PROXY STATEMENT

FOR THE 2007 ANNUAL MEETING OF STOCKHOLDERS

To Be Held on Wednesday, June 20, 2007

April 27, 2007

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Vicor Corporation (the Corporation) from holders of the outstanding shares of capital stock of the Corporation for use at the 2007 Annual Meeting of Stockholders (the Annual Meeting) of the Corporation to be held on Wednesday, June 20, 2007 at 5:00 p.m., local time, at the Andover Country Club, 60 Canterbury Street, Andover, Massachusetts, and at any adjournments or postponements thereof. At the Annual Meeting, stockholders will be asked to consider and vote on the proposals set forth in this Proxy Statement.

This Proxy Statement and the accompanying Notice of Annual Meeting and Proxy Card are first being sent to stockholders on or about May 17, 2007. The Board of Directors has fixed the close of business on May 7, 2007 as the record date for the determination of stockholders entitled to receive notice of and to vote at the Annual Meeting (the Record Date). Only stockholders of record at the close of business on the Record Date will be entitled to receive notice of and to vote at the Annual Meeting. As of March 31, 2007, there were outstanding and entitled to vote 29,710,399 shares of Common Stock and 11,854,952 shares of Class B Common Stock of the Corporation. Each share of Common Stock entitles the holder thereof to one vote per share and each share of Class B Common Stock entitles the holder thereof to ten (10) votes per share. Shares of Common Stock and Class B Common Stock will vote together as a single class on the proposals set forth in this Proxy Statement.

Stockholders of the Corporation are requested to complete, date, sign and return the accompanying Proxy Card in the enclosed postage-prepaid envelope. Shares represented by a properly executed proxy received prior to the vote at the Annual Meeting and not revoked will be voted at the Annual Meeting as directed on the proxy. If a properly executed proxy is submitted and no instructions are given, the proxy will be voted FOR the fixing of the number of Directors at six and the election of the six nominees for Directors of the Corporation named in this Proxy Statement. It is not anticipated that any matters other than those set forth in this Proxy Statement will be presented at the Annual Meeting. If other matters are presented, proxies will be voted in accordance with the discretion of the proxy holders.

A stockholder of record may revoke a proxy at any time before it has been exercised by (1) filing a written revocation with the Secretary of the Corporation at the address of the Corporation set forth above; (2) filing a duly executed proxy bearing a later date; or (3) appearing in person, notifying the Secretary and voting by ballot at the Annual Meeting. Any stockholder of record as of the Record Date attending the Annual Meeting may vote in person whether or not a proxy has been previously given, but the presence (without further action) of a stockholder at the Annual Meeting will not constitute revocation of a previously given proxy. The presence, in person or by proxy, of holders of a majority in interest of all stock issued, outstanding and entitled to vote at the Annual Meeting shall constitute a quorum for the transaction of business at the Annual Meeting. Shares that reflect abstentions or broker non-votes (i.e., shares held by brokers or other nominees that are represented at the Annual Meeting but as to which such brokers or nominees have not received instructions from the beneficial owners or persons entitled to

Table of Contents

vote such shares and, with respect to one or more but not all matters, such brokers or nominees do not have discretionary voting power to vote such shares) will be counted for purposes of determining whether a quorum is present for the transaction of business at the Annual Meeting.

The cost of solicitation of proxies in the form enclosed herewith will be borne by the Corporation. In addition to the solicitation of proxies by mail, the Directors, officers and employees of the Corporation may also solicit proxies personally or by telephone, e-mail or other form of electronic communication without special compensation for such activities. The Corporation will also request persons, firms and corporations holding shares in their names or in the names of their nominees, which are beneficially owned by others, to send proxy materials to and obtain proxies from such beneficial owners. The Corporation will reimburse such holders for their reasonable expenses in connection therewith.

The Corporation's 2006 Annual Report (the "Annual Report"), including financial statements for the fiscal year ended December 31, 2006, is being mailed to stockholders concurrently with this Proxy Statement. The Annual Report, however, is not part of the proxy solicitation materials. The Corporation will deliver promptly, upon written or oral request, a separate copy of the Annual Report or proxy statement, as applicable, to a security holder at a shared address to which a single copy of the document was delivered.

