### RISK FACTORS

An investment in our common stock involves a high degree of risk. You should carefully consider the risks below and other information in this prospectus before deciding to invest in our common stock.

OUR STATUS AS A HOLDING COMPANY MAKES US DEPENDENT ON DIVIDENDS FROM OUR SUBSIDIARIES TO MEET OUR OBLIGATIONS.

We are a holding company and we conduct almost all of our operations through our subsidiaries. We do not have any significant assets other than the stock of our subsidiaries. Accordingly, we depend on the cash flows of our subsidiaries to meet our obligations. Our right to participate in any

## Edgar Filing: FNB CORP/FL/ - Form 424B3

distribution of earnings or assets of our subsidiaries is subject to the prior claims of creditors of such subsidiaries. Under federal and state law, our bank subsidiaries are limited in the amount of dividends they can pay to us without prior regulatory approval. Also, bank regulators have the authority to prohibit our subsidiary banks from paying dividends if they think the payment would be an unsafe and unsound banking practice.

INTEREST RATE VOLATILITY COULD SIGNIFICANTLY HARM OUR BUSINESS.

Our results of operations are materially affected by the monetary and fiscal policies of the federal government and the regulatory policies of governmental authorities. Our profitability will be dependent to a large extent on our net interest income, which is the difference between income from interest-earning assets, such as loans, and expense of interest-bearing liabilities, such as deposits. A change in market interest rates will adversely affect our earnings if market interest rates change such that the interest we pay on deposits and borrowings increases faster than the interest we collect on loans and investments. Consequently, we, along with other financial institutions generally, are particularly sensitive to interest rate fluctuations.

OUR RESULTS OF OPERATIONS ARE SIGNIFICANTLY AFFECTED BY THE ABILITY OF OUR BORROWERS TO REPAY THEIR LOANS.

Lending money is an essential part of the banking business. However, borrowers do not always repay their loans. The risk of non-payment is affected by:

- credit risks of a particular borrower;
- changes in economic and industry conditions;
- the duration of the loan; and
- in the case of a collateralized loan, uncertainties as to the future value of the collateral.

Generally, commercial/industrial, construction and commercial real estate loans present a greater risk of non-payment by a borrower than other types of loans. Our focus on making these types of loans may make us more susceptible to the risk of non-payment than other banking companies.

3

5

OUR FINANCIAL CONDITION AND RESULTS OF OPERATIONS WILL BE ADVERSELY AFFECTED IF OUR ALLOWANCE FOR LOAN LOSSES IS NOT SUFFICIENT TO ABSORB ACTUAL LOSSES.

There is no precise method of predicting loan losses. We can give no assurance that our allowance for loan losses is or will be sufficient to absorb actual loan losses. Excess loan losses could have a material adverse effect on our financial condition and results of operations. We attempt to maintain an appropriate allowance for loan losses to provide for potential losses in our loan portfolio. We periodically determine the amount of the allowance for loan losses based upon consideration of several factors, including:

- an ongoing review of the quality, mix and size of the overall loan portfolio;
- historical loan loss experience;
- evaluation of non-performing loans;

## Edgar Filing: FNB CORP/FL/ - Form 424B3

- assessment of economic conditions and their effects on the existing portfolio; and
- the amount and quality of collateral, including guarantees, securing loans.

IF WE ARE UNABLE TO ATTRACT SUFFICIENT DEPOSITS TO FUND OUR ANTICIPATED LOAN GROWTH, OUR FINANCIAL CONDITION COULD BE ADVERSELY AFFECTED.

We fund our loan growth primarily through deposits. To the extent that we are unable to attract and maintain levels of deposits to fund our loan growth, we would be required to raise additional funds through public or private financings. We can give no assurance that we would be able to obtain these funds on terms that are favorable to us.

WE COULD EXPERIENCE SIGNIFICANT DIFFICULTIES AND COMPLICATIONS IN CONNECTION WITH OUR GROWTH.

