AGCO CORPORATION

**PROXY STATEMENT FOR THE
ANNUAL MEETING OF STOCKHOLDERS
April 21, 2005**

INFORMATION REGARDING PROXIES

This proxy solicitation is made by the Board of Directors of AGCO Corporation, which has its principal executive offices at 4205 River Green Parkway, Duluth, Georgia 30096. By signing and returning the enclosed proxy card, you authorize the persons named on the proxy card to represent you and vote your shares.

If you attend the meeting, you may vote by ballot. If you are not present at the meeting, your shares can be voted only when represented by a proxy. You may indicate a vote in connection with the election of directors and your shares will be voted accordingly. If you indicate a preference to abstain from voting on director elections, no vote will be recorded. You may withhold your vote from any nominee for director by writing his name in the appropriate space on the proxy card. You may cancel your proxy before balloting begins by notifying the Corporate Secretary in writing at 4205 River Green Parkway, Duluth, Georgia 30096. In addition, any proxy card signed and returned by you may be revoked at any time before it is voted by signing and duly delivering a proxy card bearing a later date or by attendance at the meeting and voting in person. If you return a signed proxy card that does not indicate your voting preferences, the persons named as proxies on the proxy card will vote your shares in favor of all of the items set forth in the attached notice.

The enclosed form of proxy card is solicited by the Board of Directors of the Company, and the cost of solicitation of proxy cards will be borne by the Company. In order to ensure that a quorum is represented by proxies at the meeting, proxy solicitation also may be made personally or by telephone by officers or employees of the Company, without added compensation. The Company will reimburse brokers, custodians and nominees for their expenses in sending proxies and proxy material to beneficial owners. The Company may retain an outside firm to aid in the solicitation of proxy cards, the cost of which the Company expects would not exceed \$25,000.

This proxy statement and form of proxy card are first being sent to stockholders on or about March 28, 2005. The Company's 2004 Annual Report to its stockholders and its Annual Report on Form 10-K for 2004 also are enclosed and should be read in conjunction with the matters set forth herein.

VOTING SHARES

Only stockholders of record as of the close of business on March 11, 2005, are entitled to notice of and to vote at the Annual Meeting. On March 11, 2005, the Company had outstanding 90,423,492 shares of Common Stock, each of which is entitled to one vote on each matter coming before the meeting. No cumulative voting rights exist, and dissenters' rights for stockholders are not applicable to the matters being proposed.

Quorum Requirement

A quorum of the Company's stockholders is necessary to hold a valid meeting. The Company's By-Laws provide that a quorum is present if a majority of the outstanding shares of Common Stock of the Company entitled to vote at the meeting are present in person or represented by proxy. Votes cast by proxy or in person at the Annual Meeting will be tabulated by the inspector of elections appointed for the meeting who also will determine whether a quorum is present for the transaction of business. Abstentions and broker non-votes will be treated as shares that are present and entitled to vote for purposes of determining whether a quorum is present. A broker non-vote occurs on an item when a

broker is not permitted to vote on that item without instruction from the beneficial owner of the shares and no instruction is given.

Vote Necessary for the Election of Directors

Directors are elected by a plurality of the shares of Common Stock actually voted (in person or by proxy) at the Annual Meeting. Withheld votes and abstentions have no effect. Under the New York Stock Exchange, Inc. rules, if your broker holds your shares in its name, your broker is permitted to vote your shares with respect to the election of directors even if it does not receive voting instructions from you.

Other Matters

With respect to any other matter that may properly come before the Annual Meeting for stockholder consideration, withheld votes and abstentions will be counted in determining the minimum number of affirmative votes required for approval of any matter presented for stockholder consideration and, accordingly, will have the effect of a vote against any such matter. Broker non-votes will not be counted as votes for or against matters presented for stockholder consideration.

ELECTION OF DIRECTORS

The Board is divided into three classes of directors, designated Class I, Class II and Class III, with each class as nearly equal in number as possible to the other two classes. The three classes serve staggered three-year terms. At the Annual Meeting, stockholders will elect four directors to serve as Class I directors. BOARD OF DIRECTORS AND CERTAIN COMMITTEES OF THE BOARD

