**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Board of Directors of Alliance Data Systems Corporation, Compensation Committee of the Board of Directors and Plan Administrator of the Alliance Data Systems 401(k) and Retirement Savings Plan:

We have audited the accompanying statements of net assets available for benefits of the Alliance Data Systems 401(k) and Retirement Savings Plan (the Plan ) as of December 31, 2006 and 2005, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2006 and 2005, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of investments held at end of year December 31, 2006, is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

As discussed in Note 2, the Plan adopted Financial Accounting Standards Board Staff Position AAG INV-1 and SOP 94-1-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*, as of December 31, 2006 and 2005.

**Alliance Data Systems 401(k) and Retirement Savings Plan**

**Notes to Financial Statements**

**December 31, 2006 and 2005**

**1. Description of the plan**

**General**

The Alliance Data Systems 401(k) and Retirement Savings Plan (the Plan) is a defined contribution plan covering certain employees of ADS Alliance Data Systems, Inc. ( ADSI ) and its affiliates (the Employer ). Employees of the Employer 21 years of age or more are generally eligible to participate immediately. Seasonal, temporary and on-call employees who perform more than 1,000 hours of service within one year are also eligible.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan s provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ( ERISA ) as amended.

**Contributions**

*Employer s Contributions*

The Employer may authorize a discretionary profit sharing contribution ( Profit Sharing Contribution ), which will be a specified percentage of the participant s compensation and may be integrated with Social Security to the extent permitted under the Internal Revenue Code ( Code ). To be eligible a participant must not have separated from service as of the end of the Plan year unless due to death, total and permanent disability, or retirement on or after normal retirement age. The annual compensation of each participant taken into account under the Plan is limited to the maximum amount permitted under Section 401(a)(17) of the Code. The annual compensation limit for the Plan years ended December 31, 2006 and 2005 was \$220,000 and \$210,000, respectively.

The Employer s contributions relating to the Profit Sharing Contribution for the years ended December 31, 2006 and 2005 were \$7,770,826 and \$6,845,304, respectively.

The Employer will provide a 100% matching contribution on the first 3% and a 50% matching contribution on the next 2% of a participant s voluntary contributions based on a payroll period basis for participants who have completed either 180 days of uninterrupted service with the Employer or a year of eligibility service, which ever occurs first. As of the end of the Plan year, the Employer will provide a true up matching contribution based on the above percentages, voluntary contributions and compensation for the Plan year.

*Participant s Voluntary Contributions*

A participant may elect to make a voluntary tax-deferred or after-tax contribution of 1% to 100% of his or her annual compensation up to the maximum permitted under Section 402(g) of the Code adjusted annually (\$15,000 at December 31, 2006). Sections 401(k)(3) and 401(m)(3) of the Code may limit the voluntary contribution.

**Table of Contents****Alliance Data Systems 401(k) and Retirement Savings Plan****Notes to Financial Statements****December 31, 2006 and 2005**

A participant age 50 and over before the close of the Plan year may elect a catch-up voluntary tax-deferred or after-tax contribution up to \$5,000 and \$4,000 for the Plan years ended December 31, 2006 and 2005, respectively.

Contributions received from participants for 2006 and 2005 are net of refunds of \$120,166 to be made during 2007 and \$16,108 made in 2006 to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.

**Investment options**

The participants direct the investment of their own and the Employer's contributions into various investment options offered by the Plan. The Plan currently offers eight mutual funds, a common collective trust, self directed brokerage accounts, and the Employer's common stock ( Employer Securities ) as investment options.

**Participant accounts**

Each participant's account is credited with the participant's contributions and allocations of 1) the Employer's contributions, 2) investment earnings, and 3) administrative expenses. Allocations are based on the participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

A participant is fully and immediately vested for voluntary, rollover, and Employer matching contributions provided after December 31, 2004, and is credited with a year of vesting service in the Employer's other contributions for each Plan year that the participant is credited with at least 500 hours of service.

A summary of vesting percentages relating to Employer's matching contributions provided prior to December 31, 2004 follows:

Years of vested service	Percentage
Less than 1 year	0%
1 year	20
2 years	40
3 years	60
4 years	80
5 years	100

A summary of vesting percentages relating to the Employer's Profit Sharing Contributions follows:

**Notes to Financial Statements**

**December 31, 2006 and 2005**

**Payment of benefits**

The full value of participants' accounts becomes payable upon retirement, disability, or death. Upon termination of employment for any other reason, participants' accounts, to the extent vested, become payable. Those participants with vested account balances greater than \$1,000 have the option of leaving their accounts invested in the Plan until age 70 1/2. All benefits will be paid as a lump-sum distribution. Those participants holding shares of Employer Securities will have the option of receiving such amounts in whole shares of Employer Securities and cash for any fractional shares. Participants have the option of having their benefit paid directly to an eligible retirement plan or individual retirement account specified by the participant.

**In service withdrawals**

A participant may elect to withdraw an amount in cash from the participant's after-tax account.

A participant, upon reaching age 59 1/2, may withdraw up to 100% of the participant's vested account balance.

A participant may elect a hardship distribution due to an immediate and heavy financial need based on the terms of the Plan.

