BANKING CORPORATION OF FLORIDA
8850 Tamiami Trail North
Naples, Florida 34108
SPECIAL MEETING OF SHAREHOLDERS

You are cordially invited to attend a special meeting of shareholders of Banking Corporation of Florida to be held at the main office of First Florida Bank, 8850 Tamiami Trail North, Naples, Florida 34108, on Thursday, March 23, 2006, at 8:00 a.m., local time.

At the special meeting you will be asked to vote upon a proposal to approve the acquisition of BCOF by Synovus Financial Corp. by means of the merger of BCOF with and into Synovus.

In the merger, each share of BCOF common stock, excluding those shares of BCOF common stock as to which appraisal rights have been duly and validly exercised in accordance with Florida law, will be converted into 1.7697 shares of Synovus common stock. Because the price of Synovus common stock fluctuates, the value of the securities you will receive will fluctuate on a day-to-day basis. Assuming the merger had been completed on February 9, 2006, you would be entitled to receive Synovus shares with a market value of approximately \$48.05 for each share of BCOF common stock that you own. Shareholders of BCOF generally will not recognize a gain or loss for tax purposes in connection with the conversion of their shares of BCOF common stock into Synovus common stock.

Synovus common stock is traded on the New York Stock Exchange and Synovus has registered 3,209,293 shares of its common stock for issuance in connection with the merger.

BCOF has received from its financial advisor, Hovde Financial LLC, an opinion that the consideration to be received pursuant to the merger agreement is fair from a financial point of view to the shareholders of BCOF.

The merger cannot be completed unless holders of a majority of the outstanding shares of BCOF common stock that are entitled to vote on the merger approve it. The board of directors urges you to consider the enclosed material carefully and recommends that you vote **FOR** approval of the merger.

Whether or not you plan to attend the special meeting, please take the time to vote by completing and mailing the enclosed proxy card to us. If you fail to return your card or vote in person, the effect will be a vote against the merger.

On behalf of the Board of Directors of BCOF, we urge you to vote **FOR** the merger.

Samuel L. Kaplan
President
Banking Corporation of Florida

Lowell C. Anderson
Chief Executive Officer and Chairman
Banking Corporation of Florida

It is illegal to tell you otherwise. The securities to be issued in the merger are not savings or deposit accounts and are not insured by the Federal Deposit Insurance Corporation or any other governmental agency.

Please see Risk Factors beginning on page 9 for a description of the factors that may affect the value of Synovus common stock to be issued in the merger and that should be considered by BCOF shareholders with respect to the merger of BCOF with and into Synovus.

QUESTIONS AND ANSWERS ABOUT THE MERGER

Q: Why is the merger being proposed?

A: Banking Corporation of Florida's board of directors believes the merger is in the best interests of Banking Corporation of Florida, which in this document we refer to as BCOF, and will provide significant benefits to its shareholders. Synovus' board of directors believes that the acquisition of BCOF will offer Synovus the opportunity to expand its banking operations in the attractive banking markets in the southern coastal and central areas of Florida. To review the background and reasons for the merger in greater detail, see pages 13 through 15.

Q: What will I receive in the merger?

A: BCOF shareholders will receive 1.7697 shares of Synovus common stock for each share of BCOF common stock they hold. Because the market price of Synovus common stock fluctuates, the value of securities you will receive will fluctuate on a day-to-day basis.

Synovus will not issue fractional shares in the merger. Instead, BCOF shareholders will receive a cash payment, without interest, for the value of any fraction of a share of Synovus common stock that they would otherwise be entitled to receive, based upon the closing price of Synovus common stock on the last business day immediately prior to the effective date of the merger.

Q: What happens as the market price of Synovus common stock fluctuates?

A: Because the market price of Synovus common stock fluctuates, at the time you vote you will not know what the shares will be worth when issued in the merger.

Q: When is the merger expected to be completed?

A: We expect to complete the merger in the first quarter of 2006.

Q: What are the income tax consequences of the merger to me?

A: Powell Goldstein LLP has issued an opinion, which it will confirm as of the effective date of the merger, that the merger will qualify as a reorganization under Section 368 of the Internal Revenue Code. BCOF shareholders generally will not recognize gain for federal income tax purposes as a result of the surrender of BCOF common stock for receipt of Synovus common stock (except to the extent of cash received in lieu of fractional shares or as a result of the exercise of appraisal rights). Your tax treatment may depend on your specific situation and many variables not within our control. You should consult your own tax advisor for a full understanding of the tax consequences to you of the merger.

Q: What am I being asked to vote upon and what is the required shareholder vote?

A: You are being asked to approve the merger of BCOF with and into Synovus. Approval of the proposal requires the affirmative vote of holders of a majority of the shares of outstanding common stock of BCOF that are entitled to vote on the merger. BCOF's board of directors encourages you to vote at the special meeting. The BCOF board of directors has unanimously approved and adopted the merger agreement and recommends that BCOF shareholders vote **FOR** the approval of the merger.

Q: What should I do now?

A: You should read this document carefully and determine whether you desire to vote for approval of the merger.

1

Table of Contents

Q: Should I send in my stock certificates now?

A: No. If the merger is completed, we will send you written instructions for exchanging your BCOF common stock certificates for Synovus common stock certificates.

SUMMARY

*This summary highlights selected information from this document and may not contain all the information that is important to you. For a more complete understanding of the merger and for a more complete description of the legal terms of the merger, you should read this entire document carefully, as well as the additional documents to which we refer you, including the merger agreement. See *Where You Can Find More Information* on page 43. Each item in this summary refers to the page where that subject is discussed in more detail.*

The Companies (page 34)

Synovus Financial Corp.
1111 Bay Avenue, Suite 500
Columbus, Georgia 31901
Telephone: (706) 649-5220

Synovus is a diversified financial services company whose stock is traded on the New York Stock Exchange, or NYSE, under the symbol SNV. As of September 30, 2005, Synovus had total assets of approximately \$27.1 billion, total deposits of \$20.3 billion, shareholders' equity of \$2.9 billion and net loans of \$20.6 billion. Synovus and its 39 commercial banking subsidiaries presently provide banking services in offices located in Georgia, Alabama, Florida, South Carolina and Tennessee. Synovus also provides a variety of other financial services including mortgage banking, securities brokerage, insurance agency, equipment leasing and trust services. In addition, Synovus holds an 81% interest in Total System Services, Inc., which in this document we refer to as TSYS, an electronic payment processing company whose stock is traded on the NYSE.

Banking Corporation of Florida
8850 Tamiami Trail North
Naples, Florida 34108
Telephone: (239) 597-8989

BCOF is registered as a bank holding company under the Bank Holding Company Act. As of September 30, 2005, BCOF had total assets of \$347.6 million, total deposits of \$308.4 million, shareholders' equity of \$26.9 million and net loans of \$312.7 million. BCOF has one banking subsidiary, First Florida Bank, Naples, Florida, which provides services through its three full-service banking offices and one loan production office. All references to BCOF refer to Banking Corporation of Florida and its subsidiary bank, unless the context otherwise requires.

The Merger (page 12)

If the merger is approved by BCOF's shareholders, BCOF will be merged with and into Synovus, and BCOF's banking subsidiary, through which it operates, will become a wholly owned subsidiary of Synovus. The merger requires the approval of the holders of a majority of the BCOF common stock outstanding on the record date. The directors and executive officers of BCOF together own approximately 18.6% of the outstanding shares entitled to vote at the meeting, and we expect them to vote their shares in favor of the merger.

We have attached the merger agreement as Appendix A to this document. We encourage you to read the merger agreement, as it is the legal document that governs the merger.

BCOF's Reasons for the Merger (page 14)

In reaching its decision to approve and recommend approval of the merger agreement, the BCOF board of directors considered a number of factors, including the following:

the value of the consideration to be received by BCOF shareholders relative to the book value and earnings per share of BCOF common stock;

certain information concerning the financial condition, results of operations and business prospects of Synovus;

Table of Contents

the financial terms of recent business combinations in the financial services industry and a comparison of the multiples of selected combinations with the terms of the proposed transaction with Synovus;

the average daily trading volumes of shares of Synovus common stock;

the alternatives to the merger, including remaining an independent institution;

the competitive and regulatory environment for financial institutions generally;

the expanded range of banking services that the merger will allow BCOF to provide its customers;

the enhanced career opportunities and benefits afforded First Florida Bank employees as a result of the merger;

the expected new dividend yield for BCOF shareholders from owning Synovus common stock;

the fact that the merger will enable BCOF shareholders to exchange their shares of BCOF common stock for shares of common stock of a regional bank, the stock of which is widely held and actively traded, and that such consideration will be received tax-free; and

the opinion of Hovde Financial LLC that the consideration to be received by BCOF shareholders pursuant to the merger agreement is fair from a financial point of view.

Opinion of BCOF's Financial Advisor (page 15)

BCOF asked its financial advisor, Hovde Financial LLC, for advice on the fairness, from a financial point of view, of the merger consideration to BCOF's shareholders. Hovde has delivered its written opinion to the BCOF board that as of October 6, 2005, the day the BCOF board approved the merger agreement, the consideration to be received pursuant to the merger agreement was fair, from a financial point of view, to the shareholders of BCOF. The opinion is attached as Appendix C to this document. You should read this opinion completely to understand the procedures followed, assumptions made, matters considered and limitations of the review undertaken by Hovde. Hovde's opinion is addressed to the BCOF board and does not constitute a recommendation to any shareholder as to how to vote with respect to matters relating to the proposed merger. You should also be aware that the opinion of Hovde does not address the fairness of the merger consideration at the time the merger is completed or at any time other than October 6, 2005.

BCOF Special Shareholders Meeting (page 10)

The special meeting will be held at the main office of First Florida Bank, 8850 Tamiami Trail North, Naples, Florida on Thursday, March 23, 2006, at 8:00 a.m., local time.

Conditions to the Merger (page 22)

Consummation of the merger is subject to various conditions, including:

receipt of BCOF shareholder approval;

receipt of the necessary regulatory approvals;

receipt of an opinion from Powell Goldstein LLP regarding tax aspects of the merger; and

satisfaction of other customary closing conditions.

The regulatory approvals necessary to consummate the merger and the other transactions contemplated by the merger agreement include the approval of the Board of Governors of the Federal Reserve System, which in this document we refer to as the Federal Reserve Board, the Georgia Department of Banking and Finance and the Florida Department of Financial Institutions. The merger has been approved by the foregoing regulatory agencies.

Accounting Treatment (page 28)

The merger will be accounted for as a purchase for financial reporting purposes.

Table of Contents

Material United States Federal Income Tax Consequences of the Merger (page 27)

We expect that Synovus, BCOF and BCOF shareholders will not recognize any gain or loss for United States federal income tax purposes as a result of the merger. The boards of directors of both companies have received an opinion of tax counsel that the above will be the federal income tax consequences of the merger. A copy of this opinion is attached to this document as Appendix D. The opinion will not bind the Internal Revenue Service, which could take a different view. This tax treatment will not apply to any BCOF shareholder that exercises appraisal rights and may not apply to certain other shareholders, such as shareholders who acquire their stock upon the exercise of a stock option received in connection with employment. Determining the actual tax consequences of the merger to you as an individual taxpayer can be complicated. The tax treatment will depend on your specific situation and many variables not within our control. You should consult your own tax advisor for a full understanding of the merger's tax consequences.

Effective Date of Merger (page 12)

The merger will become effective when all of the conditions to the merger have been satisfied and Articles of Merger are filed with the Georgia Secretary of State and the Department of State of Florida. Subject to the conditions specified in the merger agreement, the parties anticipate that the merger will become effective in the first quarter of 2006. There can be no assurances, however, as to whether or when the merger will occur.

Appraisal Rights (page 32)

Holders of BCOF common stock are entitled to dissent from the merger under Florida law and, if the merger is consummated, to receive payment in cash for the fair value of their shares, upon compliance with the appraisal rights provisions of the Florida Business Corporation Act. To preserve these rights, a shareholder must not vote in favor of the merger and must deliver to BCOF a written notice of intent to demand payment for such shareholder's shares before the vote on the merger at the special meeting of BCOF shareholders. The delivery of a proxy or vote against the merger is not considered such a notice. Failure to follow required procedures may result in the loss of statutory appraisal rights. Appraisal rights are addressed in more detail beginning on page 32.

Risk Factors (page 9)

In addition to the other information included in this document, including the matters addressed in Forward-Looking Statements on page 9, you should carefully consider the material risk factors to the merger, beginning on page 9, in determining whether to vote in favor of the merger.

Interests of BCOF's Directors and Executive Officers in the Merger (page 26)

Certain executive officers of BCOF have interests in the merger that are different from your interests. For example, Robert O. Smedley, Chief Executive Officer and President of First Florida Bank, has entered into an employment agreement with Synovus, effective on the date the merger is completed, providing for his continued employment as the Chief Executive Officer and President of First Florida Bank and upon the completion of the merger, for his employment as the Chairman of First Florida Bank, for a period of five years following the merger. In addition, Mr. Smedley and BCOF's other directors and executive officers hold stock options that will become exercisable immediately prior to the effectiveness of the merger.

Termination of the Merger Agreement (page 25)

Either BCOF or Synovus may terminate the merger agreement under the following circumstances, among others:
the mutual consent of Synovus and BCOF;

if the merger is not completed before April 30, 2006, unless the failure to consummate by this time is due to a breach of the merger agreement by the party seeking to terminate; or

failure of any of the conditions set forth in the merger agreement unless the failure is due to a breach of the merger agreement by the party seeking to terminate.

Table of Contents

Also, BCOF may terminate the merger agreement if the closing price of Synovus common stock on the NYSE decreases by more than 15% from \$29.11 and such decrease as measured from August 17, 2005 exceeds the change in the aggregate closing price per share of an index of Southeastern Bank Holding Company stocks on any date of determination by more than 15 percentage points.