During 2004, the Board of Directors held seven meetings. Each nonemployee director receives annual base retainers of \$40,000 per annum for Board service and \$1,000 per annum for committee meeting service and receives an additional fee of \$1,500 for each Board meeting attended and \$1,000 for each committee meeting attended. Committee chairmen receive an additional annual retainer of \$5,000 and an additional fee of \$1,500 for each committee meeting attended. Mr. Ratliff, who is the Chairman of the Board, also receives an additional \$200,000 Chairman's fee. The Company holds executive sessions of its non-management directors at each meeting of its Board of Directors. Mr. Booker presided as the Lead Director over these executive sessions through January 2005, a position that was thereafter eliminated by the Company, and received an additional annual retainer of \$60,000 for his service. The Company does not currently have any consulting arrangements with any of its directors. In addition to the above fees, each non-employee director participates in the Company's Nonemployee Director Stock Incentive Plan. Currently, each nonemployee director receives an award of 10,000 shares upon his initial election to the Board of Directors and upon each reelection. Also, each nonemployee director is reimbursed for 50% of the fees paid by the director for personal estate planning consulting by third parties. Directors who are employees of the Company are not paid any fees or additional remuneration for service as members of the Board or its committees. In addition, the Company enables its directors to participate in the Company's medical plans.

In accordance with the rules of the NYSE, the Board of Directors has adopted categorical standards to assist it in making determinations of its directors' independence. The Board of Directors has determined that in order to be considered independent, a director must not:

be an employee of the Company or have an immediate family member, as that term is defined in the General Commentary to Section 303A.02(b) of the NYSE rules, who is an executive officer of the Company at any time during the preceding three years;

receive or have an immediate family member who receives or solely own any business that receives during any twelve-month period within the preceding three years direct compensation from the Company or any subsidiary or other affiliate in excess of \$100,000, other than for director and committee fees and pension or other forms of deferred compensation for prior service to the Company or, solely in the case of an immediate family member, compensation for services to the Company as a non-executive employee;

be a current partner or current employee of a firm that is the internal or external auditor of the Company or any subsidiary or other affiliate or have an immediate family member that is a current partner of such a firm or that is a current employee of such a firm who participates in such firm's audit, assurance or tax compliance (but not tax planning) practice;

have been or have an immediate family member who was at any time during the preceding three years a partner or employee of such an auditing firm who personally worked on an audit of the Company or any subsidiary or other affiliate within that time;

be employed or have an immediate family member that is employed either currently or at any time within the preceding three years as an executive officer of another company in which any present executive officers of the Company or any subsidiary or other affiliate serve or served at the same time on the other company's compensation committee;

be a current employee or have an immediate family member that is a current executive officer of a company that has made payments to or received payments from the Company or any subsidiary or other affiliate for property or services in an amount which, in any of the preceding three fiscal years of such other company, exceeds (or in the current fiscal year of such other company is likely to exceed) the greater of \$1 million or two percent of the other company's consolidated gross revenues for that respective year;

accept any consulting, advisory or other compensatory fee from the Company or any subsidiary; and

be an affiliated person, as that term is used in Section 10A(m)(3)(B)(ii) of the Securities Exchange Act of 1934, of the Company or any of its subsidiaries.

These standards are consistent with the standards set forth in the NYSE rules and the Exchange Act.

Based upon the foregoing standards, the Board of Directors has determined that all of its directors are independent in accordance with these standards except for Messers. Deml, Ratliff and Richenhagen.

The Company encourages shareholder communication with the Board of Directors. Any shareholder who wishes to communicate with the Board of Directors or with any particular director, including any independent director, may send such correspondence to Stephen Lupton, Corporate Secretary, AGCO Corporation, 4205 River Green Parkway, Duluth, Georgia 30096. Such correspondence should indicate that you are a stockholder of the Company and clearly specify that it is intended to be forwarded to the entire Board of Directors or to one or more particular directors. Mr. Lupton will forward all correspondence satisfying such criteria.

The Board of Directors has adopted a policy that all directors on the Board of Directors are expected to attend annual meetings of the Company's stockholders. All of the directors on the Board of Directors attended the Company's previous annual stockholders meeting held in April 2004.

Nonemployee Director Stock Incentive Plan

The Nonemployee Director Stock Incentive Plan provides additional opportunities for nonemployee directors to earn shares of the Company's Common Stock if performance goals (measured solely by increases in the price of the Common Stock) are met. Pursuant to the Director Plan, each nonemployee director is awarded the right to receive shares of Common Stock, which can be earned during a three-year performance period. The Director Plan requires stock appreciation to earn awards. The awarded shares are earned in specified increments for each 15% increase in the average stock price (with the average calculated over 20 consecutive trading days) over the base price (the fair market value of the stock at the time the shares are awarded). The stock price must increase 60% in a three-year period for the full allocation to be earned. When an increment of the award is earned, the shares are issued in the form of restricted stock, which vests 12 months after the last day of the three-year performance period. In the event a director departs from the Board of Directors for any reason, all earned awards vest. If the awarded shares are not fully earned before the end of the three-year performance period or, if earlier, before the participant's departure from the Board of Directors for any reason, any unearned awards are forfeited. The ultimate value of the restricted stock is determined by the stock price at the end of the vesting period. When the restricted shares are earned, a cash bonus payment designed to satisfy a portion of the federal and state income tax obligations is paid by the Company to each participant. In addition, the participant may elect to forfeit a portion of an earned award in order to fully satisfy the tax obligation which is payable at the time the shares and the related cash bonus are earned. The number of shares of

Common Stock forfeited is equal to the value of the participant's tax liability net of the cash bonus.