We have grown significantly over the last few years and may seek to continue to grow by acquiring financial institutions and branches as well as non-depository entities engaged in permissible activities for our financial institution subsidiaries. However, the market for acquisitions is highly competitive. We may not be as successful in the future as we have been in the past in identifying financial institution and branch acquisition candidates, integrating acquired institutions or preventing deposit erosion at acquired institutions or branches.

We may encounter unforeseen expenses, as well as difficulties and complications in integrating expanded operations and new employees without disruption to overall operations. In addition, rapid growth may adversely affect our operating results because of many factors, including start-up costs, diversion of management time and resources, asset quality and required operating adjustments. We may not successfully integrate or achieve the anticipated benefits of our growth or expanded operations.

4

6

WE COULD BE ADVERSELY AFFECTED BY CHANGES IN THE LAW, ESPECIALLY CHANGES DEREGULATING THE BANKING INDUSTRY.

We and our subsidiaries operate in a highly regulated environment and are subject to supervision and regulation by several governmental regulatory agencies, including the Federal Reserve Board, the Office of the Comptroller of the Currency, the FDIC and the Pennsylvania and Florida Departments of Banking. Regulations are generally intended to provide protection for depositors and customers rather than for investors. We are subject to changes in federal and state law, regulations, governmental policies, income tax laws and accounting principles. Deregulation could adversely affect the banking industry as a whole and may limit our growth and the return to investors by restricting such activities as:

- the payment of dividends;
- mergers with or acquisitions of other institutions;
- investments;
- loans and interest rates;

## Edgar Filing: FNB CORP/FL/ - Form 424B3

- providing securities, insurance or trust services; and
- the types of non-deposit activities in which our financial institution subsidiaries may engage.

In addition, legislation may change present capital requirements, which would restrict our activities and require us to maintain additional capital. We cannot predict what changes, if any, federal and state agencies will make to existing federal and state legislation and regulations or the effect that such changes may have on our business.

OUR RESULTS OF OPERATIONS COULD BE ADVERSELY AFFECTED DUE TO SIGNIFICANT COMPETITION.

We may not be able to compete effectively in our markets, which could adversely affect our results of operations. The banking and financial service industry in each of our market areas is highly competitive. The increasingly competitive environment is a result of:

- changes in regulation;
- changes in technology and product delivery systems; and
- the accelerated pace of consolidation among financial services providers.

We compete for loans, deposits and customers with various bank and non-bank financial service providers, many of which are larger in terms of total assets and capitalization, have greater access to capital markets and offer a broader array of financial services than we do. Competition with such institutions may cause us to increase our deposit rates or decrease our interest rate spread on loans we originate.

### F.N.B. CORPORATION

We are a financial services holding company with executive offices in Naples, Florida and Hermitage, Pennsylvania. We provide a broad range of financial services to our customers through our banking, insurance agency, consumer finance, and trust company subsidiaries, which together operate 156 offices in four states. As of March 31, 2001, we had approximately \$4.0 billion in consolidated assets and approximately \$3.2 billion in deposits. Our main office is located at F.N.B. Center, 2150 Goodlette Road North, Naples, Florida 34102 and our telephone number is (941) 262-7600.

Our subsidiaries provide a full range of financial services, principally to consumers and small- to medium-sized businesses, in their respective market areas. Our business strategy has been to focus primarily on providing quality, community-based financial services adapted to the needs of each of the markets we serve. We have emphasized our community orientation by generally preserving the names and local management of our subsidiaries and allowing our subsidiaries significant autonomy in decision-making, thus enabling them to respond to customer requests more quickly.

The lending philosophy of each of our bank subsidiaries is to minimize credit losses by following uniform credit approval standards (which include independent analysis of realizable collateral value), diversifying our loan portfolio, maintaining a relatively modest average loan size and conducting ongoing review and management of the loan portfolio. The banks are active

## Edgar Filing: FNB CORP/FL/ - Form 424B3

residential mortgage lenders, and make commercial loans primarily to established local businesses. Our bank subsidiaries do not have a significant amount of construction loans, any highly leveraged transaction loans or any loans to foreign countries.

No material portion of the deposits of our bank subsidiaries has been obtained from a single or small group of customers, and the loss of any customer's deposits or a small group of customers' deposits would not have a material adverse effect on our business.

