### Part III Narrative

State below in reasonable detail the reasons why Forms 10-K, Form 20-F, 11-K, 10-Q, Form N-SAR or Form N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period. (Attach extra sheets if needed)

As previously announced and as described in the current report on Form 8-K of Finisar Corporation (the Company) filed on November 30, 2006, the Company has engaged in a voluntary review of stock option grants made since the Company's initial public offering on November 11, 1999. The review was initiated by senior management and preliminary results of such review were discussed with the Audit Committee of the Company's board of directors. Based on the preliminary results of the review, senior management has concluded, and the Audit Committee agreed, that it is likely that the measurement dates for certain stock option grants differed from the recorded grant dates for such awards and that the Company will likely need to restate its historical financial statements to record non-cash charges for compensation expense relating to some past stock option grants. The Audit Committee is conducting a further investigation of the Company's historical stock option grants. The investigation is not complete and, at this time, the Company has not determined the amount of such charges, the resulting tax implications (which may result in additional tax liabilities), the accounting impact on its financial statements, or which periods may require restatement. Until the Audit Committee's investigation is complete, the Company will be unable to file its Quarterly Report on Form 10-Q for the quarter ended October 29, 2006. The Company intends to file its Form 10-Q Report as soon as practical following the completion of the investigation, but does not expect that it will be filed on or before the fifth calendar day following the required filing date as prescribed in Rule 12b-25.

If the answer is no, identify report(s).  Yes  No
- (3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?  Yes  No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

Due to the investigation described in Part III above, the Company cannot provide a reasonable estimate and comparison of the results of its operations at this time.

This Notification of Late Filing on Form 12b-25 contains forward-looking statements which include those regarding the Company's investigation of its stock option grants and the anticipated timing for the Company's filing of its Form 10-Q Report for the quarter ended October 29, 2006.
