1. DESCRIPTION OF THE PLAN

The following is a brief description of the HealthStream, Inc. Employee Stock Purchase Plan ("the Plan"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

In February 2000, the Board of Directors of HealthStream, Inc. (the "Company") adopted the HealthStream, Inc. Employee Stock Purchase Plan (the "Plan"). The Plan was effective beginning with the initial public offering of HealthStream, Inc. common stock on April 10, 2000. In connection with the plan, 1,000,000 shares have been reserved for issuance.

PLAN YEAR

The Plan year begins on the first trading day of HealthStream, Inc. common stock or April 1 and ends on March 31.

ELIGIBILITY

Substantially all regular employees of the Company and its subsidiaries are eligible to participate in the Plan upon completion of 30 days of employment prior to the beginning of each Plan year.

An employee may choose to withdraw from the Plan at any time prior to 15 days prior to the end of the Plan year. Participants that terminate employment with the Company prior to the end of the Plan year are not eligible to remain in the Plan. Upon termination or withdrawal any accumulated contributions are returned to the employee.

CONTRIBUTIONS

The Plan permits eligible employees to contribute not less than \$50 per month and not more than 15% of wages and salary through regular payroll deductions on an after tax basis. Employees are also allowed to make one lump sum contribution during each Plan year. In addition to the above limits, the number of shares acquired by each individual participant is limited to 2,500 shares per Plan year.

The Company holds contributions until the end of the Plan year, at which point common stock of the Company is purchased and distributed to the contributing participants. All funds held by the Company under the Plan are included in the general assets of the Company.

STOCK PURCHASE PROVISIONS

On the first day of each Plan year (the first trading day or April 1), participants in the Plan are granted the option to purchase shares of the Company's common stock from the Company. On the last day of each Plan year (March 31), the Company uses participant contributions, net of refunds, to purchase shares of the Company's common stock for the participant. Such stock is immediately distributed to Plan participants. Contributions that exceed the Plan provisions or the Internal Revenue Code limits are refunded to participants. The purchase price per share to the participant is equal to 85% of the market value, as defined in the Plan, of the Company's common stock on the first or last day of the Plan year, whichever amount is lower. The fair market value of the stock acquired through the Plan by any one participant cannot exceed \$25,000 in one calendar year as dictated by the Internal Revenue Code Section 423.

At March 30, 2001, the last trading day prior to the Plan year end, the Company's closing stock price was \$1.25. Accordingly, the Plan, on behalf of the participants, purchased 53,606 shares of the Company's common stock at \$1.0625 (85% of \$1.25) on April 2, 2001 with an effective date of March 31, 2001.

Shares purchased by the Plan on behalf of the participants are transferred into a brokerage account in the employee's name. There are 946,394 shares remaining available for issuance under the Plan.

PLAN TERMINATION

Even though there are no current intentions to do so, the Board of Directors can terminate the Plan at any time. Stock purchase transactions in process at the time of such termination cannot be modified or canceled without the written consent of the participants.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires Plan management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and disclosure of any contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in Plan equity during the reporting period. Actual results may differ from those estimates and the differences could be material.

PLAN ADMINISTRATION

The Plan is administered by the Compensation Committee of the Company's Board of Directors, which consists of three non-employee directors.

3. FEDERAL INCOME TAXES

The Plan is intended to be an Employee Stock Purchase Plan under Section 423 of the Internal Revenue Code of 1986 ("the Code"). Accordingly, the Plan is designed to be exempt from income taxes.
