INFORMATION REGARDING BOARD OF DIRECTORS AND COMMITTEES

Director Independence. The Company's Board of Directors has determined that the following directors are "independent" within the meaning of The Nasdaq Stock Market ("Nasdaq") listing standards: Richard O. Jacobson, Hugh J. Morgan, Jr., Roger F. Stebbing and John P. Stupp, Jr.

Meetings. The Board of Directors held four meetings during 2004. Each director attended at least 75% of the aggregate of (i) the total number of meetings of the Board of Directors and (ii) the total number of meetings of all committees on which he served held in 2004 during the time he served as a director or as a member of such committees.

Nominating Process. In light of its small size, the Board of Directors has determined, and has adopted a resolution providing, that nominees for election to the Board of Directors will be selected by a majority vote of the directors meeting the Nasdaq independence requirements and, consequently, does not have a separate nominating committee or a nominating committee charter. In accordance with resolutions adopted by the Board of Directors, in selecting nominees for election as directors, the Board of Directors, with the assistance of the Corporate Governance Committee, will review and evaluate candidates submitted by directors and management and by the Company's stockholders pursuant to the procedures set forth in the Company's Bylaws and described in "STOCKHOLDERS PROPOSALS -- Stockholder Nominations for Directors" below. The Board of Directors, in considering possible nominees, will take into account the following: (a) each director should be an individual of the highest character and integrity; (b) each director should have substantial experience that is relevant to the Company; (c) each director should have sufficient time available to devote to the affairs of the Company; and (d) each director should represent the best

3

interest of all stockholders. All possible nominees are to be reviewed in the same manner, regardless of whether they have been submitted by stockholders, directors or management.

Committees. The Board of Directors has four standing committees: the Executive Committee, the Corporate Governance Committee, the Compensation Committee and the Audit Committee. The Executive Committee is currently comprised of Emile A. Battat, Richard O. Jacobson and Hugh J. Morgan, Jr. The Executive Committee did not meet during 2004. The Corporate Governance Committee, which is currently comprised of Richard O. Jacobson and Roger F. Stebbing, is to assist in the evaluation of possible nominees for election to the Board of Directors as requested by the Board of Directors, review annually

Edgar Filing: ATRION CORP - Form DEF 14A

and advise the Board of Directors with respect to the compensation of directors and recommend to the Board of Directors (a) the number of directors to be fixed in connection with each annual meeting of stockholders, (b) the directors to be appointed to each of the committees of the Board, (c) corporate governance guidelines and (d) proposed changes to the charter of the Corporate Governance Committee. The Corporate Governance Committee met one time in 2004. The Compensation Committee, which is currently comprised of Richard O. Jacobson, Hugh J. Morgan, Jr. and John P. Stupp, Jr., makes recommendations to the Board of Directors as to the remuneration of all executive officers of the Company, administers the Atrion Corporation 1997 Stock Incentive Plan (the "1997 Stock Incentive Plan") and reviews and makes recommendations regarding the Company's other incentive compensation plans. The Compensation Committee met one time in 2004. The Audit Committee, the current members of which are Hugh J. Morgan, Jr., Roger F. Stebbing and John P. Stupp, Jr., appoints, determines the appropriate compensation for and oversees the work of the Company's independent auditors, and assists the Board of Directors in its oversight of the Company's accounting and financial reporting principles and policies and internal audit controls and procedures and oversees related party transactions. The Audit Committee also reviews, at least annually, the Audit Committee Charter and is to recommend any changes to the Audit Committee Charter to the Board of Directors. The Board of Directors has determined that each member of the Audit Committee is independent within the meaning of the Nasdaq listing standards and is financially literate and that Mr. Stupp is an audit committee financial expert. The Audit Committee met seven times in 2004.

Board Compensation. Currently, each outside director is paid a fee of \$1,000 per month and \$750 per day for each meeting of the Board of Directors at which he is in attendance. In addition, the Chairman of the Audit Committee is paid a fee of \$333 per month. The Company reimburses each such director for travel and out-of-pocket expenses incurred in connection with attending meetings of the Board of Directors. The 1997 Stock Incentive Plan provides that each year each outside director is to be granted automatically an option to purchase 2,000 shares of common stock, at an exercise price equal to the fair market value of the common stock on the date of grant. Each such option is fully exercisable on the date of grant and expires on the first to occur of (i) the tenth anniversary of the date of grant; (ii) six months after the date the outside director ceases to be a director of the Company other than as a result of his death; or (iii) one year after the outside director ceases to be a director by reason of his death.

Effective June 1, 2005, each outside director will be paid \$24,000 per year in lieu of the monthly fee and meeting attendance fee described in the preceding paragraph. In addition, beginning June 1, 2005, the Chairmen of the Corporate Governance Committee and the Compensation Committee will each be paid \$6,000 per year, the Chairman of the Audit Committee will be paid \$12,000 per year and the monthly fee for the Chairman of the Audit Committee described in the preceding paragraph will be discontinued. No further grants of stock options will be made to outside directors under the 1997 Stock Incentive Plan.

