptions. Our leverage may adversely affect our ability to fund future working capital, capital expenditures and other general partnership requirements, future acquisition, construction or development activities, or to otherwise fully realize the value of our assets and opportunities because of the need to dedicate a substantial portion of our cash flow from operations to payments on our indebtedness or to comply with any restrictive terms of our indebtedness. Our leverage may also make our results of operations more susceptible to adverse economic and industry conditions by limiting our flexibility in planning for, or reacting to, changes in our business and the industry in which we operate and may place us at a competitive disadvantage as compared to our competitors that have less debt.

Many of the covenants in the indenture will terminate if the notes are rated investment grade by each of Moody's and Standard & Poor's.

Many of the covenants in the indenture governing the notes will no longer apply to us if the notes are rated investment grade by Moody's and Standard & Poor's, provided at such time no default has occurred and is continuing. These covenants will restrict, among other things, our ability to pay distributions, incur debt and to enter into certain other transactions. There can be no assurance that the notes will ever be rated investment grade, or that if they are rated investment grade, that the notes will maintain these

Table of Contents

ratings. However, termination of these covenants would allow us to engage in certain transactions that would not be permitted while these covenants were in force. See Description of the New Notes Certain Covenants Suspension of Covenants.

Federal and state statutes allow courts, under specific circumstances, to void guarantees and require note holders to return payments received from guarantors.

Under the federal bankruptcy laws and comparable provisions of state fraudulent transfer laws, a guarantee could be voided, or claims in respect of a guarantee could be subordinated to all other debts of that guarantor if, among other things, the guarantor, at the time it incurred the indebtedness evidenced by its guarantee:

received less than reasonably equivalent value or fair consideration for the incurrence of such guarantee and was insolvent or rendered insolvent by reason of such incurrence;

was engaged in a business or transaction for which the guarantor's remaining assets constituted unreasonably small capital; or

intended to incur, or believed that it would incur, debts beyond its ability to pay such debts as they mature.

In addition, any payment by that guarantor pursuant to its guarantee could be voided and required to be returned to the guarantor, or to a fund for the benefit of the creditors of the guarantor. The measures of insolvency for purposes of these fraudulent transfer laws will vary depending upon the law applied in any proceeding to determine whether a fraudulent transfer has occurred. Generally, however, a guarantor would be considered insolvent if:

the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all of its assets;

the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability, including contingent liabilities, on its existing debts, as they become absolute and mature; or

it could not pay its debts as they become due.

We may not be able to repurchase the notes upon certain change of control events.

Upon the occurrence of specific change of control events affecting us, you will have the right to require us to repurchase the notes at 101% of their principal amount, plus accrued and unpaid interest to the date of payment. Our ability to repurchase the notes upon such a change of control event would be limited by our access to funds at the time of the repurchase and the terms of our other debt agreements and our contribution agreement with Alon and purchase agreement with Holly Corporation for the intermediate pipelines. Upon a change of control event, we may be required immediately to repay the outstanding principal, any accrued interest on and any other amounts owed by us under our credit facilities, the notes and other outstanding indebtedness. The source of funds for these repayments would be our available cash or cash generated from other sources. However, we cannot assure you that we will have sufficient funds available upon a change of control event to fund any required repurchases of this outstanding indebtedness and to pay damages under other agreements. In addition, certain important partnership events, such as leveraged recapitalizations, that would increase the level of our indebtedness would not constitute a change of control under the indenture. See Description of the New Notes Repurchase at the Option of Holders Change of Control.

Your ability to transfer the new notes may be limited by the absence of a trading market.

The new notes will be new securities for which currently there is no trading market. We do not currently intend to apply for listing of the new notes on any securities exchange. Although certain of the

Table of Contents

initial purchasers have informed us that they currently intend to make a market in the new notes, they are not obligated to do so and may discontinue any such market-making at any time without notice.

The liquidity of any market for the new notes will depend upon various factors, including:

the number of holders of those notes;

the interest of securities dealers in making a market in those notes;

the overall market for high yield securities;

our financial performance or prospects; and

the prospects for companies in our industry generally.

Accordingly, we cannot assure you that a market or liquidity will develop for the new notes.

Historically, the market for non-investment grade debt has been subject to disruptions that have caused substantial volatility in the prices of securities similar to the new notes. We cannot assure you that the market for the notes, if any, will not be subject to similar disruptions. Any such disruptions may adversely affect you as a holder of the notes.

EXCHANGE OFFER

Purpose and Effect of the Exchange Offer

On February 28, 2005, we originally sold \$150,000,000 in aggregate principal amount of the outstanding notes in a private placement transaction exempt from registration pursuant to Section 4(2) of the Securities Act and Rule 144A thereunder. On June 28, 2005, we sold an additional \$35,000,000 in aggregate principal amount of the outstanding notes in a private placement transaction also exempt from registration pursuant to Section 4(2) of the Securities Act.

In connection with the issuance of the outstanding notes, we entered into two registration rights agreements. Under these registration rights agreements, we agreed to:

file a registration statement with the SEC on or prior to July 28, 2005 with respect to a registered offer to exchange each outstanding note for a new note having terms identical in all material respects to such note except that the new note will not contain terms with respect to transfer restrictions, registration rights or liquidated damages;

use commercially reasonable efforts to cause the registration statement to be declared effective on or prior to September 26, 2005;

upon effectiveness of the registration statement, offer the new notes in exchange for surrender of the outstanding notes;

keep the exchange offer open for not less than 20 business days (or longer if required by applicable law) after the date that notice of the exchange offer is mailed to the holders of the outstanding notes; and

use commercially reasonable efforts to consummate the exchange offer on or prior to October 26, 2005.

We have fulfilled the agreement described in the first preceding bullet point and are now offering eligible holders of the outstanding notes the opportunity to exchange their outstanding notes for new notes registered under the Securities Act.

Resale of New Notes

Based on no action letters of the SEC staff issued to third parties, we believe that new notes may be offered for resale, resold and otherwise transferred by you without further compliance with the registration and prospectus delivery provisions of the Securities Act if:

such new notes are acquired in the ordinary course of your business; and

you do not intend to participate in a distribution of the new notes.

Holders of outstanding notes who are our affiliates are not eligible to participate in the exchange offer and will continue to hold outstanding notes subsequent to the exchange offer.

The SEC, however, has not considered the exchange offer for the new notes in the context of a no action letter, and the SEC may not make a similar determination as in the no action letters issued to these third parties.

If you tender in the exchange offer with the intention of participating in any manner in a distribution of the new notes, you

cannot rely on such interpretations by the SEC staff; and

must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a secondary resale transaction.

Unless an exemption from registration is otherwise available, any securityholder intending to distribute new notes should be covered by an effective registration statement under the Securities Act. The registration statement should contain the selling securityholder's information required by Item 507 of Regulation S-K under the Securities Act.

This prospectus may be used for an offer to resell, resale or other retransfer of new notes only as specifically described in this prospectus. Failure to comply with the registration and prospectus delivery requirements by a holder subject to these requirements could result in that holder incurring liability for which it is not indemnified by us. If you are a broker-dealer, you may participate in the exchange offer only if you acquired the outstanding notes as a result of market-making activities or other trading activities. Each broker-dealer that receives new notes for its own account in exchange for outstanding notes, where such outstanding notes were acquired by such broker dealer as a result of market-making activities or other trading activities, must acknowledge in the letter of transmittal that it will deliver a prospectus in connection with any resale of the new notes. Please read the section captioned Plan of Distribution for more details regarding the transfer of new notes.

Terms of the Exchange Offer

Subject to the terms and conditions described in this prospectus and in the letter of transmittal, we will accept for exchange any outstanding notes properly tendered and not withdrawn prior to 9:00 a.m. New York City time on the expiration date. We will issue new notes in principal amount equal to the principal amount of outstanding notes surrendered under the exchange offer. Outstanding notes may be tendered only for new notes and only in integral multiples of \$1,000.

The exchange offer is not conditioned upon any minimum aggregate principal amount of outstanding notes being tendered for exchange.

As of the date of this prospectus, \$185,000,000 in aggregate principal amount of 6¹/₄% Senior Notes due 2015 are outstanding. This prospectus is being sent to DTC, the sole registered holder of the outstanding notes, and to all persons that we can identify as beneficial owners of the outstanding notes. There will be no fixed record date for determining registered holders of outstanding notes entitled to participate in the exchange offer.

We intend to conduct the exchange offer in accordance with the provisions of the registration rights agreements, the applicable requirements of the Securities Act and the Exchange Act of 1934 (the

Table of Contents

Exchange Act) and the rules and regulations of the SEC. Outstanding notes that the holders thereof do not tender for exchange in the exchange offer will remain outstanding and continue to accrue interest. These outstanding notes will be entitled to the rights and benefits such holders have under the indenture relating to the notes and the registration rights agreement.

We will be deemed to have accepted for exchange properly tendered outstanding notes when we have given oral or written notice of the acceptance to the exchange agent and complied with the applicable provisions of the registration rights agreement. The exchange agent will act as agent for the tendering holders for the purposes of receiving the new notes from us.

If you tender outstanding notes in the exchange offer, you will not be required to pay brokerage commissions or fees or, subject to the letter of transmittal, transfer taxes with respect to the exchange of outstanding notes. We will pay all charges and expenses, other than certain applicable taxes described below, in connection with the exchange offer. It is important that you read the section titled Fees and Expenses below for more details regarding fees and expenses incurred in the exchange offer.

We will promptly return any outstanding notes that we do not accept for exchange for any reason without expense to their tendering holder after the expiration or termination of the exchange offer.

Expiration Date

The exchange offer will expire at 9:00 a.m., New York City time, on October 21, 2005, unless, in our sole discretion, we extend it.

Extensions, Delays in Acceptance, Termination or Amendment

We expressly reserve the right, at any time or various times, to extend the period of time during which the exchange offer is open. During any such extensions, all outstanding notes previously tendered will remain subject to the exchange offer, and we may elect to accept or not accept them for exchange.

In order to extend the exchange offer, we will notify the exchange agent orally or in writing of any extension. We will notify the registered holders of outstanding notes of the extension by press release no later than 9:00 a.m., New York City time, on the business day after the previously scheduled expiration date.

If any of the conditions described below under Conditions to the Exchange Offer have not been satisfied, we reserve the right, in our sole discretion, to:

delay accepting for exchange any outstanding notes prior to the termination of the exchange offer;

extend the exchange offer; or

terminate the exchange offer;

by giving oral or written notice of such delay, extension or termination to the exchange agent. Subject to the terms of the registration rights agreements, we also reserve the right to amend the terms of the exchange offer in any manner.

Any such delay in acceptance, extension, termination or amendment will be promptly followed by notice thereof to the registered holders of outstanding notes by means of a press release. If we amend the exchange offer in a manner that we determine to constitute a material change, we will promptly disclose such amendment by means of a prospectus supplement or a post-effective amendment. The supplement will be distributed to the registered holders of the outstanding notes. Depending upon the significance of the amendment and the manner of disclosure to the registered holders, we will extend the exchange offer if necessary so that at least five business days remain after the date of such prospectus supplement or post-effective amendment.

Conditions to the Exchange Offer

We will not be required to accept for exchange, or exchange any new notes for, any outstanding notes if the exchange offer, or the making of any exchange by a holder of outstanding notes, would violate applicable law or the interpretations of the staff of the SEC contained in no-action letters issued to third parties in *Exxon Holdings Corp.*, SEC No-Action Letter (available May 13, 1988), *Morgan Stanley & Co., Inc.*, SEC No-Action Letter (available June 5, 1991) and *Shearman & Sterling*, SEC No-Action Letter (available July 2, 1993). Similarly, we may terminate the exchange offer as provided in this prospectus before accepting outstanding notes for exchange in the event of such a potential violation.

In addition, we will not be obligated to accept for exchange the outstanding notes of any holder that has not made to us the representations described under Purpose and Effect of the Exchange Offer, Procedures for Tendering and Plan of Distribution and such other representations as may be reasonably necessary under applicable SEC rules, regulations or interpretations to allow us to use an appropriate form to register the new notes under the Securities Act.

We expressly reserve the right to amend or terminate the exchange offer, and to reject for exchange any outstanding notes not previously accepted for exchange, upon the occurrence of any of the conditions to the exchange offer specified above. We will promptly give oral or written notice of any amendment, non-acceptance or termination and written notice of any extension to the holders of the outstanding notes.

These conditions are for our sole benefit, and we may assert them or waive them in whole or in part at any time prior to or on the expiration of the exchange offer in our sole discretion. If we fail at any time to exercise any of these rights, this failure will not mean that we have waived our rights. Each such right will be deemed an ongoing right that we may assert at any time or at various times.

In addition, we will not accept for exchange any outstanding notes tendered, and will not issue new notes in exchange for any such outstanding notes, if at such time any stop order has been threatened or is in effect with respect to (1) the registration statement of which this prospectus constitutes a part or (2) the qualification of the indenture relating to the notes under the Trust Indenture Act of 1939.

