Information contained herein is subject to completion or amendment. A registration statement relating to these securities has been filed with the Securities and Exchange Commission. These securities may not be sold nor may offers to buy be accepted prior to the time the registration statement becomes effective. This prospectus shall not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of these securities in any State in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such State.

Units

Enterra Energy Trust (the "Trust") may from time to time offer trust units ("Trust Units"), subscription receipts ("Subscription Receipts"), warrants ("Warrants") and units ("Units") of the Trust (collectively, Trust Units, Subscription Receipts, Warrants and Units are referred to herein as the "Securities") having an aggregate offering price of up to \$300,000,000 (or the equivalent in US dollars or other currencies) during the 25 month period that this short form base shelf prospectus remains valid.

This offering is made by a foreign issuer that is permitted, under a multi-jurisdictional disclosure system adopted by the United States, to prepare this prospectus in accordance with Canadian disclosure requirements. Prospective investors should be aware that such requirements are different from those of the United States. Financial statements included or incorporated herein have been prepared in accordance with Canadian generally accepted accounting principles, and may be subject to Canadian auditing and auditor independence standards, and thus may not be comparable to financial statements of United States companies.

Prospective investors should be aware that the acquisition of the securities described herein may have tax consequences both in the United States and Canada. Such consequences for investors who are resident in, or citizens of, the United States may not be described fully herein.

The enforcement by investors of civil liabilities under the United States federal securities laws may be affected adversely by the fact that the Trust is organized under the laws of Canada, that some or all of the officers and directors of the Trust's administrator are residents of Canada, that some or all of the underwriters or experts named in the registration statement are Canadian residents, and that all or a significant portion of the assets of the Trust and said persons may be located outside of the United States.

These securities have not been approved or disapproved by the Securities and Exchange Commission nor has the Commission passed upon the accuracy or adequacy of this prospectus. Any representation to the contrary is a criminal offence.

The outstanding Trust Units are listed and posted for trading on the Toronto Stock Exchange ("TSX") under the symbol "ENT.UN" and on the New York Stock Exchange ("NYSE") under the symbol "ENT". **There is no market through which the Subscription Receipts, Warrants or Units may be sold and purchasers may not be able to resell any Subscription Receipts, Warrants or Units purchased under this prospectus. This may affect the pricing of these securities in the secondary market, the transparency and availability of trading prices, the liquidity of the securities, and the extent of issuer regulation. See the "Risk Factors" section of the applicable prospectus supplement.**

Edgar Filing: ENTERRA ENERGY TRUST - Form F-10

The Trust may sell the Securities to or through underwriters purchasing as principals and may also sell the Securities to one or more purchasers directly or through agents. See "Plan of Distribution". The prospectus supplement relating to a particular offering of Securities will identify each underwriter or agent, as the case may be, engaged by the Trust in connection with the offering and sale of the Securities, and will set forth the terms of the offering of such Securities, including the method of distribution of such Securities, the proceeds to the Trust, any fees, discounts or other compensation payable to underwriters or agents and any other material terms of the plan of distribution.

Unless provided otherwise in a prospectus supplement relating to a particular offering of Securities, the underwriters may over-allot or effect transactions which stabilize, maintain or otherwise affect the market price of the Securities at a level above that which might otherwise prevail in the open market. Such transactions may be commenced, interrupted or discontinued at any time. See "Plan of Distribution".

The Trust is a public energy trust which offers and sells Trust Units to the public. The Trust Units are not "deposits" within the meaning of the *Canada Deposit Insurance Corporation Act* and are not insured under the provisions of that Act or any other legislation. Furthermore, the Trust is not a trust company and, accordingly, it is not registered under any trust and loan company legislation as it does not carry on or intend to carry on the business of a trust company.

The return on an investment in Trust Units is not comparable to the return on an investment in a fixed-income security. The recovery of the initial investment made by holders of Trust Units ("Unitholders") is at risk, and the anticipated return on a Unitholder's investment is based on many performance assumptions. The Trust suspended cash distributions to Unitholders in September 2007. While the Trust intends to commence making cash distributions to Unitholders again, this may not occur and even if it does such cash distributions may be reduced or suspended again. Cash distributions are not guaranteed. The Trust's ability to make cash distributions and the actual amount, if any, distributed will depend on numerous factors including, among other things: the operational and financial performance of the Trust and its subsidiaries and the debt obligations, working capital requirements and future capital requirements of the Trust and its subsidiaries, all of which are susceptible to a number of risks. In addition, the market value of the Trust Units may decline based on whether or not the Trust is making cash distributions and the levels of such distributions and any such market value decline may be material.

