PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

JUNE 18, 2007

INFORMATION CONCERNING SOLICITATION AND VOTING

The following information is provided in connection with the solicitation of proxies by and on behalf of the Board of Directors of Cardiogenesis Corporation in connection with our Annual Meeting of Shareholders (the Annual Meeting) and adjournments or postponements thereof to be held on Monday, June 18, 2007 at our corporate headquarters located at 11 Musick, Irvine, California 92618, at 10:00 a.m., Pacific Daylight Time for the purposes stated in the Notice of Annual Meeting of Shareholders preceding this Proxy Statement.

SOLICITATION AND REVOCATION OF PROXIES

A form of proxy is being furnished herewith by us to each shareholder and in each case is solicited on behalf of the Board of Directors for use at the Annual Meeting. We made copies of this Proxy Statement available to shareholders beginning on May 18, 2007. We will bear the cost of the solicitation of proxies, including the charges and expenses of brokerage firms and others forwarding the solicitation material to beneficial owners of stock. We may reimburse persons holding shares in their names or the names of their nominees for the benefit of others, such as brokerage firms, banks, depositaries, and other fiduciaries, for costs incurred in forwarding soliciting materials to their principals. The costs of such solicitation are not expected to exceed \$5,000. Our directors, officers and regular administrative employees may solicit proxies personally, by telephone or telegraph but will not be separately compensated for such solicitation services.

Shareholders are requested to complete, date and sign the accompanying proxy and return it promptly to us. Internet and telephonic voting is available through 1:00 a.m. (Central Time) on June 18, 2007. Any proxy given may be revoked by a shareholder at any time before it is voted at the Annual Meeting and all adjournments thereof by filing with our Secretary a notice in writing revoking it, or by submitting a proxy bearing a later date via the internet, by telephone or by mail. Proxies may also be revoked by any shareholder present at the Annual Meeting who expresses a desire to vote such shares in person. Subject to such revocation, all proxies duly executed and received prior to, or at the time of, the Annual Meeting will be voted FOR the election of all five of the nominee-directors specified herein, and FOR the ratification of the selection of KMJ Corbin & Company LLP as our independent registered public accounting firm for fiscal year 2007, unless a contrary choice is specified in the proxy. Where a specification is indicated as provided in the proxy, the shares represented by the proxy will be voted and cast in accordance with the specification made therein. As to other matters, if any, to be voted upon, the persons designated as proxies will take such actions as they, in their discretion, may deem advisable. The persons named as proxies were selected by our Board of Directors and each of them is a director.

Your execution of the enclosed proxy or submitting your vote by telephone or on the internet will not affect your right as a shareholder to attend the Annual Meeting and to vote in person.

Under our bylaws and California law, shares represented by proxies that reflect abstentions or broker non-votes (i.e., shares held by a broker or nominee which are represented at the Annual Meeting, but with respect to which such broker or nominee is not empowered to vote on a particular proposal) will be counted as shares that are

Table of Contents

present and entitled to vote for purposes of determining the presence of a quorum. Any shares represented at the Annual Meeting but not voted (whether by abstention, broker non-vote or otherwise) will have no impact on the election of directors, except to the extent that the failure to vote for an individual results in another individual receiving a larger proportion of votes. Any shares represented at the Annual Meeting but not voted (whether by abstention, broker non-vote or otherwise) with respect to ratification of the selection of KMJ Corbin & Company LLP will have the same effect as votes against such proposal. Broker non-votes will be treated as unvoted for purposes of determining approval of any such proposal and will not be counted as votes for or against such proposal.

SHAREHOLDERS VOTING RIGHTS

Only holders of record of our Common Stock, no par value (Common Stock), at the close of business on May 1, 2007 (the Record Date) will be entitled to notice of, and to vote at, the Annual Meeting. On such date, there were 45,273,701 shares of Common Stock outstanding, with one vote per share, held by approximately 246 shareholders of record.

With respect to election of directors, assuming a quorum is present, the five candidates receiving the highest number of votes are elected. See Nomination and Election of Directors. To ratify the appointment of KMJ Corbin & Company LLP, assuming a quorum is present, the affirmative vote of shareholders holding a majority of the voting power represented and voting at the meeting (which shares voting affirmatively also constitute at least a majority of the required quorum) is required. A quorum is the presence in person or by proxy of shares representing a majority of the voting power of the Common Stock.