Synovus may terminate the merger agreement if the closing price of Synovus common stock on the NYSE exceeds \$29.11 by 15% or more and such percentage increase over \$29.11, as measured from the first date the closing price of Synovus common stock on the NYSE exceeds \$29.11, exceeds the change in the aggregate closing price per share of an index of Southeastern Bank Holding Company stocks on any date of determination by more than 15 percentage points.

No Solicitation (page 24)

BCOF has agreed that until the completion of the merger, BCOF will not directly or indirectly take any specified actions with respect to any acquisition proposal. However, notwithstanding these restrictions, BCOF may, if necessary to comply with its fiduciary obligations and subject to other qualifications and conditions, furnish information and engage in discussions or negotiations in response to unsolicited acquisition proposals.

Effect of Merger on Rights of BCOF Shareholders (page 28)

BCOF is a Florida corporation and, therefore, the rights of shareholders of BCOF currently are determined by reference to the Florida Business Corporation Act and BCOF's Articles of Incorporation and bylaws. At the effective time of the merger, shareholders of BCOF will become shareholders of Synovus, which is a Georgia corporation. As a result, your rights as shareholders of Synovus will then be determined by reference to the Georgia Business Corporation Code and Synovus' Articles of Incorporation and bylaws. The laws of these jurisdictions vary. There are also various differences between Synovus' Articles of Incorporation and bylaws and BCOF's Articles of Incorporation and bylaws.

Comparative Market Price Information and Dividends

No established trading market for BCOF common stock exists. Transactions in BCOF common stock are infrequent and are negotiated privately between the persons involved in these transactions. RISK FACTORS

In addition to the other information contained in or incorporated by reference into this document, including Synovus Annual Report on Form 10-K for the fiscal year ended December 31, 2004 and Synovus Quarterly Reports on Form 10-Q for the quarters ended March 31, 2005, June 30, 2005 and September 30, 2005, BCOF shareholders should carefully consider the matters described below in deciding whether to vote to approve the merger agreement.

You may receive shares of Synovus common stock with a market value lower than you expected.

Synovus is offering to issue 1.7697 shares of Synovus common stock for each share of BCOF common stock. This exchange ratio will not be adjusted for changes in the market price of Synovus common stock. Any change in the price of Synovus common stock prior to the merger will affect the value that BCOF shareholders will receive in the merger. If the market price of Synovus common stock declines, then the value of the consideration you will receive will decline as well. Stock price variations may result from a variety of factors that are beyond our control, including, market assessments of the likelihood the merger will be consummated, regulatory considerations, general market and economic conditions, and changes in, or market perceptions of changes in, the business operations or prospects of Synovus and its subsidiaries.

The price of Synovus common stock at and after the effective date of the merger may vary from its prices on (a) October 6, 2005, the date the fairness opinion was issued, (b) October 24, 2005, the date the merger agreement was executed, (c) the date of this document and (d) the date of BCOF's special meeting of shareholders. Because the effective date of the merger will follow the date of BCOF's special meeting of shareholders, at the time of the special meeting you will not know the market value of the Synovus common stock that you may receive upon completion of the merger.

FORWARD-LOOKING STATEMENTS

Synovus and BCOF make forward-looking statements in this document, and Synovus also makes forward-looking statements in its reports filed with the SEC that we incorporate by reference in this document, that are subject to risks and uncertainties. These forward-looking statements include information about possible or assumed future results of our operations. Also, when we use any of the words *believes*, *expects*, *anticipates* or similar expressions, we are making forward-looking statements. Many possible events or factors could affect the financial results and performance of each of our companies. This could cause results or performances to differ materially from those expressed in our forward-looking statements. A variety of factors could cause our actual results and experience to differ materially from the anticipated results or other expectations expressed in our forward-looking statements. The risks and uncertainties that may affect the operations, performance, development and results of our business include, but are not limited to, those discussed in the reports filed by Synovus with the SEC that are incorporated in this document by reference and those described below. You should consider these risks when you vote on the merger. These possible events or factors include the following:

those risks and uncertainties we identify or discuss in our filings with the SEC;

our cost savings from the merger are less than we expect, or we are unable to obtain those cost savings as soon as we expect;

costs or difficulties relating to the integration of BCOF may be greater than expected;

revenue losses resulting from TSYS loss of the Bank of America consumer card portfolio processing business may be greater than expected;

we lose more deposits, customers, or business than we expect;

competition in the banking industry increases significantly;

our integration costs are higher than we expect or our operating costs after the merger are greater than we expect;

the merger does not generate the synergies we expect;

technological changes and systems integration are harder to make or more expensive than we expect;

9

changes in the interest rate environment reduce our margins;

general economic or business conditions are worse than we expect;

legislative or regulatory changes occur which adversely affect our business;

changes occur in business conditions and inflation; and

changes occur in the securities markets.

Management of each of Synovus and BCOF believes the forward-looking statements about its company are reasonable; however, you should not place undue reliance on any forward-looking statements, which are based on current expectations. Forward-looking statements speak only as of the date they are made, and Synovus and BCOF undertake no obligation to update these forward-looking statements to reflect events or circumstances after the date of this document or to reflect the occurrence of unanticipated events.

THE SPECIAL MEETING

We are furnishing this document to shareholders of BCOF in connection with the solicitation of proxies by the board of directors of BCOF for use at the special meeting of its shareholders.

Date, Time and Place

The special meeting will be held at the main office of First Florida Bank, 8850 Tamiami Trail North, Naples, Florida 34108 on Thursday, March 23, 2006, at 8:00 a.m., local time.

Matters to Be Considered at the Special Meeting

At the special meeting, the shareholders of BCOF will be asked to consider and vote upon the approval of the merger with and into Synovus, and such other matters as may properly be brought before the special meeting.

The BCOF board has unanimously approved the merger agreement and the transactions contemplated by the merger agreement and recommends that you vote **FOR** approval of the merger.

Record Date; Stock Entitled to Vote; Quorum

Only holders of record of BCOF common stock at the close of business on February 10, 2006, the record date for the BCOF special meeting, are entitled to receive notice of the special meeting and to vote at the special meeting. Holders of record of shares of BCOF common stock on the record date are each entitled to one vote per share on each matter to be considered at the special meeting.

On the record date, February 10, 2006, 1,660,690 shares of BCOF common stock were issued and outstanding and were held by 198 holders of record.

A majority of all the issued and outstanding shares of BCOF common stock, present in person or by proxy, will constitute a quorum for the special meeting.

Vote Required

The approval of the merger requires the affirmative vote of the holders of a majority of the outstanding shares of BCOF common stock that are entitled to vote.

The merger does not require the approval of Synovus shareholders. Synovus board of directors approved the merger on October 19, 2005.

Table of Contents

Stock Ownership of BCOF Directors and Executive Officers

At the close of business on the record date, the directors and executive officers of BCOF owned and were entitled to vote approximately 308,626 shares of BCOF common stock. This ownership represents approximately 18.6% of the shares of BCOF common stock outstanding on that date. If they exercise all of their vested options, the number of shares will increase to 341,626 and the percentage will increase to 20.6%.

Voting of Proxies

Shares represented by all properly executed proxies received in time for the special meeting will be voted at the special meeting according to the voting instructions of the shareholder who executed the proxy. Properly executed proxies which do not contain voting instructions will be voted in favor of the merger.

BCOF intends to count shares of BCOF common stock present in person at the special meeting but not voting, and shares of BCOF common stock for which proxies are received but with respect to which holders of shares have abstained from voting on or voted against any matter, as present at the special meeting for purposes of determining the presence or absence of a quorum for the special meeting.

For voting purposes at the special meeting, only shares voted in favor of approval of the merger will be counted as favorable votes for such approval and adoption. A shareholder's failure to submit a proxy, failure to vote in person, or abstention from voting with respect to the approval of the merger will have the same effect as if the shareholder voted against approval of the merger.

Shares held in street name that have been designated by brokers on proxy cards as not voted with respect to the merger (broker non-votes) will not be counted as votes cast on the merger. Shares with respect to which proxies have been marked as abstentions also will not be counted as votes cast on the merger. Shares with respect to which proxies have been marked as abstentions and broker non-votes will, however, be treated as shares present for purposes of determining whether a quorum is present.

The proposal to adopt the merger agreement is a non-discretionary item, meaning that brokerage firms may not vote shares in their discretion on behalf of a client if the client has not furnished voting instructions. Because the merger must be approved by the holders of a majority of the outstanding shares of BCOF common stock, abstentions and broker non-votes will have the same effect as a vote against the merger at the meeting. Accordingly, the BCOF board urges BCOF shareholders to complete, date and sign the accompanying proxy and return it promptly in the enclosed postage prepaid envelope.

We do not expect that any matters other than the proposal to approve the merger will be brought before the special meeting. However, if other matters are properly presented for a vote, the persons named as proxies will vote in accordance with their judgment with respect to those matters.

The persons named as proxies by a BCOF shareholder may propose and vote for one or more adjournments of the special meeting to permit further solicitations of proxies in favor of approval of the merger. However, the persons named as proxies will not vote any shares which are voted against the approval of the merger in favor of such an adjournment.

Revoking Proxies

BCOF shareholders of record may revoke their proxies at any time before the time their proxies are voted at the special meeting. A shareholder may revoke a proxy by taking any of the following actions:

sending a written notice indicating his or her intention to revoke the proxy, including by telegram or facsimile, to the Corporate Secretary of BCOF;

submitting a later-dated signed proxy; or

attending the special meeting and voting or abstaining from voting in person.

Table of Contents

Attendance at the special meeting alone without voting or abstaining from the vote on the merger will not revoke a proxy. Any written notice of a revocation of a proxy must be sent so that it will be delivered to the Corporate Secretary of BCOF, at BCOF's principal executive offices, before the voting begins at the special meeting.

Proxy Solicitation

BCOF will pay the costs of printing this document and all other costs of soliciting proxies. In addition to solicitation by mail, the directors, officers and employees of BCOF may solicit proxies from shareholders of BCOF by telephone or by other means of communication. These directors, officers and employees will not be additionally compensated but may be reimbursed for reasonable out-of-pocket expenses in connection with the solicitation. BCOF will arrange with brokerage firms and other custodians, nominees and fiduciaries for the forwarding of solicitation material to the beneficial owners of stock held of record by such persons, and BCOF will reimburse these record holders for their reasonable out-of-pocket expenses.

Recommendation of the BCOF Board

The BCOF board has unanimously adopted the merger agreement and believes that the proposed transaction is fair to and in the best interests of BCOF and its shareholders. The BCOF board unanimously recommends that BCOF shareholders vote **FOR** approval of the merger.

THE MERGER

The following is a description of the material information pertaining to the merger. This description is qualified in its entirety by reference to the full text of the merger agreement, a copy of which is attached as Appendix A to this document and is incorporated by reference. All shareholders are urged to read carefully the merger agreement, as well as the other appendices, in their entirety.

The boards of directors of Synovus and BCOF have approved, and the proper officers of Synovus and BCOF have executed and delivered, the merger agreement.

Structure of the Merger

On the effective date of the merger, BCOF will merge with and into Synovus, with Synovus as the surviving corporation and retaining the name Synovus Financial Corp. The articles of incorporation and bylaws of Synovus in effect immediately prior to the effective date of the merger will remain the articles of incorporation and bylaws of the surviving corporation after the effective date.

Terms of the Merger and Effective Date

On the effective date of the merger, which will be specified in the Articles of Merger to be filed with the Georgia Secretary of State and the Department of State of Florida, each issued and outstanding share of BCOF common stock as to which an appraisal right has not been exercised will be converted into the right to receive 1.7697 shares of Synovus common stock.

You should obtain current stock price quotations for Synovus common stock. The market price of Synovus common stock will fluctuate before and after completion of the merger. You will not know when you vote on the merger precisely what the shares of Synovus common stock will be worth when issued in the merger.

After the effective date of the merger, outstanding certificates representing shares of BCOF common stock will represent shares of Synovus common stock. Certificates representing shares of BCOF common stock may be surrendered to Synovus by the BCOF shareholders on or after the effective date of the merger for new certificates representing shares of Synovus common stock. Until surrendered to Synovus, the certificates which previously represented shares of BCOF common stock will be deemed for all corporate purposes to evidence the ownership of the respective number of shares of Synovus common stock which the holders are entitled to receive upon their surrender to Synovus except for the payment of dividends, which is subject to the exchange of stock certificates.

Table of Contents

Until the stock certificates nominally representing shares of BCOF common stock are surrendered to Synovus in exchange for certificates representing shares of Synovus common stock, no dividends payable as of any date after the effective date of the merger on the shares of Synovus common stock represented by the BCOF common stock certificates will be paid. However, Forms 1099 reporting the payment of dividends will be filed with the Internal Revenue Service and mailed to each shareholder. Upon the surrender to Synovus of the BCOF common stock certificates, Synovus will pay to the record holders the amount of dividends which previously had become payable, without interest, upon the shares of Synovus common stock represented by the outstanding BCOF common stock certificates.

Synovus will not issue fractional shares of Synovus common stock in the merger. Instead, Synovus will pay cash, without interest, in lieu of fractional shares, in an amount equal to the fractional part of a share of Synovus common stock multiplied by the closing price per share of Synovus common stock on the last business day immediately prior to the effective date of the merger.

The delivery of Synovus stock certificates and other amounts may be subject to forfeiture under applicable escheat laws if BCOF stock certificates are not surrendered for exchange within the legally specified periods of time, which vary with the state of residence of the certificate holder. Therefore, we urge all BCOF shareholders to surrender their BCOF stock certificates at the earliest possible date after consummation of the merger in accordance with instructions provided to you by Synovus in the letter of transmittal described in the following paragraph.