Procedures for Tendering

In order to participate in the exchange offer, you must properly tender your outstanding notes to the exchange agent as described below. It is your responsibility to properly tender your notes. We have the right to waive any defects. However, we are not required to waive defects and are not required to notify you of defects in your tender.

If you have any questions or need help in exchanging your notes, please contact the exchange agent, whose address and telephone number are provided in the letter of transmittal included as Annex A to this prospectus.

All of the outstanding notes were issued in book-entry form, and all of the outstanding notes are currently represented by global certificates held for the account of DTC. We have confirmed with DTC that the outstanding notes may be tendered using the Automated Tender Offer Program (ATOP) instituted by DTC. The exchange agent will establish an account with DTC for purposes of the exchange offer promptly after the commencement of the exchange offer and DTC participants may electronically transmit their acceptance of the exchange offer by causing DTC to transfer their outstanding notes to the exchange agent using the ATOP procedures. In connection with the transfer, DTC will send an agent s message to the exchange agent. The agent s message will state that DTC has received instructions from the participant to tender outstanding notes and that the participant agrees to be bound by the terms of the letter of transmittal.

By using the ATOP procedures to exchange outstanding notes, you will not be required to deliver a letter of transmittal to the exchange agent. However, you will be bound by its terms just as if you had signed it.

There is no procedure for guaranteed late delivery of the notes.

Determinations Under the Exchange Offer

We will determine in our sole discretion all questions as to the validity, form, eligibility, time of receipt, acceptance of tendered outstanding notes and withdrawal of tendered outstanding notes. Our determination will be final and binding. We reserve the absolute right to reject any outstanding notes not properly tendered or any outstanding notes our acceptance of which would, in the opinion of our counsel, be unlawful. We also reserve the right to waive any defect, irregularities or conditions of tender as to particular outstanding notes. Our interpretation of the terms and conditions of the exchange offer, including the instructions in the letter of transmittal, will be final and binding on all parties. Unless waived, all defects or irregularities in connection with tenders of outstanding notes must be cured within such time as we shall determine. Although we intend to notify holders of defects or irregularities with respect to tenders of outstanding notes, neither we, the exchange agent nor any other person will incur any liability for failure to give such notification. Tenders of outstanding notes will not be deemed made until such defects or irregularities have been cured or waived. Any outstanding notes received by the exchange agent that are not properly tendered and as to which the defects or irregularities have not been cured or waived will be returned to the tendering holder, unless otherwise provided in the letter of transmittal, promptly following the expiration date.

When We Will Issue New Notes

In all cases, we will issue new notes for outstanding notes that we have accepted for exchange under the exchange offer only after the exchange agent timely receives:

a book-entry confirmation of such outstanding notes into the exchange agent's account at DTC; and

a properly transmitted agent's message.

Return of Outstanding Notes Not Accepted or Exchanged

If we do not accept any tendered outstanding notes for exchange or if outstanding notes are submitted for a greater principal amount than the holder desires to exchange, the unaccepted or non-exchanged outstanding notes will be returned without expense to their tendering holder. Such non-exchanged outstanding notes will be credited to an account maintained with DTC. These actions will occur promptly after the expiration or termination of the exchange offer.

Your Representations to Us

By agreeing to be bound by the letter of transmittal, you will represent to us that, among other things:
any new notes that you receive will be acquired in the ordinary course of your business;

you have no arrangement or understanding with any person or entity to participate in the distribution of the new notes;

you are not engaged in and do not intend to engage in the distribution of the new notes;

if you are a broker-dealer that will receive new notes for your own account in exchange for outstanding notes, you acquired those notes as a result of market-making activities or other trading activities and you will deliver a prospectus, as required by law, in connection with any resale of such new notes; and

you are not our affiliate, as defined in Rule 405 of the Securities Act.

Withdrawal of Tenders

Except as otherwise provided in this prospectus, you may withdraw your tender at any time prior to 9:00 a.m., New York City time, on the expiration date. For a withdrawal to be effective you must comply with the appropriate procedures of DTC's ATOP system. Any notice of withdrawal must specify the name

Table of Contents

and number of the account at DTC to be credited with withdrawn outstanding notes and otherwise comply with the procedures of DTC.

We will determine all questions as to the validity, form, eligibility and time of receipt of notice of withdrawal. Our determination shall be final and binding on all parties. We will deem any outstanding notes so withdrawn not to have been validly tendered for exchange for purposes of the exchange offer.

Any outstanding notes that have been tendered for exchange but are not exchanged for any reason will be credited to an account maintained with DTC for the outstanding notes. This return or crediting will take place as soon as practicable after withdrawal, rejection of tender or termination of the exchange offer. You may retender properly withdrawn outstanding notes by following the procedures described under Procedures for Tendering above at any time prior to 9:00 a.m., New York City time, on the expiration date.

Fees and Expenses

We will bear the expenses of soliciting tenders. The principal solicitation is being made by mail; however, we may make additional solicitation by telegraph, telephone or in person by our officers and regular employees and those of our affiliates.

We have not retained any dealer manager in connection with the exchange offer and will not make any payments to broker dealers or others soliciting acceptances of the exchange offer. We will, however, pay the exchange agent reasonable and customary fees for its services and reimburse it for its related reasonable out of pocket expenses.

We will pay the cash expenses to be incurred in connection with the exchange offer. They include:

SEC registration fees;

fees and expenses of the exchange agent and trustee;

accounting and legal fees and printing costs; and

related fees and expenses.

Transfer Taxes

We will pay all transfer taxes, if any, applicable to the exchange of outstanding notes under the exchange offer. The tendering holder, however, will be required to pay any transfer taxes, whether imposed on the registered holder or any other person, if a transfer tax is imposed for any reason other than the exchange of outstanding notes under the exchange offer.

Consequences of Failure to Exchange

If you do not exchange new notes for your outstanding notes under the exchange offer, you will remain subject to the existing restrictions on transfer of the outstanding notes. In general, you may not offer or sell the outstanding notes unless they are registered under the Securities Act, or if the offer or sale is exempt from the registration under the Securities Act and applicable state securities laws. Except as required by the registration rights agreements, we do not intend to register resales of the outstanding notes under the Securities Act.

Accounting Treatment

We will record the new notes in our accounting records at the same carrying value as the outstanding notes. This carrying value is the aggregate principal amount of the outstanding notes less any bond discount and increased or decreased for any market valuation adjustment on the \$60 million principal amount of the outstanding notes hedged under SFAS 133, as reflected in our accounting records on the date of exchange. Accordingly, we will not recognize any gain or loss for accounting purposes in connection with the exchange offer.

Table of Contents**Other**

Participation in the exchange offer is voluntary, and you should carefully consider whether to accept. You are urged to consult your financial and tax advisors in making your own decision on what action to take.

We may in the future seek to acquire untendered outstanding notes in open market or privately negotiated transactions, through subsequent exchange offers or otherwise. We have no present plans to acquire any outstanding notes that are not tendered in the exchange offer or to file a registration statement to permit resales of any untendered outstanding notes.

USE OF PROCEEDS

The exchange offer is intended to satisfy our obligations under the registration rights agreements. We will not receive any cash proceeds from the issuance of the new notes in the exchange offer. In consideration for issuing the new notes as contemplated by this prospectus, we will receive outstanding notes in a like principal amount. The form and terms of the new notes are identical in all respects to the form and terms of the outstanding notes, except the new notes do not include restrictions on transfer, registration rights or provisions for liquidated damages. Outstanding notes surrendered in exchange for the new notes will be retired and cancelled and will not be reissued. Accordingly, the issuance of the new notes will not result in any change in our outstanding indebtedness.

RATIO OF EARNINGS TO FIXED CHARGES

For purposes of calculating the ratio of earnings to fixed charges, earnings represent income before income tax expense before deducting fixed charges. Fixed charges include interest and 30% of rental expense, which is the portion deemed to be interest. Our ratio of earnings to fixed charges for each of the periods indicated is as follows:

	Navajo Pipeline Co., L.P. (Predecessor)					Holly Energy Partners, L.P.
	and Holly Energy Partners, L.P.					
	Year Ended December 31,					Six Months Ended
	2000	2001	2002	2003	2004	June 30, 2005(1)
Ratio of Earnings to Fixed Charges	2.7	1.9	2.5	1.3	16.1	4.0

(1) The ratio of earnings to fixed charges for the six months ended June 30, 2005 only includes earnings from our recently acquired Alon operations and interest on \$150 million of the outstanding notes from February 28, 2005, when such operations were acquired and such notes were issued and interest on an additional \$35 million of the outstanding notes from June 28, 2005, when such additional outstanding notes were issued.

DESCRIPTION OF THE NEW NOTES

You can find the definitions of certain terms used in this description under the subheading **Certain Definitions**. In this description, the word **Holly Energy Partners** refers only to Holly Energy Partners, L.P. and not to any of its subsidiaries, the term **Finance Corp.** refers to Holly Energy Finance Corp. and the term **Issuers** refers to Holly Energy Partners and Finance Corp.

The Issuers will issue the new notes, and the outstanding notes were issued, under an indenture (such indenture and any supplements thereto, the **Indenture**) among themselves, the Guarantors and U.S. Bank National Association, as trustee. The terms of the new notes will include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended.

The following description is a summary of the material provisions of the Indenture. It does not restate the Indenture in its entirety. We urge you to read the Indenture because it, and not this description,

Table of Contents

defines your rights as holders of the notes. Copies of the Indenture are available as set forth below under **Where You Can Find More Information**. Certain defined terms used in this description but not defined below under **Certain Definitions** have the meanings assigned to them in the Indenture.

The registered holder of a note will be treated as the owner of it for all purposes. Only registered holders will have rights under the Indenture.

If the exchange offer contemplated by this prospectus is consummated, holders of outstanding notes who do not exchange those notes for new notes in the Exchange Offer will vote together with holders of new notes for all relevant purposes under the Indenture. In that regard, the Indenture requires that certain actions by the holders thereunder (including acceleration following an Event of Default) must be taken, and certain rights must be exercised, by specified minimum percentages of the aggregate principal amount of the outstanding securities issued under the Indenture. In determining whether holders of the requisite percentage in principal amount have given any notice, consent or waiver or taken any other action permitted under the Indenture, any outstanding notes that remain outstanding after the Exchange Offer will be aggregated with the new notes, and the holders of such outstanding notes and the new notes will vote together as a single series for all such purposes. Accordingly, all references herein to specified percentages in aggregate principal amount of the notes outstanding shall be deemed to mean, at any time after the Exchange Offer is consummated, such percentages in aggregate principal amount of the outstanding notes and the new notes outstanding.

Brief Description of the Notes and the Guarantees

The Notes

The notes are:

general unsecured obligations of the Issuers;

pari passu in right of payment with all existing and future unsecured senior Indebtedness of the Issuers;

senior in right of payment to any future subordinated Indebtedness of the Issuers; and

unconditionally guaranteed by the Guarantors.

However, the notes are effectively subordinated to all secured Indebtedness under the Credit Agreement, which is secured by substantially all of the assets of the Guarantors. See **Risk Factors** **Risks Relating to the Notes** **Your right to receive payments on the notes is effectively subordinated to the rights of our existing and future secured creditors.** Further, the guarantees of these notes are effectively subordinated to all our guarantors' existing and future secured indebtedness.

The Note Guarantees

Each guarantee of the notes is:

a general unsecured obligation of the Guarantor;

pari passu in right of payment with all existing and future senior Indebtedness of that Guarantor; and

senior in right of payment to any future subordinated Indebtedness of that Guarantor.

However, the note guarantees are effectively subordinated to all secured Indebtedness of the Guarantors, including their guarantees of Indebtedness under the Credit Agreement, to the extent of the value of the collateral securing those guarantees.

Not all of our Subsidiaries guarantee the notes. Rio Grande Pipeline Company, a Restricted Subsidiary of which we own 70% of the outstanding Equity Interests, does not guarantee the notes. In the future, the notes will be guaranteed only by our Domestic Subsidiaries that Guarantee Indebtednesses

Table of Contents

under a Credit Facility. In the event of a bankruptcy, liquidation or reorganization of any of our non-guaranteeing Subsidiaries, such subsidiaries will pay the holders of their debt and their trade creditors before they will be able to distribute any of their assets to us.

Initially, all of our Subsidiaries will be Restricted Subsidiaries. However, under the circumstances described below under the caption Certain Covenants Designation of Restricted and Unrestricted Subsidiaries, we will be permitted to designate certain of our Subsidiaries as Unrestricted Subsidiaries. Our Unrestricted Subsidiaries will not be subject to the restrictive covenants in the Indenture. Our Unrestricted Subsidiaries will not guarantee the notes.

Finance Corp.

Finance Corp. is a Delaware corporation and a wholly-owned subsidiary of Holly Energy Partners that was formed for the purpose of facilitating the offering of the notes by acting as co-issuer. Finance Corp. was nominally capitalized and does not have any operations or revenues.

