Dear Boston Scientific Stockholder:

You are cordially invited to attend Boston Scientific Corporation's Annual Meeting of Stockholders to be held on Tuesday, May 10, 2005, at 10:00 A.M. Eastern Time, at the Bank of America Northeast Conference and Training Center, 100 Federal Street, Boston, Massachusetts.

This year you are being asked to (i) elect four directors, (ii) ratify the appointment of Ernst & Young LLP as our independent auditors for the 2005 fiscal year, (iii) vote upon a stockholder proposal to require majority voting for the election of directors, and (iv) act upon such other business as may properly come before the annual meeting or any adjournment or postponement of the meeting. These matters are more fully described in the accompanying Notice of Annual Meeting and Proxy Statement.

Our Board of Directors urges you to read the accompanying Proxy Statement and recommends that you vote **FOR** the director nominees and the ratification of the appointment of Ernst & Young as our independent auditors and **AGAINST** the stockholder proposal regarding majority voting for the election of directors.

At the meeting, management will also report on our 2004 performance and an opportunity will be provided for stockholders to ask questions.

The Board of Directors appreciates and encourages stockholder participation in the Company's affairs. Whether or not you plan to attend the meeting, it is important that your shares be represented. Accordingly, we request that you sign, date and mail the enclosed proxy card in the envelope provided at your earliest convenience. Record holders may also vote electronically or telephonically by following the instructions printed on the enclosed proxy card.

Thank you for your cooperation.

Very truly yours,

Peter M. Nicholas
Chairman of the Board

PROXY STATEMENT

INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

The Annual Meeting

The Annual Meeting of Stockholders of Boston Scientific Corporation will be held on Tuesday, May 10, 2005, at 10:00 A.M. Eastern Time, at the Bank of America Northeast Conference and Training Center, 100 Federal Street, Boston, Massachusetts. At this meeting, stockholders will be asked to elect four directors, ratify the appointment of Ernst & Young LLP as our independent auditors for the 2005 fiscal year and vote upon a stockholder proposal requiring majority voting for the election of directors. Management will also report on our performance during fiscal 2004 and respond to questions from stockholders. When used in this Proxy Statement, the terms we, us, our and the Company mean Boston Scientific Corporation and its divisions and subsidiaries.

Who is entitled to attend and vote at the Annual Meeting?

Stockholders of record at the close of business on March 18, 2005, are entitled to attend and vote at the Annual Meeting. Each share of our common stock is entitled to one vote. The proxy card provided with this proxy statement indicates the number of shares of Boston Scientific common stock that you own and are entitled to vote.

What do I need to bring to the Annual Meeting?

If your shares are registered in your name, you should bring proper identification to the meeting. If your shares are held in the name of a broker, trust, bank or another nominee, you will need to bring a proxy or letter from that broker, trust, bank or other nominee that confirms that you are the beneficial owner of those shares, along with proper identification.

What constitutes a quorum at the meeting?

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of our common stock outstanding on March 18, 2005, the record date, will constitute a quorum for purposes of the

Table of Contents

Annual Meeting. As of March 18, 2005, 834,833,774 shares of Boston Scientific common stock were outstanding. For purposes of determining whether a quorum exists, proxies received but marked withhold or abstain and broker non-votes (described below) will be counted.

How do I vote by proxy?

Your vote is very important. Whether or not you plan to attend the meeting, we urge you to complete, sign and date the enclosed proxy card and return it in the envelope provided. No postage is required if your proxy card is mailed in the United States.

If you properly fill in your proxy card and our transfer agent receives it in time to vote at the meeting, your proxy (one of the individuals named on your proxy card) will vote your shares as you have directed. If you sign the proxy card but do not make specific choices, your proxy will vote your shares as recommended by the Board, as follows:

- (1) **FOR** the election of each of the four nominees for director;
- (2) **FOR** the ratification of the appointment of Ernst & Young LLP as our independent auditors for the fiscal year ending December 31, 2005; and
- (3) **AGAINST** the stockholder proposal to require majority voting for the election of directors.

If any other matter is properly presented at the meeting or if the meeting is to be postponed or adjourned, your proxy will vote your shares in accordance with his or her best judgment. At present, the Board knows of no other business that is intended to be brought before or acted upon at this Annual Meeting.

Can I vote by telephone or electronically?

If you are a registered stockholder (that is, if you hold your stock in your own name), you may vote by telephone or electronically through the Internet by following the instructions printed on your proxy card.

How do I vote if my shares are held by my broker?

If your shares are held by your broker in street name, you will need to instruct your broker how to vote your shares in the method required by your broker. Your broker may also offer electronic or telephonic voting.

What discretion does my broker have to vote my shares held in street name ?

At this time, New York Stock Exchange rules allow your broker to vote your shares with respect to the election of directors and the ratification of our independent auditors, even if it does not receive instructions from you, so long as it holds your shares in its name. There are, however, certain matters with respect to which brokers do not have discretionary authority. Depending on the practices of your broker, this may include the vote upon the stockholder proposal to require majority voting for the election of directors. Shares represented by broker non-votes will, however, be counted in determining whether there is a quorum.

Table of Contents

Can I change my vote or revoke my proxy after I return my proxy card?

Yes. You may change your vote or revoke your proxy at any time before the proxy is exercised at the Annual Meeting. To change your vote, you may:

file with our Secretary a written notice revoking your earlier vote;

submit to our transfer agent a properly completed and signed proxy card with a later date;

vote again telephonically or electronically (available until 11:00 p.m. Eastern Time on May 9, 2005); or

vote in person at the Annual Meeting.

The last dated proxy or vote cast will be counted.

How do I vote in person?

If you plan to attend the Annual Meeting and vote in person, we will give you a ballot or a new proxy card when you arrive. However, if your shares are held in the name of your broker, trust, bank or other nominee, you must bring an account statement or letter from the nominee indicating that you were the beneficial owner of the shares on March 18, 2005, the record date for voting.

Please bring proper identification to the Annual Meeting.

How do I vote my 401(k) and GESOP shares?

If you participate in the Boston Scientific Corporation 401(k) Retirement Savings Plan (401(k) Plan) or participate in our Global Employee Stock Ownership Plan (GESOP), you will receive a single proxy card that covers both shares credited to your plan account(s) and shares that you own of record that are registered in the same name. If any of your plan accounts are not registered in the same name as your shares of record, you will receive separate proxy cards for your record and plan holdings. Properly completed and signed proxy cards will serve to instruct the trustees and fiduciaries of our 401(k) Plan and GESOP how to vote any Company shares held in these plans on your behalf.

Who is the Company's transfer agent?

Our transfer agent is Mellon Investor Services LLC. Representatives of Mellon Investor Services LLC will tabulate the vote and act as inspector of election at the Annual Meeting.

What vote is required to approve each proposal?

