Table of Contents

Q: *What does it mean if I receive more than one proxy card?*

A: It means that you hold shares registered in more than one account. Sign and return all proxies to ensure that all of your shares are voted.

Q: *Who will serve as inspector of elections?*

A: The inspector of elections will be a representative of Computershare Trust Company, N.A., our transfer agent.

Q: *How many shares must be present to hold the Annual Meeting?*

A: To hold the Annual Meeting and conduct business, a majority of the outstanding shares of our common stock entitled to vote must be present in person or by proxy at the meeting. This is called a quorum.

Shares are counted as present at the meeting if the stockholder either (1) is present and votes in person at the meeting, or (2) has properly submitted a proxy or voted by telephone or internet.

Both abstentions and non-votes are counted for the purposes of determining the presence of a quorum. Broker non-votes occur when shares held by a stockholder in street name are not voted with respect to a proposal because the broker has not received voting instructions from the stockholder and the broker lacks discretionary voting power to vote the shares.

Q: *What vote is required to approve each proposal?*

A: Election of Directors will be determined by a plurality of the votes of the shares present, so the two nominees who receive the highest numbers of votes for election will be elected, even if that does not represent a majority. The other matters, including the ratification of our independent registered public accounting firm, will be approved if a majority of the shares present vote for approval.

Q: *How are votes counted?*

A: You may vote either FOR each director nominee or WITHHOLD your vote from any one nominee. You may vote FOR or AGAINST or ABSTAIN from voting on the proposal to ratify Ernst & Young LLP as our independent registered public accounting firm. If you abstain from voting on this proposal, it will have the same effect as a vote AGAINST the proposal. Broker non-votes, although counted toward the quorum, will not count as votes cast with respect to the matter as to which the broker has expressly not voted.

Q: *Who can attend the Annual Meeting?*

A: All stockholders as of the Record Date can attend. If you wish to vote your shares at the 2008 Annual Meeting and your shares are held of record by a broker, bank or other nominee, you must contact your broker, bank or other nominee to obtain the proper documentation and bring it with you to the 2008 Annual Meeting.

Q: *What happens if additional matters are presented at the Annual Meeting?*

A: Other than the two items of business described in this proxy statement, we are not aware of any other business to be acted upon at the 2008 Annual Meeting. If you grant a proxy, the persons named as proxyholders, Richard J. Boyle, Jr., LoopNet's Chief Executive Officer and Chairman of the Board of Directors, and Brent Stumme,

Edgar Filing: LoopNet, Inc. - Form DEF 14A

LoopNet's Chief Financial Officer and Senior Vice President, Finance and Administration, will have the discretion to vote your shares on any additional matters presented for a vote at the meeting. If for any unforeseen reason any of our nominees is not available as a candidate for Director, the persons named as proxyholders, Mr. Boyle and Mr. Stumme, will vote your proxy for such other candidate or candidates who may be nominated by the Board.

Q: *Where can I find the voting results of the meeting?*

A: We intend to announce preliminary voting results at the 2008 Annual Meeting and publish final results in our quarterly report on Form 10-Q for our second fiscal quarter of 2008.

Q: *Who will bear the cost of soliciting votes for the Annual Meeting?*

A: We are paying for the distribution and solicitation of the proxies. As part of this process, we reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to our stockholders. Our employees may also solicit proxies on our behalf in person, by telephone, electronic transmission or facsimile, but they do not receive additional compensation for providing those services.

Table of Contents**PROPOSAL NO. 1****ELECTION OF CLASS II DIRECTORS****Terms of Directors**

We have a classified Board of Directors, with overlapping terms of office. The number of directors is currently seven, with two Class I directors, three Class II directors and two Class III directors. Immediately prior to the Annual Meeting, the size of our Board of Directors will be reduced from seven to six directors, and the number of Class II directors will be reduced to two, as one Class II director, Mr. Millichap, is not standing for reelection. Our Board of Directors has determined that each of its current members, except for Mr. Richard J. Boyle, is independent within the meaning of the Nasdaq Stock Market, Inc. independent director standards.