Principal, Maturity and Interest

The Issuers have issued \$185 million in aggregate principal amount of outstanding notes under the Indenture and will issue the same aggregate principal amount of new notes if all outstanding notes are exchanged. The Issuers will issue notes in denominations of \$1,000 and integral multiples of \$1,000. The notes will mature on March 1, 2015.

Interest on the notes will accrue at the rate of 6¹/₄% per annum and will be payable semi-annually in arrears on March 1 and September 1, commencing on March 1, 2006. Interest on overdue principal and interest, if any, will accrue at the interest rate on the notes. The Issuers will make each interest payment to the holders of record on the immediately preceding February 15 and August 15.

Interest on the new notes will accrue from September 1, 2005, the most recent date to which interest has been paid on the outstanding notes. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Methods of Receiving Payments on the Notes

If a holder of notes has given wire transfer instructions to Holly Energy Partners, the Issuers will pay all principal, interest and premium, if any, on that holder's notes in accordance with those instructions. All other payments on the notes will be made at the office or agency of the paying agent and registrar within the City and State of New York unless the Issuers elect to make interest payments by check mailed to the noteholders at their address set forth in the register of holders.

Paying Agent and Registrar for the Notes

The trustee will initially act as paying agent and registrar. The Issuers may change the paying agent or registrar without prior notice to the holders of the notes, and Holly Energy Partners, Finance Corp. or any of Holly Energy Partners' other Subsidiaries may act as paying agent or registrar.

Transfer and Exchange

A holder may transfer or exchange notes in accordance with the provisions of the Indenture. The registrar and the trustee may require a holder, among other things, to furnish appropriate endorsements and transfer documents in connection with a transfer of notes. Holders will be required to pay all taxes due on transfer. The Issuers will not be required to transfer or exchange any note selected for redemption. Also, the Issuers will not be required to transfer or exchange any note for a period of 15 days before a selection of notes to be redeemed.

Table of Contents

Note Guarantees

Initially, notes will be guaranteed by each of Holly Energy Partners' current Domestic Subsidiaries, other than Rio Grande Pipeline Company. In the future, the notes will be guaranteed by each of Holly Energy Partners' Domestic Subsidiaries that Guarantee Indebtedness under a Credit Facility. These Note Guarantees will be joint and several obligations of the Guarantors. The obligations of each Guarantor under its Note Guarantee will be limited as necessary to prevent that Note Guarantee from constituting a fraudulent conveyance under applicable law. See Risk Factors Risks Relating to the Notes. Federal and state statutes allow courts, under specific circumstances, to void guarantees and require note holders to return payments received from guarantors.

A Guarantor may not sell or otherwise dispose of all or substantially all of its assets to, or consolidate with or merge with or into (whether or not such Guarantor is the surviving Person), another Person, other than Holly Energy Partners or another Guarantor, unless:

(1) immediately after giving effect to that transaction, no Default or Event of Default exists; and

(2) either:

(a) the Person acquiring the property in any such sale or disposition or the Person formed by or surviving any such consolidation or merger assumes all the obligations of that Guarantor under the Indenture, its Note Guarantee and the registration rights agreements pursuant to a supplemental indenture satisfactory to the trustee; or

(b) the Net Proceeds of such sale or other disposition are applied in accordance with the applicable provisions of the Indenture.

The Note Guarantee of a Guarantor will be released:

(1) in connection with any sale or other disposition of all or substantially all of the assets of that Guarantor (including by way of merger or consolidation) to a Person that is not (either before or after giving effect to such transaction) Holly Energy Partners or a Restricted Subsidiary of Holly Energy Partners, if the sale or other disposition does not violate the Asset Sale provisions of the Indenture;

(2) in connection with any sale or other disposition of all of the Capital Stock of that Guarantor to a Person that is not (either before or after giving effect to such transaction) Holly Energy Partners or a Restricted Subsidiary of Holly Energy Partners, if the sale or other disposition does not violate the Asset Sale provisions of the Indenture;

(3) if Holly Energy Partners designates any Restricted Subsidiary that is a Guarantor to be an Unrestricted Subsidiary in accordance with the applicable provisions of the Indenture;

(4) if that Guarantor is released from its Guarantee for Indebtedness under a Credit Facility; provided, however, that if, at any time following such release, that Guarantor incurs a Guarantee under a Credit Facility, then such Guarantor shall be required to provide a Note Guarantee at such time; or

(5) upon legal or covenant defeasance or satisfaction and discharge of the Indenture as provided below under the captions Legal Defeasance and Covenant Defeasance and Satisfaction and Discharge.

See Repurchase at the Option of Holders Asset Sales.

Optional Redemption

At any time prior to March 1, 2008, the Issuers may on any one or more occasions redeem up to 35% of the aggregate principal amount of notes (including any additional notes) issued under the Indenture at a redemption price of 106.25% of the principal amount, plus accrued and unpaid interest, to the redemption date (subject to the right of holders of record on the relevant record date to receive interest

Table of Contents

due on an interest payment date that is on or prior to the redemption date), with the net cash proceeds of one or more Equity Offerings by Holly Energy Partners; provided that:

(1) at least 65% of the aggregate principal amount of notes (including any additional notes) issued under the Indenture (excluding notes held by Holly Energy Partners and its Subsidiaries) remains outstanding immediately after the occurrence of such redemption; and

(2) the redemption occurs within 90 days of the date of the closing of such Equity Offering.

Except pursuant to the preceding paragraph and the last paragraph of this section relating to optional redemption, the notes will not be redeemable at the Issuers' option prior to March 1, 2010.

On or after March 1, 2010, the Issuers may redeem all or a part of the notes upon not less than 30 nor more than 60 days notice, at the redemption prices (expressed as percentages of principal amount) set forth below plus accrued and unpaid interest on the notes redeemed, to the applicable redemption date, if redeemed during the twelve-month period beginning on March 1 of each year indicated below, subject to the rights of holders of notes on the relevant record date to receive interest on the relevant interest payment date:

Year	Percentage
2010	103.125%
2011	102.083%
2012	101.042%
2013 and thereafter	100.000%

At any time prior to March 1, 2010, the Issuers may also redeem all or a part of the notes, upon not less than 30 nor more than 60 days prior notice mailed by first-class mail to each holder's registered address, at a redemption price equal to 100% of the principal amount of notes redeemed plus the Applicable Premium as of, and accrued and unpaid interest to the date of redemption (the *Redemption Date*), subject to the rights of holders of notes on the relevant record date to receive interest due on the relevant interest payment date.

Unless the Issuers default in the payment of the redemption price, interest will cease to accrue on the notes or portions thereof called for redemption on the applicable redemption date.

Mandatory Redemption

Except as set forth below under the caption *Repurchase at the Option of Holders*, the Issuers are not required to make mandatory redemption or sinking fund payments with respect to the notes.

Repurchase at the Option Of Holders***Change of Control***

If a Change of Control occurs, the Issuers will make an offer to each holder of notes to repurchase all or any part (equal to \$1,000 or an integral multiple of \$1,000) of that holder's notes pursuant to the offer described below (the *Change of Control Offer*) on the terms set forth in the Indenture. In the Change of Control Offer, the Issuers will offer a payment in cash equal to 101% of the aggregate principal amount of notes repurchased, plus accrued and unpaid interest on the notes repurchased to, but excluding, the date of purchase (the *Change of Control Payment*), subject to the rights of holders of notes on the relevant record date to receive interest due on the relevant interest payment date. Within 30 days following any Change of Control, the Issuers will mail a notice to each holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase notes on the *Change of Control Payment Date* specified in the notice, which date will be no earlier than 20 Business Days and no later than 60 days from the date such notice is mailed, pursuant to the procedures required by the Indenture and described in such notice. The Issuers will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and

Table of Contents

regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the Indenture, the Issuers will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control provisions of the Indenture by virtue of such compliance.

On the Change of Control Payment Date, the Issuers will, to the extent lawful:

(1) accept for payment all notes or portions of notes properly tendered pursuant to the Change of Control Offer;

(2) deposit with the paying agent an amount equal to the Change of Control Payment in respect of all notes or portions of notes properly tendered; and

(3) deliver or cause to be delivered to the trustee the notes properly accepted together with an officers certificate stating the aggregate principal amount of notes or portions of notes being purchased by the Issuers.

The paying agent will promptly mail to each holder of notes properly tendered the Change of Control Payment for such notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder a new note equal in principal amount to any unpurchased portion of the notes surrendered, if any; *provided*, that each new note will be in a principal amount of \$1,000 or an integral multiple of \$1,000. The Issuers will publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control Payment Date.

The provisions described above that require the Issuers to make a Change of Control Offer following a Change of Control will be applicable whether or not any other provisions of the Indenture are applicable. Except as described above with respect to a Change of Control, the Indenture does not contain provisions that permit the holders of the notes to require that the Issuers repurchase or redeem the notes in the event of a takeover, recapitalization or similar transaction.

The Issuers will not be required to make a Change of Control Offer upon a Change of Control if (1) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by the Issuers and purchases all notes properly tendered and not withdrawn under the Change of Control Offer, or (2) notice of redemption has been given pursuant to the Indenture as described above under the caption *Optional Redemption*, unless and until there is a default in payment of the applicable redemption price.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of all or substantially all of the properties or assets of Holly Energy Partners and its Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase *substantially all*, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of notes to require the Issuers to repurchase its notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of Holly Energy Partners and its Subsidiaries taken as a whole to another Person or group may be uncertain.

Asset Sales

Holly Energy Partners will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

(1) Holly Energy Partners (or the Restricted Subsidiary, as the case may be) receives consideration at the time of the Asset Sale at least equal to the Fair Market Value of the assets or Equity Interests issued or sold or otherwise disposed of;

(2) such fair market value is determined by (a) an executive officer of the General Partner if the value is less than \$15.0 million, as evidenced by an officers certificate delivered to the trustee, or

Table of Contents

(b) the Board of Directors of the General Partner if the value is \$15.0 million or more, as evidenced by a resolution of such Board of Directors of the General Partners; and

(3) at least 75% of the consideration received in the Asset Sale by Holly Energy Partners or such Restricted Subsidiary is in the form of cash or Cash Equivalents. For purposes of this provision, each of the following will be deemed to be cash:

(a) any liabilities, as shown on Holly Energy Partners' most recent consolidated balance sheet, of Holly Energy Partners or any Restricted Subsidiary (other than contingent liabilities and liabilities that are by their terms subordinated to the notes or any Note Guarantees) that are assumed by the transferee of any such assets pursuant to a customary novation agreement that releases Holly Energy Partners or such Restricted Subsidiary from further liability; and

(b) any securities, notes or other obligations received by Holly Energy Partners or any such Restricted Subsidiary from such transferee that are within 90 days after the Asset Sale (subject to ordinary settlement periods), converted by Holly Energy Partners or such Restricted Subsidiary into cash, to the extent of the cash received in that conversion.

Within 360 days after the receipt of any Net Proceeds from an Asset Sale, Holly Energy Partners (or the applicable Restricted Subsidiary, as the case may be) may apply such Net Proceeds:

(1) to repay Senior Indebtedness of Holly Energy Partners and/or its Restricted Subsidiaries (or to make an offer to repurchase or redeem such Indebtedness, *provided* that such repurchase or redemption closes within 45 days after the end of such 360-day period) with a permanent reduction in availability for any revolving credit Indebtedness;

(2) to acquire all or substantially all of the assets of, or any Capital Stock of, another Permitted Business, if, after giving effect to any such acquisition of Capital Stock, the Permitted Business is or becomes a Restricted Subsidiary of Holly Energy Partners;

(3) to make a capital expenditure; or

(4) to acquire other assets that are not classified as current assets under GAAP and that are used or useful in a Permitted Business.

Pending the final application of any Net Proceeds, Holly Energy Partners or the applicable Restricted Subsidiary may temporarily reduce revolving credit borrowings or otherwise invest the Net Proceeds in any manner that is not prohibited by the Indenture.

Any Net Proceeds from Asset Sales that are not applied or invested as provided in the second paragraph of this covenant will constitute Excess Proceeds. When the aggregate amount of Excess Proceeds exceeds \$20.0 million, within five days thereof, the Issuers will make an offer (an Asset Sale Offer) to all holders of notes and all holders of other Indebtedness that is *pari passu* with the notes containing provisions similar to those set forth in the Indenture with respect to offers to purchase or redeem with the proceeds of sales of assets to purchase the maximum principal amount of notes and such other *pari passu* Indebtedness that may be purchased out of the Excess Proceeds. The offer price in any Asset Sale Offer will be equal to 100% of the principal amount plus accrued and unpaid interest to the date of purchase, and will be payable in cash. If any Excess Proceeds remain after consummation of an Asset Sale Offer, Holly Energy Partners may use those Excess Proceeds for any purpose not otherwise prohibited by the Indenture. If the aggregate principal amount of notes and other *pari passu* Indebtedness tendered into such Asset Sale Offer exceeds the amount of Excess Proceeds, the trustee will select the notes and such other *pari passu* Indebtedness to be purchased on a *pro rata* basis. Upon completion of each Asset Sale Offer, the amount of Excess Proceeds will be reset at zero.

