INFORMATION ABOUT THE MEETING

What is the purpose of the meeting?

At the meeting, the Company's stockholders will vote on the following proposals to:

1. Elect eight directors to serve on the Board of Directors of the Company for a term of one year;
2. Approve the amendment of the Company's certificate of incorporation to change the Company's authorized shares of common stock from 70,000,000 shares of voting common stock and 30,000,000 shares of non-voting common stock to 100,000,000 shares of common stock (all of which have voting rights), without any increase in the overall number of authorized shares of common stock;
3. Approve the amendment of the Company's Second Amended and Restated 1999 Equity Incentive Plan to (a) increase by 1,500,000 the number of shares of common stock available for awards thereunder, (b) increase by 400,000 the number of shares of common stock with respect to which a participant may receive stock options and stock appreciation rights in any one year, (c) prohibit the repricing of outstanding stock options without prior stockholder approval, and (d) make certain administrative changes to the plan; and
4. Ratify the selection of KPMG LLP as the Company's independent auditor for 2004.

In addition, the Company's management will report on the performance of the Company during 2003 and will respond to appropriate questions from stockholders.

Who is entitled to vote?

The record date for the meeting is March 22, 2004. Only stockholders of record at the close of business on March 22, 2004, are entitled to receive notice of the meeting and to vote at the meeting the shares of the Company's common stock that they held on that date. Each outstanding share of common stock entitles its holder to one vote on each matter voted on at the meeting. At the close of business on March 22, 2004, there were 33,102,225 outstanding shares of common stock.

Am I entitled to vote if my shares are held in street name ?

If you are the beneficial owner of shares held in street name by a brokerage firm, bank, or other nominee, such entity, as the record holder of the shares, is required to vote the shares in accordance with your instructions. If you do not give instructions to your nominee, it will nevertheless be entitled to vote your shares on discretionary items but will not be permitted to do so on non-discretionary items. In the case of non-discretionary items, any shares not voted by your nominee will be considered as broker non-votes. However, there will not be any broker non-votes in connection with the meeting, because the Company has been informed that all the matters to be acted upon by the stockholders at the meeting are discretionary items on which your nominee will be entitled to vote your shares even in the absence of instructions from you.

How many shares must be present to conduct business at the meeting?

A quorum must be present at the meeting in order for any business to be conducted. The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of the Company's common stock outstanding on the record date of March 22, 2004, will constitute a quorum. Abstentions will be included in the number of shares considered present at the meeting for the purpose of determining whether there is a quorum.

What happens if a quorum is not present at the meeting?

If a quorum is not present at the scheduled time of the meeting, the holders of a majority of the shares present in person or represented by proxy at the meeting may adjourn the meeting to another place, date, or

Table of Contents

time until a quorum is present. The place, date, and time of the adjourned meeting will be announced when the adjournment is taken, and no other notice will be given.

How do I vote my shares?

If you are a registered stockholder, you may vote by telephone. If you are a registered stockholder (*i.e.*, your shares are held in your own name), you may vote by telephone by following the instructions included on the proxy card. You do not need to return your proxy card if you vote by telephone.

If your shares are held in street name, you may be eligible to provide voting instructions to your nominee by telephone or on the Internet. If you are a beneficial owner of shares held in street name (*i.e.*, your shares are held in the name of a brokerage firm, bank, or other nominee), you may be eligible to provide voting instructions to your nominee by telephone or on the Internet. A large number of brokerage firms, banks, and other nominees participate in a program provided through ADP Investor Communications Services (ADP) that offers telephone and Internet voting options. If your shares are held in street name by a brokerage firm, bank, or other nominee that participates in the ADP program, you may provide voting instructions to your nominee by telephone or on the Internet by following the instructions set forth on the voting instruction form provided to you. You do not need to return your proxy card if you provide voting instructions to your nominee by telephone or on the Internet.

You may vote by mail. If you are a registered stockholder, you may vote by properly completing, signing, dating, and returning the accompanying proxy card. The enclosed postage-paid envelope requires no additional postage if it is mailed in the United States or Canada. If you are a beneficial owner of shares held in street name, you may provide voting instructions to the brokerage firm, bank, or other nominee that holds your shares by properly completing, signing, dating, and returning the voting instruction form provided to you by your nominee.

You may vote in person at the meeting. If you are a registered stockholder and attend the meeting, you may deliver your completed proxy card in person. In addition, the Company will pass out written ballots to registered stockholders who wish to vote in person at the meeting. If you are a beneficial owner of shares held in street name and wish to vote at the meeting, you will need to obtain a proxy form from the brokerage firm, bank, or other nominee that holds your shares.

Can I change my vote after I submit my proxy?

Yes, you may revoke your proxy and change your vote at any time before the polls are closed at the meeting in any of the following ways: (1) by voting again by telephone, because only your latest telephone vote will be counted; (2) by properly completing, signing, dating, and returning another proxy card with a later date; (3) if you are a registered stockholder, by voting in person at the meeting; (4) if you are a registered stockholder, by giving written notice of such revocation to the Secretary of the Company prior to or at the meeting; or (5) if you are a beneficial owner of shares held in street name, by following the instructions given by the brokerage firm, bank, or other nominee that holds your shares. Your attendance at the meeting itself will not revoke your proxy unless you give written notice of revocation to the Secretary of the Company before the polls are closed.

Who will count the votes?

American Stock Transfer & Trust Company (AST), the registrar and transfer agent for the Company's common stock, will tabulate and certify the stockholder votes submitted by proxy. A representative of AST will serve as the inspector of election at the meeting.

How does the Board of Directors recommend that I vote on the proposals?

Your Board of Directors recommends that you vote:

1. FOR the election of the eight director nominees to serve on the Board of Directors of the Company for a term of one year;

Table of Contents

2. FOR the approval of the amendment of the Company's certificate of incorporation to change the Company's authorized shares of common stock from 70,000,000 shares of voting common stock and 30,000,000 shares of non-voting common stock to 100,000,000 shares of common stock (all of which have voting rights), without any increase in the overall number of authorized shares of common stock;
3. FOR the approval of the amendment of the Company's Second Amended and Restated 1999 Equity Incentive Plan to (a) increase by 1,500,000 the number of shares of common stock available for awards thereunder, (b) increase by 400,000 the number of shares of common stock with respect to which a participant may receive stock options and stock appreciation rights in any one year, (c) prohibit the repricing of outstanding stock options without prior stockholder approval, and (d) make certain administrative changes to the plan; and
4. FOR the ratification of the selection of KPMG LLP as the Company's independent auditor for 2004.

What happens if I do not specify how my shares are to be voted?

If you submit a proxy but do not indicate any voting instructions, your shares will be voted FOR each of the proposals.

Will any other business be conducted at the meeting?

As of the date hereof, the Board of Directors knows of no business that will be presented at the meeting other than the proposals described in this Proxy Statement. However, if any other proposal properly comes before the stockholders for a vote at the meeting, the proxy holders will vote your shares in accordance with their best judgment.

How many votes are required for action to be taken on each proposal?

Election of Directors. The eight director nominees will be elected to serve on the Board of Directors for a term of one year if they receive a plurality of the votes of the shares present in person or represented by proxy at the meeting and entitled to vote on the subject matter. This means that the eight director nominees will be elected if they receive more votes than any other person at the meeting. If you vote to "Withhold Authority" with respect to the election of one or more director nominees, your shares will not be voted with respect to the person or persons indicated, although they will be counted for the purpose of determining whether there is a quorum at the meeting.

Approval of Amendment of Certificate of Incorporation. The proposed amendment of the Company's certificate of incorporation to change the Company's authorized shares of common stock from 70,000,000 shares of voting common stock and 30,000,000 shares of non-voting common stock to 100,000,000 shares of common stock (all of which have voting rights), without any increase in the overall number of authorized shares of common stock, will be approved if a majority of the outstanding shares of common stock entitled to vote on the subject matter are voted in favor of the proposal.

Approval of Amendment of Equity Incentive Plan. The proposed amendment of the Company's Second Amended and Restated 1999 Equity Incentive Plan to (a) increase by 1,500,000 the number of shares of common stock available for awards thereunder, (b) increase by 400,000 the number of shares of common stock with respect to which a participant may receive stock options and stock appreciation rights in any one year, (c) prohibit the repricing of outstanding stock options without prior stockholder approval, and (d) make certain administrative changes to the plan, will be approved if a majority of the shares present in person or represented by proxy at the meeting and entitled to vote on the subject matter are voted in favor of the proposal.

Ratification of Selection of Independent Auditor. The selection of KPMG LLP as the Company's independent auditor for 2004 will be ratified if a majority of the shares present in person or represented by proxy at the meeting and entitled to vote on the subject matter are voted in favor of the proposal.

Table of Contents

How will abstentions be treated?

You do not have the option of abstaining from voting on Proposal 1 (election of directors), but you may abstain from voting on Proposal 2 (approval of the amendment of the certificate of incorporation), Proposal 3 (approval of the amendment of the Equity Incentive Plan), and Proposal 4 (ratification of the selection of the independent auditor). With respect to Proposal 1, because the directors are elected by a plurality vote, an abstention will have no effect on the outcome of the vote and, therefore, is not offered as a voting option on the proposal. In the case of an abstention on Proposal 2, 3 or 4, your shares would be included in the number of shares considered present at the meeting for the purpose of determining whether there is a quorum. Because your shares would be voted but not in favor of Proposal 2, 3 or 4, your abstention would have the same effect as a negative vote in determining the outcome of the vote on the proposal.

How will broker non-votes be treated?

A broker non-vote occurs when a brokerage firm, bank, or other nominee does not vote shares that it holds in street name on behalf of a beneficial owner, because the beneficial owner has not provided voting instructions to the nominee with respect to a non-discretionary item. Proposal 3 (approval of the amendment of the Equity Incentive Plan) is a non-discretionary item for which a nominee will not have discretion to vote in the absence of voting instructions from the beneficial owner. Proposal 1 (election of directors), Proposal 2 (approval of the amendment of the certificate of incorporation), and Proposal 4 (ratification of the selection of the independent auditor), on the other hand, are discretionary items for which a nominee will have discretion to vote even without voting instructions from the beneficial owner. Accordingly, it is possible for there to be broker non-votes with respect to Proposal 3, but there will not be broker non-votes with regard to Proposals 1, 2 and 4. In the case of a broker non-vote, your shares would be included in the number of shares considered present at the meeting for the purpose of determining whether there is a quorum. A broker non-vote, being shares not entitled to vote, would not have any effect on the outcome of the vote on Proposal 3, the approval of which requires the affirmative vote of a majority of the shares present in person or represented by proxy at the meeting and entitled to vote on the subject matter.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires that the Company's directors and executive officers and the beneficial owners of more than 10% of the Company's registered equity securities (the reporting persons) file with the Securities and Exchange Commission (the SEC) initial reports of, and subsequent reports of changes in, their beneficial ownership of the Company's equity securities. The reporting persons are required to furnish the Company with copies of all such Section 16(a) reports. Based solely on the Company's review of the copies of such Section 16(a) reports and written representations from certain reporting persons furnished to the Company, the Company believes that the reporting persons complied with all applicable Section 16(a) filing requirements during 2003 and prior years, except as described below.

James T. Treace understated three holdings and did not report one holding as of July 12, 2001, and he did not timely report two transactions on September 24, 2003. F. Barry Bays understated two holdings and did not report one holding as of July 12, 2001. John K. Bakewell understated one holding and did not report one holding as of July 12, 2001. Brian T. Ennis did not report one holding as of October 4, 2001. Jack

E. Parr, Ph.D., understated two holdings and did not report one holding as of July 12, 2001. Robert W. Churinetz did not report one holding as of July 12, 2001. James E. Thomas understated two holdings as of July 12, 2001. Thomas E. Timbie understated two holdings and did not report one holding as of July 12, 2001. R. Glen Coleman understated one holding and did not report two holdings as of July 12, 2001, and he did not timely report one transaction on November 17, 2003. Jeffrey G. Roberts did not file a Form 3 and, as a consequence, did not report four holdings as of July 12, 2001. John R. Treace, who no longer is an executive officer, understated two holdings and did not report one holding as of July 12, 2001.

