PROXY STATEMENT

**ANNUAL MEETING OF STOCKHOLDERS
To Be Held April 18, 2002**

INTRODUCTION AND VOTING PROCEDURES

This Proxy Statement is being furnished in connection with the solicitation of proxies by the Board of Directors (the "Board") of Tractor Supply Company, a Delaware corporation (the "Company"), for use at the 2002 Annual Meeting of Stockholders of the Company to be held at the Company's management headquarters, 320 Plus Park Boulevard, Nashville, Tennessee, on Thursday, April 18, 2002, at 10:00 a.m. (central time) and at any continuations and adjournments thereof (the "Annual Meeting"). This Proxy Statement is first being mailed on or about March 15, 2002 to holders of record of the common stock, par value \$.008 per share, of the Company (the "Common Stock") at the close of business on March 6, 2002.

The shares of Common Stock held by each stockholder who signs and returns the enclosed proxy will be counted for purposes of determining the presence of a quorum at the meeting unless such proxy shall be timely revoked. If the enclosed form of proxy is executed and returned, it may, nevertheless, be revoked at any time before it is voted by delivery of a written revocation or a duly executed proxy bearing a later date to the Corporate Secretary of the Company at its management headquarters or by the stockholder personally attending and voting his or her shares at the meeting.

The Board has fixed the close of business on March 6, 2002 as the record date (the "record date") for the meeting. Only stockholders of record at the close of business on March 6, 2002 are entitled to notice of and to vote at the Annual Meeting. At the close of business on March 6, 2002, there were 9,035,645 shares of Common Stock outstanding and entitled to vote at the Annual Meeting. Each share of Common Stock entitles the holder thereof to one vote on each matter to be considered at the Annual Meeting. A quorum (i.e. holders of record of a majority of the shares of Common Stock outstanding and entitled to vote at the Annual Meeting) is required for any vote taken at the Annual Meeting. Assuming a quorum is present with respect to such matters, the affirmative vote of the holders of a plurality of the shares of Common Stock present in person or represented by proxy is required for the election of directors, and the affirmative vote of the holders of a majority of the shares of Common Stock present in person or represented by proxy is required for the approval of any other matter submitted to a vote of the stockholders at the Annual Meeting. Under Delaware law, abstentions are treated as present and entitled to vote and, therefore, will be counted in determining whether a quorum is present and will have the effect of a vote withheld on the election of directors or a vote against any other matter. A broker non-voted share (i.e. a share held by a broker or nominee as to which instructions have not been received from the beneficial owner or person entitled to vote and as to which the broker or nominee does not have discretionary power to vote on a particular matter) is considered not entitled to vote on that matter and, therefore, will not be counted in determining whether a quorum is present or whether a matter has been approved.

The Annual Report to Stockholders of the Company for the fiscal year ended December 29, 2001, including audited financial statements (the "Annual Report"), is being mailed concurrently with this Proxy Statement to all holders of record of Common Stock at the close of business on March 6, 2002. In addition, the Company has provided brokers, dealers, banks, voting trustees and their nominees, at Company expense, with additional copies of the Annual Report so that such record holders could supply such material to beneficial owners as of March 6, 2002. Additional copies of the Annual Report and the Company's Annual

See Availability of Form 10-K and Annual Report to Stockholders.

Each properly executed proxy received in time for the meeting will be voted as specified therein. If no specification is made, the shares represented thereby will be voted FOR the election of James F. Wright as a Class I director, FOR the election of Joseph D. Maxwell, Joseph M. Rodgers, and Sam K. Reed as Class II directors and FOR ratification of the reappointment of Ernst & Young LLP as the Company's independent auditors for the fiscal year ending December 28, 2002.

EXECUTIVE COMPENSATION

COMPENSATION COMMITTEE'S REPORT ON EXECUTIVE COMPENSATION

This report by the Compensation Committee is provided in accordance with rules adopted by the Securities and Exchange Commission to inform stockholders of the Compensation Committee's policies for executive officers and the rationale for compensation paid to the Company's Chief Executive Officer. It is not to be incorporated by reference by any general statement which incorporates by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, and is not to be otherwise deemed filed under either such Act.