**PROPOSAL 1
ELECTION OF DIRECTORS**

The Board of Directors of the Corporation has recommended that the number of Directors be fixed at six and has nominated the six individuals named below for election as Directors. Each of the nominees is presently serving as a Director of the Corporation. If elected, the nominees will serve until the 2008 Annual Meeting of Stockholders and until their respective successors are duly elected and qualified or until their earlier death, resignation or removal. Properly executed proxies will be voted for the nominees named below unless otherwise specified in the proxy. The Board of Directors anticipates that each of the nominees, if elected, will serve as a Director. However, if any person nominated by the Board of Directors is unable to serve or for good cause will not serve, proxies solicited hereby will be voted for the election of another person designated by the Board of Directors if one is nominated. A plurality of the votes cast by the holders of Common Stock and Class B Common Stock, voting together as a single class, for a nominee for Director shall elect such nominee. Accordingly, abstentions, broker non-votes and votes withheld from any nominee will have no effect on this proposal. Holders of voting rights sufficient to elect each of the nominees named below have indicated an intention to vote in favor of such nominees.

The Board of Directors unanimously recommends a vote FOR fixing the number of Directors at six and the election of all of the nominees.

Information Regarding Nominees

The following sets forth certain information as of March 31, 2007 with respect to the six nominees for election to the Board of Directors. Messrs. Information regarding the beneficial ownership of shares of the capital stock of the Corporation by such persons is set forth in the section of this Proxy Statement entitled "Principal and Management Stockholders." There is no family relationship among any of the Directors or executive officers of the Corporation.

CORPORATE GOVERNANCE**The Board of Directors and Its Committees**

The Corporation's Board of Directors held four meetings during the fiscal year ended December 31, 2006. Each of the Directors attended 75% or more of the total number of meetings of the Board of Directors and meetings of the

committees of the Board of Directors on which he served during 2006. Directors are expected to attend annual meetings of stockholders of the Corporation in person unless doing so is impracticable due to unavoidable conflicts. All of the directors attended the 2006 annual meeting of stockholders. Mr. Joseph W. Kelly was appointed as a Director effective May 15, 2006 and resigned as a Director effective February 7, 2007. The Board of Directors has established an Audit Committee and an Executive Compensation Committee. The Board does not have a standing

Table of Contents

nominating committee because it believes that the full Board is in the best position to evaluate potential director nominees and, therefore, it is not necessary for the Corporation to have a nominating committee. The full Board of Directors performs the function of such a committee.

The Corporation is a controlled company in accordance with the corporate governance rules contained in the Marketplace Rules of the National Association of Securities Dealers, Inc. (the NASDAQ Rules) because Dr. Vinciarelli holds more than 50% of the voting power of the outstanding stock of the Corporation. As a result, the Corporation is not required to have (1) a majority of independent directors on its Board of Directors, (2) the compensation of its executive officers determined by independent directors, or (3) its director nominees selected or recommended by independent directors. The Board of Directors has determined that three of its seven Directors, Messrs. Ansour, Eichten, and Riddiford, are independent directors for purposes of the NASDAQ Rules. Messrs. Ansour and Prager have not been re-nominated for re-election and the Corporation is conducting a search for an additional independent director.

Audit Committee The Board of Directors has established an Audit Committee that complies with the NASDAQ Rules. The Audit Committee is currently composed of Messrs. Ansour, Eichten and Riddiford. Mr. Kelly served as a member of the Audit Committee from May 15, 2006 to February 7, 2007. Information regarding the functions performed by the Audit Committee and the number of meetings held during the fiscal year is set forth in the section of this Proxy Statement entitled Report of the Audit Committee. The Audit Committee is governed by a written charter approved by the Board of Directors on February 3, 2007. The Board of Directors has determined that the members of the Audit Committee are independent under the applicable NASDAQ Rules and rules of the SEC. This Audit Committee Charter is posted on the Corporation's website, www.vicorpower.com, under the heading Investor Relations and the subheading Corporate Governance.