The deficiencies in the foregoing Section 16(a) reports relate primarily to the shares of common stock and stock options that the reporting persons beneficially owned as of the dates that they became reporting persons. In most instances, the deficient reports were attributable to inadvertent miscommunications between the Company and its previous legal counsel who prepared the reports on behalf of the reporting persons. All of the reporting persons' initial holdings and subsequent transactions have now been accurately reported.

BOARD OF DIRECTORS

General

The Board of Directors of the Company consists of eight directors. The Company's directors are James T. Treace, F. Barry Bays, Richard B. Emmitt, Laurence Y. Fairey, David D. Stevens, James E. Thomas, Thomas E. Timbie, and Elizabeth H. Weatherman. The directors are elected at each annual meeting of stockholders and serve for a term of one year until the next annual meeting of stockholders and until their respective successors are elected and qualified, subject to their prior death, resignation, retirement, disqualification, or removal from office.

Director Independence

It is the policy of the Board of Directors that a majority of the directors be independent as defined in the listing standards of the National Association of Securities Dealers (the "NASD"). The Board of Directors has determined that six directors—Richard B. Emmitt, Laurence Y. Fairey, David D. Stevens, James E. Thomas, Thomas E. Timbie, and Elizabeth H. Weatherman—are independent under the NASD's listing standards.

Meetings Attended by Directors

The Board of Directors holds meetings on a quarterly basis and on other occasions as necessary or appropriate. The Board of Directors met six times in 2003. The Board of Directors has four standing committees—the Executive Committee, the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee. The Audit Committee and the Compensation Committee met seven and four times, respectively, in 2003. The Executive Committee and the Nominating and Corporate Governance Committee did not meet in 2003. Average attendance at Board of Directors and committee meetings in 2003 was in excess of 98%. Each director attended at least 90% of the total number of meetings of the Board of Directors and its committees on which he or she served in 2003.

Beginning in 2004, the independent directors of the Company will have regularly scheduled meetings at which only they are present. The meetings of the independent directors typically will take place in connection with the regularly scheduled meetings of the full Board of Directors. The independent directors may meet at such other times as they deem necessary or appropriate.

Effective as of 2004, the directors of the Company are encouraged to attend the Company's annual meeting of stockholders absent exceptional cause. In 2003, two of the Company's then six directors attended the annual meeting of stockholders.

Board of Directors Committees

The Board of Directors delegates certain of its functions to its standing Executive Committee, Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee. Information regarding the responsibilities of these committees and their members is provided below.

Executive Committee. The Executive Committee exercises all the powers of the Board of Directors in the management of the business and affairs of the Company during the intervals between meetings of the Board of Directors, subject to such restrictions or limitations as the Board of Directors may specify from time to time or as otherwise limited by Delaware law. The Executive Committee is composed of four directors who are appointed by the Board of Directors. The members of the Executive Committee are James T. Treace (chairman), F. Barry Bays, Richard B. Emmitt, and Elizabeth H. Weatherman.

Audit Committee. The Audit Committee oversees the Company's accounting and financial reporting processes and the audits of its financial statements. In this role, the Audit Committee monitors and oversees the integrity of the Company's financial statements and related disclosures, the qualifications, independence, and performance of the Company's independent auditor, the performance of the Company's internal auditing function, and the Company's compliance with applicable legal requirements and its business conduct policies.

Table of Contents

The Audit Committee has a written charter which was last amended and restated by the Board of Directors on February 11, 2004. A copy of the charter is attached as Appendix A to this Proxy Statement. The Audit Committee is composed of three directors who are appointed by the Board of Directors. The members of the Audit Committee are Thomas E. Timbie (chairman), Richard B. Emmitt, and James E. Thomas, all of whom are independent as defined in the NASD's listing standards and meet the independence criteria set forth in the SEC's rules. The Board of Directors has determined that one member of the Audit Committee, Thomas E. Timbie, is an audit committee financial expert as defined in the SEC's regulations. The report of the Audit Committee appears beginning on page 12 of this Proxy Statement.

Compensation Committee. The Compensation Committee oversees the Company's general programs of compensation and benefits for all employees and determines the compensation of the Company's executive officers and directors. The Compensation Committee is composed of three directors who are appointed by the Board of Directors. The members of the Compensation Committee are David D. Stevens (chairman), James E. Thomas, and Elizabeth H. Weatherman, all of whom are independent as defined in the NASD's listing standards. James T. Treace was a member of the Compensation Committee and served as its chairman during 2003 and the beginning of 2004, but due to his lack of independence he resigned and was replaced by Mr. Stevens on February 11, 2004. The report of the Compensation Committee appears beginning on page 13 of this Proxy Statement.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee, which was established by the Board of Directors on February 11, 2004, oversees the corporate governance processes of the Company. In this role, the Nominating and Corporate Governance Committee identifies and recommends individuals qualified to become members of the Board of Directors, makes recommendations regarding the establishment and membership of the Board of Directors' committees, develops and reviews corporate governance principles applicable to the Company, and leads the annual review of the performance of the Board of Directors and its committees. The Nominating and Corporate Governance Committee has a written charter which was adopted by the Board of Directors on February 11, 2004. A copy of the charter is attached as Appendix B to this Proxy Statement. The Nominating and Corporate Governance Committee is composed of three directors who are appointed by the Board of Directors. The members of the Nominating and Corporate Governance Committee are Elizabeth H. Weatherman (chairwoman), Laurence Y. Fairey, and Thomas E. Timbie, all of whom are independent as defined in the NASD's listing standards.

Director Nominations

The Board of Directors will consider all potential candidates for nomination by the Board of Directors for election as directors who are recommended by the Company's stockholders, directors, officers, and employees. All director recommendations must be made in accordance with the provisions of Article II, Section 5 of the Company's bylaws, which sets forth requirements concerning the information about the candidate to be provided and the timing for the submission of the recommendations. All director recommendations should be sent to the Nominating and Corporate Governance Committee, c/o Corporate Secretary, Wright Medical Group, Inc., 5677 Airline Road, Arlington, Tennessee 38002. The Nominating and Corporate Governance Committee will screen all potential director candidates in the same manner, regardless of the source of their recommendation. The Nominating and Corporate Governance Committee's review will typically be based on the written materials provided with respect to a potential director candidate. The Nominating and Corporate Governance Committee will evaluate and determine whether a potential candidate meets the Company's minimum qualifications and specific qualities and skills for directors and whether requesting additional information or an interview is appropriate.

The Board of Directors has adopted the following series of minimum qualifications and specific qualities and skills for the Company's directors, which will serve as the basis upon which potential director candidates are evaluated by the Nominating and Corporate Governance Committee:

Directors should possess the highest personal and professional ethics, integrity, and values.

Directors should have an inquisitive and objective perspective, practical wisdom, and mature judgment.

Table of Contents

Directors should have expertise and experience at policy-making levels in areas that are relevant to the Company's business.

Directors should have, or demonstrate an ability and willingness to acquire in short order, a clear understanding of the fundamental aspects of the Company's business.

Directors should be committed to representing the long-term interests of the Company's stockholders.

Directors should be willing to devote sufficient time to carry out their duties and responsibilities effectively and should be committed to serving on the Board of Directors for an extended period of time.

Directors, in the event of any significant change in their personal circumstances (including a change in their principal job responsibilities), should consider whether the change materially diminishes their ability to fulfill their obligations as a director and, if so, should offer their resignation as a director to the Board of Directors.

Directors who also serve as the chief executive officer, chief operating officer, or chief financial officer of another enterprise should not serve on more than two boards of public companies in addition to the Company's Board of Directors, and other directors should not serve on more than four boards of public companies in addition to the Company's Board of Directors.

In making its determinations regarding director nominees, the Board of Directors will consider whether a potential candidate has previously served as a director of the Company. The Board of Directors does not believe, however, that directors should expect to be automatically renominated on an annual basis. Instead, the annual self-assessment of the performance of the Board of Directors and its committees will be an important determinant of director tenure. The Board of Directors will initiate its self-assessment in 2005.

Apart from the normal director nomination process, the Company is a party to a stockholders agreement that gives Warburg, Pincus Equity Partners, L.P. (WPEP) the right to designate one or two individuals to serve as directors of the Company. If WPEP beneficially owns at least 10% of the outstanding shares of the Company's capital stock, WPEP is allowed to designate one individual for election to the Board of Directors. If WPEP beneficially owns at least 20% of the outstanding shares of the Company's capital stock, WPEP is allowed to designate two individuals for election to the Board of Directors. The Company is obligated to nominate and use its best efforts to have the individual(s) designated by WPEP elected to the Board of Directors. As of March 31, 2004, WPEP beneficially owned 4,842,629 shares of common stock representing 14.5% of the outstanding shares, thus giving it the right under the stockholders agreement to designate one individual to serve as a director of the Company. Elizabeth H. Weatherman currently serves as a director of the Company and has been nominated for re-election at the meeting pursuant to WPEP's designation.

Director Compensation

The Company compensates its directors for their services with a combination of annual retainers, committee meeting fees, and discretionary equity-based awards. Except for the directors of the Company who are employees of the Company (F. Barry Bays) or who represent one of the Company's stockholders (Richard B. Emmitt and Elizabeth H. Weatherman), all directors are eligible for such compensation. The Chairman of the Board is paid an annual retainer of \$50,000, and the other eligible directors receive an annual retainer of \$15,000. Eligible directors who are members of the Audit Committee are paid supplemental annual retainers of \$20,000 for the chairman and \$8,000 for the other members. Eligible directors who are members of the Compensation Committee or the Nominating and Corporate Governance Committee receive a meeting fee of \$500 for their attendance at each committee meeting that is not associated with a regularly scheduled meeting of the Board of Directors. Eligible directors who serve on the Executive Committee are not paid any separate compensation in such capacity. Directors are reimbursed for their out-of-pocket expenses incurred in connection with attending meetings of the Board of Directors and its committees. Directors may receive discretionary grants of equity-based awards under the Company's Second Amended and Restated 1999 Equity Incentive Plan. No such awards were granted to the directors in 2003, although Mr. Bays, in his capacity as

the Company's President and Chief Executive Officer, received a stock option for the purchase of 50,000 shares of common stock as more fully described in Executive Officers and Executive Compensation Stock Option Grants in 2003. Laurence Y. Fairey and David D. Stevens each received a stock option for the purchase of 20,000 shares of common stock upon their election as directors of the Company on January 26, 2004.

Stockholder Communications

Stockholders may communicate with the Board of Directors or any individual director regarding any matter relating to the Company that is within the responsibilities of the Board of Directors. Stockholders, when acting solely in such capacity, should send their communications to the Board of Directors or an individual director c/o Corporate Secretary, Wright Medical Group, Inc., 5677 Airline Road, Arlington, Tennessee 38002. The Corporate Secretary will discuss with the Chairman of the Board or the individual director whether the subject matter of a stockholder communication is within the responsibilities of the Board of Directors. The Corporate Secretary will forward a stockholder communication to the Chairman of the Board or the individual director if such person determines that the communication meets this standard.

Audit Committee Report

Management is responsible for the Company's accounting and financial reporting processes and for preparing the Company's consolidated financial statements. KPMG LLP (KPMG), the Company's independent auditor, is responsible for performing an audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and for expressing an opinion on the conformity of the Company's audited consolidated financial statements to accounting principles generally accepted in the United States of America. In this context, the responsibility of the Audit Committee of the Board of Directors is to oversee the Company's accounting and financial reporting processes and the audits of its consolidated financial statements.

In the performance of its oversight function, the Audit Committee reviewed and discussed the Company's audited consolidated financial statements as of and for the year ended December 31, 2003, with management and KPMG. Management and KPMG represented to the Audit Committee that the Company's audited consolidated financial statements as of and for the year ended December 31, 2003, were prepared in accordance with accounting principles generally accepted in the United States of America. The Audit Committee also discussed with KPMG the matters required to be discussed by Statement on Auditing Standards (SAS) Nos. 61, 89 and 90 issued by the Auditing Standards Board of the American Institute of Certified Public Accountants. SAS Nos. 61, 89 and 90 set forth requirements pertaining to the independent auditor's communications with the Audit Committee regarding the conduct of the audit.

The Audit Committee received the written disclosures and the letter from KPMG required by Independence Standards Board (ISB) Standard No. 1, *Independence Discussions with Audit Committees*, as amended. ISB Standard No. 1 requires the independent auditor to disclose in writing to the Audit Committee all relationships between the auditor and the Company that, in the auditor's judgment, reasonably may be thought to bear on independence and to discuss the auditor's independence with the Audit Committee. The Audit Committee discussed with KPMG its independence and considered in advance whether the provision of any non-audit services by KPMG is compatible with maintaining their independence.

