**PROXY STATEMENT  
FOR THE ANNUAL MEETING OF SHAREHOLDERS  
TO BE HELD MAY 3, 2005**

---

**GENERAL**

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Atlantic American Corporation (the Company) for use at the Annual Meeting of Shareholders (the Meeting) to be held at the time and place and for the purposes specified in the accompanying Notice of Annual Meeting of Shareholders and at any postponements or adjournments thereof. When the enclosed proxy is properly executed and returned, the shares which it represents will be voted at the Meeting in accordance with the instructions thereon. In the absence of any such instructions, the shares represented thereby will be voted in favor of the election of nominees for directors listed under the caption Election of Directors and the ratification of the appointment of Deloitte & Touche LLP as the Company's independent public accountants for 2005. Management does not know of any other business to be brought before the Meeting not described herein, but it is intended that as to such other business properly brought before the Meeting, a vote may be cast pursuant to the proxy in accordance with the judgment of the proxies appointed thereunder. This proxy statement and the accompanying form of proxy are first being mailed to shareholders of the Company on or about April 1, 2005.

Any shareholder who executes and delivers a proxy may revoke it at any time prior to its use by: (i) giving written notice of such revocation to the Secretary of the Company at 4370 Peachtree Road, N.E., Atlanta, Georgia 30319-3000; (ii) executing and delivering a proxy bearing a later date to the Secretary of the Company at 4370 Peachtree Road, N.E., Atlanta, Georgia 30319-3000; or (iii) attending the Meeting and voting in person.

Only holders of record of issued and outstanding shares of \$1.00 par value per share common stock of the Company (Common Stock) as of March 18, 2005 (the Record Date) will be entitled to notice of, and to vote at, the Meeting. On the Record Date, there were 21,309,539 shares of Common Stock outstanding. Each share of Common Stock is entitled to one vote on each matter to be acted upon.

**ANNUAL REPORT**

The Annual Report to Shareholders of the Company, which includes a copy of the Company's Annual Report on Form 10-K for the year ended December 31, 2004, including financial statements, is being provided with this proxy statement.

**EXPENSES OF SOLICITATION**

The costs of soliciting proxies will be borne by the Company. Officers, directors and employees of the Company may solicit proxies by telephone or personal interview. No contract or arrangement exists for engaging specially-paid employees or solicitors in connection with the solicitation of proxies for the Meeting. Arrangements may be made with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy materials to their principals, and the Company will reimburse them for their expenses in so doing.

**VOTE REQUIRED**

A majority of the outstanding shares of Common Stock must be present in person or by proxy at the Meeting in order to have the quorum necessary to transact business. Abstentions and broker non-votes will be counted as present in determining whether the quorum requirement is satisfied. Directors are elected by the affirmative vote of a plurality of the shares of Common Stock present in person or by proxy and actually voting at a meeting at which a quorum is present. In order for shareholders to approve all other matters to be presented at the Meeting, the votes cast favoring the proposal must exceed the votes cast opposing the proposal. Abstentions and non-votes will not count as votes for or against any proposal as to which there is an abstention or non-vote. A non-vote occurs when a nominee holding shares for a beneficial owner votes on one proposal pursuant to discretionary authority or instructions from the beneficial owner, but does not vote on another proposal because the nominee has not received instruction from the beneficial owner and does not have discretionary power.

## **Table of Contents**

### **Committees of The Board of Directors**

As a result of the level of beneficial ownership of our Common Stock by J. Mack Robinson, one of our director nominees and currently our Chairman of the Board, and his affiliates, the Company meets the definition of controlled company as defined pursuant to Rule 4350(c)(5) of the National Association of Securities Dealers, Inc. Marketplace Rules (the NASDAQ Rules). Accordingly, the Company is exempt from certain requirements of the NASDAQ Rules, including the requirement that a majority of its Board of Directors be independent, as defined in such rules, the requirement that director nominees be selected, or recommended for the board's selection, by either a majority of the independent directors or a nominations committee comprised solely of independent directors, and certain requirements relating to the determination of executive officer compensation.

The Board of Directors of the Company has three standing committees: the Executive Committee, the Stock Option and Compensation Committee and the Audit Committee.

The Executive Committee is composed of Messrs. Robinson, Howell and Hudgins, and Dr. Whaley, and its function is to act in the place and stead of the Board of Directors to the extent permitted by law on matters which require Board action between meetings of the Board of Directors. The Executive Committee of the Company met or acted by written consent two times during 2004.