As of March 11, 2005, there were awards totaling 27,846 shares that were earned but not vested under the Director Plan.

Committees of the Board of Directors

The Board of Directors has delegated certain functions to the following standing committees of the Board:

The Executive Committee is authorized, between meetings of the Board, to perform all of the functions of the Board of Directors except as limited by the General Corporation Law of the State of Delaware or by the Company's Certificate of Incorporation or By-Laws. The Executive Committee held one meeting in 2004 and is currently comprised of Messrs. Booker, Claycamp, Johanneson, Ratliff (Chairman), Richenhagen and Sauer.

The Audit Committee assists the Board of Directors in its oversight of the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the independent registered public accounting firm's qualifications and independence, and the performance of the Company's internal audit function and independent registered public accounting firm. The Committee's functions also include the review of the Company's internal accounting and financial controls, considering other matters relating to the financial reporting process and safeguarding of the Company's assets and producing an annual report of the Audit Committee for inclusion in the Company's annual proxy statement. The Audit Committee has adopted a written charter to govern its operations. The Audit Committee held thirteen meetings in 2004 and is currently comprised of Messrs. Booker (Chairman), Cain, Loehnis, Moll, Momot and Visser. The Board of Directors has determined that Mr. Booker is an audit committee financial expert, as that term is defined under regulations of the SEC. All of the members of the Audit Committee are independent in accordance with the NYSE and SEC rules governing audit committee member independence. The report of the Audit Committee for 2004 is set forth under the caption Audit Committee Report.

The Compensation Committee is charged with executing the Board of Directors' overall responsibility for matters related to Chief Executive Officer and other executive compensation, including assisting the Board of Directors in administering the Company's Management Incentive Compensation Plan (the Management Incentive Plan), 2001 Stock Option Plan, Long-Term Incentive Plan (LTIP) and the Director Plan and producing an annual report of the Compensation Committee on executive compensation for inclusion in the Company's annual proxy statement. The Compensation Committee held seven meetings in 2004 and is currently comprised of Messrs. Booker, Johanneson (Chairman), Momot and Sauer. All of the members of the Compensation Committee are independent in accordance with the NYSE rules governing compensation committee member independence. The report of the Compensation Committee for 2004 is set forth under the caption Compensation Committee Report on Executive Compensation.

The Nominating and Corporate Governance Committee assists the Board of Directors in fulfilling its responsibilities to stockholders by identifying and screening individuals qualified to become directors of the Company, consistent with independence, diversity and other criteria approved by the Board of Directors, recommending candidates to the Board of Directors for all directorships and for service on the committees of the Board, developing and recommending to the Board of Directors a set of corporate governance principles and guidelines applicable to the Company, and overseeing the evaluation of the Board of Directors and the Company's management. The Nominating and Corporate Governance Committee has adopted a written charter to govern its operations. The Nominating and Corporate Governance Committee held six meetings in 2004 and is currently comprised of Messrs. Benson, Claycamp (Chairman), Loehnis, Moll and Visser. All of the members of the Nominating and Corporate Governance Committee are independent in accordance with the NYSE and SEC rules governing nominating/corporate governance committee member independence.

With respect to the committee's evaluation of nominee candidates, the committee has no formal requirements or minimum standards for the individuals that are nominated. Rather, the committee considers each candidate on his or her own merits. However, in evaluating candidates, there are a number of factors that the committee generally views as relevant and is likely to consider, including:

career experience, particularly experience that is germane to the Company's business, such as agricultural products and services, legal, human resources, finance and marketing experience;

experience in serving on other boards of directors or in the senior management of companies that have faced issues generally of the level of sophistication that the Company faces;

contribution to diversity of the Board of Directors;

integrity and reputation;

whether the candidate has the characteristics of an independent director;

academic credentials;

other obligations and time commitments and the ability to attend meetings in person; and

current membership on the Company's board — our board values continuity (but not entrenchment).

The committee does not assign a particular weight to these individual factors. Similarly, the committee does not expect to see all (or even more than a few) of these factors in any individual candidate. Rather, the committee looks for a mix of factors that, when considered along with the experience and credentials of the other candidates and existing directors, will provide stockholders with a diverse and experienced Board of Directors. With respect to the identification of nominee candidates, the committee has not developed a formalized process. Instead, its members and the Company's senior management generally recommend candidates whom they are aware of personally or by reputation. The Company historically has not utilized a recruiting firm to assist in the process but could do so in the future.