As soon as practicable following consummation of the merger, Synovus will send each shareholder of BCOF common stock a letter of transmittal explaining the procedure to be followed in exchanging certificates representing shares of BCOF common stock for certificates representing shares of Synovus common stock. Until the letter of transmittal is received, shareholders of BCOF should continue to hold their certificates representing shares of BCOF common stock. Do not send any BCOF stock certificates with your proxy card.

After the effective date of the merger, each outstanding BCOF stock option will be converted into an option to acquire shares of Synovus common stock. The exercise price of the converted options will be equal to the exercise price per share of the BCOF common stock under the original option divided by 1.7697. The number of shares subject to the converted options will be equal to the product of the number of shares of BCOF common stock subject to the original option multiplied by 1.7697.

Background of the Merger

From time to time over the past several years, the directors of BCOF during regularly scheduled board of directors meetings discussed the business and prospects of BCOF, conditions in the business and community banking market in Florida, and the merger activity among financial institutions in the state. In addition, during this time, BCOF was approached on an unsolicited basis by several parties who expressed moderate to serious interest in acquiring BCOF. BCOF did not enter into any agreements with any of these parties as it did not believe that the transactions would afford BCOF shareholders the opportunity to receive publicly traded securities or receive any meaningful return on their investment.

On February 4, 2005, the BCOF board met for a general discussion of BCOF's strategic alternatives, including whether to expand its operations and raise additional capital, or to explore a business combination transaction. A decision was made by the BCOF board to interview two investment banking firms to assist the board in its decision-making process. In February and early March, representatives of the BCOF board met with representatives of two investment banking firms. The meetings included a discussion of BCOF's strategic options.

On March 7, 2005, the BCOF board retained Hovde to assist it in its process and on March 16, 2005, Hovde and BCOF signed an engagement letter. As a part of its engagement, Hovde met with BCOF and discussed with it a process for the marketing of BCOF and additional information regarding the banking industry and market conditions in general. Hovde also discussed bank holding companies that, in its opinion, could have an interest in acquiring BCOF and had the necessary financial resources to carry out the transaction and to obtain regulatory approvals. While not making a final decision whether to pursue any business combination transaction, BCOF did authorize Hovde to solicit indications of interest that might warrant serious consideration and potentially result in an agreement to merge or BCOF otherwise being acquired. In the latter part of March and in April 2005, Hovde, with the assistance of BCOF's management, completed a

Table of Contents

confidential memorandum overviewing, among other things, BCOF's history and financial information. The memorandum was prepared for distribution to select financial institutions to explore more formally their interest in acquiring BCOF.

Hovde commenced the marketing of BCOF to approximately 15 prospective companies in the latter part of April 2005 and continued those efforts through the first half of May 2005. As a part of the process, confidentiality agreements were entered into by 14 of the interested parties who thereafter received the confidential memorandum prepared by BCOF with the assistance of Hovde. During June and July, BCOF and Hovde reviewed indications of interest received from two bank holding companies and undertook preliminary due diligence with respect to the interested parties. During July, BCOF entered into discussions with one of the bank holding companies which conducted a due diligence review of BCOF. No agreement was entered into with this bank holding company. Rather, the discussions terminated as a result of a determination that the commercial banking business conducted by BCOF was not consistent with the core private banking focus of the interested bank holding company.

Synovus entered into a confidentiality agreement with BCOF on May 3, 2005. On August 2, 2005, Robert O. Smedley, BCOF's Vice President, and a representative of Hovde met with Frederick L. Green, Synovus' Vice Chairman, and Paul Todd, Synovus' Director of Mergers and Acquisitions. During August 2005, BCOF representatives and Synovus representatives had several telephone conversations to discuss the background, philosophies and corporate culture of the two companies, their strategic direction, their possible interest in pursuing a strategic combination of Synovus and BCOF, and other issues. The parties also discussed the parameters relating to a possible transaction between the two parties, including the form of consideration, the range of value, and the desire for a tax free transaction to the extent of stock received.

On August 22, 2005, the BCOF board received a non-binding letter of intent from Synovus to acquire all of the outstanding shares of BCOF common stock, subject to completion of a due diligence review by Synovus, and on August 25, 2005, the BCOF board approved the letter of intent, which was signed that day. The BCOF board also authorized Synovus to conduct a due diligence review of BCOF. Synovus conducted its due diligence review from September 12, 2005 to September 23, 2005. During September and early October, representatives of BCOF and Synovus negotiated the terms of a definitive agreement.

On October 6, 2005, the BCOF board met to consider the terms of the proposed transaction with Synovus and the form of definitive agreement. Mr. Smedley reported on negotiations with Synovus. In addition, the board of directors of BCOF heard a financial presentation from a representative of Hovde. Hovde advised the board that it was of the opinion, which opinion was subsequently confirmed in writing, that as of that date and based on and subject to the procedures followed, assumptions made, matters considered and limitations on review described in its opinion, that the consideration to be received by BCOF's shareholders under the merger agreement was fair from a financial point of view. During this meeting, BCOF's legal counsel, Smith Mackinnon, PA, reviewed generally for the BCOF board of directors the fiduciary obligations of directors in sales of financial institutions and commented on the form of the merger agreement, the agreements to be entered into between the BCOF directors and Synovus, the employment agreement to be entered into between Mr. Smedley and Synovus, and related issues. Following a thorough discussion and review by BCOF's board of directors of the terms and conditions of the merger agreement, and related information and issues, the BCOF board of directors determined that the proposed transaction was fair and in the best interest of BCOF's shareholders, approved the merger agreement and the transactions contemplated by the merger agreement, and resolved to recommend that the BCOF shareholders adopt the merger agreement. The merger agreement was signed by BCOF and Synovus on October 24, 2005 and publicly announced on the morning of Monday, October 31, 2005.

Recommendation of the BCOF Board and Reasons for the Merger

On October 6, 2005, the board of directors of BCOF unanimously approved and adopted the merger agreement. The board of directors of BCOF believes that the merger and the terms and provisions of the merger agreement are fair to and in the best interests of BCOF shareholders. The board of directors of BCOF unanimously recommends that you vote to approve the merger.

In reaching its decision to adopt and recommend approval of the merger agreement, the BCOF board considered a number of factors, including the following:

Table of Contents

the value of the consideration to be received by BCOF shareholders relative to the book value and earnings per share of BCOF common stock;

certain information concerning the financial condition, results of operations and business prospects of Synovus;

the financial terms of recent business combinations in the financial services industry and a comparison of the multiples of selected combinations with the terms of the proposed transaction with Synovus;

the average daily trading volume of shares of Synovus common stock;

the alternatives to the merger, including remaining an independent institution;

the competitive and regulatory environment for financial institutions generally;

the expanded range of banking services that the merger will allow BCOF to provide its customers;

the enhanced career opportunities and benefits afforded First Florida Bank employees as a result of the merger;

the expected new dividend yield for BCOF shareholders from owning Synovus common stock;

the fact that the merger will enable BCOF shareholders to exchange their shares of BCOF common stock for shares of common stock of a regional bank, the stock of which is widely held and actively traded, and that the consideration will be received tax-free; and

the opinion of Hovde Financial LLC that the consideration to be received by BCOF shareholders pursuant to the merger agreement is fair from a financial point of view.

The foregoing discussion of the information and factors considered by the BCOF board is not intended to be exhaustive, but includes the material factors considered. In view of the variety of factors considered in connection with its evaluation of the merger and the offer price, the BCOF board did not find it practicable to, and did not, quantify or otherwise assign relative weights to the specific factors considered in reaching its determinations and recommendations, and individual directors may have given differing weights to different factors.

Each member of the board of directors of BCOF has indicated that he intends to vote his shares of BCOF common stock in favor of the merger.

BCOF S BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT BCOF SHAREHOLDERS VOTE FOR THE PROPOSAL TO APPROVE THE MERGER AGREEMENT.

Management of Synovus believes that the merger will provide Synovus with expanded market share opportunities for profitable long-term growth and result in the addition of a well-suited and positioned banking organization into Synovus existing organization.

Opinion of BCOF s Financial Advisor

Hovde Financial LLC, which we refer to in this document as Hovde, has delivered to the BCOF board of directors its opinion that, based upon and subject to the various considerations set forth in its written opinion dated October 6, 2005, the consideration to be paid to the shareholders of BCOF pursuant to the merger agreement is fair from a financial point of view as of such date. In requesting Hovde s advice and opinion, no limitations were imposed by BCOF upon Hovde with respect to the investigations made or procedures followed by it in rendering its opinion. **The full text of the opinion of Hovde, dated October 6, 2005, which describes the procedures followed, assumptions made, matters considered and limitations on the review undertaken, is attached to this document as Appendix C. The shareholders of BCOF should read this opinion in its entirety.**

Table of Contents

Hovde is a nationally recognized investment banking firm and, as part of its investment banking business, is continually engaged in the valuation of financial institutions in connection with mergers and acquisitions, private placements and valuations for other purposes. As a specialist in securities of financial institutions, Hovde has experience in, and knowledge of, banks, thrifts and bank and thrift holding companies. The board of directors of BCOF selected Hovde to act as its financial advisor in connection with the merger on the basis of the firm's reputation and expertise in transactions such as the merger.

Hovde is entitled to receive a fee from BCOF for performing a financial analysis of the merger and rendering a written opinion to the board of directors of BCOF as to the fairness, from a financial point of view, of the merger to the shareholders of BCOF. The fee fluctuates based upon the ultimate value received by BCOF at the closing of the merger. As of October 24, 2005, the date of the merger agreement, the fee payable to Hovde at the closing of the merger was \$839,000. In addition, BCOF has agreed to reimburse Hovde for its reasonable out-of-pocket expenses and to indemnify Hovde against any claims, losses and expenses arising out of the merger or Hovde's engagement that did not arise from Hovde's gross negligence or willful misconduct.

Hovde's opinion is directed only to the fairness, from a financial point of view, of the total transaction consideration, and, as such, does not constitute a recommendation to any shareholder of BCOF as to how the shareholder should vote at the BCOF shareholder meeting. The summary of the opinion of Hovde set forth in this document is qualified in its entirety by reference to the full text of the opinion, attached to this document as Appendix C.

The following is a summary of the analyses performed by Hovde in connection with its fairness opinion. Certain of these analyses were confirmed in a presentation to the board of directors of BCOF by Hovde. The summary set forth below does not purport to be a complete description of either the analyses performed by Hovde in rendering its opinion or the presentation delivered by Hovde to the board of directors of BCOF, but it does summarize all of the material analyses performed and presented by Hovde.

The preparation of a fairness opinion involves various determinations as to the most appropriate and relevant methods of financial analyses and the application of those methods to the particular circumstances. In arriving at its opinion, Hovde did not attribute any particular weight to any analysis and factor considered by it, but rather made qualitative judgments as to the significance and relevance of each analysis and factor. Accordingly, Hovde believes that its analyses and the following summary must be considered as a whole and that selecting portions of its analyses, without considering all factors and analyses, could create an incomplete view of the process underlying the analyses set forth in its report to the board of directors of BCOF and its fairness opinion.

In performing its analyses, Hovde made numerous assumptions with respect to industry performance, general business and economic conditions and other matters, many of which are beyond the control of BCOF and Synovus. The analyses performed by Hovde are not necessarily indicative of actual value or actual future results, which may be significantly more or less favorable than suggested by such analyses. Such analyses were prepared solely as part of Hovde's analysis of the fairness of the transaction consideration, from a financial point of view, to the shareholders of BCOF. The analyses do not purport to be an appraisal or to reflect the prices at which a company might actually be sold or the prices at which any securities may trade at the present time or at any time in the future. Hovde's opinion does not address the relative merits of the merger as compared to any other business combination in which BCOF might engage. In addition, as described above, Hovde's opinion to the board of directors of BCOF was one of many factors taken into consideration by the board of directors of BCOF in making its determination to approve the merger agreement.

During the course of its engagement, and as a basis for arriving at its opinion, Hovde reviewed and analyzed material bearing upon the financial and operating conditions of BCOF and Synovus and material prepared in connection with the merger, including, among other things, the following:

the merger agreement;

certain historical publicly available information concerning BCOF and Synovus;

Table of Contents

certain internal financial statements and other financial and operating data concerning BCOF and Synovus;

certain financial projections prepared by the managements of BCOF and Synovus;

certain other information provided to Hovde by members of the senior managements of BCOF and Synovus for the purpose of reviewing the future prospects of BCOF and Synovus, including financial forecasts related to the respective businesses, earnings, assets, liabilities and the amount and timing of cost savings expected to be achieved as a result of the merger;

historical market prices and trading volumes for Synovus common stock;

the nature and terms of recent merger and acquisition transactions to the extent publicly available, involving banks, thrifts and bank and thrift holding companies that Hovde considered relevant;

the pro forma ownership of Synovus' s common stock by the shareholders of BCOF relative to the pro forma contribution of BCOF' s assets, liabilities, equity and earnings to the combined company;

the pro forma impact of the merger on the combined company' s earnings per share, consolidated capitalization and financial ratios; and

such other information and factors as Hovde deemed appropriate.

Hovde also took into account its assessment of general economic, market and financial conditions and its experience in other transactions, as well as its knowledge of the commercial banking industry and its general experience in securities valuations.

In rendering its opinion, Hovde assumed, without independent verification, the accuracy and completeness of the financial and other information and relied upon the accuracy of the representations of the parties contained in the merger agreement. Hovde also assumed that the financial forecasts furnished to or discussed with Hovde by BCOF and Synovus were reasonably prepared and reflected the best currently available estimates and judgments of senior management of BCOF and Synovus as to the future financial performance of BCOF, Synovus, or the combined company, as the case may be. Hovde has not made any independent evaluation or appraisal of any properties, assets or liabilities of BCOF or Synovus. Hovde assumed and relied upon the accuracy and completeness of the publicly available and other non-public financial information provided to it by BCOF and Synovus, relied upon the representations and warranties of BCOF and Synovus made pursuant to the merger agreement, and did not independently attempt to verify any of such information.