Election of Two Class II Directors

The Board of Directors nominees for election by the stockholders as Class II directors are Mr. Dennis Chookaszian and Mr. Noel J. Fenton. Messrs. Chookaszian and Fenton currently serve as Class II directors with terms of office expiring at the Annual Meeting. Our Corporate Governance and Nominating Committee has recommended these nominations. If elected, the two nominees will serve as directors until our 2011 annual meeting or until their successors are duly elected and qualified. If either of the nominees declines to serve, proxies may be voted for a substitute nominee as we may designate. We are not aware of any reason that either of the nominees would be unable or unwilling to serve.

As long as a quorum is present, the two nominees for Class II directors receiving the highest number of votes FOR will be elected as the Class II directors. The persons named in the enclosed proxy intend to vote the shares represented by those proxies FOR the election of these two nominees

The Board of Directors recommends a vote for the election of Dennis Chookaszian and Noel J. Fenton as Class II directors.

and Chief Financial Officer. He also serves as a director of several private companies and community organizations. Mr. Unterman holds a B.A. from Princeton University and a J.D. from the University of Chicago.

CORPORATE GOVERNANCE

Our Board of Directors held eight meetings during 2007. Each Director attended 75% or more of the aggregate of (i) the total number of Board meetings held during the period of such member's service and (ii) the total number of meetings of Committees of the Board on which such member served, during the period of such member's service at LoopNet. The Board encourages all directors to attend annual meetings of the stockholders of LoopNet. All of our directors attended the 2007 Annual Meeting. The Board holds regularly scheduled executive sessions with only non-employee directors present. Such meetings generally occur on at least a quarterly basis. During each such session, an independent director, generally Noel Fenton as Lead Independent Director, will be selected by the non-employee directors to assume the responsibility of chairing the executive session and bear such further responsibilities that the non-employee directors as a whole might designate from time to time.

Board Independence

The Board of Directors has adopted standards concerning director independence which meet the independence standards of the Nasdaq Stock Market and, with respect to the Audit Committee, the rules of the Securities and Exchange Commission.

The Company's officers, Corporate Governance and Nominating Committee and Board of Directors, along with its outside legal counsel, are involved in the process for determining the independence of acting directors and director nominees. The Company solicits relevant information from directors and director nominees via a questionnaire, which covers material relationships, compensatory arrangements, employment and any affiliation with the Company, and which the directors complete and return. In addition to reviewing information provided in the questionnaire, the executive officers and directors are asked on an annual basis regarding their awareness of any existing or currently proposed transactions, arrangements or understandings involving the Company in which any director or director nominee has or will have a direct or indirect material interest. The Company and its outside legal counsel share their findings with the Corporate Governance and Nominating Committee and the Board of Directors regarding the Nasdaq Stock Market and SEC independence requirements and any information regarding the director or director nominee that suggest that such individual is not independent. The Board of Directors discusses the relevant issues, including consideration of any transactions, relationships or arrangements required to be disclosed under Item 404(a) of Regulation S-K as well as any transactions, relationships, arrangements or other business relationships not required to be disclosed under Item 404(a) of Regulation S-K, prior to making a determination with respect to the independence of each director. For example, one of our directors, Mr. Millichap, is Chairman of Marcus & Millichap Real Estate Brokerage Company, a commercial real estate company that purchases our products and services. In fiscal 2007, revenues from Marcus & Millichap, pursuant to agreements or arrangements negotiated on arm's-length terms, accounted for less than 0.001% of our revenue. We also receive payments from brokers affiliated with Marcus & Millichap who purchase our products and services, but which are not paid by Marcus & Millichap. Mr. Millichap will not be standing for reelection at the Annual Meeting and his term as a director will end on the date of the Annual Meeting.

Based on the review described above, the Board of Directors affirmatively determined that:

A majority of the directors are independent, and all members of the Audit, Compensation and Corporate Governance and Nominating Committees are independent, under the Nasdaq standard and, in the case of the Audit Committee, the SEC standard.

Edgar Filing: LoopNet, Inc. - Form DEF 14A

All of the non-management directors of the Company are independent under the Nasdaq standard. The independent directors are: William Byrnes, Thomas E. Unterman, Noel J. Fenton, William A. Millichap, Dennis Chookaszian, and Scott Ingraham.

Richard J. Boyle is not independent by virtue of his position as Chief Executive Officer of the Company.