Compensation Philosophy

Under the supervision of the Compensation Committee of the Board, the Company has developed and implemented compensation policies, plans and programs (Compensation Policies) which seek to structure executive compensation consistent with the Company's overall business strategy, philosophy and objectives. The Compensation Policies are intended to embody a pay-for-performance philosophy that rewards executives for long-term strategic management and enhancement of stockholder value by providing performance-based incentives that measure rewards against personal and Company goals. The Company believes this philosophy attracts, retains and motivates key executives critical to the long-term success of the Company.

Table of Contents

This compensation philosophy is implemented through compensation packages that include various cash and non-cash components. The Company believes, based on formal analysis of compensation conducted by the Compensation Committee, supplemented by independent compensation surveys of the retail industry in general and the Company's survey of select retailers, that its base salaries are generally set somewhat below competitive levels; it therefore relies to a larger degree on annual and longer term incentive compensation.

Base Salary

In setting annual salaries, the Compensation Committee reviews an annual salary plan recommended by the Company for each of the Company's officers. The annual salary plan is based on numerous subjective factors, which include the officer's individual performance and responsibility level, and the Company's performance for the preceding fiscal year, as well as objective factors such as general wage and salary levels and matching the officer's position to comparable positions in the competitive marketplace by reference to the surveys referred to above. Generally, the salary goals for officers are targeted at or below the salary range mid-point of the 50th percentile of salaries for comparable positions (based on the surveys referred to above) so that a larger portion of the officer's compensation is tied to Company performance, thereby more closely linking executive and stockholder interests. The annual salary plans are established by the Compensation Committee based on its assessment of the foregoing factors, as well as its assessment of each officer's past performance and the Compensation Committee's expectation of each officer's future contributions in leading the Company.

Incentive Payments

For the fiscal year ended December 29, 2001, all executive officers participated in the Company's Senior Executive Incentive Plan (SEIP) under which they are eligible to receive a bonus ranging from 20% of their annual base salary if the Company realizes a FIFO pre-tax profit increase (profit increase) ranging from 3% to 6%, to 70% of their annual base salary if the Company realizes a profit increase of 41% or more. Certain other officers participated in the Company's Other Executive Incentive Plan (OEIP) under which they are eligible to receive a bonus ranging from 15% of their annual base salary if the Company realizes a profit increase ranging from 3% to 6%, to 50% of their annual base salary if the Company realizes a profit increase of 41% or more. The Compensation Committee may recommend, and the Board may award, at its discretion, bonuses based on other subjective factors such as the executive's individual performance, unusual factors, strategic long-term decisions affecting the Company's performance during the fiscal year, and the perceived expectation of the executive officer's future contributions in leading the Company. The Compensation Committee or the Board may amend or terminate the SEIP or the OEIP at any time. For fiscal 2001, all of the named executive officers were awarded bonuses as reflected in the Summary Compensation Table contained elsewhere in this proxy statement.

Beginning in fiscal 2002, all senior officers began participation in the Company's Executive Bonus Plan (EBP) under which they are eligible to receive a bonus ranging from 10% to 19% of their annual base salary if the Company attains a percentage of the planned net income for the year (profit performance) ranging from 90% to 93%, to 90% to 150% of their annual base salary if the Company realizes a profit performance of 110% or more. The Company's other officers also began participation in the EBP under which they are eligible to receive a bonus ranging from 7% of their annual base salary if the Company attains a profit performance ranging from 90% to 93%, to 56% of their annual base salary if the Company realizes a profit performance of 110% or more. The Compensation Committee deems these revised provisions to be a more reasonable reflection of the Company's expectations, as well as a more appropriate alignment of incentives with expected profit performance.