Comparable Company Analysis. Hovde calculated the averages of the following relevant transaction ratios in the Nationwide Merger Group, the Southeastern Merger Group and the Florida Merger Group: the percentage of the offer value to the acquired company's total assets, the multiple of the offer value to the acquired company's tangible book value; the multiple of the offer value to the acquired company's earnings for the twelve months preceding the announcement date of the transaction; and the tangible book value premium to core deposits. Hovde compared these multiples with the corresponding multiples for the merger, valuing the total consideration that would be received pursuant to the merger agreement at approximately \$85.7 million, or \$48.61 per BCOF diluted share. In calculating the multiples for the merger, Hovde used BCOF's earnings for the twelve months ended June 30, 2005, and BCOF's tangible book value, total assets, and core deposits as of June 30, 2005. The results of this analysis are as follows:

	Offer Value to			Ratio of Tangible Book Value Premium to Core Deposits (%)

Contribution Analysis. Hovde prepared a contribution analysis showing percentages of total assets, total net loans, total deposits, total equity and total tangible equity at June 30, 2005 for BCOF and for Synovus, as well the last twelve months earnings and estimated 2005 earnings that would be contributed to the combined company on a pro-forma basis by BCOF and Synovus. This analysis indicated that holders of BCOF common stock would own approximately 0.9% of the pro forma common shares outstanding of Synovus, assuming an exchange ratio of 1.7697, while contributing a median of 0.9% of the most relevant financial components listed and boxed in below.

	BCOF Contribution To Synovus
Total assets	1.2%
Total net loans	1.4%
Total deposits	1.4%
Total equity	0.9%
Total tangible equity	1.1%
Net income LTM	0.9%
Net income estimated 2005	0.9%
Median BCOF Contribution Percentage	1.1%
Median of Boxed Factors	0.9%
Actual BCOF Pro Forma Ownership	0.9%

Financial Implications to BCOF Shareholders. Hovde prepared an analysis of the financial implications of Synovus offer to a holder of BCOF common stock. This analysis indicated that on a pro forma equivalent basis, assuming the exchange ratio of 1.7697 for the total consideration and excluding any potential revenue enhancement opportunities, a stockholder of BCOF would achieve approximately 9.60% accretion in GAAP earnings per share, approximately 11.30% accretion in cash earnings per share, a increase in total book value per share of approximately 2.49%, and a decrease in tangible book value per share of approximately 17.92% as a result of the consummation of the merger. The table below summarizes the results discussed above:

	<i>Per Share:</i>			
	2006E GAAP Earnings	2006E Cash Earnings	Book Value	Tangible Book Value
BCOF standalone	\$2.97	\$ 2.97	\$15.51	\$ 15.51
BCOF Pro Forma*	\$3.25	\$ 3.30	\$15.89	\$ 12.73
% Accretion Dilution	9.60%	11.30%	2.49%	-17.92%

* Based on an exchange ratio of 1.7697

Based upon the foregoing analyses and other investigations and assumptions set forth in its opinion, without giving specific weightings to any one factor or comparison, Hovde determined that the consideration to be received pursuant to the merger agreement is fair from a financial point of view to the shareholders of BCOF.

Representations and Warranties

The merger agreement contains generally customary representations and warranties of Synovus and BCOF relating to their respective businesses. The representations of each of Synovus and BCOF have been made solely for the benefit of the other party and should not be relied on by any other person. In addition, the representations and warranties have been qualified by information set forth in confidential disclosure schedules exchanged by the parties in connection with signing the merger agreement. The information contained in these schedules modifies, qualifies and creates exceptions to the representations and warranties in the merger agreement. Each of Synovus and BCOF has made representations and warranties to the other in the merger agreement as to:

corporate existence, including good standing and qualification to conduct business;

material contracts;

employee benefit plans;

compliance with laws;

Synovus also has made representations and warranties to BCOF with respect to the validity of the shares of Synovus common stock to be issued in connection with the merger.

Most of the representations and warranties of the parties will be deemed to be true and correct unless the totality of facts, circumstances or events inconsistent with the representations or warranties has had or is reasonably likely to have a material adverse effect on the business, results of operations or financial condition of the party making the representations and warranties or on the ability of the party to complete the transactions contemplated by the merger agreement. In determining whether a material adverse effect has occurred or is reasonably likely, the parties will disregard any effects resulting from: (a) changes in banking or similar laws of general applicability or their interpretations by courts or governmental authorities; (b) changes in generally accepted accounting principles applicable to banks and bank holding companies; or (c) changes in global or national political conditions or in general economic or market conditions affecting banks or their holding companies generally.

BCOF shall have received from the Senior Deputy General Counsel of Synovus an opinion to the effect that, among other opinions, the shares of Synovus common stock to be issued in the merger are duly authorized, validly issued, fully paid, nonassessable, and not subject to any preemptive rights;

No Solicitation

In the merger agreement, BCOF has agreed that it will not solicit or encourage any inquiry or proposal relating to the disposition of its business or assets, or the acquisition of its voting securities, or the merger of BCOF or any of its subsidiaries with any individual, corporation or other entity, or, subject to the fiduciary duties of the board of directors of BCOF, provide any individual, corporation or other entity with information or assistance or negotiate with any individual, corporation or other entity in furtherance of such inquiries or to obtain such a proposal. BCOF has also agreed that it will promptly notify Synovus in the event it receives any inquiry or proposal relating to any such transaction. These provisions are intended to increase the likelihood that the merger will be consummated in accordance with the terms of the merger agreement and may have the effect of discouraging persons who might now or prior to the effective date of the merger be interested in acquiring all of or a significant interest in BCOF from considering or proposing such an acquisition.

Conduct of Business of BCOF Pending the Merger

The merger agreement provides that prior to the effective date of the merger, BCOF and its subsidiaries will conduct business only in the ordinary course and will not, without the prior written consent of Synovus:

issue any options to purchase capital stock or issue any shares of capital stock, other than shares of BCOF common stock issued in connection with the exercise of currently outstanding options to purchase shares of BCOF common stock;

declare, set aside, or pay any dividend or distribution with respect to the capital stock of BCOF other than normal and customary dividends;

Regulatory Approvals

Consummation of the merger and the other transactions contemplated by the merger agreement is subject to, and conditioned upon, receipt of the approvals from the Federal Reserve Board, the Georgia Department of Banking and Finance and the Florida Department of Financial Institutions. Applications in connection with the merger were filed with the regulatory agencies on or about November 17, 2005. The merger has been approved by the regulatory agencies.

Synovus and BCOF are not aware of any governmental approvals or actions that are required in order to consummate the merger except as described above. Should other approvals or actions be required, it is contemplated that Synovus and BCOF would seek the approval or action. There can be no assurance as to whether or when any other approval or action, if required, could be obtained.

Waiver and Amendment

Before the effective date of the merger, any provision of the merger agreement may be waived in writing by the party entitled to the benefits of such provision or by both parties, to the extent allowed by law. In addition, the merger agreement may be amended at any time, to the extent allowed by law, by an agreement in writing between the parties after approval of their respective boards of directors.

Termination and Termination Fee

The merger agreement may be terminated prior to the effective date either before or after its approval by the shareholders of BCOF. The merger agreement may be terminated by Synovus or BCOF:

- by mutual consent of Synovus and BCOF;

- if consummation of the merger does not occur by reason of the failure of any of the conditions precedent set forth in the merger agreement unless the failure to meet the conditions precedent is due to a breach of the merger agreement by the terminating party; or

if the merger is not consummated by April 30, 2006, unless the failure to consummate by such time is due to the breach of the merger agreement by the terminating party; or

In addition, the merger agreement may be terminated by BCOF if the closing price of Synovus common stock on the NYSE decreases by more than 15% from \$29.11 and such decrease as measured from August 17, 2005 exceeds the change in aggregate closing price per share of an index of Southeastern Bank Holding Company stocks consisting of BB&T

Corporation, SunTrust Banks, Inc., Compass Bancshares, Inc., The Colonial BancGroup, Inc., Regions Financial Corporation, AmSouth Bancorporation, First Horizon National Corporation, South Financial Group, Inc., First Citizens Bancshares, Inc. and BancorpSouth, Inc. on any date of determination, including the effective date, by more than 15 percentage points.

The merger agreement may be terminated by Synovus if the closing price of Synovus common stock on the NYSE exceeds \$29.11 by 15% or more and such percentage increase over \$29.11, as measured from the first date the closing price of Synovus common stock on the NYSE exceeds \$29.11, exceeds the change in the aggregate closing price per share of the index of Southeastern Bank Holding Company stocks listed in the paragraph above, on any date of determination, including the effective date, by more than 15 percentage points.

If either party terminates the merger agreement due to the failure of the other party to satisfy its representations, warranties or covenants in the agreement, the terminating party will be entitled to a cash payment from the other party in the amount of the terminating party's expenses related to the merger, up to a maximum of \$150,000. This amount, with respect to either Synovus or BCOF, is not deemed an exclusive remedy or liquidated damages, in the event of a termination of the merger agreement due to the failure of Synovus or BCOF, as the case may be, to satisfy any of its representations, warranties or covenants contained in the merger agreement.

Interests of BCOF's Directors and Executive Officers in the Merger

Some members of the BCOF board of directors and management have interests in the merger in addition to their interests generally as shareholders of BCOF. The BCOF board of directors was aware of these interests and considered them, in addition to other matters, in approving the merger agreement.

Employment agreement. It is a condition to the merger that Robert O. Smedley, Chief Executive Officer and President of First Florida Bank, enter into an employment agreement with Synovus before the effective date of the merger. On October 24, 2005, Mr. Smedley entered into the employment agreement, effective on the date the merger is completed with Synovus. The employment agreement provides for Mr. Smedley's employment as the Chairman, Chief Executive Officer and President of First Florida Bank for a period of five years following the merger. Under the employment agreement, Synovus will pay Mr. Smedley base annual compensation of \$210,000 and Mr. Smedley will be a participant in, and eligible to receive a bonus under, Synovus' incentive bonus plan. In addition, Synovus will grant Mr. Smedley an option to purchase 10,000 shares of Synovus common stock under the Synovus long-term incentive plan. The employment agreement also provides Mr. Smedley with certain additional benefits, including an automobile allowance and reimbursement for business expenses, along with other perquisites. As part of Mr. Smedley's employment agreement, Synovus and Mr. Smedley have also agreed to enter into the Synovus standard change of control agreement. The change of control agreement provides severance pay and continuation of certain benefits in the event of a change of control of Synovus. In order to receive benefits under the change of control agreement, the executive's employment must be terminated involuntarily and without cause, or by the executive for good reason (as defined), within two years following a change of control.

Directors' and officers' insurance and indemnity. Prior to the completion of the merger, BCOF will purchase for, and on behalf of, its current and former officers and directors, extended coverage under the current directors' and officers' liability insurance policy maintained by BCOF to provide for continued coverage of such insurance for a period of four years following the completion of the merger with respect to matters occurring prior to the completion of the merger. In addition, subject to certain conditions set forth in the merger agreement, for a period of four years after the effective date of the merger, Synovus has agreed to indemnify each person entitled to indemnification from BCOF and its subsidiaries against any liability arising out of actions or omissions occurring at or prior to the effective date of the merger, including the transactions contemplated by the merger agreement, to the fullest extent permitted under Florida law and by the applicable articles of incorporation and bylaws as in effect on the date of the merger agreement, including provisions relating to advances of expenses incurred in the defense of any litigation.

BCOF stock and options ownership. BCOF's executive officers and members of its board of directors own in the aggregate approximately 18.6% of the outstanding shares of BCOF common stock. In addition, BCOF's executive officers and members of BCOF's board of directors hold options under BCOF's stock option plan for an aggregate of 74,000 shares of BCOF common stock with a weighted average exercise price of \$14.34 per share. All options under the stock option plan will become exercisable immediately prior to the merger.

Employee Benefits

Synovus has agreed in the merger agreement that, following the effective date of the merger, Synovus will provide generally to employees of BCOF employee benefits, including without limitation pension benefits, health and welfare benefits, life insurance and vacation and severance arrangements, that are substantially similar, in the aggregate, to those currently provided by BCOF. As soon as administratively practicable following the effective date of the merger, Synovus has agreed to provide generally to employees of BCOF employee benefits which are substantially similar, in the aggregate, to those provided by Synovus and its subsidiaries to their similarly situated employees.

Material United States Federal Income Tax Consequences of the Merger

The following is a summary description of the material anticipated federal income tax consequences of the merger generally applicable to the shareholders of BCOF. This summary is not intended to be a complete description of all of the federal income tax consequences of the merger. No information is provided with respect to the tax consequences of the merger under any other tax laws, including applicable state, local and foreign tax laws, other than certain state tax laws. In addition, the following discussion may not be applicable with respect to specific categories of shareholders, including but not limited to persons who are corporations, trusts, dealers in securities, financial institutions, insurance companies or tax exempt organizations; persons who are not United States citizens or resident aliens or domestic entities (partnerships or trusts); persons who are subject to alternative minimum tax (to the extent that tax affects the tax consequences of the merger) or are subject to the golden parachute provisions of the Internal Revenue Code (to the extent that tax affects the tax consequences of the merger); persons whose shares of BCOF stock are treated as section 306 stock under Section 306 of the Internal Revenue Code; persons who acquired shares of BCOF stock by exercising employee stock options or otherwise as compensation; persons who do not hold their shares as capital assets; or persons who hold their shares as part of a straddle or conversion transaction. No ruling has been or will be requested from the IRS with respect to the tax effects of the merger. The federal income tax laws are complex, and a shareholder's individual circumstances may affect the tax consequences to the shareholder.