It is important for an investor to consider the particular risk factors that may affect the industry in which it is investing, and therefore the stability of the distributions that it receives. See, for example, the risk factors under the heading "Risk Factors - Risks Relating to Our Business" on pages 15 to 30 of the AIF (as defined herein) and any annual information form subsequently filed by the Trust incorporated by reference herein and in our management's discussion and analysis of financial condition and results of operations incorporated by reference herein.

The after tax return from an investment in Trust Units to Unitholders subject to Canadian income tax can be made up of both a return on capital and a return of capital. That composition may change over time, thus affecting an investor's after tax return. The Trust is unable to reasonably estimate the return of capital on anticipated distributions, and this amount might vary materially from period to period. Returns on capital are generally taxed as ordinary income in the hands of a Unitholder. Returns of capital generally are tax-deferred for holders of Trust Units who are resident in Canada for purposes of the *Income Tax Act* (Canada) (the "Tax Act") (and reduce such holder's adjusted cost base in the Trust Unit for purposes of the Tax Act). Distributions of income and returns of capital to a holder of Trust Units who is not resident in Canada for purposes of the Tax Act, or that is a partnership that is not a "Canadian partnership" for purposes of the Tax Act, generally will be subject to Canadian withholding tax. Prospective investors should read the tax discussion in any applicable prospectus supplement.

The principal and head office of the Trust is located at Suite 2700, 500 - 4th Avenue S.W., Calgary, Alberta, Canada T2P 2V6.

ABOUT THIS PROSPECTUS

Unless the context otherwise requires, all references in this prospectus and any prospectus supplement to "Trust", "we", "us" and "our" means Enterra Energy Trust, and where the context requires, includes the Trust and all of its subsidiaries.

In this prospectus and in any prospectus supplement, unless otherwise specified, all dollar amounts are expressed in Canadian dollars, references to "dollars" or "\$" are to Canadian dollars and all references to "US\$" are to United States dollars. Unless otherwise indicated, all financial information included and incorporated by reference in this prospectus or included in any prospectus supplement is determined using Canadian generally accepted accounting principles, referred to as "Canadian GAAP". "U.S. GAAP" means generally accepted accounting principles in the United States. We prepare our consolidated financial statements in accordance with Canadian GAAP, which differs from U.S. GAAP. Therefore, our consolidated financial statements included and incorporated by reference in this prospectus, in any applicable prospectus supplement and in the documents incorporated by reference in this prospectus may not be comparable to financial statements prepared in accordance with U.S. GAAP. For a discussion of the principal differences between the Trust's financial results determined using Canadian GAAP and U.S. GAAP, prospective United States investors should refer to the exhibits to the Trust's amended annual report on Form 40-F for the year ended December 31, 2007.

The U.S. Securities and Exchange Commission ("SEC") permits United States oil and natural gas companies, in their filings with the SEC, to disclose only proved reserves, net of royalties and interests of others, that geological and engineering data demonstrate with reasonable certainty to be recoverable in future years from known reservoirs under existing economic and operating conditions. Canadian securities laws permit oil and natural gas companies, in their filings with Canadian securities regulators, to disclose reserves that are higher risk and have a lower likelihood of recovery than proved reserves and to show such reserves on a gross basis, that is not excluding royalties and interests of others. Certain of our reserves disclosure in the documents incorporated by reference into this prospectus would be prohibited in filings with the SEC by United States oil and natural gas companies.

A prospectus supplement containing the specific terms of an offering of Securities will be delivered to purchasers of such Securities together with this prospectus and will be deemed to be incorporated by reference into this prospectus as of the date of such prospectus supplement solely for the purposes of the offering of Securities offered thereunder.

