ITEM 8.01 Other Events

On May 19, 2008, Brooks Automation, Inc. (Brooks or the Company) entered into a settlement with the Securities and Exchange Commission (SEC) relating to the Company s historical stock option granting practices. Brooks has agreed to settle with the SEC, without admitting or denying the allegations in the Commission s complaint, by consenting to the entry of a judgment enjoining future violations of the reporting, books and records, and internal controls provisions of the federal securities laws. Brooks was not charged by the SEC with fraud nor was the company required to pay any civil penalty or other money damages as part of the settlement. The option grants to which the SEC refers in its complaint were made between 1999 and 2001. The settlement completely resolves the previously disclosed SEC investigation into the Company s historical stock option granting practices.