Synovus and BCOF have received an opinion from Powell Goldstein LLP, which it will confirm as of the effective date of the merger, to the effect that:

The merger will qualify as a reorganization under Section 368 of the Internal Revenue Code.

No gain or loss will be recognized by BCOF shareholders as a result of the exchange of their BCOF common stock in the merger except for those BCOF shareholders exercising their right to dissent and to the extent that a BCOF shareholder receives cash in exchange for any fractional share that such BCOF shareholder would otherwise be entitled to receive.

The basis of the Synovus common stock (including any fractional shares that will be redeemed for cash) received by a BCOF shareholder in the merger in exchange for his BCOF common stock will equal the basis of such BCOF common stock and the holding period of such Synovus common stock will include the period that such BCOF shareholder has held such BCOF common stock.

Neither Synovus nor BCOF will recognize any income, gain, or loss as a result of the merger.

The tax opinion was issued on January 17, 2006 and is based upon customary assumptions and factual representations by the management of Synovus and BCOF.

BCOF shareholders are urged to consult their own tax advisors as to the specific tax consequences to them, based upon their individual facts, of the merger under federal, state, local and other applicable income tax laws.

Accounting Treatment

The merger will be accounted for by Synovus as a purchase transaction in accordance with generally accepted accounting principles in the United States of America. One effect of such accounting treatment is that the earnings of BCOF will be combined with the earnings of Synovus only from and after the effective date of the merger.

Expenses

The merger agreement provides that Synovus and BCOF will each pay its own expenses in connection with the merger and related transactions, including, but not limited to, the fees and expenses of its own investment bankers, legal counsel and accountants.

New York Stock Exchange Listing

Synovus common stock is listed on the NYSE. The shares of Synovus common stock to be issued to the shareholders of BCOF in the merger will be listed on the NYSE.

Resales of Synovus Common Stock

The shares of Synovus common stock issued pursuant to the merger agreement will be freely transferable under the Securities Act of 1933, except for shares issued to any shareholder who may be deemed to be an affiliate of BCOF for purposes of Rule 145 under the Securities Act as of the date of the BCOF special meeting. Affiliates may not sell their shares of Synovus common stock acquired in connection with the merger except pursuant to an effective registration statement under the Securities Act covering the resale of the shares or in compliance with Rule 145 promulgated under the Securities Act or another applicable exemption from the registration requirements of the Securities Act. Rule 145 imposes restrictions on the manner in which an affiliate may resell and the quantity of any resale of any of the shares of Synovus common stock received by the affiliate in the merger. Persons who may be deemed to be affiliates of BCOF generally include individuals or entities that control, are controlled by or are under common control with BCOF and may include executive officers and directors of BCOF as well as principal shareholders of BCOF.

BCOF has agreed in the merger agreement to use its best efforts to cause each director, executive officer and other person who is an affiliate of BCOF to enter into an agreement with Synovus providing that he or she will not sell, pledge, transfer or otherwise dispose of shares of BCOF common stock or Synovus common stock to be received in the merger except in compliance with Rule 145 or in a transaction exempt under the Securities Act. This prospectus does not cover resales of Synovus common stock following consummation of the merger, and no person may make use of this prospectus in connection with any such resale.

DESCRIPTION OF STOCK AND EFFECT OF MERGER ON RIGHTS OF BCOF SHAREHOLDERS

If the merger is completed, all holders of BCOF common stock and options will become holders of shares of Synovus common stock or holders of options for shares of Synovus common stock. The rights of a holder of Synovus common stock are similar in some respects and different in other respects from the rights of a holder of BCOF common stock. The rights of BCOF shareholders are currently governed by the Florida Business Corporation Act and the Articles of Incorporation and bylaws of BCOF. The rights of Synovus shareholders are currently governed by the Georgia Business Corporation Code and the Articles of Incorporation and bylaws of Synovus. The following discussion summarizes the material differences between the current rights of BCOF shareholders and the rights they will have as Synovus shareholders following the merger.

The following comparison of shareholders' rights is necessarily a summary, is not intended to be complete or to identify all differences that may, under given situations, be material to shareholders and is subject, in all respects, and is qualified by reference to the Georgia Business Corporation Code, Florida Business Corporation Act, BCOF's Articles of Incorporation and bylaws and Synovus' Articles of Incorporation and bylaws.

Synovus Common Stock	
Synovus is incorporated under the Georgia Business Corporation Code. Synovus is authorized to issue 600,000,000 shares of Synovus common stock, of which 313,120,081 shares were outstanding on January 13, 2006. Synovus has no preferred stock authorized. Synovus board of directors may at any time, without additional approval of the holders of Synovus common stock, issue authorized but unissued shares of Synovus common stock.	
As described below, Synovus Articles of Incorporation and bylaws presently contain several provisions that may make Synovus a less attractive target for an acquisition of control by an outsider who lacks the support of Synovus board of directors.	
<i>Voting Rights; Anti-Takeover Effects; The Voting Amendment</i>	
Under an amendment to Synovus Articles of Incorporation and bylaws which became effective on April 24, 1986, referred to in this document as the voting amendment, shareholders of Synovus common stock are entitled to ten votes on each matter submitted to a vote at a meeting of shareholders for each share of Synovus common stock which:	
has had the same beneficial owner since April 24, 1986;	
was acquired by reason of participation in a dividend reinvestment plan offered by Synovus and is held by the same beneficial owner for whom it was acquired under such plan;	
is held by the same beneficial owner to whom it was issued as a result of an acquisition of a company or business by Synovus where the resolutions adopted by Synovus board of directors approving such issuance	

specifically reference and grant such rights, including shares of Synovus common stock to be issued to the former shareholders of BCOF upon consummation of the merger;

was acquired under any employee, officer and/or director benefit plan maintained for one or more employees, officers and/or directors of Synovus and/or its subsidiaries, and is held by the same beneficial owner for whom it was acquired under such plan;

is held by the same beneficial owner to whom it was issued by Synovus, or to whom it was transferred by Synovus from treasury shares, and the resolutions adopted by Synovus board of directors approving such issuance and/or transfer specifically reference and grant such rights;

has been beneficially owned continuously by the same shareholder for a period of forty-eight (48) consecutive months before the record date of any meeting of shareholders at which the share is eligible to be voted;

was acquired as a direct result of a stock split, stock dividend or other type of share distribution if the share as to which it was distributed has had the same beneficial owner for a period of forty-eight (48) consecutive months before the record date of any meeting of shareholders at which the share is eligible to be voted; or

is owned by a holder who, in addition to shares which are beneficially owned under any of the other requirements set forth above, is the beneficial owner of less than 1,139,063 shares of Synovus common stock, which amount has been appropriately adjusted to reflect the stock splits which have occurred subsequent to April 24, 1986 and with such amount to be appropriately adjusted to properly reflect any other change in Synovus common stock by means of a stock split, a stock dividend, a recapitalization or other similar action occurring after April 24, 1986.

Holders of shares of Synovus common stock not described above are entitled to one vote per share for each such share. A shareholder may own both ten-vote shares and one-vote shares, in which case he or she will be entitled to ten votes for each ten-vote share and one vote for each one-vote share.

In connection with various meetings of Synovus shareholders, shareholders are required to submit to Synovus board of directors satisfactory proof necessary for it to determine whether such shareholders shares of Synovus common stock are ten-vote shares. If such information is not provided to Synovus board of directors, shareholders who would, if they had provided such information, be entitled to ten votes per share, are entitled to only one vote per share.

As Synovus common stock is registered with the SEC and is listed on the NYSE, Synovus common stock is subject to the provisions of a NYSE rule, which, in general, prohibits a company's common stock and equity securities from being authorized or remaining authorized for listing on the NYSE if the company issues securities or takes other corporate action that would have the effect of nullifying, restricting or disparately reducing the voting rights of existing shareholders of the company. However, such rule contains a grandfather provision, under which Synovus voting amendment qualifies, which, in general, permits grandfathered disparate voting rights plans to continue to operate as adopted. Synovus management believes that all current shareholders of Synovus common stock are entitled to ten votes per share, and as such, the further issuance of any ten-vote shares would not disenfranchise any existing shareholders. In the event it is determined in the future that Synovus cannot continue to issue ten-vote shares in mergers and acquisitions, Synovus will consider repealing the voting amendment and restoring the principle of one share/one vote.

If the merger is approved, present shareholders of BCOF common stock, as future shareholders of Synovus common stock, will, under the voting amendment described above, be entitled to ten votes per share for each share of Synovus common stock received by them on the effective date of the merger. Each shareholder of BCOF may also acquire by purchase, stock dividend or otherwise, up to 1,139,063 additional shares of Synovus common stock which will also be entitled to ten votes per share. However, if a BCOF shareholder acquires by purchase, stock dividend or otherwise, more than 1,139,063 additional shares of Synovus common stock, he or she will be entitled to only receive one vote per share for each of the shares in excess of 1,139,063 shares until they have been held for four years.

Except with respect to voting, ten-vote shares and one-vote shares are identical in all respects and constitute a single class of stock, *i.e.*, Synovus common stock. Neither the ten-vote shares nor the one-vote shares have a

preference over the other with regard to dividends or upon liquidation. Synovus common stock does not carry any pre-emptive rights enabling a holder to subscribe for or receive shares of Synovus common stock.

Table of Contents

Staggered Board of Directors; Supermajority Approvals

Under Synovus' Articles of Incorporation and bylaws, Synovus' board of directors is divided into three classes of directors serving staggered three year terms, with the terms of each class of directors to expire each succeeding year. Also under Synovus' Articles of Incorporation and bylaws, the vote or action of shareholders possessing 66-2/3% of the votes entitled to be cast by the holders of all the issued and outstanding shares of Synovus common stock is required to:

call a special meeting of Synovus shareholders;

fix, from time to time, the number of members of Synovus' board of directors;

remove a member of Synovus' board of directors;

approve any merger or consolidation of Synovus with or into any other corporation, or the sale, lease, exchange or other disposition of all, or substantially all, of Synovus' assets to or with any other corporation, person or entity, with respect to which the approval of Synovus' shareholders is required by the provisions of the corporate laws of the State of Georgia; and

alter, delete or rescind any provision of Synovus' Articles of Incorporation.

This allows directors to be removed only for cause by 66-2/3% of the votes entitled to be cast at a shareholders meeting called for that purpose. Vacancies or new directorships can only be filled by a majority vote of the directors then in office. Synovus' staggered board of directors, especially when combined with the voting amendment, makes it more difficult for its shareholders to force an immediate change in the composition of the majority of the board. A potential acquiror with shares recently acquired, and not entitled to 10 votes per share under the voting amendment, may be discouraged or prevented from soliciting proxies for the purpose of electing directors other than those nominated by current management for the purpose of changing the policies or control of Synovus.

Evaluation of Business Combinations

Synovus' Articles of Incorporation also provide that in evaluating any business combination or other action, Synovus' board of directors may consider, in addition to the amount of consideration involved and the effects on Synovus and its shareholders, the interests of the employees, customers, suppliers and creditors of Synovus and its subsidiaries, the communities in which offices of the corporation or its subsidiaries are located, and any other factors the board of directors deems pertinent.

BCOF Common Stock

The Articles of Incorporation of BCOF authorize the issuance of 10,000,000 shares of common stock. At January 17, 2006, there were 1,660,590 shares of common stock issued and outstanding. The remaining authorized shares of BCOF common stock may be issued from time to time in such amounts as the board of directors determines. Each holder of BCOF common stock has one vote per share upon all matters voted upon by shareholders. Voting rights are noncumulative so that shareholders holding a majority of the outstanding shares of BCOF common stock are able to elect all members of the board of directors. All shares of BCOF common stock, when issued and fully paid, are non-assessable and are not subject to redemption and have no preemptive rights. Upon the liquidation, dissolution or winding up of BCOF, whether voluntary or involuntary, holders of BCOF common stock are entitled to share ratably, after satisfaction in full of all liabilities, in all remaining assets of BCOF available for distribution. All shares of BCOF common stock are entitled to share equally in such dividends as the board of directors may declare on the BCOF common stock from sources legally available therefor. BCOF is a holding company and conducts almost all of its operations through its bank subsidiary. Accordingly, BCOF depends on the cash flow of its subsidiary bank to meet its obligations. BCOF's subsidiary bank is limited in the amount of dividends it can pay to BCOF without prior regulatory approval. Also, bank regulators have the authority to prohibit BCOF's subsidiary bank from paying dividends if they think the payment would be an unsafe and unsound banking practice.

Table of Contents

Required Shareholder Vote

Under BCOF's Articles of Incorporation and bylaws, BCOF's board of directors is elected by the affirmative vote of a majority of shares represented at each annual meeting. There are no provisions requiring supermajority approval for any shareholder vote or action under BCOF's Articles of Incorporation or bylaws. Therefore, provisions of Florida law relating to shareholder approval of merger and share exchange prescribe the shareholder vote required to approve the merger. Florida law requires that BCOF shareholders approve the merger agreement adopted by the board of directors. The merger agreement must be approved by a majority of all the votes entitled to be cast on the merger agreement by all shares entitled to vote on the plan. All shares of BCOF are entitled to vote on the merger agreement.

The preceding descriptive information concerning Synovus common stock and BCOF common stock outlines certain provisions of Synovus' Articles of Incorporation and bylaws, BCOF's Articles of Incorporation and bylaws and certain statutes regulating the rights of holders of Synovus and BCOF common stock. The information is not a complete description of those documents and statutes and is subject in all respects to provisions of the Articles of Incorporation and bylaws of Synovus, the Articles of Incorporation and bylaws of BCOF, the laws of the State of Georgia and the laws of the State of Florida.