The members of the Audit Committee are not professionally engaged in the practice of accounting or auditing and, as such, rely without independent verification on the information provided to them and on the representations made by management and KPMG. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting processes or appropriate internal controls and procedures designed to assure compliance with the accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's reviews and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the Company's audited

Table of Contents

consolidated financial statements are presented in accordance with generally accepted accounting principles, or that KPMG is in fact independent.

Based on the reviews and discussions of the Audit Committee described above, in reliance on the unqualified opinion of KPMG dated February 11, 2004, regarding the Company's audited consolidated financial statements as of and for the year ended December 31, 2003, and subject to the limitations on the responsibilities of the Audit Committee discussed above and in the Audit Committee's charter (a copy of which is attached as Appendix A), the Audit Committee recommended to the Board of Directors, and the Board of Directors approved, that such financial statements be included in the Company's annual report on Form 10-K for the year ended December 31, 2003, to be filed with the Securities and Exchange Commission.

The foregoing report is provided by the undersigned members of the Audit Committee of the Board of Directors.

Compensation Committee Report

Overview. The Compensation Committee of the Board of Directors oversees the Company's general programs of compensation and benefits for all employees and determines the compensation of the Company's executive officers and directors. In making its determinations regarding executive compensation, the Compensation Committee has attempted to implement a policy that serves the financial interests of the Company's stockholders while providing appropriate incentives to its executive officers.

Compensation Philosophy. The Company's executive compensation program is designed to attract and retain high caliber executives and motivate them to achieve superior performance for the benefit of the Company's stockholders. The Compensation Committee believes that a significant portion of executive officers' compensation potential on an annual basis should be at risk based on the Company's performance. If the Company's performance does not meet the criteria established by the Compensation Committee, incentive compensation will be adjusted accordingly.

Compensation Program. The compensation for executive officers of the Company consists primarily of a base salary, an incentive bonus opportunity, and long-term incentive awards tied directly to the performance of the Company's common stock. The total cash compensation (*i.e.*, base salary plus incentive bonus) paid to the Company's executive officers is intended to be competitive with the total cash compensation paid to executive officers in similar positions at companies primarily in the medical device industry with revenues similar to those of the Company. These components of executive compensation are discussed more fully below.

Base Salary. The Compensation Committee determines the base salaries of the Chief Executive Officer and all other executive officers of the Company. The Compensation Committee considers the input of the Chief Executive Officer with respect to the base salaries of the other executive officers of the Company. In establishing the base salaries, the Compensation Committee seeks relevant compensation information but does not rely on a specific list of companies to compare salaries. Salaries are reviewed annually, and increases are based primarily on merit according to each executive officer's achievement of performance objectives.

Incentive Bonus. The Company implemented a management incentive plan for its executive officers and other management-level employees in 2003. The incentive plan provided for the discretionary payment by the Company of an incentive bonus in the event, and to the extent, that the Company achieved certain quarterly and annual performance objectives, including those relating to the Company's financial results, inventory position, and manufacturing efficiency. Under the plan, the incentive bonuses were calculated as a percentage of the executive officer's base salary, with the maximum percentage being 68-75% of base salary depending on the executive's job classification. As a result of the Company's performance in 2003 relative to

Table of Contents

the incentive plan's objectives, the executive officers received incentive bonuses in the approximate range of 63-75% of their base salaries.

Long-Term Incentive Awards. The Company may grant long-term, equity-based incentive awards to its executive officers under the Company's Second Amended and Restated 1999 Equity Incentive Plan (the "Equity Incentive Plan"). Under the Equity Incentive Plan, which is administered by the Compensation Committee, the Company may grant long-term, equity-based awards in the form of incentive stock options, nonqualified stock options, stock appreciation rights, restricted stock, phantom stock units, performance share units, and stock bonuses. Based on an assessment of competitive factors, the Compensation Committee determines an award that is suitable for providing an adequate incentive for the performance and retention of each executive officer. It is not intended that such awards be granted on the basis of past corporate performance or the size or amount of awards previously granted.

The Compensation Committee's practice has been to award stock options in order to closely align the interests of the executive officers with those of the Company's stockholders. In 2003, the Company granted stock options to purchase a total of 227,500 shares of common stock to nine executive officers. To encourage retention, the stock options generally are granted with a vesting period over several years. The stock options granted to the executive officers in 2003 vest ratably over four years. The Compensation Committee has taken the position that stock options should be granted with an exercise price that is equal to the fair market value of the common stock on the date of grant, which is calculated as the average of the high and low reported sale prices on the trading day immediately prior to the grant date. The actual value of stock option compensation, therefore, depends on the market value of the common stock increasing after the date of grant.

Compensation of Chief Executive Officer. F. Barry Bays was the President and Chief Executive Officer of the Company in 2003. Mr. Bays has an employment agreement with the Company, which is discussed in more detail elsewhere in this Proxy Statement. Pursuant to the agreement, the Company paid Mr. Bays a base salary of \$270,000 in 2003. Mr. Bays also was eligible under the Company's management incentive plan for 2003 to receive an incentive bonus calculated as a percentage of his base salary in the event that the Company achieved certain quarterly and annual performance objectives in 2003. While his targeted bonus percentage was 50% of his base salary, Mr. Bays actually received an incentive bonus for 2003 of \$202,500, or 75% of his base salary, due to the overachievement with respect to certain of the performance criteria. On March 25, 2003, the Company granted an option to purchase 50,000 shares of common stock to Mr. Bays under the Equity Incentive Plan. The exercise price of the option is \$16.59 per share, which is equal to the market value of the common stock on the date of grant. The option vests ratably over four years and has a ten-year term. The Compensation Committee considers the total compensation received by Mr. Bays for 2003 to be reasonable and appropriate under the circumstances.

**PROPOSAL 2 APPROVAL OF AMENDMENT OF
CERTIFICATE OF INCORPORATION**

Introduction

The Board of Directors has adopted a resolution proposing an amendment of the Company's Fourth Amended and Restated Certificate of Incorporation (the "certificate of incorporation") to change the Company's authorized shares of common stock from 70,000,000 shares of voting common stock and 30,000,000 shares of non-voting common stock to 100,000,000 shares of common stock (all of which have voting rights). The amendment does not increase the total number of authorized shares of common stock, rather it simply confers voting rights on all the authorized shares of common stock. The Company also has 5,000,000 authorized shares of preferred stock, which will not be affected by the amendment.

Background of Non-Voting Common Stock

In December 1999, Warburg, Pincus Equity Partners, L.P. ("WPEP") led a group of private investors in effecting a recapitalization of the Company. In connection with the recapitalization, the Company issued common stock, preferred stock, and warrants, which together represented 83% of the Company's equity ownership, as well as subordinated notes to WPEP and three affiliated funds ("Warburg Pincus").

In July 2001, the Company issued 7,500,000 shares of voting common stock to investors in its initial public offering (the "IPO"). In connection with the IPO, the Company issued 9,926,006 shares of voting common stock and 7,123,344 shares of non-voting common stock to Warburg Pincus upon the conversion of the shares of preferred stock, accrued dividends thereon, and subordinated notes held by Warburg Pincus. The Company issued the shares of non-voting common stock to Warburg Pincus in accordance with a provision in the certificate of incorporation that prohibited WPEP and its affiliates from beneficially owning more than 49% of the outstanding shares of voting common stock. By virtue of its stockholdings, Warburg Pincus beneficially owned 61% of all the outstanding shares of common stock (voting and non-voting) upon the conclusion of the IPO.

In March 2002, the Company, along with certain selling stockholders, completed a secondary offering of 6,900,000 shares of voting common stock, which included 3,450,000 shares issued by the Company. Upon the completion of the secondary offering, Warburg Pincus beneficial ownership decreased to 46% of all the outstanding shares of common stock (voting and non-voting). Warburg Pincus thereafter converted all its shares of non-voting common stock into shares of voting common stock and, as a consequence, there no longer were any outstanding shares of non-voting common stock.

Outstanding, Committed, Reserved, and Available Shares of Common Stock

At March 31, 2004, the Company had 33,115,438 outstanding shares of voting common stock, 5,602,585 shares of voting common stock committed to be issued upon the exercise of outstanding options and warrants, and 705,025 shares of voting common stock reserved for future issuance under the Company's equity compensation plans. At such date, there remained 30,576,952 authorized shares of voting common stock available for future issuance by the Company.

At March 31, 2004, the Company had no outstanding shares of non-voting common stock, and all 30,000,000 authorized shares of non-voting common stock were available for future issuance. The Company does not have any present plan or intention of issuing any shares of non-voting common stock in the future.

Text of Amendment

If the proposed amendment is approved by the stockholders, Article IV of the certificate of incorporation will be amended to read as follows:

ARTICLE IV

The total authorized capital stock of the Corporation shall be 105,000,000 shares consisting of 100,000,000 shares of Common Stock, \$.01 par value per share (Common Stock), and 5,000,000 shares of Preferred Stock, \$.01 par value per share (Preferred Stock).

The Preferred Stock may be issued from time to time in one or more series, each of which series shall have such distinctive designation or title and such number of shares as shall be fixed by the Board of Directors prior to the issuance of any shares thereof. Each such series of Preferred Stock shall have such voting powers, full or limited, or no voting powers, and such preferences and relative, participating, optional or other special rights and such qualifications, limitations or restrictions thereof, as shall be stated and expressed in the resolution or resolutions providing for the issue of such series of Preferred Stock as may be adopted from time to time by the Board of Directors prior to the issuance of any shares thereof pursuant to the authority hereby expressly vested in it. The Board of Directors is further authorized to increase or decrease (but not below the number of shares outstanding) the number of shares of any series of Preferred Stock subsequent to the issuance of shares of that series. In case the number of shares of any series shall be so decreased, the shares constituting such decrease shall resume the status of which they had prior to the adoption of the resolution originally fixing the number of shares of such series. Except as provided in the resolution or resolutions of the Board of Directors creating any series of Preferred Stock or as otherwise provided herein, the shares of Common Stock shall have the exclusive right to vote for the election and removal of directors and for all other purposes.

Effects of Amendment

If the proposed amendment is approved by the stockholders, the Company will continue to have the same number of authorized shares of common stock. The only difference in the Company's equity capital structure will be that all 100,000,000, rather than only 70,000,000, of the authorized shares of common stock will have voting rights.

The additional authorized shares of common stock with voting rights will be available to the Company for issuance from time to time for various corporate purposes, including private or public sales, acquisitions, stock splits and dividends, and equity compensation plans. The Company does not have any present understanding, arrangement or agreement to issue any additional shares of common stock for any purpose other than pursuant to its outstanding options and warrants and its existing equity compensation plans. Nonetheless, the Company from time to time will continue to consider transactions that would result in the issuance of additional shares of common stock.

The additional authorized shares of common stock with voting rights could have the effect of making it more difficult, and therefore less likely, for a party to gain control of the Company on an unfriendly basis, because the Company could issue such additional shares to a third party that is supportive of the incumbent Board of Directors and management. The Company does not know of any party that is intent on gaining control of the Company and, as a consequence, the Company has no present plan or intention to issue any additional shares of common stock in connection with such a situation.

The proposed amendment does not alter the rights and privileges of the Company's outstanding shares of common stock or the manner in which the Board of Directors may authorize the issuance of additional shares of common stock or preferred stock. The Company's stockholders do not have preemptive rights or any other preferential right to purchase any additional shares of common stock.

The Board of Directors believes that the proposed amendment is in the best interests of the Company and its stockholders, insofar as it will provide the Board of Directors with flexibility and will enhance its ability to

Table of Contents

respond to corporate opportunities that may arise in the future without the delay of seeking stockholder approval at such time. The Board of Directors will continue to seek stockholder approval for transactions that require such approval under Delaware corporate law, the Company's certificate of incorporation and bylaws, and the NASD's listing standards.

Effective Date of Amendment

If the proposed amendment is approved by the stockholders, the Company intends shortly thereafter to file a certificate of amendment to the certificate of incorporation with the office of the Secretary of State of the State of Delaware. The certificate of amendment will become effective upon its filing. The only changes to the certificate of incorporation will be those made to Article IV as shown above.

