Invesco Announces Common Stock Offering

Contact: Doug Kidd: 404 479 2922

Atlanta, May 18, 2009 - Invesco Ltd. (NYSE:IVZ) today announces it has commenced a registered public offering for \$400,000,000 of additional common shares. Invesco intends to use the net proceeds from the sale of the common shares for general corporate purposes, which may include, among other options, support for continued growth, new product initiatives and diversification of the company, and repayment of outstanding indebtedness.

Today's decision to add to Invesco's shareholder equity increases both Invesco's capital strength and balance sheet flexibility, said Martin L. Flanagan, Invesco President and CEO. We believe in this current market this action gives us greater ability to take advantage of numerous near-term opportunities.

The shares will be issued pursuant to a prospectus supplement filed as part of a shelf registration statement filed with the Securities and Exchange Commission on Form S-3. The company intends to grant the underwriters, Merrill Lynch & Co., Citi and Morgan Stanley, an option to purchase up to an additional 15% to cover over-allotments, if any.