Holly Energy Partners will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with

each repurchase of notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the Asset Sale provisions of the Indenture,

Table of Contents

Holly Energy Partners will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Asset Sale provisions of the Indenture by virtue of such compliance.

The agreements governing Holly Energy Partners' other Indebtedness and the Contribution Agreement contain, and future agreements governing Holly Energy Partners' Indebtedness may contain prohibitions of certain events, including events that would constitute a Change of Control or an Asset Sale and including repurchases of or other prepayments in respect of the notes. The exercise by the holders of notes of their right to require the Issuers to repurchase the notes upon a Change of Control or an Asset Sale could cause a default under these other agreements, even if the Change of Control or Asset Sale itself does not, due to the financial effect of such repurchases on Holly Energy Partners or other circumstances. In the event a Change of Control or Asset Sale occurs at a time when Holly Energy Partners is prohibited from purchasing notes, Holly Energy Partners could seek the consent of the lenders of the borrowings or the counterparties to agreements containing such prohibition to the purchase of notes or could attempt to refinance such borrowings. If Holly Energy Partners does not obtain a consent or repay those borrowings, Holly Energy Partners will remain prohibited from purchasing notes. In that case, Holly Energy Partners' failure to purchase tendered notes would constitute an Event of Default under the Indenture which could, in all likelihood, constitute a default under the other indebtedness. Finally, the Issuers' ability to pay cash to the holders of notes upon a repurchase may be limited by Holly Energy Partners' then existing financial resources. See Risk Factors Risks Relating to the Notes We may not be able to repurchase notes upon certain change of control events.

Selection and Notice

If less than all of the notes are to be redeemed at any time, the trustee will select notes for redemption as follows:

(1) if the notes are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which the notes are listed; or

(2) if the notes are not listed on any national securities exchange, on a pro rata basis.

No notes of \$1,000 or less can be redeemed in part. Notices of redemption will be mailed by first class mail at least 30 but not more than 60 days before the redemption date to each holder of notes to be redeemed at its registered address, except that redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the notes or a satisfaction and discharge of the Indenture. Notices of redemption may not be conditional.

If any note is to be redeemed in part only, the notice of redemption that relates to that note will state the portion of the principal amount of that note that is to be redeemed. A new note in principal amount equal to the unredeemed portion of the original note will be issued in the name of the holder of notes upon cancellation of the original note. Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on notes or portions of notes called for redemption.

Certain Covenants

Suspension of Covenants

During any period when the notes have an Investment Grade Rating from both Rating Agencies and no Default or Event of Default has occurred and is continuing under the Indenture, Holly Energy Partners and its Restricted Subsidiaries will not be subject to the following provisions of the Indenture:

- (1) Repurchase at the Option of Holders Asset Sales;
- (2) Restricted Payments;
- (3) Incurrence of Indebtedness and Issuance of Disqualified Equity;

Table of Contents

(4) Designation of Restricted and Unrestricted Subsidiaries;

(5) Transactions with Affiliates;

(6) Business Activities;

(7) Additional Guarantees;

(8) clause (4)(b) of the covenant described below under the caption Merger, Consolidation or Sale of Assets; and

(9) clauses (1)(a) and (3) of the covenant described below under the caption Limitation on Sale and Leaseback Transactions (collectively, the *Suspended Covenants*).

In the event that Holly Energy Partners and its Restricted Subsidiaries are not subject to the Suspended Covenants for any period of time as a result of the foregoing, and subsequently either of the Rating Agencies withdraws its ratings or downgrades the ratings assigned to the notes below the Investment Grade Ratings so that the notes do not have an Investment Grade Rating from both Rating Agencies, or a Default (other than with respect to the Suspended Covenants) occurs and is continuing, Holly Energy Partners and its Restricted Subsidiaries will thereafter again be subject to the Suspended Covenants (unless subsequently suspended pursuant to the previous paragraph), subject to the terms, conditions and obligations set forth in the Indenture (each such date of reinstatement being the

Reinstatement Date). Compliance with the Suspended Covenants with respect to Restricted Payments made after the Reinstatement Date will be calculated in accordance with the terms of the covenant described under Restricted Payments as though such covenants had been in effect during the entire period of time from which the notes are issued. Notwithstanding that the Suspended Covenants shall have been reinstated, no default will be deemed to have occurred as a result of failure to comply with the Suspended Covenants during any period in which Holly Energy Partners and its Restricted Subsidiaries are not subject to the Suspended Covenants. As a result, during any period in which Holly Energy Partners and its Restricted Subsidiaries are not subject to the Suspended Covenants, the notes will be entitled to substantially reduced covenant protection.

There can be no assurance that the notes will ever achieve or maintain an Investment Grade Rating.

Restricted Payments

Holly Energy Partners will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

(1) declare or pay any dividend or make any other payment or distribution on account of Holly Energy Partners or any of its Restricted Subsidiaries Equity Interests (including, without limitation, any payment in connection with any merger or consolidation involving Holly Energy Partners or any of its Restricted Subsidiaries) or to the direct or indirect holders of Holly Energy Partners or any of its Restricted Subsidiaries Equity Interests in their capacity as such (other than distributions or dividends payable in Equity Interests of Holly Energy Partners (other than Disqualified Equity) and other than distributions or dividends payable to Holly Energy Partners or a Restricted Subsidiary);

(2) purchase, redeem or otherwise acquire or retire for value (including, without limitation, in connection with any merger or consolidation involving Holly Energy Partners) any Equity Interests of Holly Energy Partners or any direct or indirect parent of Holly Energy Partners;

(3) make any payment on or with respect to, or purchase, redeem, defease or otherwise acquire or retire for value any Indebtedness of Holly Energy Partners or any Guarantor that is contractually subordinated to the notes or to any Note Guarantee (excluding intercompany Indebtedness between or among Holly Energy Partners and any of its Restricted Subsidiaries), except a payment of interest or principal within one month of the Stated Maturity thereof; or

(4) make any Restricted Investment

(all such payments and other actions set forth in these clauses (1) through (4) above being collectively referred to as *Restricted Payments*), unless, at the time of and after giving effect to such Restricted Payment, no Default or Event of Default has occurred and is continuing or would occur as a consequence of such Restricted Payment and either:

(1) if the Fixed Charge Coverage Ratio for Holly Energy Partners Reference Period is not less than 1.75 to 1.0, such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by Holly Energy Partners and its Restricted Subsidiaries (excluding Restricted Payments permitted by clauses (2), (3), (4) (to the extent, in the case of clause (4), payments are made other than to Holly Energy Partners or a Restricted Subsidiary), (5), (6) and (7) of the next succeeding paragraph) during the quarter in which such Restricted Payment is made, is less than the sum, without duplication, of:

(a) Available Cash from Operating Surplus as of the end of the immediately preceding quarter; *plus*

(b) 100% of the aggregate net cash proceeds received by Holly Energy Partners (including the fair market value of any Permitted Business or long-term assets that are used or useful in a Permitted Business to the extent acquired in consideration of Equity Interests of Holly Energy Partners (other than Disqualified Equity)) since the date of the Indenture as a contribution to its common equity capital or from the issue or sale of Equity Interests of Holly Energy Partners (other than Disqualified Equity) or from the issue or sale of convertible or exchangeable Disqualified Equity or convertible or exchangeable debt securities of Holly Energy Partners that have been converted into or exchanged for such Equity Interests (other than Equity Interests (or Disqualified Equity or debt securities) sold to a Subsidiary of Holly Energy Partners); *plus*

(c) to the extent that any Restricted Investment that was made after the date of the Indenture is sold for cash or Cash Equivalent or otherwise liquidated or repaid for cash or Cash Equivalent, the lesser of (i) the return of capital with respect to such Restricted Investment (less the cost of disposition, if any) and (ii) the initial amount of such Restricted Investment; *plus*

(d) the net reduction in Restricted Investments resulting from dividends, repayments of loans or advances, or other transfers of assets in each case to Holly Energy Partners or any of its Restricted Subsidiaries from any Person (including, without limitation, Unrestricted Subsidiaries) or from redesignations of Unrestricted Subsidiaries as Restricted Subsidiaries, to the extent such amounts have not been included in Available Cash from Operating Surplus for any period commencing on or after the date of the Indenture (items (b), (c) and (d) being referred to as *Incremental Funds*); *minus*

(e) the aggregate amount of Incremental Funds previously expended pursuant to this clause (1) and clause (2) below; or

(2) if the Fixed Charge Coverage Ratio for Holly Energy Partners Reference Period is less than 1.75 to 1.0, such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by Holly Energy Partners and its Restricted Subsidiaries (excluding Restricted Payments permitted by clauses (2), (3), (4) (to the extent, in the case of clause (4), payments are made other than to Holly Energy Partners or a Restricted Subsidiary), (5), (6) and (7) of the next succeeding paragraph) during the quarter in which such Restricted Payment is made (such Restricted Payments for purposes of this clause (2) meaning only distributions on common units and subordinated units of Holly Energy Partners, plus the related distribution on the general partner interest), is less than the sum, without duplication, of:

(a) \$70.0 million less the aggregate amount of all Restricted Payments made by Holly Energy Partners and its Restricted Subsidiaries pursuant to this clause 2(a) during the period ending on the last day of the fiscal quarter immediately preceding the date of such Restricted Payment and beginning on the date of the Indenture; *plus*

(b) Incremental Funds to the extent not previously expended pursuant to this clause (2) or clause (1) above. The preceding provisions will not prohibit:

(1) the payment of any dividend or distribution within 60 days after the date of its declaration, if at the date of declaration the payment would have complied with the provisions of the Indenture;

(2) so long as no Default has occurred and is continuing or would be caused thereby, the redemption, repurchase, retirement, defeasance or other acquisition of subordinated Indebtedness of Holly Energy Partners or any Guarantor or of any Equity Interests of Holly Energy Partners in exchange for, or out of the net cash proceeds of, a substantially concurrent (a) capital contribution to Holly Energy Partners from any Person (other than a Restricted Subsidiary of Holly Energy Partners) or (b) sale (other than to a Restricted Subsidiary of Holly Energy Partners) of Equity Interests (other than Disqualified Equity) of Holly Energy Partners, with a sale being deemed substantially concurrent if such redemption, repurchase, retirement, defeasance or other acquisition occurs not more than 120 days after such sale; *provided* that the amount of any such net cash proceeds that are utilized for any such redemption, repurchase, retirement, defeasance or other acquisition will be excluded or deducted from the calculation of Available Cash from Operating Surplus and Incremental Funds;

(3) so long as no Default has occurred and is continuing or would be caused thereby, the defeasance, redemption, repurchase or other acquisition of any subordinated Indebtedness of Holly Energy Partners or any Guarantor with the net cash proceeds from an incurrence of, or in exchange for, Permitted Refinancing Indebtedness;

(4) the payment of any distribution or dividend by a Restricted Subsidiary of Holly Energy Partners to the holders of its Equity Interests (other than Disqualified Equity) on a *pro rata* basis;

(5) so long as no Default has occurred and is continuing or would be caused thereby, the repurchase, redemption or other acquisition or retirement for value of any Equity Interests of Holly Energy Partners or any Restricted Subsidiary of Holly Energy Partners held by any current or former officer, director or employee of the General Partner, Holly Energy Partners or any of Holly Energy Partners Restricted Subsidiaries pursuant to any equity subscription agreement or plan, stock or unit option agreement, shareholders agreement or similar agreement; *provided* that the aggregate price paid for all such repurchased, redeemed, acquired or retired Equity Interests may not exceed \$2.0 million in any twelve-month period; *provided further* that such amount in any calendar year may be increased by an amount not to exceed (a) the cash proceeds received by Holly Energy Partners from the sale of Equity Interests of Holly Energy Partners to members of management or directors of the General Partner, Holly Energy Partners or its Restricted Subsidiaries that occurs after the date of the Indenture (to the extent the cash proceeds from the sale of such Equity Interests have not otherwise been applied to the payment of Restricted Payments by virtue of sections 1(b) or 2(b) of the preceding paragraph), *plus* (b) the cash proceeds of key man life insurance policies received by Holly Energy Partners after the date of the Indenture, *less* (c) the amount of any Restricted Payments made pursuant to clauses (a) and (b) of this clause (5);

(6) so long as no Default has occurred and is continuing or would be caused thereby, payments of dividends on Disqualified Equity issued pursuant to the covenant described under Incurrence of Indebtedness and Issuance of Disqualified Equity;

(7) repurchases of Capital Stock deemed to occur upon exercise of stock options, warrants or other convertible securities if such Capital Stock represents a portion of the exercise price of such options, warrants or other convertible securities; or

options or other securities convertible into or exchangeable for Capital Stock of Holly Energy Partners.