Board of Directors Recommendation

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE *FOR* THE APPROVAL OF THE AMENDMENT OF THE COMPANY'S CERTIFICATE OF INCORPORATION TO CHANGE THE COMPANY'S AUTHORIZED SHARES OF COMMON STOCK FROM 70,000,000 SHARES OF VOTING COMMON STOCK AND 30,000,000 SHARES OF NON-VOTING COMMON STOCK TO 100,000,000 SHARES OF COMMON STOCK (ALL OF WHICH HAVE VOTING RIGHTS), WITHOUT ANY INCREASE IN THE OVERALL NUMBER OF AUTHORIZED SHARES OF COMMON STOCK. Each proxy solicited on behalf of the Board of Directors will be voted *FOR* the approval of the amendment of the certificate of incorporation unless the stockholder instructs otherwise in the proxy.

PROPOSAL 3 APPROVAL OF AMENDMENT OF EQUITY INCENTIVE PLAN

Introduction

The Company's Second Amended and Restated 1999 Equity Incentive Plan (the "Equity Incentive Plan") originally was adopted by the Board of Directors and approved by the stockholders on December 7, 1999, and subsequently was amended and restated on July 6, 2001, and May 13, 2003. Under the Equity Incentive Plan, the Company is authorized to grant equity-based awards in the form of stock options, stock appreciation rights, restricted stock, phantom stock units, performance share units, and stock bonuses to the employees (including executive officers), directors, and consultants of the Company and its subsidiaries. The purpose of the Equity Incentive Plan is to provide a means for the Company to attract able persons to become and remain employees and directors of and consultants to the Company and its subsidiaries by providing them with long-term, equity-based incentive compensation. The objectives of the Equity Incentive Plan are to strengthen the commitment of employees, directors, and consultants to the welfare of the Company and to promote an identity of interest between them and the Company's stockholders.

Summary of Proposed Amendment

The Compensation Committee of the Board of Directors has reviewed the Equity Incentive Plan and has concluded that it would be in the best interests of the Company and its stockholders for the Equity Incentive Plan to be amended as summarized below. The Compensation Committee has adopted an amendment to the Equity Incentive Plan to effect these changes, subject to approval by the Company's stockholders in a manner that complies with applicable law, the rules and regulations of the SEC, and the rules and regulations of the Nasdaq Stock Market. If approved by the stockholders, the amendment of the Equity Incentive Plan will become effective as of May 13, 2004, the date of the meeting.

Increase in Shares Available. At present, the Company is authorized to grant equity-based awards under the Equity Incentive Plan for up to 6,767,051 shares of common stock. At March 31, 2004, the Company had granted stock options and stock bonuses to approximately 500 employees and directors. The Company thus far has not granted any stock appreciation rights, restricted stock, phantom stock units, or performance share units under the Equity Incentive Plan. At March 31, 2004, the Company had issued 871,186 shares of common stock pursuant to stock option exercises and 69,688 shares of common stock as stock bonuses, the Company had paid cash in an amount equivalent to 52,356 shares of common stock to offset the tax consequences of the stock bonuses, and there were outstanding stock options to purchase 5,250,328 shares of common stock. As a result, at March 31, 2004, there were 523,493 remaining shares of common stock available for future awards under the Equity Incentive Plan.

Based on the Company's current compensation policies, the Compensation Committee believes that in the near future there will not be a sufficient number of shares of common stock available for future awards under the Equity Incentive Plan in order to enable the Company to continue to achieve its objectives. Therefore, as contemplated in the amendment, the maximum number of shares of common stock for which the Company may grant awards under the Equity Incentive Plan will be increased by 1,500,000 shares from 6,767,051 to 8,267,051 shares. The additional shares represent a 22.2% increase in the number of authorized shares under the Equity Incentive Plan, but constitute only 4.5% of the 33,115,438 shares of common stock that were outstanding on March 31, 2004. The additional 1,500,000 shares, together with the existing 523,493 shares at March 31, 2004, are expected to provide the Company with a sufficient number of available shares of common stock to make awards under the Equity Incentive Plan for the foreseeable future.

Increase in Annual Limit on Stock Options and SARs. At present, a participant in the Equity Incentive Plan may receive in any one year stock options and stock appreciation rights ("SARs") with respect to no more than 200,000 shares of common stock. The Compensation Committee believes that this limit on annual stock option and SARs grants, while reasonable when the Equity Incentive Plan was adopted in 1999 when the Company was privately held, is too low in the current employment marketplace to enable the Company to achieve its employee recruitment and retention objectives, particularly with respect to executive officers.

Table of Contents

Therefore, as contemplated in the amendment, the maximum number of shares of common stock with respect to which a participant may receive stock options and SARs granted under the Equity Incentive Plan in any one year will be increased by 400,000 shares from 200,000 to 600,000 shares. The Compensation Committee believes that this higher annual limit on stock option and SARs grants is essential to maintaining the Equity Incentive Plan as an effective source of equity-based incentive compensation for the Company's employees.

Prohibition on Repricing of Stock Options. At present, the Equity Incentive Plan authorizes the Compensation Committee to permit or require participants to voluntarily surrender their nonqualified stock option upon the Company's granting to them of a new stock option for the same or a different number of shares. The new stock option may, among other things, be exercisable at a price specified by the Compensation Committee without regard to the exercise price of the surrendered nonqualified stock option. This authority implicitly allows the Compensation Committee, in the event of a decline in the market price of the common stock, to reprice the outstanding nonqualified stock options by reducing their exercise prices to, or replacing them with new stock options with exercise prices at, levels that are more commensurate with the then existing, lower share price. While the Company has never been confronted with a stock option repricing scenario, the Compensation Committee, as a matter of policy, does not favor the repricing of outstanding stock options in the absence of approval by the Company's stockholders. Therefore, as contemplated in the amendment, the Equity Incentive Plan will prohibit the Company, without the prior approval of the Company's stockholders, from amending any outstanding nonqualified stock option to reduce its exercise price and from granting any new stock option in replacement and cancellation of any outstanding nonqualified stock option with a higher exercise price. The prohibition on stock option repricing will not be construed to prohibit the adjustments for extraordinary changes in the Company's capital structure that are currently permitted under the Equity Incentive Plan.

Administrative Changes. As contemplated in the amendment, the Equity Incentive Plan will be modified in a number of other ways to update and improve its administration. The administrative changes to the Equity Incentive Plan include (a) clarifying that if the common stock is quoted on the Nasdaq Stock Market, then the fair market value of the common stock is determined as the mean between the highest and lowest sale prices of the common stock reported on the Nasdaq Stock Market on the date prior to the determination date; (b) deleting the requirement that participants enter into a shareholders agreement as a condition to receiving an award under the plan, which is a holdover from the period prior to July 13, 2001, when the Company was privately held; (c) removing references to the private company exemption from the applicability of Section 162(m) of the Internal Revenue Code (the Code), which has ceased to be applicable to the Company; and (d) providing that any amendment of the Equity Incentive Plan must be approved by the Company's stockholders to the extent that such approval is then required by the Equity Incentive Plan, applicable law, the rules and regulations of the Securities and Exchange Commission, or the rules and regulations of any national securities exchange on which the common stock is then listed or the Nasdaq Stock Market or any other automated quotation system on which the common stock is then quoted.

Summary of Equity Incentive Plan

The following is a summary of the detailed provisions of the Equity Incentive Plan as proposed to be amended. The statements contained herein are qualified in their entirety by reference to the Third Amended and Restated 1999 Equity Incentive Plan which sets forth the Equity Incentive Plan as so amended, a copy of which is attached as Appendix C to this Proxy Statement.

General. The Equity Incentive Plan authorizes the Company to grant to eligible persons the following types of equity-based awards: options to purchase common stock that qualify as incentive stock options within the meaning of Section 422 of the Code; options to purchase common stock that do not qualify as incentive stock options under the Code, which are also referred to as nonqualified stock options; stock appreciation rights or SARs; shares of restricted stock that are subject to certain transferability and forfeiture restrictions that lapse after specified restricted periods; phantom stock units; performance share units; and stock bonuses.

Table of Contents

Eligible Persons. Approximately 600 non-union employees and directors of and consultants to the Company and its related entities are eligible to receive equity-based awards under the Equity Incentive Plan. Under present law, incentive stock options may be granted only to employees.

Shares Available. As contemplated in the amendment, the maximum number of shares of common stock subject to all awards granted under the Equity Incentive Plan will be 8,267,051 shares. In addition, as contemplated in the amendment, the maximum number of shares of common stock with respect to which any one person may be granted options or SARs during any one year will be 600,000 shares. The awards granted under the Equity Incentive Plan and the foregoing share limitations are subject to equitable adjustment or substitution, as determined by the Compensation Committee in its sole discretion, in the event of certain changes in the Company's outstanding shares of common stock or its capital structure resulting from stock dividends, stock splits, reverse stock splits, recapitalizations, reorganizations, mergers, consolidations, combinations, exchanges, or other relevant changes in capitalization. In the event that any option, SAR, restricted stock, phantom stock unit, or performance share unit expires or is surrendered, terminated, or forfeited, the shares of common stock no longer subject to such award will be released and thereafter available for new awards to be granted under the Equity Incentive Plan.

Administration. The Compensation Committee of the Board of Directors is authorized to administer the Equity Incentive Plan. The Compensation Committee has the authority, subject to the provisions of the Equity Incentive Plan, to establish, adopt, or revise such rules and regulations and to make all such determinations relating to the administration of the Equity Incentive Plan as it may deem necessary or advisable. The Compensation Committee has the power, subject to the provisions of the Equity Incentive Plan, to select the eligible persons to participate in the Equity Incentive Plan; determine the nature and extent of the awards to be made to each participant; determine the time when awards will be made to participants; establish the performance goals and determine the period of time within which performance is measured with respect to performance share units; determine the period of time during which shares of restricted stock are subject to restrictions; determine the conditions for the payment of awards; and prescribe the forms of agreements and documents evidencing the awards.

Types of Equity-Based Awards

Stock Options. The Compensation Committee may grant awards of stock options to eligible persons under the Equity Incentive Plan. Nonqualified stock options may be granted to all eligible persons, but incentive stock options may be granted only to employees of the Company and its related entities.

The Compensation Committee may set the exercise price of stock options, provided that the exercise price of incentive stock options is not less than the fair market value of the underlying common stock on the date of grant. Stock options will vest and become exercisable in such a manner and on such date or dates as are determined by the Compensation Committee. The stock options will expire after a period not exceeding ten years from the date of grant, as determined by the Compensation Committee, subject to earlier termination in the event that the participant's employment or service with the Company or a related entity ceases before the end of the option period. If an incentive stock option is granted to a participant who owns or is deemed to own more than 10% of the combined voting power of all classes of the Company's stock, the option period may not exceed five years and the exercise price may not be less than 110% of the fair market value of the underlying common stock on the date of grant. Each stock option is to be evidenced by a stock option agreement containing such provisions, consistent with the Equity Incentive Plan, as are determined by the Compensation Committee.

Stock Appreciation Rights. The Compensation Committee may grant awards of stock appreciation rights to eligible persons, alone or in tandem with stock options, pursuant to the Equity Incentive Plan. A SAR confers on the participant the right to receive the value equal to the excess of the fair market value of one share of common stock on the date of exercise over the exercise price of the SAR. The Company may pay an exercised SAR's excess value in the form of cash, shares of common stock, or a combination of both as determined by the Compensation Committee. If, on the day that an unexercised SAR is scheduled to expire, the fair market value of the common stock exceeds the exercise price of the SAR, the SAR will be deemed to have been exercised by the participant on such last day, and the Company will make the appropriate payment

Table of Contents

therefor. Each SAR is to be subject to such terms and conditions as are imposed by the Compensation Committee and are not inconsistent with the Equity Incentive Plan.

Restricted Stock. The Compensation Committee may grant awards of restricted stock to eligible persons under the Equity Incentive Plan. Upon the award of the restricted stock, the Company issues a stock certificate registered in the participant's name, evidencing the restricted stock, and bearing an appropriate legend and either delivers it to the participant or deposits it in escrow pending the expiration of the restrictions. The participant's rights to the restricted stock are subject to certain transferability and forfeiture restrictions during a restricted period which commences on the date of grant of the restricted stock and expires from time to time in accordance with a schedule established by the Compensation Committee. While the restrictions are in place, the participant generally has the rights and privileges of a stockholder as to the restricted stock, including the right to vote the restricted stock and to receive dividends thereon. Upon the expiration of the restricted period, the restrictions are of no further force or effect with respect to the restricted stock, and any escrowed stock certificate evidencing the restricted stock is delivered to the participant. Each restricted stock award is to be evidenced by an agreement between the Company and the participant setting forth the applicable restrictions.