FORWARD-LOOKING STATEMENTS

Certain statements included in this prospectus and the documents incorporated by reference herein constitute forward-looking statements or information (collectively referred to as "forward-looking statements") within the meaning of applicable Canadian and United States securities legislation. The use of any of the words "anticipate", "continue", "estimate", "expect", "may", "will", "project", "should", "believe" and similar expressions are intended to identify forward-looking statements. ENTERRA ENERGY TRUST

The Trust is an open-ended oil and gas investment trust established under the laws of the Province of Alberta pursuant to a trust indenture with Olympia Trust Company as trustee. The Trust's assets consist of the securities of the Trust's subsidiaries and indirect interests in crude oil and natural gas properties through the Trust's operating subsidiaries. The beneficiaries of the Trust are the holders of Trust Units. The Trust's principal and head office is located at Suite 2700, 500 - 4th Avenue S.W., Calgary, Alberta, Canada T2P 2V6.

The Trust's portfolio of crude oil, natural gas liquids and natural gas interests is geographically diversified and split between natural gas and liquids production. The Trust's properties are located principally in Alberta, British Columbia and Saskatchewan in Canada and in Oklahoma in the United States.

USE OF PROCEEDS

Unless otherwise indicated in an applicable prospectus supplement relating to a particular offering of Securities, the Trust intends to use the net proceeds from the sale of Securities for general corporate purposes. Those general corporate purposes may include, but are not limited to, capital expenditures, the repayment of indebtedness and the financing of acquisitions. The amount of net proceeds to be used for any such purpose will be described in an applicable prospectus supplement. The Trust may invest funds that it does not immediately use in short-term marketable securities.

DESCRIPTION OF SECURITIES

Trust Units

Each Trust Unit entitles the holder thereof to one vote at any meeting of unitholders and represents an equal fractional undivided beneficial interest in any distribution from the Trust (whether of net income, net realized capital gains or other amounts) and in any net assets of the Trust in the event of the termination or winding-up of the Trust. All Trust Units rank among themselves equally and rateably without discrimination, preference or priority. Each Trust Unit is transferable, subject to compliance with applicable securities laws. No person is entitled as a matter of right to subscribe for or purchase any Trust Units. Each unitholder is entitled, subject to certain terms, conditions and limitations, to require the Trust to redeem, at the demand of the unitholder, all or part of the unitholder's Trust Units. See the Trust's annual information form incorporated by reference into this prospectus for a detailed description of the rights, privileges and restrictions associated with the Trust Units.

Subscription Receipts

Subscription Receipts may be offered separately or together with Trust Units and/or other securities of the Trust, including Warrants. The Subscription Receipts will be issued under a subscription receipt agreement that will be entered into by the Trust and an escrow agent at the time of issuance of the Subscription Receipts.

A Subscription Receipt will entitle the holder thereof to receive a Trust Unit and/or other securities of the Trust, for no additional consideration, upon the completion of a particular transaction or event, typically an acquisition of the assets or securities of another entity by the Trust or one or more of its subsidiaries. The subscription proceeds from an offering of Subscription Receipts will be held in escrow by an escrow agent pending the completion of the transaction or the termination time (the time at which the escrow terminates regardless of whether the transaction or event has occurred). Holders of Subscription Receipts will receive Trust Units and/or other securities of the Trust upon the completion of the particular transaction or event or, if the transaction or event does not occur by the termination time, a return of the subscription funds for their Subscription Receipts together with any interest or other income earned thereon. Holders of Subscription Receipts are not unitholders of the Trust.

The particular terms and provisions of Subscriptions Receipts offered by any prospectus supplement, and the extent to which the general terms and provisions described below may apply to them, will be described in the prospectus supplement filed in respect of such Subscription Receipts. This description will include, where applicable: (i) the number of Subscription Receipts offered; (ii) the price at which the Subscription Receipts will be offered; (iii) the terms, conditions and procedures pursuant to which the holders of Subscription Receipts will become entitled to receive Trust Units and/or other securities of the Trust; (iv) the number of Trust Units and/or other securities of the Trust that may be obtained upon exercise of each Subscription Receipt; (v) the designation and terms of any other securities with which the Subscription Receipts will be offered, if any, and the number of Subscription Receipts that will be offered with each such security; (vi) the terms relating to the holding and release of the gross proceeds from the sale of the Subscription Receipts plus any interest and income earned thereon; (vii) the material income tax consequences of owning, holding and disposing of the Subscription Receipts; and (viii) any other material terms and conditions of the Subscription Receipts including, without limitation, transferability and adjustment terms and whether the Subscription Receipts will be listed on a stock exchange.