- (1) For the Election of Directors.** The four nominees for director receiving the most votes from those shares present or represented at the Annual Meeting will be elected. If you do not vote for a particular nominee, or you withhold authority for one or all nominees, your vote will be counted for purposes of determining whether there is a quorum, but will not count either for or against the nominee.
- (2) For All Other Matters.** For each other matter expected to be voted upon at the Annual Meeting, the affirmative vote of a majority of shares participating in the voting on each proposal is required for approval. At present, the Board knows of no other matters to be presented for stockholder action at the Annual Meeting. A properly executed proxy marked abstain with respect to any of these matters will not be voted for or against the proposal(s), but will be counted for purposes of determining the number of votes cast. Accordingly, an abstention will have the effect of a negative vote.

Table of Contents

Is voting confidential?

Yes. We will treat proxy cards, ballots and voting tabulations as confidential. Generally, only the inspectors of election and certain employees associated with processing proxy cards, counting the vote or administering the meeting have access to these documents.

How is the Company soliciting proxies?

We will solicit proxies chiefly by mail, but additional solicitations may be made by electronic delivery, telephone or other media by our officers or employees. We may enlist the assistance of brokerage houses, fiduciaries, custodians and other third parties in soliciting proxies. All solicitation expenses, including costs of preparing, assembling and mailing proxy material, will be borne by us.

PROPOSALS TO BE VOTED UPON

Proposal 1: Election of Directors.

Currently, our Board of Directors consists of twelve members, divided into three equal classes. Each class serves for a period of three years. The classes are arranged so that the terms of the directors in each class expire at successive Annual Meetings. Occasionally, a director may be elected for a shorter term in order to keep the number of directors in each class approximately equal. The term of our Class I directors expires at this Annual Meeting. The Board has nominated each of the following incumbent Class I directors to stand for re-election for a term of three years expiring at our 2008 Annual Meeting and until his successor has been elected and qualified: Ray J. Groves, Peter M. Nicholas, Warren B. Rudman and James R. Tobin.

We know of no reason why any of the nominees would be unable to serve as a director. However, should such a situation arise, the Board may designate a substitute nominee or, alternatively, reduce the number of directors to be elected. If a substitute nominee is selected, the persons named as proxies will vote for that substitute nominee. Any vacancies not filled at the Annual Meeting may be filled by the Board.

Class I Directors (Term Expires 2008)

The Incumbent Nominees

Name

Ray J. Groves
Age 69
Director since 1999

Ray J. Groves has been a Director of Boston Scientific since 1999 and is Senior Advisor of Marsh Inc., a subsidiary of Marsh & McLennan Companies, Inc. Previously, he served as Chairman and Chief Executive Officer of Marsh Inc. from 2003 to 2004 and President from 2001 to 2003. Prior to that Mr. Groves served as Chairman of Legg Mason Merchant Banking, Inc. from 1995 to 2001. Mr. Groves served as Chairman and Chief Executive Officer of Ernst & Young for 17 years until his retirement in 1994. Mr. Groves currently serves as a member of the boards of directors of Electronic Data Systems Corporation and The Gillette Company. Mr. Groves is a member of the Council on Foreign Relations. He is a former member of the Board of Governors of the American Stock Exchange and the National Association of Securities Dealers. Mr. Groves is former Chairman of the board of directors of the American Institute of Certified Public Accountants. He is a member and former Chair of the board of directors of The Ohio State University Foundation and a member of the Dean's Advisory Council of the Fisher College of Business. He is a former member of the Board of Overseers of The Wharton School of the University of Pennsylvania and served as the Chairman of its Center for the Study of the Service Sector. Mr. Groves is a managing director of the Metropolitan Opera Association. Mr. Groves received a B.S. degree from The Ohio State University.

Class I Directors (Term Expires 2008) (continued)

Peter M. Nicholas
Age 63
Director since 1979

Peter M. Nicholas, a co-founder of Boston Scientific, has been Chairman of the Board since 1995. He has been a Director since 1979 and served as our Chief Executive Officer from 1979 to March 1999 and Co-Chairman of the Board from 1979 to 1995. Prior to joining us, he was corporate director of marketing and general manager of the Medical Products Division at Millipore Corporation, a medical device company, and served in various sales, marketing and general management positions at Eli Lilly and Company. He is currently Chairman of the Board of Trustees of Duke University and a member of the Board's Executive Committee. Mr. Nicholas is also a Fellow of the American Academy of Arts and Sciences and a member of the Trust for that organization. He has also served on several for profit and not-for-profit boards. Mr. Nicholas is a member of the Massachusetts Business Roundtable, Massachusetts Business High Technology Council, CEOs for Fundamental Change in Education and the Boys and Girls Club of Boston. After college, Mr. Nicholas served as an officer in the U.S. Navy, resigning his commission as lieutenant in 1966. Mr. Nicholas received a B.A. degree from Duke University, and an M.B.A. degree from The Wharton School of the University of Pennsylvania. He is also the brother of N.J. Nicholas, Jr., one of our directors.

Warren B. Rudman
Age 74
Director since 1999

Senator Warren B. Rudman has been a Director of Boston Scientific since 1999. Senator Rudman has been Of Counsel to the international law firm Paul, Weiss, Rifkind, Wharton, and Garrison LLP since January 2003. Previously, he was a partner of the firm since 1992. Prior to joining the firm, he served two terms as a U.S. Senator from New Hampshire from 1980 to 1992. He serves on the boards of directors of Allied Waste Industries, Inc., Collins & Aikman Corporation, Raytheon Corporation and several funds managed by the Dreyfus Corporation. He is the founding co-chairman of the Concord Coalition and also serves on the board of directors of the Council on Foreign Relations. Senator Rudman received a B.S. from Syracuse University and an LL.B. from Boston College Law School and served in the U.S. Army during the Korean War.

James R. Tobin
Age 60
Director since 1999

James R. Tobin is our President and Chief Executive Officer and also serves as a Director. Prior to joining us in March 1999, Mr. Tobin served as President and Chief Executive Officer of Biogen, Inc. from 1997 to 1998 and Chief Operating Officer of Biogen from 1994 to 1997. From 1972 to 1994, Mr. Tobin served in a variety of executive positions with Baxter International, including President and Chief Operating Officer from 1992 to 1994. Previously, he served at Baxter as Managing Director in Japan, Managing Director in Spain, President of Baxter's I.V. Systems Group and Executive Vice President. Mr. Tobin currently serves on the boards of directors of Curis, Inc. and Applera Corporation. Mr. Tobin holds an A.B. from Harvard College and an M.B.A. from Harvard

Business School. Mr. Tobin also served as a lieutenant in the U.S. Navy from 1968 to 1972.

The Board recommends that you vote FOR the election all four nominees for director.