The Stock Option and Compensation Committee is composed of Messrs. Elson, Riddle and West and Dr. Whaley. The Stock Option and Compensation Committee's function is to establish the number of stock options to be granted to officers and key employees and the annual salaries and bonus amounts payable to officers of the Company. The Stock Option and Compensation Committee met or acted by written consent one time during 2004.

The Audit Committee is composed of Messrs. Elson, Riddle, West and Wyant. The Board of Directors has determined that all of the members of the Audit Committee are independent and financially literate, as such terms are defined in the NASDAQ Rules and the rules of the Securities and Exchange Commission. In addition, the Board of Directors has determined that three of the members of the Audit Committee, Messrs. Elson, Riddle and West, each have the attributes of an audit committee financial expert as defined by the Securities and Exchange Commission in Item 401(h) of Regulation S-K. In making such determination, the Board took into consideration, among other things, the express provision in Item 401(h) of Regulation S-K that the determination that a person has the attributes of an audit committee financial expert shall not impose any greater responsibility or liability on that person than the responsibility and liability imposed on such person as a member of the Audit Committee, nor shall it affect the duties and obligations of other Audit Committee members or the Board of Directors. The Audit Committee held seven meetings in 2004.

Information regarding the functions performed by the Audit Committee and its membership during 2004 is set forth in the Report of the Audit Committee, included below. The Audit Committee is governed by a written charter, which was amended and restated in 2004.

Due to its status as a controlled company, and in part as a result of the historically small turnover of its members, the Board does not foresee the need to establish a separate nominating committee or adopt a charter to govern the nomination process. The Board of Directors has generally addressed the need to retain members and fill vacancies after discussion among current members, the members of the Executive Committee, and the Company's management. The Board of Directors does not have any specific qualifications that have to be met by director candidates and does not have a formal process for identifying and evaluating director candidates.

Additionally, the Board of Directors does not have a formal policy with respect to the consideration of any director candidates recommended by shareholders and has determined that it is appropriate not to have such a formal policy at

this time. The Board of Directors, however, will give due consideration to director candidates recommended by shareholders. Any shareholder that wishes to nominate a director candidate should submit complete information as to the identity and qualifications of the director candidate to the Board of Directors at the address and in the manner set forth below for communication with the Board.

The Board of Directors met or acted by written consent four times in 2004. Each of the Directors named above attended at least 75% percent of the meetings of the Board and its committees of which he or she was a member during 2004. The Company does not have a formal policy regarding Director attendance at its annual meetings, but attendance by the Directors is encouraged and expected. At the Company's 2003 annual meeting of shareholders, eight of the Company's directors were in attendance.

Shareholders may communicate with members of the Board of Directors by mail addressed to the full Board of Directors, a specific member of the Board of Directors or a particular committee of the Board of Directors at Atlantic American Corporation, 4370 Peachtree Road, N.E., Atlanta, Georgia 30319.

**Report of the Audit Committee**

The Audit Committee (the Committee) oversees the Company's (i) financial reports and other financial information; (ii) systems of internal controls regarding finance, accounting, legal compliance and ethics; and (iii) auditing, accounting and financial reporting processes. The Company's management has the primary responsibility for the financial statements and the reporting processes, including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed and discussed with management the audited financial statements of the Company as of and for the year ended December 31, 2004, including a discussion of the accounting principles, the reasonableness of significant accounting judgments and estimates, and the clarity of disclosures in the financial statements.

The Company's independent registered public accounting firm is responsible for performing an audit of the Company's financial statements in accordance with standards of the Public Company Accounting Oversight Board (United States) and expressing an opinion thereon. During 2004, the Committee reviewed with the independent auditors their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under auditing standards generally accepted in the United States, including the items set out in Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended, promulgated by the Auditing Standards Board of the American Institute of Certified Public Accountants and rule 2-07 of Regulation S-X. In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company, including the matters in the written disclosures received as required by Independence Standards Board Standard No.1, and considered the compatibility of nonaudit services provided to the Company by Deloitte & Touche LLP with the maintenance of the auditors' independence.

The Committee discussed with the Company's independent auditors the overall scope and plans for the 2004 audit. The Committee met with the independent auditors, with and without management present, to discuss, among other things, the results of their audit, their considerations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee held four meetings during fiscal year 2004.