Phantom Stock Units. The Compensation Committee may grant awards of phantom stock units to eligible persons pursuant to the Equity Incentive Plan. A phantom stock unit is a hypothetical investment equal to one share of common stock. The Company does not issue any shares of common stock when a phantom stock unit award is made, and the participant is not considered a stockholder of the Company; however, the participant is entitled to receive an amount of cash equal to the cash dividend that the Company pays on a share of common stock for each phantom stock unit then credited to the participant's account. The participant's rights with respect to the phantom stock units are subject to certain forfeiture provisions during a restricted period which commences as of the date of grant of the phantom stock units and expires from time to time in accordance with a schedule established by the Compensation Committee. Upon the expiration of the restricted period, the Company delivers to the participant one share of common stock for each phantom stock unit for which the restrictions have expired and cash equal to any dividend equivalents credited with respect to each such phantom stock unit. The terms and conditions of each grant of phantom stock units are to be reflected in a written award agreement.

Performance Share Units. The Compensation Committee is authorized to establish performance share programs and may grant awards of performance share units to eligible persons in accordance with such programs under the Equity Incentive Plan. The Compensation Committee determines the number of performance share units to be granted to each eligible person who is selected to receive such an award. At the beginning of each performance measurement period, referred to in the Equity Incentive Plan as an award period, the Compensation Committee establishes written performance goals based on the Company's financial objectives for such award period and a schedule relating the accomplishment of the performance goals to the performance share units to be earned by the participants. The performance goals may include absolute or relative growth in earnings per share or rate of return on stockholders' equity or any other measurement of corporate performance and may be determined on an individual basis or by categories of participants. The Compensation Committee may adjust the performance goals during the award period to account for certain events affecting the Company. At the completion of the award period, the Compensation Committee calculates the number of shares of common stock earned with respect to each participant's performance share unit award by multiplying the number of performance share units granted to the participant by a performance factor representing the degree of attainment of the performance goals. Payment of earned performance share units is made in the form of shares of common stock or, at the Compensation Committee's discretion, cash if requested by the participant.

Stock Bonuses. The Compensation Committee may issue unrestricted shares of common stock to eligible persons pursuant to the Equity Incentive Plan. The Compensation Committee may grant the stock awards as or in payment of a bonus to the participant, to provide incentives for the participant, or to recognize the participant's special achievements or contributions.

Table of Contents

Transferability. A participant's interest in and rights under the Equity Incentive Plan, including amounts receivable on account of the equity-based awards granted thereunder, may not be sold, assigned, donated, transferred, or otherwise disposed of, and may not be mortgaged, pledged or encumbered, except in the event of a participant's death to a designated beneficiary to the extent permitted in the Equity Incentive Plan, or by will or the laws of descent and distribution in the absence of any such designation. The Compensation Committee, however, may allow for the transfer of awards other than incentive stock options to other persons or entities.

Change of Control Provisions. Under the Company's standard agreements covering stock option grants, if the Company experiences a change of control, all the then unvested options will automatically vest and be fully exercisable and will remain so exercisable in accordance with the terms of the option agreement. For purposes of the option agreements, a change of control is defined as any of the following events:

the acquisition by any individual, entity, or group of beneficial ownership of 50% or more (on a fully diluted basis) of either (1) the then outstanding shares of the Company's common stock, taking into account certain share equivalents, or (2) the combined voting power of the Company's then outstanding voting securities that are entitled to vote generally in the election of directors, unless the acquisition (a) is pursuant to an initial public offering by the Company or (b) is effected by the Company, any affiliate of the Company, or any employee benefit plan (or related trust) sponsored or maintained by the Company or any of its affiliates;

the consummation of a reorganization, merger, consolidation, or sale or other disposition of all or substantially all the assets of the Company, unless, following the transaction, (1) all or substantially all the individuals and entities who were the beneficial owners, respectively, of the then outstanding shares of the Company's common stock, taking into account certain share equivalents, and the Company's then outstanding voting securities that are entitled to vote generally in the election of directors immediately prior to the transaction continue to beneficially own more than 60%, respectively, of the then outstanding shares of common stock and the combined voting power of the then outstanding voting securities that are entitled to vote generally in the election of directors of the corporation resulting from the transaction (the new entity) in substantially the same ownership proportions as prior to the transaction; (2) no unrelated party beneficially owns, directly or indirectly, (a) 50% or more (on a fully diluted basis) of the then outstanding shares of common stock of the new entity, taking into account certain share equivalents, or (b) 50% or more of the combined voting power of the outstanding voting securities of the new entity, except in each case to the extent that such ownership existed prior to the transaction; and (3) at least a majority of the members of the board of directors of the new entity were incumbent members of the Board of Directors of the Company at the time of the execution of the initial agreement providing for the transaction;

the sale of at least 80% of the Company's assets to an unrelated party or the completion of a transaction having a similar effect;

the approval by the Company's stockholders of a complete liquidation or dissolution of the Company; or

the individuals who constitute the Board of Directors of the Company on the date of the employment agreement, and any other individual who becomes a member of the Board of Directors after the date of the agreement and whose election or nomination was approved by a vote of at least two-thirds of the Company's then current directors, thereafter cease to constitute at least a majority of the Board of Directors.

Amendment and Termination. The Board of Directors may terminate the Equity Incentive Plan at any time. The Board of Directors or the Compensation Committee may amend or suspend and, if suspended, reinstate the Equity Incentive Plan in whole or in part at any time and from time to time. As contemplated in the amendment, any subsequent amendment of the Equity Incentive Plan must be approved by the Company's stockholders to the extent that such approval is then required by the Equity Incentive Plan, applicable law, the rules and regulations of the Securities and Exchange Commission, or the rules and

Table of Contents

regulations of any national securities exchange on which the common stock is then listed or the Nasdaq Stock Market or any other automated quotation system on which the common stock is then quoted.

Federal Income Tax Consequences

The following is a summary of the material anticipated United States federal income tax consequences of the Equity Incentive Plan to the Company and the participants. The summary is based on current federal income tax law, which is subject to change, and does not address state, local, or foreign tax consequences or considerations.

Stock Options. The grant of a stock option that does not have a readily ascertainable value will not result in taxable income at the time of the grant for either the Company or the optionee. Upon exercising an incentive stock option, the optionee will have no taxable income (except that the alternative minimum tax may apply) and the Company will receive no deduction. Upon exercising a nonqualified stock option, the optionee will recognize ordinary income in the amount by which the fair market value of the common stock at the time of exercise exceeds the option exercise price, and the Company will be entitled to a deduction for the same amount. The optionee's income is subject to withholding tax as wages.

The tax treatment of the optionee upon a disposition of shares of common stock acquired through the exercise of a stock option is dependent upon the length of time that the shares have been held and on whether such shares were acquired by exercising an incentive stock option or a nonqualified stock option. If an employee exercises an incentive stock option and holds the shares for two years from the date of grant and one year after exercise, then any gain or loss realized based on the exercise price of the option will be treated as long-term capital gain or loss. Shares obtained upon exercise of an incentive stock option that are sold without satisfying these holding periods will be treated as shares received from the exercise of a nonqualified stock option. Generally, upon the sale of shares obtained by exercising a nonqualified stock option, the optionee will treat the gain realized on the sale as a capital gain. Generally, there will be no tax consequence to the Company in connection with the disposition of shares of common stock acquired under an option, except that the Company may be entitled to a deduction in the case of a disposition of shares acquired upon exercise of an incentive stock option before the applicable holding periods have been satisfied.

Stock Appreciation Rights. The grant of a SAR will not result in taxable income to the participant at the time of the award. Upon exercising the SAR, the participant will recognize ordinary income in the amount by which the fair market value of the common stock or the amount of cash, as the case may be, exceeds the SAR exercise price, if any. The Company will be entitled to a deduction for the same amount. The participant's income is subject to withholding tax as wages. Upon a disposition of shares of common stock acquired through the exercise of the SAR, the participant may recognize capital gain or loss, the character of which is dependent upon the length of time that the shares have been held. Generally, there will be no tax consequences to the Company in connection with the disposition of shares of common stock acquired under a SAR.

Restricted Stock. An award of shares of common stock that is limited in terms of transferability and is subject to a substantial risk of forfeiture *i.e.*, restricted stock will not result in taxable income to the participant at the time of the grant. Prior to the lapse of either of the restrictions on the restricted stock, any dividends received on such shares will be treated as ordinary compensation income to the participant. Upon the lapse of either of the restrictions, the participant will recognize ordinary income in the amount of the fair market value of the shares of common stock at the time that the restriction lapses.

Alternatively, within 30 days after receipt of the restricted stock, a participant may make an election under Section 83(b) of the Code, which would allow the participant to include in income in the year that the restricted common stock is awarded an amount equal to the fair market value of the restricted stock on the date of such award determined as if the restricted common stock were not subject to restrictions. If the Section 83(b) election is made, the participant will not recognize income at the time that the restrictions actually lapse. For purposes of determining the period of time that the participant holds the restricted stock, the holding period begins on the award date when a participant makes a Section 83(b) election. Further, any dividends received after the Section 83(b) election is made will constitute ordinary income. If the restricted

Table of Contents

stock subject to the Section 83(b) election is subsequently forfeited, however, the participant is not entitled to a deduction or tax refund.

The Company will be entitled to a deduction for the year in which the participant recognizes ordinary income with respect to the restricted stock in an amount equal to such income.

Phantom Stock Units. The grant of a phantom stock unit will not result in taxable income to the participant at the time of the grant. Further, the participant will have no taxable income upon lapse of the restrictions. At the time that the Company makes payment with respect to the phantom stock unit, the participant will recognize ordinary income in an amount equal to the fair market value of the shares of common stock received or in the amount of the cash received, as the case may be. The Company will be entitled to a deduction at the time of payment in an amount equal to such income.

Performance Share Units. The grant of a performance share unit will not result in taxable income to the participant at the time of the grant. At the time that the Company makes payment with respect to the performance share units, the participant will recognize ordinary income in an amount equal to the fair market value of the shares of common stock received or in the amount of the cash received, as the case may be. The Company will be entitled to a deduction at the time of payment in an amount equal to such income.

Stock Bonuses. A participant who receives a stock bonus will recognize ordinary income upon receipt of the stock in an amount equal to the fair market value of the stock on the date of grant. The Company will be entitled to a deduction at the time of grant in an amount equal to such income.

Effect of Section 162(m) of the Code. Section 162(m) of the Code limits to \$1 million per person the annual amount that the Company may deduct for compensation paid to any of its most highly compensated employees. Compensation payable as a result of the attainment of performance goals is excluded from this limit. To qualify as performance-based compensation, the Equity Incentive Plan and the awards made thereunder must meet certain requirements. For example, stock options and SARs granted with an exercise price not less than the fair market value of the underlying shares of common stock are considered performance-based compensation, so long as the Equity Incentive Plan and the stock option or SAR meet certain requirements, because the amount of compensation is attributable to an increase in the price of the common stock. Restricted stock awards may or may not qualify as performance-based compensation, depending on whether the vesting of the restricted stock is based on the attainment of performance-based goals. The Company's policy is to grant awards meeting the requirements of Section 162(m) and applicable regulations to its most highly compensated employees.

Common Stock Price

The last sale price of the Company's common stock on March 31, 2004, as reported by the Nasdaq Stock Market, was \$30.70 per share.

PROPOSAL 4 RATIFICATION OF SELECTION OF INDEPENDENT AUDITOR

General

The Audit Committee of the Board of Directors has selected KPMG LLP (KPMG) as the independent auditor to perform the audit of the Company's consolidated financial statements for 2004. KPMG audited the Company's consolidated financial statements for 2003 and 2002. KPMG is a registered public accounting firm.