The amount of all Restricted Payments (other than cash) will be the Fair Market Value on the date of the Restricted Payment of the asset(s) or securities proposed to be transferred or issued by Holly Energy Partners or such Restricted Subsidiary, as the case may be, pursuant to the Restricted Payment. The Fair Market Value of any assets or securities that are required to be valued by this covenant will be determined, in the case of amounts under \$15.0 million, by an officer of the General Partner and, in the case of amounts over \$15.0 million, by the Board of Directors of the General Partner, whose resolution with respect thereto shall be delivered to the trustee. For the purposes of determining compliance with this Restricted Payments covenant, in the event that a Restricted Payment meets the criteria of more than one of the categories of Restricted Payments described in the preceding clauses (1) (8), Holly Energy Partners will be permitted to classify (or reclassify in whole or in part in its sole discretion) such Restricted Payment in any manner that complies with this covenant.

Incurrence of Indebtedness and Issuance of Disqualified Equity

Holly Energy Partners will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, issue, assume, guarantee or otherwise become directly or indirectly liable, contingently or otherwise, with respect to (collectively, *incur*) any Indebtedness (including Acquired Debt), and Holly Energy Partners will not issue any Disqualified Equity and will not permit any of its Restricted Subsidiaries to issue any Disqualified Equity; *provided, however*, that Holly Energy Partners and any Restricted Subsidiary may incur Indebtedness (including Acquired Debt) and Holly Energy Partners and the Restricted Subsidiaries may issue Disqualified Equity, if the Fixed Charge Coverage Ratio for Holly Energy Partners Reference Period immediately preceding the date on which such additional Indebtedness is incurred or such Disqualified Equity is issued, as the case may be, would have been at least 2.0 to 1, determined on a pro forma basis (including a pro forma application of the net proceeds therefrom), as if the additional Indebtedness had been incurred or the Disqualified Equity had been issued, as the case may be, at the beginning of such Reference Period.

The first paragraph of this covenant will not prohibit the incurrence of any of the following items of Indebtedness (collectively, *Permitted Debt*):

(1) the incurrence by Holly Energy Partners and any Guarantor of additional Indebtedness and letters of credit under Credit Facilities in an aggregate principal amount at any one time outstanding under this clause (1) (with letters of credit being deemed to have a principal amount equal to the maximum potential liability of Holly Energy Partners and its Restricted Subsidiaries thereunder) not to exceed the greater of (a) \$200.0 million and (b) the sum of \$25 million and 15% of Consolidated Net Tangible Assets, in each case, *less* the aggregate amount of all Net Proceeds of Asset Sales applied by Holly Energy Partners or any of its Restricted Subsidiaries since the date of the Indenture to repay any term Indebtedness under a Credit Facility or to repay any revolving credit Indebtedness under a Credit Facility and effect a corresponding commitment reduction thereunder pursuant to the covenant described above under the caption *Repurchase at the Option of Holders Asset Sales*;

(2) the incurrence by Holly Energy Partners and its Restricted Subsidiaries of the Existing Indebtedness;

(3) the incurrence by Holly Energy Partners and the Guarantors of Indebtedness represented by the notes and the related Note Guarantees to be issued on the date of the Indenture and the exchange notes and the related Note Guarantees to be issued pursuant to the registration rights agreement;

(4) the incurrence by Holly Energy Partners or any of its Restricted Subsidiaries of Indebtedness represented by Capital Lease Obligations, mortgage financings or purchase money obligations, in each case, incurred for the purpose of financing all or any part of the purchase price or cost of construction or improvement of property, plant or equipment used in the business of Holly

Table of Contents

Energy Partners or any of its Restricted Subsidiaries, in an aggregate principal amount, including all Permitted Refinancing Indebtedness incurred to renew, refund, refinance, replace, defease or discharge any Indebtedness incurred pursuant to this clause (4), not to exceed \$20.0 million at any time outstanding;

(5) the incurrence by Holly Energy Partners or any of its Restricted Subsidiaries of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to refund, refinance or replace any Indebtedness (other than intercompany Indebtedness) that was permitted by the Indenture to be incurred under the first paragraph of this covenant or clauses (2), (3) or (4) of this paragraph or this clause (5);

(6) the incurrence by Holly Energy Partners or any of its Restricted Subsidiaries of intercompany Indebtedness between or among Holly Energy Partners and any of its Restricted Subsidiaries; *provided, however*, that:

(a) if Holly Energy Partners or any Guarantor is the obligor on such Indebtedness and the payee is not Holly Energy Partners or a Guarantor, such Indebtedness must be expressly subordinated to the prior payment in full in cash of all Obligations then due with respect to the notes, in the case of Holly Energy Partners, or the Note Guarantee, in the case of a Guarantor; and

(b) (i) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than Holly Energy Partners or a Restricted Subsidiary of Holly Energy Partners and (ii) any sale or other transfer of any such Indebtedness to a Person that is not either Holly Energy Partners or a Restricted Subsidiary of Holly Energy Partners,

will be deemed, in each case, to constitute an incurrence of such Indebtedness by Holly Energy Partners or such Restricted Subsidiary, as the case may be, that was not permitted by this clause (6);

(7) the incurrence by Holly Energy Partners or any of its Restricted Subsidiaries of Hedging Obligations;

(8) the guarantee by Holly Energy Partners or any of the Guarantors of Indebtedness of Holly Energy Partners or a Restricted Subsidiary of Holly Energy Partners that was permitted to be incurred by another provision of this covenant; *provided* that if the Indebtedness being guaranteed is subordinated to or *pari passu* with the notes, then the Guarantee shall be subordinated or *pari passu*, as applicable, to the same extent as the Indebtedness guaranteed; and

(9) the incurrence by Holly Energy Partners or any of its Restricted Subsidiaries of additional Indebtedness in an aggregate principal amount at any time outstanding, not to exceed \$40.0 million.

Holly Energy Partners will not incur, and will not permit any Guarantor to incur, any Indebtedness (including Permitted Debt) that is contractually subordinated in right of payment to any other Indebtedness of Holly Energy Partners or such Guarantor unless such Indebtedness is also contractually subordinated in right of payment to the notes and the applicable Note Guarantee on substantially identical terms; *provided, however*, that no Indebtedness will be deemed to be contractually subordinated in right of payment to any other Indebtedness of Holly Energy Partners solely by virtue of being unsecured or by virtue of being secured on a first or junior Lien basis.

For purposes of determining compliance with this Incurrence of Indebtedness and Issuance of Disqualified Equity covenant, in the event that an item of proposed Indebtedness meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (9) above, or is entitled to be incurred pursuant to the first paragraph of this covenant, Holly Energy Partners will be permitted to classify such item of Indebtedness on the date of its incurrence, or later reclassify all or a portion of such item of Indebtedness, in any manner that complies with this covenant. Indebtedness under Credit Facilities outstanding on the date on which notes are first issued and authenticated under the

Table of Contents

Indenture will initially be deemed to have been incurred on such date in reliance on the exception provided by clause (1) of the definition of Permitted Debt.

The accrual of interest, the accretion or amortization of original issue discount, the payment of interest on any Indebtedness in the form of additional Indebtedness with the same terms, the reclassification of preferred stock as Indebtedness due to a change in accounting principles, and the payment of dividends on Disqualified Equity in the form of additional shares of the same class of Disqualified Equity will not be deemed to be an incurrence of Indebtedness or an issuance of Disqualified Equity for purposes of this covenant; *provided*, in each such case, that the amount of any such accrual, accretion or payment is included in Fixed Charges of Holly Energy Partners as accrued. Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that Holly Energy Partners or any Restricted Subsidiary may incur pursuant to this covenant shall not be deemed to be exceeded solely as a result of fluctuations in exchange rates or currency values.

Liens

Holly Energy Partners will not and will not permit any of its Restricted Subsidiaries to, create, incur, assume or otherwise cause or suffer to exist or become effective any Lien of any kind (other than Permitted Liens) upon any of their property or assets, now owned or hereafter acquired, unless all payments due under the Indenture and the notes are secured on an equal and ratable basis with the obligations so secured until such time as such obligations are no longer secured by a Lien (other than Permitted Liens).

Dividend and Other Payment Restrictions Affecting Subsidiaries

Holly Energy Partners will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to:

(1) pay dividends or make any other distributions on its Equity Interests to Holly Energy Partners or any of its Restricted Subsidiaries, or with respect to any other interest or participation in, or measured by, its profits, or pay any indebtedness owed to Holly Energy Partners or any of its Restricted Subsidiaries;

(2) make loans or advances to Holly Energy Partners or any of its Restricted Subsidiaries; or

(3) sell, lease or transfer any of its properties or assets to Holly Energy Partners or any of its Restricted Subsidiaries.

However, the preceding restrictions will not apply to encumbrances or restrictions existing under or by reason of:

(1) agreements as in effect on the date of the Indenture and any amendments, restatements, modifications, renewals, supplements, refundings, replacements or refinancings of those agreements or the Indebtedness to which they relate; *provided* that the amendments, restatements, modifications, renewals, supplements, refundings, replacements or refinancings are not materially more restrictive, taken as a whole, with respect to such dividend, distribution and other payment restrictions than those contained in those agreements on the date of the Indenture;

(2) the Indenture, the notes and the Note Guarantees;

(3) applicable law, rule, regulation or order;

(4) any instrument governing Indebtedness or Equity Interest of a Person acquired by Holly Energy Partners or any of its Restricted Subsidiaries as in effect at the time of such acquisition (except to the extent such Indebtedness or Equity Interest was incurred in connection with or in contemplation of such acquisition), which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person, or the property or assets of the

Table of Contents

Person, so acquired; *provided* that, in the case of Indebtedness, such Indebtedness was permitted by the terms of the Indenture to be incurred;

(5) customary non-assignment provisions in transportation agreements or purchase and sale or exchange agreements, pipeline and terminals agreement, or similar operational agreements or in licenses or leases, in each case entered into in the ordinary course of business;

(6) purchase money obligations for property acquired in the ordinary course of business and Capital Lease Obligations that impose restrictions on the property purchased or leased of the nature described in clause (3) of the preceding paragraph;

(7) any agreement for the sale or other disposition of a Restricted Subsidiary that restricts distributions by that Restricted Subsidiary pending its sale or other disposition;

(8) Permitted Refinancing Indebtedness; *provided* that the restrictions contained in the agreements governing such Permitted Refinancing Indebtedness are not materially more restrictive, taken as a whole, than those contained in the agreements governing the Indebtedness being refinanced;

(9) Liens permitted to be incurred under the provisions of the covenant described above under the caption Liens that limit the right of the debtor to dispose of the assets subject to such Liens;

(10) provisions limiting the disposition or distribution of assets or property in joint venture agreements, asset sale agreements, sale-leaseback agreements, stock sale agreements and other similar agreements entered into in the ordinary course of business;

(11) any agreement or instrument relating to any property or assets acquired after the date of the Indenture, so long as such encumbrance or restriction relates only to the property or assets so acquired and is not and was not created in anticipation of such acquisitions; and

(12) restrictions on cash or other deposits or net worth imposed by customers under contracts entered into in the ordinary course of business.

Merger, Consolidation or Sale of Assets

Neither of the Issuers may, directly or indirectly: (1) consolidate or merge with or into another Person (whether or not such Issuer is the surviving entity); or (2) sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of the properties or assets of the Issuers and the Restricted Subsidiaries, taken as a whole, in one or more related transactions, to another Person, unless:

(1) either: (a) such Issuer is the surviving entity; or (b) the Person formed by or surviving any such consolidation or merger (if other than such Issuer) or to which such sale, assignment, transfer, conveyance or other disposition has been made is a Person organized or existing under the laws of the United States, any state of the United States or the District of Columbia; *provided, however*, that Finance Corp. may not consolidate or merge with or into any Person other than a corporation satisfying such requirement so long as Holly Energy Partners is not a corporation;

(2) the Person formed by or surviving any such consolidation or merger (if other than such Issuer) or the Person to which such sale, assignment, transfer, lease, conveyance or other disposition has been made assumes all the obligations of such Issuer under the notes and the Indenture pursuant to agreements reasonably satisfactory to the trustee;

(3) immediately after such transaction, no Default or Event of Default exists;

(4) in the case of a transaction involving Holly Energy Partners and not Finance Corp., Holly Energy Partners or the Person formed by or surviving any such consolidation or merger (if other than Holly Energy Partners), or to which such sale, assignment, transfer, lease, conveyance or other disposition has been made will, (a) on the date of such transaction after giving pro forma effect thereto and any related financing transactions as if the same had occurred at the beginning of the

applicable Reference Period, be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described above under the caption

Incurrence of Indebtedness and Issuance of Disqualified Equity; or (b) have a Fixed Charge Coverage Ratio, on the date of such transaction and after giving pro forma effect thereto and any related financing transactions as if the same had occurred at the beginning of the applicable Reference Period, not less than the Fixed Charge Coverage Ratio of Holly Energy Partners immediately prior to such transaction; and

(5) such Issuer has delivered to the trustee an officers' certificate and an opinion of counsel, each stating that such consolidation, merger or disposition and such supplemental indenture (if any) comply with the Indenture and all conditions precedent therein relating to such transaction have been satisfied;

provided, that clause (4) shall not apply to any sale of assets of a Restricted Subsidiary to Holly Energy Partners or another Restricted Subsidiary or the merger, or consolidation of a Restricted Subsidiary into any Restricted Subsidiary or Holly Energy Partners.