NOMINATION AND ELECTION OF DIRECTORS

(PROPOSAL NO. 1 ON PROXY CARD)

Board of Directors

All of our directors will serve until the next annual meeting of stockholders and until their successors are elected and qualified, or until their earlier death, retirement, resignation or removal. There are no family relationships among directors or executive officers. We currently do not have a nominating committee of the Board of Directors, or any committee performing similar functions. Nominees for election as a director are selected by the entire Board of Directors.

The five nominee-directors receiving the highest number of votes cast at the Annual Meeting will be elected as directors. Subject to certain exceptions specified below, shareholders of record on the Record Date are entitled to cumulate their votes in the election of directors (i.e., they are entitled to the number of votes determined by multiplying the number of shares held by them times the number of directors to be elected) and may cast all of their votes so determined for one person, or spread their votes among two or more persons as they see fit. No shareholder shall be entitled to cumulate votes for a given candidate for director unless such candidate's name has been placed in nomination prior to the vote and the shareholder has given notice at the Annual Meeting, prior to the voting, of the shareholder's intention to cumulate his or her votes. If any one shareholder has given such notice, all shareholders may cumulate their votes for candidates in nomination. Discretionary authority to cumulate votes is hereby solicited by the Board of Directors if any shareholder gives notice of his or her intention to exercise the right to cumulative voting. In that event, the Board of Directors will instruct the proxy holders to vote all shares represented by proxies in a manner that will result in the approval of the maximum number of directors from the nominees selected by the Board of Directors that may be elected with the votes held by the proxy holders.

The following table sets forth the name, age and position of each of the members of our Board of Directors as of May 1, 2007. **INFORMATION CONCERNING THE BOARD OF DIRECTORS
AND CERTAIN COMMITTEES THEREOF**

COMMITTEES

The business of the Board of Directors is conducted through full meetings of the Board of Directors. We currently do not have a separate nominating, audit or compensation committee of our Board of Directors, but instead the entire Board of Directors performs the functions of these committees.

Nominating Committee

Our Board of Directors does not maintain a separate nominating a committee but instead the entire Board performs the functions of the nominating committee. The entire Board of Directors proposes nominees for election or reelection to the Board of Directors. Should a vacancy in the Board of Directors occur, the Board will seek and nominate qualified individuals. The Board of Directors will consider nominees for director whose names are timely submitted by holders of our Common Stock in writing addressed to the Chairman of the Board accompanied by such information regarding the nominee as would be required under the rules of the Securities and Exchange Commission (the SEC) were the shareholder soliciting proxies with regard to the election of such nominee. Our Nominating Committee does not have a charter.

Once the Board of Directors has identified a prospective nominee, the Board makes an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on whatever information is provided to the Board with the recommendation of the prospective candidate, as well as the Board's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination is based primarily on the need for additional Board members to fill vacancies or expand the size of the Board and the likelihood that the prospective nominee can satisfy the evaluation factors described below. If the Board determines that additional consideration is warranted, it may request the third-party search firm to gather additional information about the prospective nominee's background and experience and to report its findings to the Board. The Board then evaluates the prospective nominee based on a number of standards, including:

the ability of the prospective nominee to represent the interests of our shareholders;

the prospective nominee's standards of integrity, commitment and independence of thought and judgment;

the prospective nominee's ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties, including the prospective nominee's service on other public company boards;

the extent to which the prospective nominee contributes to the range of talent, skill and expertise appropriate for the Board;

the extent to which the prospective nominee helps the Board reflect the diversity of our shareholders, employees, customers, guests and communities.

The Board also considers such other relevant factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, the need for Audit Committee expertise and the evaluations of other prospective nominees. In connection with this evaluation, the Board determines whether to interview the prospective nominee, and if warranted, one or more members of the Board, and others as appropriate,

interview prospective nominees in person or by telephone. After completing this evaluation and interview, the Board determines the nominees after considering the recommendation and report of the each member of the Board.

Any shareholder who wishes to communicate directly with the Board of Directors, or one or more specific directors, may send a letter addressed to the Board of Directors or to the specific directors intended to be addressed to our corporate headquarters. We will forward all communications to the Board of Directors or to the specific directors identified by the shareholder. Our current policy is to send every shareholder's communication addressed to the Board of Directors or to one or more specific directors to the identified directors.