INFORMATION ABOUT DIRECTORS AND EXECUTIVE OFFICERS

The Board of Directors

Who sits on the Company's Board of Directors?

Currently, our Board of Directors consists of twelve members, divided into three equal classes. Each class serves for a period of three years. The classes are arranged so that the terms of the directors expire at successive Annual Meetings. Occasionally a director may be elected for a shorter term in order to keep the number of directors in each class approximately equal. The term of our Class I directors expires at this Annual Meeting. The Board has nominated each of the following incumbent Class I directors to stand for re-election for a term of three years expiring at our 2008 Annual Meeting and until his successor has been elected and qualified: Ray J. Groves, Peter M. Nicholas, Warren B. Rudman and James R. Tobin.

The following directors hold the Company's remaining Board seats:

CORPORATE GOVERNANCE

Our Board of Directors has established a Corporate Governance Manual to guide the operation and direction of the Board and its committees. The Corporate Governance Manual consists of our Corporate Governance Guidelines, charters for the standing committees of the Board, and our Code of Conduct. A current copy of our Corporate Governance Guidelines, committee charters and Code of Conduct are available at www.bostonscientific.com and may also be obtained free of charge by written request to: Investor Relations, One Boston Scientific Place, Natick, MA 01760-1537.

Are a majority of the Company's Board of Directors independent from management?

Yes. Our Corporate Governance Guidelines require a significant majority of the Board be independent. Our common stock is listed on the New York Stock Exchange (NYSE). In accordance with current NYSE rules and our own categorical standards of independence, the Board of Directors has determined that the following non-employee directors are deemed independent: Ursula M. Burns, Joel L. Fleishman, Marye Anne Fox, Ray J. Groves, Ernest Mario, John E. Pepper, Uwe E. Reinhardt and Warren B. Rudman. Currently eight out of the twelve members of our Board are independent.

How does the Board determine a non-employee director is independent?

To be considered independent under the NYSE rules, the Board must determine that a director does not have a direct or indirect material relationship with the Company. In addition, a director is not independent if:

The director is, or has been within the last three years, an employee of the Company or if the director has an immediate family member who is, or has been within the last three years, an executive officer of the Company.

The director has received, or has an immediate family member who has received, during any 12-month period within the last three years, more than \$100,000 in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).

(A) The director or the director's immediate family member is a current partner of the Company's internal or external auditor; (B) the director is a current employee of such a firm; (C) the director has an immediate family member who is a current employee of such a firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice; or (D) the director or the director's immediate family member was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on the Company's audit within that time.

The director or the director's immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers serves or served at the same time on that other company's compensation committee.

The director is a current employee, or the director's immediate family member is a current executive officer, of a company that has made payments to or received payments from the Company for property or services in an amount which, in any of the last three fiscal years exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues.

The Board also has established the following categorical standards to assist it in determining director independence in accordance with the NYSE rules:

Commercial Relationships. The following commercial relationships are not considered material relationships that would impair a director's independence: (i) if a director of the Company is an

Table of Contents

executive officer or an employee of, or an immediate family member of a director is an executive officer of, another company that does business with the Company and the annual sales to, or purchases from, the Company are less than 1% of the annual revenues of such other company, and (ii) if a director of the Company is an executive officer of another company which is indebted to the Company, or to which the Company is indebted, and the total amount of either company's indebtedness to the other is less than 2% of the total consolidated assets of the company for which he or she serves as an executive officer.

Charitable Relationships. The following charitable relationship will not be considered a material relationship that would impair a director's independence: if a director, or an immediate family member of the director, serves as an executive officer, director or trustee of a charitable organization, and the Company's discretionary charitable contributions to that charitable organization in any single fiscal year are less than 1% (or \$500,000, whichever is less) of that charitable organization's annual consolidated gross revenues.

Personal Relationships. The following personal relationship will not be considered to be a material relationship that would impair a director's independence: if a director, or immediate family member of the director, receives from, or provides to, the Company products or services in the ordinary course and on substantially the same terms as those prevailing at the time for comparable products or services provided to unaffiliated third parties.

For relationships not qualifying within the foregoing guidelines, the determination of whether the relationship is material, and therefore whether the director is independent, shall be made by the directors who satisfy the foregoing independence guidelines. For purposes of these guidelines, "immediate family member" has the meaning defined in the NYSE rules.

The Board monitors its compliance with the NYSE requirements for director independence on an ongoing basis.

How are nominees for the Board selected?

Our Nominating and Governance Committee is responsible for identifying and recommending nominees for election to the Board. The Nominating and Governance Committee believes that all nominees must, at a minimum, meet the general criteria outlined in our Corporate Governance Guidelines (which are available on our website at www.bostonscientific.com). The qualifications of candidates recommended by stockholders will be reviewed and considered by the Nominating and Governance Committee with the same degree of care and consideration as candidates for nomination to the Board submitted by Board members and the Chief Executive Officer. Under our By-Laws and SEC regulations, any stockholder proposal or director nominations for the 2006 Annual Meeting of Stockholders must be received on or before December 7, 2005 in order to be considered for inclusion in our 2006 Proxy Statement. Please address your proposal, recommendation or nomination to our Secretary at Boston Scientific Corporation, One Boston Scientific Place, Natick, MA 01760-1537.

Can I contact the Company's directors directly?

Yes. Stockholders and other interested parties who wish to communicate directly with any member of our Board of Directors, or our non-management directors as a group, may do so by writing to the Board of Directors, Boston Scientific Corporation, c/o General Counsel, One Boston Scientific Place, Natick, MA 01760-1537 or by contacting the non-management directors via email at non-managementdirectors@bsci.com. In addition, stockholders and other interested parties may contact the chairperson of each committee at the following email addresses:

AuditCommittee@bsci.com, StrategicInvestmentCommittee@bsci.com,

NominatingandGovernanceCommittee@bsci.com, and CompensationCommittee@bsci.com. The Board has

authorized the office of our General Counsel to review and organize, but not screen, communications from stockholders and/or interested parties and deliver them to the Board.

Does the Company have regular meetings of its independent directors?

Yes. The non-management directors or independent directors meet in executive sessions without management directors at every regularly scheduled Board meeting and at such other times as they deem appropriate but, in any event, at least once annually. The chairperson of the Nominating and Governance Committee presides at executive sessions of non-management directors, and in his or her absence, the chairperson of the Audit Committee will preside, and in his or her absence, the chairperson of the Executive Compensation and Human Resources Committee will preside.

Does the Company separate the roles of Chairman of the Board and Chief Executive Officer?

Yes. We separate the roles of Chairman of the Board and Chief Executive Officer.

Table of Contents**COMMITTEES OF THE BOARD*****What committees has the Board established?***

Our Board of Directors has standing Audit, Executive Compensation and Human Resources, Nominating and Governance, and Finance and Strategic Investment Committees. The charters of the standing Committees of the Board are available on our website at www.bostonscientific.com.