Table of Contents

Other than as described above, in 2007, there were no transactions, relationships or arrangements not disclosed as related person transactions that were considered by the Board of Directors in determining that the applicable independence standards were met by each of the directors

Board Committees

Our Board has three standing Committees, each of which is chaired by an independent Director: (1) Audit (the Audit Committee), (2) Compensation (the Compensation Committee) and (3) Corporate Governance and Nominating (the Corporate Governance and Nominating Committee). The membership during 2007 and the function of each Committee are described below.

Audit Committee

Our Audit Committee oversees the accounting and financial reporting processes of the Company and audits of its financial statements and the effectiveness of the Company's internal control over financial reporting. In that regard, the Audit Committee assists the Board in monitoring (1) the integrity of the financial statements of the Company, (2) the independent auditor's qualifications and independence, and (3) the compliance by the Company with legal and regulatory requirements. Our management has primary responsibility for the financial statements and reporting process, including systems of internal controls. Our independent auditors are responsible for auditing our financial statements and expressing an opinion as to their conformity to accounting principles generally accepted in the United States.

During 2007, our Audit Committee met eight times. Messrs. Byrnes, Chookaszian and Unterman served on our Audit Committee until July 19th, at which point Mr. Unterman resigned in order to serve on our Compensation Committee, and was replaced by Mr. Ingraham. Our Audit Committee currently consists of Mr. Byrnes, as Chairman, Mr. Chookaszian and Mr. Ingraham. Our Board has determined that each of the members of our Audit Committee meets the requirements of independence within the meaning of the Securities and Exchange Commission and the Nasdaq Stock Market independent director standards. Our Board has also determined that Messrs. Byrnes, Chookaszian and Ingraham are each financial experts within the meaning of the Securities and Exchange Commission standard.

In the performance of its oversight function, our Audit Committee reviews and discusses with management and the independent auditors our audited financial statements. Our Audit Committee also discusses with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 and Auditing Standard No. 2 relating to communication with audit committees. In addition, our Audit Committee receives from the independent auditors the written disclosures and letter required by Independence Standards Board Standard No. 1 relating to independence discussions with audit committees. Our Audit Committee also discusses with the independent auditors their independence from our Company and our management, and considers whether the independent auditor's provision of non-audit services to our Company is compatible with maintaining the auditor's independence.

Our Audit Committee discusses with our independent auditors the overall scope and plans for their audits. Our Audit Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls and the overall quality of our financial reporting. In addition, our Audit Committee meets with our Chief Executive Officer and Chief Financial Officer to discuss the processes that they have undertaken to evaluate the accuracy and fair presentation of our financial statements and the effectiveness of our system of disclosure controls and procedures.

The Compensation Committee also reviews, discusses with the full Board, and establishes the amount and form of compensation paid to the Company's executive officers, officers, employees, consultants and advisors. The Compensation Committee may also delegate its authority to a subcommittee of the Compensation Committee. Additionally, within certain limitations, the Compensation Committee may delegate to one or more officers of the Company the authority to grant stock options and other stock awards to employees of the Company.

During 2007, our Compensation Committee met five times. Messrs. Fenton, Millichap and Ingraham served on our Compensation Committee until July 19th, at which point Mr. Ingraham resigned in order to serve on our Audit Committee, and was replaced by Mr. Unterman. Our current Compensation Committee consists of Mr. Fenton, as Chairman, Mr. Millichap and Mr. Unterman. Immediately prior to the Annual Meeting, Mr. Unterman shall assume the role of Chairman of the Compensation Committee. The Board has determined that each of the members of our Compensation Committee meets the requirements of independence as set forth in the rules and regulations promulgated by the SEC and the Nasdaq Stock Market.

Our Compensation Committee has a written charter, which is available on our website at www.loopnet.com under About Us / Investor Relations / Corporate Governance / Compensation Committee . *The Company's web site address provided above is not intended to function as a hyperlink, and the information on the Company's web site is not and should not be considered part of this proxy statement and is not incorporated by reference herein.*

Corporate Governance and Nominating Committee

Our Corporate Governance and Nominating Committee assists the Board by identifying prospective director nominees, developing and recommending to the Board governance principles applicable to the Company, providing oversight with respect to corporate governance and overseeing the periodic evaluations of the Board.