REPORT OF AUDIT COMMITTEE

Our Board of Directors does not have a separate audit committee and did not have a separate audit committee during 2006. Instead, the entire Board of Directors served in such capacity. We did not have an audit committee financial expert on our Board during 2006 however Mr. Waller, who was appointed to the Board in April 2007, has been determined by the Board of Directors to be an audit committee financial expert as defined by the Securities and Exchange Commission. Although we are not currently subject to NASD rules regarding director independence, our Board has determined that Mr. Waller is an independent director as such term is defined in NASD Rule 4200(a)(15). Our Board of Directors has adopted a written charter for the Audit Committee, a copy of which is attached as Appendix A to our proxy statement for our 2005 annual meeting.

The Board of Directors, acting in its capacity as the Audit Committee, oversees our financial reporting and internal control processes, as well as the independent audit of our consolidated financial statements by our independent registered public accounting firm (independent auditors). The Board of Directors appointed and the shareholders ratified KMJ Corbin & Company LLP (KMJ) as our independent auditors for fiscal year 2006. Management has the primary responsibility for our financial statements and the financial reporting process, including our system of internal controls. In fulfilling its oversight responsibilities, the Board of Directors reviewed and discussed our audited financial statements for fiscal 2006 with management and KMJ. Management and KMJ have represented to the Board of Directors that our consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America.

The Board of Directors reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, their judgments as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the Audit Committee (or the entire Board, as applicable) in accordance with the standards of the Public Company Accounting Oversight Board (United States), including matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees. In addition, the independent auditors have provided the Board of Directors with the written disclosures and the letter required by Independence Standards Board Standard No. 1, as amended, Independence Discussions with Audit Committee, and the Board has discussed with the independent auditors the auditors' independence from management and us, including the compatibility of non audit services with the auditors' independence.

The Board of Directors discussed with our independent auditors the overall scope and plans for their respective audits. The Board meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting.

In reliance on the reviews and discussions referred to above, the Board has approved that our audited financial statements be included in the Annual Report on Form 10-KSB for the year ended December 31, 2006 for filing with the Securities and Exchange Commission. The Board has also appointed KMJ Corbin & Company LLP as our independent auditors for its fiscal year 2007.

The foregoing report has been furnished by the members of the Board of Directors who served on the Board in 2006.

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

(PROPOSAL NO. 2 ON PROXY CARD)

The Board has appointed KMJ Corbin & Company LLP as our independent auditors for the fiscal year ending December 31, 2007, and the Board is recommending shareholders ratify that appointment at the Annual Meeting. KMJ does not have, and has not had at any time, any direct or indirect financial interest in us or any of our subsidiaries and does not have, and has not had at any time, any relationship with us or any of our subsidiaries in the capacity of promoter, underwriter, voting trustee, director, officer, or employee. Neither Cardionogenesis nor any of our officers or directors has or has had any interest in KMJ.

As a matter of good corporate governance, the Board has determined to submit the appointment of KMJ to the shareholders for ratification. In the event that this appointment of KMJ is not ratified by a majority of the shares of common stock present or represented at the Annual Meeting and entitled to vote on the matter, the Board of Directors or the Audit Committee will reconsider its appointment of an independent registered public accounting firm for future periods.

Representatives of KMJ will be present at the Annual Meeting, will have an opportunity to make statements if they so desire, and will be available to respond to appropriate questions.

Notwithstanding the ratification by shareholders of the appointment of KMJ, the Board of Directors or the Audit Committee may, if the circumstances dictate, appoint other independent auditors.

Former Independent Registered Public Accounting Firm

On July 5, 2005, we dismissed PricewaterhouseCoopers LLP (PWC) as our independent registered public accounting firm. Our dismissal of PWC was recommended by the Audit Committee of the Board of Directors of the Company and ratified by the Board of Directors.

The reports of PWC on our financial statements for the 2003 and 2004 fiscal years prior to our dismissal of PWC did not contain an adverse opinion or disclaimer of opinion, nor were such reports qualified or modified as to uncertainty, audit scope, or accounting principles.

During the 2003 and 2004 fiscal years and through July 5, 2005, there were no disagreements with PWC on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of PWC, would have caused PWC to make reference to the subject matter of the disagreement(s) in connection with its reports on our financial statements for such years. Further, during the 2003 and 2004 fiscal years and through July 5, 2005, there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K.

We provided a copy of the above disclosures to PWC and asked PWC to provide us with a letter addressed to the Securities and Exchange Commission stating whether or not PWC agrees with our statements. Such letter was included as an exhibit to our Form 8-K filed with the SEC on July 11, 2005.