Equity Participation

A large portion of the officers' total compensation is tied to stock performance, thus more closely aligning their interests with the long-term interests of stockholders. This is accomplished primarily through the

Table of Contents

Company's 1994 Stock Option Plan and 2000 Stock Incentive Plan, which are administered by the Compensation Committee of the Board of Directors. Stock options generally are granted annually to all officers and other key employees, have a 10-year term and are exercisable at the market price on the date of grant. The stock option grant size is determined by the Compensation Committee and generally is based on the number of shares whose value equals a percentage of the salary mid-point for comparable positions in both general and retailing industries, with the largest number of option shares being granted to senior executive officers (100% of such salary mid-point) decreasing incrementally, based on position, to 50% of such salary mid-point. Prior to 2002, the stock value used was the approximate current value on the date of grant. Beginning in 2002, the stock value was determined using the Black-Scholes option pricing method. The stock option grant size is also impacted by (1) the officer's individual past performance, (2) expectations of the officer's future contributions in leading the Company and (3) the Company's overall performance. For stock options granted prior to 2002, the vesting is one-third each year, beginning on the third anniversary of the grant date, thus becoming 100% vested on the fifth anniversary of the grant date, provided, however, that stock options granted to non-employee directors of the Company generally vest one-third each year, beginning on the first anniversary of the grant date. For all stock options granted in 2002, the vesting is one-third each year, beginning on the first anniversary of the grant date, thus becoming 100% vested on the third anniversary of the grant date.

Prior to 2002, Mr. Scarlett had chosen not to participate in the Company's 1994 Stock Option Plan or 2000 Stock Incentive Plan due to his already large stock ownership as shown elsewhere in the proxy statement. Beginning in 2002, Mr. Scarlett began participation in the 2000 Stock Incentive Plan.

Deferred Compensation

The Company's officers are also compensated, to a lesser extent, pursuant to several other plans. The Deferred Compensation Plan (DCP), which is administered by the Compensation Committee, provides additional incentives for officers of the Company (excluding Mr. Scarlett) and enhances the Company's ability to attract and retain the services of qualified persons. According to the terms of the DCP, each year a percentage of the officer's annual base salary (ranging from 2% of his or her annual base salary if the Company's net income increase over the prior year (the net income increase) is less than or equal to 0%, to 6% of his or her annual base salary if the Company's net income increase is greater than 20%) will be allocated to his or her deferred compensation account under the DCP (provided, however, that no allocation will be made if the Company's net income is less than 2.5% of net sales), which account earns simple annual interest at the prime rate as in effect on January 1 each year and vests upon the officer's retirement after attaining age 55, contingent (in most cases) on such officer's continued employment with the Company until age 55.

Effective in fiscal 2002, the DCP was suspended as to future allocations to participants' deferred compensation accounts, with continued simple interest accruing on the accumulated balances. Additionally, a new deferred compensation plan was created, the Executive Deferred Compensation Plan (EDCP), whereby designated participants (all officers and a select group of other highly compensated employees of the Company) may elect to defer up to 40% of their annual base salary and up to 100% of their annual incentive under their respective bonus plans. To be eligible for the salary deferral, each participant must contribute the maximum amount of salary to the Company's 401(k) Plan subject to the Company's match. Under the EDCP, the participants' salary deferral is matched by the Company, 100% on the first 3% of base salary contributed and 50% on the next 3% of base salary contributed. Each participant's account earns simple annual interest at the prime rate as in effect on January 1 each year. Each participant is fully vested in all amounts credited to their deferred compensation account. Payments under the EDCP are made within 30 days following the earlier of the participant's (i) death, (ii) retirement, (iii) total and permanent disability, (iv) termination of employment with the Company or (v) some other date designated by the participant at the time of the initial deferral. Payments are made in cash and shall be paid in ten annual installments or in a single lump sum payment, at the election of the participant.

Other Plans

Officers also participate in (i) the Medical Expense Reimbursement Plan, which provides for reimbursement in amounts up to \$20,000 annually for certain medical expenses for themselves and their families not otherwise covered by the Company's group medical insurance plan and (ii) the Executive Life Insurance Plan, which provides for basic term life insurance coverage (equal to four times salary rounded to the next highest \$1,000 to a maximum of \$1,000,000) in excess of that which is provided by the Company's group life insurance plan.

The Company's officers also participate in the various qualified and non-qualified employee benefit plans sponsored by the Company. The Company makes only nominal use of perquisites in compensating its executive officers.