During 2007, our Corporate Governance and Nominating Committee met one time to review nominees for directors who were elected at our 2007 Annual Meeting. Our Corporate Governance and Nominating Committee currently consists of Mr. Millichap, as Chairman, Mr. Chookaszian and Mr. Fenton. Immediately prior to the Annual Meeting, Mr. Fenton shall assume the role of Chairman of the Nominating Committee. Our Board has determined that each of the members of our Corporate Governance and Nominating Committee meets the requirements of independence as set forth in the rules and regulations promulgated by the SEC and the Nasdaq Listing Standards.

The Corporate Governance and Nominating Committee charter is available on our website at www.loopnet.com under About Us / Investor Relations / Corporate Governance / Corporate Governance and Nominating Committee . *The Company's web site address provided above is not intended to function as a hyperlink, and the information on the Company's web site is not and should not be considered part of this proxy statement and is not incorporated by reference herein.*

Director Nominations

We have no stated minimum criteria for director nominees. The Corporate Governance and Nominating Committee does, however, seek nomination and appointment candidates with excellent decision-making ability, business experience, relevant expertise, personal integrity and reputation. The Corporate Governance and Nominating Committee may also consider other factors such as issues of character, judgment, independence, diversity, age, expertise, corporate experience, length of service and other commitments, and the general needs of the Board of Directors, in accordance with the charter of the Corporate Governance and Nominating

Committee. The Corporate Governance and Nominating Committee believes it appropriate that at least one member of the Board of Directors meet the criteria for an audit committee financial expert as defined by the rules of the Securities and Exchange Commission, and that a majority of the members of the Board of Directors meet the independent director standard under rules of the Nasdaq Stock Market. The Corporate Governance and Nominating Committee also believes it may be appropriate for certain members of our management, in particular the Chief Executive Officer, to participate as a member of the Board of Directors.

The Corporate Governance and Nominating Committee identifies nominees for the class of directors being elected at each annual meeting of stockholders by first evaluating the current members of such class of directors willing to continue in service. Current members of the Board of Directors with skills and experience that are relevant to our business and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the Board of Directors with that of obtaining a new perspective. If any member of such class of directors does not wish to continue in service or if the Corporate Governance and Nominating Committee or the Board of Directors decides not to re-nominate a member of such class of directors for re-election, the Corporate Governance and Nominating Committee identifies the desired skills and experience of a new nominee in light of the criteria above, and may recommend a reduction in the size of the Board until a new nominee is identified. Members of the Corporate Governance and Nominating Committee and the Board of Directors are polled for suggestions as to individuals meeting the criteria for nomination. Research may also be performed to identify qualified individuals. This committee may, in its discretion, engage third party search firms to identify and assist in recruiting potential nominees to the Board of Directors. Candidates may also come to the attention of this committee through management, stockholders or other persons.

Pursuant to the requirements of its charter, the Corporate Governance and Nominating Committee will review any director candidates recommended by our stockholders who are entitled to vote in the election of directors, provided that the stockholder recommendations are timely submitted in writing to our Secretary, along with all required information, in compliance with the stockholder nomination provisions of our bylaws. Any candidates properly recommended in accordance with the foregoing requirements by stockholders will be considered in such manner as the members of our Corporate Governance and Nominating Committee deem appropriate.

Directors who are employees of LoopNet, such as Mr. Boyle, have not received and will not receive any additional compensation for their services as directors.

Each of our non-employee directors received an annual stock option grant to purchase 10,500 shares of our common stock in connection with their annual service on the Board of Directors in May of 2007. Each option has an exercise price of \$19.06 per share which was equal to the closing price on the date of grant and the option becomes exercisable as to 100% of the shares subject to the award on the earlier of (i) the one year anniversary of the date of the grant of the award and (ii) the date immediately preceding the date of the Annual Meeting of the Company's stockholders for the year following the year of grant for the award, subject to the non-employee director's continued service to the Company through the vesting date.

The following table provides compensation information for our non-employee directors for 2007:

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Compliance with Section 16(a) of the Securities Exchange Act of 1934 requires our Directors, executive officers and persons who own more than 10% of a registered class of our equity securities to file reports of holdings and transactions of LoopNet common stock and other equity securities with the SEC. Directors, executive officers and 10% or greater stockholders are required by SEC regulations to furnish us with copies of all of the Section 16(a) reports they file. Based solely upon a review of the copies of the forms furnished to us and the representations made by the reporting persons to us, we believe that during 2007 our Directors, executive officers and 10% or greater stockholders complied with all filing requirements under Section 16(a) of the Exchange Act, except as follows. Due to an administrative error, each of Mr. Boyle, Mr. Stumme and Mr. Warthen filed a late Form 4 on April 5, 2007, one day late, each covering 44 transactions for such reporting person occurring on April 2, 2007 under Rule 10b5-1 trading plans.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Committee Composition and Responsibilities

The Company's formal written charter for its Compensation Committee establishes procedures for determining the compensation of its executive officers, as described below.

