Item 2.05. Costs Associated with Exit or Disposal Activities.

This Current Report on Form 8-K amends the Current Report on Form 8-K filed by First Financial Bancorp. on March 14, 2005 (the Prior Report), by providing the following information called for by this Item 2.05. The Prior Report is incorporated herein by reference.

As previously announced in a press release dated March 14, 2005, and attached as Exhibit 99.1 to the Prior Report, First Financial Bancorp. adopted a new strategic plan which provides for the reorganization of the Company's operations under one banking charter and the consolidation of its non-client support functions. Consolidations of many of the Company's non-client support functions are underway, and others will take place through the rest of this year. Consolidations are expected to be completed by the first quarter of 2006. The pre-tax costs associated with the restructuring are estimated to be \$4.5 million or \$0.07 per share after tax. The majority of these costs will be recognized during the third and fourth quarters of 2005. Costs include \$2.9 million for charges associated with staff reductions, \$0.6 million in consulting and professional services, and \$1 million in conversion-related programming costs, customer notifications, and other consolidation-related costs.

A copy of a press release dated June 30, 2005, providing an update on the Company's new strategic plan is attached hereto as Exhibit 99.1

Item 8.01. Other Events

In addition to the estimated costs reported above, the Company expects to realize cost savings as a result of the operational consolidations. Pre-tax salary and benefit reductions are estimated to be between \$4.8 and \$5.2 million or \$0.07 and \$0.08 per share after tax and are expected to begin shortly after the consolidation to one banking charter occurs in the third quarter of 2005. The savings will be fully recognized by the second quarter of 2006. The Company will continue to pursue aggressively all opportunities for additional cost savings.

The cost savings estimates reported above are independent of a previously discussed branch rationalization process that will begin later in 2005.
