PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

MAY 19, 2008

INFORMATION CONCERNING SOLICITATION AND VOTING

The following information is provided in connection with the solicitation of proxies by and on behalf of the Board of Directors of Cardiogenesis Corporation in connection with our Annual Meeting of Shareholders (the Annual Meeting) and adjournments or postponements thereof to be held on Monday, May 19, 2008 at our corporate headquarters located at 11 Musick, Irvine, California 92618, at 10:00 a.m., Pacific Daylight Time for the purposes stated in the Notice of Annual Meeting of Shareholders preceding this Proxy Statement.

SOLICITATION AND REVOCATION OF PROXIES

A form of proxy is being furnished herewith by us to each shareholder and in each case is solicited on behalf of the Board of Directors for use at the Annual Meeting. We made copies of this Proxy Statement available to shareholders beginning on April 18, 2008. We will bear the cost of the solicitation of proxies, including the charges and expenses of brokerage firms and others forwarding the solicitation material to beneficial owners of stock. We may reimburse persons holding shares in their names or the names of their nominees for the benefit of others, such as brokerage firms, banks, depositaries, and other fiduciaries, for costs incurred in forwarding soliciting materials to their principals. The costs of such solicitation are not expected to exceed \$5,000. Our directors, officers and regular administrative employees may solicit proxies personally, by telephone or electronic communication but will not be separately compensated for such solicitation services.

Shareholders are requested to complete, date and sign the accompanying proxy and return it promptly to us. Internet and telephonic voting is available through 1:00 a.m. (Central Time) on May 19, 2008. Any proxy given may be revoked by a shareholder at any time before it is voted at the Annual Meeting and all adjournments thereof by filing with our Secretary a notice in writing revoking it, or by submitting a proxy bearing a later date via the Internet, by telephone or by mail. Proxies may also be revoked by any shareholder present at the Annual Meeting who expresses a desire to vote such shares in person. Subject to such revocation, all proxies duly executed and received prior to, or at the time of, the Annual Meeting will be voted FOR the election of all six of the nominee-directors specified herein, and FOR the ratification of the selection of KMJ Corbin & Company LLP as our independent registered public accounting firm for fiscal year 2008, unless a contrary choice is specified in the proxy. Where a specification is indicated as provided in the proxy, the shares represented by the proxy will be voted and cast in accordance with the specification made therein. As to other matters, if any, to be voted upon, the persons designated as proxies will take such actions as they, in their discretion, may deem advisable. The persons named as proxies were selected by our Board of Directors and each of them is an executive officer.

Your execution of the enclosed proxy or submitting your vote by telephone or on the Internet will not affect your right as a shareholder to attend the Annual Meeting and to vote in person.

Under our bylaws and California law, shares represented by proxies that reflect abstentions or broker non-votes (i.e., shares held by a broker or nominee which are represented at the Annual Meeting, but with respect to which such broker or nominee is not empowered to vote on a particular proposal) will be counted as shares that are

Table of Contents

present and entitled to vote for purposes of determining the presence of a quorum. Any shares represented at the Annual Meeting but not voted (whether by abstention, broker non-vote or otherwise) will have no impact on the election of directors, except to the extent that the failure to vote for an individual results in another individual receiving a larger proportion of votes. Any shares represented at the Annual Meeting but not voted (whether by abstention, broker non-vote or otherwise) with respect to ratification of the selection of KMJ Corbin & Company LLP could prevent approval of such proposal if the number of affirmative votes, though a majority of the votes represented and cast, does not constitute a majority of the required quorum. The inspector of elections appointed for the meeting will separately tabulate affirmative and negative votes, abstentions and broker non-votes.

SHAREHOLDERS VOTING RIGHTS

Only holders of record of our common stock, no par value, at the close of business on April 11, 2008 (the Record Date) will be entitled to notice of, and to vote at, the Annual Meeting. On such date, there were 45,274,395 shares of common stock outstanding, with one vote per share, held by approximately 219 shareholders of record.

With respect to the election of directors, assuming a quorum is present, the six candidates receiving the highest number of votes are elected. See Nomination and Election of Directors. To ratify the appointment of KMJ Corbin & Company LLP, assuming a quorum is present, the affirmative vote of shareholders holding a majority of the voting power represented and voting at the meeting (which shares voting affirmatively also constitute at least a majority of the required quorum) is required. A quorum is the presence in person or by proxy of shares representing a majority of the voting power of the common stock. If the persons present or represented by proxy at the meeting constitute the holders of less than a majority of the outstanding shares of common stock as of the record date, the meeting may be adjourned to a subsequent date for the purpose of obtaining a quorum.

