Item 1.01 Entry into a Material Definitive Agreement.

On February 14, 2006, Renal Care Group, Inc. entered into an Asset Purchase Agreement (the Agreement) with Fresenius Medical Care Holdings, Inc. (Fresenius) and National Renal Institutes, Inc., a wholly-owned subsidiary of DSI Holding Company, Inc. (DSI), under which Renal Care Group and Fresenius agreed to sell the assets of approximately 100 dialysis clinics to DSI for an aggregate purchase price of \$457.5 million to be paid to Fresenius, on behalf of itself and Renal Care Group (the DSI Transaction). The Agreement is being entered into in connection with the United States Federal Trade Commission's (FTC) review of the combination of Renal Care Group and Fresenius Medical Care AG & Co. KGaA (the Fresenius Transaction), which is targeted for completion on or before March 31, 2006, subject to meeting all closing conditions including final approval by the FTC. The DSI Transaction is expected to close shortly after the completion of the Fresenius Transaction.

Consummation of the DSI Transaction is subject to customary conditions, including the absence of any order or injunction prohibiting the closing. In addition, each party's obligation to consummate the merger is subject to certain other conditions, including (i) the accuracy of the representations and warranties of the other party, (ii) the approval of the relevant state authorities for the transfer of the clinics (specifically with respect to those dialysis clinics located in Rhode Island and Illinois), (iii) the closing of the Fresenius Transaction, and (iv) compliance of the other party with its covenants contained in the Agreement. The Agreement permits substitutions of clinics under certain circumstances and provides for adjustments in the purchase price on account of those substitutions.

A copy of the press release dated February 15, 2006 announcing the execution of the Agreement is attached to this Current Report on Form 8-K as Exhibit 99.1 and incorporated herein by reference.