What Committees of the Board are comprised of a majority of independent directors?

All of the members of the Audit Committee, the Executive Compensation and Human Resources Committee, and the Nominating and Governance Committee are independent directors under the criteria for independence required by law, the NYSE rules and under our categorical standards of independence. A significant majority of the members of the Finance and Strategic Investment Committee are independent directors.

Membership on each committee is set forth in the following table as of March 1, 2005:

Audit Committee. The Audit Committee met fourteen times during fiscal year 2004. The Board has determined that our Audit Committee is composed exclusively of non-employee directors, all of whom meet the independence requirements of the NYSE and the SEC. The Board has also determined that Ernest Mario and John E. Pepper are each audit committee financial experts as that term is defined in the rules and regulations of the SEC for purposes of Section 407 of the Sarbanes-Oxley Act of 2002.

The primary purpose of the Audit Committee is to provide oversight to our accounting and financial reporting processes and audits of our financial statements. The Audit Committee primarily provides assistance to our Board of Directors in the areas of corporate accounting, internal control, independent audit and reporting practices, and maintains, by way of regularly scheduled meetings, a direct line of communication among our directors, management, our internal auditors and our independent auditors. The Audit Committee

Table of Contents

appoints our independent auditors, evaluates their qualifications, independence and performance, and reviews their reports and other services. In addition, the Audit Committee pre-approves audit, audit-related and non-audit services performed for us by our independent auditors and has the right to terminate our independent auditors. It is also responsible for monitoring our adherence to established legal and regulatory requirements, corporate policies, ethics and integrity programs and practices. The Audit Committee is governed by a written charter approved by our Board of Directors which is subject to review on an annual basis. In accordance with the rules and regulations of the SEC and the NYSE, the Audit Committee Report can be found on page 30 of this Proxy Statement.

Executive Compensation and Human Resources Committee. The Executive Compensation and Human Resources Committee (the Compensation Committee) met seven times during fiscal year 2004. The Compensation Committee is composed of non-employee directors, all of whom meet the independence requirements of the NYSE and the SEC. As outlined in its written charter, the Committee is responsible for granting stock options and other awards to our key employees, administering our incentive plans and reviewing, determining and recommending the compensation of our senior management. In addition, the Compensation Committee reviews and approves corporate goals and objectives relevant to the compensation of our Chief Executive Officer, evaluates the performance of the Chief Executive Officer in light of those goals and objectives, and determines and approves the compensation of the Chief Executive Officer based on this evaluation. In accordance with the rules and regulations of the SEC and the NYSE, the Committee's Report on Executive Compensation can be found on pages 22 to 24 of this Proxy Statement.

Nominating and Governance Committee. The Nominating and Governance Committee met six times during fiscal year 2004. The Nominating and Governance Committee is composed of non-employee directors, all of whom meet the independence requirements of the NYSE and the SEC. As outlined in its written charter, the Nominating and Governance Committee has responsibility for recommending nominees for election and re-election to the Board, ensuring that Board nominations are qualified and consistent with our needs, monitoring significant developments in the law and practice of corporate governance for directors of public companies, recommending Board committee assignments, reviewing and recommending Board policies and procedures, and overseeing the Board and each committee of the Board in their annual performance self-evaluations. In addition, the Nominating and Governance Committee is responsible for recommending to the Board candidates for Chief Executive Officer, overseeing the annual assessment of the performance of the Chief Executive Officer and developing an ongoing succession plan for the Chief Executive Officer. The Committee is also responsible for overseeing the annual assessment of the performance of our senior management.

The Nominating and Governance Committee is also responsible for reviewing with the Board, on an annual basis, the current size, structure and composition of the Board as a whole, and whether the Company is being well served by the directors taking into account: the directors' degree of independence; business background, including any areas of particular expertise, such as accounting or related financial management expertise, marketing or technology; record of service (for incumbent directors), including attendance record; meeting preparation; overall contribution to the Board; employment status; gender; ethnicity; age; availability for service to the Company; and anticipated needs of the Company.

Finance and Strategic Investment Committee. The Finance and Strategic Investment Committee met five times during fiscal year 2004. The primary role of this Committee is to provide a forum within the Board to review our overall financing plans and long-term strategic objectives, as well as our shorter-term acquisition and investment strategies and how these shorter-term activities fit within our overall business objectives. As outlined in its written charter, the Committee is charged with providing Board oversight of our strategic planning and activities, approving strategic transactions for which the Board has delegated authority, making recommendations to the Board regarding larger transactions, and evaluating our financial strategies and

Table of Contents

policies. The Committee has responsibility to review periodically with management our strategic business objectives and the manner in which transactional activity can contribute to the achievement of those objectives, and to review with management on a regular basis contemplated strategic opportunities. The Committee conducts periodic reviews of completed transactions for the purposes of assessing the degree of success achieved, testing the extent to which the projections and other assumptions relied upon in approving transactions have been borne out, identifying the factors differentiating more successful transactions from less successful ones and evaluating the strategic contributions resulting from these transactions. The Committee is further charged with conducting periodic reviews of our global financing objectives and strategies, including the review and approval of certain new borrowing arrangements, capital expenditures and dispositions and activities that may impact our existing capital structure.

How often did the Board meet in 2004?

The Board met seven times in fiscal year 2004. Each director attended more than 75% of the meetings of the Board and of the Committees on which he or she served.

Does the Company have a policy regarding director attendance at Board, Board Committee and Annual Meetings?

Yes. Directors are expected to prepare for and use reasonable efforts to participate in all Board meetings and meetings of the committees on which they serve. The Board and each committee will meet as frequently as necessary to properly discharge their responsibilities, provided that the full Board will meet at least four times per year. Generally, the Board meets in February, May, July, October and December. In addition, directors are expected to use reasonable efforts to attend Annual Meetings of Stockholders. Eleven out of twelve of our directors attended last year's Annual Meeting.

How are the Company's directors compensated?

Employee Directors. Directors who are also employees of the Company receive no additional compensation for serving on the Board or its Committees.

Non-employee Directors. We compensate our non-employee directors as follows:

- (1) an annual retainer of \$50,000;
- (2) an annual fee of \$10,000 for the chair of the Audit Committee;
- (3) an annual fee of \$5,000 for each chair of Committees other than the Audit Committee;
- (4) an annual option grant of 2,000 shares of our common stock; and
- (5) an annual restricted grant of 2,000 shares of our common stock.