HOUSEHOLDING OF ANNUAL MEETING MATERIALS

Some banks, brokers, and other nominee record holders may participate in the practice of householding proxy statements and annual reports. This means that only one copy of this Notice of Annual Meeting and Proxy Statement and the 2007 Annual Report may have been sent to multiple shareholders in your household. If you would like to obtain another copy of either document, please contact us at 11 Musick, Irvine, California 92618, Attention: Secretary. If you want to receive separate copies of the proxy statement and annual report in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker, or other nominee record holder.

Table of Contents**NOMINATION AND ELECTION OF DIRECTORS****(PROPOSAL NO. 1 ON PROXY CARD)****Board of Directors**

All of our directors will serve until the next annual meeting of shareholders and until their successors are elected and qualified, or until their earlier death, retirement, resignation or removal. There are no family relationships among directors or executive officers. Nominees for election as a director are recommended by the Nominating and Corporate Governance Committee of our Board of Directors or, in the absence of a meeting of such Committee, by the entire Board of Directors. The final determination of the persons to be nominated as directors is made by our entire Board of Directors.

The six candidates receiving the highest number of votes cast at the Annual Meeting will be elected as directors. Subject to certain exceptions specified below, shareholders of record on the Record Date are entitled to cumulate their votes in the election of directors (i.e., they are entitled to the number of votes determined by multiplying the number of shares held by them times the number of directors to be elected) and may cast all of their votes so determined for one person, or spread their votes among two or more persons as they see fit. No shareholder shall be entitled to cumulate votes for a given candidate for director unless such candidate's name has been placed in nomination prior to the vote and the shareholder has given notice at the Annual Meeting, prior to the voting, of the shareholder's intention to cumulate his or her votes. If any one shareholder has given such notice, all shareholders may cumulate their votes for candidates in nomination. Discretionary authority to cumulate votes is hereby solicited by the Board of Directors if any shareholder gives notice of his or her intention to exercise the right to cumulative voting. In that event, the Board of Directors will instruct the proxy holders to vote all shares represented by proxies in a manner that will result in the approval of the maximum number of directors from the nominees selected by the Board of Directors that may be elected with the votes held by the proxy holders.

The following table sets forth the name, age and position of each of the members of our Board of Directors as of April 11, 2008. Determination of Director Independence

In April 2008, the Board undertook its annual review of director independence. During this review, the Board considered transactions and relationships between us and our subsidiaries and affiliates and each of our directors or

Table of Contents

any members of their immediate family, including those reported under Certain Relationships and Related Transactions. The Board also examined transactions and relationships between our directors or their affiliates and members of our senior management or their affiliates. The purpose of this review was to determine whether any such relationships or transactions were inconsistent with a determination that the director is independent under the definition of independence set forth in Rule 4200(a)(15) of the National Association of Securities Dealers (the NASD Independence Standards).

As a result of this review, the Board affirmatively determined that all of our directors who are nominated for election at the annual meeting are independent of us and our management under the NASD Independence Standards.

Board Meetings

The Board met four times during fiscal 2007. Each of our directors attended 75% or more of the aggregate of the total number of meetings of the Board of Directors held during the period in which he was a director and attended 75% or more of the committee meetings, if any, for each Board committees on which he served. All Directors attended our annual shareholders meeting in June 2007. Each Director is expected to dedicate sufficient time, energy and attention to ensure the diligent performance of his duties, including by attending meetings of our shareholders, the Board and Committees of which he is a member.

INFORMATION CONCERNING THE BOARD OF DIRECTORS AND CERTAIN COMMITTEES THEREOF

COMMITTEES

The business of our Board of Directors is conducted through full meetings of the Board of Directors, as well as through meetings of its committees. The following provides certain information regarding the committees of the Board of Directors.

Compensation Committee

In June 2007, our Board of Directors established a Compensation Committee. Previously, our entire Board of Directors performed the duties of the Compensation Committee. The Compensation Committee determines executive compensation policies, administers compensation plans, reviews programs and policies and monitors the performance and compensation of certain officers and other employees. The Compensation Committee also determines appropriate awards under our Stock Option Plan. The Compensation Committee consisted of Mr. McCormick, Dr. Allen and Mr. Waller during the fiscal year 2007, all of whom are independent directors. Mr. McCormick is the Chairman of the Compensation Committee. The Compensation Committee did not meet separately during the last fiscal year. The charter for the Compensation Committee is available on our website (www.cardiogenesis.com).