Effective July 5, 2005, we engaged the firm of KMJ Corbin & Company LLP (formerly known as Corbin & Company, LLP) as our independent auditor. During the 2003 and 2004 fiscal years and through July 5, 2005, we did not consult with KMJ regarding either (i) the application of the accounting principles to a specified transaction, either completed or proposed; or the type of audit opinion that might be rendered on our financial statements; and neither a

written report nor advice was provided to us that KMJ concluded was an important factor considered by us in reaching a decision as to the accounting of financial reporting issues; or (ii) any matter that was either the subject of a disagreement or a reportable event (as defined in Regulation S-K, Item 304(a)(1)).

Table of Contents**Fees Paid to Our Independent Registered Public Accountants**

The following is a description of aggregate fees billed by our independent registered public accounting firm for each of the past two fiscal years. PWC served as our independent registered public accounting firm for the period from January 1, 2005 through July 5, 2005. On July 5, 2005, KMJ was engaged as our independent registered public accounting firm.

	2006	2005
Audit Fees	\$ 95,000	\$ 83,000
Audit-Related Fees		
Tax Fees		
All Other Fees		
Total Fees	\$ 95,000	\$ 83,000

Audit fees represent amounts paid for professional services rendered for the audit of our financial statements for such periods and the review of the financial statements included in our Quarterly Reports during such periods.

During 2006, the entire Board of Directors performed the functions of the Audit Committee and followed the pre-approval policies that had previously been approved by the Audit Committee. On an on-going basis, management communicates specific projects and categories of service for which the advance approval of the Audit Committee (or the entire Board, as applicable) is requested, if any. The Audit Committee (or the entire Board, as applicable) reviews these requests and advises management if the Audit Committee approves the engagement of the independent registered public accounting firm.

The Audit Committee (or the entire Board, as applicable) pre-approves all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for us by its independent registered public accounting firm, subject to the exceptions for non-audit services described in Section 10A(i)(1)(B) of the Securities Exchange Act of 1934, as amended, which are approved by the Audit Committee prior to the completion of the audit. The Board of Directors has considered whether the services provided by its independent registered public accounting firm are compatible with maintaining the independence of the independent registered public accounting firm and has concluded that the independence of both our independent public accounting firm is maintained and is not compromised by the services provided.

EXECUTIVE COMPENSATION

Our Board of Directors did not have a separate Compensation Committee during 2006 nor does it currently have a separate Compensation Committee and we do not currently have a compensation committee charter. Instead, the entire Board of Directors performs the function of the Compensation Committee.

The Board of Directors in its capacity as the Compensation Committee reviews and approves our executive compensation policies. The Board administers our various incentive plans, including the Stock Option Plan and the Employee Stock Purchase Plan, sets compensation policies applicable to our executive officers and evaluates the performance of our executive officers. The following describes the compensation policies and rationale applicable with respect to the compensation paid to our executive officers for the fiscal year ended December 31, 2006.

Compensation Philosophy

Our executive compensation programs are designed to attract, motivate and retain executives who will contribute significantly to our long-term success and the enhancement of shareholder value. In addition to base salary, certain elements of total compensation are payable in the form of variable incentive plans tied to our performance and the individual, and in the equity-based plans designed to closely align executive and shareholder interests.

Base Salary

Base salary for executives, including that of the chief executive officer, is set according to the responsibilities of the position, the specific skills and experience of the individual and the competitive market for executive talent. In order to evaluate the competitive position of our salary structure, the Board makes reference to publicly available compensation information and informal compensation surveys obtained by management with respect to cash compensation and stock option grants to officers of comparable companies in the high-technology sector, our industry and its geographic location. Executive salary levels are set to approximate average rates, with the intent that superior performance under incentive bonus plans will enable the executive to elevate his total cash compensation levels that are above average of comparable companies. The Board reviews salaries annually and adjusts them as appropriate to reflect changes in market conditions and individual performance and responsibilities.

Compensation to Chief Executive Officer in 2006

None of the named executive officers have employment agreements with us currently and none of them have entered into any agreement or arrangement that entitles them to the payment of benefits if their employment is terminated, including termination following a change in control.

Prior to his termination by us in July 2006, Michael J. Quinn, our former Chief Executive Officer, was a party to an employment agreement. Pursuant to the terms of his employment agreement, Mr. Quinn was eligible to receive his base salary and certain other benefits, including (i) an annual bonus determined by the Board of Directors, (ii) options or other rights to acquire our common stock, under terms and conditions determined by the Board of Directors. Under the terms of such employment contract, to the extent Mr. Quinn was determined to have been terminated without cause, he would have been entitled to receive certain severance benefits which include payment of annual salary and continuation of insurance benefits for the remainder of his employment term or three years (whichever is longer).