In addition, we pay or reimburse our directors for transportation, hotel, food and other incidental expenses incurred in connection with attending Board and committee meetings and participating in director education programs. We grant options to purchase our common stock to our non-employee directors at the fair market value on the date of the grant. The options become exercisable in three approximately equal installments commencing on the first anniversary of the date of grant, and have a ten-year term. We also grant restricted stock awards to our non-employee directors at no charge, but they are subject to forfeiture restrictions. The shares become free from restriction upon the expiration of each director's current term of office. The annual option grant and restricted stock awards are generally made on the date of each Annual Meeting, but if a director is elected to the Board on a date other than the Annual Meeting, an option grant and restricted stock award is made on the date the director is first elected to the Board. Non-employee directors may, by written

Table of Contents

election, defer receipt of all or a portion of the annual cash retainer, Committee chair fees and the restricted stock award under our Deferred Compensation Program until he or she retires from our board. Cash amounts deferred can be invested in common stock equivalents or another investment option in which we credit the amount deferred, plus accrued interest (compounded annually based upon the Moody's Composite Yield on Seasoned Corporate Bonds as reported for the month of September of each calendar year). Amounts are only payable after a director's termination of Board service, and may be either paid as a lump sum or in installments previously specified by the director at the time of election.

Does the Company impose Stock Ownership Guidelines upon its directors?

Yes. All of our directors are required to have a significant personal investment in the Company through their ownership of our shares. As a guideline, each director should own at least 6,000 shares of our common stock within three years of his or her joining the Board. For purposes of satisfying this obligation, restricted stock, stock equivalent units or stock unit deferrals under our Deferred Compensation Plan may be included in the aggregate number of shares held by a director.

Does the Company have any arrangements for the Election of Directors?

No. We do not have any current arrangements relating to the election of directors to our Board.

Did the Company have any related party transactions during 2004?

During 2004, we made payments of approximately \$600,000 to Marsh & McLennan Companies, Inc. for insurance brokerage services, a company with which our director, Ray J. Groves, is affiliated. In addition, we made payments of approximately \$104,000 during 2004 to Arnold & Partner LLP, a law firm in which Paul W. Sandman's brother is the managing partner.

Several of our directors are affiliated with Duke University. Joel L. Fleishman has been employed by Duke University since 1971 and is currently a Professor of Law and Public Policy. Ernest Mario is a Trustee of Duke University and Chairman of the Board of the Duke University Health System. Peter M. Nicholas received his B.A. degree from Duke University and is Chairman of the Board of Trustees of Duke University and a member of the Board's Executive Committee. Uwe E. Reinhardt is a Trustee of Duke University and the Duke University Health System. In addition, we do business in the ordinary course with the medical center and other healthcare facilities at Duke University.

From time to time, our directors or executive officers may invest in venture funds in which we are also an investor. These venture funds are generally managed by unaffiliated third parties. Our decisions, and the decisions of our directors and executive officers, to invest in these ventures are made independently of each other.

(1) Messrs. Tobin and Colen's 2004 bonus amounts include awards for the issuance of patents in their names pursuant to an established employee recognition program. Mr. Tobin received an award for \$1,000 and Mr. Colen received an award for \$500 under this program.

(2) The amount reflected in the Other Annual Compensation column includes amounts for personal use of the Company's aircraft: for Mr. Tobin, \$255,078 and for Mr. Best, \$13,071. We also annually provide executive officers an executive benefit package that includes, in addition to regular employee benefits, an allowance in the amount of \$25,000 for other perquisites such as company cars, medical examinations and financial, estate and tax planning services. This column also includes amounts for incidental gifts that fall below the required disclosure thresholds.

(3) For 2004, each of the Named Officers was granted on January 3, 2005, the number of options to purchase our common stock presented in this column. Additionally, for 2002, Mr. Tobin was granted, on February 25, 2003, options to purchase 200,000 shares of our common stock. Each of these options were granted at the fair market value on the date of grant. Shares underlying stock options for the year ended 2002 have been adjusted to reflect

our two-for-one common stock split that was effected in the form of a 100% stock dividend on November 5, 2003.

- (1) Amounts include outstanding options under our 1992, 1995, 2000 and 2003 Long-Term Incentive Plans and our 1992 Non-Employee Directors Stock Option Plan. Amount in column (c) includes 1,285,512 shares available for purchase by employees under our Global Employee Stock Ownership Plan, which are not available for grant in any other form. Both our 1992 Long-Term Incentive and 1992 Non-Employee Directors Stock Option Plans expired on March 31, 2002, after which time grants were only issued under our 1995, 2000 and 2003 Long-Term Incentive Plans.
- (2) We have acquired a number of companies over the past several years. From time to time, we have assumed the acquired company's incentive plan(s), including the outstanding options and warrants, if any, granted under the plan(s). No further options are granted under these plans beyond those assumed in connection with the acquisitions. Assumed options that terminate prior to expiration are not available for re-grant. As of December 31, 2004, the aggregate number of shares to be issued under these assumed plans totaled 273,072. The weighted average exercise price of these options and warrant is \$5.78.

Do the Company's executive officers have any special employment, termination of employment or change-in-control arrangements?

James R. Tobin serves as our President and Chief Executive Officer pursuant to a letter agreement dated March 17, 1999. The agreement provides for an initial base salary of \$700,000 and an option grant of 2,000,000 shares of common stock. The option was granted at the fair market value on the date of grant and vested over a period of five years. The agreement provided for accelerated vesting if we terminated Mr. Tobin without cause before March 17, 2004.

During 2000, we provided a home improvement loan in the amount of \$400,000 to Paul A. LaViolette, who is now our Chief Operating Officer. The principal balance on the loan bears interest at the then-current applicable federal rate for medium term notes (approximately 6%) until the principal balance is paid in full. Principal, together with interest compounded quarterly, is due and payable in October 2005. In accordance with the Sarbanes-Oxley Act of 2002, we will not materially modify or renew this loan and we do not provide new loans to our executive officers.

As former executive officers and current employees of the Company, John E. Abele and Peter M. Nicholas receive regular employee benefits, such as contributory health insurance, and are eligible to participate in most of our employee programs, such as our stock incentive program. Messrs. Abele and Nicholas also continue to receive a benefit package which consists of executive life insurance and an allowance of \$25,000 per year for benefits such as medical examinations, use of company cars and estate and tax planning services. In addition, we provide Messrs. Abele and Nicholas with long-term care coverage and supplemental medical coverage and Mr. Nicholas with transportation services.

We make annual payments to certain executive vice presidents following their retirement or termination (other than for cause) equal to the premium for executive life insurance (plus a gross-up amount for tax purposes) for a period ending on the tenth anniversary of the policy initiation date or such other date as would allow the policy to become self-funding.