While we have generally sought to preserve the identities and autonomy of our subsidiaries, we have established centralized credit analysis, loan review, investment, audit and data processing functions. The centralization of these processes has enabled us to maintain consistent quality of these functions and to achieve certain economies of scale. We have recently further centralized our banking operations through the consolidation of our banking subsidiaries under one charter in each state. Our five Florida banking subsidiaries have been consolidated under the charter of First National Bank of Florida (excluding the recently acquired Citizens Community Bank of Florida, which will be consolidated under the charter of FNB of Florida later this year), and our two Pennsylvania banking subsidiaries have been consolidated under the charter of First National Bank of Pennsylvania. We believe the consolidation program will enable us to realize significant savings by eliminating operational redundancies and integrating common deposit and lending programs. The individual bank offices will generally retain their existing names and local management structure.

We have two insurance agency subsidiaries, Gelvin, Jackson and Starr, Inc., with six offices in Pennsylvania, and Roger Bouchard Insurance, Inc. with nine offices in Florida. Our consumer finance subsidiary, Regency Finance Company, has 48 offices in four states and had \$147.3 million in total assets as of March 31, 2001. Our trust company subsidiary, First National Trust Company, has six offices in Florida and Pennsylvania and held \$1.0 billion of assets in trust as of March 31, 2001.

We have five other subsidiaries, Penn-Ohio Life Insurance Company, First National Corporation, Customer Service Center of F.N.B., Mortgage Service Corporation, and F.N.B. Building Corporation. Penn-Ohio underwrites, as a reinsurer, credit life and accident and health insurance sold by our

6

8

subsidiaries. First National holds equity securities and other assets for the holding company. Customer Service provides data processing and other services to our affiliates. Mortgage Service services mortgage loans for unaffiliated financial institutions, and FNB Building owns real estate that is leased to certain of our affiliates.

As part of our operations, we regularly evaluate the potential acquisition of, and hold discussions with, various financial institutions and other businesses of a type eligible for financial holding company investment. In addition, we regularly analyze the values of, and submit bids for, the acquisition of customer-based funds and other liabilities and assets of such financial institutions and other businesses. As a general rule, we publicly announce such material acquisitions when a definitive agreement has been reached.

### RECENT EVENTS - PLANNED ACQUISITION OF PROMISTAR FINANCIAL CORPORATION

We have entered into a merger agreement, dated as of June 13, 2001, with Promistar Financial Corporation pursuant to which we will acquire Promistar

## Edgar Filing: FNB CORP/FL/ - Form 424B3

through the merger of Promistar with and into FNB. Under the terms of the merger agreement, at the effective time of the merger, each outstanding share of the Promistar's common stock will be converted into the right to receive 0.926 shares of our common stock. We expect to issue approximately 16 million shares of our common stock in connection with the merger.

The merger is intended to constitute a tax-free reorganization under the Internal Revenue Code of 1986, as amended (except for any cash paid to a Promistar shareholder in lieu of a fractional share of FNB common stock), and to be accounted for as a pooling of interests.

Consummation of the merger is subject to various conditions, including: (i) approval of the merger agreement by the shareholders of FNB and Promistar; (ii) receipt of certain regulatory approvals from the Board of Governors of the Federal Reserve System and other federal and state regulatory authorities; (iii) the receipt of an opinion of counsel as to the tax-free nature of certain aspects of the merger; (iv) receipt of a letter from FNB's independent accountants confirming that the merger may be accounted for as a pooling of interests; and (v) satisfaction of certain other conditions.

We expect the merger to be consummated during the first quarter of 2002.

For further information about FNB, see "Where You Can Find More Information" on page 2.

### DESCRIPTION OF CAPITAL STOCK

#### COMMON STOCK

GENERAL. We are authorized to issue 100,000,000 shares of common stock, \$0.01 par value per share, of which 25,556,384 shares were outstanding as of May 31, 2001. Our common stock is traded on the Nasdaq National Market under the trading symbol "FBAN." We provide transfer agent and registrar services for our common stock.