Our Compensation Committee consists of Mr. Fenton, as Chairman, Mr. Millichap and Mr. Unterman. The Board has determined that each of the members of our Compensation Committee meets the requirements of independence as set forth in the rules and regulations promulgated by the SEC and the Nasdaq Stock Market.

Pursuant to its charter, the Compensation Committee is responsible for reviewing, discussing with the full Board, and establishing the compensation of the Company's Chief Executive Officer and for determining the various components of the Chief Executive Officer's compensation. It is also responsible for reviewing, discussing with the full Board, and establishing the compensation of the other executive officers. The Committee oversees and administers, either directly or by delegating its authority, the Company's 2006 Equity Incentive Plan, and addresses such other compensation matters as may from time to time be directed by the Board of Directors.

Compensation Philosophy

The Compensation Committee's compensation policy for executive officers is designed to attract, motivate, and retain talented executives responsible for the success of LoopNet and to promote the long-term interests of LoopNet and its stockholders. The Committee first establishes base salaries, and then approves target annual cash bonuses based on those base salaries, with a heavy emphasis on performance-based components, such as cash bonuses and equity incentives, the value of which could increase or decrease to reflect changes in corporate and individual performance. These incentive compensation policies are intended to reinforce management's objectives to enhance profitability and stockholder value.

Factors Considered

Within the context of the overall objectives of our compensation programs, the Compensation Committee determined the specific amounts of compensation to be paid to each of the Company's executive officers in 2007 based on a number of factors, including, its understanding of the amount of compensation generally paid by similarly situated companies to their executives with similar roles and responsibilities; the performance of the executive officers during 2007 in general and as measured against predetermined performance goals; the roles and responsibilities of the executive officers; the individual experience and skills of, and expected contributions from, the executive officers; the amounts of compensation being paid to the Company's other executives; the executive officers' historical compensation at the Company; and any contractual commitments the Company has made regarding its executives' compensation.

In late 2006, the Compensation Committee engaged an independent executive compensation consultant, Compensia, to aid the Compensation Committee in executive compensation matters. Compensia assisted the Compensation Committee in evaluating the Company's existing compensation plans, programs and guidelines and provided analysis and advice to the Compensation Committee during 2007 related to designing and implementing the elements of such a plan, as described further below.

Table of Contents

Elements of Executive Compensation

Cash Compensation

The cash compensation of the Company's senior management consists of base salary and an annual performance-based bonus determined by the Compensation Committee after discussion with the full Board. Cash compensation is paid to reward near term performance (i.e. no longer than the coming year) and to encourage executives to optimize current opportunities. Cash compensation rewards current contributions towards goals consistent with the Company's business strategy and enables the Company to attract and retain highly qualified executive officers and key employees.

Base Salary.

Our Compensation Committee generally looks to set base salaries for executive officers between approximately the 50th percentile and the 75th percentile compared to companies in the Company's peer group, adjusted to reflect each employee's overall responsibilities, professional qualifications and business experience. Compensia provided the Compensation Committee with an executive compensation study based on the Company's peer group, defined as comparable companies as identified by analysts covering the Company, and companies in the Company's geographic region that compete for management talent.

The Company's peer group for this analysis included: Audible, Inc.; Bankrate, Inc.; Costar Group, Inc.; Housevalues, Inc.; Imergent, Inc.; Ipass Inc.; J2 Global Communications, Inc.; Keynote Systems, Inc.; Liquidity Services, Inc.; Looksmart, Ltd.; Miva, Inc.; Move, Inc.; Opsware Inc.; Sonicwall, Inc.; The Knot, Inc.; Thetstreet.com, Inc.; and Travelzoo Inc.