Nominating and Corporate Governance Committee

In June 2007, our Board of Directors established a Nominating and Corporate Governance Committee. Previously, our entire Board of Directors performed the duties of the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee is responsible for developing and implementing and monitoring policies and practices relating to our corporate governance. It is also responsible for evaluating and proposing nominees for election or reelection to the Board of Directors. Should a vacancy in the Board of Directors occur, the Nominating and Corporate Governance Committee will seek and nominate qualified individuals. The Nominating and Corporate Governance Committee will consider nominees for director whose names are timely submitted by holders of our common stock in writing addressed to the Chairman of the Committee accompanied by such information

regarding the nominee as would be required under the rules of the Securities and Exchange Commission (the SEC) were the shareholder soliciting proxies with regard to the election of such nominee. The charter for our Nominating and Corporate Governance Committee is available on our website (www.cardiogenesis.com).

Table of Contents

Once the Nominating and Corporate Governance Committee has identified a prospective nominee, the Committee makes an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on whatever information is provided to the Committee with the recommendation of the prospective candidate, as well as the Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination is based primarily on the need for additional Board members to fill vacancies or expand the size of the Board and the likelihood that the prospective nominee can satisfy the evaluation factors described below. If the Committee determines that additional consideration is warranted, it may request a third-party search firm to gather additional information about the prospective nominee's background and experience and to report its findings to the Committee. The Committee then evaluates the prospective nominee based on a number of standards, including:

the ability of the prospective nominee to represent the interests of our shareholders;

the prospective nominee's standards of integrity, commitment and independence of thought and judgment;

the prospective nominee's ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties, including the prospective nominee's service on other public company boards;

the extent to which the prospective nominee contributes to the range of talent, skill and expertise appropriate for the Board; and

the extent to which the prospective nominee helps the Board reflect the diversity of our shareholders, employees, customers, guests and communities.

The Committee also considers such other relevant factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, the need for Audit Committee expertise and the evaluations of other prospective nominees. In connection with this evaluation, the Committee determines whether to interview the prospective nominee, and if warranted, one or more members of the Committee, and others as appropriate, interview prospective nominees in person or by telephone. After completing this evaluation and interview, the Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Committee.

The Nominating and Corporate Governance Committee consists of Mr. Mortensen, Mr. McCormick and Mr. Waller, all of whom are independent directors. Mr. Mortensen serves as Chairman of the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee did not hold any separate meetings during the last fiscal year.

Audit Committee

In June 2007, our Board of Directors established an Audit Committee. Previously, our entire Board of Directors performed the duties of the Audit Committee. Gregory Waller, who was appointed to the Board in April 2007, has been determined by the Board of Directors to be an audit committee financial expert as defined by the SEC. Our Board has determined that Mr. Waller is an independent director as such term is defined in NASD Rule 4200(a)(15). Our Board of Directors has adopted a written charter for the Audit Committee, a copy of which is available on our website (www.cardiogenesis.com). The Audit Committee had two separate meetings during the last fiscal year.

The Audit Committee oversees our financial reporting and internal control processes, as well as the independent audit of our consolidated financial statements by our independent registered public accounting firm (independent auditors). Prior to our 2007 annual meeting of shareholders, the Board of Directors, acting in its capacity as the Audit

Committee at that time, appointed and the shareholders ratified KMJ Corbin & Company LLP (KMJ) as our independent auditors for fiscal year 2007.

Table of Contents

REPORT OF AUDIT COMMITTEE

The information contained in this report shall not be deemed to be soliciting material, to be filed with the SEC or be subject to Regulation 14A or Regulation 14C (other than as provided in Item 407 of Regulation S-K) or to the liabilities of Section 18 of the Securities Exchange Act of 1934, and shall not be deemed to be incorporated by reference in future filings with the SEC except to the extent that we specifically incorporates it by reference into a document filed under the Securities Act of 1933 or the Securities Exchange Act of 1934.

Management has the primary responsibility for our consolidated financial statements and the financial reporting process, including our system of internal controls. KMJ, as our independent auditors, is responsible for expressing an opinion on the conformity of those audited consolidated financial statements with accounting principles generally accepted in the United States. Since its establishment in June 2007, the Audit Committee, in fulfilling its oversight responsibilities, has reviewed and discussed our audited consolidated financial statements for fiscal 2007 with management and KMJ. Management and KMJ have represented to the Audit Committee that our consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America.