On July 12, 2006, we terminated Michael Quinn as our Chairman, Chief Executive Officer and President in accordance with the terms of his employment agreement. At the time of termination, Mr. Quinn stated that he intended to bring claims against us relating to his termination, including claims for payment of severance he claimed was owed

to him under the terms of his employment agreement. In October 2006, we entered into a settlement agreement with Mr. Quinn pursuant to which we agreed to settle certain disputes between them relating to Mr. Quinn's termination from employment. Pursuant to the terms of the settlement, we agreed to pay Mr. Quinn a total of approximately \$500,000 in equal bi-monthly installments over a period of three years and also paid

Table of Contents

approximately \$51,000 to Mr. Quinn's counsel as attorney's fees. Mr. Quinn was also allowed to retain 689,008 previously issued stock options having the following exercise prices:

89,008 shares at \$0.32 per share

150,000 shares at \$0.70 per share

200,000 shares at \$0.54 per share

250,000 shares at \$0.50 per share

The exercise period of these options has been extended so that each option shall terminate on October 12, 2009. We also agreed that Mr. Quinn would be entitled to statutory indemnification and any indemnification required by our bylaws relating to his service on our Board of Directors.

Stock Option Plan, Stock Purchase Plan and Certain Other Compensation

The Board believes that our Stock Option Plan is an essential tool to link the long-term interests of shareholders and employees, especially executive management, and serves to motivate executives to make decisions that will, in the long run, give the best returns to shareholders. Stock options are generally granted when an executive joins Cardiogenesis, with subsequent grants also taking into account the individual's performance and the vesting status of previously granted options. These options typically vest over a three year period and are granted at an exercise price equal to the fair market value of our Common Stock at the date of grant. The sizes of initial option grants are based upon the position, responsibilities and expected contribution of the individual. This approach is designed to maximize shareholder value over a long term, as no benefit is realized from the option grant unless the price of our Common Stock has increased over a number of years.

In addition to the Stock Option Plan, executive officers are eligible to participate in our Employee Stock Purchase Plan. This plan allows employees to purchase our Common Stock at a price equal to 85% of the lower of the fair market value at the beginning of the offering period or the fair market value at the end of the purchase period.

Other elements of executive benefits include life and long-term disability insurance, medical benefits and a 401(k) plan. All such benefits are available to all our regular, full-time employees. We also maintain a Management Incentive Compensation Program for officers and certain other management positions, pursuant to which bonuses are paid out if Cardiogenesis attains certain bonus targets.

Director Compensation

Prior to January 1, 2007, for serving on the Board of Directors, non-employee directors received fees of \$2,500 per board meeting and \$500 per committee meeting, provided such committee meeting did not occur on the same day as a board meeting.

Table of Contents

As of January 1, 2007, the compensation payable to each non-employee director changed as follows. Each non-employee director will receive an annual retainer of \$12,000 (payable quarterly) and a per meeting fee of \$2,500 for each regularly scheduled quarterly meeting of the Board of Directors attended in person by such director as well as reimbursement for travel expenses associated with attendance at any such meeting.

In addition, the chairmen of our Audit Committee, Compensation Committee, and Corporate Governance Committee will receive an additional annual retainer of \$5,000, \$2,500 and \$2,000 per year, respectively (payable quarterly). Members of the Audit Committee other than the chairman will receive an additional annual retainer of \$2,500 (payable quarterly).

As of April 1, 2007, each member of our Audit Committee, Compensation Committee and Corporate Governance Committee will receive a per meeting fee of \$1,000 for each regularly scheduled separate meeting of such Committee attended by such person or telephonically.

In addition, pursuant to the terms of our 1996 Director Stock Option Plan, each non-employee director receives an option to purchase 22,500 shares of our common stock upon his election to the Board of Directors and subsequent option grants of 7,500 shares upon his re-election each year (provided that such re-election is at least six months after the date of initial election to the Board of Directors). The exercise price is 100% of the closing price of our common stock on the date prior to the grant date. Initial option grants vest as to one-third of the shares on each yearly anniversary of the grant date until fully vested. Subsequent option grants vest in full on the first anniversary of the date of grant. If the non-employee director ceases to serve as a director for any reason, vesting shall cease as of the date of such termination and shall be exercisable for 60 days following termination except in the case of death or disability in which case the option shall be exercisable for a period of 12 months following termination as a director.

Directors who are employees do not receive any additional compensation for their service on the Board.