In 2007, the Compensation Committee increased Mr. Boyle's base salary to \$325,000. This represented an increase of approximately 24.5%, bringing Mr. Boyle's base salary to a level slightly below the 50th percentile of chief executive officers in the Company's peer group. The base salaries for the Company's other executive officers were increased between 5% and 15%, to the following levels: Mr. Byrne \$240,350, Mr. Stumme \$240,350, Mr. Greenman \$225,720 and Mr. Warthen \$215,460. These increases brought the executive officers' base salaries to levels between the 50th and 75th percentile for executives in corresponding roles in the Company's peer group.

In 2008, the Compensation Committee approved base salary increases of between 6% and 9% for executive officers, based on a continued target range of between the 50th and 75th percentile compared to the Company's peer group, as adjusted to reflect each individual officer's performance and value to the Company.

Annual Incentive Pay.

The Company has a cash bonus plan for employees exhibiting exceptional performance, and all of our named executive officers are eligible to participate in such plan.

The cash bonus plan is administered by the Compensation Committee, which has full authority to select participants, set bonus amounts and fix performance targets. The Compensation Committee sets a range of possible annual cash bonuses for each executive within a specified range of percentages of the executive's base salary. Actual amounts paid are based on the achievement of performance goals, such as the Company's revenue, adjusted EBITDA, net income and other key corporate goals, and are eligible for increase if revenue, adjusted EBITDA and net income exceed the plan performance targets. The Chief Executive Officer of the Company makes recommendations to the Compensation Committee as to the range of base salary to be targeted as bonus payments to each named executive officer of the Company other than himself, with the final determination of the bonus ranges and amounts made by the Compensation Committee.

Table of Contents

In 2007, each of our named executive officers was eligible to receive a bonus under the cash bonus plan if certain threshold financial targets were achieved and other objectives met. The executive officers were eligible for bonuses based on a range of percentages of their respective base salaries, as set forth below:

Name	Minimum Bonus Percentage at Target (%)	Maximum Bonus Percentage (%)
Rich Boyle	30	80
Thomas P. Byrne	30	80
Brent Stumme	30	60
Jason Greenman	25	50
Wayne Warthen	25	50

These bonus ranges were in line with the historical practice of the Company, as well as the Compensia executive compensation guidelines. The target bonus amounts were based on the Company achieving financial results at budget amounts as approved by the Board, with an opportunity to earn additional amounts for performance in excess of budget.

For 2007, cash bonuses were approved by the Compensation Committee in January 2008. Because the Company exceeded its financial and operational goals for 2007 and based on individual contributions and achievements, the Compensation Committee approved bonus payouts for fiscal year 2007 that were both consistent with bonus amounts in the past as well as within the market range of cash bonus amounts for officers in similar positions at similar companies based on the Compensia executive compensation study reviewed by the Compensation Committee. Based on these factors, Mr. Boyle's bonus percentage represented approximately 50.7% of his base salary for 2007, while bonus percentages for our other named executive officers represented between 34.8% and 66.6% of such officer's base salary. Bonus amounts earned for 2007 and paid in 2008 for our named executive officers were as follows:

Name	Bonus Amount (\$)
Rich Boyle	165,000
Thomas P. Byrne	160,000
Brent Stumme	140,000
Jason Greenman	110,000
Wayne Warthen	75,000

For 2008, the Compensation Committee recently approved a cash bonus plan substantially similar to the 2007 cash bonus plan.

Although these bonuses do not qualify as performance-based compensation for purposes of Section 162(m) of the Internal Revenue Code because our shareholders did not approve such bonus plan, we believe that they will still be fully deductible for tax purposes because of their amounts.

Long Term Incentives

The Company's primary method for providing executives officers and employees with long term incentives is through our 2006 Equity Incentive Plan. We believe that equity-based compensation aligns the interests of the Company's executive officers and employees with those of its stockholders and drives increases in the long-term value of the Company's common stock by making a portion of executive officers' total compensation over time directly dependent on the Company's performance.

The Compensation Committee worked with Compensia in 2007 to design an equity-based compensation plan tailored to the purpose described above. In designing this plan, the Compensation Committee reviewed equity models, prepared by Compensia, based on different assumptions as to the Company's future revenue growth and price/revenue multiples. Long-term equity-based compensation incentives for executive officers and other employees are effected through the Company's 2006 Equity Incentive Plan. Prior to the

Table of Contents

Company's initial public offering in 2006, long-term equity incentives for executive officers and other employees were effected through the Company's 2001 Stock Option Plan.