The Board of Directors is asking the stockholders to ratify the selection of KPMG as the Company's independent auditor for 2004. Although not required by law, the NASD's listing standards, or the Company's bylaws, the Board of Directors is submitting the selection of KPMG to the stockholders for ratification as a matter of good corporate practice. Even if the selection is ratified, the Audit Committee in its discretion may select a different registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

Representatives of KPMG are expected to be present at the meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from the Company's stockholders.

Board of Directors Recommendation

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE *FOR* THE RATIFICATION OF THE SELECTION OF KPMG AS THE COMPANY'S INDEPENDENT AUDITOR FOR 2004. Each proxy solicited on behalf of the Board of Directors will be voted *FOR* the ratification of the selection of KPMG as the Company's independent auditor for 2004 unless the stockholder instructs otherwise in the proxy. If the stockholders do not ratify the selection, the matter will be reconsidered by the Audit Committee and the Board of Directors.

Audit and Non-Audit Services

The Audit Committee is directly responsible for the appointment, compensation, and oversight of the Company's independent auditor. In addition to retaining KPMG to audit the Company's consolidated financial statements for 2003, the Audit Committee retained KPMG to provide other auditing and advisory services in 2003. The Audit Committee understands the need for KPMG to maintain objectivity and independence in its audits of the Company's financial statements. The Audit Committee has reviewed all non-audit services provided by KPMG in 2003 and has concluded that the provision of such services was compatible with maintaining KPMG's independence in the conduct of its auditing functions.

To help ensure the independence of the independent auditor, the Audit Committee has adopted a policy for the pre-approval of all audit and non-audit services to be performed for the Company by its independent auditor. Pursuant to this policy, all audit and non-audit services to be performed by the independent auditor must be approved in advance by the Audit Committee. The Audit Committee may delegate to one or more of its members the authority to grant the required approvals, provided that any exercise of such authority is presented to the full Audit Committee at its next regularly scheduled meeting.

Table of Contents

The aggregate fees billed by KPMG for audit and non-audit services provided to the Company in 2003 and 2002 were as follows:

Fees	2003	2002
Audit Fees	\$582,000	\$499,732
Audit-Related Fees	103,000	8,000
Tax Fees:		
Tax Compliance Fees	31,050	35,000
All Other Tax Fees	177,732	37,769
Total Tax Fees	208,782	72,769
All Other Fees		
Total	\$893,782	\$580,501

In the above table, in accordance with the SEC's definitions and rules, audit fees are fees for professional services for the audit of a company's financial statements included in the annual report on Form 10-K, for the review of a company's financial statements included in the quarterly reports on Form 10-Q, and for services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements; audit-related fees are fees for assurance and related services that are reasonably related to the performance of the audit or review of a company's financial statements; tax fees are fees for tax compliance, tax advice and tax planning; and all other fees are fees for any services not included in the first three categories. The Company has adjusted the audit fees billed by KPMG in 2002, compared to the figures reported in last year's proxy statement, to increase the audit fees by \$5,700 and to shift \$8,000 related to the audit of an employee benefit plan to the audit-related fees category.

Other Independence Measures

The Company has taken additional steps to ensure the independence of its independent auditor. The Audit Committee requires that the lead and concurring partners assigned to the audit of the Company's consolidated financial statements are rotated off the independent auditor's audit engagement at least every five years. The Board of Directors, upon the recommendation of the Audit Committee, also has adopted a policy restricting the hiring of employees or former employees of the independent auditor who participated in any capacity in the audit of the Company's consolidated financial statements.

Prior Independent Auditor

As previously disclosed, on May 10, 2002, the Board of Directors, upon the recommendation of the Audit Committee, decided to no longer engage Arthur Andersen LLP (Andersen) as the Company's independent auditor, and engaged KPMG to serve as the Company's independent auditor for 2002.

Andersen's reports on the Company's consolidated financial statements for each of the years ended December 31, 2001 and 2000, did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles. Andersen's unqualified report on the Company's audited consolidated financial statements as of and for the year ended December 31, 2001, was issued in conjunction with the publication of the Company's 2001 Annual Report and the filing with the SEC of the Company's annual report on Form 10-K for the year ended December 31, 2001.

During the years ended December 31, 2001 and 2000, and the subsequent interim period through May 10, 2002, there were no disagreements with Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to Andersen's satisfaction, would have caused it to make reference to the subject matter of the disagreement in connection with its reports on the Company's consolidated financial statements for such years.

None of the reportable events described under Item 304(a)(1)(v) of Regulation S-K occurred within the years ended December 31, 2001 and 2000, or the subsequent interim period through May 10, 2002.

Table of Contents

The Company provided Andersen with a copy of the foregoing disclosures and attached a copy of Andersen's letter to the SEC dated May 10, 2002, stating Andersen's agreement with such statements as Exhibit 16.1 to the current report on Form 8-K that the Company filed with the SEC on May 13, 2002.

During the years ended December 31, 2001 and 2000, and the subsequent interim period through May 10, 2002, the Company did not consult KPMG regarding (a) either the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, or (b) any matter that was either the subject of a disagreement (as defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions) or a reportable event (as described in Item 304(a)(1)(v) of Regulation S-K).

- (1) The exercise price per share of each stock option granted to the named executive officers is equal to the market value of the common stock on the date of grant.
- (2) In accordance with the SEC's regulations, these dollar figures represent hypothetical gains that could be achieved for the respective stock options if they were exercised at the end of the option term. The gains are based on assumed annual rates of stock price appreciation of 5% and 10% compounded annually from the date that the respective stock options were granted to their expiration date. They do not reflect the Company's estimates or projections of future prices of the common stock. The gains are net of the stock option exercise price, but do not include deductions for taxes or other expenses associated with the exercise. The actual gains, if any, realized upon stock option exercises will depend upon the future performance of the common stock, the executive's continued employment with the Company or its subsidiaries, and the dates on which the stock options are exercised. The hypothetical gains shown in the table might not be achieved.

All the stock options granted to the named executive officers were granted under the Company's Second Amended and Restated 1999 Equity Incentive Plan (the "Equity Incentive Plan"). The Compensation Committee, which administers the Equity Incentive Plan and the Company's other incentive plans, has general authority to accelerate, extend, or otherwise modify the benefits under the stock options in certain circumstances within overall plan and other limitations. The Compensation Committee has no present intention to exercise that authority with respect to these stock options.

documents evidencing Awards granted pursuant thereto and all decisions and determinations by the Committee with respect to the Plan shall be final, binding, and conclusive on all parties unless otherwise determined by the Board.

5. Grant of Awards; Shares Subject to the Plan. The Committee may, from time to time, grant Awards of Options, Stock Appreciation Rights, Restricted Stock, Phantom Stock Units, Performance Share Units and/or Stock Bonuses to one or more Eligible Persons; provided, however, that:

(a) Subject to Section 13, the aggregate number of shares of Stock made subject to all Awards may not exceed 8,267,051 shares of Common Stock;

(b) Such shares shall be deemed to have been used in payment of Awards whether they are actually delivered or the Fair Market Value equivalent of such shares is paid in cash. In the event any Option, SAR not attached to an Option, Restricted Stock Award, Phantom Stock Unit or Performance Share Unit shall be surrendered, terminate, expire, or be forfeited, the number of shares of Stock no longer subject thereto shall thereupon be released and shall thereafter be available for new Awards under the Plan;

(c) Stock delivered by the Company in settlement of Awards under the Plan may be authorized and unissued Stock or Stock held in the treasury of the Company or may be purchased on the open market or by private purchase;

(d) No Participant may receive Options or SARs under the Plan with respect to more than 600,000 shares of Stock in any one year; and

(e) The Committee may, in its sole discretion, require a Participant to pay consideration for an Award in an amount and in a manner as the Committee deems appropriate.

6. Eligibility. Participation shall be limited to Eligible Persons who have received written notification from the Committee, or from a person designated by the Committee, that they have been selected to participate in the Plan.

7. Discretionary Grant of Stock Options. The Committee is authorized to grant one or more Incentive Stock Options or Nonqualified Stock Options to any Eligible Person; provided, however, that no Incentive Stock Options shall be granted to any Eligible Person who is not an employee of the Company or a Related Entity. Each Option so granted shall be subject to the following conditions, or to such other conditions as may be reflected in the applicable Stock Option Agreement:

(a) Option Price. The exercise price (Option Price) per share of Stock for each Option shall be set by the Committee at the time of grant; provided, however, that no Incentive Stock Option shall be granted with a per share exercise price that is less than the Fair Market Value of a share of Stock at the Date of Grant.

(b) Manner of Exercise and Form of Payment. Options which have become exercisable may be exercised by delivery of written notice of exercise to the Committee accompanied by payment of the Option Price. The Option Price shall be payable in cash and/or shares of Stock valued at the Fair Market Value at the time the Option is exercised or, in the discretion of the Committee, either (i) in other property having a fair market value on the date of exercise equal to the Option Price, or (ii) by delivering to the Committee a copy of irrevocable instructions to a stockbroker to deliver promptly to the Company an amount of sale or loan proceeds sufficient to pay the Option Price.

(c) Option Period and Expiration. Options shall vest and become exercisable in such manner and on such date or dates determined by the Committee and shall expire after such period, not to exceed ten years from the Date of Grant, as may be determined by the Committee (the Option Period), provided, however, that notwithstanding any vesting dates set by the Committee, the Committee may in its sole discretion accelerate the exercisability of any Option, which acceleration shall not affect the terms and conditions of any such Option other than with respect to exercisability. If an Option is exercisable in installments, such installments or portions thereof which become exercisable shall remain exercisable until the Option expires.

Table of Contents

Unless otherwise stated in the applicable Option Agreement, the Option shall expire earlier than the end of the Option Period in the following circumstances:

(i) If prior to the end of the Option Period, the Holder shall undergo a Normal Termination, the Option shall expire on the earlier of the last day of the Option Period or the date that is thirty days after the date of such Normal Termination. In such event, the Option shall remain exercisable by the Holder until its expiration, only to the extent the Option was exercisable at the time of such Normal Termination.

(ii) If the Holder dies prior to the end of the Option Period and while still in the employ or service of the Company or any Related Entity or within thirty days of Normal Termination, the Option shall expire on the earlier of the last day of the Option Period or the date that is thirty days after the date of death of the Holder. In such event, the Option shall remain exercisable by the person or persons to whom the Holder's rights under the Option pass by will or the applicable laws of descent and distribution until its expiration, only to the extent the Option was exercisable by the Holder at the time of death.

(iii) If the Holder ceases employment or service with the Company or any Related Entity for reasons other than Normal Termination or death, the Option shall expire immediately upon such cessation of employment or service.

(d) Stock Option Agreement - Other Terms and Conditions. Each Option granted under the Plan shall be evidenced by a Stock Option Agreement, which shall contain such provisions as may be determined by the Committee and, except as may be specifically stated otherwise in such Stock Option Agreement, which shall be subject to the following terms and conditions:

(i) Each Option issued pursuant to this Section 7 or portion thereof that is exercisable shall be exercisable for the full amount or for any part thereof.

(ii) Each share of Stock purchased through the exercise of an Option issued pursuant to this Section 7 shall be paid for in full at the time of the exercise. Each Option shall cease to be exercisable, as to any share of Stock, when the Holder purchases the share or exercises a related SAR or when the Option expires.

(iii) Subject to Section 12(k), Options issued pursuant to this Section 7 shall not be transferable by the Holder except by will or the laws of descent and distribution and shall be exercisable during the Holder's lifetime only by such Holder.

(iv) Each Option issued pursuant to this Section 7 shall vest and become exercisable by the Holder in accordance with the vesting schedule established by the Committee and set forth in the Stock Option Agreement.

(v) Each Stock Option Agreement may contain a provision that, upon demand by the Committee for such a representation, the Holder shall deliver to the Committee at the time of any exercise of an Option issued pursuant to this Section 7 a written representation that the shares to be acquired upon such exercise are to be acquired for investment and not for resale or with a view to the distribution thereof. Upon such demand, delivery of such representation prior to the delivery of any shares issued upon exercise of an Option issued pursuant to this Section 7 shall be a condition precedent to the right of the Holder or such other person to purchase any shares. In the event certificates for Stock are delivered under the Plan with respect to which such investment representation has been obtained, the Committee may cause a legend or legends to be placed on such certificates to make appropriate reference to such representation and to restrict transfer in the absence of compliance with applicable federal or state securities laws.