The Board of Directors has determined that none of the present members of the Audit Committee meet the definition of audit committee financial expert as defined by Item 407(d) of Regulation S-K promulgated by the SEC. The Corporation believes that the present members of its Audit Committee have substantial experience in reviewing financial statements and overseeing financial reporting. In addition, one present member of the Corporation's Audit Committee, Mr. Riddiford, has past employment experience that results in his financial sophistication, as defined by the NASDAQ Rules.

Executive Compensation Committee The Executive Compensation Committee is currently composed of Messrs. Eichten, Riddiford and Ansour. The Executive Compensation Committee is responsible for establishing salaries, bonuses and other compensation for the officers of the Corporation, approving all grants of options by the Corporation's subsidiaries and administering the Corporation's stock option and bonus plans pursuant to authority delegated to it by the Board of Directors. The Executive Compensation Committee did not hold any formal meetings during 2006; however, they did act by written consent in lieu of meetings, including for the purpose of approving all stock option awards during 2006.

Director Nomination Process

The full Board of Directors performs the director nomination function for the Corporation. The Board does not have a charter that governs the director nomination process, although it has established director nomination procedures that set forth the current process for identifying and evaluating director nominees.

Board Membership Criteria - The Board of Directors has established the following criteria for Board membership. At a minimum, the Board must be satisfied that each nominee has high personal and professional integrity, has demonstrated exceptional ability and judgment, and is expected, in the judgment of the Board, to be highly effective, in conjunction with the other nominees to the Board, in collectively serving the interests of the Corporation and its stockholders. In addition to the minimum qualifications for each nominee set forth above, the Board will select persons for nomination who have industry or other relevant experience and to help ensure that its Audit Committee will be comprised entirely of independent directors.

Identifying and Evaluating Nominees - The Board may solicit recommendations from any or all of the following sources: non-management directors, the Chief Executive Officer, other executive officers, third-party search firms, or any other source it deems appropriate. The Board will review and evaluate the qualifications of any such

Table of Contents

proposed director candidate, and conduct inquiries it deems appropriate. The Board will evaluate all such proposed director candidates in the same manner. In identifying and evaluating proposed director candidates, the Board may consider, in addition to the minimum qualifications and other criteria for Board membership approved by the Board from time to time, all facts and circumstances that it deems appropriate or advisable, including, among other things, whether it is appropriate to expand the size of the Board, the skills of the proposed director candidate, his or her depth and breadth of business experience or other background characteristics, his or her independence and the needs of the Board. Based on these considerations, the Board may nominate a director candidate who it believes will, together with the existing Board members and other nominees, best serve the interests of the Corporation and its stockholders.

Securityholder Recommendations - The Board's current policy is to review and consider, in accordance with the procedures described above, any director candidates recommended by stockholders of the Corporation entitled to vote in the election of directors. All stockholder recommendations for director candidates must be submitted to the Secretary of the Corporation at Vicor Corporation, 25 Frontage Road, Andover, MA 01810, who will forward all recommendations to the Board.

All stockholder recommendations for director candidates must include the following information:
the name and address of record of the stockholder;

a representation that the stockholder is a record holder of shares of stock of the Corporation entitled to vote in the election of directors, or if the stockholder is not a record holder, evidence of ownership in accordance with Rule 14a-8(b)(2) under the Securities Exchange Act of 1934;

the name, age, business and residential address, educational background, current principal occupation or employment, and principal occupation or employment for the preceding five (5) full fiscal years of the proposed director candidate;

a description of the qualifications and background of the proposed director candidate which addresses the minimum qualifications and other criteria for Board membership approved by the Board from time to time;

a description of all arrangements or understandings between the stockholder and the proposed director candidate;

the consent of the proposed director candidate (1) to be named in the proxy statement relating to the Corporation's annual meeting of stockholders and (2) to serve as a director if elected at such annual meeting;
and

any other information regarding the proposed director candidate that is required to be included in a proxy statement filed pursuant to the rules of the SEC.