The number of shares subject to an equity-based compensation grant to an executive officer is determined by the Compensation Committee and is based on the executive officer's position, past performance, anticipated future contributions, and prior equity-based grants. In 2007, based on Compensia's executive compensation study, the Compensation Committee considered implementing grants of restricted stock units as a means of equity compensation for retention of employees. The use of restricted stock units in conjunction with stock options will provide the Company with the flexibility to manage both medium and long term retention of employees, while driving increases in the value of the Company's common stock by aligning employee and stockholder incentives. The Company began granting restricted stock units in February 2008. The Compensation Committee has delegated to Mr. Boyle and Mr. Stumme authority to approve stock option grants and restricted stock units to non-executive employees, within certain limitations.

The exercise price of all of our stock options has been equal to the fair market value (the closing price on Nasdaq) of the Company's common stock on the date of grant. Options granted pursuant to our equity incentive plan will provide a return to the employee only if he or she remains in the Company's service, and then only if the market price of the Company's common stock appreciates over the option term. Stock options granted to new employees pursuant to our equity incentive plan vest monthly over a four-year period with an initial one-year cliff. Restricted stock units vest one-quarter annually on the anniversary of the date of grant, for a period of four years. For non-executive officers, new hire stock options and restricted stock units may be granted by our Chief Executive Officer or our Chief Financial Officer on the first day of employment with the Company. Promotional and evergreen stock options granted to current employees pursuant to our equity incentive plans vest monthly over a four-year period. Annual equity awards are granted in the first quarter of each year to our named executive officers and other designated employees at a regularly scheduled meeting of the Compensation Committee. The exercise price of these grants is equal to the closing fair market value of our common stock as reported by Nasdaq on the date the Compensation Committee approves the grant unless the grant date is deferred to a date when all material non-public information will be disclosed, in which case the date of grant will be the date specified by the Compensation Committee and the exercise price will be equal to the closing fair market value of our common stock as reported by Nasdaq on such date.

In March 2007, the Compensation Committee approved evergreen stock option grants to the Company's Chief Executive Officer and other named executive officers. Based on the Compensia executive compensation study's survey of grants for similar executives at similar companies, the past and anticipated performance of individual officers, and prior grants to individual officers and vesting of such grants, the Compensation Committee granted evergreen options as follows:

Name	2007 Option Award (# of shares of Common Stock)
Rich Boyle	85,000
Thomas P. Byrne	55,000
Brent Stumme	45,000
Jason Greenman	45,000
Wayne Warthen	35,000

In January 2008, the Compensation Committee again reviewed past and anticipated performance of individual officers, prior grants to individual officers and vesting of such grants, in determining evergreen stock option grants.

The Compensation Committee granted Mr. Boyle an option to purchase 90,000 shares of Company common stock and granted an option to purchase between 60,000 and 65,000 shares of common stock to each other named executive officer. Additionally, in connection with his promotion to President and Chief Operating Officer in January of 2008, the Compensation Committee granted Mr. Byrne 85,000 restricted stock units and an option to purchase 315,000 shares of common stock. In making this determination, the Compensation Committee reviewed the Compensia study of compensation for officers at the President and Chief Operating Officer level in peer companies, as well prior grants and vesting of such grants to Mr. Byrne.

Table of Contents

Benefits

The named executive officers are entitled to participate in the Company's benefit programs which are available to all Company employees, including company-sponsored health and welfare plans. The Company also offers a voluntary 401(k) plan for all eligible employees, including management, pursuant to which the Company matches 100% of participants' contributions up to a maximum of 3% of their compensation and 50% of additional contributions for an additional 2% of the employees' compensation. The Company has no defined benefit or defined contribution pension plan for management.

Post-termination protection and payments

All of our employees, including our executive officers, are employed at will and do not have employment agreements or other agreements providing severance or other benefits in connection with termination of employment. However, our named executive officers are participants in equity incentive plans and are entitled to accelerated vesting of awards in certain circumstances in connection with a change in control of the Company, as discussed below.