Notwithstanding the preceding paragraph, Holly Energy Partners is permitted to reorganize as any other form of entity in accordance with the procedures established in the Indenture; *provided that*:

(1) the reorganization involves the conversion (by merger, sale, contribution or exchange of assets or otherwise) of Holly Energy Partners into a form of entity other than a limited partnership formed under Delaware law;

(2) the entity so formed by or resulting from such reorganization is an entity organized or existing under the laws of the United States, any state thereof or the District of Columbia;

(3) the entity so formed by or resulting from such reorganization assumes all the Obligations of Holly Energy Partners under the notes and the Indenture pursuant to agreements reasonably satisfactory to the trustee;

(4) immediately after such reorganization no Default or Event of Default exists; and

(5) such reorganization is not adverse to the holders of the notes (for purposes of this clause (5) it is stipulated that such reorganization shall not be considered adverse to the holders of the notes solely because the successor or survivor of such reorganization (a) is subject to federal or state income taxation as an entity or (b) is considered to be an includible corporation of an affiliated group of corporations within the meaning of Section 1504(b)(i) of the Code or any similar state or local law).

A Guarantor may not sell or otherwise dispose of all or substantially all of its properties or assets to, or consolidate with or merge with or into (whether or not such Guarantor is the surviving Person), another Person, other than Holly Energy Partners or another Guarantor, unless:

(1) immediately after giving effect to such transaction, no Default or Event of Default exists; and

(2) either:

(a) the Person acquiring the properties or assets in any such sale or other disposition or the Person formed by or surviving any such consolidation or merger (if other than Holly Energy Partners or the Guarantor) unconditionally assumes all the obligations of that Guarantor, pursuant to a supplemental indenture substantially in the form specified in the Indenture, under the Notes, the Indenture and its Subsidiary Guarantee on terms set forth therein; or

(b) the Net Proceeds of such sale or other disposition are applied in accordance with the Asset Sale provisions of the Indenture.

Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances

there may be a degree of uncertainty as to whether a particular transaction would involve all or substantially all of the properties or assets of a Person.

Transactions with Affiliates

Holly Energy Partners will not, and will not permit any of its Restricted Subsidiaries to, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate of Holly Energy Partners (each, an Affiliate Transaction), unless:

(1) the Affiliate Transaction is on terms that are no less favorable to Holly Energy Partners or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by Holly Energy Partners or such Restricted Subsidiary with an unrelated Person; and

(2) Holly Energy Partners delivers to the trustee:

(a) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$25.0 million, a resolution of the Board of Directors of the General Partner set forth in an officers' certificate certifying that such Affiliate Transaction complies with this covenant and that such Affiliate Transaction has been approved by a majority of the disinterested members of the Board of Directors of Holly Energy Partners; and

(b) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$50.0 million, a written opinion as to the fairness to Holly Energy Partners or such Subsidiary of such Affiliate Transaction from a financial point of view issued by an accounting, appraisal or investment banking firm of recognized industry standing.

The following items will not be deemed to be Affiliate Transactions and, therefore, will not be subject to the provisions of the prior paragraph:

(1) any employment agreement, equity award, equity option or equity appreciation agreement or plan, officer or director indemnification agreement or any similar arrangement entered into by Holly Energy Partners or any of its Restricted Subsidiaries or the General Partner in the ordinary course of business and payments pursuant thereto;

(2) transactions between or among Holly Energy Partners and/or its Restricted Subsidiaries;

(3) transactions with a Person (other than an Unrestricted Subsidiary of Holly Energy Partners) that is an Affiliate of Holly Energy Partners solely because Holly Energy Partners owns, directly or through a Restricted Subsidiary, an Equity Interest in, or controls, such Person;

(4) any issuance of Equity Interests (other than Disqualified Equity) of Holly Energy Partners to Affiliates of Holly Energy Partners;

(5) Restricted Payments or Permitted Investments that do not violate the provisions of the Indenture described above under the caption Restricted Payments;

(6) customary compensation, indemnification and other benefits made available to officers, directors or employees of Holly Energy Partners, a Restricted Subsidiary of Holly Energy Partners or the General Partner, including reimbursement or advancement of out-of-pocket expenses and provisions of officers' and directors' liability insurance;

(7) in the case of gathering, transportation, marketing, hedging, production handling, operating, construction, terminalling, storage, lease, platform use, or other operational contracts, any such contracts are entered into in the ordinary course of business on terms substantially similar to those contained in similar contracts entered into by

Table of Contents

third parties, or if neither Holly Energy Partners nor any Restricted Subsidiary has entered into a similar contract with a third party, that the terms are no less favorable than those available from third parties on an arm s-length basis, as determined by the Board of Directors of the General Partner;

(8) loans or advances to employees in the ordinary course of business not to exceed \$1.0 million in the aggregate at any one time outstanding; and

(9) the existence of, or the performance by Holly Energy Partners or any Restricted Subsidiary of its obligations under the terms of, certain related party agreements with Holly Corporation to which it is a party as of the closing date of the Acquisition and any amendments thereto and any similar agreements which it may enter into thereafter; *provided, however*, that the existence of, or the performance by Holly Energy Partners or any Restricted Subsidiary of its obligations under, any future amendment to such agreements or under any such similar agreements shall only be permitted by this clause (9) to the extent that the terms of any such amendment or new agreement, taken as a whole, are not less favorable to the Holders in any material respect as determined by the Board of Directors of the General Partner in its reasonable good faith judgment upon a recommendation of Holly Energy Partners Conflicts Committee.

Business Activities

Holly Energy Partners will not, and will not permit any of its Restricted Subsidiaries to, engage in any business other than Permitted Businesses, except to such extent as would not be material to Holly Energy Partners and its Restricted Subsidiaries taken as a whole.

Finance Corp. will not hold any material assets, become liable for any material obligations or engage in any significant business activities; *provided*, that Finance Corp. may be a co-obligor or guarantor with respect to Indebtedness if Holly Energy Partners is an obligor on such Indebtedness and the net proceeds of such Indebtedness are received by Holly Energy Partners, Finance Corp. or one or more Guarantors. At any time after Holly Energy Partners is a corporation, Finance Corp. may consolidate or merge with or into Holly Energy Partners or any Restricted Subsidiary.

Additional Guarantees

If Holly Energy Partners or any of its Restricted Subsidiaries acquires or creates another Domestic Subsidiary after the date of the Indenture that Guarantees Indebtedness of Holly Energy Partners or any of its Subsidiaries under a Credit Facility, then that newly acquired or created Domestic Subsidiary will become a Guarantor and execute a supplemental indenture and deliver an opinion of counsel satisfactory to the trustee within 10 business days of the date on which it was acquired or created; *provided* that any Domestic Subsidiary that constitutes an Immaterial Subsidiary need not become a Guarantor until such time as it ceases to be an Immaterial Subsidiary. Each Note Guarantee of a Domestic Subsidiary shall provide by its terms that it shall be automatically released if that Domestic Subsidiary does not Guarantee Indebtedness of Holly Energy Partners or any of its Subsidiaries under a Credit Facility.

Designation of Restricted and Unrestricted Subsidiaries

The Board of Directors of the General Partner may designate any Restricted Subsidiary to be an Unrestricted Subsidiary if that designation would not cause a Default. If a Restricted Subsidiary is designated as an Unrestricted Subsidiary, the aggregate Fair Market Value of all outstanding Investments owned by Holly Energy Partners and its Restricted Subsidiaries in the Subsidiary designated as Unrestricted will be deemed to be an Investment made as of the time of the designation and will reduce the amount available for Restricted Payments under the covenant described above under the caption Restricted Payments or under one or more clauses of the definition of Permitted Investments, as determined by Holly Energy Partners; *provided* that any designation will only be permitted if the Investment would be permitted at that time and if the Restricted Subsidiary otherwise meets the definition of an Unrestricted Subsidiary.

Table of Contents

Any designation of a Subsidiary of Holly Energy Partners as an Unrestricted Subsidiary will be evidenced to the trustee by filing with the trustee a certified copy of a resolution of the Board of Directors giving effect to such designation and an officers' certificate certifying that such designation complied with the preceding conditions and was permitted by the covenant described above under the caption **Restricted Payments**. If, at any time, any Unrestricted Subsidiary would fail to meet the preceding requirements as an Unrestricted Subsidiary, it will thereafter cease to be an Unrestricted Subsidiary for purposes of the Indenture and any Indebtedness of such Subsidiary will be deemed to be incurred by a Restricted Subsidiary of Holly Energy Partners as of such date and, if such Indebtedness is not permitted to be incurred as of such date under the covenant described under the caption **Incurrence of Indebtedness and Issuance of Disqualified Equity**, Holly Energy Partners will be in default of such covenant. The Board of Directors of the General Partner may at any time designate any Unrestricted Subsidiary to be a Restricted Subsidiary of Holly Energy Partners; *provided* that such designation will be deemed to be an incurrence of Indebtedness by a Restricted Subsidiary of Holly Energy Partners of any outstanding Indebtedness of such Unrestricted Subsidiary, and such designation will only be permitted if (1) such Indebtedness is permitted under the covenant described under the caption **Incurrence of Indebtedness and Issuance of Disqualified Equity**, calculated on a pro forma basis as if such designation had occurred at the beginning of the Reference Period; and (2) no Default or Event of Default would be in existence following such designation.

Limitation on Sale and Leaseback Transactions

Holly Energy Partners will not, and will not permit any of its Restricted Subsidiaries to, enter into any sale and leaseback transaction; *provided* that Holly Energy Partners or any Guarantor may enter into a sale and leaseback transaction if:

(1) Holly Energy Partners or that Guarantor, as applicable, could have (a) incurred Indebtedness in an amount equal to the Attributable Debt relating to such sale and leaseback transaction under the Fixed Charge Coverage Ratio test in the first paragraph of the covenant described above under the caption **Incurrence of Indebtedness and Issuance of Disqualified Equity** and (b) incurred a Lien to secure such Indebtedness pursuant to the covenant described above under the caption **Liens**;

(2) the gross cash proceeds of that sale and leaseback transaction are at least equal to the Fair Market Value, as determined in good faith by the Board of Directors of the General Partner and set forth in an officers' certificate delivered to the trustee, of the property that is the subject of that sale and leaseback transaction; and

(3) the transfer of assets in that sale and leaseback transaction is permitted by, and Holly Energy Partners applies the proceeds of such transaction in compliance with, the covenant described above under the caption **Repurchase at the Option of Holders - Asset Sales**.

Payments for Consent

Holly Energy Partners will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any holder of notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the Indenture or the notes unless such consideration is offered to be paid and is paid to all holders of the notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

Reports

Whether or not required by the rules and regulations of the SEC, so long as any notes are outstanding, Holly Energy Partners will furnish (whether through hard copy or internet access) to the

Table of Contents

holders of notes or cause the trustee to furnish to the holders of notes, within the time periods specified in the SEC's rules and regulations:

(1) all quarterly and annual reports that would be required to be filed with the SEC on Forms 10-Q and 10-K if Holly Energy Partners were required to file such reports; and

(2) all current reports that would be required to be filed with the SEC on Form 8-K if Holly Energy Partners were required to file such reports.

All such reports will be prepared in all material respects in accordance with all of the rules and regulations applicable to such reports, including, without limitation, Section 3-10 of Regulation S-X. Each annual report on Form 10-K will include a report on Holly Energy Partners' consolidated financial statements by Holly Energy Partners' independent registered public accounting firm. In addition, Holly Energy Partners will file a copy of each of the reports referred to in clauses (1) and (2) above with the SEC for public availability within the time periods specified in the rules and regulations applicable to such reports (unless the SEC will not accept such a filing) and will post the reports on its website within those time periods.

If, at any time Holly Energy Partners is no longer subject to the periodic reporting requirements of the Exchange Act for any reason, Holly Energy Partners will nevertheless continue filing the reports specified in the preceding paragraphs of this covenant with the SEC within the time periods specified above unless the SEC will not accept such a filing; *provided* that, for so long as Holly Energy Partners is not subject to the periodic reporting requirements of the Exchange Act for any reason, the time period for filing reports on Form 8-K shall be 5 Business Days after the event giving rise to the obligation to file such report. Holly Energy Partners will not take any action for the purpose of causing the SEC not to accept any such filings. If, notwithstanding the foregoing, the SEC will not accept Holly Energy Partners' filings for any reason, Holly Energy Partners will post the reports referred to in the preceding paragraphs on its website within the time periods that would apply if Holly Energy Partners were required to file those reports with the SEC.