Communications with the Board

If you wish to communicate with any Director of the Corporation or the Board of Directors as a group, you may do so by writing to them at [Name(s) of Director(s)/Board of Directors of Vicor Corporation], c/o Corporate Secretary, Vicor Corporation, 25 Frontage Road, Andover, MA 01810. All correspondence should be sent via certified U.S. mail, return receipt requested. All correspondence received by the Corporate Secretary will be forwarded by the Corporate Secretary promptly to the addressee(s).

Code of Ethics

The Corporation has established and adopted a Code of Business Conduct and Ethics that applies to its directors, officers and employees. COMPENSATION DISCUSSION AND ANALYSIS

Philosophy

The primary objective of our compensation program is to attract, motivate, and retain highly qualified and productive employees by rewarding them for superior performance. The compensation program uses a combination of cash and equity based rewards geared to reward either short or longer-term performance. Compensation and bonuses are included to encourage effective performance relative to current plans and objectives. Stock options are included to attract new talent, promote longer-term focus, to retain key contributors and to more closely align their interests with those of our stockholders.

The compensation of our executives reflects their success as a team in attaining key performance indicators. In addition, we use each executive's individual performance (as described below) as the basis for determining their overall compensation.

Overview of Compensation and Process

Elements of compensation for our executives include: salary, bonus, stock incentive awards, health, disability, life insurance, and perquisites.

The Chief Executive Officer (CEO) makes compensation recommendations to the Executive Compensation Committee with respect to the executive officers, although the Executive Compensation Committee may exercise its discretion in modifying any recommended adjustments or awards. Such executive officers are not present at the time of these deliberations. The Executive Compensation Committee approves the annual salary of Mr. Vinciarelli, our CEO.

We choose to pay each element of compensation in order to attract, motivate, and retain the necessary executive talent, reward annual performance and provide incentive for focus on long-term strategic goals as well as short-term performance. The amount of each element of compensation is determined by our CEO and approved by the Executive Compensation Committee. The following factors are considered in determining the amount of salary and other benefits to pay each executive:

Performance against corporate and individual goals for the previous year;

Difficulty of achieving goals;

General management performance; and

Their overall contribution and the value of their skills and capabilities as a member of the executive team.

We allocate total compensation between long-term and short-term compensation. We provide equity compensation to align the executives' goals with those of our stockholders. We provide cash compensation in the form of a base salary competitive for comparable work at similar companies within our industry in order to recruit and retain the appropriate talent.

Table of Contents

The compensation program's goals are to compensate the executives competitively based on external local and national salary survey data. The survey data enables us to benchmark ourselves against similar companies by any one or more of the following criteria: region, industry or revenues. The survey data is used as a comparison when completing the annual merit increases for executives and salaried individuals. Our CEO makes executive salary recommendations based on the salary data and his evaluation of the respective merit, skills, experience and performance of each executive. Changes in executive compensation are approved by the Executive Compensation Committee.

Compensation Consultant

We did not use a compensation consultant in fiscal year 2006.

Base Salary

We establish salary compensation for our executive officers based on our operating performance relative to comparable peer companies. In setting base salaries for fiscal 2006, we reviewed national and local executive salary survey information of officers with comparable qualifications, experience and responsibilities at companies in our recommended peer group. We believe that we do not pay at the highest level relative to the peer group, but rather set compensation on a basis relative to the other members of our senior management team. Each year the merit increase data is presented to the Executive Compensation Committee and CEO for approval.

Bonus

At the beginning of fiscal 2006, we established the Brick Business Unit and Corporate Support Functions Incentive Compensation Plan (the BBU Plan) which is designed to reward certain executives and key employees of the Brick Business Unit and corporate support functions for the achievement of shorter-term financial goals. We believe that this is important to align our executive officers and key employees by promoting teamwork among them.