Compensation of the Chief Executive Officer

Joseph H. Scarlett, Jr. has been the Company's Chairman of the Board and Chief Executive Officer since February 1993. Mr. Scarlett's base salary as Chief Executive Officer was set at \$600,000 effective March 3, 2002. Mr. Scarlett's salary is determined by the Compensation Committee substantially in accordance with the policies described above relating to all officers of the Company. In particular, the salary increase was based on a comparison of base salaries of chief executive officers of similar sized retailers participating in the compensation surveys referred to above, the Company's overall performance and the Compensation Committee's assessment of Mr. Scarlett's personal performance and accomplishments and expectations of Mr. Scarlett's future contributions in leading the Company. The Company believes that after considering Mr. Scarlett's salary increase for fiscal 2002, Mr. Scarlett's base salary is still below the salary mid-point of the 50th percentile of salaries for chief executive officers for retail and wholesale companies of comparable size based on the compensation surveys referred to above.

In July 1997, after considering that Mr. Scarlett had chosen not to participate in the Company's stock option plans due to his already large stock ownership, the Compensation Committee recommended, and the Board approved, the SERPSwap collateral assignment split dollar insurance plan intended to provide additional incentive to Mr. Scarlett and replace his existing DCP. In connection therewith, in 1998, the Company entered into a Split-Dollar Agreement (the "SDA") with Mr. Scarlett. Pursuant to the terms of the SDA, (i) the Company pays the premium under the SDA (\$106,198 annually for a period of 10 years, (ii) the Company obtained a collateral assignment of his insurance policy covering the full amount of the premium paid by the Company (the Company will be reimbursed from the cash surrender value or death proceeds from his insurance policy), and (iii) the insurance policy will be released to his trust in the 16th year, at which time the death benefit value of the insurance policy is estimated to be approximately \$2.8 million.

Mr. Scarlett also received an incentive payment of \$250,000 under the Company's Senior Executive Incentive Plan. The bonus was based on the Company's achievement of the FIFO pre-tax profit performance goals established by the Committee and was paid in the current fiscal year but relates to performance in the fiscal year ended December 29, 2001.

The Compensation Committee believes that the Company's Compensation Policies are strongly linked to the Company's performance and the enhancement of stockholder value. The Compensation Committee intends to continually evaluate the Company's Compensation Policies and plans to ensure that they are appropriately configured to align the interests of officers and stockholders and that the Company can attract, motivate and retain talented management personnel.

The tables included in the proxy statement and the accompanying narrative and footnotes reflect the decisions covered by the above discussion. The members of the Compensation Committee have furnished the foregoing report:

Options generally vest one-third each year, beginning on the third anniversary of the grant date, thus becoming 100% vested on the fifth anniversary of the grant date.
- (2) The potential realizable value amounts shown illustrate the values that might be realized upon exercise immediately prior to the expiration date using 5% and 10% appreciation rates set by the Securities and Exchange Commission, compounded annually, and, therefore, are not intended to forecast possible future appreciation, if any, of the Company's Common Stock price. Additionally, these values do not take into consideration the terms of the options providing for nontransferability, vesting, or termination of the options following termination of employment.

INTERESTS OF MANAGEMENT IN CERTAIN TRANSACTIONS

The Company leases six of its stores from certain current and former members of its Board and senior management, their wives, and certain entities controlled by them. Such persons entered into these transactions principally to realize certain passive loss tax benefits that were available at the time of entering into the leases, but which were significantly reduced by the Tax Reform Act of 1986. The Company believes these transactions were consummated on general business terms comparable to those which would have been available if they had been entered into with unrelated parties. The Company does not intend to enter into any such transactions in the future without the approval of its independent Audit Committee.