APPRAISAL RIGHTS

Pursuant to the Florida Business Corporation Act, which in this document we refer to as the FBCA, any shareholder of record of BCOF common stock who objects to the merger, and who fully complies with all the provisions of Sections 607.1301 through 607.1333 of the FBCA, will be entitled to demand and receive payment in cash of an amount equal to the fair value of his or her shares of BCOF common stock if the merger is consummated.

Any BCOF shareholder desiring to receive payment of the fair value of his or her BCOF common stock in accordance with the requirements of Sections 607.1301 through 607.1333 of the FBCA:

must deliver to BCOF prior to the special meeting at which the vote will be taken on the merger, or at the special meeting, but before the vote is taken, written notice of intent to demand payment for his or her BCOF shares if the merger is consummated; and

must not vote in favor of the merger.

A vote against the merger or abstention from voting by itself will not satisfy the notice requirements.

A shareholder must demand appraisal with respect to all of the shares registered in his or her name, except that a record shareholder may assert appraisal rights as to fewer than all of the shares registered in the record shareholder's name but that are owned by one or more beneficial owners, if the record shareholder objects with respect to all shares owned by the beneficial shareholder. A record shareholder must notify BCOF in writing of the name and address of each beneficial shareholder on whose behalf appraisal rights are being asserted. A beneficial shareholder may assert appraisal rights as to any shares held on behalf of the shareholder only if the shareholder submits to BCOF the record shareholder's written consent to the assertion of such rights before the date specified in the appraisal notice as the due date to execute and return the form, and does so with respect to all shares that are beneficially owned by the beneficial shareholder.

Within 10 days after the effective date of the merger, Synovus, as successor to BCOF in the merger, will provide each former shareholder of BCOF who has voted against the merger and properly provided a notice of intent to demand payment of fair value a written appraisal notice and form, which will indicate Synovus' estimate of the fair value of BCOF common stock, contain an offer by Synovus to pay the shareholder this estimate of fair value, and be accompanied by a copy of BCOF's financial statements and a copy of Sections 607.1301 through 607.1333 of the FBCA. The appraisal notice will provide that a shareholder may obtain information on the number of shareholders who return the appraisal form and the number of shares owned by those shareholders. It will also indicate the date by which Synovus must be notified if a shareholder wishes to withdraw from the appraisal process.

Table of Contents

A shareholder asserting appraisal rights must execute and return to Synovus, as successor to BCOF, and deposit the shareholder's certificates in accordance with the terms of the notice, before the date specified in the appraisal notice, which will not be fewer than 40 or more than 60 days after the appraisal notice and form were sent to the shareholder. A shareholder who timely returns the form and deposits shares in accordance with the appraisal notice has no further rights as a shareholder, but only has the right to receive fair value for the shares in accordance with the appraisal procedures, unless the appraisal demand is withdrawn.

A shareholder who does not execute and return the form and deposit his or her certificates by the date set forth in the appraisal notice will no longer be entitled to appraisal rights, will be bound by the terms of the merger agreement and will receive the merger consideration consisting of Synovus stock. A shareholder who complies with the terms of the notice but wishes to withdraw from the appraisal process may do so by notifying Synovus in writing no more than 20 days after the date set forth in the appraisal notice as the due date to execute and return the form. A shareholder who fails to withdraw from the appraisal process in a timely manner may not thereafter withdraw without Synovus written consent.

If a shareholder timely accepts the offer to pay the fair value of the shares as set forth in the appraisal notice, payment will be made within 90 days after Synovus receives the form from the shareholder. A shareholder who is dissatisfied with the offer must include in his or her returned form, a demand for payment of that shareholder's estimate of the fair value of the shares plus interest; otherwise the shareholder will be entitled to payment of only the amount offered. Interest is to be calculated at the interest rate on judgments in Florida in effect at the merger's effective time. Once Synovus has made payment of an agreed value as described above, the shareholder will cease to have any further appraisal rights in the shares.

If Synovus and the shareholder asserting appraisal rights are unable to agree on the fair value of the shares, under Section 1330 of the FBCA, Synovus will be required to file within 60 days after receipt of the shareholder's demand, an appraisal action in the appropriate court in Collier County. The court would be required to determine the fair value for the shares of BCOF common stock. If Synovus fails to file such proceeding within 60 days, any shareholder asserting appraisal rights may do so in the name of Synovus. All shareholders asserting appraisal rights, except for those that have agreed upon a value with Synovus, are deemed to be parties to the proceeding. In such a proceeding, the court may, if it so elects, appoint one or more persons as appraisers to receive evidence and recommend a decision on the question of fair value. Synovus would be required to pay each shareholder asserting appraisal rights the amount found to be due within 10 days after final determination of the proceedings. At the court's discretion, the judgment may include interest at a rate determined by the court. Upon payment of this judgment, the shareholder would cease to have any further appraisal rights with respect to his or her BCOF shares.

The court in any appraisal proceeding will determine the costs and expenses (including attorneys' and experts' fees) of any appraisal proceeding and such costs and expenses will be assessed against Synovus. However, all or any part of such costs and expenses (including attorneys' and experts' fees) may be apportioned and assessed against all or some of the shareholders that request an appraisal, in such amount as the court deems equitable, if the court determines that the shareholders acted arbitrarily or not in good faith with respect to the shareholders' appraisal rights. If the court finds that counsel for one shareholder substantially benefited other shareholders, and attorneys' fees should not be assessed against the corporation, the court may award counsel fees to be paid out of the amounts awarded to benefited shareholders.

You must do all of the things described in this section and as set forth in Sections 607.1301 through 607.1333 of the FBCA in order to preserve your appraisal rights and to receive the fair value of your shares in cash (as determined in accordance with those provisions). If you do not follow each of the steps as described above, you will have no right to receive cash for your shares as provided for appraisal rights by the FBCA. In view of the complexity of these provisions of Florida law, shareholders of BCOF who are considering exercising their appraisal rights should consult their legal advisors.

The foregoing does not purport to be a complete statement of the provisions of Florida law relating to statutory appraisal rights and is qualified in its entirety by reference to these provisions, the relevant portions of which are reproduced in full in Appendix B to this document.

DESCRIPTION OF BCOF

Business

BCOF is a one-bank holding company and is the parent company of its wholly owned subsidiary, First Florida Bank. The holding company was established on June 13, 1997 under authority of the Bank Holding Company Act through approval by the Federal Reserve Board.

First Florida Bank is a state-chartered commercial bank organized and founded in 1999 and is a member of the FDIC. The bank operates three full-service and one limited-service banking offices, serving Collier, Lee and Orange Counties in the Naples, Ft. Myers and Orlando areas of Florida, respectively. First Florida Bank provides a comprehensive range of financial services to individuals, corporations, professional associations, non-profit organizations and local governments throughout its market areas.

The business of First Florida Bank consists of attracting deposits from the general public in the areas served by its banking offices and using those deposits, together with funds derived from other sources, to fund a variety of consumer, commercial and residential real estate loans in Collier, Lee and Orange counties and the contiguous counties. The revenues of First Florida Bank are derived primarily from interest on, and fees received in connection with, its lending activities and, to a lesser degree, from interest and dividends from investment securities and short-term investments. The principal expenses of First Florida Bank are the interest paid on deposits and general and administrative operating expenses.

As a general commercial bank, First Florida Bank offers a broad range of commercial consumer and residential real estate loans, and provides a variety of corporate and personal banking services to individuals, businesses and other institutions located in its market area. In order to attract funds for loans, First Florida Bank's deposit services include certificates of deposit, individual retirement accounts and other time deposits, checking and other demand deposit accounts, interest paying checking accounts, savings accounts and money market accounts. The transaction accounts and time certificates are tailored to the principal market areas at rates competitive to those in the area. All deposit accounts are insured by the FDIC up to the maximum limits permitted by law. First Florida Bank also offers automated teller machines and ATM cards, allowing access to local, state, national, and international networks, safe deposit boxes, wire transfers, direct deposit, and internet banking with bill-paying services.

First Florida Bank is subject to examination and comprehensive regulation by the Florida Department of Financial Institutions. In addition, the Federal Reserve Board conducts periodic examinations of First Florida Bank. As is the case with banking institutions generally, First Florida Bank's operations are materially and significantly influenced by general economic conditions and by related monetary and fiscal policies of financial institution regulatory agencies, including the FDIC and the Federal Reserve Board. Deposit flows and cost of funds are influenced by interest rates on competing investments and general market rates of interest. Lending activities are affected by the demand for financing of real estate and other types of loans, which in turn are affected by the interest rates at which such financing may be offered and other factors affecting local demand and availability of funds.

Market Area

First Florida Bank's operations are headquartered in Naples, Florida, but its market area consists of Collier, Lee and Orange counties and the contiguous counties. Management of First Florida Bank believes that its principal markets have been the expanding residential market within its primary market area, and the established commercial, small business, and professional markets in its market area. Businesses and individuals are solicited through the personal efforts of the bank's directors and lending officers.

Lending Activities

The primary source of income generated by First Florida Bank is the interest and fees earned from its loan portfolio and, to a lesser degree, its investment portfolios. To develop business, First Florida Bank relies to a great extent on the personalized approach of its lending officers who have extensive business and personal contacts in the communities it serves. First Florida Bank has attempted to maintain diversification when considering investments and the approval of

loan requests. Emphasis has been placed on the borrower's ability to generate cash flow sufficient to support its debt obligations and other cash related expenses.

Lending activities include commercial and consumer loans and loans for residential purposes. Consumer loans include collateralized loans for the purchase of automobiles, boats, home improvement, and personal investments. First Florida Bank offers personal and corporate credit cards issued by a correspondent bank, which assumes all liabilities relating to underwriting of the credit applicant. First Florida Bank also originates a variety of residential real estate loans, including the origination of conventional mortgages collateralized by first mortgage loans to enable borrowers to construct, purchase, refinance, or to improve homes or real property. In addition, such loans include those made to individual borrowers collateralized by first mortgage interests on unimproved parcels of real estate zoned for residential homes on which such borrowers intend to erect their personal residences. First Florida Bank also makes land acquisition and development loans and construction loans to developers of residential properties for construction of residential subdivisions and multi-family residential projects.

At September 30, 2005, First Florida Bank's loan portfolio, net of reserves, was more than \$312 million, representing 90% of total assets. As of such date, First Florida Bank's loan portfolio consisted of 3.5% residential mortgage loans, 11.5% commercial non-real-estate loans, 40.7% commercial real estate secured loans, 26.2% residential construction loans, 15.9% commercial construction and land development loans, and 2.2% installment or consumer loans.

Competition

First Florida Bank encounters strong competition both in attracting deposits and in the origination of loans. The deregulation of the banking industry and the widespread enactment of state laws which permit multi-bank holding companies as well as the availability of nationwide interstate banking have created a highly competitive environment for financial service providers in First Florida Bank's market areas. In one or more aspects of its business, First Florida Bank has competed with other commercial banks, savings and loan associations, credit unions, finance companies, mutual funds, insurance companies, brokerage and investment banking companies and other financial intermediaries operating in its market area and elsewhere. Most of these competitors, some of which are affiliated with large bank holding companies, have substantially greater resources and lending limits, and may offer certain services that First Florida Bank does not provide. In addition, many of First Florida Bank's non-bank competitors are not subject to the same extensive federal regulations that govern bank holding companies and federally chartered and insured banks.

Competition among financial institutions is based upon interest rates offered on deposit accounts, interest rates charged on loans and other credit and service charges, the quality of the services rendered, the convenience of banking facilities, and, in the case of loans to commercial borrowers, relative lending limits.

Employees

As of September 30, 2005, First Florida Bank employed 57 full-time equivalent employees. None of these employees is covered by a collective bargaining agreement and management believes that its employee relations are good.

Legal Proceedings

First Florida Bank is periodically a party to or otherwise involved in legal proceedings arising in the normal course of business, such as claims to enforce liens or foreclose on loan defaults, claims involving the making and servicing of real property loans, and other issues incident to its business. Management is not aware of any proceeding threatened or pending against First Florida Bank which, if determined adversely, would have a material adverse effect on its business or financial position.

Related Party Transactions

First Florida Bank has had various loan and other banking transactions in the ordinary course of business with the directors, executive officers, and principal shareholders of First Florida Bank, or an associate of such person. All such transactions: (a) have been made in the ordinary course of business; (b) have been made on substantially the same terms, including interest rates and collateral on loans, as those prevailing at the time for comparable transactions with unrelated persons; and (c) in the opinion of management do not involve more than the normal risk of collectibility or present other unfavorable features. At September 30, 2005, the total dollar amount of extensions of credit to directors, executive officers and First Florida Bank principal shareholders identified below, and any of their associates, excluding extensions of credit which were less than \$60,000 to any one such person and their associates, were \$991,121 which represented approximately 2.71% of total capital.

REGULATORY MATTERS

General

Synovus is a registered bank holding company subject to supervision and regulation by the Board of Governors of the Federal Reserve System under the Bank Holding Company Act of 1956 and by the Georgia Department of Banking and Finance under the bank holding company laws of the State of Georgia. Synovus became a financial holding company under the Gramm-Leach-Bliley Act of 1999 in April 2000. Financial holding companies may engage in a variety of activities, some of which are not permitted for other bank holding companies that are not financial holding companies. Synovus affiliate national banking associations are subject to regulation and examination primarily by the Office of the Comptroller of the Currency, which we refer to as the OCC, and, secondarily, by the FDIC and the Federal Reserve Board. Synovus state-chartered banks are subject to primary federal regulation and examination by the FDIC and, in addition, are regulated and examined by their respective state banking departments. Numerous other federal and state laws, as well as regulations promulgated by the Federal Reserve Board, the state banking regulators, the OCC and the FDIC govern almost all aspects of the operations of the banks. Various federal and state bodies regulate and supervise Synovus non-banking subsidiaries including its brokerage, investment advisory, insurance agency and processing operations. These include, but are not limited to, the SEC, the National Association of Securities Dealers, Inc., federal and state banking regulators and various state regulators of insurance and brokerage activities.