Messrs. Glazer, Henderson, Kelleher and Zengilowski participate in the BBU Plan. Mr. Vinciarelli, our CEO, does not participate in the BBU Plan. The BBU Plan provides for the award of cash bonus and stock option awards upon achievements of certain corporate and individual goals to be set each year. Under the terms of the BBU Plan for 2006, the potential bonus payable to each executive officer and key employee included in the BBU Plan ranged from a maximum of 20% to 50% of base salary, to be paid only if the company achieved a pre-determined minimum level of consolidated pre-tax income for fiscal 2006. The BBU Plan calls for the bonus award to be distributed 50% in cash and 50% in Vicor stock options, subject to approval by the Executive Compensation Committee. No bonuses under the BBU Plan for 2006 were awarded as the consolidated pre-tax income target was not achieved.

Table of Contents

Stock Option and Equity Incentive Programs

We use the stock option programs as the primary long-term incentive to reward executive officers and key employees. The stock option program is considered a key retention tool. Also, due to the direct relationship between the value of an option and the market price of our common stock, granting stock options is considered an effective method of motivating the executive officers to manage the Corporation in a manner that is consistent with our interests and those of our stockholders.

The Executive Compensation Committee grants stock options to our executive officers and key employees based upon prior performance, such as through the BBU Plan. In addition, our CEO can, at his discretion, grant options to executive officers and key employees based on outstanding performance, the achievement of a specific goal or task, or as an added incentive to motivate employees. There is no set formula for the granting of discretionary option awards to individual executives or employees. All stock option grants are reviewed and approved by the Executive Compensation Committee prior to issuance. It is also our policy to grant options at an employee's time of hiring. Grants to newly hired employees are effective on the first business day of the month following employment, following the approval by the Executive Compensation Committee.

The exercise price of stock options is generally set at the current day's closing price of our common stock on NASDAQ, however, it may be set higher than the current day's price to provide for additional performance incentives. As discussed in the Directors' Compensation section, stock options are granted to all directors, with the exception of Mr. Vinciarelli, on the date of our annual meeting of stockholders, in accordance with the terms of our Amended and Restated 2000 Stock Option and Incentive Plan (the "2000 Plan").

One of our named executive officers, Mr. Glazer, also received awards granted under the Picor Corporation ("Picor") 2001 Stock Option and Incentive Plan, which were approved by the Picor Board of Directors, to reward him for his service as a director of Picor, a subsidiary of Vicor.

Perquisites

We have limited the perquisites that are available to our executive officers. Our executives are entitled to a few benefits that are not otherwise available to all of our employees. We do not provide pension arrangements, post-retirement health coverage, or similar benefits for our executives or employees.

The perquisites we provided in fiscal 2006 are as follows. All employees who participated in our 401(k) plan received up to \$4,500 in matching funds. All of our named executive officers, with the exception of our CEO, participated in our 401(k) plan and received matching funds. Our health and insurance plans are the same for all employees. In general, our employees pay approximately 35% of the health premium due. In addition to participating in the health plan offered to all employees, our executive officers also receive benefits under Exec-U-Care, which supplements our health, dental and vision care plans by reimbursing the executive for amounts not covered under the plans including co-payments.

Post-Employment Compensation*Pension Benefits*

We do not provide pension arrangements or post-retirement health coverage for our executives or employees. Our executive officers are eligible to participate in our 401(k) contributory defined contribution plan. In any plan year, we will contribute to each participant a matching contribution equal to 50% of the first 3% of the participant's compensation that has been contributed to the plan, up to a maximum matching contribution of \$4,500. All our executive officers, with the exception of the CEO, participated in our 401(k) plan during fiscal 2006 and received matching contributions.

Nonqualified Deferred Compensation

We do not provide any nonqualified defined contribution or other deferred compensation plans.

Other Post-Employment Payments

All of our employees, including our executive officers, are employees-at-will and as such do not have employment contracts with us. We also do not provide post-employment health coverage or other benefits. However, stock options issued under the 2000 Plan and the 2001 Picor Plan carry a change in control provision that automatically accelerates vesting and makes unvested options fully exercisable. As of December 31, 2006, the intrinsic value of unvested options held by our named executive officers was as follows:

Overview of Compensation and Procedures

We review the level of compensation of our non-employee directors on an annual basis. To determine how appropriate the current level of compensation for our non-employee directors is, we have historically obtained data from a number of different sources including:

publicly available data describing director compensation in peer companies;

survey data collected by our human resources department; and

information obtained directly from other companies.