The Nominating and Corporate Governance Committee welcomes recommendations for nominations from the Company's stockholders and evaluates stockholder nominees in the same manner that it evaluates a candidate recommended by other means. In order to make a recommendation, the committee asks that a stockholder send the committee:

a resume for the candidate detailing the candidate's work experience and academic credentials;

written confirmation from the candidate that he or she (1) would like to be considered as a candidate and would serve if nominated and elected, (2) consents to the disclosure of his or her name, (3) has read the Company's Code of Ethics and that during the prior three years has not engaged in any conduct that, had he or she been a director, would have violated the Code or required a waiver, (4) is, or is not, independent as that term is defined in the committee's charter, and (5) has no plans to change or influence the control of the Company;

the name of the recommending stockholder as it appears in the Company's books, the number of shares of Common Stock that are owned by the stockholder and written confirmation that the stockholder consents to the disclosure of his or her name. (If the recommending person is not a stockholder of record, he or she should provide proof of share ownership);

personal and professional references for the candidate, including contact information; and

any other information relating to the candidate required to be disclosed in solicitations of proxies for election of directors, or as otherwise required, in each case pursuant to Regulation 14A of the Exchange Act.

The foregoing information should be sent in accordance with the advance notice provisions of the Company's By-Laws to the Nominating and Corporate Governance Committee, c/o Stephen Lupton, Corporate Secretary, AGCO Corporation, 4205 River Green Parkway, Duluth, Georgia 30096, who will forward it to the chairperson of the committee. The advance notice provisions of the Company's By-laws provide that for a proposal to be properly brought before a meeting by a stockholder, such stockholder must have given the Company notice of such proposal in written form meeting the requirements of the Company's By-laws no later than sixty days and no earlier than ninety days prior to the anniversary date of the immediately preceding annual meeting of stockholders. The committee does not necessarily respond directly to a submitting stockholder regarding recommendations.

The Succession Planning Committee s function is to ensure a continued source of capable, experienced managers is present to support the Company s future success. The Succession Planning Committee meets regularly with senior members of management in an effort to assist executive management in their plans for senior management succession, to review the backgrounds and experience of senior management, and to assist in the creation of tailored individual personal and professional development plans. The Succession Planning Committee held seven meetings in 2004 and is currently comprised of Messrs. Claycamp, Deml, Johanneson, Ratliff, Richenhagen and Sauer (Chairman).

The Strategic Planning Committee assists the Board of Directors in fulfilling its responsibilities to oversee the strategic management of the Company, including oversight of the Company s plans with respect to possible

acquisitions, divestitures or other strategic transactions. The responsibilities of the Committee include reviewing with management the Company's strategic planning process and the development of procedures to implement the Company's strategic plans. The Strategic Planning Committee held two meetings in 2004 and is currently comprised of Messrs. Claycamp, Moll, Ratliff (Chairman), Richenhagen and Visser.

During fiscal 2004, each director attended at least 75% of the aggregate number of meetings of the Board and respective committees on which he served while a member thereof.

We provide various corporate governance and other information on the Company's website at www.agcocorp.com. This information includes:

charters for the committees of the Board of Directors, which are available in the Corporate Governance section; and

In addition, should there be any waivers of the Company's Code of Ethics, those waivers will be available in the Ethics & Compliance section.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During fiscal 2004, Messrs. Booker, Johanneson (Chairman), Momot and Sauer served as members of the Compensation Committee. No member of the Compensation Committee was an officer or employee of the Company or any of its subsidiaries during fiscal 2004.

Long-Term Incentive Plan

The Company's LTIP provides for restricted stock awards to executives based on increases in the price of the Company's common stock. The awarded shares may be earned over a five-year performance period in specified increments for each 20% increase in the average market value of the Company's common stock over the established initial base price. For all restricted stock awards prior to 2000, earned shares are issued to the participant in the form of restricted stock which generally carries a five-year vesting period with one-third of each earned award vesting at the end of the third, fourth and fifth year after each award is earned. In 2000, the LTIP was amended to replace the

vesting schedule with a non-transferability period for all future grants. Accordingly, for restricted stock awards in 2000 and all future awards, earned shares are subject to a non-transferability period, which expires over a five-year period with the transfer restrictions lapsing in one-third increments at the end of the third, fourth and fifth year after each award is earned. During the non-transferability period, participants will be restricted from selling, assigning, transferring, pledging or otherwise disposing of any earned shares, but earned shares are not subject to forfeiture. In the event a participant terminates employment with the Company, the non-transferability period is extended by two years. When the earned shares have vested and are no longer subject to forfeiture, the Company is obligated to pay a cash bonus equal to 40% of the value of the shares on the date the shares are earned in order to satisfy a portion of the estimated income tax liability to be incurred by the participant. In addition, a participant may elect to forfeit a portion of an earned award in order to fully satisfy federal, state and employment taxes which are payable at the time the shares and the related cash bonus are earned. The number of shares of common stock equal to the value of the participant's tax liability, net of the cash bonus, are thereby forfeited in lieu of an additional cash payment contributed to the participant's tax withholding. In the event of a change of control (as defined in the LTIP), all restrictions on earned shares lapse immediately.