In December 2004, we entered into a separation agreement with Dennis A. Ocwieja, Senior Vice President, Regulatory Affairs and Quality in connection with his retirement effective January 31, 2005. The terms of this agreement provide for a lump-sum payment (based on years of service) representing one-year's salary (\$310,248.38 less applicable payroll withholding), annual payments equal to the premium for executive life insurance (plus a gross-up amount for tax purposes) until February 2010 and the transfer of certain office equipment. In addition, we paid Mr. Ocwieja an additional \$100,000 for up to 50 days of transitional and consulting services which we may request during the one year period beginning on January 31, 2005. If we request additional services from Mr. Ocwieja, we will pay him \$3,000 per day during this one year period. If we request additional services during the one year period beginning February 1, 2006, we have agreed to pay Mr. Ocwieja \$2,000 per day for these services. The agreement also provided for a general release of claims by Mr. Ocwieja and other terms and conditions customary for agreements of this nature.

In March 2005, we entered into a separation agreement with Robert G. MacLean, Executive Vice President, Human Resources in connection with his retirement effective March 31, 2005. The terms of this agreement provide for a lump-sum payment (based on years of service) representing two-year's salary (\$760,073.08 less applicable payroll withholding), annual payments equal to the premium for executive life insurance (plus a gross-up amount for tax purposes) until 2008 and the transfer of certain office equipment. In addition, we paid Mr. MacLean an additional \$100,000 for up to 50 days of transitional and consulting services which we may request during the one year period beginning on March 31, 2005. If we request additional services from Mr. MacLean, we will pay him \$3,000 per day during this one year period. If we request additional services during the one year period beginning April 1, 2006, we have agreed to pay Mr. MacLean

Table of Contents

\$2,000 per day for these services. The agreement also provided for a general release of claims by Mr. MacLean and other terms and conditions customary for agreements of this nature.

In addition to these agreements, our key executives, including the Named Officers, have retention and indemnification agreements with the Company. In general, the retention agreements entitle key executives to a lump sum payment of three times the executive's base salary and assumed on-plan incentive bonus (or prior year's bonus, if higher), if either the executive's employment is terminated (other than for cause) or his or her duties are diminished, in each event, following a change in control. The executive would also be entitled to continuation of health and other welfare benefits for three years. In addition, we would compensate the executive for any excise tax liability he or she may incur by reason of payments made under the agreement.

All stock options granted to our executive officers, including the Named Officers, under our 1992, 1995, 2000 and 2003 Long-Term Incentive Plans will become immediately exercisable in the event of a change in control or Covered Transaction as defined in each Plan. Additionally, under certain circumstances in the event of a change in control or Covered Transaction, options granted under (i) our 1992 Long-Term Incentive Plan prior to October 30, 2001 will become immediately exercisable and the value of all outstanding stock options will be cashed out, (ii) our 1995 Long-Term Incentive Plan prior to October 30, 2001 will, unless otherwise determined by the Compensation Committee, become immediately exercisable and automatically converted into an option or other award of the surviving entity, and (iii) our 2000 Long-Term Incentive Plan prior to December 2000 will become immediately exercisable and/or converted into an option or other award of the surviving entity. During the fourth quarter of 2004, we modified certain of our stock option plans, principally for options granted prior to May 2001 to change the definition of retirement to conform to the definition we generally use in our stock option plans subsequent to May 2001.

**REPORT ON EXECUTIVE COMPENSATION FOR 2004 OF THE EXECUTIVE
COMPENSATION AND HUMAN RESOURCES COMMITTEE**

The Executive Compensation and Human Resources Committee of the Company (the Compensation Committee) determines the compensation of the Company's executive officers and oversees the Company's executive compensation programs. Each member of the Committee has been determined by the Board of Directors to be independent. The Committee's charter can be found on the Company's website at www.bostonscientific.com.

What is the Company's executive compensation philosophy?

The Company's executive compensation philosophy is to pay executives performance-oriented compensation determined by reference to the market in which the Company competes for talent. Executive compensation is further determined by the Company's performance as well as the individual executive's contribution to that performance. The Company's compensation programs are designed to motivate, reward and retain executive talent of the caliber necessary to achieve the Company's long-term strategic goals, incentivize executives to provide long-term growth opportunities for the Company's stockholders and align executives' long-term interests with those of the Company's stockholders.

Our executives are principally compensated through base salary, performance-based annual bonus and periodic long-term option grants. This three-part compensation approach enables the Company to remain competitive with its industry peers while ensuring that executive officers are appropriately incentivized to deliver short-term results while creating sustainable long-term stockholder value. The Compensation Committee has chosen to put a significant portion of the Company's executives' pay at risk, contingent upon the achievement of certain targets consistent with those typically established by other high performing organizations with which the Company competes and the Company's strategic plan.

In evaluating and establishing rates of base, bonus and long-term incentive pay, the Compensation Committee has periodically sought the assistance of external compensation consultants who, among other things, have assembled information concerning compensation levels and philosophies adopted by companies in the same market for executive talent. In particular, these external consultants have compared the Company's total compensation program, which includes base salary, annual bonus pay, and long-term performance incentives with programs offered by other companies of comparable size and employee populations in the medical device, high technology and biotechnology businesses. The consultants also have looked at compensation levels and programs established by general industrial companies with similar corporate revenues. In 2004, the external consultant prepared for the Compensation Committee a competitive pay analysis of executive positions, which was based upon the compensation practices of over 700 companies including 16 companies in the Company's peer group.

We set our fiscal 2004 executive compensation levels and targets giving due consideration to this competitive pay analysis and the size and complexity of the Company's business. We believe our 2004 executive compensation levels to be in line with or slightly more competitive than those of the Company's peer group.

This Committee has reviewed the elements of the compensation of the Company's Chief Executive Officer and each of the Named Officers, including salary, bonus, long-term incentive compensation, accumulated realized and unrealized stock option gains, the dollar value of key perquisites and other personal benefits, and the terms of executive severance and change of control arrangements. Based on this review and in light of all of the circumstances, the Committee has determined the Chief Executive Officer's and the other Named Officers' total compensation to be reasonable.

Table of Contents

Executive Base Salary for 2004

We base the salaries paid to executive officers (other than the Chief Executive Officer) upon the recommendations of the Chief Executive Officer presented to this Committee for approval or modification. In general, the Committee sets base salaries at levels consistent with the average rate paid for equivalent positions by the Company's competitors. In addition, this Committee considers each executive's current and prior year salary and the executive's performance compared to the goals and objectives established for the executive at the beginning of the year.

To remain competitive in the industry and to acknowledge individual officers' contributions and objectives, the Committee approved competitive base salary increases for executive officers for 2004, as recommended by the Chief Executive Officer. The Committee approved more significant increases to and promotions of certain executive officers who had materially expanded responsibilities in 2004. As a result of these promotions, five new members were added to the Company's Executive Committee in 2004.