(vi) Each Incentive Stock Option Agreement shall contain a provision requiring the Holder to notify the Company in writing immediately after the Holder makes a disqualifying disposition of any Stock acquired pursuant to the exercise of such Incentive Stock Option. A disqualifying disposition is any disposition (including any sale) of such Stock before the later of (a) two years after the Date of Grant of the Incentive Stock Option or (b) one year after the date the Holder acquired the Stock by exercising the Incentive Stock Option.

(e) Incentive Stock Option Grants to 10% Stockholders. Notwithstanding anything to the contrary in this Section 7, if an Incentive Stock Option is granted to a Holder who owns stock representing more than ten percent of the voting power of all classes of stock of the Company or of a Related Entity, the Option Period shall not exceed five years from the Date of Grant of such Option and the Option Price shall be at least 110 percent of the Fair Market Value (on the Date of Grant) of the Stock subject to the Option.

(f) \$100,000 Per Year Limitation for Incentive Stock Options. To the extent the aggregate Fair Market Value (determined as of the Date of Grant) of Stock for which Incentive Stock Options are exercisable for the first time by any Participant during any calendar year (under all plans of the Company and its Subsidiaries) exceeds \$100,000, such excess Incentive Stock Options shall be treated as Nonqualified Stock Options.

(g) Prohibition on Option Repricing. Subject to Section 13, without the prior approval of the Company's stockholders, the Company shall not, and the Committee shall not authorize the Company to, (i) amend any outstanding Nonqualified Stock Option to reduce its Option Price or (ii) grant any new Option in replacement and cancellation of any outstanding Nonqualified Stock Option with a higher Option Price. This prohibition on Option repricing shall not be construed to prohibit the adjustments for extraordinary changes in the Company's capital structure that are otherwise permitted under Section 13 of this Plan.

8. Stock Appreciation Rights. Any Option granted under the Plan may include SARs, either at the Date of Grant or, except in the case of an Incentive Stock Option, by subsequent amendment. The Committee also may award SARs independent of any Option. An SAR shall confer on the Holder thereof the right to receive in shares of Stock, cash or a combination thereof the value equal to the excess of the Fair Market Value of one share of Stock on the date of exercise over the exercise price for the SAR, with respect to every share of Stock for which the SAR is granted. An SAR shall be subject to such terms and conditions not inconsistent with the Plan as the Committee shall impose, including, but not limited to, the following:

(a) Vesting. SARs granted in connection with an Option shall become exercisable, be transferable and shall expire according to the same vesting schedule, transferability rules and expiration provisions as the corresponding Option. An SAR granted independent of an Option shall become exercisable, be transferable and shall expire in accordance with a vesting schedule, transferability rules and expiration provisions as established by the Committee and reflected in an Award agreement.

(b) Automatic exercise. If on the last day of the Option Period (or in the case of an SAR independent of an Option, the period established by the Committee after which the SAR shall expire), the Fair Market Value of the Stock exceeds the Option Price (or in the case of an SAR granted independent of an Option, the Fair Market Value of the Stock on the Date of Grant), the Holder has not exercised the SAR or the corresponding Option, and neither the SAR nor the corresponding Option has expired, such SAR shall be deemed to have been exercised by the Holder on such last day and the Company shall make the appropriate payment therefor.

(c) Payment. Upon the exercise of an SAR, the Company shall pay to the Holder an amount equal to the number of shares subject to the SAR multiplied by the excess, if any, of the Fair Market Value of one share of Stock on the exercise date over the Option Price, in the case of an SAR granted in connection with an Option, or the Fair Market Value of one share of Stock on the Date of Grant, in the case of an SAR granted independent of an Option. The Company shall pay such excess in cash, in shares of Stock valued at Fair Market Value, or any combination thereof, as determined by the Committee. Fractional shares shall be settled in cash.

(d) Method of Exercise. A Holder may exercise an SAR after such time as the SAR vests by filing an irrevocable written notice with the Committee or its designee, specifying the number of SARs to be exercised, and the date on which such SARs were awarded.

(e) Expiration. Each SAR shall cease to be exercisable, as to any share of Stock, when the Holder exercises the SAR or exercises a related Option, with respect to such share of Stock. Except as otherwise provided, in the case of SARs granted in connection with Options, an SAR shall expire on a date designated by the Committee which is not later than seven years after the Date of Grant of the SAR.

9. Performance Shares.

(a) Award Grants. The Committee is authorized to establish Performance Share programs to be effective over designated Award Periods determined by the Committee. The Committee may grant Awards of Performance Share Units to Eligible Persons in accordance with such Performance Share programs. At the beginning of each Award Period, the Committee will establish written Performance Goals based upon financial objectives for the Company for such Award Period and a schedule relating the accomplishment of the Performance Goals to the Awards to be earned by Participants. Performance Goals may include absolute or relative growth in earnings per share or rate of return on stockholders' equity or other measurement of corporate performance and may be determined on an individual basis or by categories of Participants. The Committee shall determine the number of Performance Share Units to be awarded, if any, to each Eligible Person who is selected to receive such an Award. The Committee may add new Participants to a Performance Share program after its commencement by making pro rata grants.

(b) Determination of Award. At the completion of a Performance Share Award Period, or at other times as specified by the Committee, the Committee shall calculate the number of shares of Stock earned with respect to each Participant's Performance Share Unit Award by multiplying the number of Performance Share Units granted to the Participant by a performance factor representing the degree of attainment of the Performance Goals.

(c) Partial Awards. A Participant for less than a full Award Period, whether by reason of commencement or termination of employment or otherwise, shall receive such portion of an Award, if any, for that Award Period as the Committee shall determine.

(d) Payment of Performance Share Unit Awards. Performance Share Unit Awards shall be payable in that number of shares of Stock determined in accordance with Section 9(b); provided, however, that, at its discretion, the Committee may make payment to any Participant in the form of cash upon the specific request of such Participant. The amount of any payment made in cash shall be based upon the Fair Market Value of the Stock on the day prior to payment. Payments of Performance Share Unit Awards shall be made as soon as practicable after the completion of an Award Period.

(e) Adjustment of Performance Goals. The Committee may, during the Award Period, make such adjustments to Performance Goals as it may deem appropriate, to compensate for, or reflect, (i) extraordinary or non-recurring events experienced during an Award Period by the Company or by any Related Entity whose performance is relevant to the determination of whether Performance Goals have been attained; (ii) any significant changes that may have occurred during such Award Period in applicable accounting rules or principles or changes in the Company's method of accounting or in that of any Related Entity whose performance is relevant to the determination of whether an Award has been earned or (iii) any significant changes that may have occurred during such Award Period in tax laws or other laws or regulations that alter or affect the computation of the measures of Performance Goals used for the calculation of Awards; provided, however, that with respect to Performance Share Unit Awards intended to qualify as performance-based compensation under Section 162(m) of the Code, such adjustments shall be made only to the extent that the Committee determines that such adjustments may be made without a loss of deductibility of the compensation includible with respect to such Award under Section 162(m) of the Code.

10. Restricted Stock Awards and Phantom Stock Units.

(a) Award of Restricted Stock and Phantom Stock Units

(i) The Committee shall have the authority (1) to grant Restricted Stock and Phantom Stock Unit Awards, (2) to issue or transfer Restricted Stock to Eligible Persons, and (3) to establish terms, conditions and restrictions applicable to such Restricted Stock and Phantom Stock Units, including the Restricted Period, which may differ with respect to each grantee, the time or times at which Restricted Stock or Phantom Stock Units shall be granted or become vested and the number of shares or units to be covered by each grant.

Table of Contents

(ii) The Holder of a Restricted Stock Award shall execute and deliver to the Company an Award agreement with respect to the Restricted Stock setting forth the restrictions applicable to such Restricted Stock. If the Committee determines that the Restricted Stock shall be held in escrow rather than delivered to the Holder pending the release of the applicable restrictions, the Holder additionally shall execute and deliver to the Company (i) an escrow agreement satisfactory to the Committee, and (ii) the appropriate blank stock powers with respect to the Restricted Stock covered by such agreements. If a Holder shall fail to execute a Restricted Stock agreement and, if applicable, an escrow agreement and stock powers, the Award shall be null and void. Subject to the restrictions set forth in Section 10(b), the Holder shall generally have the rights and privileges of a stockholder as to such Restricted Stock, including the right to vote such Restricted Stock. At the discretion of the Committee, cash dividends and stock dividends with respect to the Restricted Stock may be either currently paid to the Holder or withheld by the Company for the Holder's account, and interest may be paid on the amount of cash dividends withheld at a rate and subject to such terms as determined by the Committee. Cash dividends or stock dividends so withheld by the Committee shall not be subject to forfeiture.

(iii) Upon the Award of Restricted Stock, the Committee shall cause a stock certificate registered in the name of the Holder to be issued and, if it so determines, deposited together with the stock powers with an escrow agent designated by the Committee. If an escrow arrangement is used, the Committee shall cause the escrow agent to issue to the Holder a receipt evidencing any stock certificate held by it registered in the name of the Holder.

(iv) The terms and conditions of a grant of Phantom Stock Units shall be reflected in a written Award agreement. No shares of Stock shall be issued at the time a Phantom Stock Unit Award is made, and the Company will not be required to set aside a fund for the payment of any such Award. Holders of Phantom Stock Units shall receive an amount equal to the cash dividends paid by the Company upon one share of Stock for each Phantom Stock Unit then credited to such Holder's account (Dividend Equivalents). The Committee shall, in its sole discretion, determine whether to credit to the account of, or to currently pay to, each Holder of an Award of Phantom Stock Units such Dividend Equivalents. Dividend Equivalents credited to a Holder's account shall be subject to forfeiture on the same basis as the related Phantom Stock Units, and may bear interest at a rate and subject to such terms as are determined by the Committee.

(b) Restrictions.

(i) Restricted Stock awarded to a Participant shall be subject to the following restrictions until the expiration of the Restricted Period, and to such other terms and conditions as may be set forth in the applicable Award agreement: (1) if an escrow arrangement is used, the Holder shall not be entitled to delivery of the stock certificate; (2) the shares shall be subject to the restrictions on transferability set forth in the Award agreement; (3) the shares shall be subject to forfeiture to the extent provided in subparagraph (d) and the Award Agreement and, to the extent such shares are forfeited, the stock certificates shall be returned to the Company, and all rights of the Holder to such shares and as a shareholder shall terminate without further obligation on the part of the Company.

(ii) Phantom Stock Units awarded to any Participant shall be subject to (1) forfeiture until the expiration of the Restricted Period, to the extent provided in subparagraph (d) and the Award agreement, and to the extent such Awards are forfeited, all rights of the Holder to such Awards shall terminate without further obligation on the part of the Company and (2) such other terms and conditions as may be set forth in the applicable Award agreement.

(iii) The Committee shall have the authority to remove any or all of the restrictions on the Restricted Stock and Phantom Stock Units whenever it may determine that, by reason of changes in applicable laws or other changes in circumstances arising after the date of the Restricted Stock Award or Phantom Stock Award, such action is appropriate.

(c) Restricted Period. The Restricted Period of Restricted Stock and Phantom Stock Units shall commence on the Date of Grant and shall expire from time to time as to that part of the Restricted Stock and

Table of Contents

Phantom Stock Units indicated in a schedule established by the Committee and set forth in a written Award agreement.

(d) Forfeiture Provisions. Except to the extent determined by the Committee and reflected in the underlying Award agreement, in the event a Holder terminates employment with the Company and all Related Entities during a Restricted Period for any reason, that portion of the Award with respect to which restrictions have not expired shall be completely forfeited to the Company.

(e) Delivery of Restricted Stock and Settlement of Phantom Stock Units. Upon the expiration of the Restricted Period with respect to any shares of Stock covered by a Restricted Stock Award, the restrictions set forth in Section 10(b) and the Award agreement shall be of no further force or effect with respect to shares of Restricted Stock which have not then been forfeited. If an escrow arrangement is used, upon such expiration, the Company shall deliver to the Holder, or his beneficiary, without charge, the stock certificate evidencing the shares of Restricted Stock which have not then been forfeited and with respect to which the Restricted Period has expired (to the nearest full share) and any cash dividends or stock dividends credited to the Holder's account with respect to such Restricted Stock and the interest thereon, if any.