As of May 31, 2001, 2,860,527 shares of our common stock were reserved for issuance under various employee benefit plans and under our dividend reinvestment and stock purchase plan. In addition, we have reserved 16.5 million shares of our common stock for issuance in connection with our planned acquisition of Promistar Financial Corporation, which we expect to occur during the first quarter of 2002. See "F.N.B. Corporation - Recent events - Planned Acquisition of Promistar Financial Corporation." After taking into account those reserved shares, the number of authorized shares of common stock available for other corporate purposes as of May 31, 2001 was 55,083,089.

VOTING AND OTHER RIGHTS. Holders of our common stock are entitled to one vote per share, and, in general, a majority of votes cast with respect to a matter is sufficient to authorize action upon routine matters. Directors are elected by a plurality of the votes cast, and each shareholder entitled to vote in such election is entitled to vote each share of stock for as many persons as there are directors to be elected. In elections for directors, shareholders do not have the right to cumulate their votes. Holders of our Series A Preferred Stock (described below) vote as a class with holders of our common stock.

In the event of liquidation, holders of our common stock would be entitled to receive pro rata any assets legally available for distribution to shareholders with respect to shares held by them, subject to any prior rights of the holders of any preferred stock then outstanding.

9

11

Our common stock does not carry any preemptive rights, redemption privileges, sinking fund privileges or conversion rights. All of the outstanding shares of our common stock are validly issued and fully paid.

DISTRIBUTIONS. Holders of our common stock are entitled to receive such dividends or distributions as our Board of Directors may declare out of funds legally available for such payments. The payment of distributions by us is subject to the restrictions of Florida law applicable to the declaration of distributions by a business corporation. A corporation generally may not authorize and make distributions if, after giving effect thereto, it would be unable to meet its debts as they become due in the usual course of business or if the corporation's total assets would be less than the sum of its total liabilities plus the amount that would be needed, if it were to be dissolved at the time of distribution, to satisfy claims upon dissolution of shareholders who have preferential rights superior to the rights of the holders of its common stock. In addition, the payment of distributions to shareholders is subject to any prior rights of outstanding preferred stock. Share dividends, if any are declared, may be paid from authorized but unissued shares.

Our ability to pay distributions is affected by the ability of our

## Edgar Filing: FNB CORP/FL/ - Form 424B3

subsidiaries to pay dividends. The ability of our subsidiaries, as well as of us, to pay dividends in the future is influenced by bank regulatory requirements and capital guidelines.

### PREFERRED STOCK

GENERAL. We are authorized to issue 20,000,000 shares of preferred stock, \$0.01 par value per share. Our Board of Directors has the authority to issue preferred stock in one or more series and to fix the dividend rights, dividend rate, liquidation preference, conversion rights, voting rights, rights and terms of redemption (including sinking fund provisions), and the number of shares constituting any such series, without any further action by the shareholders unless such action is required by applicable rules or regulations or by the terms of other outstanding series of preferred stock. Any shares of preferred stock which may be issued may rank prior to shares of common stock as to payment of dividends and upon liquidation. There were 19,194 shares of Series A Preferred Stock issued and outstanding as of May 31, 2001 and 144,473 shares of Series B 7 1/2% Cumulative Convertible Preferred Stock issued and outstanding as May 31, 2001.

THE FOLLOWING SUMMARY OF THE SERIES A PREFERRED STOCK AND SERIES B PREFERRED STOCK IS QUALIFIED IN ITS ENTIRETY BY REFERENCE TO THE DESCRIPTION THEREOF CONTAINED IN OUR ARTICLES OF INCORPORATION ATTACHED AS EXHIBIT 4.1 TO THE CORPORATION'S CURRENT REPORT ON FORM 8-K FILED WITH THE SEC ON JUNE 1, 2001, WHICH IS INCORPORATED HEREIN BY REFERENCE.