Warrants

Warrants will typically be offered with Trust Units, with such securities often referred to collectively as a "unit", but may be offered with Subscription Receipts or separately. The Warrants either will be issued under a warrant indenture or agreement that will be entered into by the Trust and a trustee at the time of issuance of the Warrants or will be represented by Warrant certificates issued by the Trust.

A Warrant will entitle the holder thereof to receive a Trust Unit and/or other securities of the Trust upon the exercise thereof and payment of the applicable exercise price. A Warrant will be exercisable for a specific period of time at the end of which time it will expire and cease to be exercisable. Holders of Warrants are not unitholders of the Trust.

The particular terms and provisions of Warrants offered by any prospectus supplement, and the extent to which the general terms and provisions described below may apply to them, will be described in the prospectus supplement filed in respect of such Warrants. This description will include, where applicable: (i) the title or designation of the Warrants; (ii) the number of Warrants offered; (iii) the number of Trust Units and/or other securities of the Trust purchasable upon exercise of the Warrants and the procedures for exercise; (iv) the exercise price of the Warrants; (v) the dates or periods during which the Warrants are exercisable and when they expire; (vi) the designation and terms of any other securities with which the Warrants will be offered, if any, and the number of Warrants that will be offered with each such security; (vii) the material income tax consequences of owning, holding and disposing of the Warrants; and (viii) any other material terms and conditions of the Warrants including, without limitation, transferability and adjustment terms and whether the Warrants will be listed on a stock exchange.

Units

Units are a security comprised of one or more of the other Securities described in this prospectus offered together as a "unit". A Unit is typically issued so that the holder thereof is also the holder of each Security included in the Unit. Thus, the holder of a Unit will have the rights and obligations of a holder of each Security comprising the Unit. The unit agreement under which a Unit is issued may provide that the Securities comprising the Unit may not be held or transferred separately at any time or at any time before a specified date.

The particular terms and provisions of Units offered by any prospectus supplement, and the extent to which the general terms and provisions described below may apply to them, will be described in the prospectus supplement filed in respect of such Units. This description will include, where applicable: (i) the designation and terms of the Units and of the Securities comprising the Units, including whether and under what circumstances those Securities may be held or transferred separately; (ii) any provisions for the issuance, payment, settlement, transfer or exchange of the Units or of the Securities comprising the Units; (iii) whether the Units will be issued in fully registered or global form; and (iv) any other material terms and conditions of the Units.

RISK FACTORS

Prospective purchasers of Securities should consider carefully the risk factors contained in and incorporated by reference into this prospectus including those described in a prospectus supplement relating to a specific offering of Securities.

Discussions of certain risks affecting the Trust in connection with its business are provided in the Trust's annual disclosure documents (annual information form and management's discussion and analysis) filed with the various regulatory authorities which are incorporated by reference into this prospectus.

CERTAIN INCOME TAX CONSEQUENCES

The applicable prospectus supplement will describe certain material Canadian federal income tax consequences to an investor who is a resident of Canada or who is a non-resident of Canada of acquiring, owning and disposing of any Securities offered thereunder, including whether the payments of distributions, will be subject to Canadian non-resident withholding tax. The applicable prospectus supplement will also describe certain material United States federal income tax consequences of the acquisition, ownership and disposition of any Securities offered thereunder by an initial investor who is a United States person (within the meaning of the United States Internal Revenue Code).

PLAN OF DISTRIBUTION

The Trust may sell the Securities (i) to underwriters purchasing as principal; (ii) directly to one or more purchasers pursuant to applicable statutory exemptions; or (iii) through agents. The Securities may be sold at fixed prices or non-fixed prices, such as prices determined by reference to the prevailing price of the Securities in a specified market, at market prices prevailing at the time of sale or at prices to be negotiated with purchasers, which prices may vary as between purchasers and during the period of distribution of the Securities.

The prospectus supplement relating to each offering of Securities will set forth the terms of the offering of those Securities, including the name or names of any underwriters or agents, the purchase price of the Securities, the proceeds to the Trust, any underwriters' or agents' fees or other compensation, any public offering price, and any discounts or concessions allowed or re-allowed or paid. Only underwriters or agents named in the relevant prospectus supplement are deemed to be underwriters or agents in connection with the Securities offered by that prospectus supplement.