In addition, during the most recent fiscal year, the Audit Committee:

reviewed with KMJ their judgments as to the quality, not just the acceptability of our accounting principles;

discussed with KMJ the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees;

reviewed the written disclosures and the letter from KMJ required by Independence Standards Board Standard No. 1, as amended, Independence Discussions with Audit Committee, and discussed with KMJ its independence, including the compatibility of non-audit services with the auditors independence; and

discussed with KMJ the overall scope and plans for their respective audits.

The Audit Committee also meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended that our audited consolidated financial statements be included in the Annual Report on Form 10-KSB for the year ended December 31, 2007 for filing with the SEC. The Audit Committee has also appointed KMJ Corbin & Company LLP as our independent auditors for its fiscal year 2008.

The foregoing report has been furnished by the members of the Audit Committee.

Gregory D. Waller, Chairman

Paul J. McCormick

Robert L. Mortensen

Shareholder Communications

Any shareholder who wishes to communicate directly with the Board of Directors, or one or more specific directors, may send a letter addressed to the Board of Directors or to the specific directors intended to be addressed to our corporate headquarters. We will forward all communications to the Board of Directors or to the specific directors identified by the shareholder. Our current policy is to send every shareholder's communication addressed to the Board

of Directors or to one or more specific directors to the identified directors.

Table of Contents**RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS****(PROPOSAL NO. 2 ON PROXY CARD)**

The Audit Committee has appointed KMJ Corbin & Company LLP as our independent auditors for the fiscal year ending December 31, 2008, and the Board is recommending shareholders ratify that appointment at the Annual Meeting. KMJ does not have, and has not had at any time, any direct or indirect financial interest in us or any of our subsidiaries and does not have, and has not had at any time, any relationship with us or any of our subsidiaries in the capacity of promoter, underwriter, voting trustee, director, officer, or employee. Neither Cardiogenesis nor any of our officers or directors has or has had any interest in KMJ.

As a matter of good corporate governance, the Board has determined to submit the appointment of KMJ to the shareholders for ratification. In the event that this appointment of KMJ is not ratified by a majority of the shares of common stock present or represented at the Annual Meeting and entitled to vote on the matter, the Board of Directors will reconsider its appointment of an independent registered public accounting firm for future periods.

Representatives of KMJ will be present at the Annual Meeting, will have an opportunity to make statements if they so desire, and will be available to respond to appropriate questions.

Notwithstanding the ratification by shareholders of the appointment of KMJ, the Board of Directors may, if the circumstances dictate, appoint other independent auditors.

Fees Paid to Our Independent Registered Public Accountants

The following is a description of aggregate fees billed by our independent registered public accounting firm for each of the past two fiscal years.

	2007	2006
Audit Fees	\$ 111,000	\$ 95,000
Audit-Related Fees		
Tax Fees		
All Other Fees		
Total Fees	\$ 111,000	\$ 95,000

Audit fees represent amounts paid for professional services rendered for the audit of our financial statements for such periods and the review of the financial statements included in our Quarterly Reports during such periods.

Prior to the formation of the Audit Committee in June 2007, the entire Board of Directors performed the functions of the Audit Committee. Both the Board of Directors and the Audit committee, as applicable, followed the pre-approval policies that had previously been approved by the Audit Committee. On an on-going basis, management communicates specific projects and categories of service for which the advance approval of the Audit Committee (or the entire Board, as applicable) is requested, if any. The Audit Committee (or the entire Board, as applicable) reviews these requests and advises management if the Audit Committee approves the engagement of the independent registered public accounting firm.

The Audit Committee (or the entire Board, as applicable) pre-approves all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for us by its independent registered public accounting firm, subject to the exceptions for non-audit services described in Section 10A(i)(1)(B) of the Securities Exchange Act of 1934, as amended, which are approved by the Audit Committee prior to the completion of the audit. The Audit Committee has considered whether the services provided by its independent registered public accounting firm are compatible with maintaining the independence of the independent registered public accounting firm and has concluded that the independence of both our independent public accounting firm is maintained and is not compromised by the services provided.

Table of Contents**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The table below sets forth information known to us regarding the beneficial ownership of our common stock as of April 11, 2008, the record date for the annual meeting, by each of the following:

EXECUTIVE COMPENSATION

The Compensation Committee reviews and approves our executive compensation policies. The Board administers our various incentive plans, including the Stock Option Plan and the Employee Stock Purchase Plan, sets compensation policies applicable to our executive officers and evaluates the performance of our executive officers. The following describes the compensation policies and rationale applicable with respect to the compensation paid to our executive officers for the fiscal year ended December 31, 2007.