Stockholder Communications to the Board of Directors. Any stockholder wishing to communicate with the Board of Directors about any matter should send the communication, in written form, to Emile A. Battat, Chairman and President, at the Company's principal office in Allen, Texas. Mr. Battat will promptly send the communication to the other members of the Board of Directors.

Attendance at Stockholder Meetings. The Board of Directors has adopted a policy encouraging each director to attend, if practicable, the annual meeting of stockholders of the Company. The 2004 annual meeting was attended by five directors.

INFORMATION CONCERNING STOCK OPTIONS

The following table summarizes certain information concerning grants of options to the Named Executive Officers during the year ended December 31, 2004.

NAME	NUMBER OF SECURITIES UNDERLYING OPTIONS GRANTED (2)	PERCENT OF TOTAL OPTIONS GRANTED TO EMPLOYEES IN 2004	EXERCISE PRICE/SHARE	EXPIRATION DATE	5%

Jeffery Strickland	7,000	13%	44.58	2/24/2009	86,222

(1) Potential realizable value is based upon the assumption that the market price of the common stock of the Company will appreciate at the compound annual rate shown from the date of grant until the end of the option term. The dollar amounts in the foregoing table have been calculated based upon the Commission's requirements and do not reflect the Company's estimate of future growth in the price of the Company's common stock.

(2) The options granted in 2004 were incentive stock options and nonqualified stock options granted pursuant to the 1997 Stock Incentive Plan. The exercise price of the options granted is equal to the average of the high and low price per share of common stock on the date of grant in the case of incentive stock options and the closing sale price on the date of grant in the case of nonqualified stock options, in each case as reported by Nasdaq. The options are not transferable by the optionee except by will or by the laws of descent and distribution, except that Mr. Battat may transfer the options to one or more of his family members, and, except for transferred options, each option is exercisable during the lifetime of the optionee only by the optionee or, in the event of disability, by the optionee's guardian or representative. All options under the 1997 Stock Incentive Plan terminate three months after the optionee's termination of employment except in case of death or disability, in which case the options terminate one year after termination of employment, and except in the case of the options granted to Mr. Battat that have become exercisable may be exercised at any time during the term of the options. Mr. Battat's employment agreement with the Company provides that if his employment is terminated during the term of the agreement by the Company for other than "just cause" or by Mr. Battat for "good reason" (as those terms are defined in the agreement) or upon Mr. Battat's death or disability, all outstanding unvested options will immediately vest. The number of options granted to key employees, the term thereof and the manner in which those options are to be exercised under the 1997 Stock Incentive Plan are determined by the Compensation Committee. These options became first exercisable on July 1, 2004.

9

The following table provides information as to exercises of options by the Named Executive Officers during the year ended December 31, 2004 and the values of each Named Executive Officer's unexercised options at December 31, 2004.

RETIREMENT PLAN

The Company maintains a cash balance retirement plan (the "Cash Balance Plan") that includes all full-time active employees of the Company and its subsidiaries other than Quest Medical, Inc. Each participant has an account balance which represents his or her benefit under the Cash Balance Plan. The Cash Balance Plan provides for the Company to make annual allocations to a participant's cash balance account in an amount equal to 3% of the participant's eligible compensation up to the Social Security wage base and 6% in excess thereof and for an interest credit each plan year equal to the rate on 30 year U.S. Treasury bonds during November of the preceding plan year. For the 2004 plan year, the interest rate was 5.12%. "Eligible compensation" is, for the Named Executive Officers, the salary as included in the Summary Compensation Table above, subject to an annual limitation imposed by law which for 2004 was \$205,000 and is \$210,000 in 2005. Generally, each participant becomes fully vested in the benefits under such plan after five years of employment. Benefits may be paid, subject to certain limitations under the Internal Revenue Code of 1986, as amended, upon termination of employment, retirement or death. The Cash Balance Plan specifies various options that participants may select for the distribution of their accrued balance, including forms of annuity payments and lump sum distributions. Both of the Named Executive Officers participate in the Cash Balance Plan. The estimated annual retirement benefits payable to the Named Executive Officers under the Cash Balance Plan at normal retirement age of 65, assuming 4% annual increases in eligible compensation until retirement, no change from 2005 levels of maximum includable compensation and Social Security wage base, and a 30 year U.S. Treasury bond rate of 5.5%, are as follows: Mr. Battat, \$7,469; and Mr. Strickland, \$75,296.