Dividends

Under the laws of the State of Georgia, Synovus, as a business corporation, may declare and pay dividends in cash or property unless the payment or declaration would be contrary to restrictions contained in its Articles of Incorporation, and unless, after payment of the dividend, it would not be able to pay its debts when they become due in the usual course of its business or its total assets would be less than the sum of its total liabilities. Synovus is also subject to regulatory capital restrictions that limit the amount of cash dividends that it may pay. Additionally, Synovus is subject to contractual restrictions that limit the amount of cash dividends it may pay. Under the laws of the State of Florida, BCOF is subject to similar dividend restrictions.

Table of Contents

The primary sources of funds for Synovus' payment of dividends to its shareholders are dividends and fees to Synovus from its banking and nonbanking affiliates. Similarly, the primary source of funds for BCOF's payment of dividends to its shareholders are dividends to BCOF from its banking affiliate, First Florida Bank. Various federal and state statutory provisions and regulations limit the amount of dividends that the subsidiary banks of Synovus and BCOF may pay. Under the regulations of the Georgia Department of Banking and Finance, a Georgia bank must have approval of the Georgia Department of Banking and Finance to pay cash dividends if, at the time of such payment:

the ratio of Tier 1 capital to adjusted total assets is less than 6%;

the aggregate amount of dividends to be declared or anticipated to be declared during the current calendar year exceeds 50% of its net after-tax profits for the previous calendar year; or

its total classified assets in its most recent regulatory examination exceeded 80% of its Tier 1 capital plus its allowance for loan losses, as reflected in the examination.

In general, the approval of the Alabama Banking Department, Florida Department of Financial Institutions and Tennessee Department of Financial Institutions is required if the total of all dividends declared by an Alabama, Florida or Tennessee bank, as the case may be, in any year would exceed the total of its net profits for that year combined with its retained net profits for the preceding two years less any required transfers to surplus. In addition, the approval of the OCC is required for a national bank to pay dividends in excess of the bank's retained net income for the current year plus retained net income for the preceding two years. Approval of the Federal Reserve Board is required for payment of any dividend by a state chartered bank that is a member of the Federal Reserve System and sometimes referred to as a state member bank, if the total of all dividends declared by the bank in any calendar year would exceed the total of its net profits, as defined by regulatory agencies, for that year combined with its retained net profits for the preceding two years. In addition, a state member bank may not pay a dividend in an amount greater than its net profits then on hand.

Some of Synovus' banking affiliates have in the past been required to secure prior regulatory approval for the payment of dividends to Synovus in excess of regulatory limits and may be required to seek approval for the payment of dividends to Synovus in excess of those limits in the future. If prior regulatory approvals are sought, there is no assurance that any such regulatory approvals will be granted.

Federal and state banking regulations applicable to Synovus and its banking subsidiaries require minimum levels of capital which limit the amounts available for payment of dividends. Synovus' objective is to pay cash dividends on its common stock in an amount that results in a dividend payout ratio of at least 40%. Synovus and its predecessors have paid cash dividends on their common stock in every year since 1891. Under restrictions imposed under federal and state laws, Synovus' subsidiary banks could declare aggregate dividends to Synovus of approximately \$295 million during 2005 without obtaining regulatory approval.

Capital Requirements

Synovus and BCOF are required to comply with the capital adequacy standards established by the Federal Reserve Board and their banking subsidiaries must comply with similar capital adequacy standards established by the OCC and FDIC, as applicable. As a financial holding company, each of Synovus' subsidiaries is required to maintain capital levels required for a well-capitalized institution. See the section entitled "Prompt Corrective Action" below.

There are two basic measures of capital adequacy for bank holding companies and their banking subsidiaries that have been promulgated by the Federal Reserve Board, the FDIC and the OCC: a risk-based measure and a leverage measure. All applicable capital standards must be satisfied for a bank holding company or a bank to be considered in compliance.

The bank regulatory agencies use a risk-adjusted calculation to aid them in their determination of capital adequacy by weighting assets based on the credit risk associated with on- and off-balance sheet assets. The majority of Synovus risk-weighted assets are on-balance sheet assets in the form of loans. Capital is categorized into two types: Tier 1 and Tier 2.

Table of Contents

In addition to the risk-based capital standards, a minimum leverage ratio (also referred to as the Tier 1 leverage ratio) of 4% is required for the highest-rated financial holding companies that are not undertaking significant expansion programs. An additional 1% to 2% may be required for other companies, depending upon their regulatory ratings and expansion plans. The leverage ratio is defined as Tier 1 capital divided by quarterly average assets, net of certain intangibles.

At September 30, 2005, Synovus' Total risk-based capital ratio was 14.23%, its Tier 1 capital ratio was 10.18% and its Tier 1 leverage ratio was 9.99%. Assuming the merger had been consummated on September 30, 2005 and excluding any other pending transactions of Synovus, the Total risk-based capital ratio of Synovus would have been 14.19%, its Tier 1 capital ratio would have been 10.19% and its Tier 1 leverage ratio would have been 10.00%. Each of these ratios exceeds the current requirements under the Federal Reserve Board's capital guidelines.

At September 30, 2005, BCOF's Total risk-based capital ratio was 11.48%, its Tier 1 capital ratio was 10.28% and its Tier 1 leverage ratio was 10.58%. Each of these ratios exceeds the current requirements under the Federal Reserve Board's capital guidelines.

Each of Synovus' and BCOF's banking subsidiaries is subject to similar risk-based and leverage capital requirements adopted by its applicable federal banking agency, and each was in compliance with the applicable minimum capital requirements as of September 30, 2005.

Failure to meet capital guidelines could subject a bank to a variety of enforcement remedies, including issuance of a capital directive, the termination of deposit insurance by the FDIC, a prohibition on the taking of brokered deposits and other restrictions on its business. As described below, substantial additional restrictions can be imposed upon FDIC-insured depository institutions that fail to meet applicable capital requirements. See Prompt Corrective Action below.

Commitments to Subsidiary Banks

Under the Federal Reserve Board's policy, Synovus is expected to act as a source of financial strength to its subsidiary banks and to commit resources to support its subsidiary banks in circumstances when it might not do so absent that policy. In addition, any capital loans by Synovus to any of its subsidiary banks would also be subordinate in right of payment to depositors and to certain other indebtedness of that bank.

In the event of Synovus' bankruptcy, any commitment by Synovus to a federal bank regulatory agency to maintain the capital of a banking subsidiary will be assumed by the bankruptcy trustee and entitled to a priority of payment. In addition, the Federal Deposit Insurance Act provides that any financial institution whose deposits are insured by the FDIC generally will be liable for any loss incurred by the FDIC in connection with the default of, or any assistance provided by the FDIC to, a commonly controlled financial institution. All of Synovus' bank subsidiaries are FDIC-insured institutions.

Prompt Corrective Action

The Federal Deposit Insurance Corporation Improvement Act of 1991 establishes a system of prompt corrective action to resolve the problems of undercapitalized institutions. Under this system the federal banking regulators are required to rate supervised institutions on the basis of five capital categories as described below. The federal banking regulators are also required to take mandatory supervisory actions, and are authorized to take other discretionary actions, with respect to institutions in the three undercapitalized categories, the severity of which will depend upon the capital category in which the institution is placed. Generally, subject to a narrow exception, the Federal Deposit Insurance Corporation Improvement Act requires the banking regulator to appoint a receiver or conservator for an institution that is critically undercapitalized. The federal banking agencies have specified by regulation the relevant capital level for each category.

Under the Federal Deposit Insurance Corporation Improvement Act, the Federal Reserve Board, the FDIC, the OCC and the Office of Thrift Supervision have adopted regulations setting forth a five-tier scheme for measuring the capital adequacy of the financial institutions they supervise. Under the regulations, an institution would be placed in one of the following capital categories:

Table of Contents

Well Capitalized an institution that has a Total risk-based capital ratio of at least 10%, a Tier 1 capital ratio of at least 6% and a Tier 1 leverage ratio of at least 5%;

Adequately Capitalized an institution that has a Total risk-based capital ratio of at least 8%, a Tier 1 capital ratio of at least 4% and a Tier 1 leverage ratio of at least 4%;

Undercapitalized an institution that has a Total risk-based capital ratio of under 8%, a Tier 1 capital ratio of under 4% or a Tier 1 leverage ratio of under 4%;

Significantly Undercapitalized an institution that has a Total risk-based capital ratio of under 6%, a Tier 1 capital ratio of under 3% or a Tier 1 leverage ratio of under 3%; and

Critically Undercapitalized an institution whose tangible equity is not greater than 2% of total tangible assets.

The regulations permit the appropriate federal banking regulator to downgrade an institution to the next lower category if the regulator determines (1) after notice and opportunity for hearing or response, that the institution is in an unsafe or unsound condition or (2) that the institution has received and not corrected a less-than-satisfactory rating for any of the categories of asset quality, management, earnings or liquidity in its most recent examination. Supervisory actions by the appropriate federal banking regulator depend upon an institution's classification within the five categories. Synovus management believes that Synovus and its bank subsidiaries have the requisite capital levels to qualify as well capitalized institutions under the Federal Deposit Insurance Corporation Improvement Act regulations.

The Federal Deposit Insurance Corporation Improvement Act generally prohibits a depository institution from making any capital distribution, including payment of a dividend, or paying any management fee to its holding company if the depository institution would thereafter be undercapitalized. Undercapitalized depository institutions are subject to restrictions on borrowing from the Federal Reserve System. In addition, undercapitalized depository institutions are subject to growth limitations and are required to submit capital restoration plans. A depository institution's holding company must guarantee the capital plan, up to an amount equal to the lesser of 5% of the depository institution's assets at the time it becomes undercapitalized or the amount of the capital deficiency when the institution fails to comply with the plan. Federal banking agencies may not accept a capital plan without determining, among other things, that the plan is based on realistic assumptions and is likely to succeed in restoring the depository institution's capital. If a depository institution fails to submit an acceptable plan, it is treated as if it is significantly undercapitalized.

Significantly undercapitalized depository institutions may be subject to a number of requirements and restrictions, including orders to sell sufficient voting stock to become adequately capitalized, requirements to reduce total assets and cessation of receipt of deposits from correspondent banks. Critically undercapitalized depository institutions are subject to appointment of a receiver or conservator.

Safety and Soundness Standards

The Federal Deposit Insurance Act, as amended by the Federal Deposit Insurance Corporation Improvement Act and the Riegle Community Development and Regulatory Improvement Act of 1994, requires the federal bank regulatory agencies to prescribe standards, by regulations or guidelines, relating to internal controls, information systems and internal audit systems, loan documentation, credit underwriting, interest rate risk exposure, asset growth, asset quality, earnings, stock valuation and compensation, fees and benefits and such other operational and managerial standards as the agencies deem appropriate. The federal bank regulatory agencies have adopted a set of guidelines prescribing safety and soundness standards under the Federal Deposit Insurance Corporation Improvement Act. The guidelines establish general standards relating to internal controls and information systems, internal audit systems, loan documentation, credit underwriting, interest rate exposure, asset growth and compensation, fees and benefits. In general, the guidelines require, among other things, appropriate systems and practices to identify and manage the risks and exposures specified in the guidelines. The guidelines prohibit excessive compensation as an unsafe and unsound practice and describe compensation as excessive when the amounts paid are unreasonable or disproportionate to the services performed by an executive officer, employee, director or principal shareholder. The federal banking agencies

determined that stock valuation standards were not appropriate. In addition, the agencies have adopted regulations that authorize, but do not require, an agency to order an institution that has been given notice by an agency that it is not satisfying any of such safety and soundness standards to submit a compliance plan. If, after being so notified, an institution fails to submit an acceptable compliance plan, the agency must issue an order directing action to correct the deficiency and may issue an order directing other actions of the

Table of Contents

types to which an undercapitalized institution is subject under the prompt corrective action provisions of the Federal Deposit Insurance Corporation Improvement Act. See Prompt Corrective Action above. If an institution fails to comply with such an order, the agency may seek to enforce such order in judicial proceedings and to impose civil money penalties.

Depositor Preference Statute

Federal law provides that deposits and certain claims for administrative expenses and employee compensation against an insured depository institution would be afforded a priority over other general unsecured claims against such an institution, including federal funds and letters of credit, in the liquidation or other resolution of such an institution by any receiver.

Gramm-Leach-Bliley Act

On November 12, 1999, legislation was enacted which allows bank holding companies to engage in a wider range of non-banking activities, including greater authority to engage in securities and insurance activities. Under the Gramm-Leach-Bliley Act, a bank holding company that elects to become a financial holding company may engage in any activity that the Federal Reserve Board, in consultation with the Secretary of the Treasury, determines by regulation or order is: (1) financial in nature; (2) incidental to any such financial activity; or (3) complementary to any such financial activity and does not pose a substantial risk to the safety or soundness of depository institutions or the financial system generally. The legislation makes significant changes in United States banking law, principally by repealing restrictive provisions of the 1933 Glass-Steagall Act. The legislation specifies certain activities that are deemed to be financial in nature, including lending, exchanging, transferring, investing for others, or safeguarding money or securities; underwriting and selling insurance; providing financial, investment or economic advisory services; underwriting, dealing in or making a market in, securities; and any activity currently permitted for bank holding companies by the Federal Reserve Board under Section 4(c)(8) of the Bank Holding Company Act. The legislation does not authorize banks or their affiliates to engage in commercial activities that are not financial in nature. A bank holding company may elect to be treated as a financial holding company only if all depository institution subsidiaries of the holding company are well-capitalized, well-managed and have at least a satisfactory rating under the Community Reinvestment Act. Synovus became a financial holding company in April 2000.