Compensation Philosophy

Our executive compensation programs are designed to attract, motivate and retain executives who will contribute significantly to our long-term success and the enhancement of shareholder value. In addition to base salary, certain elements of total compensation are payable in the form of variable incentive plans tied to our performance and the performance of the individual officers. In addition, our equity-based plans are designed to closely align executive and shareholder interests.

Role of Executive Officers in Compensation Decisions

The Compensation Committee makes all decisions regarding the compensation of executive officers, including cash-based and equity-based incentive compensation programs. Currently, the President and Chief Financial Officer are the sole executive officers of the Company. The Compensation Committee annually reviews the performance of the President and Chief Financial Officer.

Base Salary

Base salary for executives, including that of the President, is set according to the responsibilities of the position, the specific skills and experience of the individual and the competitive market for executive talent. In order to evaluate the competitive position of our salary structure, the Compensation Committee makes reference to publicly available compensation information and informal compensation surveys obtained by management with respect to cash compensation and stock option grants to officers of comparable companies in the high-technology sector, our industry and our geographic location. Executive salary levels are set to approximate average rates, with the intent that superior performance under incentive bonus plans will enable the executive to elevate his total cash compensation levels that are above average of comparable companies. The Compensation Committee reviews salaries annually and adjusts them as appropriate to reflect changes in market conditions and individual performance and responsibilities.

Bonuses

The Compensation Committee awards bonuses to our executive officers to reward superior performance. For fiscal 2007, we paid incentive bonuses to our executive officers based on annual discretionary bonus targets established by our Compensation Committee each year. These targets amounts represented the maximum percentage of base salary that would be paid as incentive bonuses to each of our named executive officers and, following the completion of our fiscal year, the Compensation Committee was authorized to award incentive bonuses to our executive officers up to the pre-established target amount. For fiscal 2007, the Compensation Committee approved the payment of incentive bonuses for Richard Lanigan, our President, and William Abbott, our Chief Financial Officer, of \$64,969 and \$52,500, respectively, representing approximately 26% of their respective base salaries, or 87.5% of their maximum target bonus opportunity.

On February 29, 2008, our Compensation Committee approved the establishment of a 2008 Executive Discretionary Bonus Plan pursuant to which Mr. Lanigan and Mr. Abbott would be entitled to receive discretionary performance-based bonuses. The maximum bonuses payable under such plan would be 39% of base salary for

Table of Contents

Mr. Lanigan (\$96,525) and 39% of base salary for Mr. Abbott (\$78,000). Bonus amounts are based on satisfaction of performance targets that are weighted as follows:

Target Category	Maximum Bonus (as% of base salary)
Domestic Handpiece Revenue Target:	15% of base salary
Ending Cash Balance Target:	10.5% of base salary
Operating Income:	4.5% of base salary

In addition, a supplemental bonus opportunity equal to 9% of base salary may be paid in the event that domestic handpiece revenue targets are surpassed. No bonus is payable with respect to any individual target categories unless at least (i) 75% of the domestic handpiece revenue target is achieved, (ii) 50% of the ending cash balance target is achieved, or (iii) 25.825% of the operating income target is achieved.

Stock Option Plan, Stock Purchase Plan and Certain Other Compensation

The Compensation Committee believes that our Stock Option Plan is an essential tool to link the long-term interests of shareholders and employees, especially executive management, and serves to motivate executives to make decisions that will, in the long run, give the best returns to shareholders. Stock options are generally granted when an executive joins Cardiogenesis, with subsequent grants also taking into account the individual's performance and the vesting status of previously granted options. These options typically vest over a three year period and are granted at an exercise price equal to the fair market value of our common stock at the date of grant. The sizes of initial option grants are based upon the position, responsibilities and expected contribution of the individual. This approach is designed to maximize shareholder value over a long term, as no benefit is realized from the option grant unless the price of our common stock has increased over a number of years.

In addition to the Stock Option Plan, executive officers are eligible to participate in our Employee Stock Purchase Plan. This plan allows employees to purchase our common stock at a price equal to 85% of the lower of the fair market value at the beginning of the offering period or the fair market value at the end of the purchase period.

Other elements of executive benefits include life and long-term disability insurance, medical benefits and a 401(k) plan. All such benefits are available to all our regular, full-time employees. We also maintain a Management Incentive Compensation Program for officers and certain other management positions, pursuant to which bonuses are paid out if Cardiogenesis attains certain bonus targets.