CERTAIN AGREEMENTS AND PLANS

The Company has an employment agreement with Emile A. Battat, the Company's Chairman, President and Chief Executive Officer, that provides for his employment for an initial term that expires on December 31, 2006. The base salary for each calendar year is \$500,000. In addition, Mr. Battat is entitled to receive a cash bonus each year that is not less than \$100,000. If Mr. Battat's employment is terminated during the term by the Company for other than "just cause" or by Mr. Battat for "good reason" (as those terms are defined in the agreement) or upon Mr. Battat's death or disability, Mr. Battat will receive (1) a cash payment equal to the sum of (i) all cash compensation accrued but not paid and (ii) the base salary and the annual bonus for the remainder of the term, (2) immediate vesting of all stock options or equity granted to him, and (3) continued participation in the Company's health benefit plans for the remainder of the term. In addition, the Company will reimburse Mr. Battat for excise

Edgar Filing: ATRION CORP - Form DEF 14A

taxes imposed on him in the event payments or benefits received by him result in "parachute payments" under the Internal Revenue Code and for income taxes on such reimbursement.

The Company has a severance plan pursuant to which Jeffery Strickland, Vice President and Chief Financial Officer, Secretary and Treasurer of the Company, will be entitled to severance compensation if his employment is terminated under certain conditions set forth in the plan. The severance pay is to be equal to Mr. Strickland's annual base salary for the 12 months preceding the termination of employment.

A Company subsidiary, Halkey-Roberts Corporation, has employed David A. Battat beginning in 2005 to serve as its Vice President - Business Development at an annual base salary of \$100,000, and he has been awarded options to purchase 4,500 shares of the Company's common stock under the 1997 Stock Incentive Plan. David Battat is a graduate of Harvard College and Columbia Law School with over 10 years of business and legal experience and is the son of Emile A. Battat, the Company's Chairman, President and Chief Executive Officer.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee, which is currently comprised of Richard O. Jacobson, Hugh J. Morgan, Jr. and John P. Stupp, Jr., establishes the overall executive compensation program for the Company and makes recommendations for base salaries, salary increases and bonuses for the Company's executive officers. In addition, the Compensation Committee administers the Company's incentive programs that cover the Company's executive officers. The executive compensation program, which is periodically reviewed and modified, as necessary, by the Compensation Committee, is designed to attract, retain and motivate management personnel and includes compensation that is tied to enhanced stockholder value.

Compensation Policies

The principal components of compensation for the Company's executive officers are base salaries, cash bonus and incentive compensation and stock awards. The base salary of one of the Company's executive officers is fixed by contract, and the base salary of the Company's other executive officer is reviewed annually and adjustments made generally on the basis of the Company's performance as measured by certain financial and non-financial criteria, various survey information respecting compensation of executive officers, compensation levels for executive officers in a broad range of companies (which range is broader than the group of companies included in the peer group index used in comparing cumulative stockholder return), cost-of-living information and individual performance of the particular executive officer. The Compensation Committee has not assigned relative weights or values to any of such criteria. In such annual review, the Compensation Committee takes into consideration a review of individual performance of the executive officer. With respect to the financial performance of the Company, the Compensation Committee generally takes into consideration the Company's earnings from continuing operations, earnings per share and total stockholder return. Subject to the terms of any employment agreement or incentive compensation plan, executive officers of the Company are eligible for discretionary bonuses as determined by the Compensation Committee. At the recommendation of the Compensation Committee, the Company and its subsidiaries have implemented cash incentive plans covering certain key employees. These plans are intended to foster a corporate culture focused on bottom line results by providing key employees with a substantial stake in reducing costs and increasing sales and productivity while conserving capital resources.

Stock awards are designed to motivate executives to improve the long-term performance of the Company's Common stock in the market, to encourage them to

Edgar Filing: ATRION CORP - Form DEF 14A

achieve superior results over the long term and to align the interests of executive officers with those of stockholders. Decisions respecting restricted stock awards are made on the basis of the criteria referred to above, and decisions respecting the grant of stock options are made using the same criteria as well as the number of unexercised options held by key employees.

Compensation of Chief Executive Officer

The Company has an employment agreement with Mr. Battat that expires at the end of 2006. (For a description of the terms of Mr. Battat's employment agreement, see "EXECUTIVE COMPENSATION - Certain Agreements and Plans.") Under the employment agreement, Mr. Battat's base salary is fixed for each year of the

11

term at \$500,000 and he is to receive an annual bonus of not less than \$100,000. In addition to cash compensation under his employment agreement, Mr. Battat is entitled to receive stock-based incentive awards. In making determinations regarding the amount of such bonus and stock-based incentive awards, the Compensation Committee generally reviews the performance of the Company, Mr. Battat's contributions and leadership and the compensation of chief executive officers of other companies. For 2004, the Compensation Committee, at Mr. Battat's request, maintained Mr. Battat's cash bonus at the minimum contractual amount of \$100,000. In addition, the Compensation Committee awarded options to Mr. Battat to purchase 20,000 shares of the Company's common stock.