We compensate non-employee members of the board through a combination of cash and equity-based compensation. Each non-employee director receives a quarterly retainer of \$7,500 for his services per quarter as a director. We also reimburse expenses incurred by non-employee directors to attend board and committee meetings. Additionally, each employee Director, other than any Director who holds in excess of 10% of the total number of shares of the capital stock of the Corporation (i.e., Mr. Vinciarelli), and each non-employee Director receives an annual grant of non-qualified stock options upon election as a Director following the Annual Meeting of Stockholders under the 2000 Plan. Currently, the formula to calculate the stock option award is \$50,000 divided by the price of Vicor stock at the close of market as reported on the NASDAQ Global Market (NASDAQ) on the day of the Annual Stockholders meeting. Accordingly, each non-employee Director and each employee Director, other than Mr. Vinciarelli, received non-qualified stock options to purchase up to 3,180 shares of Common Stock on June 22, 2006 at

an exercise price of \$15.73 per share. Half of these options will become exercisable one year after the grant date while the remainder becomes exercisable after two years. These options expire three years from the grant date.

Table of Contents

Directors who are also our employees do not receive cash compensation for service on the board in addition to compensation payable for their service as our employees.

Report of the Audit Committee of the Board of Directors

The Audit Committee oversees the Corporation's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with the independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of those audited financial statements with U.S. generally accepted accounting principles, including a discussion of the quality, not just the acceptability, of the Corporation's accounting principles and such other matters as are required to be discussed with the Audit Committee in accordance with standards established by the Public Company Accounting Oversight Board (PCAOB) and generally accepted auditing standards. In particular, the Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed with them under the provision of Statement on Auditing Standards No. 61 (*Codification of Statements on Auditing Standards*), as modified or supplemented. In addition, the Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by PCAOB Rule 36CUT, which adopted on an interim basis Independence Standards Board Standard No. 1 (*Independence Discussions with Audit Committees*), and has discussed with the independent registered public accounting firm the auditors' independence from management and the Corporation and considered the compatibility of nonaudit services with the auditors' independence.

The Audit Committee discussed with the independent registered public accounting firm the overall scope and plans for their audit. The Audit Committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of their examination, their evaluation of the Corporation's internal controls over financial reporting, and the overall quality of the Corporation's financial reporting. The Audit Committee held four meetings during fiscal 2006.

Table of Contents

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board approved) that the audited financial statements be included in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2006 for filing with the SEC.

Certain Relationships and Related Transactions

In August 2003, the Corporation purchased a number of shares of non-voting preferred stock of Great Wall Semiconductor Corporation (GWS) representing an approximately 5% equity interest in GWS for \$1,000,000. In March and August 2004, the Corporation purchased additional shares of non-voting preferred stock of GWS representing an additional approximately 13% equity interest in GWS for \$2,000,000. The Corporation's total investment in GWS was \$3,000,000 as of March 31, 2007. The Corporation periodically evaluates the investment in GWS to determine if there are any events or circumstances that are likely to have a significant adverse effect on the fair value of the investment. In the fourth quarter of 2006, the investment was adjusted for a decline in value judged to be other than temporary of \$1,000,000, for a net investment balance of \$2,000,000 at December 31, 2006.

Mr. Anderson, a director of the Corporation, is the founder and president and a shareholder of GWS. A majority of the equity interests in GWS are owned and controlled by an unrelated company. In addition to the investment, the Corporation and GWS have entered into a cross-license agreement and the Corporation purchases certain components from GWS. These purchases were approximately \$409,000 in 2006.

The Corporation's policies and procedures with respect to the review, approval and/or ratification of related party transactions are as follows per the Corporation's Audit Committee Charter. The Audit Committee shall review and approve all related party transactions required to be disclosed pursuant to SEC Regulation S-K, Item 404, and discuss with management the business rationale for the transactions and whether appropriate disclosures have been made. The related party transactions described above were subject to this policy.