The following table sets forth certain information about unearned LTIP awards outstanding to the Named Executive Officers:

	Unearned LTIP Award (Shares)	Initial Base Price
Mr. Ratliff	100,000	\$23.75
Mr. Richenhagen	100,000	\$18.96
Mr. Seaver	40,000	\$23.75
Mr. Lupton	40,000	\$23.75
Mr. Ball	40,000	\$23.75
Mr. Beck	40,000	\$23.75

The awarded shares may be earned over a five-year performance period in specified increments for each 20% increase in the average market value of the Company's stock over the established initial base price, with the total award earned in the event the stock price increases 100% over the base price. In November 2004, the Company amended the LTIP to permit Mr. Ratliff, and, at the Compensation Committee's election, other retiring members of management who serve as directors, to extend the performance period for his unearned LTIP shares through the period he remains as a director of the Company.

The employment contracts provide for current base salaries at the following rates per annum: Mr. Richenhagen \$750,000, Mr. Lupton \$350,000; Mr. Seaver \$343,979; Mr. Ball \$275,625; and Mr. Beck \$250,000. The employment contracts discussed above provide for the payment of certain benefits in the event of a change of control (as defined therein) of the Company.

THE FOLLOWING REPORTS OF THE AUDIT COMMITTEE AND THE COMPENSATION COMMITTEE AND THE PERFORMANCE GRAPH THAT APPEARS IMMEDIATELY AFTER SUCH REPORT SHALL NOT BE DEEMED TO BE SOLICITING MATERIAL OR TO BE INCORPORATED BY REFERENCE IN ANY PREVIOUS OR FUTURE DOCUMENTS FILED BY THE COMPANY WITH THE SECURITIES AND EXCHANGE COMMISSION UNDER THE SECURITIES ACT OF 1933 OR THE SECURITIES EXCHANGE ACT OF 1934, EXCEPT TO THE EXTENT THAT THE COMPANY EXPRESSLY INCORPORATES SAID REPORTS OR PERFORMANCE GRAPH BY REFERENCE IN ANY SUCH DOCUMENT.

AUDIT COMMITTEE REPORT

To the Board of Directors:

The Audit Committee consists of the following members of the Board of Directors: W. Wayne Booker (Chairman), Herman Cain, Anthony D. Loehnis, Curtis E. Moll, David E. Momot and Hendrikus Visser. Each of the members is independent as defined by the NYSE and SEC.

Management is responsible for the Company's internal controls, financial reporting process and compliance with the laws and regulations and ethical business standards. The independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements and an audit of the effectiveness of the Company's internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (United States) and to issue reports thereon. The Audit Committee's responsibility is to monitor and oversee these processes and to report its findings to the Board of Directors. The Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent registered public accounting firm, nor can the Committee certify that the independent registered public accounting firm is independent under applicable rules. The Committee serves a board-level oversight role, in which it provides advice, counsel and direction to management and the auditors on the basis of the information it receives, discussions with management and the auditors and the experience of the Committee's members in business, financial and accounting matters.

We have reviewed and discussed with management the Company's audited consolidated financial statements as of and for the year ended December 31, 2004 and management's assessment of the effectiveness of the Company's internal control over financial reporting and KPMG LLP's audit of the Company's internal control over financial reporting as of December 31, 2004.

We have discussed with KPMG LLP the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended, and issued by the Auditing Standards Board of the American Institute of Certified Public Accountants.

We have received and reviewed the written disclosures and the letter from KPMG LLP required by NYSE listing standards and Independence Standard No. 1, *Independence Discussions with Audit Committees*, as amended, issued by the Independence Standards Board and have discussed with the independent registered public accounting firm the auditors' independence.

We also have considered whether the provision of services provided by KPMG LLP, not related to the audit of the consolidated financial statements referred to above and to the reviews of the interim consolidated financial statements included in the Company's Forms 10-Q for the quarters ended March 31, 2004, June 30, 2004, and September 30, 2004, is compatible with maintaining KPMG LLP's independence.

Based on the reviews and discussions referred to above, we recommend to the Board of Directors that the financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2004.