In addition, Holly Energy Partners and the Guarantors agree that, for so long as any notes remain outstanding, if at any time it they are not required to file with the SEC the reports required by the preceding paragraphs, they will furnish to the holders of notes and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

Events of Default and Remedies

Each of the following is an *Event of Default* :

(1) default for 30 days in the payment when due of interest on the notes;

(2) default in the payment when due (at maturity, upon redemption or otherwise) of the principal of, or premium, if any, on, the notes;

(3) failure by Holly Energy Partners or any of its Restricted Subsidiaries to make a Change of Control Offer or an Asset Sale Offer within the time periods set forth, or consummate a purchase of notes when required pursuant to the terms described, under the captions *Repurchase at the Option of Holders*, *Change of Control*, *Repurchase at the Option of Holders*, *Asset Sales* or comply with the provisions described under the caption *Certain Covenants*, *Merger, Consolidation or Sale of Assets*;

(4) failure by Holly Energy Partners or any of its Restricted Subsidiaries for 60 days after written notice to comply with any of the other agreements in the Indenture;

(5) default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed by Holly Energy Partners or any of its Restricted Subsidiaries (or the payment of which is guaranteed by Holly Energy

Partners or any of its Restricted Subsidiaries), whether such Indebtedness or Guarantee now exists, or is created after the date of the Indenture, if that default:

(a) is caused by a failure to pay principal of, or interest or premium, if any, on such Indebtedness prior to the expiration of the grace period provided in such Indebtedness on the date of such default (a *Payment Default*); or

(b) results in the acceleration of such Indebtedness prior to its express maturity, and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates \$20.0 million or more, *provided, however*, that if, prior to any acceleration of the notes, (i) any such Payment Default is cured or waived, (ii) any such acceleration is rescinded, or (iii) such Indebtedness is repaid during the 10 Business Day period commencing upon the end of any applicable grace period for such Payment Default or the occurrence of such acceleration, as applicable, any Default or Event of Default (but not any acceleration) caused by such Payment Default or acceleration shall automatically be rescinded, so long as such rescission does not conflict with any judgment, decree or applicable law;

(6) failure by an Issuer or any of Holly Energy Partners Restricted Subsidiaries to pay final judgments entered by a court or courts of competent jurisdiction aggregating in excess of \$20.0 million, which judgments are not paid, discharged or stayed for a period of 60 days;

(7) except as permitted by the Indenture, any Note Guarantee is held in any judicial proceeding to be unenforceable or invalid or ceases for any reason to be in full force and effect, or any Guarantor, or any Person acting on behalf of any Guarantor, denies or disaffirms its Obligations under its Note Guarantee; and

(8) certain events of bankruptcy or insolvency described in the Indenture with respect to Finance Corp., Holly Energy Partners or any of its Restricted Subsidiaries that is a Significant Subsidiary or any group of Restricted Subsidiaries that, taken together, would constitute a Significant Subsidiary.

In the case of an Event of Default arising from certain events of bankruptcy or insolvency, with respect to Finance Corp., Holly Energy Partners or any Restricted Subsidiary of Holly Energy Partners that is a Significant Subsidiary or any group of Restricted Subsidiaries of Holly Energy Partners that, taken together, would constitute a Significant Subsidiary, all outstanding notes will become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the trustee or the holders of at least 25% in aggregate principal amount of the then outstanding notes may declare all the notes to be due and payable immediately.

Subject to certain limitations, holders of a majority in aggregate principal amount of the then outstanding notes may direct the trustee in its exercise of any trust or power. The trustee may withhold from holders of the notes notice of any continuing Default or Event of Default if it determines that withholding notice is in their interest, except a Default or Event of Default relating to the payment of principal, interest or premium, if any.

Subject to the provisions of the Indenture relating to the duties of the trustee, in case an Event of Default occurs and is continuing, the trustee will be under no obligation to exercise any of the rights or powers under the Indenture at the request or direction of any holders of notes unless such holders have offered to the trustee reasonable indemnity or security against any loss, liability or expense. Except to

enforce the right to receive payment of principal, premium, if any, or interest when due, no holder of a note may pursue any remedy with respect to the Indenture or the notes unless:

- (1) such holder has previously given the trustee notice that an Event of Default is continuing;
- (2) holders of at least 25% in aggregate principal amount of the then outstanding notes have requested the trustee to pursue the remedy;
- (3) such holders have offered the trustee reasonable security or indemnity against any loss, liability or expense;
- (4) the trustee has not complied with such request within 60 days after the receipt of the request and the offer of security or indemnity; and
- (5) holders of a majority in aggregate principal amount of the then outstanding notes have not given the trustee a direction inconsistent with such request within such 60-day period.

The holders of a majority in aggregate principal amount of the then outstanding notes by notice to the trustee may, on behalf of the holders of all of the notes, rescind an acceleration or waive any existing Default or Event of Default and its consequences under the Indenture except a continuing Default or Event of Default in the payment of interest or premium, if any, on, or the principal of, the notes.

The Issuers and the Guarantors are required to deliver to the trustee annually a statement regarding compliance with the Indenture. Upon becoming aware of any Default or Event of Default, the Issuers and the Guarantors are required to deliver to the trustee a statement specifying such Default or Event of Default.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, partner, member, employee, incorporator, manager or unit holder or other owner of Equity Interest of the Issuers, the General Partner or any Guarantor, as such, will have any liability for any obligations of the Issuers or the Guarantors under the notes, the Indenture, the Note Guarantees or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder of notes by accepting a note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the notes and the Note Guarantees. The waiver may not be effective to waive liabilities under the federal securities laws.

Legal Defeasance and Covenant Defeasance

The Issuers may at their option and at any time, elect to have all of the Issuers' obligations discharged with respect to the outstanding notes and all Obligations of the Guarantors discharged with respect to their Note Guarantees (*Legal Defeasance*) except for:

- (1) the rights of holders of outstanding notes to receive payments in respect of the principal of, or interest or premium, if any, on, such notes when such payments are due from the trust referred to below;
- (2) the Issuers' obligations with respect to the notes concerning issuing temporary notes, registration of notes, mutilated, destroyed, lost or stolen notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties and immunities of the trustee, and the Issuers' and the Guarantors' Obligations in connection therewith; and
- (4) the Legal Defeasance and Covenant Defeasance provisions of the Indenture.

In addition, Holly Energy Partners may, at its option and at any time, elect to have the Obligations of the Issuers and the Guarantors released with respect to certain covenants (including its obligation to make Change of Control Offers and Asset Sale Offers) that are described in the Indenture (*Covenant Defeasance*) and all Obligations of the Guarantor with respect to their Note Guarantees discharged, and

Table of Contents

thereafter any omission to comply with those covenants or Note Guarantees will not constitute a Default or Event of Default with respect to the notes or the Note Guarantees. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events relating to Holly Energy Partners) described under Events of Default and Remedies will no longer constitute an Event of Default with respect to the notes.

In order to exercise either Legal Defeasance or Covenant Defeasance:

(1) the Issuers must irrevocably deposit with the trustee, in trust, for the benefit of the holders of the notes, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient, in the opinion of a nationally recognized investment bank, appraisal firm or firm of independent public accountants, to pay the principal of, or interest and premium, if any, on the outstanding notes on the stated date for payment thereof or on the applicable redemption date, as the case may be, and the Issuers must specify whether the notes are being defeased to such stated date for payment or to a particular redemption date;

(2) in the case of Legal Defeasance, the Issuers must deliver to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that (a) the Issuers have received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the date of the Indenture, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, the holders of the outstanding notes will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, the Issuers must deliver to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that the holders of the outstanding notes will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default or Event of Default has occurred and is continuing on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit) and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which the Issuers or any Guarantor is a party or by which the Issuers or any Guarantor is bound;

(5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than the Indenture) to which Holly Energy Partners or any of its Subsidiaries is a party or by which Holly Energy Partners or any of its Subsidiaries is bound;

(6) the Issuers must deliver to the trustee an officers certificate stating that the deposit was not made by the Issuers with the intent of preferring the holders of notes over the other creditors of the Issuers with the intent of defeating, hindering, delaying or defrauding any creditors of the Issuers or others; and

(7) the Issuers must deliver to the trustee an officers certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Amendment, Supplement and Waiver

Except as provided in the next two succeeding paragraphs, the Indenture or the notes or the Note Guarantees may be amended or supplemented with the consent of the holders of at least a majority in

Table of Contents

aggregate principal amount of the notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes), and any existing Default or Event of Default or compliance with any provision of the Indenture or the notes or the Note Guarantees may be waived with the consent of the holders of a majority in aggregate principal amount of the then outstanding notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes).

Without the consent of each holder of notes affected, an amendment, supplement or waiver may not (with respect to any notes held by a non-consenting holder):

(1) reduce the principal amount of notes whose holders must consent to an amendment, supplement or waiver;

(2) reduce the principal of or change the fixed maturity of any note or alter the provisions with respect to the redemption of the notes (other than provisions relating to the covenants described above under the caption Repurchase at the Option of Holders);

(3) reduce the rate of or change the time for payment of interest, including default interest, on any note;

(4) waive a Default or Event of Default in the payment of principal of, or interest or premium, if any, on, the notes (except a rescission of acceleration of the notes by the holders of at least a majority in aggregate principal amount of the then outstanding notes and a waiver of the payment default that resulted from such acceleration);

(5) make any note payable in money other than that stated in the notes;

(6) make any change in the provisions of the Indenture relating to waivers of past Defaults or the rights of holders of notes to receive payments of principal of, or interest or premium, if any, on, the notes (other than as permitted by clause (7) below);

(7) waive a redemption payment with respect to any note (other than a payment required by one of the covenants described above under the caption Repurchase at the Option of Holders);

(8) release any Guarantor from any of its obligations under its Note Guarantee or the Indenture, except in accordance with the terms of the Indenture; or

(9) make any change in the preceding amendment and waiver provisions.

Notwithstanding the preceding, without the consent of any holder of notes, the Issuers, the Guarantors and the trustee may amend or supplement the Indenture, the notes or the Note Guarantees:

(1) to cure any ambiguity, defect or inconsistency;

(2) to provide for uncertificated notes in addition to or in place of certificated notes;

(3) to provide for the assumption of the Issuers or a Guarantor s obligations to holders of notes and Note Guarantees in the case of a merger or consolidation or sale of all or substantially all of the Issuers or such Guarantor s assets, as applicable;

(4) to make any change that would provide any additional rights or benefits to the holders of notes or that does not adversely affect the legal rights under the Indenture of any such holder;

(5) to comply with requirements of the SEC in order to effect or maintain the qualification of the Indenture under the Trust Indenture Act;

(6) to conform the text of the Indenture or the Note Guarantees to any provision of the Description of Notes to the extent that such provision was intended to be a verbatim recitation of a provision of the Indenture or Note Guarantee;

(7) to provide for the issuance of additional notes in accordance with the limitations set forth in the Indenture as of the date of the Indenture;

Table of Contents

(8) to allow any Guarantor to execute a supplemental indenture and/or a Note Guarantee with respect to the notes or to reflect the release of a Note Guarantee in accordance with the Indenture;

(9) to secure the notes and/or the Note Guarantees; or

(10) to provide for the reorganization of Holly Energy Partners as any other form of entity, in accordance with the last paragraph of Certain Covenants Merger, Consolidation or Sale of Assets.

Satisfaction and Discharge

The Indenture will be discharged and will cease to be of further effect as to all notes issued thereunder, when:

(1) either:

(a) all notes that have been authenticated, except lost, stolen or destroyed notes that have been replaced or paid and notes for whose payment money has been deposited in trust and thereafter repaid to the Issuers, have been delivered to the trustee for cancellation; or

(b) all notes that have not been delivered to the trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or will become due and payable within one year and the Issuers or any Guarantor has irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the holders, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient, without consideration of any reinvestment of interest, to pay and discharge the entire Indebtedness on the notes not delivered to the trustee for cancellation for principal, premium, if any, and accrued interest to the date of maturity or redemption;

(2) no Default or Event of Default has occurred and is continuing on the date of the deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit) and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which Holly Energy Partners or any Guarantor is a party or by which Holly Energy Partners or any Guarantor is bound;

(3) the Issuers or any Guarantor has paid or caused to be paid all sums payable by it under the Indenture; and

(4) the Issuers have delivered irrevocable instructions to the trustee under the Indenture to apply the deposited money toward the payment of the notes at maturity or on the redemption date, as the case may be.

In addition, the Issuers must deliver an officers certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Concerning the Trustee

If the trustee becomes a creditor of the Issuers or any Guarantor, the Indenture limits the right of the trustee to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue as trustee (if the Indenture has been qualified under the Trust Indenture Act) or resign.