Performance-Based Annual Bonus for 2004

The Company's Performance Incentive Plan for all salaried personnel seeks to provide pay for performance by linking bonus awards to both Company and individual performance through a range of award opportunities which depend upon the level of achievement of quarterly Company and individual objectives. The Committee measures corporate achievement on a quarterly basis against sales and profitability goals through a matrix of revenue and net income objectives to create a range of bonus award opportunities. The Committee measures individual achievement for an executive officer by comparing the actual performance of the executive to the goals and objectives established for the executive at the beginning of the year. Generally, annual bonus pay at the executive level is weighted toward overall corporate performance in accordance with the Committee's belief that a principal function of executive personnel is to increase overall stockholder value. In general, actual bonus amounts for executive officers in 2004 exceeded targeted payouts as corporate performance exceeded the pre-established objectives.

Long Term Incentive Grants in 2004

The Company's broad-based stock option program is intended to attract, retain and motivate key employees for the long term. The Company has sought to coordinate and strengthen its stock incentive program in light of its history of acquisitions and mergers to eliminate inconsistencies among the various programs previously in place at acquired companies and to establish common objectives for all eligible employees. The Compensation Committee has approved, upon management recommendation, nonqualified stock option grants to eligible employees within the organization and across businesses in amounts appropriate for each individual's level of responsibility and ability to affect the achievement of overall corporate objectives. Options are typically granted at fair market value as of the date of grant and vest over a period of three to five years. They are exercisable until the tenth anniversary of the date of grant or until the expiration of various limited time periods following termination of employment. Executive officers are prohibited from paying the exercise price for their options with promissory notes or other payment forms prohibited by the Sarbanes-Oxley Act of 2002.

In accordance with the Company's annual practice, executive officers were considered for stock option grants in December 2004 and those grants were actually made in January 2005. These options were granted at fair market value as of the date of grant and vest over four years.

How was the Company's Chief Executive Officer compensated in 2004?

Mr. Tobin was appointed President and Chief Executive Officer in March 1999. Pursuant to his employment contract, Mr. Tobin's 1999 base salary, \$700,000, was set at a level consistent with the Company's historical compensation practices. Since then, the Compensation Committee has approved moderate increases in Mr. Tobin's salary. In 2004, Mr. Tobin's base salary was \$875,000. Mr. Tobin participates in the Company's Performance Incentive Plan. Mr. Tobin's actual bonus amount in 2004 equaled his targeted payout amount. In 2004, Mr. Tobin's bonus was \$875,000. In determining the level of the award, the Committee considered the Company's strong earnings, the successful launch of the TAXUS® stent system and the achievement of specified goals. Mr. Tobin also participated in the Company's stock incentive program during 2003 and 2004. Mr. Tobin was granted in January 2005 as part of his 2004 incentive an option to purchase 225,000 shares of common stock of the Company at the fair market value on the date of grant consistent with the stock incentive program currently in place for employees generally. As part of his 2003 incentive, Mr. Tobin was granted an option to purchase 200,000 shares of common stock of the Company. The shares vest over a period of four years in equal annual installments beginning with the first anniversary of the date of grant and expire in ten years.

How is the Company addressing Internal Revenue Code limits on deductibility of compensation?

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1 million paid to the corporation's chief executive officer and the four other most highly compensated executive officers. Qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met. Generally, the Company has structured performance-based components of the compensation paid to its executive officers in a manner intended to satisfy these requirements without negatively affecting the Company's overall compensation strategy. The Company's 1995, 2000 and 2003 Long-Term Incentive Plans, incorporate provisions intended to comply with Section 162(m) of the Code. For 2004, the Company elected to implement the compensation and performance bonus award program described above taking into account the limitations imposed by Section 162(m) but without specific attempts to comply with the statute.

REPORT FOR 2004 OF THE AUDIT COMMITTEE

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors and has other responsibilities set forth in the Audit Committee Charter, which can be found on the Company's website at www.bostonscientific.com. Management has the primary responsibility for the Company's financial statements and reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed with management the audited financial statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2004, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards (including Statement on Auditing Standards No. 61). In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company including the matters in the written disclosures required by the Independence Standards Board (including Independence Standards Board Standard No. 1) and considered the compatibility of non-audit services with the auditors' independence.

The Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

Based on the reviews and discussions referred to above, the Committee has approved and the members of the Board have agreed that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2004 for filing with the Securities and Exchange Commission. The Committee has also approved the selection of Ernst & Young LLP as the Company's independent auditors for 2005.

This Audit Committee Report does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing with the Securities and Exchange Commission, except to the extent the Company specifically incorporates this Report by reference into another Company filing.

Table of Contents***Proposal 2: Ratification of Appointment of Independent Auditors.***

The Audit Committee of the Board of Directors has appointed Ernst & Young LLP as the Company's independent auditors for its fiscal year ending December 31, 2005. The Audit Committee is directly responsible for the appointment, retention, compensation and oversight of the work of the Company's independent auditor (including resolution of disagreements between management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work. In making its determinations regarding whether to appoint or retain a particular firm of independent auditors, the Audit Committee takes into account the views of management and our internal auditors, and will take into account the vote of our stockholders with respect to the ratification of the selection of our independent auditors.

During 2004, Ernst & Young served as our independent auditors and also provided certain tax and other audit-related services. Representatives of Ernst & Young are expected to attend the Annual Meeting and respond to appropriate questions and, if they desire, make a statement.

The Board recommends that you vote FOR the ratification of the appointment of Ernst & Young LLP as our independent auditors for the 2005 fiscal year.

What were the fees billed during 2004 and 2003 by Ernst & Young LLP for services provided to the Company?

Type of fees	2004	2003
Audit fees(1)	\$ 3,354,000	\$ 2,284,000
Audit-related fees(2)	\$ 358,000	\$ 158,000
Tax fees(3)	\$ 1,097,000	\$ 1,272,000
All other fees(4)	\$ 38,000	\$ 29,000
Total:	\$ 4,847,000	\$ 3,743,000

(1) Audit fees are fees for professional services rendered in connection with our annual audit, internal control reporting, statutory filings and registration statements.

(2) Audit-related fees are fees for services related to assistance with internal control reporting, acquisition due diligence, employee benefit plan audits, accounting consultation and compliance with regulatory requirements.

(3) Tax fees are fees for tax services related to tax compliance, tax planning and tax advice.

(4) All other fees are fees for office rent in a foreign jurisdiction.

What is the Audit Committee's pre-approval policy?

It is the Audit Committee's policy to approve in advance the types and amounts of audit, audit-related, tax and any other services to be provided by our independent auditors. In situations where it is not possible to obtain full Audit Committee approval, the Committee has delegated authority to the Chairman of the Audit Committee to grant pre-approval of auditing, audit related, tax and all other services. Any pre-approved decisions by the Chairman are required to be reviewed with the Audit Committee at its next scheduled meeting. The Audit Committee has approved all of Ernst and Young's services for 2004 and 2003 and, in doing so has considered whether the provision of such service is compatible with maintaining independence.

