Item 1.01 Entry into a Material Definitive Agreement

On June 19, 2012, Aireon LLC, our indirect wholly owned subsidiary, entered into a Products and Services Agreement with Harris Corporation (the Agreement) for the development of an Automatic Dependent Surveillance-Broadcast payload to be hosted on our next generation satellite constellation, Iridium NEXT.

Under the Agreement Harris will design, develop and produce the payload for each of the 81 planned Iridium NEXT satellites (including 66 operational satellites, six in-orbit spares and nine ground spares) for a firm fixed price of \$114.7 million.

We are not a party to the Agreement, and the Agreement does not provide for any guarantee of payment by us or our operating subsidiary, Iridium Satellite LLC. We do intend to make available an equity injection in Aireon in the form of up to \$10 million worth of airtime credits to be used to satisfy a portion of the payments to be made by Aireon under the Agreement in the event that Aireon cannot make such payments, as permitted by the Agreement.