Upon the expiration of the Restricted Period with respect to any Phantom Stock Units covered by a Phantom Stock Unit Award, the Company shall deliver to the Holder, or his beneficiary, without charge, one share of Stock for each Phantom Stock Unit which has not then been forfeited and with respect to which the Restricted Period has expired (Vested Unit) and cash equal to any Dividend Equivalents credited with respect to each such Vested Unit and the interest thereon, if any; provided, however, that, if so noted in the applicable Award agreement, the Committee may, in its sole discretion, elect to pay cash or part cash and part Stock in lieu of delivering only Stock for Vested Units. If cash payment is made in lieu of delivering Stock, the amount of such payment shall be equal to the Fair Market Value of the Stock as of the date on which the Restricted Period lapsed with respect to such Vested Unit.

(f) Stock Restrictions. Each certificate representing Restricted Stock awarded under the Plan shall bear the following legend until the end of the Restricted Period with respect to such Stock:

Transfer of this certificate and the shares represented hereby is restricted pursuant to the terms of a Restricted Stock Agreement, dated as of _____ between Wright Medical Group, Inc. and _____. A copy of such Agreement is on file at the offices of the Company at 5677 Airline Road, Arlington, Tennessee 38002.

Stop transfer orders shall be entered with the Company's transfer agent and registrar against the transfer of legended securities.

11. Stock Bonus Awards. The Committee may issue unrestricted Stock under the Plan to Eligible Persons, alone or in tandem with other Awards, in such amounts and subject to such terms and conditions as the Committee shall from time to time in its sole discretion determine. Stock Bonus Awards under the Plan shall be granted as or in payment of a bonus, to provide incentives, or to recognize special achievements or contributions.

12. General

(a) Additional Provisions of an Award. Awards under the Plan also may be subject to such other provisions (whether or not applicable to the benefit awarded to any other Participant) as the Committee determines appropriate including, without limitation, provisions to assist the Participant in financing the purchase of Stock upon the exercise of Options, provisions for the forfeiture of or restrictions on resale or other disposition of shares of Stock acquired under any Award, provisions giving the Company the right to repurchase shares of Stock acquired under any Award in the event the Participant elects to dispose of such shares, and provisions to comply with Federal and state securities laws and Federal and state tax withholding requirements. Any such provisions shall be reflected in the applicable Award agreement.

(b) Privileges of Stock Ownership. Except as otherwise specifically provided in the Plan, no person shall be entitled to the privileges of stock ownership in respect of shares of Stock which are subject to Awards hereunder until such shares have been issued to that person.

Table of Contents

(c) Government and Other Regulations. The obligation of the Company to make payment of Awards in Stock or otherwise shall be subject to all applicable laws, rules, and regulations, and to such approvals by governmental agencies as may be required. Notwithstanding any terms or conditions of any Award to the contrary, the Company shall be under no obligation to offer to sell or to sell and shall be prohibited from offering to sell or selling any shares of Stock pursuant to an Award unless such shares have been properly registered for sale pursuant to the Securities Act with the Securities and Exchange Commission or unless the Company has received an opinion of counsel, satisfactory to the Company, that such shares may be offered or sold without such registration pursuant to an available exemption therefrom and the terms and conditions of such exemption have been fully complied with. The Company shall be under no obligation to register for sale under the Securities Act any of the shares of Stock to be offered or sold under the Plan. If the shares of Stock offered for sale or sold under the Plan are offered or sold pursuant to an exemption from registration under the Securities Act, the Company may restrict the transfer of such shares and may legend the Stock certificates representing such shares in such manner as it deems advisable to ensure the availability of any such exemption.

(d) Tax Withholding. Notwithstanding any other provision of the Plan, the Company or any Related Entity, as appropriate, shall have the right to deduct from all Awards cash and/or Stock, valued at Fair Market Value on the date of payment, in an amount necessary to satisfy all Federal, state or local taxes as required by law to be withheld with respect to such Awards and, in the case of Awards paid in Stock, the Holder or other person receiving such Stock may be required to pay prior to delivery of such Stock, the amount of any such taxes which are required to be withheld, if any, with respect to such Stock. Subject in particular cases to the disapproval of the Committee, shares of Stock of equivalent Fair Market Value in payment of such withholding tax obligations may be accepted if the Holder of the Award elects to make payment in such manner.

(e) Claim to Awards and Employment Rights. No employee or other person shall have any claim or right to be granted an Award under the Plan or, having been selected for the grant of an Award, to be selected for a grant of any other Award. Neither the Plan nor any action taken hereunder shall be construed as giving any Participant any right to be retained in the employ or service of the Company or any Related Entity.

(f) Designation and Change of Beneficiary. Each Participant may file with the Committee a written designation of one or more persons as the beneficiary who shall be entitled to receive the rights or amounts payable with respect to an Award due under the Plan upon his death. A Participant may, from time to time, revoke or change his beneficiary designation without the consent of any prior beneficiary by filing a new designation with the Committee. The last such designation received by the Committee shall be controlling; provided, however, that no designation, or change or revocation thereof, shall be effective unless received by the Committee prior to the Participant's death, and in no event shall it be effective as of a date prior to such receipt. If no beneficiary designation is filed by the Participant, the beneficiary shall be deemed to be his or her spouse or, if the Participant is unmarried at the time of death, his or her estate.

(g) Payments to Persons Other Than Participants. If the Committee shall find that any person to whom any amount is payable under the Plan is unable to care for his affairs because of illness or accident, or is a minor, or has died, then any payment due to such person or his estate (unless a prior claim therefor has been made by a duly appointed legal representative) may, if the Committee so directs, be paid to his spouse, child, relative, an institution maintaining or having custody of such person, or any other person deemed by the Committee to be a proper recipient on behalf of such person otherwise entitled to payment. Any such payment shall be a complete discharge of the liability of the Committee and the Company therefor.

(h) No Liability of Committee Members. No member of the Committee shall be personally liable by reason of any contract or other instrument executed by such member or on his behalf in his capacity as a member of the Committee nor for any mistake of judgment made in good faith, and the Company shall indemnify and hold harmless each member of the Committee and each other employee, officer or director of the Company to whom any duty or power relating to the administration or interpretation of the Plan may be allocated or delegated, against any cost or expense (including counsel fees) or liability (including any sum paid in settlement of a claim) arising out of any act or omission to act in connection with the Plan unless

arising out of such person's own fraud or willful bad faith; provided, however, that approval of the Board shall be required for the payment of any amount in settlement of a claim against any such person. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's certificate of incorporation or bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

(i) Governing Law. The Plan shall be governed by and construed in accordance with the internal laws of the State of Delaware without regard to the principles of conflicts of law thereof.

(j) Funding. No provision of the Plan shall require the Company, for the purpose of satisfying any obligations under the Plan, to purchase assets or place any assets in a trust or other entity to which contributions are made or otherwise to segregate any assets, nor shall the Company maintain separate bank accounts, books, records or other evidence of the existence of a segregated or separately maintained or administered fund for such purposes. Holders shall have no rights under the Plan other than as unsecured general creditors of the Company, except that insofar as they may have become entitled to payment of additional compensation by performance of services, they shall have the same rights as other employees under general law.

(k) Nontransferability. A person's rights and interest under the Plan, including amounts payable, may not be sold, assigned, donated, or transferred or otherwise disposed of, mortgaged, pledged or encumbered except, in the event of a Holder's death, to a designated beneficiary to the extent permitted by the Plan, or in the absence of such designation, by will or the laws of descent and distribution; provided, however, the Committee may, in its sole discretion, allow for transfer of Awards other than Incentive Stock Options to other persons or entities.

(l) Reliance on Reports. Each member of the Committee and each member of the Board shall be fully justified in relying, acting or failing to act, and shall not be liable for having so relied, acted or failed to act in good faith, upon any report made by the independent public accountant of the Company and any Related Entity and upon any other information furnished in connection with the Plan by any person or persons other than himself.

(m) Relationship to Other Benefits. No payment under the Plan shall be taken into account in determining any benefits under any pension, retirement, profit sharing, group insurance or other benefit plan of the Company except as otherwise specifically provided in such other plan.

(n) Expenses. The expenses of administering the Plan shall be borne by the Company.

(o) Pronouns. Masculine pronouns and other words of masculine gender shall refer to both men and women.

(p) Titles and Headings. The titles and headings of the sections in the Plan are for convenience of reference only, and in the event of any conflict, the text of the Plan, rather than such titles or headings shall control.

13. Changes in Capital Structure. Awards granted under the Plan and any agreements evidencing such Awards, the maximum number of shares of Stock subject to all Awards and the maximum number of shares of Stock with respect to which any one person may be granted Options or SARs during any year, if applicable, shall be subject to equitable adjustment or substitution, as determined by the Committee in its sole discretion, as to the number, price or kind of a share of Stock or other consideration subject to such Awards (i) in the event of changes in the outstanding Stock or in the capital structure of the Company by reason of stock dividends, stock splits, reverse stock splits, recapitalizations, reorganizations, mergers, consolidations, combinations, exchanges, or other relevant changes in capitalization occurring after the Date of Grant of any such Award or (ii) in the event of any change in applicable laws or any change in circumstances which results in or would result in any substantial dilution or enlargement of the rights granted to, or available for, Participants in the Plan, or which otherwise warrants equitable adjustment because it interferes with the intended operation of the Plan. In addition, in the event of any such adjustment or substitution, the aggregate number of shares of Stock available under the Plan shall be appropriately adjusted by the Committee, whose

determination shall be conclusive. With respect to Awards intended to qualify as performance-based compensation under Section 162(m) of the Code, such adjustments or substitutions shall be made only to the extent that the Committee determines that such adjustments or substitutions may be made without a loss of deductibility for such Awards under Section 162(m) of the Code. The Company shall give each Participant notice of an adjustment hereunder and, upon notice, such adjustment shall be conclusive and binding for all purposes.

Notwithstanding the above, in the event of any of the following: (a) the Company is merged or consolidated with another corporation or entity and, in connection therewith, consideration is received by shareholders of the Company in a form other than stock or other equity interests of the surviving entity; (b) all or substantially all of the assets of the Company are acquired by another person; (c) the reorganization or liquidation of the Company; or (d) the Company shall enter into a written agreement to undergo an event described in clauses (a), (b) or (c) above; then the Committee may, in its discretion and upon at least 10 days advance notice to the affected persons, cancel any outstanding Awards and pay to the Holders thereof, in cash, the value of such Awards based upon the price per share of Stock received or to be received by other shareholders of the Company in the event. The terms of this Section 13 may be varied by the Committee in any particular Award agreement.

14. Nonexclusivity of the Plan. Neither the adoption of this Plan by the Board nor the submission of this Plan to the stockholders of the Company for approval shall be construed as creating any limitations on the power of the Board to adopt such other incentive arrangements as it may deem desirable, including, without limitation, the granting of stock options otherwise than under this Plan, and such arrangements may be either applicable generally or only in specific cases.

15. Amendments and Termination. The Board may at any time terminate the Plan. Subject to Sections 7(g) and 13, with the express written consent of an individual Participant, the Board or the Committee may cancel or reduce or otherwise alter outstanding Awards if, in its judgment, the tax, accounting, or other effects of the Plan or potential payouts thereunder would not be in the best interest of the Company. The Board or the Committee may, at any time, or from time to time, amend or suspend and, if suspended, reinstate, the Plan in whole or in part; provided, however, that any amendment of the Plan shall require the approval of the Company's stockholders to the extent that such approval is then required by the Plan, applicable law, the rules and regulations of the Securities and Exchange Commission, or the rules and regulations of any national securities exchange on which the Stock is then listed or the Nasdaq Stock Market or any other automated quotation system on which the Stock is then quoted.

16. Effect of Section 162(m) of the Code. The Plan, and all Awards issued thereunder, are intended to be exempt from the application of Section 162(m) of the Code, which restricts under certain circumstances the Federal income tax deduction for compensation paid by a public company to named executives in excess of \$1 million per year. The Committee may, without shareholder approval, amend the Plan retroactively and/or prospectively to the extent it determines necessary in order to comply with any subsequent clarification of Section 162(m) of the Code required to preserve the Company's Federal income tax deduction for compensation paid pursuant to the Plan. To the extent that the Committee determines as of the Date of Grant of an Award that the Award is intended to comply with Section 162(m) of the Code, such Award shall not be effective until any stockholder approval required under Section 162(m) of the Code to provide a full Federal income tax deduction has been obtained.