Proposal 3: Shareholder Proposal

The Company has been notified that a representative of the United Brotherhood of Carpenters and Joiners of America intends to present the following proposal and statement of support for consideration at this Annual Meeting. The address and stock ownership of the United Brotherhood of Carpenters and Joiners of America is available to the stockholders of the Company upon request.

Majority Vote Proposal

Resolved: That the shareholders of Boston Scientific Corporation (Company) hereby request that the Board of Directors initiate the appropriate process to amend the Company s governance documents (certificate of incorporation or bylaws) to provide that director nominees shall be elected by the affirmative vote of the majority of votes cast at an annual meeting of shareholders.

Supporting Statement: Our Company is incorporated in Delaware. Among other issues, Delaware corporate law addresses the issue of the level of voting support necessary for a specific action, such as the election of corporate directors. Delaware law provides that a company s certificate of incorporation or bylaws may specify the number of votes that shall be necessary for the transaction of any business, including the election of directors. (DGCL, Title 8, Chapter 1, Subchapter VII, Section 216). Further, the law provides that if the level of voting support necessary for a specific action is not specified in the certificate of incorporation or bylaws of the corporation, directors shall be elected by a plurality of the votes of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors.

Our Company presently uses the plurality vote standard for the election of directors. We feel that it is appropriate and timely for the Board to initiate a change in the Company s director election vote standard. Specifically, this shareholder proposal urges that the Board of Directors initiate a change to the director election vote standard to provide that in director elections a majority vote standard will be used in lieu of the Company s current plurality vote standard. Specifically, the new standard should provide that nominees for the board of directors must receive a majority of the vote cast in order to be elected or re-elected to the Board.

Under the Company s current plurality vote standard, a director nominee in a director election can be elected or re-elected with as little as a single affirmative vote, even while a substantial majority of the votes cast are withheld from that director nominee. So even if 99.99% of the shares withhold authority to vote for a candidate or all the candidates, a 0.01% for vote results in the candidate s election or re-election to the board. The proposed majority vote standard would require that a director receive a majority of the vote cast in order to be elected to the Board.

It is our contention that the proposed majority vote standard for corporate board elections is a fair standard that will strengthen the Company s governance and the Board. Our proposal is not intended to limit the judgment of the Board in crafting the requested governance change. For instance, the Board should address the status of incumbent directors who fail to receive a majority vote when standing for re-election under a majority vote standard or whether a plurality director election standard is appropriate in contested elections.

We urge your support of this important director election reform.

The Board of Directors Response to the Proposal

The Board of Directors of the Company recommends a vote **AGAINST** this proposal for the following reasons:

This proposal requests the Board of Directors to initiate a process to provide that our director nominees be elected by a majority of the votes cast at an annual meeting of stockholders, rather than a plurality vote, in order to strengthen the Company's governance and the Board itself. The Board does not believe that such a policy would serve these goals or be in the best interests of the Company or its stockholders.

Under our current plurality voting system, the nominees who receive the most votes cast are elected to the Board. Under a majority voting system, even a nominee receiving significantly more votes than other nominees would fail to be elected simply because he or she did not receive a majority of the votes cast. A nominee's not obtaining a majority of the votes cast could be due to a number of factors, including the number of nominees exceeding the number of open directorships. Under a majority voting system, if the number of nominees receiving a majority of the votes is less than the number of directorships, several things could occur, none of which would further the stated goals of improving corporate governance and the Board.

First, under the current provisions of our charter and bylaws, an incumbent director who did not receive a majority of the votes cast could continue to hold office until his or her successor has been elected and qualified, which could be the next annual meeting at which the incumbent director is up for re-election. Or, if the director were removed or resigned, the remaining directors would, under our charter and bylaws, be entitled to fill the vacancy in order to ensure that there are enough individuals on the Board to handle its workload. In neither of these circumstances would our stockholders be involved in the process for naming a replacement director, so a majority vote standard could have the unintended consequence of making the election process less democratic than our plurality voting system.

Alternatively, the Company could hold a run-off election in an attempt to achieve the required majority vote threshold. This would require us to conduct a second mailing and possibly initiate a proxy solicitation process, which could be expensive and would unnecessarily complicate an otherwise routine election process. In addition, the period of uncertainty regarding the make-up of the Board would be disruptive to the operations of the Board and any vacancies created could leave us unable to meet certain New York Stock Exchange requirements related to independence, financial literacy, or the like.

Moreover, it is unclear that any change to our plurality voting system is necessary. Over the past ten years, no director nominee of the Company has received less than 96% of the votes cast at any annual meeting. Clearly, our existing voting process has resulted in a long track record of electing strong, independent boards with robust stockholder support.

The Board shares the Brotherhood of Carpenters and Joiners' commitment to solid corporate governance and a strong Board of Directors. The Board believes that the Company's existing plurality procedure for electing directors has produced a highly effective and independent Board over the years and does not feel that the majority vote proposal would improve either our corporate governance or our Board.

Accordingly, the Board of Directors recommends that you vote **AGAINST this proposal, and your proxy will be so voted if the proposal is presented unless you specify otherwise.**

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under the securities laws of the United States, our directors, executive officers and any persons holding more than 10% of our common stock are required to report their ownership of our common stock and any changes in that ownership to the SEC. Specific due dates for these reports have been established and we are required to report in this Proxy Statement any failure to file by these dates during 2004. To the best of our knowledge, all of these filing requirements were timely satisfied by our directors, executive officers and 10% stockholders. In making these statements, we have relied upon the written representations of our directors, executive officers and 10% stockholders and copies of their reports that have been filed with the SEC.

STOCKHOLDER PROPOSALS

In accordance with SEC regulations, in order to be considered for inclusion in next year's proxy statement, stockholder proposals and director recommendations or nominations for the 2006 Annual Meeting of Stockholders must be received on or before December 7, 2005. Please address your proposals to our Secretary at Boston Scientific Corporation, One Boston Scientific Place, Natick, Massachusetts 01760-1537. Proposals must satisfy the procedures set forth in Rule 14a-8 under the Securities Exchange Act of 1934.

HOUSEHOLDING

Applicable rules permit us and brokerage firms to send one annual report and proxy statement to multiple stockholders who share the same address under certain circumstances. This practice is known as householding. If you hold your shares through a broker, you may have consented to reducing the number of copies of materials delivered to your address. In the event that you wish to revoke a householding consent you previously provided to a broker, you must contact that broker to revoke your consent. However, if you wish to receive a separate proxy for the 2005 Annual Meeting or a 2004 Annual Report, you may find these materials on our website, www.bostonscientific.com, or you may request printed copies free of charge by contacting Investor Relations, Boston Scientific Corporation, One Boston Scientific Place, Natick, MA 01760-1537 or by calling (508) 650-8555.