In addition to the Gramm-Leach-Bliley Act, there have been a number of legislative and regulatory proposals that would have an impact on bank/financial holding companies and their bank and nonbank subsidiaries. It is impossible to predict whether or in what form these proposals may be adopted in the future and if adopted, what their effect will be on Synovus.

LEGAL MATTERS

The validity of the Synovus common stock to be issued in connection with the merger will be passed upon by Kathleen Moates, Senior Vice President and Senior Deputy General Counsel of Synovus. As of the date of this document, the number of shares Ms. Moates owns or has the right to acquire upon exercise of her options is, in the aggregate, less than 0.1% of the outstanding shares of Synovus common stock. Powell Goldstein LLP will deliver its opinion to Synovus and BCOF as to certain United States federal income tax matters.

In consideration of their mutual promises and obligations hereunder, and intending to be legally bound hereby, Synovus and BCOF adopt the Plan and prescribe the terms and conditions hereof and the manner and basis of carrying it into effect, which shall be as follows:

I. THE MERGER

(A) **Structure of the Merger.** On the Effective Date (as defined in Article VII), BCOF will merge (the **Merger**) with and into Synovus, with Synovus being the surviving corporation (the **Surviving Corporation**) under the name Synovus Financial Corp. pursuant to the applicable provisions of the Georgia Business Corporation Code (**Georgia Act**) and the Florida Business Corporation Act (**Florida Act**). On the Effective Date, the articles of incorporation and bylaws of the Surviving Corporation shall be the articles of incorporation and bylaws of Synovus in effect immediately prior to the Effective Date.

(B) **Effect on Outstanding Shares.** By virtue of the Merger, automatically and without any action on the part of the holder thereof, each share of BCOF Stock issued and outstanding on the Effective Date, other than shares of BCOF Stock as to which dissenters' rights have been duly and validly exercised in accordance with the Florida Act, shall be converted into

and exchangeable for the right to receive 1.7697 shares of Synovus Common Stock (Per Share Exchange Ratio).

As of the Effective Date, each share of BCOF Stock held as treasury stock of BCOF shall be canceled, retired and cease to exist, and no payment shall be made in respect thereof.

No fractional shares of Synovus Common Stock shall be issued in connection with the Merger. Each holder of BCOF Stock who would otherwise have been entitled to receive a fraction of a share of Synovus Common Stock shall receive, in lieu thereof, cash (without interest) in an amount equal to such fractional part of a share of Synovus Common Stock multiplied by the closing price per share of Synovus Common Stock on the New York Stock Exchange (NYSE) on the last business day immediately preceding the Effective Date.

Each holder of BCOF Stock will be entitled to ten (10) votes for each share of Synovus Common Stock to be received by him/her on the Effective Date pursuant to a set of resolutions adopted by the Board of Directors of Synovus on October 19, 2005, in accordance with and subject to those certain Articles of Amendment to Synovus Articles of Incorporation, dated April 24, 1986. Synovus shall provide BCOF with certified copies of such resolutions prior to the Effective Date.

The shares of Synovus Common Stock issued and outstanding immediately prior to the Effective Date shall remain outstanding and unchanged after the Merger.

If, between the date of this Agreement and the Effective Date, the outstanding shares of Synovus Common Stock shall be increased, decreased, changed into or exchanged for a different number or class of shares by reason of any reorganization, reclassification, recapitalization, stock dividend, stock split, reverse stock split, or other like changes in Synovus capitalization, then an appropriate and proportionate adjustment shall be made to the Per Share Exchange Ratio so as to prevent the dilutive effect of such transaction on a percentage of ownership basis.

(C) **General Procedures.** Certificates which represent shares of BCOF Stock that are outstanding on the Effective Date (each, a Certificate) and are converted into shares of Synovus Common Stock pursuant to the Plan shall, after the Effective Date, be deemed to represent shares of the Synovus Common Stock into which such shares have become converted and shall be exchangeable by the holders thereof in the manner provided in the transmittal materials described below for new certificates representing the shares of Synovus Common Stock into which such shares have been converted.

As promptly as practicable after the Effective Date, Synovus shall send to each holder of record of shares of BCOF Stock outstanding on the Effective Date transmittal materials for use in exchanging the Certificates for such shares for certificates for shares of the Synovus Common Stock into which such shares of the BCOF Stock have been converted pursuant to the Plan. Upon surrender of a Certificate, duly endorsed as Synovus may require, the holder of such Certificate

shall be entitled to receive in exchange therefor the consideration set forth in paragraph (B) of Article I and such Certificate shall forthwith be canceled. No dividend or other distribution payable after the Effective Date with respect to the Synovus Common Stock shall be paid to the holder of any unsurrendered Certificate until the holder thereof surrenders such Certificate, at which time such holder shall receive all dividends and distributions, without interest thereon, previously withheld from such holder pursuant hereto. After the Effective Date, there shall be no transfers on the stock transfer books of BCOF of shares of BCOF Stock which were issued and outstanding on the Effective Date and converted pursuant to the provisions of the Plan. If after the Effective Date, Certificates are presented for transfer to BCOF, they shall be canceled and exchanged for the shares of Synovus Common Stock deliverable in respect thereof as determined in accordance with the provisions of paragraph (B) of Article I and in accordance with the procedures set forth in this paragraph. In the case of any lost, mislaid, stolen or destroyed Certificate, the holder thereof may be required, as a condition precedent to the delivery to such holder of the consideration described in paragraph (B) of Article I, to deliver to Synovus a bond in such sum as Synovus may direct as indemnity against any claim that may be made against the exchange agent, Synovus or BCOF with respect to the Certificate alleged to have been lost, mislaid, stolen or destroyed.

After the Effective Date, holders of BCOF Stock shall cease to be, and shall have no rights as, stockholders of BCOF, other than: (1) to receive shares of Synovus Common Stock into which such shares have been converted, fractional share payments pursuant to the Plan and any dividends or distributions with respect to such shares of Synovus Common Stock; or (2) the right to receive the value of such shares, in the case of any holder perfecting such holder's dissenters' rights in accordance with the Florida Act.

Notwithstanding the foregoing, neither Synovus nor BCOF nor any other person shall be liable to any former holder of shares of BCOF Stock for any amounts paid or property delivered in good faith to a public official pursuant to applicable abandoned property, escheat or similar laws.

(D) Options. On the Effective Date, each option granted by BCOF to purchase shares of BCOF Stock (each a BCOF Stock Option), whether vested or unvested, which is outstanding and unexercised immediately prior thereto, shall be assumed by Synovus and converted automatically into an option to purchase shares of Synovus Common Stock (each a Synovus Stock Option) in an amount and at an exercise price determined as provided below (and otherwise having the same duration and other terms as the original option):

- (1) The number of shares of Synovus Common Stock to be subject to the new option shall be equal to the product of the number of shares of BCOF Stock subject to the original option multiplied by the Per Share Exchange Ratio, provided that any fractional shares of Synovus Common Stock resulting from such multiplication shall be rounded down to the nearest whole share; and

- (2) The exercise price per share of Synovus Common Stock under the new option shall be equal to the exercise price per share of BCOF Stock under the original option divided by the Per Share Exchange Ratio, provided that such exercise price shall be rounded up to the nearest cent.

The adjustment provided herein with respect to any options which are incentive stock options (as defined in Section 422 of the Internal Revenue Code of 1986 (the Code)) shall be and is intended to be effected in a manner which is consistent with Section 424(a) of the Code.

Within thirty (30) days after the Effective Date, Synovus shall notify each holder of an option to purchase BCOF Stock of the assumption of such options by Synovus. Such notice will effect the revisions to the options, which shall be effective as of the Effective Date. No payment shall be made for fractional interests. From and after the date hereof, no additional options to purchase BCOF Stock shall be granted. Synovus shall take all corporate action necessary to reserve for issuance a sufficient number of shares of Synovus Common Stock for delivery upon exercise of the Synovus Stock Options. As soon as practicable after the Effective Date, Synovus shall file a registration statement on Form S-8 (or any successor or other appropriate forms) with respect to the shares of Synovus Common Stock subject to any Synovus Stock Options held by persons who are or were directors, officers or employees of BCOF.

(E) **Dissenting Shareholders.** Any holder of shares of BCOF Stock who perfects such holder's dissenters' rights in accordance with the Florida Act shall be entitled to receive from the Surviving Corporation the value of such shares in cash as determined pursuant to such provision of the Florida Act; provided, that no such payment shall be made to any dissenting shareholder unless and until such dissenting shareholder has complied with the applicable provisions of the Florida Act and surrendered to the Surviving Corporation the certificate or certificates representing the shares for which payment is being made. In the event that after the Effective Date a dissenting shareholder of BCOF fails to perfect, or effectively withdraws or loses, such holder's right to appraisal of and payment for such holder's shares, the Surviving Corporation shall issue and deliver the consideration to which such holder of shares of BCOF Stock is entitled under paragraph (B) of this Article I upon surrender by such holder of the certificate or certificates representing the shares of BCOF Stock held by such holder.

The certificates of Synovus Common Stock issued to affiliates of BCOF will bear an appropriate legend reflecting the foregoing;

(O) it will not directly or indirectly take any action or omit to take any action to cause any of its representations and warranties made in this Plan to become untrue;

(P) in the case of Synovus, it shall take no action which would cause the shareholders of BCOF to recognize gain or loss as a result of the Merger to the extent such shareholders would not otherwise recognize gain or loss as described in paragraph (A)(8) of Article V;

(Q) BCOF shall coordinate with Synovus the declaration of any dividends in respect of BCOF Stock and the record dates and payment dates relating thereto, it being the intention of the parties hereto that holders of BCOF Stock shall not receive two dividends, or fail to receive one dividend, for any single calendar quarter with respect to their shares of BCOF Stock and any shares of Synovus Common Stock any such holder receives in exchange therefor in the Merger;

currently owned by BCOF upon which BCOF is conducting a banking business, which assessment shall meet the standards of ASTM E1527-00 and shall include at a minimum a site history, on-site inspection, asbestos sampling of presumed asbestos containing material, evaluation of surrounding properties and soil tests if the results of the Phase I indicate a need therefor; and (b) a transaction screen that meets the standards of ASTM E 1528 for the property that BCOF leases, and in addition, BCOF agrees to conduct a Phase I assessment of the leased property if, in Synovus reasonable judgment, the transaction screen indicates potential environmental liabilities associated with the leased properties accruing to BCOF or BCOF's successor. Synovus has requested such inspection and testing in an effort to reasonably determine whether potential liabilities exist relating to Environmental Law. Delivery of the Phase I assessments and transaction screen satisfactory to Synovus is an express condition precedent to the consummation of the Merger. Within fifteen (15) days after receipt of these reports, Synovus shall notify BCOF in writing whether or not, in the reasonable judgment of Synovus, any potential liabilities identified in such reports could reasonably be expected to have or result in a Material Adverse Effect on BCOF. In the event that Synovus determines, in its reasonable judgment, any potential liabilities identified in such reports could reasonably be expected to have or result in a Material Adverse Effect on BCOF, such written notification shall include a statement by Synovus regarding whether or not it intends to terminate this Agreement based upon the results of such reports. The Parties agree that Synovus has given BCOF good and valuable consideration for its agreement to obtain and pay the cost of such inspection and testing, and Synovus shall be entitled to rely on same;

(S) prior to the Effective Date, BCOF shall purchase for, and on behalf of, its current and former officers and directors, extended coverage under the current directors' and officers' liability insurance policy maintained by BCOF to provide for continued coverage of such insurance for a period of four years following the Effective Date with respect to matters occurring prior to the Effective Date;

(T) (1) In the case of Synovus, subject to the conditions set forth in paragraph (T)(2) below, for a period of four (4) years after the Effective Date, Synovus shall indemnify, defend and hold harmless each person entitled to indemnification from BCOF and its Subsidiaries (each, an Indemnified Party) against all liabilities arising out of actions or omissions occurring at or prior to the Effective Date (including the transactions contemplated by this Agreement) to the fullest extent permitted under Florida law and by BCOF's and its Subsidiary's Articles of Incorporation and bylaws as in effect on the date hereof, including provisions relating to advances of expenses incurred in the defense of any litigation. Without limiting the foregoing, in any case in which approval by Synovus is required to effectuate any indemnification, Synovus shall direct, at the election of the Indemnified Party, that the determination of any such approval shall be made by independent counsel mutually agreed upon between Synovus and the Indemnified Party;

(2) Any Indemnified Party wishing to claim indemnification under paragraph (T)(1) above upon learning of any such liability or litigation, shall promptly notify Synovus thereof. In

the event of any such litigation (whether arising before or after the Effective Date), (a) Synovus shall have the right to assume the defense thereof, and Synovus shall not be liable to such Indemnified Parties for any legal expenses of other counsel or any other expenses subsequently incurred by such Indemnified Parties in connection with the defense thereof, except that if Synovus elects not to assume such defense or counsel for the Indemnified Parties advises that there are substantive issues which raise conflicts of interest between Synovus and the Indemnified Parties, the Indemnified Parties may retain counsel satisfactory to them, and Synovus shall pay all reasonable fees and expenses of such counsel for the Indemnified Parties promptly as statements therefor are received; provided, that Synovus shall be obligated pursuant to this paragraph (T)(2) to pay for only one firm of counsel for all Indemnified Parties in any jurisdiction, (b) the Indemnified Parties will cooperate in the defense of any such litigation, and (c) Synovus shall not be liable for any settlement effected without its prior written consent, which will not unreasonably be withheld; and provided further, that Synovus shall not have any obligation hereunder to any Indemnified Party when and if a court of competent jurisdiction shall determine, and such determination shall have become final, that the indemnification of such Indemnified Party in the manner contemplated hereby is prohibited by applicable law; and

(U) prior to the Effective Date, BCOF will use its best efforts to take all steps required to exempt the transactions contemplated by this Agreement from any applicable state anti-takeover law.