On January 1, 1986, the Company entered into capitalized sale-leaseback transactions with Mr. Scarlett and his wife for its Omaha, Nebraska store, two former members of the Board and senior management of the Company and their wives for its Corpus Christi, Texas; Toledo, Ohio; Waterloo, Iowa; and Sioux Falls, South Dakota stores, Mr. Maxwell and his wife for its Nashville, Tennessee store. The Company sold and leased back and provided the financing for such properties at estimated fair values totaling \$2,575,000. Management determined such sale prices based on the appraised value of comparable stores acquired by the Company around that time. The related gains arising from the sale-leaseback of these properties are deferred and amortized on a straight-line basis over the lives of the related leases. Properties under capital leases acquired through such sale-leaseback transactions have been reduced by the related deferred gains on the properties and are classified with property and equipment on the Company's financial statements. Pursuant to substantially similar lease agreements dated January 1, 1986, the Company leases such stores for initial terms of 20 years, commencing on January 1, 1986 and ending on December 31, 2005, subject to renewal at the option of the Company for two successive five-year terms. The Company has the option to terminate such leases after December 31, 1995 by offering to purchase the premises at purchase prices ranging from \$389,500 to \$523,500 for the Corpus Christi, Texas store to \$934,800 to \$1,256,300 for the Omaha, Nebraska store, depending on the date of the offer. If the landlord were to reject an offer to purchase a particular store, the lease would terminate 90 days after the date of the offer. Monthly rent payments under such leases range from \$2,580 to \$6,081 for the Corpus Christi, Texas store to \$6,193 to \$14,595 for the Omaha, Nebraska store. Rent payments under all such leases totaled approximately \$361,000 for the fiscal year ended December 29, 2001. All of the 20-year nonrecourse installment deed notes between the Company and such executive officers and/or directors and their wives were subsequently repaid. The balance of these capitalized lease obligations, which are included in total capital lease obligations on the Company's financial statements, was \$869,000 as of December 29, 2001.

The leases do not contain any restrictions on assignment by the landlords. Moreover, if a landlord were to sell or otherwise transfer the leased premises, it would not remain secondarily liable under the lease; rather, the purchaser or transferee would be deemed, without any agreement with the Company, to have assumed all of the obligations of the landlord arising after the date of such sale or transfer.

Pursuant to a Noncompetition Agreement between the Company and Thomas O. Flood, dated as of August 31, 1999, Mr. Flood, who is a former officer and currently a director of the Company, has agreed not to compete with the Company from September 1, 1999 through December 31, 2004. During such period, the Company will provide Mr. Flood and his wife with certain health benefits.

**COMPLIANCE WITH SECTION 16(a) OF THE
SECURITIES EXCHANGE ACT OF 1934**

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "1934 Act") requires the Company's executive officers and directors and persons who beneficially own more than ten percent of the Company's Common Stock to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission ("SEC") and The Nasdaq Stock Market and to furnish the Company with a copy of each such report. Additionally, SEC regulations require the Company to identify in its proxy statement those individuals for whom any of such reports was not filed on a timely basis during the most recent

fiscal year or prior fiscal years. To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, during the fiscal year ended December 29, 2001, all Section 16(a) filing requirements applicable to directors, executive officers and greater than ten percent beneficial owners were complied with by such persons.

**SECURITY OWNERSHIP OF CERTAIN
BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth certain information with respect to the beneficial ownership of the Company's Common Stock as of January 31, 2002 (except for Wellington Management Company, LLP and Dimension Fund Advisors Inc., which are as of December 31, 2001) by (i) each person who is known by the Company to be the beneficial owner of more than 5% of the Company's outstanding Common Stock, (ii) each director or person nominated to be a director, (iii) each named executive officer and (iv) all directors and executive officers of the Company as a group. The determinations of beneficial ownership of the Common Stock are based upon responses to Company inquiries that cited Rule 13d-3 under the 1934 Act. Such Rule provides that shares shall be deemed to be beneficially owned where a person has, either solely or in conjunction with others, the power to vote or to direct the voting of shares and/or the power to dispose, or to direct the disposition, of shares; or where a person has the right to acquire any such beneficial ownership within 60 days after the date of determination. Except as disclosed in the notes to the table, each named person has sole voting and investment power with respect to the number of shares shown as beneficially owned by him. There were 8,909,345 shares of Common Stock issued and outstanding on January 31, 2002.

RATIFICATION OF REAPPOINTMENT OF INDEPENDENT AUDITORS

The Board has reappointed Ernst & Young LLP as the firm of independent auditors to audit the financial statements of the Company for the fiscal year ending December 28, 2002. Ernst & Young LLP has served as independent auditors for the Company since 2001. At the Annual Meeting, the stockholders are being asked to ratify the reappointment of Ernst & Young LLP as the Company's independent auditors for fiscal 2002. In the event of a negative vote on such ratification, the Board of Directors will reconsider its selection.