Audit Fees

The aggregate fees billed by KPMG LLP for professional services rendered for the audit of the Company's annual consolidated financial statements for 2004 and 2003, the audit of the Company's internal control over financial reporting for 2004, subsidiary statutory audits and the reviews of the financial statements included in the Company's SEC filings on Form 10-K, Form 10-Q, Form S-3 and Form 8-K and work related to acquisitions during such fiscal years, including expenses, were approximately \$5,265,000 and \$3,566,000, respectively. The increase in fees during 2004 was primarily the result of fees associated with the audit of the Company's internal control over financial reporting as well as fees related to the Company's equity and debt offerings completed during 2004.

Audit-Related Fees

The aggregate fees billed by KPMG LLP for professional services rendered for fiscal years 2004 and 2003 for audit related fees of the Company's employee benefit plans were approximately \$86,000 and \$191,000, respectively.

Tax Fees

The aggregate fees billed by KPMG LLP for professional services rendered for tax services primarily related to customs service work and transfer pricing assistance for the Company's international operations for fiscal years 2004 and 2003 were approximately \$56,000 and \$31,000, respectively.

Financial and Operational Information Systems Design and Implementation Fees

KPMG LLP did not provide any information technology services related to financial and operational information systems design and implementation to AGCO Corporation and its subsidiaries for fiscal years 2004 and 2003.

All Other Fees of KPMG LLP

There were no fees billed by KPMG LLP for professional services rendered other than audit related and tax fees during 2004 or 2003. The Audit Committee considers the provision of these services to be compatible with maintaining the independence of KPMG LLP. A representative of KPMG LLP will be present at the Annual Meeting with the opportunity to make a statement and will be available to respond to appropriate questions.

All of KPMG's fees for services, whether for audit or non-audit services, are pre-approved by the Chairman of the Audit Committee or the Audit Committee. All services performed by KPMG LLP for 2004 were approved by the Chairman of the Audit Committee or the Audit Committee. In past years, the Audit Committee has recommended the appointment of an independent registered public accounting firm for the current year to the Board of Directors, which in turn would approve such appointment prior to the annual meeting of stockholders. KPMG LLP has served as the Company's independent registered public accounting firm since April 24, 2002.

The foregoing report has been furnished by the Audit Committee of the Company's Board of Directors.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors is composed entirely of independent directors. The Compensation Committee is responsible for developing and making recommendations to the Board with respect to the Company's compensation plans and policies for the Company's executive officers as well as the Board of Directors. In carrying out this responsibility, the Compensation Committee approves the design of all compensation plans applicable to executive officers and directors, reviews and approves performance goals, establishes award opportunities, approves incentive award payouts, oversees the ongoing operation of the various plans and makes recommendations to the Board regarding certain of these matters. In addition, the Compensation Committee, pursuant to authority delegated by the Board, determines on an annual basis the base salaries to be paid to the President and Chief Executive Officer and each of the other executive officers as well as directors of the Company, subject in the case of the President and Chief Executive Officer to final approval by the Board. The Compensation Committee also, in conjunction with the Board, reviews compensation policies applicable to executive officers as well as directors and considers the relationship of corporate performance to that compensation. The Compensation Committee has available to it an outside compensation consultant and access to independent compensation data.

Executive Officer Compensation Policies

The objectives of the Company's executive compensation program are to:

Support the achievement of desired Company performance.

Provide compensation that will attract and retain superior talent and reward performance.

Align the executive officers' interests with the success of the Company by placing a portion of compensation at risk with payout being dependent upon corporate performance and appreciation in the price of the Company's Common Stock.

Section 162(m) of the Internal Revenue Code disallows a corporate deduction for compensation in excess of \$1,000,000 per year per individual paid to the Company's Chief Executive Officer and the other four most highly compensated officers, unless certain requirements are met. To the extent compensation is performance-based, as defined by the Internal Revenue Code, it is excluded from compensation subject to the \$1,000,000 cap on tax deductibility. The Committee's policy is to design and administer the Company's executive officer compensation program to comply with Section 162(m) to the extent such compliance is practicable and in the best interests of the Company and its stockholders in order to minimize any loss of tax deductibility.

The executive compensation program provides an overall level of compensation opportunity that is competitive with companies of comparable size and complexity. The Compensation Committee will use its discretion to set executive compensation at a level that, in its judgment, is warranted by external, internal or individual circumstances.

The Compensation Committee endorses the position that stock ownership by management and stock-based performance compensation arrangements are beneficial in aligning management's and stockholders' interests in the enhancement of stockholder value. Most of the Company's Named Executive Officers during 2004 are relatively substantial stockholders in the Company and are thus motivated to act on behalf of all stockholders to optimize overall Company performance.