SERIES A PREFERRED STOCK. The Series A Preferred Stock was created for the purpose of acquiring Reeves Bank in 1985. Holders of the Series A Preferred Stock are entitled to 6.2 votes for each share held. The holders of the Series A Preferred Stock do not have cumulative voting rights in the election of directors. Dividends on the Series A Preferred Stock are cumulative from the date of issue and are payable at a rate of \$.42 per share each quarter. The Series A Preferred Stock is convertible at the option of the holder into shares of common stock having a market value of \$25.00 at time of conversion. We have the right to require the conversion of the balance of all outstanding shares at the conversion rate. At May 31, 2001, 19,313 shares of common stock were reserved by us for the conversion of the 19,194 presently outstanding shares of Series A Preferred Stock.

The Series B Preferred Stock has a stated value of \$25.00 per share and is convertible at the option of the holder at any time into shares of common stock at a price of \$10.05 per share. At May 31, 2001, 377,128 shares of common stock were reserved by us for the conversion of the 144,473 presently outstanding shares of Series B Preferred Stock. We have the right to require the conversion of the balance of all outstanding shares at the conversion rate.

### PLAN OF DISTRIBUTION

We are registering the shares on behalf of the selling shareholders. Selling shareholders include donees and pledgees selling shares received from a named selling shareholder after the date of this prospectus. We will pay all

## Edgar Filing: FNB CORP/FL/ - Form 424B3

costs, expenses and fees in connection with the registration of the shares offered by this prospectus. Brokerage commissions and similar selling expenses, if any, attributable to the sale of shares will be borne by the selling shareholders.

Sales of shares may be effected by selling shareholders from time to time in one or more types of transactions (which may include block transactions) on Nasdaq, in the over-the-counter market, in negotiated transactions, through put or call options transactions relating to the shares, through short sales of shares, or a combination of such methods of sale, at market prices prevailing at the time of sale, or at negotiated prices. Such transactions may or may not involve brokers or dealers.

The selling shareholders have advised us that they have not entered into any agreements, understandings or arrangements with any underwriters or brokers-dealers regarding the sale of their securities. In addition, there is not an underwriter or coordinating broker acting in connection with the proposed sale of shares by the selling shareholders.

The selling shareholders may effect transactions by selling shares directly to purchasers or to or through broker-dealers, which may act as agents or principals. Such broker-dealers may receive compensation in the form of discounts, concessions, or commissions from the selling shareholders and/or the purchasers of shares for whom such broker-dealers may act as agents or to whom they sell as principal, or both. The compensation paid as to a particular broker-dealer might be in excess of customary commissions.

The selling shareholders and any broker-dealers that act in connection with the sale of shares might be deemed to be underwriters within the meaning of Section 2(11) of the Securities Act, and any commissions received by such broker-dealers and any profit on the resale of the shares sold by them while acting as principals might be deemed to be underwriting discounts or commissions under the Securities Act.

Because selling shareholders may be deemed to be underwriters within the meaning of Section 2(11) of the Securities Act, the selling shareholders will be subject to the prospectus delivery requirements of the Securities Act. FNB has informed the selling shareholders that the anti-manipulative provisions of Regulation M promulgated under the Exchange Act may apply to their sales in the market.

11

13

Upon FNB being notified by a selling shareholder that any material arrangement has been entered into with a broker-dealer for the sale of shares through a block trade, special offering, exchange distribution or secondary distribution, or a purchase by a broker or dealer, a supplement to this prospectus will be filed, if required, pursuant to Rule 424(b) under the Securities Act. The supplement will disclose:

- the name of each such selling shareholder and of the participating broker-dealer(s);
- the number of shares involved;
- the price at which such shares were sold;
- the commissions paid or discounts or concessions allowed to such broker-dealer(s), where applicable;

Edgar Filing: FNB CORP/FL/ - Form 424B3

- that such broker-dealer(s) did not conduct any investigation to verify the information set out or incorporated by reference in this prospectus; and
- other facts material to the transaction.

In addition, upon FNB being notified by a selling shareholder that a donee or pledgee intends to sell more than 500 shares, a supplement to this prospectus will be filed.

LEGAL MATTERS

Certain legal matters in connection with the offering are being passed upon for us by our Corporate Counsel, James G. Orie. Mr. Orie owns shares of our common stock and holds options to purchase additional shares of our common stock.