The holders of a majority in aggregate principal amount of the then outstanding notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee, subject to certain exceptions. The Indenture provides that in case an Event of Default occurs and is continuing, the trustee will be required, in the exercise of its power, to use the

degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any holder of notes, unless such holder has offered to the trustee security and indemnity satisfactory to it against any loss, liability or expense.

Governing Law

The Indenture, the notes and the Guarantees will be governed by, and construed in accordance with, the laws of the State of New York.

Depository Procedures

DTC has advised the Issuers that DTC is a limited purpose trust company created to hold securities for its participating organizations (Direct Participants) and to facilitate the clearance and settlement of transactions in those securities between Direct Participants through electronic book-entry changes in accounts of the Direct Participants. The Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations and other organizations, including Euroclear and Clearstream. Access to DTC's system is also available to other entities that clear through or maintain a direct or indirect, custodial relationship with a Direct Participant, or (Indirect Participants).

At the closing of the exchange offer, DTC will credit the accounts of the Direct Participants designated by the exchange agent with portions of the principal amount of the Global notes that have been exchanged for outstanding notes and DTC will maintain records of the ownership interests of such Direct Participants in the Global notes and the transfer of ownership interests by and between Direct Participants. DTC will not maintain records of the ownership interests of, or the transfer of ownership interests by and between, Indirect Participants or other owners of beneficial interests in the Global notes. Direct Participants and Indirect Participants must maintain their own records of the ownership interests of, and the transfer of ownership interests by and between, Indirect Participants and other owners of beneficial interests in the Global notes.

Investors in the Global notes may hold their interests therein directly through DTC if they are Direct Participants in DTC or indirectly through organizations that are Direct Participants in DTC, including

Euroclear or Clearstream. Euroclear Bank N.V./ S.A. will act initially as depository for Euroclear, and Citibank, N.A. will act initially as depository for Clearstream (each a Nominee of Euroclear and Clearstream, respectively). Therefore, they will each be recorded on DTC's records as the holders of all ownership interests held by them on behalf of Euroclear and Clearstream, respectively. Euroclear and Clearstream must maintain on their own records the ownership interests, and transfers of ownership interests by and between, their own customers' securities accounts. DTC will not maintain such records. All ownership interests in any Global notes, including those of customers' securities accounts held through Euroclear or Clearstream, may be subject to the procedures and requirements of DTC.

The laws of some states in the United States require that certain persons take physical delivery in definitive, certificated form, of securities that they own. This may limit or curtail the ability to transfer a beneficial interest in a Global note to such persons. Because DTC can act only on behalf of Direct Participants, which in turn act on behalf of Indirect Participants and others, the ability of a person having a beneficial interest in a Global note to pledge such interest to persons or entities that are not Direct Participants in DTC, or to otherwise take actions in respect of such interest, may be affected by the lack of physical certificates evidencing such interest.

Except as described in Transfers of Interests in Global Notes for Certificated Notes, owners of beneficial interests in the Global notes will not have notes registered in their names, will not receive physical delivery of notes in certificated form and will not be considered the registered owners or holders thereof under the Indenture for any purpose.

Under the terms of the Indenture, the Issuers, the Guarantors and the Trustee will treat the persons in whose names the notes are registered (including notes represented by Global notes) as the owners thereof for the purpose of receiving payments and for any and all other purposes whatsoever. Payments in respect of the principal of, premium, if any, and interest on Global notes registered in the name of DTC or its nominee will be payable by the Trustee to DTC or its nominee as the registered holder under the Indenture. Consequently, none of the Issuers, the Guarantors, the Trustee nor any agent of the Issuers, the Guarantors or the Trustee has or will have any responsibility or liability for (1) any aspect of DTC's records or any Direct Participant's or Indirect Participant's records relating to or payments made on account of beneficial ownership interests in the Global notes or for maintaining, supervising or reviewing any of DTC's records or any Direct Participant's or Indirect Participant's records relating to the beneficial ownership interests in any Global note or (2) any other matter relating to the actions and practices of DTC or any of its Direct Participants or Indirect Participants.

DTC has advised the Issuers that its current payment practice (for payments of principal, interest and the like) with respect to securities such as the notes is to credit the accounts of the relevant Direct Participants with such payment on the payment date in amounts proportionate to such Direct Participant's respective ownership interests in the Global notes as shown on DTC's records. Payments by Direct Participants and Indirect Participants to the beneficial owners of the notes will be governed by standing instructions and customary practices between them and will not be the responsibility of DTC, the Trustee, the Issuers or the Guarantors. None of the Issuers, the Guarantors or the Trustee will be liable for any delay by DTC or its Direct Participants or Indirect Participants in identifying the beneficial owners of the notes, and the Issuers, the Guarantors and the Trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee as the registered owner of the notes for all purposes.

The Global notes will trade in DTC's Same-day Funds Settlement System and, therefore, transfers between Direct Participants in DTC will be effected in accordance with DTC's procedures, and will be settled in immediately available funds. Transfers between Indirect Participants (other than Indirect Participants who hold an interest in the notes through Euroclear or Clearstream) who hold an interest through a Direct Participant will be effected in accordance with the procedures of such Direct Participant but generally will settle in immediately available funds. Transfers between and among Indirect Participants who hold interests in the notes through Euroclear and Clearstream will be effected in the ordinary way in accordance with their respective rules and operating procedures.

Table of Contents

Subject to compliance with the transfer restrictions applicable to the notes described herein, cross market transfers between Direct Participants in DTC, on the one hand, and Indirect Participants who hold interests in the notes through Euroclear or Clearstream, on the other hand, will be effected by Euroclear's or Clearstream's respective Nominee through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream; however, delivery of instructions relating to crossmarket transactions must be made directly to Euroclear or Clearstream and within the established deadlines (Brussels time) of such systems. Indirect Participants who hold interests in the notes through Euroclear and Clearstream may not deliver instructions directly to Euroclear's and Clearstream's Nominees. Euroclear and Clearstream will, if the transaction meets their settlement requirements, deliver instructions to their respective Nominee to deliver or receive interests on Euroclear's or Clearstream's behalf in the relevant Global note in DTC, and make or receive payment in accordance with normal procedures for same-day fund settlement applicable to DTC.

Because of time zone differences, the securities accounts of an Indirect Participant who holds an interest in the notes through Euroclear or Clearstream purchasing an interest in a Global note from a Direct Participant in DTC will be credited, and any such crediting will be reported, to Euroclear or Clearstream during the European business day immediately following the settlement date of DTC in New York. Although recorded in DTC's accounting records as of DTC's settlement date in New York, Euroclear and Clearstream customers will not have access to the cash amount credited to their accounts as a result of a sale of an interest in a Regulation S Global note to a DTC Participant until the European business day for Euroclear and Clearstream immediately following DTC's settlement date.

DTC has advised the Issuers that it will take any action permitted to be taken by a holder of notes only at the direction of one or more Direct Participants to whose account interests in the Global notes are credited and only in respect of such portion of the aggregate principal amount of the notes to which such Direct Participant or Direct Participants has or have given direction. However, if there is an Event of Default under the notes, DTC reserves the right to exchange Global notes (without the direction of one or more of its Direct Participants) for legended notes in certificated form, and to distribute such certificated forms of notes to its Direct Participants. See Transfers of Interests in Global Notes for Certificated Notes.

Although DTC, Euroclear and Clearstream have agreed to the foregoing procedures to facilitate transfers of interests in the Global notes among Direct Participants, including Euroclear and Clearstream, they are under no obligation to perform or to continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuers, the Guarantors or the Trustee shall have any responsibility for the performance by DTC, Euroclear and Clearstream or their respective Direct and Indirect Participants of their respective obligations under the rules and procedures governing any of their operations.

The information in this section concerning DTC, Euroclear and Clearstream and their book-entry systems has been obtained from sources that the Issuers believe to be reliable, but the Issuers take no responsibility for the accuracy thereof.

Transfers of interests in Global notes for Certificated notes

An entire Global note may be exchanged for definitive notes in registered, certificated form without interest coupons (Certificated notes), if (1) DTC (x) notifies the Issuers that it is unwilling or unable to continue as depository for the Global notes or (y) has ceased to be a clearing agency registered under the Exchange Act and, in either case, the Issuers thereupon fail to appoint a successor depository within 90 days, or (2) there shall have occurred and be continuing an Event of Default and DTC notifies the Trustee of its decision to exchange the Global note for Certificated notes. In any such case, upon surrender by the Direct and Indirect Participants of their interests in such Global note, Certificated notes will be issued to each person that such Direct and Indirect Participants and DTC identify to the Trustee as being the beneficial owner of the related notes.

Table of Contents

Certificated notes delivered in exchange for any beneficial interest in any Global note will be registered in the names, and issued in any approved denominations, requested by DTC on behalf of such Direct or Indirect Participants (in accordance with DTC's customary procedures).

None of the Issuers, the Guarantors or the Trustee will be liable for any delay by the holder of any Global note or DTC in identifying the beneficial owners of notes, and the Issuers, the Guarantors and the Trustee may conclusively rely on, and will be protected in relying on, instructions from the holder of the Global note or DTC for all purposes.

Same day settlement and payment

Payments in respect of the notes represented by the Global notes (including principal, premium, if any, interest) will be made by wire transfer of immediately available same day funds to the account specified by the holder of such Global note. With respect to Certificated notes, the Issuers will make all payments of principal, premium, if any, and interest in the manner indicated above under Methods of Receiving Payments on the Notes. The Issuers expect that secondary trading in the Certificated notes will also be settled in immediately available funds.

U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following discussion is based upon the provisions of the Internal Revenue Code of 1986, as amended, applicable Treasury Regulations promulgated and proposed thereunder, judicial authority and administrative interpretations, as of the date hereof, all of which are subject to change, possibly with retroactive effect, or are subject to different interpretations. We cannot assure you that the Internal Revenue Service will not challenge the tax consequences described herein, and we have not obtained, nor do we intend to obtain, a ruling from the IRS with respect to the United States federal tax consequences of the exchange of outstanding notes for new notes. Some holders, including financial institutions, insurance companies, regulated investment companies, tax-exempt organizations, dealers in securities or currencies, persons whose functional currency is not the U.S. dollar, U.S. expatriates or persons who hold the notes as part of a hedge, conversion transaction, straddle or other risk reduction transaction may be subject to special rules not discussed below. We recommend that each holder consult its own tax advisor as to the particular tax consequences of exchanging such holder's outstanding notes for new notes, including the applicability and effect of any state, local or foreign tax laws.

The exchange of outstanding notes for new notes in the exchange offer should not constitute a taxable event and the new notes should be treated as a continuation of the outstanding notes for United States federal income tax purposes. Consequently, you should not recognize gain upon receipt of a new note in exchange for an outstanding note in the exchange offer, your basis in the new note received in the exchange offer should be the same as your basis in the corresponding outstanding note immediately before the exchange and your holding period in the new note should include your holding period in the outstanding note.

a broker-dealer that acquired outstanding notes directly from us.

Each broker-dealer that receives new notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such new notes. To date, the staff of the SEC has taken the position that broker-dealers may fulfill their prospectus delivery requirements with respect to transactions involving an exchange of securities such as this exchange offer, other than a resale of an unsold allotment from the original sale of the outstanding notes, with the prospectus contained in this registration statement. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of new notes received in exchange for outstanding notes where such outstanding notes were acquired as a result of market-making activities or other trading activities. We have agreed that, for a period of up to 180 days after the completion of the exchange offer, we will make this prospectus, as amended or supplemented, promptly available to any broker-dealer for use in connection with any such resale.

If you wish to exchange your outstanding notes for new notes in the exchange offer, you will be required to make representations to us as described in Exchange Offer Procedures for Tendering Your Representations to Us in this prospectus and in the letter of transmittal. In addition, if you are a broker-dealer who receives new notes for your own account in exchange for outstanding notes that were acquired by you as a result of market-making activities or other trading activities, you will be required to acknowledge that you will deliver a prospectus in connection with any resale by you of such new notes.

We will not receive any proceeds from any sale of new notes by broker-dealers. New notes received by broker-dealers for their own account pursuant to the exchange offer may be sold from time to time in one or more transactions:

in the over-the-counter market;

in negotiated transactions;

through the writing of options on the new notes or a combination of the preceding methods of resale;

at market prices prevailing at the time of resale; and

at prices related to such prevailing market prices or negotiated prices.

Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer or the purchasers of any such new notes. Any broker-dealer that resells new notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of such new notes may be deemed to be an underwriter within the meaning of the Securities Act and any profit of any such resale of new notes and any commissions or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

For a period of 180 days after the completion of the exchange offer, we will promptly send additional copies of this prospectus and any amendment or supplement to this prospectus to any broker-dealer that requests such documents in the letter of transmittal. We have agreed to pay all expenses incident to the

exchange offer (including the expenses of one counsel for the holders of the outstanding notes) other than commissions or concessions of any broker-dealers and will indemnify the holders of the outstanding notes (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.