Executive Officer Compensation Program

The Company's Executive Officer Compensation Program is comprised of base salary, incentive compensation in the form of an annual bonus plan, the LTIP, the Supplemental Executive Retirement Plan (SERP) and various

benefits, including medical and savings plans which are generally available to employees of the Company.

Base Salary

Base salaries for the Company's key executive officers are established under employment contracts. The salaries are reviewed annually and are approved by the Compensation Committee. In determining base salaries, the Compensation Committee takes into consideration individual experience and performance as well as other circumstances particular to the Company. Base salary levels for the Company's executive officers are comparable to other companies of the same size and complexity. The Compensation Committee has periodically used information provided by independent consultants in evaluating base salary levels.

Incentive Compensation

The compensation policy of the Company, which was developed by the Compensation Committee, is that a substantial portion of the annual compensation of each officer relates to and must be contingent upon the performance of the Company, as well as the individual contribution of each officer. As a result, much of an executive officer's compensation is subject directly to annual bonus compensation measured against established corporate and individual performance goals. Under the Management Incentive Plan, bonuses are paid based on the executive officer's performance and the performance of the entire Company. The purpose of the Management Incentive Plan is to provide a direct financial incentive in the form of an annual cash bonus for the achievement of corporate and personal objectives. Incentive compensation bonus opportunities are expressed as a percentage of the executive officer's base salary. The corporate objectives are set at the beginning of each year. Mr. Lupton's and Mr. Ball's bonuses were based 60% on corporate objectives and 40% on individual objectives. Mr. Ratliff's, Mr. Richenhagen's, Mr. Seaver's and Mr. Beck's bonuses were based entirely upon corporate performance objectives. For the year ended December 31, 2004, the corporate objectives were based on targets for earnings per share, free cash flow, customer satisfaction and quality improvement.

The incentive compensation under the Management Incentive Plan is variable and the Compensation Committee believes it is closely tied to corporate and individual performance in a manner that encourages continuing focus on maintaining profitability and building stockholder value.

In addition, special incentive awards can be made based on extraordinary and unusual achievement as determined by the Compensation Committee. Such awards are subject to approval by the Board of Directors.

Long-Term Incentive Plan

The LTIP is established as the primary long-term incentive vehicle for senior management. While other managers and key employees are eligible to receive stock option grants, participants in the LTIP are not eligible to receive stock options under the stock option program. The LTIP is designed to encourage officers and key employees to seek ways to improve efficiencies, spend capital wisely, reduce debt and generate cash, all of which should combine to cause stock price appreciation.

The LTIP provides opportunities for participants to earn shares of the Company's Common Stock if performance goals (measured solely by the increase in the price of the Common Stock) are met. The Company's LTIP provides for restricted stock awards to executives based on increases in the price of the Company's common stock. The awarded shares may be earned over a five-year performance period in five equal increments for each 20% increase in the average market value of the Company's common stock over the established initial base price. For all restricted stock awards prior to 2000, earned shares are issued to the participant in the form of restricted stock which generally carries a five-year vesting period with one-third of each earned award vesting at the end of the third, fourth and fifth year after each award is earned. In 2000, the LTIP was amended to replace the vesting schedule with a non-transferability period for all future grants. Accordingly, for restricted stock awards in 2000 and all future awards, earned shares are

subject to a non-transferability period, which expires over a five-year period with the transfer restrictions lapsing in one-third increments at the end of the third, fourth and fifth year after each award is earned. During the non-transferability period, participants will be restricted from selling, assigning, transferring, pledging or otherwise disposing of any earned shares, but earned shares are not subject to forfeiture. In the event a participant terminates employment with the Company, the non-transferability period is extended by two years. When the earned shares have vested and are no longer subject to forfeiture, the Company is obligated to pay a cash bonus equal to 40% of the value of the shares on the date the shares are earned in order to satisfy a portion of the

estimated income tax liability to be incurred by the participant. In addition, a participant may elect to forfeit a portion of an earned award in order to fully satisfy federal, state and employment taxes which are payable at the time the shares and the related cash bonus are earned. The number of shares of common stock equal to the value of the participant's tax liability, net of the cash bonus, are thereby forfeited in lieu of an additional cash payment contributed to the participant's tax withholding. In the event of a change of control (as defined in the LTIP), all restrictions on earned shares lapse immediately.

Stock Option Program

The Company maintains the 2001 Stock Option Plan as a long-term incentive for key employees who do not participate in the LTIP. The objective of the plan is similar to those of the LTIP in aligning executive and stockholder long-term interests by creating a strong and direct link between executive compensation and stockholder return and enabling executives to develop and maintain a significant, long-term stock ownership position in the Company's Common Stock.