If underwriters purchase Securities as principal, the Securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The obligations of the underwriters to purchase those Securities will be subject to certain conditions precedent, and the underwriters will be obligated to purchase all the Securities offered by the prospectus supplement if any of such Securities are purchased. Any public offering price and any discounts or concessions allowed or re-allowed or paid may be changed from time to time.

The Securities may also be sold directly by us at prices and upon terms agreed to by the purchaser and us or through agents designated by us from time to time. Any agent involved in the offering and sale of the Securities pursuant to a particular prospectus supplement will be named, and any commissions payable by us to that agent will be set forth, in such prospectus supplement. Unless otherwise indicated in the prospectus supplement, any agent would be acting on a best efforts basis for the period of its appointment.

Edgar Filing: ENTERRA ENERGY TRUST - Form F-10

The Trust may agree to pay the underwriters a commission for various services relating to the issue and sale of any Securities offered by this prospectus. Any such commission will be paid out of our general funds. Underwriters and agents who participate in the distribution of the Securities may be entitled under agreements to be entered into with us to indemnification by us against certain liabilities, including liabilities under securities legislation, or to contribution with respect to payments that those underwriters or agents may be required to make in respect thereof.

Any offering of Subscription Receipts, Warrants or Units will be a new issue of Securities with no established trading market. Unless otherwise specified in the applicable prospectus supplement, the Subscription Receipts, Warrants or Units will not be listed on any stock exchange. Certain dealers may make a market in such Securities, but will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given that any dealer will make a market in such Securities or as to the liquidity of the trading market, if any, for such Securities.

The prospectus supplement will set forth the intention of any underwriters or agents who participate in the distribution of the Securities to over-allot or effect transactions which stabilize, maintain or otherwise affect the Security's price at a higher level than that which might exist in the open market. Such transactions may be commenced, interrupted or discontinued at any time.

PART II

INFORMATION NOT REQUIRED TO BE DELIVERED TO OFFEREES OR PURCHASERS

INDEMNIFICATION OF DIRECTORS AND OFFICERS

Enterra Energy Corp.'s by-laws and the *Business Corporations Act (Alberta)* (the "Act") provide as follows. Every director and officer of the Corporation in exercising his powers and discharging his duties shall act honestly and in good faith with a view to the best interests of the Corporation and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. Subject to the foregoing, no director or officer shall be liable for the acts, receipts, neglects or defaults of any other director or officer or employee, or for joining in any receipt or other act for conformity, or for any loss, damage or expense happening to the Corporation through the insufficiency or deficiency of title to any property acquired for or on behalf of the Corporation, or for the insufficiency or deficiency of any security in or upon which any of the moneys of the Corporation shall be invested, or for any loss or damage arising from the bankruptcy, insolvency or tortuous acts of any person with whom any of the moneys, securities or effects of the Corporation shall be deposited, or for any loss occasioned by any error of judgment or oversight on his part, or for any other loss, damage or misfortune whatsoever which shall happen in the execution of the duties of his office or in relation thereto, unless the same are occasioned by his own willful neglect or default; provided that nothing herein shall relieve any director or officer from the duty to act in accordance with the Act and the regulations thereunder or from liability for any breach thereof. No act or proceeding of any director or officer or the board shall be deemed invalid or ineffective by reason of the subsequent ascertainment of any irregularity in regard to such act or proceeding or the qualification of such director or officer or board.

Subject to the limitations contained in the Act, the Corporation shall indemnify a director or officer, a former director or officer, or a person who acts or acted at the Corporation's request as a director or officer of a body corporate of which the Corporation is or was a shareholder or creditor and his heirs and legal representatives, against all costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment, reasonably incurred by him in respect of any civil, criminal or administrative action or proceeding to which he is made a party by reason of being or having been a director or officer of the Corporation or such body corporate, if: (a) he acted honestly and in good faith with a view to the best interests of the Corporation; and (b) in the case of a criminal or administrative action or proceeding that is enforced by a monetary penalty, he had reasonable grounds for believing that his conduct was lawful.

Subject to the limitations contained in the Act, the Corporation may purchase and maintain such insurance for the benefit of its directors and officers as such against any liability incurred by him, as the board may from time to time determine.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers or persons controlling the Registrant pursuant to the foregoing provisions, the Registrant has been informed that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is therefore unenforceable.