In performing its functions, the Audit Committee acts only in an oversight capacity. The Committee reviews the Company's periodic reports prior to filing with the Securities and Exchange Commission and quarterly earnings announcements. In its oversight role, the Committee relies on the work and assurances of the Company's management, which has the primary responsibility for financial statements and reports, and of the independent auditors, who, in their report, express an opinion on the Company's annual financial statements as to their conformity with generally accepted accounting principles.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2004 for filing with the Securities and Exchange Commission.

### **Report of the Stock Option and Compensation Committee on Executive Compensation**

#### **Compensation Philosophy**

The Stock Option and Compensation Committee (the Compensation Committee) believes that compensation of executives should be designed to motivate those persons to perform at their potential over both the short and the long term. The Compensation Committee believes that equity-based incentives can benefit the Company by increasing the retention of executives while aligning their long-term interests with those of the Company's shareholders.

Compensation determinations are primarily based on the performance of the Company and the individual executive officer during a particular year, and expectations and objectives for performance in the succeeding year. The Compensation Committee also believes that compensation packages for executives must be structured to take into account the nature and the growth of the Company's lines of business in appropriate circumstances.

The compensation packages for the executive officers have generally consisted of three components: base salaries, cash bonuses and equity incentives.

The Compensation Committee has retained the services of an outside compensation consultant, Mellon Financial Corporation's Human Resources & Investor Solutions group, to conduct an analysis of Atlantic American's executive compensation levels and practices and to make recommendations related to short and long-term incentive programs. The Compensation Committee considered the input of this outside consultant in connection with the determination of cash bonuses for the executive officers relating to performance in 2004 and the determination of salary levels for such persons for 2005.

**Cash Compensation.** The Chairman of the Board annually reviews executive officer compensation and recommends to the Compensation Committee proposed salaries and bonuses for himself and for each of the other executive officers. Factors considered by the Chairman and the Compensation Committee are based upon the growth of the Company with regard to net income, total assets, premiums and shareholders' equity. All of these factors were considered in establishing salary levels for each of the executive officers, as were their individual duties and the growth and effectiveness of each in performing those duties. In establishing compensation levels for the executive officers for 2004, the Compensation Committee sought to structure compensation packages that were designed both to achieve the objective of the Compensation Committee's compensation philosophy and to be competitive with those offered by similarly situated companies. For 2004, the Chairman of the Board elected not to recommend an increase in his own salary, and the Compensation Committee did not implement an increase in his salary. The Compensation Committee did increase the base salary for the other named executive officers for 2004, having taken into consideration the factors identified above. Upon the Chairman of the Board's recommendation, the Compensation Committee awarded cash bonuses to each of the named executive officers, including to the Chief Executive Officer as described below. The bonuses are generally determined as a percentage of the executive officer's base salary for the succeeding fiscal year. The bonuses, which were actually paid in the first quarter of 2005, reflect an evaluation of the individual performance of the officers, as well as the performance of the Company as a whole during 2004.

**Equity-Based Compensation.** The Compensation Committee believes that equity-based compensation in the form of stock options or other stock awards serves to motivate executives to seek to improve the Company's short-term and long-term prospects and to align the interests of the Company's executives with those of its shareholders. During 2004, the Compensation Committee granted stock options to certain executives other than the named executive officers at prevailing market prices on the dates of grant. The factors used in determining the size of the individual grant were the

same as those considered with respect to cash bonuses. The grants vested with respect to one-half of the shares purchasable thereunder on the date of grant with the remainder vesting in equal increments on each of the first and second anniversaries of the applicable date of grant. The vesting schedule is designed to encourage both short-term and long-term performance.

**Chief Executive Officer.** Mr. Howell's compensation is generally evaluated on the same basis as the Company's other executive officers. The Compensation Committee approved an increase of approximately 10% in Mr. Howell's base salary for 2004, and in 2005 awarded Mr. Howell a cash bonus of \$250,000 in recognition of his contributions during 2004. In 2004, the Compensation Committee did not grant any stock options to Mr. Howell.

With respect to requests to provide specifically enumerated services not specifically pre-approved pursuant to such general grant, such requests must be submitted to the Committee by both the independent auditors and the Chief Financial Officer and must include a joint statement as to whether, in their view, the request is consistent with Securities and Exchange Commission rules on auditor independence.