The 2001 Stock Option Plan authorizes the Compensation Committee to award stock options to key employees based on outstanding performance and achievement. Options granted under the plan have an exercise price equal to 100% of the fair market value of the Company's Common Stock on the date of grant and expire not later than ten years from the date of grant. Each recipient of such options is entitled to immediately exercise up to 20% of the options issued to such person and an additional 20% of such options vest in each subsequent year over each of the next four years. Awards are made at levels believed to be competitive with companies of comparable size and complexity.

Supplemental Executive Retirement Plan

The SERP provides Company executives with retirement income for a period of ten years based on a percentage of their final base salary, reduced by the executive's social security benefits and 401(k) employer matching contributions account. The benefit paid to the executive is equal to 3% of the final base salary times credited years of service, with a maximum benefit of 60% of the final base salary. Benefits under the SERP vest at age 65 or, at the discretion of the Board of Directors, at age 62 reduced by a factor to recognize early commencement of the benefit payments. The estimated annual benefit under the SERP for Mr. Ratliff upon retirement is \$381,021. The estimated annual benefits for Messrs. Richenhagen, Seaver, Lupton, Ball and Beck at age 65 are \$487,414, \$226,163, \$51,879, \$97,736 and \$346,261, respectively.

Other Benefits

The Company provides to executive officers medical benefits and retiree benefits in the form of contributions to a company sponsored 401(k) savings plan equal to 3% of base salary up to a base salary of \$205,000, which is the maximum amount allowable under the IRS regulations. These benefits are comparable to those generally available to company employees. The Company also funds life insurance policies on behalf of its executive officers. The amount funded under the policies and the amount of insurance provided to the executive is commensurate with the executive's salary and level of responsibility.

Compensation of the Chairman of the Board, President and Chief Executive Officer

In July 2004, the Board of Directors appointed Mr. Richenhagen as President and Chief Executive Officer to replace Mr. Ratliff. Mr. Richenhagen receives a base salary of \$750,000 per year and a bonus of between 0% and 150% of base salary dependent upon achievement of corporate goals. Mr. Richenhagen received 3,500 restricted shares of the Company's Common Stock upon his appointment to President and Chief Executive Officer of the Company, which shares vest in three equal installments commencing in three years, and an award of 100,000 shares of

the Company's Common Stock under the LTIP. In concluding that this level of compensation was appropriate, the Board considered the size and complexity of the Company, compensation of chief executive officers at similar companies and Mr. Richenhagen's experience and qualifications.

Through 2004, Mr. Ratliff served as Chairman of the Board under his 1995 employment contract, which has been extended subject to termination by either Mr. Ratliff or the Company. In addition, Mr. Ratliff served as

President and Chief Executive Officer of the Company until his retirement from those positions in July 2004. Mr. Ratliff continued to serve as Executive Chairman of the Board of Directors until January 2002. Mr. Ratliff's compensation is principally comprised of a base salary, incentive compensation bonus and restricted stock awards which are tied to stock performance. Mr. Ratliff's total compensation was evaluated in comparison to a peer group of companies of similar size, complexity and performance.

The employment contract provided Mr. Ratliff with a base salary of \$1,000,000 per annum. The base salary reflected recognition of the Company's past performance and growth. Under Mr. Ratliff's leadership, the Company grew substantially and established itself as one of the largest manufacturers and distributors of agricultural equipment in the world.

Mr. Ratliff participated in the Management Incentive Plan through July 2004. His bonus for 2004 reflects this participation plus an additional \$500,000 bonus awarded for the successful transition of his responsibilities as Chief Executive Officer of the Company to Mr. Richenhagen. Mr. Ratliff also received a \$350,000 bonus related to the successful completion of the Valtra acquisition during 2004.

In December 2002, Mr. Ratliff was granted 100,000 contingent shares at a base price of \$23.75 per share, which could be earned under the LTIP during a five-year performance period. In November 2004, the Company amended the LTIP to permit Mr. Ratliff, and, at the Compensation Committee's election, other retiring members of management who serve as directors, to extend the performance period for his unearned LTIP shares through the period he remains as a director of the Company. For the grant to be fully earned by Mr. Ratliff, the stock price must reach an average of \$47.50 per share for a 20-day period. As of March 12, 2005, Mr. Ratliff had not earned any shares under the December 2002 grant. Under the terms of Mr. Ratliff's employment contract, all shares earned by Mr. Ratliff pursuant to the LTIP carry no restrictions.

The Compensation Committee believes that the executive officers compensation program is suited to retaining and rewarding executives who contribute to the success of the Company in achieving its business objectives and increasing stockholder value. The Compensation Committee further believes that the program strikes an appropriate balance among the interests and needs of the Company, its stockholders and its executives.

The foregoing report has been furnished by the Compensation Committee of the Company's Board of Directors.