Compensation to President in 2007 and Other Employment Agreements***Compensation of President***

On July 30, 2007, we entered into a written employment agreement with Richard Lanigan, our President. Pursuant to the terms of that agreement, we agreed to pay a base salary of \$247,500 and to set his target annual discretionary target bonus at 30% of his base salary (both of which reflected his base salary and target bonus then in effect). In addition, the agreement provided that Mr. Lanigan's benefits were to remain unchanged and include, at a minimum, medical insurance (including prescription drug benefit) for Mr. Lanigan and his spouse, as well as no less than three weeks paid vacation per year. On February 29, 2008, our Board approved the payment of an incentive bonus to Mr. Lanigan for the 2007 fiscal year of \$64,969, an amount which represents approximately 26% of his base salary for 2007 or approximately 87.5% of his maximum target bonus opportunity. The Board also increased Mr. Lanigan's maximum discretionary target bonus to 39% of his base salary, or \$96,525.

Our employment agreement with Mr. Lanigan also provides that that all outstanding options held by him will accelerate and become exercisable in full and all rights of repurchase with respect to restricted stock (if any) shall terminate in the event of a Change of Control or a Corporate Transaction. For purposes of this agreement, a Change of Control means a change in ownership or control of Cardiogenesis effected through the acquisition, directly or indirectly, by any person or related group of persons (other than Cardiogenesis or a person that directly or indirectly controls, is controlled by, or is under common control with, us), of beneficial ownership (within the meaning of Rule 13d-3 of the Securities and Exchange Act of 1934) of securities possessing more than fifty percent (50%) of the total combined voting power of our outstanding securities pursuant to a tender or exchange offer made directly to our shareholders which the Board does not recommend such shareholders to accept. A Corporate

Table of Contents

Transaction means either of the following shareholder-approved transactions to which we are a party: (i) a merger or consolidation in which securities possessing more than fifty percent (50%) of the total combined voting power of our outstanding securities are transferred to a person or persons different from the persons holding those securities immediately prior to such transaction; or (ii) the sale, transfer or other disposition of all or substantially all of our assets in connection with our complete liquidation or dissolution.

Our employment agreement with Mr. Lanigan also provides for certain payments following the termination of his employment with us. In the event we terminate Mr. Lanigan's employment with us for Cause, or in the event of a resignation without Good Reason (other than in connection with a Change of Control or Corporate Transaction, as described above), we are obligated to pay Mr. Lanigan only his accrued but unpaid base salary and benefits through the date of termination. In the event we terminate his employment without Cause or Mr. Lanigan terminates his employment with us for Good Reason, we are obligated to pay Mr. Lanigan the following:

accrued but unpaid salary and benefits through the date of termination;

a severance payment in an amount equal to six months of his then-current base salary;

a prorated payment equal to the target bonus amount for which he would be eligible for the year in which such resignation or termination occurred, and

continuation of certain insurance benefits for six months.

In addition, to the extent not already vested, all options to purchase shares of our common stock and restricted stock shall vest by six additional months.

In the event we terminate Mr. Lanigan's employment in connection with a Change of Control or a Corporate Transaction or Mr. Lanigan terminates his employment with us following a Change in Control or Corporate Transaction under certain circumstances, we are obligated to pay Mr. Lanigan the following:

accrued but unpaid salary and benefits through the date of termination;

a severance payment in an amount equal to 12 months of his then-current base salary;

payment equal to the target bonus amount for which he would be eligible for the year in which such resignation or termination occurred; and

continuation of certain insurance benefits for 12 months.

In addition, to the extent not already vested, all options to purchase shares of our common stock and restricted stock shall vest in full.

Compensation of Chief Financial Officer

On July 30, 2007, we entered into an employment agreement with William R. Abbott, our Chief Financial Officer. The terms of our employment agreement with Mr. Abbott are substantially the same as the terms of our agreement with Mr. Lanigan, discussed above, provided, however, that the initial base salary to be paid to Mr. Abbott upon execution of his agreement with us was \$200,000 per year. On February 29, 2008, our Board approved the payment of an incentive bonus to Mr. Abbott for the 2007 fiscal year of \$52,500, an amount which represents approximately 26% of his base salary for 2007 or approximately 87.5% of his maximum target bonus opportunity. The Board also

increased Mr. Abbott's maximum discretionary target bonus to 39% of his base salary, or \$78,000.
