*Net Sales.* Net sales were approximately \$58.1 million for the three months ended September 30, 2005 compared to \$40.5 million for the same period in the prior year, an increase of \$17.6 million or 43 percent. This increase was largely due to the significant growth in the business based in Hong Kong. In the third quarter of 2005, the Company's Hong Kong business recorded approximately \$37.7 million of net sales compared with approximately \$23.8 million a year ago. Furthermore, in the third quarter of 2005, approximately \$2.0 million of the net sales increase could be attributed to distributors purchasing products in anticipation of our opening in the Japanese market. The remainder of the net sales increase for the third quarter over a year ago was due to Eastern Europe (\$1.0 million) and South Korea (\$0.7 million).

*Gross Profit.* Gross profit was approximately \$45.1 million or 77.6% of net sales for the three months ended September 30, 2005 compared with approximately \$31.6 million or 78.1% of net sales for the same period in the prior year. This increase in the dollar amount of gross profit was primarily driven by increased sales and a 5% price increase instituted in January 2005.

*Distributor Commissions.* Distributor commissions were approximately \$29.1 million or 50.1% of net sales for the three months ended September 30, 2005 compared with approximately \$17.4 million or 43.0% of net sales for the same period in the prior year. The increase in distributor commissions as a percentage of sales over a year ago primarily related to commissions recorded in the second quarter of 2004 totaling approximately \$2.7 million for which the associated net sales of approximately \$5.4 million was recognized in the third quarter of 2004. These commissions pertained to products that potentially could be returned under the special return policy the Company implemented in April 2004. As a special measure to establish long-term relationships with the distributors doing business with our Hong Kong office, the Company did not seek to recover commissions associated with the products returned.

*Selling, General and Administrative Expenses (SG&A).* SG&A costs were approximately \$15.1 million or 26.0% of net sales for the three months ended September 30, 2005 compared with approximately \$8.3 million or 20.5% of net sales for the same period in the prior year. In the third quarter, this increase of approximately \$6.8 million or 82% was mainly attributable to additional marketing-related expenses primarily in Eastern Europe (\$1.6 million) and Hong Kong/China (\$2.3 million), preparing the opening of new markets in Mexico and Japan (\$1.6 million), and higher professional fees and personnel cost in North America (\$1.3 million). SG&A costs are expected to continue to increase for the balance of the year as spending on new markets and marketing events increase.

*Net Income.* Net income was approximately \$119 thousand or 0.2% of net sales for the three months ended September 30, 2005, compared to approximately \$5.0 million or 12.4% of net sales for the same period in the prior year. The reduction in profitability was primarily due to an increase in distributor commissions and SG&A as a percent of sales.