**Participant loans**

Participants are permitted to borrow from their account the lesser of \$50,000 or 50% of the vested balance of their account with repayment made from payroll deductions. All loans become due and payable in full upon a participant's termination of employment with the Employer. The borrowing is a separate earmarked investment of the participant's account. Interest on the borrowing is based on the prime interest rate as reported in the Wall Street Journal on the first business day of the calendar quarter in which the loan occurs plus one percent.

**Amounts allocated to participants withdrawn from the Plan**

There was \$488,748 and \$20,235 allocated, but not yet paid, to participants withdrawn from the Plan at December 31, 2006 and 2005, respectively.

**Forfeitures**

Forfeitures are used to reduce the Employer provided contributions. Forfeitures of \$532,427 and \$483,515 were used to reduce contributions for the years ended December 31, 2006 and 2005, respectively. At December 31, 2006 there were \$2,740 of unused forfeitures, which represent unallocated amounts. There were no unused forfeitures at December 31, 2005.

**Notes to Financial Statements**

**December 31, 2006 and 2005**

**Expenses**

Expenses of the Plan are deducted from participants' accounts as follows:

1) participant fee of from \$6.50 to \$6.92 less a revenue credit each month for revenue received from the mutual funds and common collective funds offered in the Plan, 2) a \$50 loan origination fee that is withheld from a loan check and a \$2 per month maintenance fee, 3) the lesser of \$35 or 10% of their vested account for distributions, 4) a fee of \$100 per year if the participant uses the self directed brokerage option, and 5) trustee fees relating to the INVESCO Stable Value Trust investment which are paid by the Plan from earnings not allocated to participants' accounts.

Brokerage fees, transfer taxes, and other expenses incurred in connection with the investment of the Plan's assets will be added to the cost of investments purchased or deducted from the proceeds of investments sold.

**Transfers from DoubleClick**

During 2006 the Employer acquired DoubleClick Email Solutions and the net assets of the participants in the DoubleClick, Inc. 401(k) Plan were merged into the Plan.

**2. Summary of accounting policies**

**Basis of presentation**

The accompanying financial statements have been prepared on the accrual basis of accounting, including investment valuation and income recognition.

**Estimates**

The Plan prepares its financial statements in conformity with accounting principles generally accepted in the United States of America, which requires management to make estimates and assumptions that affect the reported amounts of net assets available for Plan benefits at the date of the financial statements and the changes in net assets available for Plan benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from these estimates.

**Risks**

The Plan provides for the various investment options as described in Note 1. Any investment is exposed to various risks, such as interest rate, market and credit risks. These risks could result in a material effect on participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

**Income recognition**

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

**Table of Contents**

**Alliance Data Systems 401(k) and Retirement Savings Plan**

**Notes to Financial Statements**

**December 31, 2006 and 2005**

**Investment valuation**

Mutual funds are stated at fair value as determined by quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Common stock is valued as determined by quoted market price. The common collective trust is stated at estimated fair value, which has been determined based on the unit values of the trust. The trustee sponsoring the common collective trust determines the unit value by dividing the trust's net asset at fair value by its units outstanding at the valuation dates.

**Net appreciation in fair value of investments**

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statements of changes in net assets available for benefits as net appreciation in fair value of investments.

**Benefit payments**

Benefits are recorded when paid.

**New Accounting Pronouncements**

As of December 31, 2006, the Plan adopted Financial Accounting Standards Board ( FASB ) Staff Position ( FSP ) No. AAG INV-1 and Statement of Position No. 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*. This FSP requires the Statement of Net Assets Available for Benefits to present the fair value of the Plan's investments as well as the adjustment from fair value to contract value for the fully benefit-responsive investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis for the fully benefit-responsive investment contracts. The FSP was applied retroactively to the prior period presented on the Statement of Net Assets for Benefits as of December 31, 2005. Adoption of the FSP has no effect on the Statement of Changes in Net Assets Available for Benefits for any period presented.

In September 2006, The FASB issued Statement on Financial Accounting Standards No. 157 ( SFAS 157 ), Fair Value Measurements, SFAS 157 provides guidance for using fair value to measure assets and liabilities and only applies when other standards require or permit the fair value measurement of assets and liabilities. It does not expand the use of fair value measurement. SFAS 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007. The Plan does not believe the adoption of SFAS 157 will have a material impact on the financial statements.

**Reclassifications**

Certain prior year amounts have been reclassified to conform to the current year financial statement presentation.

Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's counsel believe that the Plan is designed and is

currently being operated in compliance with the applicable requirements of the Code.

**5. Plan administration**

**Table of Contents****Alliance Data Systems 401(k) and Retirement Savings Plan****Notes to Financial Statements****December 31, 2006 and 2005****6. Plan termination**

Although the Employer has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time. The Employer has the right at any time, by action of its board of directors, to terminate the Plan subject to provisions of ERISA. Upon Plan termination or partial termination, participants will become fully vested in their accounts.

**7. Party-in-interest**

As of December 31, 2006 and 2005, the Plan's investment portfolio includes an investment in the Common Stock of Alliance Data Systems Corporation, a party-in-interest to the Plan.