Options and other awards granted pursuant to our 2006 Equity Incentive Plan will accelerate and become fully vested in connection with a change in control of the Company in the event the successor corporation in such change in control does not assume or substitute outstanding options or other awards in connection with the change in control. In addition, if the successor corporation does assume or substitute such options or other awards but a participant in our 2006 Equity Incentive Plan holding an assumed or substituted option or other award either (i) is not offered full-time employment with the successor corporation upon terms and conditions no less favorable than those in effect prior to the change in control, or (ii) is offered and accepts such employment, but such employment is terminated by the successor corporation within 12 months after the change in control without cause (as such term is defined in our 2006 Equity Incentive Plan), then any assumed or substituted option or other award held by the terminated participant at the time of termination shall accelerate and become exercisable as to 50% of the otherwise unvested shares as of the date of termination.

Summary

The Compensation Committee believes that the Company's compensation philosophy and programs are designed to foster a performance-oriented culture that aligns employees' interests with those of the Company's stockholders. The Compensation Committee believes that the compensation of the Company's executives is both appropriate and responsive to the goal of improving stockholder value.

The following Report of the Audit Committee and related disclosure shall not be deemed incorporated by reference by any general statement incorporating this proxy statement into any filing under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

Under the guidance of a written charter adopted by the Board of Directors, the purpose of the Audit Committee is to oversee the accounting and financial reporting processes of the Company and audits of its financial statements. The responsibilities of the Audit Committee include appointing and providing for the compensation of the registered public accounting firm. Each of the members of the Audit Committee meets the independence requirements of the Nasdaq Stock Market.

Management has primary responsibility for the system of internal controls and the financial reporting process. The registered public accounting firm has the responsibility to express an opinion on the financial statements based on an audit conducted in accordance with generally accepted auditing standards.

In this context and in connection with the audited financial statements contained in the Company's Annual Report on Form 10-K, the Audit Committee:

reviewed and discussed the audited financial statements as of and for the fiscal year ended December 31, 2007 with the Company's management and the registered public accounting firm;

discussed with Ernst & Young LLP, the Company's registered public accounting firm, the matters required to be discussed by Statement of Auditing Standards No. 61, Communication with Audit Committees, as amended by Statement of Auditing Standards No. 90, Audit Committee Communications;

ADDITIONAL INFORMATION

Stockholder Proposals

Requirements for Stockholder Proposals to be Brought Before the Annual Meeting. Our bylaws provide that, for recommendations of candidates for election to the Board of Directors or other proposals to be considered at an annual meeting of stockholders, the stockholder must have given written notice to our Secretary at 185 Berry Street, Suite 4000, San Francisco, CA 94107, not later than 90 days and not more than 120 days prior to the anniversary of the mailing date of the proxy materials for the previous year's annual meeting. However, the Bylaws also provide that in the event that no annual meeting was held in the previous year or the date of the annual meeting is advanced by more than 30 days or delayed by more than 30 days from the date contemplated at the time of the previous year's proxy statement, this advance notice must be received not earlier than the 90th day prior to such annual meeting and not later than the 10th day following the day on which public announcement of the date of such meeting is first made. In addition to these timing requirements, any stockholder proposal to be brought before the annual meeting must set forth: (a) a brief description of the business desired to be brought before the meeting, and the reasons for conducting such business at the meeting, (b) the name and address, as they appear on the Company's books, of the stockholder proposing such business, (c) the number of shares of the Company's common stock that are beneficially owned by the stockholder, (d) any material interest of such stockholder in such business, and (e) any additional information that is required to be provided by the stockholder pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (the "1934 Act").

Requirements for Stockholder Proposals to be Considered for Inclusion in the Company's Proxy Materials. In addition to the requirements stated above, our stockholders who wish to submit proposals for inclusion in our proxy materials must comply with Rule 14a-8 promulgated under the 1934 Act. For such proposals to be included in our proxy materials next year relating to our 2009 Annual Meeting of Stockholders, all applicable requirements of Rule 14a-8 must be satisfied and we must receive such proposals no later than December 16, 2008. Such proposals must be delivered to our Secretary, c/o LoopNet, Inc., 185 Berry Street, Suite 4000, San Francisco, CA 94107.

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for stockholders and cost savings for companies. LoopNet and some brokers household proxy materials, delivering a single proxy statement to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or us

that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you notify us, or your broker if your shares are held in a brokerage account, that you would prefer to receive separate materials. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please

Other Matters

The Board of Directors knows of no other business to be presented at the Annual Meeting, but if other matters do properly come before the Annual Meeting, it is intended that the person named on the proxy card will vote on those matters in accordance with their best judgment.