Representatives of Ernst & Young LLP have been invited to and are expected to attend the Annual Meeting, will have the opportunity to make a statement if they so desire and are expected to be available to respond to appropriate questions from stockholders.

On September 17, 2001, Tractor Supply Company (the "Company") dismissed PricewaterhouseCoopers LLP ("PwC") as its independent auditors. The audit reports of PwC on the financial statements of the Company for each of the fiscal years in the two fiscal year period ended December 30, 2000 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles. The decision to change accountants was approved by the Company's Audit Committee.

During the two fiscal years ended December 30, 2000, and the subsequent interim period through September 17, 2001, there were no disagreements with PwC on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements, if not resolved to PwC's satisfaction, would have caused them to make reference to the subject matter of the disagreement in its reports on the Company's financial statements for such periods.

During the Company's past two fiscal years and through September 17, 2001, PwC has not advised the Company of any reportable event (as defined in Item 304(a)(1)(v) of Regulation S-K under the Securities Exchange Act of 1934).

The Company requested that PwC furnish it with a letter addressed to the Securities and Exchange Commission stating whether or not it agrees with the statements above and, if not, stating the respects in which it does not agree. A copy of such letter was attached with Form 8-K and filed therewith on September 21, 2001.

The Company engaged Ernst & Young LLP ("E&Y") as its new independent auditors as of September 17, 2001. During the Company's past two fiscal years and through September 17, 2001, the Company has not consulted with E&Y regarding any matters specified in Items 304(a)(2)(i) or (ii) of Regulation S-K under the Securities Exchange Act of 1934. The Company has authorized PwC to respond fully to any inquiries from E&Y relating to its engagement as the Company's independent auditors.

THE BOARD UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS OF THE COMPANY VOTE FOR THE PROPOSAL TO RATIFY the reappointment of Ernst & Young LLP as the Company's independent auditors for the fiscal year ending December 28, 2002.

STOCKHOLDER PROPOSALS

Stockholders who desire to submit to the Company proposals for possible inclusion in the Company's proxy materials for the 2003 Annual Meeting of Stockholders must submit such proposals by November 14, 2002 to the Corporate Secretary of the Company at 320 Plus Park Blvd., Nashville, Tennessee 37217

For a stockholder proposal that is not intended to be included in the Company's proxy materials but is intended to be raised by the stockholder from the floor at the 2003 Annual Meeting of Stockholders, the stockholder must provide timely advance notice in accordance with the Company's by-laws. The Company's by-laws contain an advance notice provision which provides that, to be timely, a stockholder's notice of intention to bring business before a meeting must be received by the Corporate Secretary of the Company at the above address not later than sixty (60) days nor earlier than ninety (90) days prior to the first anniversary of the date of the Company's proxy statement for the prior year's annual meeting (no later than January 13, 2003 and no earlier than December 14, 2002 for the Company's 2003 Annual Meeting of Stockholders). In the event, however, that the date of the annual meeting is changed by more than thirty (30) from the date of the prior year's annual meeting, such notice and supporting documentation must be received by the Corporate Secretary of the Company not later than the tenth day following the date on which the Company provides notice of the date of such annual meeting but in no event later than the fifth business day preceding the date of such annual meeting.

OTHER MATTERS

The Board does not intend to present any business at the Annual Meeting other than the items stated in the Notice of Annual Meeting of Stockholders and knows of no other business to be presented for action at the meeting. If, however, any other business should properly come before the meeting or any continuations or adjournments thereof, it is intended that the enclosed proxy will be voted with respect thereto in accordance with the best judgment and discretion of the persons named in the proxy.

In addition to solicitation by mail, certain of the Company's directors, officers and regular employees, without additional compensation, may also solicit proxies personally or by telephone, telecopy or telegram. The costs of such solicitation will be borne by the Company. The Company will also make arrangements with brokerage houses, custodians and other nominees to send proxy materials to the beneficial owners of shares of the Company's Common Stock held in their names, and the Company will reimburse them for their related postage and clerical expenses.
